1.0 New Business

Proposal – Request for all special admissions appeals to be referred to the Registrar and to consider changes to the process by which students appeal for special admission.

MOTION S. Sullivan/ R. Shute

RESOLVED that the proposal not be endorsed.

The Committee was receptive to updating the Calendar regulations regarding the special admission appeal process to ensure students are not faced with unnecessary barriers when applying to the University. However, the Committee felt that the request to delegate decision-making authority represented a significant departure from its primary mandate. The Committee believed that, as a standing committee of Senate, a change in mandate should originate from a Senate directive.
