## 72.4 Faculty of Humanities and Social Science

## ANTHROPOLOGY

On page 350 of the 2022-2023 University Calendar under section 16.1 Anthropology delete in its entirety the following courses:

“ANTH 2280 The City  
ANTH 2412 Threatened Peoples  
ANTH 2414 Indigenous Peoples of North America  
ANTH 3062 Anthropology in Social Policy-making  
ANTH 3240 Regional Studies: Contemporary Native Peoples of Canada  
ANTH 4030 Legal Anthropology  
ANTH 4089 Language and Social Change  
ANTH 4422 The Craft of Writing Anthropological Narrative  
ANTH 4450 Politics of Landscapes”

Insert the following new re-numbered courses as follows:

“**2417 The City** (same as the former Sociology 2280 and the former Anthropology 2280) examines urban life across space and time. Drawing from a variety of ethnographic contexts and theorizations of the city, we will explore the diverse ways in which people inhabit, experience, engage with, and imagine urban environments. Students will critically engage with a broad range of subjects, including how the built environment relates to social inequality, and more broadly what constitutes a city in the context of global flows and networks.  
CR: the former Sociology 2280 and the former Anthropology 2280”

“**2412 Discourses of Endangerment** gives students the conceptual and methodological tools to evaluate discourses of language and other forms of endangerment that trade in racist and colonial stereotypes such as “threatened peoples”. We examine the cultural, economic, and political determinants of endangerment, including legacies of colonialism, ethnolinguistic nationalism, and globalization. All sections of this course follow International Studies guidelines available at [www.mun.ca/hss/IS](http://www.mun.ca/hss/IS).”

“**2414 Critical Indigenous Studies** introduces key debates in Critical Indigenous Studies, asking what it means to identify as 'Indigenous' in a settler-colonial society like Canada; explores how the colonial experiences of First Nations, Métis, and Inuit differ from other Indigenous Peoples; and critically introduces major topics and issues facing the Indigenous communities of Turtle Island ('North America') through deep engagement with Indigenous scholarship. Special emphasis is placed on Indigenous knowledge and methodologies as an alternative to dominant settler worldviews.  
CR: the former ANTH 3281”

**“3062 Anthropology and Social Policy** approaches social policy anthropologically, with a view to defamiliarizing an organizing principle of contemporary societies that is often taken for granted. Following an introduction to the anthropology of policy subfield, the class will use case studies to explore how policy relates to power and ideology; and consider what anthropology can contribute to policy studies.”

**“3240: Regional Studies: Social Life of Stories in Indigenous Canada** introduces students to a diversity of oral traditions of First Nations, Inuit, and Métis. Students will learn to engage with stories to understand the different ways knowledge can be passed from generation to generation: how oral traditions challenge Western understandings of authenticity and authorship, evidentiality and truth, materiality and spirituality, and the past and the present.”

**“4030 Ethnography, Law, and Policy** examines the potential for anthropologists to elucidate and contribute to legal and policy processes ranging from human rights instruments and foreign policy to “mundane” institutional arrangements. Special attention will be given to the potential benefits and limits of using ethnography and para-ethnography to study and engage with policy and law.”

**“4089 Language in Social Life** examines the constitutive role of language in the formation of social categories and institutions. Through critical analysis of communication, students will investigate how personhood, identity, community, difference, space and time, meaning and organization of social life are made and unmade.”

**“4422 Writing Anthropology** asks what it means to write compelling anthropology. Open to senior students in any program, the seminar proceeds through attentive reading of sample ethnographic books and articles, anthropological essays, and experimental anthropological writing. In addition to interpretation and analysis, students will be given opportunities to try their own hands at writing anthropology.”

**“4450 Anthropology of Space and Place** offers an overview of anthropological approaches to space and place with an emphasis on the representations of physical and cultural landscapes and their meanings for humans. It also explores the spatial dimensions of culture and the cultural meanings of space and place.”

Insert the following new course:

**“ANTH 2409 Critical Reading and Writing: Classics in Anthropology** examines selected milestone books and essays in sociocultural anthropology.

Assignments and presentations based on attentive reading of classic anthropology texts will help students develop and refine their critical reading and writing skills. All sections of this course follow Critical Reading and Writing Course Guidelines available at [www.mun.ca/hss/crw](http://www.mun.ca/hss/crw).

CR: Anthropology 2410

PR: POSC 2800 or the instructor's permission”

### RELIGIOUS STUDIES

On page 394 of the 2022-2023 University Calendar under section 16.26 Religious Studies amend the following courses:

**“1606 Sanskrit Language Study I** (same as the former RELS 1060) is an introduction to the Sanskrit language, to the (Devanagari) alphabet, basic grammar and foundational vocabulary with a focus on developing skills needed to read and translate Sanskrit texts. All sections of this course follow the Language Study Course Guidelines available at [www.mun.ca/hss/lis](http://www.mun.ca/hss/lis).  
CR: the former RELS 1060 and 4905”

**“2606 Sanskrit Language Study II** (same as the former RELS 1061) is a continuation of Sanskrit Language Study I, while progressing to advanced grammatical forms and to reading passages from classical Sanskrit texts. On successful completion of this course, students will have the ability to consult Sanskrit texts for research purposes as well as to translate with support. All sections of this course follow the Language Study Course Guidelines available at [www.mun.ca/hss/lis](http://www.mun.ca/hss/lis).  
CR: the former RELS 1061 and 4906  
PR: RELS 1606, or the former RELS 1060, or permission of the instructor”

**“3606 Intermediate Studies in Sanskrit** (same as the former RELS 2905) moves beyond learning the fundamentals of Sanskrit grammar and into reading and translating prose and metric texts, with supports from print and online resources. PR: RELS 2606 or the former RELS 1061, or permission of the instructor”

**“4606 Advanced Studies in Sanskrit** develops reading and translation abilities in Sanskrit Epics, Puranas, Shastras, Tantras, and/or literary genres with supports from print and online resources. PR: RELS 3606 or permission of the instructor.”

On page 287 of the 2022-2023 University Calendar under section 8.5.4 Regulations for the Certificate in Ancient Languages amend Table 1 Approved Courses for the Certificate in Ancient Languages as follows:

On page 394 of the 2022-2023 University Calendar under section 16.26 Religious Studies amend the following courses:

**“RELS 2811 Contemporary Religious Movements** explores the development, beliefs, and practices of a variety of contemporary religious movements, including Wicca, Druidry, Heathenry, the Afro-Caribbean religion of Vodou, New Age, and UFO spiritual traditions.”

**“RELS 3811 Contemporary Spiritualism** is an in-depth examination of the religion of Spiritualism in historic and contemporary contexts. Students will study the origins, beliefs, practices, and reformist tendencies of Spiritualism from the 19<sup>th</sup> century to the present day. In particular, the suffragist and abolitionist emphasis of 19<sup>th</sup>-century Spiritualism and the influential role of Black Spiritualists in the development of the modern-day movement will be explored.”

**“RELS 2400** Buddhism examines the history of Buddhist traditions in Asia, with consideration of the major developments in Buddhist philosophy, institutions, and practices. These developments may include historical and modern forms of mindfulness, the rise of Buddhist nationalist movements, and the history of Engaged Buddhism.”

On page 230 of the 2022-2023 University Calendar under section 13.26 Religious Courses – Grenfell Campus, amend the following course:

## 72.5 Faculty of Science

### BIOCHEMISTRY

On page 531 of the 2022-2023 University Calendar under section 13.1 Biochemistry insert the following new courses:

“**HUBI 2003** Basics of Human Metabolism examines how we digest, absorb, and metabolize carbohydrates, fats, proteins, and micronutrients. Students will learn the processes involved in human metabolism including glycolysis, the citric acid cycle, amino acid metabolism, the pentose phosphate pathway, fatty acid metabolism, oxidative phosphorylation and ATP synthesis, and triacylglycerol synthesis and storage. These topics will be presented in the context of linking metabolism and health.  
CR: Biochemistry 3206, 3106, and Pharmacy 3111  
PR: Biology 1001”

“**HUBI 2004** Fundamental Molecular Biology will introduce the mechanisms by which genomic information is stored and expressed; and how expression is regulated. Topics will include nucleic acid structures, DNA replication, RNA

transcription and splicing, and how proteins are synthesised. Molecular biological techniques, their applications to biotechnology, and the implications for modern living will be discussed.

CR: Biochemistry 2100, 2200

PR: Biology 1001”

“**HUBI 3001** Lipids and Health covers core concepts of lipids and membranes, particularly as applied to human health and disease. Students will learn classification, structure, reactions, biosynthesis, and oxidation of lipids including, but not limited to fatty acids, cholesterol, phospholipids, and lipoproteins. Also covered is lipid digestion, absorption and storage, fat soluble vitamins, bile acids and steroid hormones, cell membranes and associated proteins, lipids and the blood-brain barrier, vesicular trafficking and an introduction to lipidomics.

PR: HUBI 2003 (or Biochemistry 3206 or 3106) or Pharmacy 3111”

“**HUBI 3002** Carbohydrates: Functions in Human Health and Disease covers concepts of carbohydrates and glycobiology, specifically, their role in sustaining life and maintaining health and preventing disease. Students will learn the classification, structure, function, reactions, biosynthesis, and oxidation of carbohydrates. Additional topics covered include carbohydrate digestion, absorption and storage, roles of vitamins and minerals in the metabolism of carbohydrates, the recognition of specific glycans by proteins, role of glycans in complex biological systems and glycolytic modifications of lipids, proteins, and nucleic acids.

