Graduate Assistantship shall be a contractual agreement between the University and a full-time graduate student for a specified number of hours of teaching support and/or research support delivered over the course of the semester.

A standard graduate assistantship shall consist of 60 hours of work within a 14 week period in a semester at $22.22 per hour. The University may assign graduate assistantships of fewer or greater than 60 hours per semester.

Graduate students interested in recruitment as a Graduate Assistant (TA) in Winter 2023 semester should:

- Submit a letter of intent
- Submit a short CV
- Include course number
- Include course name

To the Office of the Dean, Attn: Ms. Sharon Tucker (sharont@mun.ca) emphasising on their qualifications.

*These positions are covered by a Collective Agreement between TAUMUN and Memorial University of Newfoundland.*

**The deadline for submission of the letter of intent is November 28, 2022**
Pharmacy Skills, Pharmacy Practice, and Patient Care
Pharmacy 2251
Pharmacy 3251
Pharmacy 4251
Pharmacy 5251

2 TA Unit (60 hours each) = 120 hours
NOTE: requesting 2 x 60 hours TA’s to support the 4 practice courses

In coordination with the course coordinators, the successful applicant will be responsible for support in the following courses: Pharmacy 2251, Pharmacy 3251, Pharmacy 4251 and Pharmacy 5251.

DUTIES
Exam and lab invigilation/supervision, marking and assessment of lab activities/OSCE’s, role-playing, helping with exam set-up (i.e. ~30 minutes prior to start time), coordinating the flow of students during exams/labs (e.g. controlling timers and buzzers), exam/lab clean-up (e.g. replace products/books in the lab) and other duties as required.

HOURLY WORK ASSIGNMENTS
The majority of activities and labs will take place during the Pharmacy Practice/Skills courses in the professional practice laboratory. TA support is usually required for ~6-7 hours a day, and may occur any day of the work week. Assistance with final exams during exam week is also a requirement.

QUALIFICATIONS
The successful applicant should be able to work independently, require minimal instruction and be reliable (i.e., prepared for labs, arriving on time). Previous experience or familiarization with Pharmacy Practice/Skills courses is an asset. Preference will be given to individuals with education/experience as a pharmacist.

Anatomy & Physiology II
Pharmacy 2003

2 x 3/4 TA Unit (45 hours each) = 90 hours

DUTIES:
Two anatomy teaching assistants are needed to facilitate lab sessions and grade lab reports.
1. Facilitate and provide directions to students during lab sessions
2. Answer student questions
3. Grade all handouts/worksheets associated with lab
Total hours = 45
The lab meets from 3:00 – 5:00 p.m. on Fridays for a total of 8 weeks across the semester.

QUALIFICATIONS:
The applicants must demonstrate they have knowledge of human anatomy through relevant training or coursework. Students with a background in medicine, kinesiology, biology, biochemistry or related areas are encouraged to apply.
Pharmaceutics
Pharmacy 2202

1 TA Unit (60 hours)

DUTIES:
Marking lab reports (weekly for 8 weeks).

QUALIFICATIONS:
Graduate or senior graduate students who have completed Pharmaceutics II (Dosage forms/compounding) previously

Medicinal Chemistry
Pharmacy 3825

1/2 TA Unit (30 hours)

DUTIES:
Assisting in the preparation of assignments or exam questions.
Assisting in the invigilation of mid-term and final exams
Assisting in grading some of the exam or assignment questions
Reporting the students’ exam(s) marks to the lecturer with four days after the examination date.

QUALIFICATIONS:
Graduate students in Chemistry, Biochemistry or Pharmacy in their 2nd year or higher are welcome to apply. The applicant must have a solid and in-depth understanding of organic/medicinal chemistry and biochemistry of drugs’ mechanism of action, as well as the mechanism of various metabolic reactions. The individual is expected to be detail orientated and a well-organized professional.

Applied Pharmacokinetics
Pharmacy 4210

2 x 1/2 TA Unit (30 hours each) = 60 hours

DUTIES:
To help marking, evaluations, help with tutorials, exam invigilation, help with student answers, assistance with lecture preparation and delivery.

QUALIFICATIONS:
The applicants must have a background in Pharmacology and Pharmacokinetics.
Leadership & Health Promotion
Pharmacy 3410

½ TA Unit (30 hours)

DUTIES:

In coordination with the course coordinator, the successful applicant will be responsible for supporting the 2nd year pharmacy leadership and health promotion course. This will include activities such as grading, entering content in Brightspace, helping organize the health fair, providing feedback on presentations and activities and other related activities.

QUALIFICATIONS:

The successful applicant should be able to work independently, require minimal supervision, be reliable and be familiar with use of technology (e.g., Microsoft Word, PowerPoint, Brightspace). Preferences will be given to those with education/experience in pharmacy or other healthcare related fields. Experience/education in leadership, health promotion, or advocacy would be considered an asset.
