   b. The option to repeat a year with academic prejudice can only be offered to a student once during his/her M.D. program. A student may repeat a year without academic prejudice if it has been demonstrated that the student’s performance has been adversely affected by other factors acceptable to the Student Promotions Committee and duly authenticated.

   c. If the Student Promotions Committee requires a student to withdraw conditionally, the Chair of the Student Promotions Committee reports to the Dean and the Pre-Clerkship or Clerkship Co-ordinator the nature of the conditions to be met and the time period specified for meeting the conditions. The Dean then recommends to the Registrar that the student be required to withdraw from the program. Any student who has been required to withdraw conditionally may be readmitted once the conditions have been met. If the conditions are not met within the specified time limit, the student is required to withdraw unconditionally.

   d. If the Student Promotions Committee requires a student to withdraw unconditionally, the Chair of the Student Promotions Committee will report the decision and the basis upon which it was reached to the Dean and the Pre-Clerkship or Clerkship Co-ordinator. The Dean then recommends to the Registrar that the student be required to withdraw from the program. Any student who is required to withdraw unconditionally and who wishes to re-enter the Faculty must apply by the appropriate deadline date to the Admissions Committee in competition with all other applicants.

5. A student has the right to make a formal appeal against a decision of the Student Promotions Committee. However, this appeal cannot be made on the basis of the grades awarded in individual courses or subjects, as the student will normally have had the opportunity of contesting grades immediately after notification. A formal appeal by a student against the decision of this Committee must be made on grounds other than the grades awarded, e.g. default of procedure. This appeal should be made in writing, clearly stating the basis for the appeal and should be directed in the first instance to the Dean. The Dean in consultation with the Office of the Registrar determines whether or not the grounds stated are sufficient to warrant a formal hearing of the appeal.

6. In addition to the above clauses, the Faculty of Medicine reserves the right to require a student to withdraw from the program at any time when acceptable cause is demonstrated. In such cases, the Dean, on behalf of the Faculty, recommends such withdrawal to the Registrar who will then take appropriate action. Any such action is subject to the right of appeal by the student. An appeal should be made in writing clearly stating the basis for the appeal and should be directed in the first instance to the Registrar of the University. The Registrar, in consultation with the Dean, will determine whether or not the grounds stated are sufficient to warrant a
7. Any student who enters the first year of the medical program but withdraws within the first seven weeks may be permitted re-entry only by re-application to the Admissions Committee in competition with all other applicants by the appropriate deadline date. Withdrawal at all other times is in accordance with UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate).

8. a. Upon completion of a program year, a student in good academic standing may elect to withdraw temporarily from studies (e.g. to pursue graduate studies after completion of the second year).
   b. Any student may be permitted to withdraw in accordance with UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) Withdrawing From The University. In all cases, the intent to withdraw voluntarily should be discussed with the Pre-Clerkship or Clerkship Co-ordinator, as appropriate. The student must make a written request for voluntary withdrawal to the Dean who will then consult the appropriate Co-ordinator. In the event that a student wishes to return to medical school, the Dean should ensure that sufficient revision and preparatory work are undertaken before the student is permitted to resume medical studies.
   c. Students permitted to withdraw are advised of the date upon which they are required to resume medical studies. In the absence of good cause, any such student who does not resume studies on the specified date will be deemed to have left the program.

9.5 Curricular Requirements (M.D.)

Students entering the M.D. program will be governed by curricular requirements in effect at the time of their admission. In the event of readmission, students will be governed by curricular requirements in effect at the time of their readmission. The Clerkship Student Promotions Committee recommends to Faculty Council those students to be awarded the M.D. degree.

10 Course Descriptions

The courses in Pre-Clerkship form a continuum. Some courses are composed of several individual subjects.

Clerkship provides clinical experience in the affiliated teaching hospitals and community sites of Memorial University of Newfoundland. The students become members of the patient care team and have graded and supervised responsibility.

10.1 Courses in the First and Second Year of Medical Studies

5600 Basic Science of Medicine I is an integrated course with several subjects including anatomy, biochemistry, genetics, immunology, microbiology, pathology and physiology. This course introduces students to the structure and function of the human body and provides the foundation of the basic science of medicine. A wide range of teaching methods are used including lectures, small group sessions, and laboratory sessions/demonstrations.

CH: 14

5610 Clinical Skills I introduces students to the main elements of the medical interview and techniques of counselling. Students are then expected to acquire skill in examining normal individuals and eliciting symptoms and signs in patients and presenting the findings in a logical and comprehensive manner. Emphasis is placed on developing a sympathetic and understanding approach to the patient. The course also provides an integrated approach to clinical symptoms and signs as manifestations of disorder of function or structure. Ethical and legal issues playing a significant role in assessment and management of clinical problems are also considered within the humanities, ethics, and law in medicine (HELM) component.

CH: 9

AR: attendance is required

5640 Community Health I introduces several aspects of community health including health promotion, disease prevention, biostatistics, epidemiology, social and organizational factors in health, environmental and occupational health, community nutrition and behavioural sciences. Lectures and small group sessions are complemented with practical experience obtained through group research projects and field teaching in the community in both a rural and urban context. Aspects of medical ethics relative to community health are integrated throughout the course. Emphasis is placed on understanding the determinants of health and illness and the context in which they occur. The principles of research are introduced and students may initiate research opportunities that are carried through subsequent years in the curriculum.

CH: 9

5650 Integrated Study of Disease I involves studying diseases of the major organs/body systems and includes integration with the pathophysiologic basis of disease, pathology and pharmacology. The course also incorporates the relevant aspects of preventive medicine, clinical genetics, clinical epidemiology and occupational medicine.

CH: 10

5660 Family Medicine Pre-Clerkship Elective is offered to medical students interested in enhancing their patient interviewing and clinical examination skills. Each student will be paired with an experienced family physician in the community (rural and urban opportunities) for two to four weeks during the summer months at the end of the first and/or second year. Students gain practical experience of working at the primary care level in a variety of settings that could include office-based practice, home visits, emergency departments, labour and delivery and both long-term care facilities and in-hospital ward experiences. (This varies depending on the family physician’s practice profiles.) Students applying for this course must be currently registered as a first or second year medical student in a Canadian medical school.

AR: attendance is required

6600 Basic Science of Medicine II is a continuation of Basic Science of Medicine I.

CH: 8

6610 Clinical Skills II is a continuation of Clinical Skills I.

AR: attendance is required

CH: 9

6640 Community Health II is a continuation of Community Health I.

CH: 9

6650 Integrated Study of Disease II is a continuation of Integrated Study of Disease I.

CH: 30

6660 Family Medicine Pre-Clerkship Elective has the same course description as Medicine 5660.

AR: attendance is required

CH: 0

7000 Clerkship Preparation Course

AR: attendance is required

CH: 2

10.2 Courses in the Third and Fourth Year of Medical Studies

The Third Year is approximately 14 months in duration; it begins in September and continues until November of the following year. It is composed of the core courses 7200-7250 and two (8 credit hours) elective courses. The Fourth Year begins immediately upon completion of the Third Year and continues until May of the following year. It includes one (4 credit hours) elective course, three (12 credit hours) selective courses, and Medicine 7280.

7200 Internal Medicine

AR: attendance is required

CH: 15

7210 Surgery

AR: attendance is required

CH: 10

7220 Psychiatry

AR: attendance is required

CH: 10

7230 Pediatrics

AR: attendance is required

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
10.3 Courses Offered By the Faculty of Medicine for Non-Medical Students

310A and 310B Human Physiology covers the properties of nerve and muscle cells, the special senses, blood and body fluids, and the nervous, cardiovascular, digestive, immune, respiratory, urinary, endocrine and reproductive systems. Integration of the body’s systems in maintaining homeostasis is emphasized. Priority for entry into this course is given to Biochemistry, Nutrition, Dietetics, and other students who are interested in experimental science.

CO: Biochemistry 2101
CR: Biochemistry 311A/B and Medicine 310A/B
LH: to be specified
PR: Biochemistry 2101

4300 Introduction to General and Autonomic Pharmacology deals with the general principles of pharmacology (dose-response relationship, drug-receptor interaction, absorption, distribution, metabolism, excretion of drugs), and drugs that affect neuromuscular and autonomic neurotransmission, the cardiovascular, gastrointestinal, and central nervous systems, and autacoids/prostanoids.

CO: Biochemistry 3106 or Pharmacy 3111
CR: Biochemistry 4220
LH: to be specified
PR: Medicine 310A/B or Biochemistry 311A/B, or Pharmacy 2002/2003 or the former Pharmacy 3201/3202.

The School of Music offers the following programs:

1. Four-year Bachelor of Music with Majors in:
   a. Performance
   b. Theory and Composition
   c. Music History and Literature
   d. General Musical Studies (with optional Minor from a discipline other than Music)
   e. Joint Major in Music Performance and History and Literature of Music
   f. Joint Major in Music Performance and Music Theory and Composition
2. Five-year Conjoint Bachelor of Music/Bachelor of Music Education
3. Minor in Music History
4. Interdisciplinary Minor in Music and Culture
5. Interdisciplinary Major in Drama and Music (Bachelor of Arts)

Note: The Major program in Drama and Music is currently under review and will not be available for admission for the 2011-2012 year. For further information please contact the Department of English Language and Literature.

The following Music courses are available to students who have not been admitted to a program in the School of Music, and are

4 Registration in Music Courses (Non-Music Students)

The following Music courses are available to students who have not been admitted to a program in the School of Music, and are
Students wishing to appeal matters pertaining to admission, re-admission and academic standing must make the appeal in writing to the Director. Students in the Bachelor of Music degree are normally possible in the Fall semester only. The application deadline for admission to the Fall semester is January 31. Notwithstanding the above:

1. The School of Music application forms are available through the School’s website at www.mun.ca/music/programs/undergrad/application.php or the Office of the Registrar's website at www.mun.ca/regoff/forms.php. Applicants who have not previously attended Memorial University of Newfoundland or those who have not attended Memorial University of Newfoundland in the two preceding semesters must also submit the “Undergraduate Application for Admission/Readmission” to the University form. The “Undergraduate Application for Admission/Readmission” form is available at www.mun.ca/regoff/forms.php. Application forms may also be obtained by writing the School of Music, Memorial University of Newfoundland, St. John's, NL A1C 5S7 or the Office of the Registrar, Admissions Office, Memorial University of Newfoundland, St. John's, NL A1C 5S7.

2. Admission to the Bachelor of Music degree is normally possible in the Fall semester only. The application deadline for admission to the Fall semester is January 31.

3. Notwithstanding the above:
   a. students who have withdrawn from the music degree program may apply to be readmitted in either the Fall or Winter semester.
   b. students transferring from post-secondary music programs at other institutions may be considered for admission in the Winter semester if they have the prerequisites to enter a sufficient number of music courses in that semester.
   c. the application deadline for admission to the Winter semester is September 30.

4. Students must meet all regulations of the School as set out below and as specified on the School of Music’s website at www.mun.ca/music. In addition, most courses in music history and music theory (courses numbers with second digit “0” or “1”) are available to non-Music majors who have fulfilled the prerequisites.

5. Health Statement

Music study and music making are activities that demand great mental and physical energy and coordination. For this reason, students are strongly encouraged to maintain a healthy lifestyle, getting adequate rest, proper nutrition, and exercise, and avoiding practices which could be detrimental to good health and well-being.

6. Bachelor of Music Degree: Admission and Academic Standards

1. The School of Music application forms are available through the School’s website at www.mun.ca/music/programs/undergrad/application.php or the Office of the Registrar's website at www.mun.ca/regoff/forms.php. Applicants who have not previously attended Memorial University of Newfoundland or those who have not attended Memorial University of Newfoundland in the two preceding semesters must also submit the “Undergraduate Application for Admission/Readmission” to the University form. The “Undergraduate Application for Admission/Readmission” form is available at www.mun.ca/regoff/forms.php. Application forms may also be obtained by writing the School of Music, Memorial University of Newfoundland, St. John's, NL A1C 5S7 or the Office of the Registrar, Admissions Office, Memorial University of Newfoundland, St. John's, NL A1C 5S7.

2. Admission to the Bachelor of Music degree is normally possible in the Fall semester only. The application deadline for admission to the Fall semester is January 31.

3. Notwithstanding the above:

   c. the application deadline for admission to the Winter semester is September 30.
the Chair, Committee on Undergraduate Studies of the School of Music.  

16. In special cases, the Committee on Undergraduate Studies may waive the admission, readmission, and course requirements that apply only to the School of Music, subject to ratification by the Academic Council. Such waivers shall not reduce the total number of music courses required for the degree.  

17. The active participation in School of Music ensembles is an integral part of a music student's education. One must be present at rehearsal and performances to have participated in the learning experience. Furthermore, the success of the ensemble as a whole is dependent upon the regular attendance and participation of all members in the ensemble. Accordingly, attendance will be required in the following courses: Music 2611-2620, Music 263A/B, Music 265A/B, Music 3900, and Music 3511-3518.  

7 Bachelor of Music Degree Regulations  

7.1 Major  

1. Candidates normally do not declare their intended Major area of study before their fourth semester in the Bachelor of Music program.  

2. A candidate may not change his/her Major without the written permission of the Director of the School. In cases where permission is granted, the candidate shall be required to fulfill all requirements for the new Major. However, in the case where a student's Major changes from Performance to one of the other Majors, the Principal Applied Study courses successfully completed under the Performance Major may be used to satisfy the requirements for Principal Applied Study in the new Major, with any additional credit hours being used as Music electives in the new Major.  

3. Candidates shall choose one of the following areas for their Major:  

7.1.1 Performance  

This program is recommended for those candidates planning to pursue a career as a solo performer, orchestral or band player, or private teacher. Candidates for this Major must apply in writing to the Director by February 15th in the semester during which they are registered for Music 240B. Candidates will normally be required to audition for this program. Where possible, the jury examination for Music 240B will be considered as the audition for admission to the Performance Major, although in some cases the audition may require repertoire beyond the level and amount prepared for the jury examination. Admission to this Major will be based on a candidate's: i) performance on the audition and achievement in Music 140A/B and 240A/B, ii) general academic achievement, and iii) potential for a career and/or graduate work in performance.  

7.1.2 Theory and Composition  

This program is recommended for those candidates who plan to compose, to carry out research in music theory, or to teach composition and/or theoretical subjects. Candidates for this Major must apply in writing to the Director by February 15th in the semester during which they are registered for Music 2108, submitting up to three pieces of relevant work with their application, including essays, compositions or analyses written either in the context of academic course work or independently. Candidates for this Major will be interviewed by a panel of faculty representing theory and composition disciplines. Admission to this Major will be based on the candidate's: i) submitted work, ii) interview, iii) achievement in Music 1107, 1108, 2107, 2108 and all elective music theory courses as well as any technology courses, iv) general academic achievement, and v) potential for a career and/or graduate work in music theory or composition.  

7.1.3 History and Literature of Music  

This program is recommended for those candidates interested in research in music and/or media professions. Candidates for this Major must apply in writing to the Director by February 15th in the semester during which they are registered for Music 2003, submitting up to three pieces of relevant work with their application, including essays or analyses written either in the context of academic course work or independently. Candidates for this Major will be interviewed by a panel of faculty representing musicology and ethnomusicology disciplines. Admission to this Major will be based on the candidate's: i) submitted work, ii) interview, iii) achievement in Music 1107, 1108, 2102, 2103 and all elective music history courses, as well as English and research/writing courses, iv) general academic achievement, and v) potential for a career and/or graduate work in music history and literature, journalism or a related field.  

7.1.4 General Musical Studies  

This program is recommended for those candidates who wish a broad knowledge of music that would prepare them for a variety of career and advanced study options. Students have the option of including a Minor in a discipline other than Music, in which case they must meet all prerequisites and requirements for the Minor. The subject of the candidate's Minor shall be that declared by the candidate on the Change of Academic Program Form which is available at www.mun.ca/regoff/registration/Declare_Change_Academic_Program.pdf or in-person at the Office of the Registrar. Students who intend to apply for admission to the Bachelor of Music Education as a second degree program should consult with the Director and with the Faculty of Education regarding course selection. Candidates for the General Musical Studies Major need not submit an application. All candidates who have not been admitted to another Major by the end of their fourth semester in the Bachelor of Music program will automatically be admitted to the General Musical Studies Major.  

7.1.5 Joint Major in Music Performance and History and Literature of Music  

This program is recommended to those candidates who have both advanced performance skills and an interest in musicology and research. Students who are planning careers in specialized performance, music editing or as university-based musicians are encouraged to consider this Major. Candidates must fulfill the requirements for admission to both the Performance and Music History and Literature Majors.  

7.1.6 Joint Major in Music Performance and Theory and Composition  

This program is recommended to those candidates who have both advanced performance skills and an interest in music theory and composition. Students who are planning careers in performance, music editing, conducting, arranging, composing or as university-based musicians are encouraged to consider this Major. Candidates must fulfill the requirements for admission to both the Performance and Theory and Composition Majors.  

7.1.7 Bachelor of Music Conjoint With Bachelor of Music Education  

This program is offered with the Faculty of Education, and is recommended for candidates planning to pursue a career in Music
Education. Candidates for the Conjoint Degrees program must meet the Faculty of Education’s admission requirements for the Bachelor of Music Education Conjoint Degree program. Applications must be submitted to the Faculty of Education by January 15 for admission in the following Fall Semester.

7.2 Core Program
All Bachelor of Music students, regardless of Major, must complete the following courses (53 credit hours) as outlined below:

1. **Applied Music** (8 credit hours): 140A/B, 240A/B
3. **Music Theory** (22 credit hours):
   a. **Written Theory**: 1107, 1108, 2107, 2108, 3107
   b. **Aural Skills**: 1117, 1118, 2117, 2118, 3117
   c. **Keyboard Harmony**: 1127 or 1137, 1128 or 1138, 2127 or 2137, 2128 or 2138
4. **Ensemble I**: one (1) credit hour from Music 3517 or 3518
5. **Ensemble II**: 10 credit hours according to Principal Applied Study below:
   a. **Voice**:Music 2700 and 2701, and 2 credit hours from Music 2611-2612, plus 6 additional credit hours from Music 2611, 2612, 2616, 2617. Students will be placed in one of these ensemble courses during each semester in which they are enrolled in Principal Applied Study. The assignment will be based on their ensemble audition, the appropriateness of the ensemble for the student's musical development and program of study, and the need to create balanced ensembles.
   b. **Piano, Organ, or Guitar**: 2 credit hours of music electives chosen from courses beyond the 1000 level, and 2 credit hours from Music 2611-2612, plus 6 additional credit hours from Music 2611-2620. Students will be placed in one of these ensemble courses during each semester in which they are enrolled in Principal Applied Study. The assignment will be based on their ensemble audition, the appropriateness of the ensemble for the student's musical development and program of study, and the need to create balanced ensembles.
   c. **All other Principal Applied Study, i.e. percussion or a string or wind instrument**: 2 credit hours from Music 2611-2612, plus 8 credit hours from Music 2613, 2614, 2615, 2619, 2620. Students will be placed in two of these ensemble courses during each semester in which they are enrolled in Music 140A/B and in one ensemble course during each subsequent semester of Principal Applied Study. Ensemble assignments will be based on their ensemble auditions, the appropriateness of the ensemble for the student's musical development and program of study, and the need to create balanced ensembles.
6. The remaining credits for the degree are determined according to the student’s Major, as below.

7.3 Performance Major
To be awarded the degree of Bachelor of Music in Performance, a candidate shall comply with the School’s regulations, and successfully complete a minimum of 124 credit hours, including 53 credit hours in the **Core Program**. The remaining 71 credit hours will be chosen as follows:

1. **Music 345A/B, 445A/B**.
2. Three credit hours chosen from Music Theory courses beyond the 2000 level.
3. Six credit hours from Music 2615, 2616, 2617, 265A/B, 3500, 3510-3518.
4. Twenty-six additional credit hours from Music courses beyond the 1000 level, including:
   a. At least 12 credit hours chosen from courses beyond the 2000 level in Music History and Music Theory.
   b. A maximum of 4 credit hours from Music 2611-2614, 2619, 2620, and 263A/B, in addition to those outlined under the **Core Program**.
   c. A maximum of 9 credit hours from Music 2615, 2616, 2617, 265A/B, 3500, 3510-18 in addition to those required in 3. above and under the **Core Program**.
   d. A maximum of three of the following courses may be substituted for Music electives: Education 2510, 2520, 2530, 3920, 3925, the former 4835, the former 4845.

Note: Music Education Majors have priority in registering for these courses and spaces may not be available for Performance Majors.

PR: Music 140B in voice
UL: not available to students with two or more credits in the former Music 3761. No more than 4 credits of Music 3761/3762/3763 may be used towards the Bachelor of Music degree.

3763 Vocal Pedagogy II has topics selected from: managing a teaching studio, communications in studio teaching dealing with performance anxiety and other topics of importance to studio voice instruction, as well as the application of topics covered in Music 3762.

CH: 2
PR: Music 140B in voice and 3762
UL: not available to students with two or more credits in the former Music 3761. No more than 4 credits of Music 3761/3762/3763 may be used towards the Bachelor of Music degree.