PR: HUBI 2001 (or Biochemistry 2201 or 2101) or Pharmacy 2004 (or the former Pharmacy 3110), HUBI 2003 (or Biochemistry 3206 or 3106) or Pharmacy 3111”

“**HUBI 3003** Proteins and Health covers core concepts of amino acids and proteins with a particular focus on their relationship to human health and disease. Students will learn about dietary proteins as sources of amino acids, amino acid requirements, synthesis, structure and function, body protein synthesis, trafficking, translation, post-translational modifications, and interactions with other proteins, lipids, carbohydrates, nucleic acids and drugs. The course includes protein methodology such as structure determination and prediction, immunohistochemistry, bioinformatics and computational modelling.

PR: HUBI 2001 (or Biochemistry 2201 or 2101) or Pharmacy 2004 (or the former Pharmacy 3110), HUBI 2003 (or Biochemistry 3206 or 3106) or Pharmacy 3111”

“**HUBI 3004** Cellular Signaling provides a comprehensive overview of how cellular function adapts to changes in the environment, how this relates to human disease, and examples of how nutrients, therapeutic and illicit drugs, and Indigenous medicines interact with signaling cascades. The impact of intracellular signaling on survival, differentiation, and other cellular outputs will be covered. This includes, but is not limited to, mineral and vitamin signaling, cytokine and chemokine signaling, gaseous signaling molecules, cyclin-dependent kinases, and receptor signaling pathways.

PR: HUBI 2001 (or Biochemistry 2201 or 2101) or Pharmacy 2004 (or the former Pharmacy 3110), HUBI 2002 (or Biochemistry 2600 or Human Kinetics 2600)  
CR: Biochemistry 3108”

“**HUBI 3005** Environment-Health Interactions will provide a comprehensive overview of the effects and interactions of major environmental factors with human health. Students will learn how exogenous compounds such as food additives, allergens, drugs, toxicants, as well as probiotics, prebiotics and microbiomes interact with and affect human cellular homeostasis. Impacts of food sustainability, food policy, food ecosystems, digital literacy, and lifestyle on populations including Indigenous communities will be discussed.

PR: HUBI 2002 (or Biochemistry 2600 or Human Kinetics and Recreation 2600)”

“**HUBI 4101** Regulation of Metabolism is an advanced metabolism course covering the regulation of human metabolism. The course emphasis is on the regulation and integration of metabolism across various cells and tissues in states of nutrient excess and deprivation. Topics covered include citric acid cycle, urea cycle, hormonal regulations, cellular glucose sensing, glycogen, lipid and amino acid metabolism, and regulation of oxidative phosphorylation. Additional topics include metabolic flexibility, minor molecules with important impacts on metabolism and metabolic diseases.

PR: HUBI 2003 (or Biochemistry 3206 or 3106)

CR: Biochemistry 3206 or 3106, or Pharmacy 3111”

“**HUBI 4800** Human Biosciences Capstone is a seminar course in which faculty instructors and students will meet to discuss concepts and methods related to the study of human health. Students will have the opportunity to read and critique current literature, discuss the literature with peers, and work with a faculty mentor to design a research protocol relevant human bioscience.

PR: Restricted to Human Biosciences major and honours students with at least 60 credits hours in courses.”

## BIOLOGY

On page 533 of the 2022-2023 University Calendar under section 13.2 Biology insert the following new course:

“**4720 Coral and Coral Reefs** Is an advanced course in the science and management of corals and coral reefs, including cold-water corals. Topics include basic coral biology, coral reef geomorphology, optical and acoustic remote sensing of corals and reefs, reef fish and fisheries, reefs and climate change, pollution effects on corals and coral reefs, reef conservation, and the social, cultural and economic aspects of reef management.

PR: two of BIOL 2600, 3650, 3709, 3710, 3711, or 3714, or permission of instructor.

**“3711 Principles of Marine Biology** (same as Biology 3711) is an introductory course in biology of the oceans. Introduces students to marine habitats and the organisms that inhabit them, emphasizing functional morphology, physiology, biodiversity, phylogeny, and ecology. Also includes introduction to marine biogeography, conservation, fisheries and pollution.

CR: Biology 3711

LC: either three hours of lecture and three hours of laboratory per week or a two-week field course that embodies equivalent instructional time

LH: either three hours of lecture and three hours of laboratory per week or a two-week field course that embodies equivalent instructional time

PR: Science 1807 and Science 1808; Biology 2122, Biology 2600”

**“3714 Estuarine Fish Ecology Field Course** (same as Biology 3714) examines community structure, function and distribution of northern coastal fishes in fjords and estuarine environments. Emphasis on sampling, field techniques, taxonomy, quantitative characterization, adaptations and habitat relationships. A comparative approach will contrast fish communities from other areas. To be held as a two week field course.

CR: Biology 3714

PR: Science 1807 and Science 1808; Biology 2600”

**“3715 Ecology and Evolution of Fishes** (same as Biology 3715) examines the evolutionary history and ecology of the world’s fishes, with particular emphasis on those of ecological, economical and cultural importance to Eastern Canada. Topics will include taxonomy, life histories, behaviour, zoogeography, evolutionary ecology, population biology, contemporary evolution, and conservation biology.

**“4651 Conservation Biology II: Conservation in Practice**

(same as Biology 4651) teaches non-academic skills beneficial to anyone considering a career in conservation. Topics will be covered through a series of modules, including science communication, Geographic Information Systems, quantitative skills, interactions with government, ENGOs and museum, working with Indigenous partnerships, and the interface between science and society.

PR: Biology 2900, 3295 and one of Biology 3650 or GEOG 3650

CR: Biology 4651”

On page 533 of the 2022-2023 University Calendar under section 13.2 Biology amend the course to read as follows:

**“BIOL 3710 Laboratory Methods in Biological Oceanography** (same as Ocean Sciences 3710) uses a practical laboratory-based approach to investigate interactions between marine life and their ocean environment and is intended for students of biology and ocean science. Both experimental and computer-based modelling labs will cover topics such as historical and modern approaches for investigating planktonic life, life in and near the seafloor, and life in the sea surface microlayer.

CR: Ocean Sciences 3710

PR: Science 1807 and Science 1808; Ocean Sciences 2000”

On page 491 of the 2022-2023 University Calendar under section 10.1.13.2 Program of Study amend Clause 8 and 9 to read as follows:

“8. Biology 1001, 1002, 2060, 2122, 2250 (or Biochemistry 2100), 2600, 2900, 3710 and 3711;

9. Ocean Sciences 1000, 2000, 2001, 2100, and at least one of 2500 or 4500 (or Biology 4710);”

Under section 10.2.21 Marine Biology Joint Honours amend to read as follows:

“The program ... Ocean Sciences 2000, 2001, 2100 and 2300 and obtained in these courses a grade of "B" or better, or an average of 75% or higher. Selection is based on academic performance in the required courses.

#### MATHEMATICS AND STATISTICS

On page 550 of the 2022-2023 University Calendar under section 13.8.2 Statistics Courses insert the following new courses:

“**1500 Introduction to Data Science** aims to teach fundamentals of data science. Emphasis will be placed on data visualization, data wrangling and summarizing data, statistical estimation and testing, regression modeling, supervised and unsupervised statistical learning. Standard data science software will be used to demonstrate the techniques.

PR: 3 credit hours in Mathematics or Statistics courses, or a combination of placement test and high school Mathematics scores acceptable to the Department”

“**4504 Biostatistics** provides an overview of statistical principles and methods in epidemiology. Emphasis will be placed on study designs, measures of risk and disease-exposure association, inference for measures of association, confounding, causal inference, analysis of binary responses, count, and time-to-event.

PR: STAT 2550 and STAT 3411”

On page 547 of the 2022-2023 University Calendar under section 13.8 Mathematics Courses amend the following course:

“**2260 Ordinary Differential Equations I** introduces first and second order differential equations, systems of first order differential equations and Laplace transforms. These will be studied with both analytic techniques as well as using a computer algebra system to generate symbolic and numerical solutions. Applications include oscillatory motion and population and epidemic models.

**CR:** the former MATH 3260

**PR:** MATH 2000”

On page 224 of the 2022-2023 University Calendar under section 13.21 Mathematics and Statistics, amend the following course:

“**2260 Ordinary Differential Equations I** introduces first and second order differential equations, systems of first order differential equations and Laplace transforms. These will be studied with both analytic techniques as well as using a

### EARTH SCIENCE

On page 545 of the 2022-2023 University Calendar under section 13.5.4 Fourth Year amend the following course:

“**EASC 4171** Seismic Methods examines techniques involved in the acquisition, processing and interpretation of seismic data. Introduction to elastic properties of rocks; introduction to processing and interpretation techniques for imaging and characterization of subsurface properties from reservoir to global scale. This course has a laboratory component to provide hands-on experience with data processing and interpretation.

LH: 3

PR : EASC 4179, 3170”

“**EASC 4173** Advanced Electrical, Electromagnetic and Potential Field Methods examines the theory and application of these applied geophysics techniques. Topics include: gravitational and magnetic fields due to distributions of density and magnetization; potential theory, and processing techniques derived from this theory; conservation of charge, Ohm's law and Maxwell's equations for electric and electromagnetic fields in the Earth's subsurface. This course has a laboratory component during which students apply computer modelling and interpretation methods to real-life examples.

