

**2013/2014**

|                             |                                 |               |
|-----------------------------|---------------------------------|---------------|
| Waseem Abu Ashour           | Pharmacy                        | M.Sc.         |
| Mohammad Jalal Ahammad      | Scientific Computing            | M.Sc.         |
| Md. Samrat Alam             | Earth Sciences                  | M.Sc.         |
| Shadi Alawneh               | Engineering & Applied Science   | PhD           |
| Ahmad Almudallal            | Physics & Physical Oceanography | PhD           |
| Pamela Andrews              | Religious Studies               | MA            |
| Shane Arsenault             | Medicine                        | MPH           |
| Md. Rahimul Asif            | Engineering & Applied Science   | M.Eng.        |
| Craig Ayre                  | Biochemistry                    | M.Sc.         |
| Victoria Bailey             | Geography                       | MA            |
| Jeni Barton                 | Humanities                      | M.Phil.       |
| Natasha Belanger-Willoughby | Medicine                        | M.Sc.         |
| Hope Bennett                | Environmental Science           | M.Env. Sc.    |
| Jennifer Benson             | Music                           | M.Mus.        |
| Erika Beronich              | Engineering & Applied Science   | PhD           |
| Cynthia Boyd                | Folklore                        | PhD           |
| Ayla Boz                    | Music                           | M.Mus.        |
| David Bradbury-Squires      | Human Kinetics & Recreation     | M.Sc. in Kin. |
| Janine Brophy               | Business Administration         | MBA           |
| Florian Bulle               | Earth Sciences                  | PhD           |
| Qinhong Cai                 | Engineering & Applied Science   | M.Eng.        |
| Heather Canning             | Psychology                      | M.Sc.         |
| Supeng Chen                 | Engineering & Applied Science   | M.Eng.        |
| Yuxi Chen                   | Pharmacy                        | M.Sc.         |
| Lica Christensen            | Environmental Science           | M.Env.Sc.     |
| Linda Cohen                 | Sociology                       | PhD           |
| Michela Comparey            | Music                           | M.Mus.        |
| Charlotte Courage           | Social Work                     | MSW           |
| Beth Cowan                  | Geography                       | MA            |
| K. Dalpatadu                | Engineering & Applied Science   | M.Eng.        |
| Steven Donegan              | Music                           | M.Mus.        |
| Ehsan Fallahi               | Engineering & Applied Science   | M.Eng.        |
| Amy Fisher                  | Business Administration         | MBA           |
| Trevor Ford                 | History                         | MA            |
| Kalli Fraize                | Humanities                      | M.Phil.       |
| Jessica Fry                 | Aquaculture                     | M.Sc.         |
| Chris Gardner               | Business Administration         | MBA           |
| Ahmad Ghasemloonia          | Engineering & Applied Science   | PhD           |
| Mehdi Ghobadi               | Engineering & Applied Science   | PhD           |
| Shannon Gill                | Earth Sciences                  | M.Sc.         |
| Daan Goossens               | Business Administration         | MBA           |
| Samantha Griffin            | Humanities                      | M.Phil.       |
| Kashfi Habib                | Engineering & Applied Science   | M.Eng.        |
| Asan M.S. Haja Mohideen     | Medicine                        | M.Sc.         |
| Pam Hall                    | Interdisciplinary PhD           | PhD           |

|                       |                                 |           |