3774 Piano Pedagogy is designed to provide students with a basic knowledge of resources and pedagogical approaches used in piano studio teaching at various levels. May include guest masterclasses and lectures.

CO: Music 140B or permission of the instructor
PR: the former Music 3772

440A/B Principal Applied Study IV is a continuation of Music 340A/B, for students whose Major is other than Performance. One hour per week of individual instruction.

AR: attendance is required at School of Music recitals
CH: 4
CO: one of Music 2611-2620 in accordance with Ensemble II listed under the Core Program
CR: Music 445A/B
PR: Music 340A/B and successful completion of Music 2003, 2108, 2118 and 2128 or 2138.

445A/B Principal Applied Study IV - Performance is a continuation of Music 345A/B. One hour per week of individual instruction. Students are required to present a public recital consisting of 50 to 60 minutes of music with program notes. This recital will normally take place in the second semester, before the last day of classes. A minimum grade of 75% is required to pass Music 445B.

AR: attendance is required at School of Music recitals
CH: 4
CO: one of Music 2611-2620 in accordance with Ensemble II listed under the Core Program
CR: Music 445A/B
PR: Music 345A/B and successful completion of Music 2003, 2108, 2118 and 2128 or 2138; open only to Performance Majors

4503 Special Topics in Applied Music will have topics to be studied announced by the School of Music.

CH: 1 per semester
UL: may only obtain a maximum of 3 credit hours

4504 Special Topics in Applied Music will have topics to be studied announced by the School of Music.

CH: 2 per semester
UL: may only obtain a maximum of 4 credit hours

4505 Special Topics in Applied Music will have topics to be studied announced by the School of Music.

CH: 3 per semester
UL: may only obtain a maximum of 6 credit hours

12.2 Ensemble Techniques Courses

All courses in ensemble techniques are available only to candidates for the degree of Bachelor of Music except where specified.

2311 Voice/Choral Materials I is a practical study, in a class situation, of vocal production, choral conducting and rehearsal techniques. This course is open to Bachelor of Music degree students and students in the Music Concentration Program for the Bachelor of Education (Primary or Elementary) degree.

2312 Voice/Choral Materials II is a continuation of Music 2311.
PR: Music 2311

2321 Brass Techniques I meets one hour per week. Practical study, in a class situation, of the basic techniques of playing brass instruments.

CH: 1

2322 Brass Techniques II meets one hour per week. A continuation of Music 3221. Students whose Principal Applied Study is a brass instrument must have the permission of the instructor to take this course.

CH: 1
PR: Music 3221

2323 Flute Techniques meets one hour per week. Practical study, in a class situation, of the basic techniques of playing the flute.

CH: 1
UL: may not be taken for credit by students whose Principal Applied Study is flute.

2324 Double Reed Techniques meets one hour per week. Practical study, in a class situation, of the basic techniques of playing the oboe, bassoon, and other woodwinds.

CH: 1
PR: permission of the instructor for students whose Principal Applied Study is oboe or bassoon.

2341 Upper String Techniques meets one hour per week. Practical study, in a class situation, of the basic techniques of playing the violin and viola.

CH: 1
UL: may not be taken for credit by students whose Principal Applied Study is violin or viola.

2342 Lower String Techniques meets one hour per week. Practical study, in a class situation, of the basic techniques of playing the cello and string bass.

CH: 1
PR: permission of the instructor for students whose Principal Applied Study is cello or string bass.

2361 Guitar techniques meets one hour per week. Practical study, in a class situation, of the basic techniques of playing the guitar.

UL: may not be taken for credit by students whose Principal Applied Study is guitar.

2371 Organ techniques meets one hour per week. Practical study, in a class situation, of the basic techniques of playing the organ.

CH: 1
PR: permission of the instructor for students whose Principal Applied Study is not piano.

2372 Harpsichord Techniques meets one hour per week. Practical study in a class situation of the basic techniques of playing the harpsichord.

CH: 1
PR: permission of the instructor for students whose Principal Applied Study is not piano or organ.

2381 Percussion Techniques I meets one hour per week. Practical study, in a class situation, of the basic techniques of playing percussion instruments.

CH: 1
UL: may not be taken for credit by students whose Principal Applied Study is percussion.

2382 Percussion Techniques II meets one hour per week and is a continuation of Music 3281.

CH: 1
PR: Music 3281
UL: may not be taken for credit by students whose Principal Applied Study is percussion.

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
311 Instrumental Conducting I meets one hour per week and is practical study of conducting and rehearsal techniques for band and orchestra.
CH: 1
CO: Music 3313
PR: Music 2311

PR: Music 3315

411 Advanced Choral Conducting - inactive course.

412 Advanced Instrumental Conducting - inactive course.

413 Instrumental Conducting III (1 credit hour) - inactive course.

12.3 Music Theory Courses

1107 Materials and Techniques of Music I is the study of the basic materials of the common-practice period, including a review of rudiments with emphasis on building an understanding of the underlying concepts involved; introduction to melody writing; introduction to voice leading with emphasis on chorale style; analysis and composition of smaller formal elements. This course meets three hours per week.
CO: Music 1117
CR: the former Music 110A, the former Music 1113
PR: Music 1120 with a minimum mark of 75% or successful completion of the Theory Placement Test.

1108 Materials and Techniques of Music II is a continuation of Music 1107. Harmonic vocabulary is expanded to include all diatonic triads and seventh chords, with an introduction to chromatic harmony; beginning study of writing for keyboard and band/orchestra instruments; analysis and composition of small binary and ternary forms, introduction to jazz harmony. This course meets three hours per week.
CR: the former Music 110B, the former Music 1114
PR: Music 1107.

1116 Basic Musicianship is an introduction to sight-singing and dictation for students whose level of preparation is not adequate for Music 1117. This course meets two hours per week.
CH: 1
UL: not applicable to the Bachelor of Music degree.

1117 Aural Skills I is a course on sight-singing and dictation. This course meets two hours per week.
CH: 1
CO: Music 1107
PR: a minimum grade of 75% in Music 1116 or successful completion of the Theory Placement Test.

1118 Aural Skills II is a continuation of Music 1117. This course meets two hours per week.
CH: 1
PR: Music 1107, 1117

1120 Rudiments I is an introductory course in music rudiments and theory. Development of aural skills is emphasized. This course meets three hours per week.
UL: not applicable to the Bachelor of Music degree.

1127 Keyboard Harmony I is an introduction to practical keyboard harmony skills. This course meets one hour per week.
CH: 0
CO: Music 1107
PR: Music 1107, successful completion of the Piano Proficiency Test.
UL: may not be taken for credit by students whose Principal Applied Study is a keyboard instrument.

1128 Keyboard Harmony II is a continuation of Music 1127. This course meets one hour per week.
CH: 1
PR: Music 1107, 1127
UL: may not be taken for credit by students whose Principal Applied Study is a keyboard instrument.

1137 Advanced Keyboard Harmony I is keyboard harmony skills for keyboard players. This course meets one hour per week.
CH: 0
CO: Music 1107
PR: Music 1107, permission of the instructor for students whose Principal Applied Study is not a keyboard instrument.

1138 Advanced Keyboard Harmony II is a continuation of Music 1137. This course meets one hour per week.
CH: 1
PR: Music 1107, 1137, permission of the instructor for students whose Principal Applied Study is not a keyboard instrument.

2107 Materials and Techniques of Music III is a study of chromatic harmony with emphasis on both writing and analysis. Continuing studies in techniques of orchestration; study of larger binary and compound ternary forms. This course meets three hours per week.
CR: the former Music 210A, the former Music 2113
PR: Music 1108

2108 Materials and Techniques of Music IV is a continuing study of chromatic harmony with an emphasis on enharmonic modulation and other advanced chromatic techniques. Introduction to Impressionism; introduction to selected 20th-century compositional techniques; use of form in late 19th- and 20th-century composition. Written work will include both analysis and composition exercises in the styles studied. This course meets three hours per week.
CH: 3
CR: the former Music 210B, the former Music 2114
PR: Music 2107

2117 Aural Skills III is a continuation of Music 1118. This course meets two hours per week.
CH: 1
PR: Music 1108, 1118

2118 Aural Skills IV is a continuation of Music 2117. This course meets two hours per week.
CH: 1
PR: Music 2107, 2117

2127 Keyboard Harmony III is a continuation of Music 1128. This course meets one hour per week.
CH: 0
PR: Music 1108, 1128
UL: may not be taken for credit by students whose Principal Applied Study is a keyboard instrument.

2128 Keyboard Harmony IV is a continuation of Music 2127. This course meets one hour per week.
CH: 1
PR: Music 2107, 2127
UL: may not be taken for credit by students whose Principal Applied Study is a keyboard instrument.

2137 Advanced Keyboard Harmony III is a continuation of Music 1138. This course meets one hour per week.
CH: 0
PR: Music 1108, 1138, permission of the instructor for students whose Principal Applied Study is not a keyboard instrument.

2138 Advanced Keyboard Harmony IV is a continuation of Music 2137. This course meets one hour per week.
CH: 1
PR: Music 2107, 2137, permission of the instructor for students whose Principal Applied Study is not a keyboard instrument.

3100 Composition I is an introduction to basic compositional techniques and their application through the writing of original music for choral and/or instrumental resources. No previous training in composition is required.
PR: Music 1108

3104 Electronic Music Studio Techniques I is a course designed to give basic instruction in the theory, technique, and philosophy of electronic music composition. Students obtain the skills necessary to operate the equipment of an electronic music studio (including mixers, synthesizers, and samplers) and to use them in appropriate and creative ways. Objectives of the course are achieved through lecture, lab experiences, listening and practical

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; GC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
application.

PR: Music 1108

3105 Twentieth Century Harmony is a study of compositional devices used in the twentieth century. Topics include minimalism, new tonality, aleatorism, atonality, set theory, serial techniques, and electronic music.

PR: Music 2108

3106 Sixteenth-Century Counterpoint is a course combining the analytical study of 16th-century sacredpolyphony with an emphasis on the development of compositional skills in this style. Students will be required to write two- and three-part counterpoint exercises and a motet. The principal composers studied will be Palestrina, Lassus and Victoria. Some listening and singing assignments are required.

PR: Music 1108

3107 Materials and Techniques of Music V is a study of major post-Baroque forms and genres, including sonata, rondo, sonata-rondo, variation, symphony, and concerto, as well as selected sixteenth-century styles and techniques. This course meets three hours per week.

CR: the former Music 310B, the former Music 3114

3120 Music History I is a continuation of Music 1002. An intensive survey, 1003 Music History II expressing historical concepts. This course has strong listening and writing components. This course meets three hours per week.

PR: Music 1003

3100 Music History IV is a continuation of Music 2002. An intensive survey, through selected compositions, of the development of musical styles in the Western world from post-Romanticism and Impressionism to the present, including reference to the history of music in Canada. This course has strong listening and writing components. This course meets three hours per week.

PR: Music 2002

2011 North American Popular Music is a survey of the major genres of North American popular music from the beginning of the 20th century to the 1970's. The course has three organizing themes: 1) the influence of European American music, African-American music, and Latin American music on popular music, 2) the relationship between popular music, capitalism, and technology, and 3) popular music as a medium for the portrayal of identity. This course has a strong listening component. The ability to read music is not required.

UL: not applicable to the Bachelor of Music Degree.

2012 Understanding Classical Music: Introduction Through Guided Listening is a course designed to enhance and develop listening skills and an understanding of the basic elements of form and musical style. Western classical music will be explored within a cultural and historical context. Through guided listening, the student will be exposed to a variety of musical styles and traditions. This course has a strong listening component. The ability to read music is not required.

CR: Music 1002, 1003 or the former Music 1000, 1001, 1010, 1020 or 1021

UL: not applicable to the Bachelor of Music Degree.

2013 Twentieth-Century Musicals (same as English 2013) is a survey of twentieth-century musical theatre. Selected works, presenting different stylized periods, will be examined in detail. There will be a strong, required listening/viewing component to this course. The ability to read music is not required.

CR: Music 3007, English 2013

UL: not applicable to the Bachelor of Music Degree.

2021 Newfoundland and Labrador Folksinging is an introduction to the sociocultural contexts, functions, and meanings of folksong in Newfoundland and Labrador. Proceeding from this contextual base drawn from oral and scholarly histories, the course offers practical instruction by a tradition-bearer in the singing of traditional Newfoundland and Labrador tunes and texts, using the techniques of aural transmission and assisted by the written medium where appropriate.

UL: not applicable to the Bachelor of Music Degree.

2022 Newfoundland and Labrador Fiddling is an introduction to the sociocultural contexts, functions, and meanings of fiddling in Newfoundland and Labrador. Proceeding from this contextual base drawn from oral histories, the course offers practical instruction by a tradition-bearer on the fiddle, using the techniques of aural transmission and assisted by the written medium where appropriate.

UL: no more than three credits from the 2021-2023 series may be applied toward the Bachelor of Music Degree as unspecified music electives

2023 Newfoundland and Labrador Accordion is an introduction to the sociocultural contexts, functions, and meanings of accordion music in Newfoundland and Labrador. Proceeding from this contextual base drawn from oral histories, the course offers practical instruction by a tradition-bearer on the button accordion, using the techniques of aural transmission and assisted by the written medium where appropriate.

UL: no more than three credits from the 2021-2023 series may be applied toward the Bachelor of Music Degree as unspecified music electives

1002 Music History I is an intensive survey, through selected compositions, of the development of musical styles in Europe from ancient times to the end of the Medieval period. The course will introduce the student to the terms, names and dates of music history, to theories of history, to stylistic analysis of specific works through musical scores and recordings, and to methods for expressing historical concepts. This course has strong listening and writing components. This course meets three hours per week.

PR: Music 1120 or successful completion of theory placement test or admission to the Bachelor of Music degree program.

1003 Music History II is a continuation of Music 1002. An intensive survey, through selected compositions, of the development of musical styles in Europe in the Renaissance and Baroque periods. This course has strong listening and writing components. This course meets three hours per week.

PR: Music 1002

12.4 Music History Courses

2002 Music History III is a continuation of Music 1003. An intensive survey, through selected compositions, of the development of musical styles in Europe in the Classical and Romantic Periods. This course has strong listening and writing components. This course meets three hours per week.

PR: Music 1003

2003 Music History IV is a continuation of Music 2002. An intensive survey, through selected compositions, of the development of musical styles in the Western world from post-Romanticism and Impressionism to the present, including reference to the history of music in Canada. This course has strong listening and writing components. This course meets three hours per week.

PR: Music 2002

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; GC = Grade of C or higher required; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
3006 The History of the Concerto is a study of the development of the concerto from the late Baroque until the present day. Selected compositions, representing different styles and periods, will be examined in detail. This course has a strong listening component.
PR: Music 2002

3007 A History of Popular Music in Drama is a survey of popular music styles in drama from the rise of the Singspiel to the musicals of Andrew Lloyd Weber. Selected works, representing different styles and periods, will be examined in detail. This course has a strong listening component.
CR: Music 2013, English 2013
PR: Music 2107 or permission of the instructor

3014 World Music: Musics of Asia and Oceania is an examination of musical theory, genres, instruments, aesthetics, and functions of music in Asia and Oceania, including the classical music of the Indian subcontinent, ritual musics of East Asia, gong-chime ensembles of Southeast Asia, and traditional musics of Polynesia and Australia. This course has a strong listening component.
PR: Music 1120 with a minimum mark of 75% or equivalent and completion of at least 24 credit hours of university course work.

3015 World Music: Music of Africa and the Americas is an examination of musical theory, genres, instruments, aesthetics, and functions of music in Africa and the Americas, including traditional African musics, neo-African musics of the Americas, Native American musics, and traditional South American musics. This course has a strong listening component.
PR: Music 1120 with a minimum mark of 75% or equivalent and completion of at least 24 credit hours of university course work.

3016 Canadian Musical Traditions is a survey of musical streams in Canadian music history from colonial times to the present, including indigenous and transplanted musical traditions, and Canadian art music. This course has a strong listening component.
PR: Music 1120 with a minimum mark of 75% or equivalent and completion of at least 24 credit hours of university course work.

3017 Music, Song and Tradition (same as Folklore 3200) introduces students to a wide range of traditional song. Students will hear and discuss local, regional and international examples. Ability to read music or familiarity with music theory not required.
CH: 3
CR: FOLK 3200, the former FOLK 4445

3018 Jazz and Blues: The Roots of Popular Music (same as Folklore 3618) is an overview of blues and jazz as traditional musical forms. Lectures and listening will illustrate the development of regional music cultures and generic styles. To better understand the shift of blues and jazz from regional to global performance contexts, the course will examine the effects of changing transmission media, from predominantly sensory media through contemporary media technologies. A term paper concerning musical style will entail library research and aural analysis.
CR: Folklore 3618

3060 Voice Literature and Performance Practice is a survey of selected solo vocal repertoire from the Renaissance to the present day. Stylistic development and performance practices will be emphasized.
PR: Music 140B in voice or permission of the instructor

3070 Piano Literature and Performance Practice is a survey of piano repertoire from the Baroque era to the present day. Stylistic development and performance practices will be emphasized.
PR: Music 140B in piano or permission of the instructor

4001 The First Viennese School - inactive course.

4002 Studies in Baroque Music is an examination of aspects of musical style and performance practices in the baroque period through the study of selected topics and specific musical examples. The course includes reading assignments, listening, score reading, and taking part in class demonstrations.
PR: Music 1003

4003 Special Topics in Music History will be announced by the School of Music.
CH: 1 per semester
UL: may only obtain a maximum of 3 credit hours

4004 Special Topics in Music History will be announced by the School of Music.
CH: 2 per semester
UL: may only obtain a maximum of 4 credit hours

4005 Special Topics in Music History will be announced by the School of Music.
UL: may only obtain a maximum of 6 credit hours

4094 Introduction to Music Research is a study of bibliography and various aspects of research methods appropriate to the study of music. Students will participate in group and individual projects, and give a seminar presentation in class.
PR: Music 2003

4095 Graduating Essay is directed study which will result in the production of an original paper dealing with a topic of historical musical significance. This course is restricted to History and Literature of Music Majors.
PR: Music 4094

4440 Music and Culture (same as Folklore 4440 and the former Anthropology 4440) examines traditional music as an aspect of human behaviour in Western and non-European cultures. Examination of the functions and uses of music; folk-popular-art music distinctions; and the relation of style to content. Outside reading, class exercises and individual reports will be required.
CR: Folklore 4440, the former Anthropology 4440

3040 The Baroque Concerto is an examination of aspects of musical style and performance practices in the baroque period through the study of selected topics and specific musical examples. The course includes reading assignments, listening, score reading, and taking part in class demonstrations.
PR: Music 2003

1 The Memorial University of Newfoundland Code
The attention of all members of the University Community is drawn to the section of the University Calendar titled The Memorial University of Newfoundland Code, which articulates the University’s commitment to maintaining the highest standards of academic integrity.

2 School Description
The origin of Memorial University of Newfoundland School of Nursing dates back to August 1963 when the Association of Registered Nurses of Newfoundland submitted a brief to the University calling for the establishment of a baccalaureate program in nursing. In September 1966, the first students were admitted to the undergraduate degree program. Over its 42 year history, the School has remained responsive to the changing needs of nursing within the province and in Canada and consequently has developed and changed over time.

The educational, research and scholarly activities of the School and its faculty draw upon knowledge from the arts and sciences and from nursing and other health professions. The School and its faculty are also involved in many community outreach and professional service activities. While being responsive to national and international needs, the School acknowledges its primary responsibility to the people of Newfoundland and Labrador.

The School offers undergraduate degree programs on campus to prepare entry-level nurses for practice, and by distance for registered nurses with a diploma in nursing. A graduate degree, the Master of Nursing, is offered by the School of Graduate Studies.

Students must meet all regulations of the School in addition to those stated in the general regulations. For information concerning fees and charges, admission/readmission to the University, and general academic regulations (undergraduate), refer to UNIVERSITY REGULATIONS.

Further information regarding the School of Nursing is available at www.mun.ca/nursing/about_us/.

2.1 Vision Statement
The School of Nursing provides innovative leaders in nursing education and research provincially, nationally and internationally by developing quality learning and scholarship environments. Graduates of the School of Nursing will be prepared to embrace the challenges of providing health care and will be responsive to human diversity while improving health for all.

2.2 Mission Statement
The School of Nursing’s mission provides leadership and advances knowledge in nursing education, practice and research with the goal of promoting health and well-being.

2.3 Accreditation Status and Approval Status

2.3.1 Accreditation Status
The School of Nursing’s Bachelor of Nursing (Collaborative) and the Bachelor of Nursing (Post-RN) programs are accredited to 2015 by the Canadian Association of Schools of Nursing (CASN). This seven year award is the highest award given to Schools of Nursing in Canada.

2.3.2 Approval Status
The School of Nursing’s Bachelor of Nursing (Collaborative) and the Bachelor of Nursing (Post-RN) programs are approved to 2015 by the Association of Registered Nurses of Newfoundland and Labrador (ARNNL). The ARNNL approval designation assures both the public and our students that these programs prepare ethical entry-level practitioners who provide safe quality health care. These program graduates meet the requirements for licensure and professional practice as registered nurses in Newfoundland and Labrador.