LH: 3

PR: EASC 4179; non-majors who have completed Mathematics 3202 may enroll with permission from the instructor”

“**EASC 4179** Signal Processing in Geophysics is an ...spectral analysis, and two-dimensional signal processing, with emphasis on geophysical applications. This course includes a lab component where students implement and apply various techniques to geophysical data.

LH: 3

PR: EASC 3170, 3172, 3179, and Physics 2820; Non-majors may replace EASC 3179 with Mathematics 3202; Non-majors may replace Physics 2820 with 3 credit hours in Computer Science.”

Insert the following new course :

“**EASC 2100** Subsurface Geoscience for Environmental and Humanitarian Challenges introduces students to subsurface methods that can be used for environmental and humanitarian applications such as sourcing the green economy, storing excess carbon, monitoring water resources, documenting past

events in human history, tracking present-day military activity, improving urban planning, ensuring integrity of power grids, and terra-forming other planets. Challenges will be addressed through an overview of the relevant subsurface methods (seismic, gravity, magnetics, ground penetrating radar) and their real-world application.

PR: EASC 1000 with a grade of at least 55%”

## PHYSICS

On page 552 of the 2022-2023 University Calendar under section 13.10 Physics and Physical Oceanography amend the following course :

“**2750 Modern Physics** ... which play a key role in modern electronics. Atomic and nuclear structure, and elementary particles are also described.

CO: Mathematics 1001; PHYS 1051

LH: 3...”

## CHEMISTRY

On page 537 of the 2022-2023 University Calendar under section 13.3 Chemistry insert the following course:

“**4432 C-H Functionalization** explores the fundamental concepts and modern methodological advancements in C–H functionalization research with an emphasis on metal catalyzed/mediated processes, radical chemistry, and photocatalysis in synthetic chemistry. This course will include (but is not limited to): catalytic cycles, historically relevant research findings, new synthetic approaches, mechanistic observations/understandings, and applications of the described synthetic processes.

PR: CHEM 3411”

## OCEAN SCIENCES

On page 491 of the 2022-2023 University Calendar under section 10.1.13.2 Program of Study amend Clause 9 to read as follows:

“Students pursuing....

**“2000 Introductory Biological Oceanography ...**

PR: OCSC 1000 and another 1000-level course in one of Biology, Chemistry, Earth Sciences or Physics (or Biology 1001 and 1002)”

Insert the following new courses:

**“4700 Hot Topics in Oceanography** focuses on areas of study of heightened current interest to both oceanographers and the public. Examples include changes in ocean conditions under global warming and degradation of the marine environment by polluting plastics. This course provides students with current information on a Hot Topic and prepares them for public speaking. Students are encouraged to think about relevant issues from both a scientific and societal perspective.

LH: 3

PR: OCSC 1000 and a minimum of 3 credit hours at the 3000 level in any Science course”

**“4600 Crustacean Biology** (same as Biology 4600) is designed to give students exposure to all aspects of crustacean biology including, but not limited to classification, anatomy and morphology, physiology, behaviour, fisheries and aquaculture. The lectures are combined with interactive activities where students can look at representative specimens, learn through dissection and simple behavioural experiments.

CR: Biology 4600

LH: 3

PR: OCSC 2000; Biology 2122 and 2600”

**“4602 Reproductive Strategies of Marine Animals** explores the principles and tactics of reproduction in an evolutionary ecology context, with an emphasis on adaptations to the marine environment. It focuses on the behavioural, ecological and life-history means by which marine animals maximize their lifetime reproductive success. The course covers such topics as sex determination, hermaphroditism, sex ratio, reproductive allocation, mating systems, sexual selection, sexual dimorphism, and parental investment. Various reproductive strategies are exemplified in the major groups of marine animals.

LH: 3

PR: OCSC 1000, Biology 2600 and 2900”

**“4603 Immunobiology of Aquatic Organisms** provides an overview of immunology of aquatic organisms. The focus is on comparative immunology, immune response to infections and environmental stressors (e.g. temperature, pollutants), and vaccinology of commercially cultured fish species. This course also covers topics related to the origin of adaptive immunity, antigen recognition and antibody diversity, memory immune response, and vaccine development. Lab visits and mini-labs are part of this course.

## COMPUTER SCIENCE

On page 539 of the 2022-2023 University Calendar under section 13.4 Computer Science insert the following new course:

**“499A and 499B Honours Research in Computer Science** are consecutive linked courses, based on independent study of an approved topic in Computer Science. The topic is chosen in consultation with a Faculty Advisor. The research project and type of work required from the student will depend on the project and can involve literature review; developing methodologies; collecting, analyzing and presenting data; writing code; interpreting results and determining the significance of findings. Deliverables include a dissertation proposal, formal written report and a departmental presentation.

CH: 6

PR: admission to the Honours Program”

Amend the following courses:

**“1001 Introduction to Programming** covers fundamental programming concepts and introduces object-oriented programming using Python. Students learn how to use primitive data types, and create and use fundamental data structures. They learn problem solving techniques, and apply them by designing and implementing algorithms, including search and sort, and simple recursive functions. They learn how to use control constructs and implement file and exception handling.

Delete in its entirety section 3.1 Health Statement and replace with new section 3.1 Academic and Professional Ethics as follows:

“The School of Music espouses the highest standards of academic and professional ethics and conduct. Ethical behaviour encompasses integrity, respect, and professionalism, and also means that students will take responsibility for their learning and pursue academic goals in an honest and engaged manner.

In addition to meeting the Student Code of Conduct, students must meet the guidelines for academic and professional ethics and conduct outlined in the document *Professionalism in Music Practice*, available through the School of Music.

This expectation of professional conduct applies to students throughout their period of enrolment in School of Music programs, in all learning and professional settings (classes, rehearsals, coachings, internships, fieldwork, work placements, conferences, etc.). These expectations apply to behaviours in structured learning, professional, or public settings whether in-person or through various communication media and/or social media platforms.”

Under section 5.7 Admission Requirements to Minor Program amend as follows:

- “1. The Interdisciplinary Minor ... The signature of the department head is required in order to declare either of these minors.
2. Students ...
3. Students wishing to be considered for admission to the Interdisciplinary Minor in Music and Culture must complete one of the following courses with a minimum final grade of at least 65%: Music 1105, 1107, 2011, 2012, 2013, or 2014.
4. A student is strongly advised to consult with an advisor at the School of Music before making a declaration of the intended Minor.”

Under section 6.13.1 The Curriculum amend Clause 1 (c) to read as follows:

“...

- c. The adjustments to the normal curriculum will only be permitted for students who are graduating with the Bachelor of Bachelor of Music and the Bachelor of Commerce degrees at the same convocation. In order to meet

all of the requirements of both degree programs at the same time, students who are completing the joint degrees are strongly advised to follow **Table 1 Joint Degrees of Bachelor of Music with a Major in General Musical Studies and Bachelor of Commerce**, **Table 2 Joint Degrees of Bachelor of Music with a Major in Composition and Bachelor of Commerce**, or **Table 3 Joint Degrees of Bachelor of Music with a Major in Performance and Bachelor of Commerce**, as appropriate.”

Delete in its entirety Clause 2 of 6.13.1 The Curriculum.

On page 435 of the 2022-2023 University Calendar insert new section 7.1 Academic Standards and Continuance in the Joint Degrees of Bachelor of Music and Bachelor of Commerce as follows:

**“7.1 Academic Standards and Continuance in the Joint Degrees of Bachelor of Music and Bachelor of Commerce**

1. Students in the Joint Degrees program must meet the **Academic Standards and Continuance Regulations in the Bachelor of Music** program and the **Continuance Regulations for the Bachelor of Commerce** program.
2. Students in the Joint Degrees program must also attain an average of at least 65% on the 30 credit hours that comprise **Business One** as outlined in **Table 6 Program of Study for the Bachelor of Commerce Component of the Joint Degrees of Bachelor of Commerce and Bachelor of Music** at the time they complete those 30 credit hours.
3. Should a student in the Joint Degrees program be required to withdraw from the Bachelor of Music program for any reason, their program would be converted to the Bachelor of Commerce. A student in this position is advised to seek academic advice from the Faculty of Business Administration.”

On page 425 of the 2022-2023 University Calendar under section 6.2 Core Program Requirements amend as follows:

- “...  
8. No more than 3 credit hours from the Music 2021-2023 series may be applied toward the Bachelor of Music Degree.  
9. The remaining credit hours for the degree are determined according to the student’s Major, as below.”

Under section 6.3 Major in Composition amend Clause 4 to read as follows:

Under section 43.1.1 Program of Study amend Clause 1 and 7 to read as follows:

- “1. The Ph.D. in Anthropology is offered in social and cultural anthropology and is open to any geographic/regional specialization.

7. The Ph.D. Comprehensive Examination shall be administered in accordance with **General Regulations, Comprehensive Examinations**. Comprehensive examination normally includes one exam on a particular field of anthropological theory; one on the student’s regional specialization; and one on the student’s topical specialization. Each will take the form of a written essay based on a reading list that will be compiled by the student in consultation with their

Comprehensive Examination Committee. Preliminary reading lists must be submitted for approval in May of the student's first year. These are followed by final reading lists in November of the student's second year and final exam papers in February of the second year."

## MASTER OF EMPLOYMENT RELATIONS

On page 652 of the 2022-2023 University Calendar under section 17 Regulations Governing the Degree of Master of Employment Relations amend to read as follows:

"The Master ...

