Attendees:

Renee Shute, Faculty of HSS

Marion Morgenstern, Academic Advising

Fahmida Ahmed, MUNSU

Ken Fowler, Counselling Centre

Michelle Honeygold, Admissions Office

1. Minutes from Apr. 11, 2022 meeting were approved.

2. Final admission for Indian applicants

The request to allow secondary school applicants from India to receive a final acceptance for Fall 2022 based on predicted grade 12 marks or predicted A/AS level scores due to the late release of final certificates this year was approved. The committee was assured that applicants that did not receive the final certificate requirements would have their acceptance revoked at the end of the semester. This would be a rare case, as most applicants from India have very strong grades. If there is any concern that an applicant may not meet the final admission requirements, they may be either declined admission or offered a deferral of their application to the Winter Semester to allow for the final results to be reviewed.