3 Description of Programs
All courses of the School are designated by the abbreviation NURS.

3.1 General
The School of Nursing offers an undergraduate program leading to a Bachelor of Nursing to prepare entry-level nurses. To meet the
licensing requirements for practising nursing in Canada, students must write the Canadian Registered Nurse Exam (CRNE). To be eligible to write the CRNE, candidates must graduate from an approved program offered by a School of Nursing and be recommended by the School of Nursing. In order to be recommended for the CRNE, a student must complete a comprehensive examination set by the Bachelor of Nursing (Collaborative) Program. All costs associated with these exams are the responsibility of the student.

The School of Nursing also offers an undergraduate program leading to a Bachelor of Nursing for nurses with a diploma in nursing. Students in the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option program must meet the licensing requirements for practising as a Nurse Practitioner in Newfoundland and Labrador by writing the Canadian Nurse Practitioner Family/All Ages Examination. To be eligible to write the examination, candidates must graduate from an approved School of Nursing and be recommended by the School of Nursing. In order to be recommended for the Nurse Practitioner licensure examination students must complete a comprehensive examination set by the School of Nursing. All costs associated with these exams are the responsibility of the student.

3.1.1 Bachelor of Nursing (Collaborative) Program

This four year program is designed to prepare competent entry-level nurses who will function within a variety of health care settings. The graduate is prepared to assume the roles of direct care giver, educator, counsellor, advocate, facilitator, co-ordinator of care, researcher, leader, and member of the nursing profession. This full-time program is comprised of 130 credit hours. Please note, the last semester of the fourth year extends beyond the normal University semester end date.

The School of Nursing depends on the cooperation and involvement of a large number of organizations and professional personnel in providing quality clinical placements and instruction to its students. These agencies often have a range of requirements, some of which include, a Certificate of Conduct, a Child Protection Record Check, immunizations, a First Aid Certificate, and a CPR certificate. Students unable to meet these agency requirements may be delayed in their program or prevented from completing their program of studies. All students are required to complete these requirements in a timely fashion and at their own expense. Many of these requirements must be updated annually. In order to satisfy clinical practice requirements for the Bachelor of Nursing (Collaborative) program, clinical agencies may be used 24 hours a day, seven days a week. Students may be required to attend during any of these times.

This program is offered at Memorial University of Newfoundland School of Nursing, the Centre for Nursing Studies, and the Western Regional School of Nursing. Information regarding the Centre for Nursing Studies is available at www.cns.nf.ca, and information regarding the Western Regional School of Nursing is available at www.swgc.mun.ca/nursing.

3.1.2 Bachelor of Nursing (Collaborative) Fast-Track Option

The Fast-Track option is also designed to prepare competent entry-level nurses, however it is geared to students with well-developed university-level study skills. This full-time option is for current degree holders or those with advanced standing and is comprised of 94 credit hours. This option is taken over six consecutive semesters, i.e. two calendar years. Please note, the last semester of the second year extends beyond the normal University semester end date.

The School of Nursing depends on the cooperation and involvement of a large number of organizations and professional personnel in providing quality clinical placements and instruction to its students. These agencies often have a range of requirements, some of which include, a Certificate of Conduct, a Child Protection Record Check, immunizations, a First Aid Certificate, and a CPR certificate. Students unable to meet these agency requirements may be delayed in their program or prevented from completing their program of studies. All students are required to complete these requirements in a timely fashion and at their own expense. Many of these requirements must be updated annually.

This option is offered at Memorial University of Newfoundland School of Nursing and Western Regional School of Nursing. Information regarding the Western Regional School of Nursing is available at www.swgc.mun.ca/nursing.

3.1.3 Bachelor of Nursing (Collaborative) LPN Bridging Option

This option provides a career ladder for Licensed Practical Nurses (LPNs). This option offers students a combination of 25 unspecified transfer nursing credit hours for the successful completion of a nursing bridging course taken during the Bridging Semester and the recognition of prior nursing knowledge and clinical experience obtained through previous LPN education and work experiences. The Nursing Bridging course will prepare students to enter the second year of the degree program, thereby decreasing the length of the program and its inherent costs.

The School of Nursing depends on the cooperation and involvement of a large number of organizations and professional personnel in providing quality clinical placements and instruction to its students. These agencies often have a range of requirements, some of which include, a Certificate of Conduct, a Child Protection Record Check, immunizations, a First Aid Certificate, and a CPR certificate. Students unable to meet these agency requirements may be delayed in their program or prevented from completing their program of studies. All students are required to complete these requirements in a timely fashion and at their own expense. Many of these requirements must be updated annually. In order to satisfy clinical practice requirements for the Bachelor of Nursing (Collaborative) program, clinical agencies may be used 24 hours a day, seven days a week. Students may be required to attend during any of these times.

This program is offered at the Centre for Nursing Studies. Information regarding the Centre for Nursing Studies is available at www.cns.nf.ca.

3.1.4 Bachelor of Nursing (Post-RN) Program

This program is designed to build on the knowledge and competencies that registered nurses acquire in their diploma program. The program content and learning activities are intended to broaden students' theoretical base within the context of health promotion and to provide opportunities for students to enhance skills such as critical thinking and research application. The program is offered entirely by distance education. The program is designed for the convenience of registered nurses who wish to continue their education but cannot attend a university campus. The full-time or part-time program is comprised of 108 credit hours.

3.1.5 Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option

This option is a time-limited transitional offering consisting of six semesters full time or eleven semesters part-time. This option is primarily through distance delivery but there is a residency requirement in each semester. The full or part-time option is comprised of 111 credit hours. Maximum enrolment is sixteen per full-time and part time options.
4 Admission/Readmission Regulations for the School of Nursing

Applicants requiring additional information may e-mail nursingadmissions@mun.ca.

In addition to meeting the UNIVERSITY REGULATIONS students must meet the admission/readmission regulations for the School of Nursing.

4.1 General Information

1. Entry to the Bachelor of Nursing (Collaborative) four year and Fast-Track Option, the LPN Bridging option, and to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option are competitive for a limited number of placements. Meeting the minimum requirements for admission does not guarantee acceptance into the selected program. The final decision on admission rests with the relevant Admissions Committee of the School.

2. Admission or readmission to the University does not necessarily constitute admission or readmission to any program.

3. Selection of candidates for Bachelor of Nursing (Collaborative) four year and Fast-Track two year Option, and to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option is based on academic performance, relevant work and volunteer experience, references and personal statements.

4. Admission to the Bachelor of Nursing (Collaborative) Fast-Track Option is competitive for a limited number of places. Selection of candidates is based on:
   - a minimum grade point average of 3.0 on a 4 point scale in their degree program for applicants who have completed a bachelor degree;
   - a minimum overall grade point average of 3.0 on a 4 point scale in the twelve courses, 36 credit hours required for admission for applicants for advanced standing;
   - evidence of ability to successfully maintain a full course load; and
   - other criteria considered suitable for professional practice in nursing.

5. Admission to the Bachelor of Nursing (Collaborative) LPN Bridging Option is on the basis of competition for a limited number of seats. Selection of candidates will be based on:
   - academic performance in the practical nursing program and in any university courses taken to date.
   - evidence of ability to successfully maintain a full course load.
   - other criteria considered suitable for professional practice in nursing.
   - Admission to the program is denied to any student if, in the judgment of the Joint Admissions Committee, s/he is deemed unsuitable for admission.
   - Applicants must provide two letters of reference (one reference regarding academic performance and one from a current employer regarding clinical performance).

6. For all programs, other than the Bachelor of Nursing (Post-RN), priority is given to applicants who are residents of Newfoundland and Labrador.

7. In addition to the regular quota positions, up to three additional positions per year are available in the Bachelor of Nursing (Collaborative) four year option program for applicants of aboriginal ancestry who have met the admission requirements. Applicants must send a letter of request at the time of application and provide documentation of aboriginal ancestry.

8. Applicants are required to submit a health assessment and a complete record of current immunizations at the beginning of all programs except for the Bachelor of Nursing (Post-RN) when they must be submitted prior to commencing any Nursing course with a clinical component.

9. Bachelor of Nursing (Collaborative) Fast-Track, Bachelor of Nursing (Collaborative) LPN Bridging Option, and Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care applicants may be requested to attend an interview.

10. Evidence of certification in Standard First Aid and Basic Life Support (CPR) level HCP, offered by The Canadian Red Cross or St. John Ambulance is required by applicants to all programs except the Bachelor of Nursing (Post-RN). Certification obtained from other organizations will be accepted if deemed equivalent by the School of Nursing.

4.2 Application Forms and Deadlines

1. All programs and their options, other than the Bachelor of Nursing (Post-RN) program, commence in the Fall semester. The deadline for application to the Bachelor of Nursing (Collaborative) Program, 4 year and Fast-Track 2 year option and Bachelor of Nursing (Collaborative) LPN Bridging Option is March 1st. The Bachelor of Nursing (Post-RN) Option applications for admission are accepted on an ongoing basis.

2. Students applying for admission to Bachelor of Nursing degree programs must submit the appropriate supplementary Undergraduate Application for Admission/ Readmission to the University and supporting documents as specified on the application. The applications for admission to the 4-Year and Fast Track Options of the Bachelor of Nursing (Collaborative) and to the Bachelor of Nursing (Post RN) degree are available online through the University’s Online General Undergraduate Application for Admission/ Readmission which can be found at www.mun.ca/become. The Bachelor of Nursing (Collaborative) LPN Bridging Option application for admission is available at www.mun.ca/nursing/undergrad/post_rn/forms.php. Application forms and other information may also be obtained by contacting the University in writing to the Admissions Office, Office of the Registrar, Memorial University of Newfoundland, St. John's, NL, A1C 5S7, or by e-mail at admissions@mun.ca or through the website at www.mun.ca/regoff/home/.

4.3 Admission Requirements to School Programs

These regulations apply to the Bachelor of Nursing (Collaborative) program 4 year option, Fast-Track 2 year option and LPN Bridging option.

Applicants may apply for admission to School programs under the Categories Of Applicants, Admission Criteria and Other Information outlined under UNIVERSITY REGULATIONS - Admission/Readmission to the University (Undergraduate). In addition to meeting these regulations, applicants in the following categories, must meet the additional requirements as indicated below.

4.3.1 High School Applicants

Applicants from High School may apply for admission only to the Bachelor of Nursing (Collaborative) four year program.

1. High School applicants to the Bachelor of Nursing (Collaborative) program must have completed a high school diploma, or its
equivalent, as certified by the Department of Education of Newfoundland and Labrador. High School Advanced Math is preferred and science courses must include:
- Biology 2201 and 3201 or their equivalents
- Chemistry 3202 or equivalent

### 4.3.2 Memorial University of Newfoundland Applicants

Memorial University of Newfoundland applicants may apply for admission to the Bachelor of Nursing (Collaborative) program 4 year Option, the Fast-Track 2 year Option, and the LPN Bridging Option.

1. Bachelor of Nursing (Collaborative) four year option applicants must have a high school diploma, or its equivalent, as certified by the Department of Education of Newfoundland and Labrador. High School Math is preferred and science courses must include:
   - Biology 2201 and 3201 or their equivalents
   - Chemistry 3202 or equivalent

2. Bachelor of Nursing (Collaborative) Fast-Track two year Option applicants must have successfully completed an undergraduate degree from a recognized university and the following courses prior to admission:
   - Statistics 2500 or equivalent, or Education 2900
   - Biochemistry 1430 or equivalent
   - Biology 3053 or equivalent

or qualify for advanced standing. An applicant who has successfully completed all the non-nursing course requirements of the Bachelor of Nursing (Collaborative) program, and who is in good standing, may qualify for advanced standing. Applicants must demonstrate successful completion of the following 12 courses, 36 credit hours prior to admission:
   - 6 courses, 18 credit hours as follows: 6 credit hours from English, Biochemistry 1430 or equivalent, Biology 3053 or equivalent, Psychology 1000 or equivalent, Statistics 2500 or equivalent or Education 2900;
   - 4 courses, 12 credit hours as follows: 3 credit hours from each of the following: Business, Philosophy 2500, Religious Studies 2610, Political Science, and Sociology, Anthropology, or Archaeology; and
   - 2 courses, 6 additional elective credit hours selected from any credit courses offered by this University.

### 4.3.3 LPN Bridging Applicants

Applicants with a Licensed Practical Nurse designation may apply for admission to the Bachelor of Nursing (Collaborative) LPN Bridging Option.

1. To be considered for admission to the Bachelor of Nursing (Collaborative) LPN Bridging Option applicants must:
   - be a graduate (2002 or later) of an approved Practical Nursing Program, Province of Newfoundland and Labrador;
   - be a Licensed Practical Nurse (copy of certification required);
   - meet the admission requirements for the Bachelor of Nursing (Collaborative) Program listed under Admission/Readmission Regulations for the School of Nursing; and
   - have completed the following high school courses:
     i. Biology 2201 and 3201 or their equivalents
     ii. Chemistry 3202 or equivalent

Admission into the second year of the Bachelor of Nursing (Collaborative) program will be conditional and based on successful completion of the Bridging Semester, which includes the following:

i. Biochemistry 1430 (Fall and Spring Offerings)
ii. Psychology 1000
iii. English (3 credit hours)
iv. A score of 50% on a Mathematics Placement Test or Mathematics 102FN or 3 credit hours in Mathematics.

### 4.3.4 Registered Nurse Designation Applicants

Applicants with a Registered Nurse designation may apply for admission to the Bachelor of Nursing (Post-RN) Distance Option or the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option.

1. Bachelor of Nursing (Post-RN) Distance Option program applicants are accepted on an ongoing basis and must provide:
   - proof of practising Registered Nurse (RN) license. For the purposes of admission a RN is a Nurse who is currently registered in Newfoundland and Labrador or eligible to register in Newfoundland and Labrador, or is currently registered or eligible for registration in the province/country in which the applicant resides. Applicants must have a current, practising licence in the jurisdiction in which they plan to complete courses with a clinical component; and
   - one letter of reference from a current supervisor of nursing position.

2. Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option applicants must provide:
   - proof of practising Registered Nurse (RN) license. For the purposes of admission a RN is a Nurse who is currently registered in Newfoundland and Labrador or eligible to register in Newfoundland and Labrador, or is currently registered or eligible for registration in the province/country in which the applicant resides. Applicants must have a current, practising licence in the jurisdiction in which they plan to complete courses with a clinical component; and
   - a complete application package which includes:
     - an application to the University for those who have not attended Memorial University of Newfoundland in the two preceding semesters;
     - an application to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option that includes a personal statement and description of relevant work experiences;
     - proof of current practising RN license;
     - two letters of reference, one of which must be from the current nursing supervisor or employer;
     - evidence of two years of recent acute care nursing experience;
     - completed health assessment;
completed record of current immunization as outlined on the appropriate School of Nursing form; and
a letter from a primary health care physician or a primary health care nurse practitioner and a health care agency guaranteeing
the applicant a preceptored clinical placement throughout the program.

4.3.5 Transfer Applicants
Transfer applicants may apply for admission to any of the School of Nursing programs.

1. Bachelor of Nursing (Collaborative) four year option applicants must have a high school diploma, or its equivalent, as certified by the
Department of Education of Newfoundland and Labrador. High School Math is preferred and science courses must include:
   - Biology 2201 and 3201 or their equivalents
   - Chemistry 3202 or equivalent

2. Bachelor of Nursing (Collaborative) Program Fast-Track Option applicants must have successfully completed an undergraduate
degree from a recognized university and the following courses prior to admission:
   - Statistics 2500 or equivalent, or Education 2900
   - Biochemistry 1430 or equivalent
   - Biology 3053 or equivalent
   - or qualify for advanced standing. An applicant who has successfully completed all the non-nursing course requirements of the
     Bachelor of Nursing (Collaborative) program, and who is in good standing, may qualify for advanced standing. Applicants must
demonstrate successful completion of the following 12 courses, 36 credit hours prior to admission:
   - 6 courses, 18 credit hours as follows: 6 credit hours from English, Biochemistry 1430 or equivalent, Biology 3053 or equivalent,
     Psychology 1000 or equivalent, Statistics 2500 or equivalent or Education 2900;
   - 4 courses, 12 credit hours as follows: 3 credit hours from each of the following: Business, Philosophy 2500-2599 or Religious
     Studies 2610, Political Science, and Sociology, Anthropology, or Archaeology; and
   - 2 courses, 6 additional elective credit hours selected from any credit courses offered by this University.

3. Bachelor of Nursing (Post-RN) program applicants must provide:
   - proof of practising Registered Nurse (RN) license. For the purposes of admission a RN is a Nurse who is currently registered in
     Newfoundland and Labrador or eligible to register in Newfoundland and Labrador, or is currently registered or eligible for
     registration in the province/country in which the applicant resides; and
   - one letter of reference from a current supervisor of nursing position.

4. Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option applicants must provide:
   - proof of practising Registered Nurse (RN) license. For the purposes of admission a RN is a Nurse who is currently registered in
     Newfoundland and Labrador or eligible to register in Newfoundland and Labrador, or is currently registered or eligible for
     registration in the province/country in which the applicant resides. Applicants must have a current, practising licence in the
     jurisdiction in which they plan to complete courses with a clinical component.
   - a complete application package which includes:
     - an application to the University for those who have not attended Memorial University of Newfoundland in the two preceding
       semesters;
     - an application to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option that includes a personal
       statement and description of relevant work experiences;
     - proof of current practising RN license;
     - two letters of reference, one of which must be from the current nursing supervisor or employer;
     - evidence of two years of recent acute care nursing experience;
     - completed health assessment;
     - completed record of current immunization as outlined on the appropriate School of Nursing form; and
     - a letter from a primary health care physician or a primary health care nurse practitioner and a health care agency
       guaranteeing the applicant a preceptored clinical placement throughout the program.

4.4 Other Information
1. Applicants seeking clinical placements outside of Canada must satisfy the clinical agency’s immunization requirements submitting
documentation of its requirements to that agency at least one month in advance of the start of the semester in which the course will
be taken.
2. Applicants seeking clinical placements within Canada must satisfy the School of Nursing immunization requirements outlined on the
School of Nursing Immunization Requirements form. This documentation must be submitted to the Office of the Registrar in advance
of the start of registration for the semester in which the course will be taken.
5 Program Regulations - General Degrees

5.1 Bachelor of Nursing (Collaborative) Program

1. The four year, 130 credit hour Bachelor of Nursing (Collaborative) program requires 94 NURS credit hours and 36 non-NURS credit hours.

2. The 130 credit hours are recommended to be taken in the academic terms in the sequence as set out in Table 1, 2, or 3 Bachelor of Nursing (Collaborative) Program. These courses will be offered during the same year at all sites, but the semester of course offering may vary with each site.

3. Clinical course hours may occur at any time during the semester. Clinical courses may be offered in whole or in part outside the normal start and end dates of a semester.

4. Selected nursing courses which are designed for the Bachelor of Nursing (Post-RN) program may be used as electives in the Bachelor of Nursing (Collaborative) program with permission of the Committee on Undergraduate Studies and the course instructor.

5.2 Bachelor of Nursing (Collaborative) Fast-Track Option

1. The Bachelor of Nursing (Collaborative) Fast-Track Option is offered at Memorial University of Newfoundland School of Nursing and the Western Regional School of Nursing.

2. The 94 credit hours may be taken in the academic terms as set out in Table 4 Bachelor of Nursing (Collaborative) Fast-Track Option. Nursing 2002 and 2502 run over the first six weeks and Nursing 3012 and 3512 run over the second six weeks. Nursing 2514 and 3514 run consecutively for 6 weeks each.

3. Clinical Courses may be offered in whole or in part outside the normal start and end dates of a semester. In the last semester of the Fast Track option, the last clinical course will finish outside of the end date of Summer semester and may finish as late as the 3rd week in September. Students will be informed of the pertinent dates of clinical courses two semesters in advance.

5.3 Bachelor of Nursing (Collaborative) LPN Bridging Option

1. The Bachelor of Nursing (Collaborative) LPN Bridging Option is only offered at the Centre for Nursing Studies.
2. The three year and one semester 130 credit hour Bachelor of Nursing (Collaborative) LPN Bridging Option requires 69 NURS credit hours, one Bridging semester and 36 non-NURS credit hours.
3. The 130 credit hours are recommended to be taken in the academic terms in the sequence as set out in Table 1, 2, or 3 Bachelor of Nursing (Collaborative) LPN Bridging Option.
4. Selected nursing courses which are designed for the Bachelor of Nursing (Post-RN) program may be used as electives in the Bachelor of Nursing (Collaborative) program with permission of the Committee on Undergraduate Studies and the course instructor.
5. The Nursing Bridging Course is offered at the Centre for Nursing Studies prior to entering the second year of the Bachelor of Nursing (Collaborative) Program. The remaining courses are those regularly scheduled in the Bachelor of Nursing (Collaborative) Program.

5.4 Bachelor of Nursing (Post-RN) Program

1. The 108 credit hour Bachelor of Nursing (Post-RN) program requires 42 credit hours in NURS, 21 non-NURS credit hours, and 45 unspecified transfer NURS credit hours awarded on the basis of successful completion of a diploma program in Nursing.