The M.E.R. program is offered by full-time or part-time study and involves 36 credit hours of course work.. Full-time students are expected to complete all program requirements within two years. The following regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland."

## PHILOSOPHY

On page 676 of the 2022-2023 University Calendar under section 29.8 Humanities delete in its entirety and replace with the following:

### **"29.8 Humanities**

The Master of Philosophy in Humanities is an interdisciplinary program that provides students with the opportunity to engage with specific questions, problems and concepts from multiple disciplinary standpoints. Students learn how to navigate disciplines and how disciplines tackle similar research problems in different ways. They learn how research questions and answers may be shaped by specific disciplinary presuppositions, and how interdisciplinary research can bring methods from one discipline to objects of study from another. Students build concrete skills in multidisciplinary reading, research and writing. The program is based on the interaction of a group of students with diverse backgrounds and

interests studying a common core of texts in a shared set of courses. The program of study is designed for students with a Bachelor's Degree (or equivalent) from any discipline, though students will usually have a background in one or more humanities disciplines.

### **Master of Philosophy**

In addition to meeting these regulations students must also meet the General Regulations Governing the Degree of Master of Philosophy.

#### **29.8.1 Qualifications for Admission**

1. Admission is limited and competitive. To be considered for admission an applicant will normally hold a Bachelor's Degree (or equivalent) from an institution recognized by the Senate, and will have a breadth of knowledge in one or more disciplines satisfactory to the Program Director and to the Dean of Humanities and Social Sciences.

2. Applicants who do not hold a Bachelor's Degree (or equivalent) with sufficient standing or breadth of knowledge in a Humanities discipline will be required to complete, prior to admission, a number of undergraduate courses, the nature and number of which will be determined on the basis of the applicant's undergraduate record by the Program Director. Students will be required to complete such designated pre-admission courses with a minimum overall average of 75%.

#### **29.8.2 Administration**

1. The program is administered by a Program Director with the support and guidance of a Program Advisory Committee on behalf of the Faculty of Humanities and Social Sciences. The program draws on scholarly participation from faculty members wishing to participate, regardless of Department or Faculty affiliation.

2. The Program Director will make recommendations to the Dean of Graduate Studies and the Dean of Humanities and Social Sciences (as appropriate) concerning admission, financial support for students, student progress through the program, program administration and all other matters relevant to the program.

3. Responsibility for the allocation of teaching and the support of related research will be managed by agreement between the Deans of the relevant Faculties, the Heads of Departments of participating faculty members, and the Program Director, in consultation with the Dean of Graduate Studies.

#### **29.8.3 Program of Study**

1. Every student shall complete 18 credit hours in 6 of the regulation courses listed below. In addition, every student shall complete 6 credit hours in courses from other graduate programs in this University. Courses should be relevant to the student's area of study and research. Course selections must be approved by the Program Director. Enrollment in courses offered by other programs requires the permission of the departments involved.
2. With permission of the Program Director, a student may elect to substitute up to two of the regulation courses with courses from other graduate programs in this University. Neither 6000 nor 6041 may be substituted. Attendance in the courses of other programs requires the permission of the departments involved (see also School of Graduate Studies General Regulation Program Requirements, Transfer of Course Credits).
3. In the second year of the program, students are required to complete a major research project. The project should be interdisciplinary in nature and aimed at linking theoretical and practical knowledge by recognizing and articulating a problem from multiple disciplinary vantage points. The project may take the form of a traditional written analysis, but it may also incorporate an alternative mode of academic expression (e.g., a film or video; a website; a manual, guidebook, or other learning resource; digital, audio, or video files, etc.). Regardless of the form that the project takes, there must be a written component. The project should also include a theoretical basis and justification for the project rooted in secondary literature usually drawn from multiple humanities disciplines. The length of the written portion of the project should be 10,000-15,000 words. Papers and/or projects completed during courses may be incorporated into the major research project, but shall not, of themselves, constitute the entire research project.
4. Each student in the program will be further supported by a tutor-supervisor. The tutor-supervisor provides the student with academic advice on research papers for the major research project as well as term papers. The choice of tutor-supervisor must be approved by the Program Director.

#### **29.8.4 Comprehensive Examination**

1. Each student must pass a comprehensive examination based on their research project. The successful completion of the comprehensive examination is the final academic requirement for the Master of Philosophy Degree.
2. The student, the tutor-supervisor and the Program Director will normally agree when the student may sit the comprehensive examination. However, the Program Director must accede to the student's request to sit a comprehensive examination, except that in no circumstances may a student attempt the general comprehensive examination before the student's course program is completed.

3. The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Program Director. The Committee shall normally consist of three members: a chair and two examiners. The examination will be chaired by the Program Director or a member of the Program Advisory Committee. In addition, the student's tutor-supervisor may be invited to join the Committee as a non-voting member. The student shall be informed of the names of the committee before the examination.

4. The schedule for the examination shall be agreed by the student, the tutor-supervisor, and the Examining Committee, and shall be communicated by the Dean of Graduate Studies.

5. The examination shall be from one to three hours in length, shall be conducted by the Examining Committee, and shall be open only to the Examination Committee and to academic members of the Departments concerned.

#### 74.3 MASTER OF MARINE STUDIES (MARINE SPATIAL PLANNING AND MANAGEMENT)

On page 667 of the 2022-2023 University Calendar under section 25.3 Master of Marine Studies (Marine Spatial Planning and Management) amend the following:

“Successful completion of the program includes either (1) 30 credit hours of course work and an Internship, (2) 30 credit hours of course work and a Research Project, or (3) 36 credit hours of course work.”

Under section 25.3.2 Program of Study amend as follows:

1. “This program is an online program.
2. Students in the Master of Marine Studies (Marine Spatial Planning and Management) are required to complete either:
  - a) 30 credit hours of course work and an **Internship (MSTM 6019)**
    - i. Course work includes 7 **Core Courses** (21 credit hours) completed online, as well as 3 elective courses (9 credit hours).
    - ii. Students will choose one of two options for elective course selection:  
two **Category A Electives** plus one **Category B Elective**; or two **Category B Electives** plus one **Category A Elective**.
  - b) 30 credit hours of course work and a **Research Project**

#### 74.4 FACULTY OF MEDICINE

On page 704 of the 2022-2023 University Calendar under section 38 Regulations Governing the Degree of Master of Science in Medicine amend as follows:

“The Faculty of Medicine offers the degree of Master of Science in Medicine in eight program areas: Applied Health Services Research, Bioscience of Health and Disease, Cardiovascular and Renal Sciences, Clinical Epidemiology, Community Health, Human Genetics and Genomics, Immunology and Infectious Diseases, and Neurosciences. ...”

Under section 38.1.3.2 Cancer and Development amend as follows and rename section to read as follows:

### **“38.1.3.2 Bioscience of Health and Disease**

The graduate program in Bioscience of Health and Disease offers study in fundamental cell and molecular biological areas including cancer biology and genomics, cellular growth and differentiation mechanisms, developmental biology, skeletal biology, stem cell biology, visual science and, biomedical imaging and spectroscopy.

#### **1. Qualifications for Admission**

The admission requirements are as given under the [General Regulations](#) governing Master's degrees. All courses in the program have as a prerequisite, successful completion of an undergraduate degree

#### **2. Program Requirements**

All M.Sc. students are required to attend, for credit, and participate in the Bioscience of Health and Disease Seminar Series (MED 6400, 6401, 6402, and 6403). One other graduate course (chosen from MED 6578, 6579, 6580, 6590, or 6591) is required for M.Sc. Medicine students although other courses may also be required in individual cases.”

Under section 38.1.3.6 Human Genetics and Genomics amend as follows:

#### **1. “Program Requirements**

1. Students ..., and Current Approaches to Biomedical Research (MED 6591). Course selection for each student is determined by the supervisory committee in consultation with the student and is based on the area of study and past course credits.”

On page 744 of the 2022-2023 University Calendar under section 43.29 Medicine amend as follows:

“The Faculty of Medicine offers the degree of Doctor of Philosophy in seven program areas: Bioscience of Health and Disease, Cardiovascular ...”

Under section 43.29.2.1 Program Areas amend as follows:

“1. Bioscience of Health and Disease

- a) The graduate program in Bioscience of Health and Disease offers study in fundamental cell and molecular biological areas including cancer biology and genomics, cellular growth and differentiation mechanisms, developmental biology, skeletal biology, stem cell biology, visual science and, biomedical imaging and spectroscopy.
- b) Program Requirements: Students are required to participate in the Bioscience of Health and Disease Ph.D. Seminar Series (MED 6410, 6411, 6412, and 6413). Other courses may be recommended for individual programs of study.”

On page 707 of the 2022-2023 University Calendar under section 38.2.3 Graduate Courses amend as follows:

#### 74.5 MASTER OF APPLIED LITERARY ARTS

On page 574 of the 2022-2023 University Calendar amend the following regulations for the Master of Applied Literary Arts as follows:

##### XX.4 Program of Study

1. Students in the Master of applied literary arts program shall be required to complete a minimum of either:
  - a. **Research Project Option:** fifteen credit hours of course work, a major project and report (ALA 6501), and an internship (ALA 6500) supervised by the faculty supervising their major research project. Course work includes two required core courses (ALA 6100 and 6101), and three elective courses.
  - b. **Thesis Option:** fifteen credit hours of course work, a thesis (12 credit hours), and an internship (ALA 6500) supervised by the faculty supervising their thesis. Course work includes two core courses (ALA 6100 and 6101) and three elective courses.
2. English elective courses will be offered once in a three-year period and elective courses offered by faculty in other disciplines will be offered more regularly.
3. The Major Research Project or Thesis will be supervised by one of the professors in English or a professor in a cognate discipline in most cases teaching a course or courses in the Master of Applied Literary Arts. In some cases, the student will also work with a community partner. This must be completed in the last term of study but shall commence at the beginning of the program of study.

