

Pamela Button, PsyD (Memorial University of Newfoundland)
Assistant Professor
Registered Psychologist (NL)

Dr. Button is a registered psychologist and faculty member with the Student Wellness and Counselling Centre. She is also the Lead of the SWCC Psychosocial Collaborative Research Unit. She holds a master's in Applied Social Psychology and completed her doctoral training in Clinical Psychology from Memorial University in Newfoundland. Prior to her appointment at the SWCC, Dr. Button worked at the Dr. L.A. Miller Centre with the Rehabilitation and Continuing Care Program with a focus on interprofessional health psychology and working with clients with physical and neurocognitive impairments. Her clinical and research interests include interprofessional education and practice, stress and coping, resilience, social support, and help-seeking behaviours. Further interests include wellness and health promotion, interpersonal process, positive psychology, equine assisted therapy, advocacy, applied psychological research, and program evaluation. Dr. Button practices from a client-centered and humanistic integrative orientation and her clinical approach is strongly grounded in interpersonal process therapy and acceptance and commitment therapy.

Ross Connolly, PhD (Memorial University of Newfoundland)
Lecturer in Counselling
Provisionally Registered Psychologist (NL)

Dr. Connolly is a registered psychologist (Newfoundland and Labrador) and a Lecturer in Counselling at the Student Wellness and Counselling Centre. He holds a Master's in Experimental Psychology, a master's in Counselling Psychology, and completed his PhD from Memorial University of Newfoundland. Dr. Connolly has worked with various community groups with a focus on improving mental health and substance use outcomes. His clinical and research interests include Attention Deficit Hyperactivity Disorder, mood disorders, and substance use. Dr. Connolly's primary orientation is grounded in Cognitive Behavioural Therapy, but he incorporates solution-focused and interpersonal therapy into his clinical practice.

Emily Fawcett, PhD (Lakehead University)
Assistant Professor
Registered Psychologist (NL)

Dr. Fawcett is a registered psychologist (Newfoundland and Labrador) and faculty member at the Student Wellness and Counselling Centre, with cross-appointment to the Department of Psychology. She completed her master's and PhD in Clinical Psychology at Lakehead University in Thunder Bay, ON. She identifies as a scientist-practitioner who strives to use evidence-based therapeutic interventions. Her primary theoretical orientation is Cognitive-Behavioral, although she integrates elements of acceptance and commitment therapy, mindfulness, solution-focused, interpersonal, and Dialectical Behavioral Therapy into her clinical practice. Her clinical and research interests include mood and anxiety disorders - with a particular interest in women's mental health and clinical epidemiology. She also has extensive experience conducting collaborative meta-analyses. In addition to counselling and research, Dr. Fawcett is involved in the teaching, training, and supervision of psychologists in training, and for the past five years was involved or led psychotherapy training for psychiatry residents at Memorial University. She is also currently serving a three-year term on the Newfoundland and Labrador Psychology Board (NLPB) as one of five elected Directors.

Lisa Moores, PsyD (Memorial University of Newfoundland)
Associate Professor
Registered Psychologist (NL)

Dr. Moores is a registered psychologist and faculty member at the Student Wellness and Counselling Centre. She holds a Master's in Counselling Psychology from Simon Fraser University in Burnaby, B.C. and completed a Doctorate in Clinical Psychology at Memorial University. Dr. Moores has a particular interest in wellness and health promotion, healthy campus communities, cross-cultural counselling, adult ADHD, and students in transition. She has conducted research on the international student transition experience in large and small urban centres. Further professional interests include interprofessional training, positive psychology, advocacy, qualitative research, and strengths-based counselling. She practices from a humanistic and client-centered integrative orientation and her clinical approach is strongly influenced by positive psychology. Dr. Moores is involved in a wide range of teaching, training, and supervision activities for psychologists in training and sees clients with a variety of clinical concerns. She currently serves as President of the Association of Psychology, Newfoundland and Labrador.