2. The Committee on Undergraduate Studies, School of Nursing, may recommend that a maximum of 6 transfer credits be awarded for certain post basic nursing courses/programs or for current Canadian Nurses Association certification.

3. Students are required to have a current, practising licence in the jurisdiction in which they plan to complete courses with a clinical component.

5.5 Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option

1. The 111 credit hour Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option requires 57 NURS credit hours, 45 unspecified transfer credits in NURS, and 9 non-NURS credit hours.

2. The 111 credit hours shall be taken in the academic terms in the sequence as set out in Table 7 Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option Two Year Plan (Full-Time) or Table 8, Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option Four Year Plan (Part-Time).

3. Nurse Practitioner courses may be offered in whole or in part outside the normal start and end dates of a semester.

4. 9 elective credit hours comprised of 3 credit hours in English, Statistics 2500 or equivalent of Education 2900 and 3 credit hours from Philosophy 2500-2599 or Religious Studies 2610 are recommended to be completed prior to required courses in both full-time and part-time options as indicated in Table 7 Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option Two Year Plan (Full-Time) and Table 8, Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option Four Year Plan (Part-Time).

6 Promotion Regulations

These regulations apply to all programs except as noted below.

1. The Memorial University of Newfoundland School of Nursing constitutes the examining body for all School of Nursing examinations. The standing of every student will be assessed at the end of each academic semester by the Committee on Undergraduate Studies, and a grade report will be issued by the University Registrar to the individual student.

2. Students are required to achieve a grade of at least 65% or a grade of PAS as appropriate in each of the required nursing courses.

3. Except in the Bachelor of Nursing Fast-Track Option, students failing to achieve the requirements outlined above are permitted to repeat the given nursing course only once. A second failure in a given nursing course will result in withdrawal from the program. In the Bachelor of Nursing (Collaborative) Program Fast-Track option students may be permitted, with special permission from the Directors, to resume studies within the regular stream of the Bachelor of Nursing (Collaborative) Program and are subject to all its academic standards. Accordingly, invoking this clause carries over to the Bachelor of Nursing (Collaborative) Program as a first failure in the relevant course(s).

4. Failure in excess of two nursing courses during the program will result in withdrawal from the Bachelor of Nursing (Collaborative) four year program, the Bachelor of Nursing (Collaborative) LPN Bridging Option, the Bachelor of Nursing (Post-RN), or the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option.

5. Students who are required to withdraw from the Bachelor of Nursing (Collaborative) four year program, the Bachelor of Nursing (Collaborative) LPN Bridging Option, or the Bachelor of Nursing (Post-RN) program, as outlined above in the two preceding clauses, may appeal for readmission after a lapse of two semesters by writing to the Chair, Committee on Undergraduate Studies. Students who are required to withdraw from the program a second time will not be eligible for future admission/readmission to the program.

6. A student may be required to withdraw from a nursing course with a clinical component or from the program at any time, on the recommendation of the Committee on Undergraduate Studies, if the student is deemed unlikely to profit from continued attendance in the nursing course or program and/or is deemed unsafe in a clinical setting. Students who are required to withdraw from the program for any of these reasons will not be eligible for future admission/readmission to the program or the School of Nursing.

7. Students who fail to complete a nursing course in any program, other than the Bachelor of Nursing (Post-RN) program, for a period of three consecutive semesters will be considered to have withdrawn from the program. Students who have not completed a course in the Bachelor of Nursing (Post-RN) program within the last 6 consecutive semesters will be considered to have withdrawn from the program and must apply for re-admission. Students in the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option who fail to complete a nursing course will be considered to have withdrawn from the program and must apply for re-admission.

8. Students in the Bachelor of Nursing (Collaborative) Program, the Bachelor of Nursing (Collaborative) Program Fast-Track Option or the Bachelor of Nursing (Collaborative) LPN Bridging Option who wish to take a leave of absence from the program may do so only with the written permission of the Director or delegate. A leave will be granted for a maximum period of three consecutive semesters. Students on leave who plan to resume their studies must notify the Director in writing one semester prior to registration.

9. Students in the Bachelor of Nursing (Collaborative) Program and the Bachelor of Nursing (Collaborative) Program Fast-Track Option who voluntarily withdraw from the program prior to the conclusion of the first semester of the first year and who wish to return to the program must re-apply in competition as a new applicant.

10. Students in the Bachelor of Nursing (Collaborative) Program, the Bachelor of Nursing (Collaborative) Fast-Track Option, the Bachelor of Nursing (Collaborative) LPN Bridging Option or the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option who voluntarily withdraw from the program, at the conclusion of the first semester of the program, or later, and who wish to return to the program, must appeal for readmission. The letter of appeal must be directed to the Chair, Committee on

7 Waiver of School Regulations

Any student whose request for waiver of School regulations has been denied has the right to appeal. For further information refer to UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Appeal of Regulations.

7.1 General Information

1. The School reserves the right in special circumstances to modify, alter, or waive any School regulation in its application to individual students where merit and equity so warrant in the judgment of the Committee on Undergraduate Studies of the School.

2. All requests must be submitted to the Committee on Undergraduate Studies of the School for consideration. A student requesting a waiver of a School regulation must submit the request in writing to the Chair of the Committee on Undergraduate Studies. Medical and/or other documentation to substantiate the request must be provided.

3. Any waiver granted does not reduce the total number of credit hours required for the degree.

8 Supplementary Examinations

Any student receiving a grade of 60% in a Nursing course is eligible to write a supplementary examination in that course. Only three supplementary examinations in Nursing courses can be written during the program.

In addition to meeting UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate), upon successful completion of the supplementary examination, a student must also meet the promotion regulations of the School. For further information refer to Promotion Regulations.

1. Supplementary examinations are permitted only in Nursing courses that have a written final examination.

2. Supplementary examinations will have the same weight as final examinations for the course in determining whether the student achieves a passing grade for the course.

3. Any student writing a supplementary examination can obtain only a maximum grade of 65% in the course.

4. Supplementary examinations will be written no later than the first week of the semester immediately following the one in which the course was failed. Normally they should coincide with the writing of deferred examinations in courses where deferred examinations are granted for the semester in question. Grades for supplementary examinations must be received by the Office of the Registrar within one week following the completion of the examination.

5. A student may write a supplementary examination for any one course only once.

6. If it is mathematically impossible to achieve a passing grade in a course the student will not be granted a supplementary examination.

7. Supplementary exams are not available for the Nursing Bridging Course offered at the Centre for Nursing Studies prior to entering the Bachelor of Nursing (Collaborative) Program. Students who are unsuccessful in the Bridging Course and who wish to enter the Bachelor of Nursing (Collaborative) Program must apply in competition to enter into the first year of the program.

9 Appeal of Regulations

1. An applicant who has been denied admission has the right to appeal this decision of the Admissions Committee if it is felt by the applicant that the decision was reached on grounds other than those outlined under Admission/Readmission Regulations for the School of Nursing. The appeal should be made in writing within fourteen days of the notification of the decision and should be directed to the Chair, Memorial University of Newfoundland School of Nursing, Committee on Undergraduate Studies. The letter should state clearly and fully the grounds for the appeal.

2. Any student whose request for waiver of School regulations has been denied has the right to appeal. For further information refer to UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Appeal of Regulations.

10 Course Descriptions

In accordance with Senate’s Policy Regarding Inactive Courses, course descriptions for courses which have not been offered in the previous three academic years and which are not scheduled to be offered in the current academic year have been removed from the following listing. For information about any of these inactive courses, please contact the Director of the School.

All courses of the School are designated by NURS.

1002 Anatomy and Physiology I presents a survey of human anatomy and physiology throughout the lifespan. It includes aspects of cytology and histology that form a foundation for the practice of nursing. Special emphasis is given to the skeletal, muscular, nervous and endocrine systems.

CR: Pharmacy 2002 or the former Pharmacy 3201

LH: 2

1004 Introduction to Nursing introduces the major concepts and theories related to the paradigm of person, health, society, nursing, environment, and nursing education in relation to the philosophy, conceptual framework and objectives of the program. Emphasis is placed on the concept of caring as the essence of nursing practice.

CR: the former NURS 1001

1012 Anatomy and Physiology II presents a survey of anatomy and physiology throughout the lifespan. It includes aspects of cytology, histology and embryology that form a foundation for the practice of nursing. Special emphasis is given to the circulatory, respiratory, urinary, digestive, and reproductive systems, including pregnancy and delivery.

CR: Pharmacy 2003 or the former Pharmacy 3202

LH: 2

PR: NURS 1002

1014 Health Assessment focuses on the development of competencies needed to assess the health status of individuals throughout the lifespan using a systematic approach. Content includes the nurse’s responsibilities for health history, physical examination, interpretation of findings, and dynamics.

CR: NURS 1004

LH: 2

1004 Introduction to Nursing introduces the major concepts and theories related to the paradigm of person, health, society, nursing, environment, and nursing education in relation to the philosophy, conceptual framework and objectives of the program. Emphasis is placed on the concept of caring as the essence of nursing practice.

CR: the former NURS 1001

1012 Anatomy and Physiology II presents a survey of anatomy and physiology throughout the lifespan. It includes aspects of cytology, histology and embryology that form a foundation for the practice of nursing. Special emphasis is given to the circulatory, respiratory, urinary, digestive, and reproductive systems, including pregnancy and delivery.

CR: Pharmacy 2003 or the former Pharmacy 3202

LH: 2

PR: NURS 1002

1014 Health Assessment focuses on the development of competencies needed to assess the health status of individuals throughout the lifespan using a systematic approach. Content includes the nurse’s responsibilities for health history, physical examination, interpretation of findings, and dynamics.
1015 Health Promotion throughout the Lifespan explores nursing concepts and theories pertaining to health promotion/protection throughout the lifespan. Content includes principles of teaching/learning, introduction to community health and primary health care concepts and the determinants of health.

CO: NURS 1004 or the former NURS 1001, NURS 1003 and Psychology 1000; or admission to the Fast-Track Option
CR: the former NURS 1011
OR: 24 clinical or lab hours during the semester
PR: NURS 1004 or the former NURS 1001, NURS 1003 and Psychology 1000; or admission to the Fast-Track Option

1016 Healthy Aging will explore, in-depth, concepts and issues applicable to the well older adult (65+). Selected theories, physical changes, and psychological, ethical, and legal issues associated with aging will be presented.

CO: NURS 1012, 1014, and 1015; or admission to the Fast-Track Option
PR: NURS 1002, 1003, and 1004; or admission to the Fast-Track Option

1017 Fundamental Psychomotor Competencies will provide the student an opportunity to acquire beginning psychomotor competencies that are related to the provision of client comfort and safety in a variety of settings. As well, this course provides the opportunity for the student to integrate the conceptual framework of the Bachelor of Nursing (Collaborative) program into the development of psychomotor competencies.

CO: 1
LC: 0
LH: 2
PR: NURS 1003 and 1004

1520 Extended Practice I provides the student with the opportunity to integrate the knowledge and practise the competencies acquired to date. The focus is the promotion, protection and maintenance of health for individuals within the context of the family. This course is normally taught in the end of the winter semester, usually beginning during the final week of the examination period.

CO: NURS 1012, 1014, 1015 or the former 1011, 1016, and 1017
OR: 96 clinical hours over three weeks; or 96 clinical hours during the semester for Fast-Track Option students
PR: NURS 1012, 1014, 1015 or the former 1011, 1016, and 1017

2002 Nursing Concepts for the Care of Women and the Child-bearing Family covers major concepts in women's reproductive health. The two major foci are women and their families through all phases of childbearing and the neonatal period, and nursing care of women experiencing alterations in reproductive health.

CO: NURS 2003, 2004, and 2502
CR: the former NURS 2001
PR: NURS 1520, 2003, and 2004

2003 Pathophysiology presents general concepts of disease processes, and their impact on health. The course focuses on major pathophysiological changes, including associated etiology, pathogenesis and clinical manifestations. Common illnesses are studied to illustrate these disease processes.

CO: NURS 1012
OR: tutorial 1.5 hours per week
PR: NURS 1012; Biochemistry 1430

2004 Pharmacology and Nutritional Therapies explores principles and concepts of pharmacological, nutritional and complementary therapies and management of common health problems across the lifespan. Nursing considerations and psychomotor competencies pertinent to these therapies are addressed.

CO: NURS 1012 and NURS 1014
LH: 2
PR: NURS 1012; NURS 1014, NURS 1017, Biochemistry 1430, and a score of 50 on the Mathematics Placement Test or Math 102N or 3 credit hours in Mathematics excluding Statistics 2500.

2014 Community Health Nursing Theory focuses on the knowledge required to practise nursing in the community with a variety of clients including individuals, families, groups and communities. It further examines the principles of primary health care, population health, and their application in community health nursing. It also focuses on the multidimensional role of the nurse.

CO: NURS 2003 and 2004, 2514
CR: NURS 4101
OR: seminar or labs 2 hours per week
PR: NURS 1520, 2003, and 2004

2040 Health Assessment focuses on the development of competencies needed to assess the health status of individuals. A systematic approach will be used for the collection and analysis of data related to the health status of the client. Interpretation of the health assessment findings and of the results of diagnostic tests will be discussed in the context of nurses' responsibilities.

CR: NURS 1014
PR: proof of current practising license as a Registered Nurse

2230 Teaching/Learning is designed to familiarize the student with theories, principles and methods of learning and teaching and to allow the student to apply them in client teaching situations.

PR: proof of current practising license as a Registered Nurse or admission to the Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

2502 Nursing Practice for the Care of Women and the Child-bearing Family provides the student with opportunities to apply knowledge and practise competencies acquired in NURS 2002. Selected experiences are offered in a variety of institutional and community-based settings related to the provision of nursing care for women and their families.

CO: NURS 2002
CR: the former NURS 2501
LH: 24 during the semester
OR: 80 clinical hours during the semester

2514 Community Health Nursing Practice I provides the student with the opportunity to apply knowledge and practise competencies for beginning community health nursing practice acquired in Community Health Nursing Theory.

CO: NURS 2014 or NURS 4101
OR: 96 clinical hours during the semester
PR: NURS 1520

2520 Extended Practice II provides the student with the opportunity to integrate the knowledge and practise the competencies acquired to date. The focus is on caring for adults in stable health situations and providing continuing application of community health concepts. This course is normally taught at the end of the Winter Semester, usually beginning during the final week of the examination period.

CO: NURS 2002 and 2502 or 2014 and 2514
PR: proof of current practising license as a Registered Nurse or admission to the Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

2700 Nursing Theories in Practice is designed to introduce the students to the key concepts, conceptual models and selected theories of nursing. This is a required course for the Bachelor of Nursing (Post-RN) program and may be used as an elective in the Bachelor of Nursing (Collaborative) program.

PR: proof of current practising license as a Registered Nurse or admission to the Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

2740 Current Concepts in Human Physiology is a comprehensive review of the physiology of the cell and major body systems. It assumes a basic understanding of physiology and provides the basis for concepts developed in NURS 4701 and NURS 4702.

PR: proof of current practising license as a Registered Nurse or admission to the Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

2990 Spiritual Dimension of Nursing Practice will focus on the spiritual dimension of nursing practice. Students will explore their own personal philosophy and development of a religious worldview, and the impact the spiritual dimension of nursing will be examined, such as spiritual well being, spiritual needs, spiritual distress and spiritual care. Distinction will be made between religion and expressions of spirituality.

PR: NURS 1004 or the former NURS 1001, and 1014 or be a Registered Nurse

2991 Complementary and Alternative Health Care provides an overview of the philosophy and practice of complementary and alternative health care (CAHC). It introduces students to key terminology and theoretical perspectives foundational to selected CAHC modalities. Using a holistic approach and research principles, they will examine some commonly used CAHC approaches. They will also explore situations where integrative health care incorporates biomedical, complementary and alternative modalities.

3001 Nursing Concepts for Mental Health focuses on individuals, families and small groups experiencing psychiatric/mental health problems across the lifespan. The meaning of mental health and illness to the individual, family and vulnerable populations is explored. Course content includes counselling, psychopathology, interdisciplinary psychiatric care, community health concepts and analysis of sociopolitical factors/issues affecting mental health.

CO: NURS 3501 or NURS 4502
OR: seminar 2 hours per week
PR: NURS 2520

3012 Nursing Concepts for Children, Adolescents and Young Adults uses a conceptual approach to focus on the nursing care of individuals and families, from infancy to young adulthood. The emphasis is on assisting persons experiencing health related needs to achieve health and well-being.

CO: NURS 3512
3014 Nursing Concepts in Middle and Older Adulthood uses a conceptual approach and focuses on individuals and families from middle to older age. The emphasis is on assisting persons experiencing acute and chronic health-related needs to achieve health and well-being.

CR: the former NURS 2040
PR: proof of a current practising license as a Registered Nurse.
UL: applicable only to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option.

3104 Nursing Research builds on previously introduced research concepts. It explores the research process and its inherent ethical and legal implications. The course focuses on the acquisitions of concepts used to critically appraise nursing research studies and examine the relevance of these studies for nursing practice.

CO: Statistics 2500 or equivalent, or Education 2900
CR: NURS 4002 and the former NURS 4104
PR: Statistics 2500 or equivalent, or Education 2900

3113 Nursing Leadership and Management is designed to promote an understanding of the theories and principles of leadership and management in relation to the Co-ordinator of Care nursing role. Emphasis is placed on concepts of organizational structure and function, management of client care, team building, professional development, and application of nursing theories to practice. Current issues and trends are explored.

CO: NURS 3501 or NURS 4502, NURS 3512, and NURS 3514
PR: NURS 3501, 3512, and 3514

3200 Transcultural Nursing - inactive course.

3380 Health Assessment Clinical Practice I focuses on the clinical application of knowledge and skills obtained in NURS 3070. Students are preceptored by either a nurse practitioner or physician in a primary health care setting to complete comprehensive health histories and physical examinations on clients across the lifespan. Students are required to attend St. John's Campus for clinical testing.

CO: NURS 3070
CR: NURS 2040
OR: 8 clinical hours per week
PR: proof of a current practising license as a Registered Nurse.
UL: applicable only to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option.

3410 Roles of Nurse Practitioners in Primary Health Care examines the role of the nurse practitioner in the delivery of primary health care. Factors affecting role implementation and its impact on health care delivery will be discussed. The historical development and future trends of nurse practitioner practice in a changing health care system will be examined.

CO: NURS 4002
PR: NURS 2700 and NURS 4002
UL: applicable only to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option.

3430 Concepts in Pharmacology Across the Lifespan focuses on the principles of pharmacology and nutritional therapies across the lifespan. Pharmacotherapeutic and nutritional management of common health problems within each body system will be discussed. Emphasis will be placed on the knowledge of medication required to prescribe and monitor medication and nutritional therapies within the scope of practice for the Primary Health Care Nurse Practitioner.

CR: NURS 4702
PR: NURS 2740 and NURS 4701
UL: applicable only to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option.

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LG = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usual limitation(s).
4370 Health Assessment Clinical Practice II provides clinical opportunities for students to complete focussed histories and physical examinations on clients across the lifespan. The integration and consolidation of knowledge and skills obtained in NURS 3070 and NURS 3380 is required. Students are preceptored in primary health care settings by either a nurse practitioner or physician. Students are required to attend St. John’s Campus for clinical testing.

PR: NURS 2040
OR: 8 clinical hours per week
PR: proof of a current, practising license, NURS 3070, and NURS 3380
UL: applicable only to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option

4501 Community Health Nursing Practice II provides the student with opportunities to apply knowledge acquired in Community Health Nursing Theory and other related courses. It also further develops competencies in community health nursing practice. In the clinical experiences, students work with selected aggregates (including individuals and families) in the community.

CO: NURS 4103
CR: NURS 4502
OR: 96 hours during the semester
PR: NURS 2014, NURS 2514, and NURS 3523; or NURS 2514, NURS 4101 and admission to the Fast Track Option

4502 Nursing Care in Community and Mental Health Settings provides opportunities for practice in acute care psychiatric/mental health and community settings with individuals, families, and groups/aggregates. The application of community health and mental health knowledge and competencies, with a particular focus on the concepts of vulnerability/resilience, will be emphasized.

CH: 6
CO: NURS 3001
CR: NURS 3501 and NURS 4501
OR: 168 hours during the semester
PR: Admission to the Fast Track Option and NURS 2014 or 4101, NURS 2514, NURS 3014, NURS 3514

4512 Community Health Practicum provides students with the opportunity to integrate and consolidate knowledge and competencies acquired throughout the program and apply them to community health nursing practice. Using a primary health care framework, the student participates in strategies which facilitate the mobilization of communities toward health. Online discussions will be included.

OR: 40 clinical hours per week for four weeks
PR: NURS 2014 or 4101, and 2514 and 4501, or admission to the Fast Track Option

4515 Nursing Concepts & Practice for Complex Care provides students the opportunity to work with individuals and their families who are experiencing multiple health challenges. Students are expected to synthesize concepts and theories of nursing, science and humanities, and participate in interprofessional, collaborative practice in a variety of settings to facilitate the achievement of health and well-being for clients and their families.