##### XX.6 Courses

ALA 6100 Arts Management  
ALA 6101 Literary Production  
ALA 6102 Literary Adaptations  
ALA 6103 Anthology Building

ALA 6104 Children's Literature and Market Politics  
ALA 6105 Fan Cultures and Fan Studies  
ALA 6106 Film in Theory, Film in Practice  
ALA 6107 Documentary Film: Theory and Practice

**REGULAR AGENDA**

76. Report of the Committee on Undergraduate Studies

76.1 SCHOOL OF SCIENCE AND THE ENVIRONMENT

On page 204 of the 2022-2023 insert new program as follows:

**"8.11 Honours in Mathematics (B.Sc.)**

The Honours Bachelor of Science degree in Mathematics offers a greater concentration in mathematics and also requires a higher level of academic achievement than is required for the completion of a general degree. The Honours degree in Mathematics at Grenfell Campus is a 120 credit hour program normally requiring a minimum of four years for completion (see Honours Degrees).

### **8.11.1 Course Requirements for Honours in Mathematics (B.Sc.)**

Students must meet the General Regulations for the Grenfell Campus Bachelor of Science degree. Students must also successfully complete:

1. Mathematics 1000, 1001, 2000, 2050, 2051, 2130, 2260, 2320, 3000, 3132, 3202, 3320.
2. Mathematics 3210 or Physics 3820.
3. 9 credit hours chosen from Mathematics 4191, 4242, 4251, 4305, 4343, or 4345
4. Statistics 2550 or equivalent
5. 3 credit hours in Physics chosen from Physics 1020, 1050, 2151, or 2400
6. 18 further credit hours in Mathematics and Statistics at the 3000 level or higher, including 9 credit hours at the 4000 level
7. 3 credit hours in a computer programming course. Computer Science 1001 is recommended.
8. A two-semester honours project, Mathematics 495A/B.

In order to be considered for graduation with an Honours degree, the candidate must satisfy the regulations regarding Academic Standing as specified under Honours Degrees.

### **8.11.2 Honours Thesis for Honours in Mathematics (B.Sc.)**

The Honours project sequence Mathematics 495A/B involves the production of an Honours thesis. This thesis will be evaluated by the thesis supervisor and an additional faculty member selected by mutual consent of the candidate and the supervisor.”

On page 197 of the 2022-2023 University Calendar under section 7.5.2 Bachelor of Science with Major in Computational Mathematics amend as follows:

#### **“7.5.2 Bachelor of Science with Major in Mathematics**

This Mathematics Major covers the essential undergraduate topics in mathematics, develops rigorous logical thinking, and equips students with computational techniques to model and solve real-world problems. Courses used to complete the requirements of this major may be used to meet the requirements of a minor or second major in a different subject area excluding a minor in Science and a major in General Science.

- The 120-credit hour, 40 course program may be completed on a full or part-time basis as set out under **Table 5 Bachelor of Science with Major in Mathematics**.
- A student must complete Core Program Requirements as outlined under **Grenfell Campus Core Program Requirements**.
- A student must complete an approved concentration of courses known as a Major and elective course to make up the required total of 40 courses, 120 credit hours. A Minor is not required for this program.

**Table 5 Bachelor of Science with Major in Mathematics**

<b>Required Courses</b>	<b>Elective Courses</b>
Courses as outlined under the School of Science and the Environment Core Program Requirements.	Elective courses to make up the total of 120 credit hours.
<ul style="list-style-type: none"> <li>• 3 credit hours in computer programming course. Computer Science 1510 or 1001 is recommended.</li> <li>• Mathematics 1000, 1001, 2000, 2050, 2051, 2130, 2260, 2320, 3000</li> <li>• Mathematics 3132 or 3320</li> <li>• 6 credit hours chosen from Mathematics 4191, 4242, 4251, 4305, 4343, or 4345</li> <li>• 3 credit hours in Physics chosen from Physics 1020, 1050, 2151, or 2400</li> <li>• Statistics 2500 (or equivalent)</li> <li>• 12 further credit hours in Mathematics and Statistics and the 3000 level or higher, including 3 credit hours at the 4000 level (Physics 3820 may be used in place of an equivalent level Mathematics course)</li> <li>• 3 credit hours chosen from Physics 2820, or Mathematics and Statistics at the 2000 level or higher</li> </ul>	If a student decides to complete a minor, it must be comprised of 8 courses, 24 credit hours chosen from Table 19 Minor Programs Offered by the School of Arts and Social Science, or from Table 7 Minor Program Offered by the School of Fine Arts, or from Table 10 Minor Programs Offered by the School of Science and the Environment.

On page 161 of the 2022-2023 University Calendar under section 3 Grenfell Campus Description amend to read as follows:

“...Four-year undergraduate degree programs in Arts, Business Administration, Environment and Sustainability, Fine Arts, Nursing, and Science may be completed at Grenfell Campus, as well as an accelerated program in Nursing. The Bachelor of Arts degree is available in English, Historical Studies, Multidisciplinary Humanities, Psychology, and Social/Cultural Studies, and the Bachelor of Arts (Honours) may be obtained in English and Psychology. The Bachelor of Business Administration is offered as general and honours degrees. The Bachelor of Science is offered in Mathematics, Environmental Science, General Science, Physics, and Psychology and the Bachelor of Science (Honours) is offered in Environmental Science, Mathematics, and Psychology, and the University's four-year Bachelor of Science in Nursing degree is offered in conjunction with the Western Regional School of Nursing in Corner Brook...”

Under section 5.1.7 Science Degree amend as follows:

“ ...

The School of Science and the Environment offers the Bachelor of Science with Majors in Mathematics, Environmental Science (Biology or Chemistry), General Science, and Physics general degrees. The School of Arts and Social Science offers the Bachelor of Science with Major in Psychology which follows the regulations of that School...”

On page 193 of the 2022-2023 University Calendar under section 7.5 School of Science and the Environment amend as follows:

“The School of Science and the Environment offers the Bachelor of Environment and Sustainability with Majors in Environmental Studies or Resource Management and the Bachelor of Science with Majors in Mathematics, Environmental Science, General Science, and Physics general degrees.

Bachelor of Science (Honours) degrees are available in Environmental Science and Mathematics.”

76.2 FACULTY OF SCIENCE

On page 492 of the 2022-2023 University Calendar under section 10.2.3 Biochemistry and Cell Biology Joint Honours insert the following notation:

“Note: The last year of admission into the Biochemistry and Cell Biology joint honours program will be in the 2023-2024 academic year. In 2024-2025 and beyond, students who are entering the third year of study may apply for the joint honours program in Human Biosciences and Cell Biology “

Under section 10.2.4 Biochemistry and Chemistry Joint Honours insert the following notation:

“Note: The last year of admission into the Biochemistry and Chemistry joint honours program will be in 2023-2024 academic year. In 2024-2025 and beyond, students who are entering the third year of study may apply for the joint honours program in Human Biosciences and Chemistry.

Under section 10.2.5 Biochemistry and Physics Joint Honours insert the following notation:

“Note: The last year of admission into the Biochemistry and Physics joint honours program will be in 2023-2024 academic year. In 2024-2025 and beyond, students

who are entering the third year of study may apply for the joint honours program in Human Biosciences and Physics.

Under section 10.2.6 Biochemistry and Psychology (Behavioural Neuroscience) Joint Honours insert the following notation:

“Note: The last year of admission into the Biochemistry and Psychology (Behavioural Neuroscience) joint honours program will be in 2023-2024 academic year. In 2024-2025 and beyond, students who are entering the third year of study may apply for the joint honours program in Human Biosciences and Psychology (Behavioural Neuroscience).

Under section 10.2.7 Biochemistry (Nutrition) and Psychology (Behavioural Neuroscience) Joint Honours insert the following notation:

“Note: The last year of admission into the Biochemistry (Nutrition) and Psychology (Behavioural Neuroscience) joint honours program will be in 2023-2024 academic year. In 2024-2025 and beyond, students who are entering the third year of study may apply for the joint honours program in Human Biosciences and Psychology (Behavioural Neuroscience).

Under section 11.1 Biochemistry insert the following notation:

“Note: The programs formerly offered in Biochemistry (listed below) are no longer offered. Students wishing to choose a major in subject matter related to the Biochemistry or Biochemistry (Nutrition) programs should declare **Human Biosciences** as a major.”

On page 498 of the 2022-2023 University Calendar under Section 11 Program Regulations insert the following new program:

## **“11 Program Regulations**

### **11.X Human Biosciences**

[www.mun.ca/humanbiosciences](http://www.mun.ca/humanbiosciences)

How do food, drugs and the environment impact your health? That is the central question of the Human Biosciences program. Introductory courses provide the necessary background in an interdisciplinary manner with each course blending concepts from biochemistry, nutrition, pharmacology, and toxicology. Students may tailor their program to their own interests through diverse electives leading to one of our pre-defined sub-specialties (Human Biosciences [Biochemistry], Human Biosciences [Nutrition], Human Biosciences [Health and Disease], Human Biosciences [Gene Regulation]), or a student-defined general Human Biosciences degree. Honours degree options involve completion of a research project that may

focus on either laboratory-based research, a literature-based systematic/scoping review, education/outreach, or entrepreneurship/business projects, depending on student interests and career goals.

The following undergraduate programs are available and are administered by the Department of Biochemistry:

1. Major or Honours in Human Biosciences
2. Cell Biology and Human Biosciences Joint Honours
3. Chemistry and Human Biosciences Joint Honours
4. Human Biosciences and Physics Joint Honours
5. Human Biosciences and Psychology (Behavioural Neuroscience) Joint Honours
6. Minor in Human Biosciences

Students who wish to enroll in any of these programs should plan their program well in advance so that they will have taken the appropriate prerequisites. Students are advised to consult with the Department Academic Advisor at the earliest opportunity.

For the general and honours degrees in the programs above, students should refer to the Faculty of Science Degree Regulations for the General and Honours degrees of Bachelor of Science.

For a Minor in Human Biosciences, students should refer to Degree Regulations, Minor Programs in the Faculty of Science. All students are strongly advised to review the Faculty of Science Graduation Requirements (4.8) and in particular, the requirements for Academic Standing (4.8.1).

Human Biosciences course descriptions are found at the end of the Faculty of Science section under Course Descriptions, **Human Biosciences**.

Students are encouraged to choose a minor.

### **11.X.1 Admission to Programs in Human Biosciences**

Students seeking admission to any Human Biosciences program should apply no later than May 31 to ensure the application is processed before registration opens for the next academic year. Failure to apply before May 31 may result in the inability to register for required courses. Eligibility for scholarships and awards in Human Biosciences may also be affected.

#### **11.X.1.1 Admission to the Major in Human Biosciences**

Entry to the Human Biosciences Major program is based on academic standing.

1. To be considered for admission to the program students must have at least **24 credit hours** in courses and have successfully completed the following courses (or their equivalents) with a minimum overall average of 60%. In addition, students must be eligible for entry to Chemistry 2400.
  - a. Six credit hours in **Critical Reading and Writing (CRW)** courses, including at least 3 credit hours in English courses.
  - b. Chemistry 1050 and 1051 (or 1200 and 1001).
  - c. Mathematics 1000.
  - d. Biology 1001.
  - e. Biology 1002 or Human Biosciences 1001 (or Biochemistry 1600).

**Note: Students who have appropriate high school equivalent courses may be admitted directly into the Human Biosciences major.**

### **11.X.1.2 Admission to the Honours Degree in Human Biosciences**

Students normally should apply for an Honours program during their third year of studies. To be eligible for admission, students must be in Honours standing as per **Academic Standing** in the **Degree Regulations** for the Honours Degree of Bachelor of Science.

### **11.X.2 Regulations for Programs in Human Biosciences**

#### **11.X.2.1 Major in Human Biosciences**

1. Required courses to complete the major:
  - a. Six credit hours in **Critical Reading and Writing (CRW)** courses, including at least 3 credit hours in English courses.
  - b. Biology 1001; Biology 1002 or Human Biosciences 1001 (or Biochemistry 1600); Mathematics 1000 (or equivalent), Statistics 2550 (or equivalent); Chemistry 1050, 1051 (or Chemistry 1200 and 1001).
  - c. Human Biosciences 2001 (or Biochemistry 2101 or 2201), 2002 (or Biochemistry 2600), 2003 (or Biochemistry 3206 or 3106), 2004 (or Biochemistry 2100 or 2200), 2901 (or Biochemistry 2901), 3001, 3002, 3003, 3004, 3005, 3906 (or Biochemistry 3906), 3907 (or Biochemistry 3907).
  - d. Human Biosciences 4800.
  - e. At least six further credit hours from Human Biosciences courses at the 4000-level.
  - f. Medicine 310A/B.
  - g. Chemistry 2400.
  - h. A sufficient number of elective courses to bring the total Science courses up to at least 78 credit hours and the degree total up to 120 credit hours.

#### **11.X.2.2 Honours Degree in Human Biosciences**

1. Required courses:

- a. Six credit hours in Critical Reading and Writing (CRW) courses, including at least 3 credit hours in English courses.
- b. Biology 1001; Biology 1002 or Human Biosciences 1001 (or Biochemistry 1600); Mathematics 1000 (or equivalent), Statistics 2550 (or equivalent); Chemistry 1050, 1051 (or Chemistry 1200 and 1001).
- c. Human Biosciences 2001 (or Biochemistry 2101 or 2201), 2002 (or Biochemistry 2600), 2003 (or Biochemistry 3206 or 3106), 2004 (or Biochemistry 2100 or 2200), 2901 (or Biochemistry 2901), 3001, 3002, 3003, 3004, 3005, 3906 (or Biochemistry 3906), 3907 (or Biochemistry 3907), 499A/B.
- d. Human Biosciences 4800.
- e. At least 15 credit hours from Human Biosciences courses at the 3000 or 4000-level, at least 9 credit hours of which are from the 4000-level.

### **11.X.X Human Biosciences Concentrations**

While meeting the requirements for a program in Human Biosciences, students may choose to select courses in one of the following formal concentrations, which, if completed, will be noted on the student's transcript.

Particular attention should be paid to necessary prerequisites when scheduling courses. Students should consult with the Academic Advisor regarding the availability of courses applicable to their chosen concentration. Students completing a Minor in Human Biosciences will not be able to complete the requirements to achieve a concentration.

#### **11.x.x.1 Biochemistry**

Students selecting the Biochemistry concentration are required to complete 15 credit hours from the following courses:

Human Biosciences 3101, 3105, 4002, 4101, 4106, 4200, 4201, 4210, 4232, Chemistry 2100, Chemistry 2401

#### **11.x.x.2 Health and Disease**

Students selecting the Health and Disease concentration are required to complete 15 credit hours from the following courses:

Human Biosciences 3101, 3600, 4230, 4231, 4232, 4301, 4240, Biology 3052, Biology 3050, Chemistry 4702

#### **11.x.x.3 Gene Regulation**

Students selecting the Molecular Biology concentration are required to complete 15 credit hours from the following courses:

Human Biosciences 3207, 4101, 4104, 4231, 4240, Biology 2250, 3951, 4241, 4606

#### **11.x.x.4 Nutrition**

Students selecting the Nutrition concentration are required to complete 15 credit hours from the following courses:

Human Biosciences 3402, 3600, 4230, 4240, 4242, 4300, 4301, 4501, 4106, Biology 3052

#### **11.X.X. Minor in Human Biosciences**

Students who wish to take a minor in Human Biosciences will successfully complete:

- a. Human Biosciences 2001, 2002, 2003, 2004.
- b. Twelve credit hours in Human Biosciences courses at 3000 or 4000-level.

Note: Course prerequisites stipulated in the course descriptions shall apply to a minor in Human Biosciences.”

[www.mun.ca/hss/publicpolicy](http://www.mun.ca/hss/publicpolicy)

<https://www.mun.ca/hss/about/contact-us/certificate-and-diploma-directors/>

The Diploma in Public Policy is administered by the Department of Political Science.

The Diploma in Public Policy is designed for those who are interested in the study of governance and policy responses to public issues. The program's objective is to provide foundational knowledge that is essential for exploring topical issues in diverse policy fields and settings. The program is structured around introductory

and advanced core courses in Political Science that promote understanding of the theoretical parameters of public policy, such as the processes and mechanisms that are relied upon to define and solve policy problems. These core skills and competencies are used in the analysis and study of public policy in a variety of interdisciplinary fields.

### **7.10.1 Faculty of Humanities and Social Sciences Diploma Regulations**

Students intending to complete a diploma program within the Faculty of Humanities and Social Sciences must meet the Admission requirements as outlined in the University Calendar. Students are also advised to consult the University Calendar regarding **General Regulations for Diploma Programs** and **Graduation Requirements**.

### **7.10.2 Advising**

Throughout their program of study, students are encouraged to contact an academic advisor or the Program Director of the Diploma in Public Policy for assistance with course planning, declaring their program of study, prerequisite and registration issues, and with questions about the eligibility of any courses not listed here. A tentative list of upcoming course offerings in the program can be found at [www.mun.ca/hss/courses.php](http://www.mun.ca/hss/courses.php).

### **7.10.3 Declaring the Diploma in Public Policy**

Students interested in a Diploma in Public Policy are first encouraged to consult with the Program Director to discuss the requirements of the program. After consultation with the Program Director, students wishing to enroll in the Diploma can declare a Diploma in Public Policy by contacting the Office of the Registrar. Information about declaring a program of study in the Faculty of Humanities and Social Sciences is available at [www.mun.ca/hss/programs/undergraduate/ideclare.php](http://www.mun.ca/hss/programs/undergraduate/ideclare.php).

### **7.10.4 Regulations for the Diploma in Public Policy**

As part of the Diploma in Public Policy, students must complete 12 credit hours in a single policy area, which is overseen by a designated department. Students are encouraged to take these courses after successfully completing initial foundation-level courses in public policy offered by the Department of Political Science.

The credit hours in **Economic Policy** are overseen by the Department of Economics. Approved courses feature a foundation-level focus on the interrelationships between public policy, political institutions, and economic systems.