OR: seminars 1 hour per week
OR: 144 clinical hours during the semester
PR: NURS 3523 or admission to the Fast Track Option

4516 Consolidated Practicum provides students with the opportunity to practice nursing with a select client population. Students apply and test knowledge from nursing and related disciplines in this selected clinical setting. The course also enables students to further develop their professional roles. Online discussions will be included.

CH: 6
CR: the former NURS 4514 or the former NURS 3522, and the former NURS 4513
OR: 40 clinical hours per week for ten weeks
PR: NURS 4103, NURS 4501 or 4502 and NURS 4515

4701 Current Concepts in Pathophysiology reviews the most recent topics in pathophysiology, current trends in diagnosis and treatment and their nursing implications. This course assumes a basic understanding of physiology.

PR: acceptance into the Bachelor of Nursing (Post-RN) Program and NURS 2740 and admission to the Bachelor of Technology Program or admission to Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

4702 Current Concepts in Pharmacology and Nutrition explores current principles of nutrition and pharmacology in a variety of disease states. The course will be built upon previous nutrition and pharmacology knowledge. This course assumes a basic understanding of physiology.

PR: acceptance into the Bachelor of Nursing (Post-RN) program and NURS 2740

4754 Clinical Dimensions of Professional Nursing Practice allows students to explore in depth, concepts and practices that are relevant to all populations across a variety of care settings. Emphasis will be placed on enhancing knowledge, attitudes and skills for nursing assessment, interventions and measurement of outcomes. Students will be required to apply the knowledge gained to client situations in clinical practice.

OR: former NURS 4714, 4720 or 4723, 4734, and 4744
OR: 72 clinical hours during the semester
PR: NURS 2040, 2230, 2700, 3023 or the former 3022, 4002, 4701, 4702, and proof of current, practising license

5210 Health Care Systems focuses on the philosophical bases and practical considerations in the organization and administration of Health Care Delivery Systems. The planning, management and evaluation of the Canadian health care system will be compared with those of other countries. Future trends in the delivery of health care to Canadians will be discussed.

PR: admission to the Bachelor of Nursing (Post-RN) program and 3 credit hours in English and NURS 2230; or admission to the Bachelor of Technology Program and 3 credit hours in English.

5327 Interdisciplinary Course on Family Violence - inactive course.

5360 Advanced Clinical Decision Making – Clinical Practice focuses on the application of diagnostic reasoning and clinical decision making skills learned in N560. Opportunities to acquire advanced skills to assist in the diagnosis and management of common health problems will be provided.

PR: admission to Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option and 3 credit hours in English and NURS 2230.

5370 Integrated Clinical Practicum provides opportunities for learners, under the mentorship of nurse practitioners and physicians, to gain experience in managing the health and illness needs of clients across the life span. Clinical learning experiences are selected to develop learner competence and confidence for the transition to the role of a Primary Health Care Practitioner. Students are required to attend St. John’s Campus for demonstrations and clinical testing.

OR: 5 days of clinical per week
PR: proof of a current practising license as a Registered Nurse, NURS 4701, NURS 4310, and NURS 4370
UL: applicable only to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option

5600 Advanced Clinical Decision Making focuses on the development of diagnostic reasoning and clinical decision making skills within the scope of practice of a primary care nurse practitioner. A systematic approach to patient assessment and management of health problems will be discussed. This course integrates knowledge acquired in previous courses. Students are required to attend St. John’s campus for some onsite lectures.

CO: 5360
PR: proof of a current, practising license as a Registered Nurse, NURS 5600 and NURS 5680
UL: applicable only to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option

5700 Nursing Management is designed to promote an understanding of theories and principles of management of nursing practice. Process, methods and issues are considered with emphasis on practical nursing examples.

PR: admission to the Bachelor of Nursing (Post-RN) program or admission to Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option and 3 credit hours in English and NURS 2230
UL: applicable only to the Bachelor of Nursing (Post-RN) program

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).

1 The Memorial University of Newfoundland Code

The attention of all members of the University Community is drawn to the section of the University Calendar titled The Memorial University of Newfoundland Code, which articulates the University’s commitment to maintaining the highest standards of academic integrity.

2 School Description

The School of Pharmacy offers an undergraduate degree in pharmacy and graduate degrees in pharmaceutical sciences. The School is committed to providing an undergraduate program of quality and excellence that will prepare individuals who will contribute significantly in all settings of pharmacy practice. The experiential learning component of the program ensures students have the opportunity to integrate academic learning with professional practice and to develop the necessary knowledge, skills and attitudes required of practising pharmacists. The School encourages a close working relationship among students, faculty, and staff, and prides itself on its strong association with and support of the pharmacy community at both the provincial and national level.

Additional information regarding the School of Pharmacy is available at www.mun.ca/pharmacy.

Students must meet all regulations of the School in addition to those stated in the general regulations. For information concerning fees and charges, admission/readmission to the University, and general academic regulations (Undergraduate), refer to UNIVERSITY REGULATIONS.

2.1 Vision Statement

Working together towards a healthy tomorrow; Become....the future of pharmacy.

2.2 Mission Statement

As a School of Pharmacy with a strong sense of community, we are dedicated to:

- expanding the School of Pharmacy and developing the School as a Centre of Excellence for Comprehensive Pharmacy Studies;
- preparing pharmacy professionals committed to collaborative patient-centered care;
- fostering excellence and innovation in research and graduate studies;
- advancing the scope of pharmacy practice; and
- building upon a learning environment in which every student is valued.

2.3 Accreditation Status

The School of Pharmacy is accredited by the Canadian Council for Accreditation of Pharmacy Programs (CCAPP) to June 2016.
3 Description of Program

The School of Pharmacy offers an undergraduate program leading to the degree of Bachelor of Science (Pharmacy). This degree is designed to prepare graduates for careers primarily in community and hospital settings but also in the pharmaceutical industry, pharmacy organizations, health sciences research, government, and educational environments. After successful completion of national examinations, a graduate of the program is eligible to apply to be licensed as a pharmacist in Newfoundland and Labrador and other provinces in Canada.

The program of study leading to the Bachelor of Science (Pharmacy) degree has two phases and requires at least five years to complete. Prior to entry to the program students will acquire a background in the mathematical and physical sciences. Once in the program students will take courses in the basic health sciences, pharmacy sub-specialties and social/administrative sciences. At the end of each year students will have an opportunity to apply the academic knowledge acquired and to develop and practice patient care skills by participating in experiential learning within community and hospital settings. During the program students will develop an understanding of the professional and societal responsibilities of a pharmacist, and will recognize the need for lifelong learning.

3.1 Structured Practice Experience

Students are required to successfully complete all experiential components of the program, including the Structured Practice Experience (SPE). During SPE’s students are placed in a variety of pharmacy practice settings and are brought into direct contact with patients, pharmacists and other health professionals. Students become involved in the practice of pharmaceutical care and are expected to assume increasing responsibility as their education advances. Such practice experiences ensure students are exposed to situations which cannot be provided in the classroom.

1. The Joint Committee on Structured Practice Experience, consisting of representatives from both the School of Pharmacy and the Newfoundland and Labrador Pharmacy Board, is responsible for providing the overall direction for the program and recommending policies and procedures for its operation.

2. Students will be placed at sites by the School. The Structured Practice Experience Co-ordinator liaises with students to determine placements.

3. While every effort will be made to accommodate a student’s request to complete SPEs in a specific location, a student may be assigned to any participating site within the province of Newfoundland and Labrador.

4. Students are responsible for all travel and accommodation costs associated with the SPE.

5. Students who conduct themselves in such a manner as to cause their termination from the SPE site, including breaches in confidentiality, violation of policies and professional misconduct will be assigned a grade of FAL (fail) for that SPE.

6. Students are required to provide evidence of a valid certificate, normally, in St. John Ambulance or Canadian Red Cross Standard First Aid Level C that is valid for the duration of the SPE. Equivalent certificates will be considered and assessed on an individual basis for acceptability.

7. Students are required to complete three SPEs, each of four weeks duration, and one SPE of twelve weeks duration. The first three SPEs are completed at the end of the Winter semester in the first, second, and third years of the program. The final SPE is completed in the Winter semester of the final year of the program.

8. The number of hours per week of the SPE program will be as required by CCAPP standards.

9. Students will be evaluated on their performance during the SPE and on written assignments including workbooks, pharmaceutical care case work-ups and drug information requests. Students may have workbooks audited or they may be formally examined on material learned during the SPE period. The overall evaluation of SPEs will result in the assignment of one of the following grades: PWD (pass with distinction), PAS (pass), or FAL (fail).

3.2 Registration as a Pharmacy Student

A student must be registered as a “Pharmacy Student” with the Newfoundland and Labrador Pharmacy Board. A student must be registered by September 30th of each academic year. As well, a student must be registered as a “Pharmacy Student” with the respective provincial or territorial licensing body prior to the commencement of Structured Practice Experiences. A student who fails to meet the requirements for licensing may be required to withdraw from the program.

4 Admission Regulations for the School of Pharmacy

In addition to meeting UNIVERSITY REGULATIONS students applying for admission for the program must meet the admission regulations of the School.

4.1 General Information

1. Admissions will be to the first year of pharmacy studies.

2. Entry to the School is competitive for a limited number of placements. Priority is given to applicants who are bona fide residents of Newfoundland and Labrador. The final decision on admission rests with the Admissions Committee of the School.

3. The Admissions Committee considers each applicant’s academic background and information on the applicant’s personal characteristics and achievements as given by the applicant. Personal interviews, which may include both a written and oral examination, may be required. Reports from referees may also be considered.

4. The School of Pharmacy does not require criminal record checks or other screening procedures as a condition of admission to its program. However, students should be aware that such record checks or other screening procedures may be required by agencies used by the University for clinical or structured practice experiences related to academic course assignments necessary for graduation. Such agencies may refuse to accept students on the basis of information contained in the record check or other screening procedure thus preventing the student from completing a practice experience or other clinical requirement. As a result, such students may not be eligible for promotion or graduation.

It is the students’ responsibility to have such procedures completed as required and at their own expense.

The screening procedures of any given agency may change from time to time and are beyond the control of the University.

4.2 Application Forms and Deadlines

1. Application forms are available in person from the School and the Office of the Registrar or through the School’s website at www.mun.ca/pharmacy. Application forms may also be obtained by writing the School of Pharmacy, Memorial University of Newfoundland, St. John’s, NL A1B 3V6 or the Office of the Registrar, Admissions Office, Memorial University of Newfoundland, St.
2. All application forms and fees for admission to the program for the Bachelor of Science (Pharmacy) must be submitted to the Office of the Registrar of the University on or before the deadline of March 1 in any year. The program commences in the Fall semester.

3. Applications will be reviewed after the closing date by the Admissions Committee of the School. This Committee has the delegated authority of the School’s Academic Council to admit or decline to admit applicants, following guidelines and procedures acceptable to that Council.

4. Each applicant is responsible for ensuring that all the required information for application is supplied to the Admissions Committee, and for providing any further information required by the Committee. An application will not be considered to be complete until all documentation has been received and appropriate fees paid.

4.3 Admission Requirements to the School

Applicants who are not currently students at Memorial University of Newfoundland must apply for admission to the University under the Categories of Applicants, Admission Criteria and Other Information outlined under UNIVERSITY REGULATIONS - Admission/Readmission to the University (Undergraduate). In addition to meeting these regulations, applicants to the School must meet requirements as indicated below.

1. To be eligible for consideration an applicant shall have completed a minimum of 30 credit hours which have been taken or accepted for credit at a recognized university or university college.

2. An applicant is normally required to have completed each of the following courses or their equivalents. In the case of transfer students, the course equivalencies relate to courses taught at Memorial University of Newfoundland, St. John’s campus.
   - Biology 1001 and 1002
   - Chemistry 1050 and 1051 or equivalent
   - Six credit hours at the 1000-level in English
   - Mathematics 1000 and 1001
   - Physics 1020 and 1021 or Physics 1050 and 1051

3. For students attending Grenfell Campus, the following course offerings are acceptable for admission to the School;
   - Biology 1001 and 1002
   - Chemistry 1200 and 1001
   - Six credit hours at the 1000-level in English
   - Mathematics 1000 and 1001
   - Physics 1020 and 1021, or Physics 1050 and 1051

4. Normally an application will not be considered from an applicant who cannot produce evidence that the above requirements have been met or will have been met by the time of entry into the School.

5. An unsuccessful applicant who wishes to reapply for admission is required to submit the application forms relevant to the year of reapplication and will be required to enter into the competition for that year.

4.4 Acceptance Procedures

1. Notification of the decision of the Admissions Committee of the School will be made to applicants by the Director of the School by letter. No other form of notification will be considered official.

2. The letter of acceptance will give the successful applicant 14 days from the date of the letter of notification in which to confirm acceptance of the placement offer. The signed intention to accept the offer must be accompanied by a deposit of $100, which will be credited towards tuition fees. The deposit will be forfeited if the applicant subsequently declines the offer or fails to register. If no reply is received within 14 days, the offer by the School will be withdrawn and the applicant will be informed of this by letter.
## 5 Program Regulations - General Degree

### 5.1 Bachelor of Science (Pharmacy)

1. The 176 credit hour Bachelor of Science (Pharmacy) degree requires 30 credit hours before admission to the program and 146 credit hours after admission to the program. The program includes four structured practice experiences, three of which are non-credit, with the other having 18 credit hours.

- The program courses shall normally be taken in the academic terms in the sequence and course load as set out in Table 1 Bachelor of Science (Pharmacy). Students wishing to change the sequence and/or reduce the course load required in the academic terms must obtain permission from the School’s Committee on Undergraduate Studies.
- Elective courses may be taken from any academic unit.

6 Promotion Regulations

6.1 General Information

- The Committee on Undergraduate Studies will determine each student's promotion status at the end of each academic year.
- In addition to meeting the promotion regulations for the School, students must meet the general academic regulations (Undergraduate). For further information refer to UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate).
- Success in the program depends on meeting the requirements of all terms.

6.2 Promotion Status

A student's promotion status at the end of each academic year will be in one of the following two categories:

6.2.1 Clear Promotion

Clear Promotion means a student can proceed to the next academic year without restrictions.

- Students will receive a Clear Promotion from an academic year by obtaining an average of 65% and having obtained at least a pass in each course. A weighted average based on credit hours in the Bachelor of Science (Pharmacy) program courses will be calculated for determining eligibility for promotion. Neither promotion nor graduation will be permitted if a student has a numeric grade below 50% in any course in the program.
- Students completing PHAR 2102 must obtain a numeric grade of at least 70%.
- Students completing PHAR 201W, 302W, 403W, or 500X must obtain a grade of PAS or PWD in each course.
- Students must attain a passing grade in each elective, but these courses will not be included in calculating the student's average grade for the purposes of promotion, graduation, or academic awards.

6.2.2 Promotion Denied

Promotion Denied indicates Clear Promotion is not achieved at the end of each academic year.

- A student with Promotion Denied status will normally be required to withdraw from the School.
  - A student who does not obtain a clear promotion may be permitted to repeat all or part of the academic year. If a student is required to repeat a year on the grounds of unsatisfactory performance, his or her performance in the repeated year must meet the conditions for Clear Promotion. If this standard is not met, the Committee on Undergraduate Studies may require the student to withdraw from the program.
  - Normally, the option to repeat a year on the grounds of academic difficulties can be offered only once during the student's Bachelor of Science (Pharmacy) program. This restriction may be waived if it has been demonstrated that the student's academic performance has been adversely affected by factors duly authenticated and acceptable to the Committee on Undergraduate Studies.
- A student with Promotion Denied status at the end of the final academic term will not be recommended for graduation until the student's status is changed to Clear Promotion.

6.3 Other Information

- Students may be required to withdraw from their program at any time, if, in the opinion of the School, they are unlikely to benefit from continued attendance.
- The Committee on Undergraduate Studies may require a student who is deemed unlikely to benefit from continuation in his/her course of study to withdraw conditionally. The Chair of the committee will advise the Director of the School of the circumstances precipitating this action, the duration of the withdrawal and any conditions the student must fulfill during the withdrawal. The Director may then recommend to the Registrar that the student is on conditional withdrawal. Upon completing the conditions, the student may be permitted re-entry to the program. If the conditions are not met, the student may be required to withdraw from the program.
- The School reserves the right to require a student to withdraw from the program at any time when acceptable cause is demonstrated. In such cases, the Director, on behalf of the School, shall recommend such withdrawal to the Registrar who will then take appropriate action. Any such action is subject to the right of appeal by the student. An appeal should be made in writing clearly stating the basis for the appeal and should be directed in the first instance to the Registrar of the University. The Registrar, in consultation with the Director, will determine whether or not the grounds stated are sufficient to warrant a formal hearing of the appeal.

6.4 Leave of Absence

- Upon completion of an academic year, a student in good standing may elect to withdraw temporarily from studies. Voluntary withdrawal at other times and for other reasons may be permitted in accordance with UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Registration. In all cases, the intent to withdraw voluntarily should be discussed with the Director. The Director may then recommend to the Registrar that a student be permitted to withdraw for a stated period of time.
- At the end of this period, the student, in consultation with the Committee on Undergraduate Studies, should ensure that sufficient revision and preparatory work is undertaken to allow studies to be resumed readily. In the absence of good cause, any such student who does not resume studies on the specified date may be deemed to have left the program.

7 Supplementary and Deferred Examination Regulations

- Supplementary examinations may be permitted in some courses offered by the School of Pharmacy. Students seeking to write a supplementary midterm or final examination shall apply in writing by completing the “Application for Supplementary Examination” form which is available from the School’s website at www.mun.ca/pharmacy/undergrad/Policies_and_Procedures.php.
- This form must be submitted within seven days following release of midterm marks in the case of supplementary midterm examinations or within seven days following release of the final grades in the case of supplementary final examinations. The completed form should be submitted to the Director’s office for consideration.
- The transcript will indicate that the final grade was earned as a result of a supplementary examination. Course coordinators shall
advise students in the course outline that such a notation will be made on the transcript.

- Students shall be permitted to write a maximum number of one supplementary examination (excluding Pharmacy Skills & Structured Practice Experience (SPE) courses) during each academic year of the pharmacy program. For any one registration in a course, a student shall be permitted to write a final supplementary examination only once.
- For further details please refer to the School’s Supplementary Examination Policy which is available at www.mun.ca/pharmacy/undergrad/Policies_and_Procedures.php or contact the Associate Director of Undergraduate Studies.
- Memorial University of Newfoundland has official regulations regarding deferred final examinations, available at UNIVERSEY REGULATIONS - General Academic Regulations (Undergraduate) - Exemptions From Final Examinations and Procedures for Applying to Write Deferred Examinations. Deferred midterm examinations may be permitted in some courses offered by the School of Pharmacy. For details please refer to the School’s Deferred Examination Policy which is available at www.mun.ca/pharmacy/undergrad/Policies_and_Procedures.php or contact the Associate Director of Undergraduate Studies.

8 Waiver of School Regulations

A student has the right to request waiver of School regulations. A student wishing waiver of University academic regulations should refer to UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Waiver of Regulations.

8.1 General Information

- The School reserves the right in special circumstances to modify, alter, or waive any School regulation in its application to individual students where merit and equity so warrant in the judgment of the Committee on Undergraduate Studies of the School.
- All requests must be submitted to the Committee on Undergraduate Studies of the School for consideration. A student requesting a waiver of a School regulation must submit the request in writing to the Chair of the Committee on Undergraduate Studies, Medical, and/or other documentation to substantiate the request must be provided.
- Any waiver granted does not reduce the total number of credit hours required for the degree.

9 Appeal of Regulations

Any student whose request for waiver of School regulations has been denied has the right to appeal. For further information refer to UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Appeal of Regulations.

- An applicant who has been denied admission has the right to appeal this decision of the Admissions Committee if it is felt by the applicant that the decision was reached on grounds other than those outlined in Admission Regulations for the School of Pharmacy. The appeal should be made in writing within fourteen days of the notification of the decision and should be directed to the Director of the School. The letter should state clearly and fully the grounds for the appeal. If the Director of the School, in consultation with the Registrar, judges the grounds to be sufficient, the formal appeals mechanism will be initiated.
- A student has the right to make a formal appeal against a decision of the Committee on Undergraduate Studies. However, this appeal cannot be made on the basis of the grades awarded in individual courses, as the student will normally have had the opportunity of contesting grades immediately after notification. A formal appeal by a student against the decision of the Committee must be made on grounds other than those outlined in Admission Regulations for the School of Pharmacy. Any waiver granted does not reduce the total number of credit hours required for the degree.

10 Course Descriptions

In accordance with Senate’s Policy Regarding Inactive Courses, the course descriptions for courses which have not been offered in the previous three academic years and which are not scheduled to be offered in the current academic year have been removed from the following listing. For information about any of these inactive courses, please contact the Director of the School.

All courses of the School are designated by PHAR and are restricted to students in the School of Pharmacy.

2002 Anatomy and Physiology I presents a survey of human anatomy and physiology throughout the lifespan. It includes aspects of cytology and histology that form a foundation for the practice of pharmacy. Special emphasis is given to the skeletal, muscular, nervous and endocrine systems. The course will include both the vocabulary and concepts of anatomy and physiology with the overall goal being the understanding of the interrelationships and integration of all systems from the cell to whole organism.

- CR: Nursing 1002
- LH: 2; attendance is required

2003 Anatomy and Physiology II presents a survey of human anatomy and physiology throughout the lifespan. It includes aspects of cytology and histology that form a foundation for the practice of pharmacy. Special emphasis is given to the endocrine, circulatory, respiratory, urinary, digestive and reproductive systems. The course will include both the vocabulary and concepts of anatomy and physiology with the overall goal being the understanding of the interrelationships and integration of all systems from the cell to whole organism.

- CR: Nursing 1012
- LH: 2; attendance is required
- PR: PHAR 2002

- CR: Biochemistry 2101
- OR: tutorials as required
- PR: Chemistry 2400 and 2401 or Chemistry 2440

201W Structured Practice Experience I is a structured practice experience in community pharmacy after completion of the first year which will provide an opportunity for students to apply their technical skills and introduce them to patient care activities. The structured practice experience is normally comprised of four weeks during May/June.

- AR: attendance is required
- CH: 0
- LC: 0
- PR: successful completion of all courses in Academic Terms 1 & 2 of the program

2101 Pharmacy Practice I provides an introduction to the legal and professional framework of the practice of pharmacy. Pharmacy regulations in the dispensing of medications and provincial legislation that governs the practice of pharmacy will be the focus. Students will be introduced to core competencies of the profession including professionalism, interprofessionalism, pharmaceutical calculations, drug information and effective communication strategies for the provision of pharmacist care. Application of course content will occur in the concurrent course PHAR 2150.

- CO: PHAR 2150

2102 Pharmacy Practice II continues the introduction to the legal and professional framework of the practice of pharmacy. The course will focus on federal legislation that governs the practice of pharmacy, drug information, patient education and methods to deal with challenging patient behaviours. Students will be introduced to pharmaceutical care and begin to
develop a pharmacist care plan. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available. The passing grade in this course is 70%, failing which the student may be required to withdraw from the program.

CH: 2
CO: PHAR 2151
LC: 2
OR: tutorials 2 hours per week; attendance is required

2150 Pharmacy Skills provides an introduction to the skills necessary for pharmacy practice in order to meet the educational outcomes for the first year of the pharmacy program. This course is the first in a series of Pharmacy Skills courses, all of which require students to acquire and apply the knowledge, attitudes and skills necessary for the effective practice of the profession. Students will begin to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Pharmacy practice in the community pharmacy setting will be a focus. Students will develop dispensing, drug information and pharmaceutical calculation skills relevant to community pharmacy practice. Students will begin developing their patient interaction and patient education skills. Activities in this course will complement material covered in the concurrent course PHAR 2101. Students will develop public communication skills through the completion of a professional communications program. Activities in this course will complement material covered in the concurrent course PHAR 2101.

CH: 1
CO: all Academic Term 1 Pharmacy courses
LC: 0
OR: practical sessions 3 hours per week; tutorials 1 hour per week; attendance is required
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

2151 Pharmacy Skills provides an introduction to the skills necessary for pharmacy practice in order to meet the educational outcomes for the first year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Pharmacy practice in the community pharmacy setting will be a focus. Students will develop dispensing, drug information and pharmaceutical calculation skills relevant to community pharmacy practice. Students will begin developing their patient interaction and patient education skills. Activities in this course will complement material covered in the concurrent course PHAR 2102. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available.

CH: 1
CO: all Academic Term 2 Pharmacy courses
LC: 0
OR: practical sessions 3 hours per week; tutorials 1 hour per week; attendance is required
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

2201 Pharmaceutics I provides an introduction to the sciences necessary for pharmacy practice and to the study of pharmaceutical dosage forms and bio-pharmaceutics. The course provides the basic foundation necessary for the study of pharmaceutical dosage forms, pharmacokinetics and bio-pharmaceutics. Students are required to attend all classes. Attendance of the lectures is required.

CH: 3
PR: Mathematics 1000 and 1001; and Chemistry 1050 and 1051, or Chemistry 1200 and 1201, or equivalent

2202 Pharmaceutics II is designed to provide the student with an understanding of pharmaceutical dosage forms and their applications. It applies the principles taught in Pharmaceutics I to understand the design and components of the different pharmaceutical preparations.

CH: 3
PR: PHAR 2201

2203 Pharmaceutical Analysis is designed to introduce some important techniques and methods of analysis in pharmaceutical sciences. The laboratory exercises consist of both non-instrumental and instrumental analytical techniques that are widely employed in the analysis of pharmaceuticals.

CH: 2
LC: 2
CH: 3 every other week; attendance is required
PR: Chemistry 1050 and 1051 or Chemistry 1200 and 1001 or equivalent

2650 Pharmacy Skills provides an introduction to the skills necessary for pharmacy practice in order to meet the educational outcomes for the second year of the pharmacy program. This course is the first in a series of Pharmacy Skills courses, all of which require students to acquire and apply the knowledge, attitudes and skills necessary for the effective practice of the profession. Students will begin to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Pharmacy practice in the community pharmacy setting will be a focus. Students will develop dispensing, drug information and pharmaceutical calculation skills relevant to community pharmacy practice. Students will begin developing their patient interaction and patient education skills. Activities in this course will complement material covered in the concurrent course PHAR 2102. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available.

CH: 1
CO: all Academic Term 1 Pharmacy courses
LC: 0
OR: practical sessions 3 hours per week; tutorials 1 hour per week; attendance is required
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted prior to Fall 2011

2651 Pharmacy Skills provides an introduction to the skills necessary for pharmacy practice in order to meet the educational outcomes for the first year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Pharmacy practice in the community pharmacy setting will be a focus. Students will develop dispensing, drug information and pharmaceutical calculation skills relevant to community pharmacy practice. Students will begin developing their patient interaction and patient education skills. Activities in this course will complement material covered in the concurrent course PHAR 2102. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available.

CO: all Academic Term 2 Pharmacy courses
LC: 0
OR: practical sessions 3 hours per week; tutorials 1 hour per week; attendance is required
PR: PHAR 2150 and 2101
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted prior to Fall 2011

3003 Pathophysiology (formerly PHAR 4004) examines the nature of disease, causes and effects, and alteration in structure and function of cells, inflammation, neoplasia, genetic and chromosomal diseases, healing and repair, stress and disease.

PR: PHAR 4105
PR: PHAR 2002 and 2003
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted prior to Fall 2011

3009 Pharmacology (formerly PHAR 4009) explores topics in general pharmacology including drugs used in the treatment of inflammatory diseases, renal pharmacology, anticoagulant and antimicrobial agents, antineoplastic and antiparasitic drugs, drugs used in the treatment of anemia, and endocrine pharmacology.

PR: Medicine 4300 or equivalent

302W Structured Practice Experience II is a structured practice experience in hospital pharmacy after completion of the second year which will provide an opportunity for students to apply their technical skills and introduce them to patient care activities. The practical experience is normally comprised of four weeks during May/June.

AR: attendance is required
CH: 0
LC: 0
PR: successful completion of all courses in Academic Terms 3 & 4 of the program

3103 Microbiology of Infectious Diseases examines the various types of micro-organisms (bacterial, viral, parasitic and fungal), the environment in which they are able to multiply and their relationship to human diseases. The classifications of their morphology, mode of reproduction and the metabolic process, the physiological and epidemiological principles of infectious diseases and their manifestations are discussed including the principles of immunization.

3111 General Biochemistry covers the catabolism of carbohydrates, lipids and amino acids, Mitochondria, chloroplasts and ATP synthesis, Biosynthesis of carbohydrates and lipids. Metabolic specialization of differentiated cells and tissues. Integration of metabolism.

CR: Biochemistry 3106
OR: tutorials as required
PR: PHAR 2004 or the former 3110 or Biochemistry 2101

3150 Pharmacy Skills continues the development of the skills necessary for pharmacy practice in order to meet the educational outcomes for the second year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Pharmacy practice in the hospital setting will be a focus. Students will participate in sterile product preparation and practice. Students will provide an opportunity for students to apply their technical skills and introduce them to patient care activities. The practical experience is normally comprised of four weeks during May/June.

PR: PHAR 2004 or the former 3110 or Biochemistry 2101

3150 Pharmacy Skills provides an introduction to the skills necessary for pharmacy practice in order to meet the educational outcomes for the second year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Pharmacy practice in the hospital setting will be a focus. Students will participate in sterile product preparation and practice. Students will provide an opportunity for students to apply their technical skills and introduce them to patient care activities. The practical experience is normally comprised of four weeks during May/June.

PR: PHAR 2004 or the former 3110 or Biochemistry 2101
School of Pharmacy 2011-2012

3151 Pharmacy Skills continues the development of the skills necessary for pharmacy practice in order to meet the educational outcomes for the second year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Students will participate in practice sessions necessary to develop an understanding of and skills required in patient assessment and patient education related to patient self-care. Students will build on their pharmacist care skills to meet patients’ drug-related needs in uncomplicated patient scenarios and drug information skills to assess information needs. Scenarios will relate to the courses of study in the second year and draw on material studied in earlier years of the program. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available.

CH: 1
CO: all Academic Term 3 Pharmacy courses
OR: practical sessions 3 hours per week; tutorials 1 hour per week; attendance is required
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

3150 Pharmacy Principles (formerly PHAR 4006) is an introduction to the molecular and cellular basis of health conditions amenable to self-management will be discussed. The relationship between molecular structure and biological action of drugs at molecular level, and metabolism of different pharmacological classes of drugs including cholinergic agents, anticoagulant and anti-inflammatory agents, insulin and oral antidiabetic drugs, steroids and related compounds, antihyperlipidemic agents, histamine and antihistaminic agents, diuretic agents, angiotensin converting enzyme inhibitors and antagonists, and calcium channel blockers.

CO: PHAR 3009
OR: tutorials 1 hour per week; attendance is required
PR: PHAR 3203

3203 Medicinal Chemistry I (formerly PHAR 4010) presents topics covering the molecular basis of action, mechanism, and toxicity of drugs. It provides an orientation to medicinally important nuclei and their conversion by principles of drug discovery and development. The relationship between molecular structure and biological action of drugs together with elementary molecular modelling, and theories related to receptors and drug action will be presented. Concepts of drug metabolism and the role of cytochrome P450 mediated pathways in relationship to drug inactivation and toxicity, along with the principles of drug latetnation and prodrugs is covered. The structures, selected physiochemical properties, mechanism of action, structure-activity relationships, toxic effects at molecular level, and metabolism of drugs including central nervous system.

CO: Medicine 4300 and PHAR 3003
OR: tutorials 1 hour per week; attendance is required
PR: Chemistry 2440 or Chemistry 2400 and 2401

3204 Medicinal Chemistry II (formerly PHAR 4011) is a continuation of the course. The focus is on the structures; selected physiochemical properties, mechanism of action, structure-activity relationships, toxic effects at molecular level, and metabolism of different pharmaceutical classes of drugs including cholinergic agents, anticoagulant and anti-inflammatory agents, insulin and oral antidiabetic drugs, steroids and related compounds, antihyperlipidemic agents, histamine and antihistaminic agents, diuretic agents, angiotensin converting enzyme inhibitors and antagonists, and calcium channel blockers.

CO: PHAR 3009
OR: tutorials 1 hour per week; attendance is required
PR: PHAR 3203

3205 Pharmaceutics III consists of several units. The standards of good manufacturing practice will be introduced. Characteristics, preparation, quality control, and delivery systems for sterile products will be covered. The basic principles governing the application of radiation and radioactive compounds in medical diagnosis and therapy will be discussed. The status of current biotechnology-based pharmaceuticals and biotechnology related matters will be addressed.

CO: PHAR 3009
PR: Medicine 4300, PHAR 2201 and 2202

3206 Applied Pharmacokinetics (formerly PHAR 4008) is an introduction to biopharmaceutical and pharmacokinetic principles used in the selection, dosing, monitoring and evaluation of drug therapy. Application of these principles in evaluating drug literature and developing drug dosage regimens of selected classes of drugs for individual patients will be discussed.

CO: PHAR 3009
PR: Medicine 4300, PHAR 2201 and 2202
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

3301 Patient Care I is an introductory course in patient care, especially in the areas of self-care and self-treatment and the role of the pharmacist. The regulatory environment of non-prescription products and the prevention and treatment of health conditions amenable to self-management will be discussed.

CO: PHAR 3009
PR: Medicine 4300

3501 Pharmacy Research and Evaluation I introduces students to principle roles of health policy with a special emphasis on pharmaceutical policy and its impact on health professionals, the public and on the delivery of pharmaceutical care.

CH: 1
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

3650 Pharmacy Skills continues the development of the skills necessary for pharmacy practice in order to meet the educational outcomes for the second year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Pharmacy practice in the hospital setting will be a focus. Students will participate in sterile product preparation and practice drug information and pharmaceutical calculation skills relevant to hospital practice. Students will develop pharmacist care plans and will further develop their patient education skills. Scenarios will relate to the courses of study in the second year and draw on material studied in earlier years of the program. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available.

CO: all Academic Term 3 Pharmacy courses
OR: practical sessions 3 hours per week; tutorials 1 hour per week; attendance is required
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted prior to Fall 2011

3651 Pharmacy Skills continues the development of the skills necessary for pharmacy practice in order to meet the educational outcomes for the second year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Students will participate in practice sessions necessary to develop an understanding of and skills required in patient assessment and patient self-care. Students will build on their pharmacist care skills to meet patients’ drug-related needs in uncomplicated patient scenarios and drug information skills to assess information needs. Scenarios will relate to the courses of study in the second year and draw on material studies in earlier years of the program. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available.

CO: all Academic Term 4 Pharmacy courses
OR: practical sessions 3 hours per week; tutorials 1 hour per week; attendance is required
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted prior to Fall 2011

4008 Chemotherapy presents the principles of infectious diseases and cancer chemotherapy. Topics to be explored include molecular structure profiles in relation to mechanism of action, drug resistance, and toxicity of antimicrobial, antiviral, and antineoplastic agents. Antimicrobial activity/ spectrum of activity of antibacterial, antifungal, antimarial, antituberculous, and antiviral/antiretroviral agents will be discussed. The classification and mechanism of action of cancer chemotherapeutic agents will be presented. Pharmacokinetic considerations, adverse effects/toxicity, and drug interactions will be explored for these agents.

CO: PHAR 4105, PHAR 4401
PR: PHAR 3150
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted prior to Fall 2011

403W Structured Practice Experience III is a structured practice experience in community pharmacy after completion of the third year which will provide an opportunity for students to apply their technical skills and practice and participate in patient care activities. The practical experience is normally comprised of four weeks during May/June.

AR: attendance is required

4151 Pharmacy Skills continues the development of the skills necessary for pharmacists in order to meet the educational outcomes for the third year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Students will participate in sessions that focus on ethical issues in pharmacy practice and communication with health care providers. Students will build on their patient assessment and pharmacist care skills to meet patients’ drug-related needs in more complex patient scenarios and will use critical appraisal skills to respond to clinical questions. Scenarios will relate to the courses of study in the third year and draw on material studied in earlier years of the program. Students will participate in interprofessional education (IPE) modules with students from other health professions. Scenarios will relate to the courses of study in the third year and draw on material studied in earlier years of the program. Students will participate in interprofessional education (IPE) modules with students from other health professions.

4201 Applied Pharmacokinetics is an introduction to biopharmaceutical and pharmacokinetic principles used in the selection, dosing, monitoring and evaluation of drug therapy. Application of these principles in evaluating drug literature and developing drug dosage regimens of selected classes of drugs for individual patients will be discussed.

4301 Patient Care II discusses the principles of health promotion and disease prevention and the role of the pharmacist.

4302 Patient Care II discusses the principle roles of health systems and health policy with a special emphasis on pharmaceutical policy and its impact on the profession, the public and on the delivery of pharmaceutical care. This will include knowledge of health promotion and the role of the pharmacist and be discussed. Students will gain knowledge about health challenges facing society, how education affects health, the roles of the pharmacist in educating and promoting health to patients.

4401 Therapeutics I is a part of a series that looks at the therapeutic management of common diseases. Topics may include but are not restricted to infectious diseases, hematology/oncology, and dermatology. For each disease state discussion will centre around several key issues including; the establishment of desired therapeutic outcomes; development of appropriate pharmacological and non-pharmacological therapeutic alternatives; factors to be considered to aid in the selection of an individualized therapeutic regimen; and the development of a monitoring plan to evaluate efficacy and safety.

4402 Therapeutics II is a part in a series that looks at the therapeutic management of common diseases. Topics may include but are not restricted to women's health, mental health, gastroenterology, musculoskeletal, neurological, respiratory disorders and transplantation. For each disease state discussion will centre around several key issues including; the establishment of desired therapeutic outcomes; development of appropriate pharmacological and non-pharmacological therapeutic alternatives; factors to be considered to aid in the selection of an individualized therapeutic regimen; and the development of a monitoring plan to evaluate efficacy and safety.

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
4651 Pharmacy Skills continues the development of the skills necessary for pharmacy practice in order to meet the educational outcomes for the third year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Students will participate in sessions that focus on ethical issues in pharmacy practice and communication with health care providers. Students will build on their patient assessment and pharmacist care skills to meet patients’ drug-related needs in more complex patient scenarios and will use critical appraisal skills to respond to clinical questions. Scenarios will relate to the courses of study in the third year and draw on material studied in earlier years of the program. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available.

500X Structured Practice Experience IV provides experience in clinical practice. Students will participate as members of the health care team. They will be responsible for providing pharmaceutical care to patients. Activities will include attending patient care rounds, providing in-services and drug information, and participating in case presentations. The structured practice experience is comprised of two six week modules.

AR: attendance is required
CH: 18
LC: 0
PR: successful completion of all course requirements for the degree and Clear Promotion

5011 Pharmaceutical Biotechnology - inactive course.

5012 Pharmaceutical Analysis - inactive course.

5013 Hospital Pharmacy Administration - inactive course.

501A/B Pharmaceutical Research - inactive course.

5150 Pharmacy Skills continues the development of the skills necessary for pharmacy practice in order to meet the educational outcomes for the fourth year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Students will build on their pharmacist care skills to meet patients’ drug-related needs in patients with multiple drug related problems. Refinement of verbal and written communication skills will be a focus. Scenarios will relate to the courses of study in the fourth year and draw on material studied in earlier years of the program. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available.

CO: all Academic Term 7 Pharmacy courses
LC: 0
PR: PHAR 4150
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

5301 Clinical Toxicology covers the toxicology and clinical management of toxicity associated with common medications.

CH: 2
CO: PHAR 5401
LC: 2

5302 Patient Care III focuses on pharmaceutical care considerations in special patient populations (e.g., geriatrics, neonates, pediatrics, pregnancy and lactation, critically ill, etc.). Implementation of pharmaceutical care in hospital, ambulatory and community practice settings will be discussed.

CO: PHAR 5401
OR: tutorials 1 hour per week; attendance is required

5303 Patient Care IV provides the student with a basic understanding of supplements natural health products and will focus on pharmaceutical care considerations in using these products for the therapeutic management of common diseases.

CH: 2
LC: 2
OR: tutorials 2 hours per week; attendance is required
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

5401 Therapeutics III is part in a series that looks at the therapeutic management of common diseases. Topics may include but are not restricted to endocrine, psychiatric, renal and cardiovascular disorders. For each disease state discussion will centre around several key issues including: the establishment of desired therapeutic outcomes; development of appropriate pharmacological and non-pharmacological therapeutic alternatives; factors to be considered in aid in the selection of an individualized therapeutic regimen; and the development of a monitoring plan to evaluate efficacy and safety.

CH: 6
LC: 0
PR: PHAR 4402
OR: tutorials 2 hours per week
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

5501 Pharmacy Research and Evaluation IV discusses the principles of critical appraisal and provides opportunities to apply these principles to critique and evaluate current medical literature. Students will be assigned to a tutorial group, which will meet twice during the semester to critically appraise at least two recently published studies. Emphasis will be placed on appropriate application of critical appraisal skills and group discussion of impact of study findings on clinical practice.

CH: 1
CO: PHAR 5405
OR: tutorials 1 hour per week
PR: PHAR 4402
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

5506 Pharmacy Research and Evaluation III discusses the principles of critical appraisal and provides opportunities to apply these principles to critique and evaluate current medical literature. Students will be assigned to a tutorial group, which will meet twice during the semester to critically appraise at least two recently published studies. Emphasis will be placed on appropriate application of critical appraisal skills and group discussion of impact of study findings on clinical practice.

CH: 1
CO: PHAR 5405
OR: tutorials 1 hour per week
PR: PHAR 4402
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted Fall 2011 or later

5650 Pharmacy Skills continues the development of the skills necessary for pharmacy practice in order to meet the educational outcomes for the fourth year of the pharmacy program. Students will continue to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Students will build on their pharmacist care skills to meet patients’ drug-related needs in patients with multiple drug related problems. Refinement of verbal and written communication skills will be a focus. Scenarios will relate to the courses of study in the fourth year and draw on material studied in earlier years of the program. Students will participate in interprofessional education (IPE) modules with students from other health related programs when such modules are available.