The credit hours in **Governance** are overseen by the Department of Political Science. Approved courses emphasize the study of structures, processes, and

institutions in the management of public affairs including the day-to-day implementation of public policy as distinguished from the work of the legislature. Not all Law and Public Policy courses are eligible.

The credit hours in **Urban and Regional Policy** are overseen by the Department of Geography. Approved courses feature a foundation-level focus on public policy concerning broad concepts of regionalism, municipal governance, and sub-national planning.

The Diploma in Public Policy consists of a minimum of 24 credit hours as follows:

1. 3 credit hours in Law and Public Policy 2600 or Political Science 2600;
2. 3 credit hours in Economics 1010, Geography 1050, or Political Science 1000;
3. 12 credit hours chosen from one of the following designated policy areas:
  - o **Economic Policy:** Economics 1020 (or the former 2020), and 9 credit hours chosen from *Table 1 Approved Economic Policy Courses for the Diploma in Public Policy*, including at least 3 credit hours in Economics at the 4000-level; or
  - o **Governance:** 12 credit hours chosen from *Table 2 Approved Governance Courses for the Diploma in Public Policy*, including at least 3 credit hours at the 4000-level; or
  - o **Urban and Regional Policy:** 12 credit hours chosen from *Table 3 Approved Urban and Regional Policy Courses for the Diploma in Public Policy*, including 6 credit hours in Geography 2302 and 3350, and at least 3 credit hours at the 4000-level; and
4. 6 additional credit hours chosen from any combination of Law and Public Policy 3600, 3640, 4630, 4640 or Political Science 3600, 3640, 4630, 4640.

Note:

Not all courses are offered every semester. Students are strongly advised to monitor the list of upcoming course offerings at <https://www.mun.ca/hss/upcoming-undergraduate-courses/> and consult with an academic advisor for assistance with course planning.

Insert the following new section 15.15.11 Major and Minor in Law and Public Policy as follows:

**“15.15.11 Major and Minor in Law and Public Policy**

The Major and Minor in Law and Public Policy are administered by the Department of Political Science.

The study of law and public policy aims to provide students with an understanding of the legal underpinnings of public policy as it applies to state and non-state actors, across a wide range of domestic and international challenges. This includes attention to how public policy is generated and resisted. Courses in these programs are anchored in the Department of Political Science, and blend the development of key policy analysis skills—such as legal reasoning, governance, public administration, statistics, and data gathering—with coursework on topical policy issues or problems, such as leadership and organizing. The degree is intended to impart broad cross-disciplinary fundamentals as distinct from a specialised “pre-law” program or a Diploma in Public Policy.

Law and Public Policy course descriptions are found at the end of the Faculty of Humanities and Social Sciences section under *Course Descriptions, Political Science, Law and Public Policy*, and are designated by LWPP. Political Science courses that are cross listed as LWPP, including all those numbered x6xx, have calendar entries that emphasise the study of law and/or the study of public policy. The eligibility of other courses offered in the Faculty of Humanities and Social Sciences that are deemed to focus on law and/or public policy through the study of governance frameworks, rights, security, political economy or topical policy case studies are assessed on a case-by-case basis.

**15.15.11.1 Declaring the Major or Minor in Law and Public Policy**

Students wishing to declare a Major or a Minor in Law and Public Policy shall consult with the program's designated academic advisor to discuss the requirements of the program. Information about declaring a program of study in the Faculty of Humanities and Social Sciences is available at [www.mun.ca/hss/programs/undergraduate/ideclare.php](http://www.mun.ca/hss/programs/undergraduate/ideclare.php). Information regarding

advisors for the Faculty of Humanities and Social Sciences is available at [www.mun.ca/hss/about/contact/liaisons.php](http://www.mun.ca/hss/about/contact/liaisons.php).

### 15.15.11.2 Regulations for the Major in Law and Public Policy

1. Students who major in Law and Public Policy shall complete all the requirements of the Bachelor of Arts program.
2. Students are required to complete 36 credit hours in the following:
  - a. 3 credit hours in Political Science 1000;
  - b. 3 credit hours in Law and Public Policy 2600;
  - c. 3 credit hours in Political Science 3010 or Sociology 3040;
  - d. 9 additional credit hours in Law and Public Policy courses, including a minimum of 3 credit hours at the 4000 level; and
  - e. a further 18 credit hours in Law and Public Policy and/or Political Science courses, including a minimum of 3 additional credit hours at the 4000 level. The 18 credit hours may include Anthropology 3062, 4030, Economics 1010, 1020, Gender Studies 3500, Linguistics 2220, Philosophy 2370, or Religious Studies 2850.
3. A student is not eligible to complete any combination of a Major or Minor in Political Science and a Major or Minor in Law and Public Policy.
4. Students for the Major are required to select courses as specified under Major in Law and Public Policy. A possible course pattern is presented in Table 1 Suggested Course Pattern for a Major in Law and Public Policy.

**Table 1 Suggested Course Pattern for a Major in Law and Public Policy**

Term	Suggested Courses	Credit Hours
Fall Academic Term 1	Political Science 1000	3
Winter Academic Term 2	Law and Public Policy 2600 (Economics 1010 and Political Science 1001 are encouraged)	3
Fall & Winter Academic Terms 3 and 4	Two other Law and Public Policy courses	6
Fall & Winter Academic Terms 5 and 6	Political Science 3010 or Sociology 3040 and four other Law and Public Policy or Political Science courses	15
Fall & Winter Academic Terms 7 and 8	Three Law and Public Policy or Political Science courses, including two at the 4000-level (at least one 4000-level in Law and Public Policy)	9

Note: As part of their course selections, students may also consider approved courses in other disciplines, as set out in the regulations.

### 15.15.11.3 Regulations for the Minor in Law and Public Policy

1. Students who minor in Law and Public Policy shall complete all the requirements of the Bachelor of Arts program.
2. Students are required to complete 24 credit hours as follows:
  - a. 3 credit hours in Political Science 1000;
  - b. 3 credit hours in Law and Public Policy 2600;
  - b. 6 additional credit hours in Law and Public Policy courses, including a minimum of 3 credit hours at the 4000 level; and,
  - c. a further 12 credit hours in Law and Public Policy and/or Political Science courses, which may include Anthropology 3062, 4030, Economics 1010, 1020, Gender Studies 3500, Linguistics 2220, Philosophy 2370, or Religious Studies 2850.
3. A student is not eligible to complete any combination of a Major or Minor in Political Science and a Major or Minor in Law and Public Policy.
4. Students for the Minor are required to select courses as specified under Minor in Law and Public Policy. A possible course pattern is presented in Table 2 Suggested Course Pattern for a Minor in Law and Public Policy.

**Table 2 Suggested Course Pattern for a Minor in Law and Public Policy**

Term	Suggested Courses	Credit Hours
Fall Academic Term 1	Political Science 1000	3

Fall & Winter Academic Terms 5 and 6	Two other Law and Public Policy or Political Science courses	9
Fall & Winter Academic Terms 7 and 8	Two Law and Public Policy or Political Science courses, including at least one 4000-level in Law and Public Policy	6

Note: As part of their course selections, students may also consider approved courses in other disciplines, as set out in the regulations.

### 15.15.11.4 Joint Major in Law and Public Policy

As an alternative to a minor, a student may choose to complete a major in Law and Public Policy and a major in another eligible program in the Faculty of Humanities and Social Sciences, excluding Political Science. The Joint Major Program requires 3 fewer credit hours in each participating major as prescribed in each program's Calendar entry. For the joint major in Law and Society, the requirement for a further 18 credit hours in Law and Public Policy and/or Political Science courses shall be reduced to a further 15 credit hours.

#### **15.15.11.5 Limitations on Course Use**

The Department of Political Science administers the Diploma in Public Policy. A student completing a Major or Minor in Law and Public Policy and a Diploma in Public Policy, or a Major or Minor in Political Science and a Diploma in Public Policy, is required to complete a minimum of 12 credit hours in the Diploma program that are not applied to the requirements of the Major or Minor. Such credit hours may be jointly applied to Electives in the Bachelor of Arts General Degree Components.

#### **15.15.11.6 Previous Calendar Regulations**

In accordance with **UNIVERSITY REGULATIONS - Degree and Departmental Regulations, Year of Degree and Departmental Regulations - Faculty of Humanities and Social Sciences and Faculty of Science**, students for the former Major or Minor in Law and Society will normally follow regulations in effect in the academic year in which the student first successfully completes a course in that subject at the 2000-level or above which may be applied to the major or minor program respectively. These students may alternatively choose to follow the Law and Public Policy major or minor. Students are encouraged to consult the program's designated academic advisor for assistance with course selection.

The former Law and Society courses completed prior to September 2023 may be substituted as equivalent Law and Public Policy credit hours. Subsequent completion of Law and Society 1000 is ineligible towards the Major in Law and Public Policy.”

On page 265 of the 2022-2023 University Calendar under section 6.1.3.1 Major Program of Study amend as follows:

## 76.5 FACULTY OF NURSING

On page 450 of the 2022-2023 University Calendar under section 5.4 Readmission Regulations for the Bachelor of Science in Nursing (Collaborative) Program amend as follows:

“A student who was enrolled in the Bachelor of Science in Nursing (Collaborative) Program, withdrew after the conclusion of the first semester, and wishes to return to the program must apply for readmission. The application must be directed to the Chair, Committee on Undergraduate Studies for the Bachelor of Science in Nursing (Collaborative) Program.”