CO: all Academic Term 7 Pharmacy courses
LC: 0
PR: PHAR 4150
UL: not applicable to the Bachelor of Science (Pharmacy) program for students admitted prior to Fall 2011

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).

Dean
Abrahams, M., B.Sc.(Hons.) Western, M.Sc. Queen's, Ph.D. 
Simon Fraser, Professor of Biology; Joint appointment with Ocean Sciences Centre

Associate Dean (Administration and Undergraduate)
Foster, A., B.Sc. Dalhousie, M.Math Waterloo, Ph.D. Dalhousie; Motivational Teaching Award, 2001; Associate Professor of Mathematics and Statistics

Associate Dean (Research)
COURAGE, M.L., B.Sc. Memorial, M.Sc. University of Alberta, Ph.D. Memorial; Professor (Psychology); Cross appointment to the Discipline of Pediatrics, Faculty of Medicine

Manager, Finance & Administration
RIDEOUT, J., B.Com.(Co-op)(Hons.) Memorial, C.M.A. (Newfoundland)

Department of Biochemistry
Acting Head
Davies, P.J., B.Sc., Ph.D. Memorial; Professor

Professors Emeriti
Keough, K.M.W., B.Sc.(Hons.), M.Sc., Ph.D. Toronto
Mookerjea, S.S., B.Sc., M.Sc., Ph.D. Calcutta

Professors
BroSnan, J.T., B.Sc.(Hons.), M.Sc., D.Sc. National University of Ireland, D.Phil. University Research Professor, Awarded 1990; Cross appointment with Faculty of Medicine
BroSnan, M.E., B.A.(Hons.), M.Sc., Ph.D. Toronto; Cross appointment with Faculty of Medicine
Cheema, S.K., B.Sc. Punjab, M.Sc. Punjab Agricultural, Ph.D. Post Graduate Institute of Medical Education and Research; Cross appointment with Faculty of Medicine
Heeley, D.H., B.Sc.(Hons.), Ph.D. Birmingham
Herzberg, G.R., B.S., Ph.D. Maine
Hoover, R., B.Sc.(Hons.) Ceylon, M.Sc. Leeds, Ph.D. Alberta
Hulan, H.W., B.Sc.(Hons.), M.Sc. McGill, Ph.D. Maine
MCGowan, R.A., B.Sc.(Hons.) Brock, Ph.D. SUNY, Buffalo; Joint appointment with Department of Biology
Mulligan, M.E., B.Sc.(Hons.) National University of Ireland, Ph.D. Harvard; Winner of the President's Award for Distinguished Teaching, 1999
Robinson, J.J., B.Sc.(Hons.) University College Dublin, M.Sc. Trinity College Dublin, Ph.D. Alberta

Associate Professors
BETOLO, R.F.P., B.A.(Hons.) McMaster, M.Sc., Ph.D., Guelph; Canada Research Chair in Human Nutrition; Deputy Head, (Graduate Studies)
Brunton, J.A., B.A.Sc. Guelph, Ph.D. McMaster
MacPhee, D.J., B.Sc.(Hons.) Prince Edward Island, Ph.D. Western Ontario; Cross appointment from Faculty of Medicine
RANDELL, E.W., B.Sc.(Hons.), Ph.D. Memorial; Cross appointment from Faculty of Medicine

Assistant Professors
Booth, V.K., B.Sc.(Hons.) Victoria, M.Sc. Waterloo, Ph.D. Toronto; Canada Research Chair in Proteomics; Cross appointment with Department of Physics and Physical Oceanography
Brown, R.J., B.Sc.(Hons.), Ph.D. Ottawa
Christian, S.L., B.Sc.(Hons.) Alberta, Ph.D. University of British Columbia

Adjunct Professor
BANOB, J., B.Sc.(Hons.) Alexandria, Ph.D. Montreal

Administrative Assistant
SINNOTT, A.L., B.Com., M.B.A. Memorial

Communal Research and Instrumentation Grouping
Supervisor
SKINNER, C.T.

Senior Technician, Student Laboratory
MURPHY, M.J., B.Sc., B.Ed. Memorial

Department of Biochemistry
Head
MARINO, P., B.A. Vermont, M.Sc. Northern Arizona, Ph.D. Alberta

Professores Emeriti
BAL, A.K., B.Sc., M.Sc., Ph.D. CALCUTTA
BURTON, D., B.Sc. WALE, P.G.C.E., Ph.D. London
BURTON, M., B.Sc., Ph.D. London; Cross appointment with Ocean Sciences Centre
HEANDRICH, J.A., B.Sc., M.Sc. Harvard; University Research Professor, Awarded 1999; Cross appointments with Ocean Sciences Centre and Department of Earth Sciences
Khan, R.A., B.Sc., M.Sc., Ph.D. Toronto
PETEL, T.R., B.Sc., M.S. BARODA, M.A., Ph.D. Texas
STEELE, J.B., B.Sc. Western Ontario, M.Sc., Ph.D. McGill

HONORARY Research Professors
COLBO, M., B.Sc., M.Sc. Alberta, Ph.D. Queenstown

Director of Memorial University of Newfoundland Botanical Garden
vacant

Professors
Abrahams, M., B.Sc.(Hons.) Western, M.Sc. Queen's, Ph.D. Simon Fraser; Dean of Science
CARR, S.M., B.Sc. California Polytechnic, C.Phil., Ph.D. University of California, Berkeley; Cross appointment to Faculty of Medicine
JONES, I.L. B.Sc. Carleton, M.Sc. Toronto, Ph.D. Queen's McGowan, R.A., B.Sc.(Hons.) Brock, Ph.D. SUNY/AB; Joint appointment with Department of Biochemistry

Associate Professors
DUNBRACK, R., B.A. New Brunswick, Ph.D. Simon Fraser
EDINGER, E., B.A. California, M.Sc., Ph.D. McMaster; Joint appointment with Department of Geography
GARDNER, G.A., B.Sc. Guelph, M.Sc., Ph.D. British Columbia; Associate Vice-President (Academic) (on leave)
HERMANUTZ, L., B.Sc. Guelph, M.Sc. Windsor, Ph.D. Western Ontario; Cross appointment with Botanical Garden
HOOPER, R.G., B.Sc. Victoria, Ph.D. Portsmouth; Curator, Phycological Herbarium; Director, Bonne Bay Marine Station; Cross appointment to Grenfell Campus
IGAMBERDIEV, A.U., Dr.Sc. Russian Acad. Sciences, Ph.D., M.S. Voronezh
MURRN, F., B.Sc.(Hons.) Memorial, M.Sc. Acadia, Ph.D. Queen's Staveley, B.E., B.Sc., M.Sc. Guelph, Ph.D. Alberta
Voronezh

Assistant Professors
BIGNELL, D., B.Sc.(Hons.) Manitoba, Ph.D. Alberta
BYKOV, N.V., B.Sc., M.Sc., Ph.D. Voronezh State
CHAPMAN, T.W., B.Sc.(Hons.), M.Sc. Guelph, Ph.D. Simon Fraser
DOFJOUR, S., B.Sc.(Hons.), M.Sc. Universite de Moncton, Ph.D. University California San Diego
LANG, A.S., B.Sc.(Hons.) Brock, Ph.D. British Columbia
MARSHALL, H.D., B.Sc.(Hons.) Memorial, Ph.D. Toronto
PERA-CASITILO, L., B.Sc. ITESM-Veracruz, Mexico; M.Sc. Alberta, Ph.D. Otto-von-Guericke, Magdeburg; Joint appointment with Department of Computer Science
PURCHASE, C.F., B.Sc.(Hons.), M.Sc. Memorial, Ph.D. Toronto
TAHIAN, K., B.Sc. Kurukshetra University, Ph.D. Alberta
Adjunct Professors
Chauik, K., B.Sc. Dalhousie, M.Sc. Acadia, Ph.D. Memorial
Goudie, I., B.Sc. Memorial, M.Sc. Western Ontario, Ph.D. Memorial
Gregory, R.S., B.Sc.(Hons.) Acadia, M.Sc. Trent, Ph.D. British Columbia
Hicks, B., B.Sc.(Hons.), M.Sc. Memorial, Ph.D. Edinburgh
Lewis, K., B.Sc. University of California, Davis, M.Sc., Ph.D. Memorial
Piercey-Normore, M., B.Sc., Ph.D. Memorial
Quinup, P., B.Sc., M.Sc. Universidad Austral de Chile, Ph.D. Memorial
Reimer, K., B.Sc., M.Sc. Calgary, Ph.D. Western Ontario
Robertson, G.J., B.Sc. Queens, Ph.D. Simon Fraser
Stenson, G.B., B.Sc. Alberta, Ph.D. British Columbia
Wahle, R., B.A. University New Hampshire, M.Sc. San Francisco State University, Ph.D. University Maine
Cross Appointments
Deibel, D., B.Sc. Bucknell, Ph.D. Georgia; University Research Fellow; Appointment (Research); Winner of the President’s Award for Outstanding Research, 1990-1991; Cross appointment from Ocean Sciences Centre
Driedzic, W.R., B.Sc. York, M.Sc. Toronto, Ph.D. British Columbia; Cross appointment from Ocean Sciences Centre
Fleming, T.A., B.Sc. Queen’s, M.Sc. Simon Fraser, Ph.D. Toronto; Cross appointment from Ocean Sciences Centre
Fletcher, G.S., B.Sc. British Columbia, Ph.D. California; Professor (Research); Cross appointment from Ocean Sciences Centre
Gagnon, P., B.Sc., Ph.D. Laval University; Cross appointment from Ocean Sciences Centre
Gamperl, A.K., B.Sc.(Hons.), M.Sc. Guelph, Ph.D. Dalhousie; Cross appointment from Ocean Sciences Centre
Mercier, A., B.Sc. Université de Sherbrooke, M.Sc., Ph.D. Université du Québec à Rimouski; Cross appointment from Ocean Sciences Centre
Montevoci, W., B.Sc. Northeastern, M.Sc. Tulane, Ph.D. Rutgers
Parrish, C.C., B.Sc. Wales, Ph.D. Dalhousie; Winner of the President’s Award for Outstanding Research, 1995-1996; Cross appointment from Ocean Sciences Centre
Rose, G.A., B.Sc. Guelph, M.Sc. Laurentian, Ph.D. McGill; Cross appointment from Fisheries and Marine Institute
Schneider, D.C., B.Sc. Duke, Ph.D. SUNY, Stony Brook; Associate Dean (Research); Professor; Cross appointment from Ocean Sciences Centre; Cross appointment with Department of Psychology
Shahidi, F., B.Sc. Shiraz, Ph.D. McGill; Cross appointment from Department of Biochemistry
Storey, A.E., B.Sc.(Hons.), M.A. Manitoba, Ph.D. Rutgers; Cross appointment from Department of Psychology
Thompson, R.J., B.Sc. Bristol, Ph.D. Leicester; Professor (Research); Cross appointment from Ocean Sciences Centre
Wroblewski, J.S., B.Sc. Illinois, M.Sc., Ph.D. Florida State; Professor (Research); Cross appointment from Ocean Sciences Centre
Administrative Staff Officer
Cramm, M., B.Ed.(Post Secondary) Memorial
Supervisor of Laboratories
Collins, G.
Department of Chemistry
Head
Pickup, P.G., B.A., D.Phil. Oxon; University Research Professor, Awarded 2005; Professor
Professors Emeriti
Gogan, N.J., B.Sc.(Hons.), Ph.D. National University of Ireland, Dublin, F.C.I.C.
Honorary Research Professors
Thompson, L.K., B.Sc., Ph.D. Manchester, F.C.I.C.; University Research Professor, Awarded 1995
Professors
Bodwell, G.J., B.Sc., M.Sc. Victoria, Dr rer.nat. Tech. Univ. Braunschweig; Deputy Head (Graduate Studies and Research); Winner of the President’s Award for Outstanding Research, 1998-1999; Winner of the Petro Canada Young Innovator Award, 1999-2000
Georgiou, P.E., B.Sc.(Hons.) Witwatersrand, Ph.D. McGill, F.C.I.C.
Helleur, R.J., B.Sc. Concordia, M.Sc. McGill, Ph.D. Queen’s; Cross appointment with Ocean Sciences Centre
Mezey, P.G., M.Sc., M.Sc. Budapest, D. Sc. Saskatchewan; Canada Research Chair in Scientific Modelling and Simulation
Associate Professors
Bottaro, C.S., B.Sc.(Hons.) St. Mary’s, Ph.D. Dalhousie
Davis, R.W., B.Sc. Memorial, Ph.D. British Columbia
Flinn, C.G., B.Sc., M.Sc., Ph.D. Dalhousie; Deputy Head (Undergraduate Studies)
Fridgen, T.D., B.Sc.(Hons.) Trent, B.Ed., Ph.D. Queen’s
Hackett, F.M., B.Sc.(Hons.) Univ. Kent, D.Phil. Univ. of Sussex
Merschod, E.A., B.B. Bryn Mawr Coll., M.S., Ph.D. Cornell
Pansare, S.V., B.Sc., M.Sc., Univ. Pune (India), Ph.D. Alberta
Thompson, D.W., B.Sc. (Hons.), M.Sc. Queen’s, Ph.D. York
Zhao, Y., B.S., M.S. Dalian, Ph.D. Alberta; Winner of the Petro Canada Young Innovator Award, 2006-2007
Assistant Professor
Kozak, C.M., B.Sc.(Hons.) McMaster, Ph.D. UBC
Assistant Professors (term)
Hattenhauer, K.M., B.Sc. Winnipeg, Ph.D. Manitoba
Warburton, P., B.Sc. (Hons.), M.Sc., Ph.D. University of Saskatchewan
Cross-Appointments
Parrish, C.C., B.Sc. Wales, Ph.D. Dalhousie; Cross appointment from Ocean Sciences Centre
Poduska, K., B.A. Carleton College, Ph.D. Cornell; Cross appointment from Department of Physics and Physical Oceanography
Adjunct Professors
Banou, J.H., B.Sc.(Hons.) University of Alexandria, Egypt, Ph.D. University of Montreal
Keefe, D., B.Sc.(Hons.) Memorial, Ph.D. University of Alberta
Miller, D., B.Sc., M.Sc. Memorial
Schneider, C., B.Sc.(Hons.), M.Sc. Universite de Nancy I (France), Ph.D. Keele University
Director, CREAT Network
Miller, D., B.Sc., M.Sc. Memorial
Undergraduate Laboratory Supervisor
Gulliver, G
Department of Computer Science
Head
Brown, E., B.Sc.(Hons.), Memorial, M.Sc. U. of T., Ph.D. Toronto, LL.B. Victoria; Associate Professor
Professors
Banzhaf, W., Dipl. Phys. Ludwig-Maximilian, Munich, Dr rer.nat. Fidericiana, Karlsruhe; University Research Professor, Awarded 2010
Bartha, M., M.Sc., Ph.D. József Attila University, Hungary
Billard, P., B.Sc., M.Sc., Ph.D. Memorial
Minnis, G., Dipl. Greek Center of Productivity, B.Sc. Univ. of Ioannina (Greece), M.Sc., Ph.D. McGill
Tang, J., M.Sc. Iowa, Ph.D. Penn. State

Associate Professors
Byrne, R., B.Sc.(Hons.), B.Eng. Memorial, M.Sc., Ph.D. Victoria
Deb, A., M.Tech. Calcutta, Ph.D. Iowa
Fiech, A., Dipl. Inf. Dortmund, Ph.D. Kansas State
Shih, J., B.Sc., Beijing, M.Sc., Ph.D. Simon Fraser
Wareham, T., B.Sc.(Hons.), B.A., M.Sc. Memorial, Ph.D. Victoria

Assistant Professors
Bungay, S., B.Sc., Memorial, Ph.D. Guelph
Chen, Y-P., B.Sc. Beijing, Ph.D. Simon Fraser
Hoeger, O., B.Sc., M.Sc. Saskatchewan, Ph.D. Regina
Kokolovuova, A., B.Sc.(Hons.) Arizona, M.Sc., Ph.D. Toronto

Lecturers
Batten, D.L., B.Sc.(Hons.) Memorial, M.Sc. Queen's
Gupta, R., B.A. Agra Univ., B.A. Memorial, M.S. Georgia Tech.

Cross-Appointments
Evermann, J., Dipl. Wirt. Inf. Muenster, Ph.D. British Columbia
Cross appointment from Faculty of Business Administration
Norvell, T.S., B.Sc. Memorial, Ph.D. (Hons.) Dalhousie, M.Sc. Ph.D. Toronto, Cross appointment from Faculty of Business Administration
Parsons, J., B.Comm.(Hons.) Memorial, Ph.D. British Columbia,
Cross appointment from Faculty of Business Administration
Pike, D., B.Math. Waterloo, MAM, Ph.D. Auburn, FTICA; Cross appointment from Department of Mathematics and Statistics

Systems Manager
Rayment, M., B.Sc. Memorial, MS M.I.T.

Systems Personnel
Boland, T., B.Sc. Memorial, AITD, ITI
Casey, A., B.Sc. Memorial
Green, K., B.Sc. Memorial
Price, P., B.Sc. Memorial
White, N., B.Sc. Memorial, MS M.I.T.
Wissink, M., B.Sc. New Brunswick

Laboratory Instructor
Johnstone, S., B.Sc. Memorial

Instructional Assistants
Anthony, S., B.Sc. Memorial
Milley, C., B.Sc. Memorial
Verbree-Barnes, I., B.Sc. Memorial

Administrative Staff Specialist
Boone, E.

Department of Earth Sciences
Head
Hanchar, J.M., B.S. Memphis, M.S. Vanderbllit, Ph.D. Renssellaer Polytechnic Institute, P.Geo.

Professors Emeriti
Hiscott, R.N., B.Sc.(Hons.) Brock, Ph.D. McMaster, P.Geo.
Hodych, J.P., M.A., Ph.D. Toronto
Longerich, H., B.Sc. Milikin, Ph.D. Indiana
Rochester, M.G., B.A., M.A. Toronto, Ph.D. Utah, F.R.S.C.; University Research Professor, Awarded 1986

University Research Professors

Professors
Dunning, G.R., B.Sc.(Hons.), M.Sc. Carleton, Ph.D. Memorial; Winner of the President's Award for Outstanding Research, 1994-1995
Johansen, T., B.Sc., M.Sc., Ph.D. Oslo; Canada Research Chair in Reservoir Engineering; Cross appointment with Faculty of Engineering and Applied Science
Kachanoski, G., B.Sc.(Hons.), M.Sc. University of Saskatchewan, Ph.D. University of California (Davis); President and Vice-Chancellor
Leitch, A., B.Sc.(Hons.), B.Sc. (Hons.), Ph.D. Toronto
Layne, G.D., B.Sc.(Hons.), Ph.D. Toronto
Mason, R.A., B.Sc.(Hons.) London, Ph.D. Aberdeen
McIlroy, D., B.Sc. (Hons.) Manchester, D.Phil. Oxford, Canada Research Chair in Petroleum Geoscience and Geotechnology
Piercey, J., B.Sc.(Hons.), M.Sc. Memorial, Ph.D. British Columbia, P.Geo; Allius Chair in Mineral Deposits
Wilson, M.R., B.Sc.(Hons.) Carleton, Ph.D. Sask,
Ziegler, S., B.S. Massachusetts, Ph.D. Texas; Canada Research Chair in Environmental Science

Assistant Professors
Azmy, K., B.Sc. Ain Shams, M.Sc. Windsor, Ph.D. Ottawa
Hurich, C., B.Sc., M.Sc., Ph.D. Wyoming
Layne, G.D., B.Sc.(Hons.), Ph.D. Toronto
Leitch, A., B.Sc.(Hons.), B.Sc. (Hons.), Australian National
Macquaker, J.H.S., B.Sc.(Hons.); Ph.D. Bristol
Mason, R.A., B.Sc.(Hons.) London, Ph.D. Aberdeen
McIlroy, D., B.Sc. (Hons.) Manchester, D.Phil. Oxford, Canada Research Chair in Petroleum Geoscience and Geotechnology
Piercey, J., B.Sc.(Hons.), M.Sc. Memorial, Ph.D. British Columbia, P.Geo; Allius Chair in Mineral Deposits
Wilson, M.R., B.Sc.(Hons.) Carleton, Ph.D. Sask,
Ziegler, S., B.S. Massachusetts, Ph.D. Texas, Canada Research Chair in Environmental Science

Adjunct Professors
Bodner, R.J., B.S. Pittsburgh, M.S. Arizona, Ph.D. Pennsylvania
Brasier, M., B.Sc., Ph.D. London, M.A. Oxon
Cabr, L.J., B.Sc.(Hons.) Wilwstersand, M.Sc.(Appld.), Ph.D. McGill; Emeritus Research Scientist (CANMET, NRC)
Mudie, P., B.Sc. Leicester, Ph.D. Dalhousie

Research Associate
Deemer, S., B.S. Michigan Technological, M.S. Wyoming, Ph.D. Bergen
Welford, J.K., B.Sc.(Hons.) McGill, M.Sc., Ph.D. British Columbia