Under section 7 Promotion Regulations amend Clause 10 to read as follows:

“10. A student ... the Chair, Committee on Undergraduate Studies for the Bachelor of Science in Nursing (Collaborative) Program after a lapse of two semesters as outlined under [Readmission Regulations for the Bachelor of Science in Nursing \(Collaborative\) Program](#). Students are advised that a subsequent failure will result in a second required withdrawal from the program.”

Under section 5.1 General Information amend Clause 10 to read as follows:

“10. An applicant ... directed to the Chair of the Committee on Undergraduate Studies for the Bachelor of Science in Nursing (Collaborative) Program. The letter should state clearly and fully the grounds for the appeal.”

Under section 12 Waiver of Regulations amend as follows:

“1. The Faculty ... Studies for the Bachelor of Science in Nursing (Collaborative) Program

2. All requests ... Studies for the Bachelor of Science in Nursing (Collaborative) Program-for consideration by the committee. Medical and/or other documentation to substantiate the request must be provided. Medical documentation should normally be in the form of the [Student Health Certificate](#).”

Under section 13 Appeal of Regulations insert new clauses to read as follows:

“13.1 General Information

In accordance with **UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate), Appeal of Decisions**, the Bachelor of Science in Nursing (Collaborative) Program, Undergraduate Studies Student Appeals Committee considers all appeals of promotion, admission and readmission decisions related to the BScN Program. A student wishing to appeal decisions should review the **General Academic Regulations (Undergraduate), Appeal of Decisions** carefully. Individual course grades may not be appealed as a student will normally have had the opportunity of contesting grades immediately after notification as outlined under **UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate), Appeal of Decisions, Route for Questioning Grades**.

All appeals must be directed to the Chair of the Committee on Undergraduate Studies for the Bachelor of Science in Nursing (Collaborative) Program. All letters of appeal must state clearly and fully the grounds for the appeal and the resolution being sought.

### 13.2 Appeal of Admission Decisions

An appeal of a decision concerning admission must be made in writing within fourteen days of the date noted on the decision letter, to the Chair of the Committee on Undergraduate Studies for the Bachelor of Science in Nursing (Collaborative) Program.

### 13.3 Appeal for Readmission

An appeal concerning readmission must be made in writing by March 1<sup>st</sup> for the fall semester and October 1<sup>st</sup> for winter or spring semesters to the Chair of the Committee on Undergraduate Studies for the Bachelor of Science in Nursing (Collaborative) Program.

### 13.4 Appeal of Promotion Decisions

An appeal of a promotion decision must be submitted to the Chair of the Committee on Undergraduate Studies for the Bachelor of Science in Nursing (Collaborative) Program within fourteen days of the promotion decision. Appeal submissions shall contain the following:

- Student name,
- Current address and telephone number,
- Memorial University of Newfoundland e-mail address,
- Student ID number,
- A copy of the decision giving rise to the appeal,

A description of the matter under appeal,  
The grounds of appeal,  
Supporting documentation; and  
The resolution being sought.

A student may request additional time to gather supporting documentation. Such a request will not be unreasonably denied.

For assistance in the appeals process, a student is advised to consult with the Associate Dean (Undergraduate Studies) or Associate Directors (Center for Nursing Studies, Western Regional School of Nursing) whose advice shall include the provision of a list of others within the Faculty and elsewhere in the University who can advise the student during the appeals process.

A student is encouraged to review **UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Appeal of Decisions, Information Required in Letters of Appeal.**

The terms of reference for the Committee on Undergraduate Studies for the Bachelor of Science in Nursing (Collaborative) Program Student Appeals Committee, including procedures followed by the Committee, are posted on the Faculty website at <https://www.mun.ca/nursing/about/>

### 13.5 Other Appeals

Any student whose request for waiver of Faculty regulations has been denied has the right to appeal. For further information refer to the **UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Appeal of Decisions.**"

Applicants wishing to pursue a specialization in music education should apply to the **Bachelor of Music Education**.

\*\*\*\*\***Interdisciplinary Studies (18–24 credit hours):** For information on Interdisciplinary Studies, students should contact the Undergraduate Admissions Office, Faculty of Education. This academic discipline is used for cohorts in special offerings of the program approved by the Faculty of Education.”

77. ACADEMIC COUNCIL OF THE SCHOOL OF GRADUATE STUDIES

77.1 On page 587 of the 2022-2023 University Calendar under section 16 Regulations Governing the Degree of Master of Education insert the following new program:

“Program Requirements for Graduate Diploma in Post-Secondary

## Education (Student Affairs and Services)

The Graduate Diploma in Post-Secondary Education (Student Affairs and Services) is designed to provide specialized study in theory and practice pertaining to student development and service provision, programs, and initiatives that support student success in post-secondary education. The Graduate Diploma is intended for student affairs and services practitioners, administrators, and educators within post-secondary education programs. Participants will engage in an in-depth study of theoretical models of student development (cognitive, psychosocial, identity, and person-environment); historical and contemporary influences on the student affairs and services profession; philosophies, values, and ethics of professional practice; administration and organizational structures; and assessment and evaluation, research, and technology in innovative programming.

Opportunities will exist for the guided study of these topics as they relate to student affairs and services education.

a. Students for the Graduate Diploma in Post-Secondary Education (Student Affairs and Services) are required to complete four courses.

Three courses from those listed that form the program core:

- i. ED 6810 Assessment and Evaluation in Student Services
- ii. ED 6831 Organization and Administration of Student Services for the Adult Learner
- iii. ED 6841 Student Development Theory, Services and Programs in Post-Secondary Education
- iv. ED 6940 Administration of Student Services in Post-Secondary Education

One course from those listed that form the program electives:

- i. ED 6801 Foundations of Post-Secondary Programs
- ii. ED 6811 Theoretical Foundations in Adult/Post-Secondary Teaching and Learning

b. Students are encouraged to relate their assignments in these courses to student affairs and services education.

c. Students enrolled in the Graduate Diploma program may request transfer to the Master of Education (Post-Secondary Studies). Courses for both the Graduate Diploma and the Degree must be appropriate to the program and chosen in consultation with the student's advisor.

d. Students holding the Graduate Diploma in Post-Secondary Education (Student Affairs and Services) and accepted in the Master of Education (Post-Secondary Studies) will complete up to 12 fewer credit hours dependent upon the chosen program route and the completion date of the Graduate Diploma.

\* Students accepted in the Master of Education (Post-Secondary Studies) completing the thesis program route are eligible for 9 fewer credit hours, as they will require three core courses (ED 6100 Research Designs and Methods in Education, ED 6802 Adult Learning and Development, and ED 6803 Research in Post-Secondary Education) in order to complete this credential."

78. Mr. C. Couturier motioned to have the meeting of Senate extended in accordance with section [IV.C. 9 Rules of Order in the Handbook of Senate Bylaws and Procedures](#). It was approved at 5:50 p.m.

79. REPORT OF THE SENATE TEACHING AND LEARNING COMMITTEE

79.1 The report from the Teaching and Learning Committee was deferred and will be presented at future a meeting of Senate.

80. REMARKS FROM THE CHAIR

- Dr. Bose then addressed Senate regarding his recent appointment as Acting President. He noted that following the announcement of the voluntary, six-week paid leave of absence by Dr. Timmons on March 11, the Board of Regents, in accordance with [Section 53 of the Memorial University Act](#) states:

*“Where the president is absent because of illness or for another reason, or where the office of president is vacant, the vice-president of the university who is the pro vice-chancellor shall possess and may exercise all of the powers and shall perform the duties of the president, during that absence or vacancy and those powers and duties include the powers and duties of other offices conferred on or entrusted to the president by this Act.”*

- He also confirmed that Dr. Jennifer Lokash Associate Vice-President (Academic) had been appointed as Acting Provost, Vice-President (Academic) and Pro Vice-Chancellor.
- Dr. Bose provided an update on the Senate Motion of February 13, 2023 regarding refund of Tuition during the Labour Action January 30 – February 13, 2023.
- The Chancellor then noted the establishment of an Indigenous Leaders Roundtable. In doing so he reflected on the recent News Release by Memorial University dated March 9, 2023 in which the Board of Regents recognizes the complex and serious nature of Indigenous heritage and Indigenous identity and in addition the importance and need for this conversation to be guided by Indigenous people He thanked Dr. Bose for his leadership and leadership team to provide a stability at this time.

81. IN CAMERA- HONORARY DEGREES AND CEREMONIAL

Senate moved into a closed session for this item of business in accordance with [Section IV.E.2 Senate Meetings and Procedures of the Handbook of Senate By-laws and Procedures](#) which reads:

*“Matters of a confidential nature, including honorary degree, shall be discussed in a closed session, observers are not permitted to attend closed sessions.”*

The names of nine candidates recommended by the Committee on Honorary Degrees and Ceremonial were presented to the Senate for awarding of the title of Honorary Degree and one candidate recommended by the Committee on Honorary Degrees and Ceremonial was presented to Senate for the awarding of the title Professor Emeritus for eventual consideration by the Board of Regents. Members were given the opportunity to discuss the merits of each of the candidates before voting. Upon voting by an e-poll, each candidate was approved by at least a two-thirds majority vote.

81. ADJOURNMENT

Dr. Snelgrove motioned to adjourn, seconded by Dr. Kozak and carried to adjourn the meeting at 6:30 p.m.