Department of Mathematics and Statistics
Head
Radford, C., B.Sc., Ph.D. Sydney

Professors Emeriti
Booth, P.I., B.Sc., M.Sc., Ph.D., Hull; Winner of the Dean of Science Distinguished Scholar Medal, 1996
Heath, P.R., B.Sc., Ph.D. Hull, DBS Durham, MTS Queen's

Honorary Research Professor
Parmenter, M.M., B.Sc. Toronto, Ph.D. Alberta
Mathematics

Professors
Bahturin, Y., D.Sc., Ph.D. Moscow; University Research Professor, Awarded 2002
Goodaire, E.G., B.Sc. Toronto, Ph.D. British Columbia
Kocabilyik, S., B.Sc., M.Sc. Middle East Tech., Ph.D. Western Ontario; Petro-Canada Young Innovators Award, 2000
Pike, D., B.Math. Waterloo, MAM, Ph.D., Auburn, FTICA; Cross appointment to Department of Computer Science
Shalaby, N.A.I., M.A. York, Ph.D. McMaster
Xiao, J., M.Sc. Human, Ph.D. Peking
Zhao, X., B.Sc., M.S. Northwest, Ph.D. Academia Sinica; University Research Professor, Awarded 2008

Associate Professors
Booth, I., B.Sc. Memorial, M.Sc., Ph.D. Waterloo; Cross appointment to Department of Physics and Physical Oceanography
Foster, A., B.Sc., Ph.D. Dalhousie, M.Math Waterloo; Associate Dean (Administration and Undergraduate)
Haynes, R.D., B.Sc. Memorial, M.Sc., Ph.D. Simon Fraser
Mantylka, S., B.A., M.B.A. Sask., M.Math., Ph.D. Waterloo
Merkl, M., Diploma in Theoretical Physics, EFP Lausanne, Ph.D. Toronto; Winner of the President's Award for Outstanding Research 2000-2001
Ou, C.H., B.A. Peking, Ph.D. Hong Kong
Rees, R.S., B.Sc., B.Med.Sc., Ph.D. Queen's, FTICA; Hall Medal, 1999
Suvak, J.A., B.S. St. Martin's College, M.S., Ph.D. Arizona
Yuan, Y., B.Sc. Wuhan, M.Sc. Central South Univ. of Tech., Ph.D. Western Ontario; UFA 2004

Assistant Professors
Baird, T.J., B.Sc. Queen's, Ph.D. Toronto
Dyer, T.D., B.Sc.(Hon.) Memorial, M.Sc., Ph.D. Simon Fraser
Kondratieva, M., M.Sc. Moscow Inst. of Electronics & Math, Ph.D. Toronto; Joint appointment with Faculty of Education
Kotchotov, M., M.Sc. Moscow State (Lomonosov), Ph.D. Memorial, Cand. Sc. Moscow State
Ni, Z., B.Sc., M.Sc. Wuhan, Ph.D. Toronto

Visiting Assistant Professor
Sullivan, S.P., B.Sc., Ph.D. Memorial

Adjunct Professors
Charon, R., B.Sc., Ph.D. New Brunswick, M.Math. Waterloo
Sadov, S., M.Sc. Moscow Institute of Electronics and Math, Ph.D. Keldysh Institute for Applied Math

Cross-Appointment
Finnis, J., B.Sc. Guelph, Ph.D. Colorado; Assistant Professor; Cross appointment from Department of Geography

Laboratory Instructor
O'Reilly, G., B.Sc. Memorial

Statistics

Professor
Sutradhar, B.C., B.Sc. Dacca, M.Sc. Dacca and Western Ontario, Ph.D. Western Ontario; University Research Professor, Awarded 2004

Associate Professors
Far, Z., B.Sc., M.Sc. Shandong, Ph.D. Gottingen
Loredo-Osti, J.C., B.Sc., M.Sc. Universidad Autonoma, Ph.D. Dalhousie, Graduate Officer
Wang, H., B.Sc. Beijing Normal, Ph.D. Regina

Assistant Professor
Variyath, A., B.Sc., Calculc, M.Sc. Kerala Agricultural, Post Graduate Diploma Indian Statistical Institute, Ph.D. Waterloo

Adjunct Professors
Cadigan, N., B.Sc., MAS Memorial, Ph.D. Waterloo
Sneddon, G., B.Sc.(Hon.) Acadia, M.Sc., Ph.D. Dalhousie

Cross-Appointments
Gadag, V., B.Sc., M.Sc. Karnatak, M.Phil., Ph.D. Poona; Professor of Biostatistics, Cross appointment from Department of Health Statistics and Health Information Systems
Yi, Y., B.Sc., Hunan Normal, M.Sc., Changsha College, M.Sc., Ph.D. Manitoba; Assistant Professor of Biostatistics; Cross appointment from Division of Community Health and Humanities

Consultants for Master of Applied Statistics Program
Cadigan, N., B.Sc., M.A.S. Memorial, Ph.D. Waterloo; Department of Fisheries and Oceans, St. John's
Lye, L.M., B.Sc.(Hons.) Bolton Inst., Ph.D. Manitoba, P.Eng.; Faculty of Engineering and Applied Science, Memorial University of Newfoundland
Schneider, D.C., B.Sc. Duke, Ph.D. SUNY, Stony Brook; Ocean Sciences Centre, NICOS

Undergraduate Officer
Johnson, H., B.Sc. Memorial

Administrative Staff Specialist
English, R.

Department of Physics and Physical Oceanography

Head
de Young, B., B.Sc., M.Sc. Memorial, Ph.D. British Columbia; Appointed to Robert A. Bartlett Professorship in Oceanography; Winner of the President's Award for Outstanding Research, 1997-1998; Cross appointment with Ocean Sciences Centre; Professor

Professors Emeriti
Cho, C.W., B.Sc. Seoul, M.A., Ph.D. Toronto
Clouter, M.J., M.Sc. Memorial, Ph.D. Toronto; University Research Professor, Awarded 2000

Professors
Afanassiev, I., Ph.D. P.P. Shirshov Institute of Oceanology, Russian Acad., M.Sc. Moscow Physical-Technical University
Lagowski, J.B., B.Sc. Manitoba, M.Sc., Ph.D. Toronto
Lewis, J.C., B.Sc., M.Sc. Carleton, Ph.D. Toronto
Plumer, M., B.Sc. St. Francis Xavier, M.Sc. Dalhousie, Ph.D. Toronto
Quirion, G., B.Sc., M.Sc., Ph.D. Sherbrooke
Whitehead, J.P., B.Sc. St. Andrew's, Ph.D. Alberta

Associate Professors
Andrews, G.T., B.Sc., M.Sc., Ph.D. Memorial
Beaullieu, L., B.Sc. University of Ottawa, M.Sc., Ph.D. Dalhousie; Petro Canada Young Innovators Award, Awarded 2008
Chen, Q., B.Sc. Shanghai Jiao Tong University China, M.Sc., Ph.D. Shanghai Institute of Optics and Fine Mechanics, China (CRC Photonics); Cross appointment with the Faculty of Engineering and Applied Science
Curnoe, S.H., B.Sc. Toronto, Ph.D. British Columbia (NSERC UFA); Winner of the President's Award for Outstanding Research, 2005-2006
Demirov, E., M.Sc., Ph.D. University of St. Petersburg, Russia
Poduska, K., B.A. Carleton College, M.S., Ph.D. Cornell (on leave)
Tarasoff, L., B.Sc. Guelph, M.Sc., Ph.D. Toronto; CRC Glacial Dynamics Modelling
Yethiraj, A., B.Sc. Bombay (St. Xavier's College), M.Sc. Houston, Ph.D. Simon Fraser; Winner of the President's Award for Outstanding Research 2008-2009
Zedel, L., B.Sc., M.Sc. Victoria, Ph.D. British Columbia; Petro-Canada Young Innovators Award, Awarded 2001

Assistant Professor
Saika-Voivod, I., B.Sc.(Hons.), Ph.D. University of Western Ontario

Adjunct Professors
Anderson, J.T., B.Sc., M.Sc. Guelph, Ph.D. British Columbia
Bourgault, D., M.Sc. Quebec at Rimouski, Ph.D. McGill
Budgell, W.P., B.A.Sc. Waterloo, M.Eng McMaster, Ph.D Waterloo
The Memorial University of Newfoundland Code

The attention of all members of the University Community is drawn to the section of the University Calendar titled The Memorial University of Newfoundland Code, which articulates the University’s commitment to maintaining the highest standards of academic integrity.

2 Research Units

2.1 Centre for Earth Resources Research (CERR)

Director

Hanchar, J.M., B.S. Memphis, M.S. Vanderbilt, Ph.D. Rensselaer Polytechnic Institute
2.1.1 Research Group

The Centre draws on the research expertise of faculty and research staff members in the Department of Earth Sciences as well as other specialists inside and external to the University. For a complete listing of faculty, see Earth Sciences entry.

2.1.2 Scope and Objectives

The CERR was established in 1983 to provide for the co-ordination and promotion of earth resources research and associated work related to the origin, discovery, development, exploitation, and environmental aspects of earth resources. The Centre promotes, initiates, and co-ordinates research within the earth resources disciplines on the national and international scenes. Researchers interact, when appropriate, with the industrial and government sectors and introduce other organizations to the potential benefits of further research and development in earth resources. The special facilities of the Centre complement the development of graduate and undergraduate programs in earth sciences and related disciplines at Memorial University of Newfoundland. A further function of the Centre is to contribute to the training of people competent in solving earth resources problems and to encourage personnel exchanges with industry and government. The Alexander Murray Building houses the Centre, and has laboratories for teaching and basic and applied research.

2.1.3 Organization

The Centre is an integral part of the Department of Earth Sciences. The active research of faculty members contributes to programs in the Centre. Increasing collaboration is underway with government and industry in research projects that emphasize earth resources. The work of the Centre addresses problems and opportunities related to mineral resources, petroleum resources, exploration technology, environmental geoscience, and generic research. The Centre works closely with other local, national, and international research institutes. CERR hosts the geoscience component of the University's Oil and Gas Development Partnership.

2.2 Ocean Sciences Centre (OSC)

Administration

Devereaux, J.; Field and Laboratory Services Supervisor
Fletcher, G.L., B.Sc. British Columbia, Ph.D. California; Professor Emeritus; Director, Ocean Sciences Centre
Nichols, D., B.A., MMS. Memorial; Research Marketing Manager
Wheeler, D.; Staff Administrative Specialist

Scientific Staff

Abrahams, M., B.Sc. Western, M.Sc. Queen's, Ph.D. Simon Fraser; Dean of Science
Debel, D.R., B.Sc. Bucknell, Ph.D. Georgia; Professor (Research); Winner of the President's Award for Outstanding Research, 1990; Cross appointment with Department of Biology
Driedzic, W.R., B.Sc. York, M.Sc. Toronto, Ph.D. British Columbia; Professor; Tier I Canada Research Chair in Marine Bioscience; Cross appointment with Department of Biochemistry

Fleming, I.A., B.Sc. Queen's, M.Sc. Simon Fraser Univ., Ph.D. Univ. of Toronto; Professor; Cross appointment with Department of Biology
Gagnon, P., B.Sc., Ph.D. Laval University; Assistant Professor; Cross appointment with Department of Biology
Gamperl, A.K.; B.Sc.; M.Sc. Guelph, Ph.D. Dalhousie; Professor; Cross appointment with Department of Biology
McGaw, I., B.Sc., Ph.D. Wales-Bangor; Associate Professor; Cross appointment with Department of Biology
Mercier, A., B.Sc. Sherbrooke, M.Sc. Québec à Rimouski; Associate Professor; Cross appointment with Department of Biology
Parrish, C.C., B.Sc. Wales, Ph.D. Dalhousie; Professor; Winner of President's Award for Outstanding Research 1990; Cross appointment with Department of Biology
Rise, M., M.Sc. Boston College, Ph.D. Victoria; Assistant Professor; Tier II Canadian Research Chair in Marine Biotechnology; Cross appointment with Department of Biology
Rivkin, R.B., B.Sc., M.Sc. City College, New York, Ph.D. Rhode Island; Professor; Cross appointment with Department of Biology; University Research Professor, Awarded 2007
Schneider, D.C., B.Sc. Duke, Ph.D. SUNY; Stony Brook; Professor; Cross appointment with Department of Biology
Snegurova, P.V.R., B.Sc. Memorial, M.Sc. McGill, Ph.D. Massachusetts Institute Technology - Woods Hole Oceanographic Institution; Professor, Tier 2 Canada Research Chair in Boreal and Cold Ocean Systems; Cross appointment with Department of Chemistry; Joint appointment with Department of Biology
Thompson, R.J., B.Sc. Bristol, Ph.D. Leicester; Professor (Research); Cross appointment with Department of Biology
Wroblewski, J.S., B.Sc. Illinois, M.Sc., Ph.D. Florida State; Professor (Research); Cross appointment with Department of Biology

Professors Emeriti

Burton, D., B.Sc. Wales, Ph.D. London; Biology
Khan, R.A., B.S.A., M.Sc., Ph.D., Toronto; Biology

Adjunct Professors

Cote, D., M.Sc. Wilfrid Laurier Univ., Ph.D. Univ. of Waterloo; Terra Nova National Park
DeBlois, E., B.Sc. Univ. of New Brunswick; Ph.D. McGill University; Senior Scientist, Jacques Whitford Ltd
Dixon, B., B.Sc. Wilfrid Laurier Univ., M.Sc. Univ. of Guelph, Ph.D. Dalhousie Univ. of Waterloo
Ewart, K., B.Sc. Université de Moncton, Ph.D. Memorial; Research Scientist, Institute for Marine Biosciences, Halifax, N.S.
Hale, M., B.Sc., Ph.D. Flinders University; Senior Lecturer, University of Portsmouth
Mansour, Atel, B.Sc., M.Sc., Ph.D. Cario Univ.; Research Scientist, Dept. of Fisheries and Oceans
McKenzie, C., B.Sc., Ph.D. Texas University; Research Scientist, Department of Fisheries and Oceans
Morgan, J.M., B.Sc. Mount Allison, Ph.D. Queen's Department of Fisheries and Oceans
O'Reilly, P., B.Sc., M.Sc. University of Alberta, Ph.D. Dalhousie University; Research Scientist, Department of Fisheries and Oceans, Nova Scotia
Pepin, P., B.Sc. McGill, Ph.D. Dalhousie; Northwest Atlantic Fisheries Centre, Department of Fisheries and Oceans
Rise, M., B.Sc., M.Sc. St. Francis Xavier, Ph.D. Victoria; Project Manager, Genome Atlantic, OSC
Trippel, E., B.Sc., M.Sc. University of Toronto, Ph.D. Guelph; Research Scientist, Department of Fisheries and Oceans, New Brunswick.

Cross-Appointed Faculty

Dr. W. Montevocchi, Department of Psychology
Dr. H. Volkoff, Department of Biology
Post-Doctoral Fellows
Bassett, D., B.Sc., M.Sc., Ph.D. University of Auckland, New Zealand
Booman, M., M.Sc., Ph.D. Wageningen University, The Netherlands
Mitchell, J., B.Sc., Queens, M.Sc., University of Ontario, Ph.D., Simon Fraser

Research Specialist
DuRand, M., Ph.D. Massachusetts

Research Assistants
Jones, D., B.Sc. Saskatchewan
Short, C., B.Sc. Memorial

The Ocean Sciences Centre (OSC) provides scientists at Memorial University of Newfoundland and other organizations with first-rate facilities for research in cold ocean sciences. In addition, the OSC supports quality graduate education in a broad range of marine science and related disciplines. Located on the most eastern coast of Canada the Centre lends itself to the shore-based study of cold ocean processes, and sub-arctic and arctic fauna and flora. Current research foci are aquaculture, biological and chemical oceanography, and fundamental principles of behaviour, biochemistry, and physiology that underlie the first two themes. The OSC was a key player in AquaNet, Canada’s first federal Network of Centres of Excellence (NCE) devoted to aquaculture. The OSC was an AquaNet Core Facility, as well as its Administrative Centre.

Located at Logy Bay, 10 km from the main campus, the OSC has an excellent unpolluted sea water supply that is the lifeline of the centre. There are 35 laboratories (22 provided with running seawater) and facilities for microscopy, histochemistry, analytical chemistry, radioisotope counting, physiological work, and standard analyses for oceanography. Large holding areas permit scientists to maintain a variety of marine organisms for long periods at ambient and controlled water temperatures. The Seal Research Facility offers research opportunities on North America’s only population of captive harp seals. The Field Services Unit provides extensive resources for field studies including: year round SCUBA diving, small research vessels, a tank truck for the transportation of live specimens, and a wide-range of oceanographic and collecting equipment.

The Logy Bay complex includes machine, woodworking and electronics shops, computer resource personnel, and a multimedia classroom. Desktop computers are linked to the mainframe cluster on campus, with high-resolution printing and graphics, and an image analysis facility.

The Aquaculture Research and Development Facility provides state-of-the-art facilities designed to support research, training, pre-commercial production, and small-scale commercial trials, on alternative species for marine aquaculture. A critical component of the new facility is a sea water system designed to deliver high quality, temperature controlled, flow through and re-circulating water. There are areas for broodstock conditioning, hatchery and nursery operation, first-feeding, on-growing, and live food production. Under investigation are: Atlantic halibut, Atlantic cod, Atlantic salmon and smaller flounder species.

Research Themes
1. Aquaculture nutrition and production
2. Reproductive biology of finfish and molluscs
3. Development and behavioural ecology of larval and juvenile fish
4. Survival of marine organisms without oxygen
5. Antifreeze proteins and cold adaptation in fish
6. Biological production and the ecology of cold oceans
7. Transport and fate of lipids in cold ocean ecosystems
8. Physiology of feeding and digestion in marine invertebrates
9. Marine biotechnology
10. Fisheries oceanography
11. Quantitative biology and population interactions
12. Deep-sea biology
13. Larval ecology of marine invertebrates

3 Faculty Description

The Faculty of Science encompasses eight academic departments: Biochemistry, Biology, Chemistry, Computer Science, Earth Sciences, Mathematics and Statistics, Physics and Physical Oceanography, and Psychology. Each offers programs leading to either a general or honours degree. A number of specialized and joint (double major) programs are also offered, as well as Bachelor of Science degree programs delivered by the Departments of Geography and Economics. Selected students can complete the first two years of Acadia University’s Bachelor of Science in Nutrition (Dietetics option) at Memorial University of Newfoundland. In addition to educational programs, research is a most important aspect of the Faculty of Science. As such, the Faculty is in a position to generate new knowledge by the pursuit of high quality research and to foster economic development through cooperative research and technology transfer with the private sector. The Faculty of Science is the scientific training ground for all undergraduates at the University. Memorial University of Newfoundland's science graduates are in demand by science-based industries throughout the country. Our Faculty excels in research and in its commitment to effective teaching and delivery of quality educational programs.

Additional information regarding the Faculty of Science is available at www.mun.ca/science/.

4 Bachelor of Science in Nutrition (Dietetics Option), Memorandum of Understanding (MOU) between Memorial University of Newfoundland and Acadia University

Program Coordinator: Dr. P. Davis, Department of Biochemistry

4.1 General Information

Under the terms of a Memorandum of Understanding (MOU) between Memorial University of Newfoundland and Acadia University, selected students are able to complete the first two years of Acadia University’s Bachelor of Science in Nutrition (Dietetics option) at
Memorial University of Newfoundland and complete the final two years of the program at Acadia University. Selection for this program is competitive and is limited to ten qualified students each year. Upon successful completion of all degree requirements students will graduate with the degree of Bachelor of Science in Nutrition (Dietetics option) from Acadia University.

For detailed information about the Memorial University of Newfoundland component of the program, and for information about the selection process and deadlines, contact the Office of the Dean of Science by e-mail at science@mun.ca or by telephone at (709) 864-8153 or (709) 864-8154.

For detailed information about the Acadia University program, contact Acadia University in writing to the School of Nutrition and Dietetics, Acadia University, P.O. Box 68, 12 University Avenue, Wolfville, Nova Scotia, Canada B4P 2R6, or by telephone at (902) 585-1366, or by e-mail at nutr@acadiau.ca, or through the website at nutrition.acadiau.ca.

### 4.2 Admission Regulations

1. Students who are interested in pursuing this program must first complete 30 credit hours from the prescribed courses from the Memorial University of Newfoundland Courses list below.

2. In the Winter semester, normally at the end of a student's first year at Memorial University of Newfoundland, a selection competition will be held. Only those students who are selected will be eligible to continue into the second year of the program at Memorial University of Newfoundland.

3. The selection process will be jointly administered by Memorial University of Newfoundland and by Acadia University.

4. Academic achievement will be a significant criterion used for selection and students may be asked to attend an interview.

5. The letter of acceptance will give the selected applicant 14 days from the date of the letter in which to confirm acceptance of their place in the program.

6. To continue on to Acadia University, the selected students must successfully complete the 17 courses, 51 credit hours from the Memorial University of Newfoundland Courses and the 3 courses, 9 credit hours from the Acadia University Courses lists below required by the MOU with a minimum 60% overall average. A grade of 60% (Acadia University equivalent grade of C-) is required in each of the three individual Nutrition courses taken through Open Acadia at www.openacadia.ca, the distance education unit of Acadia University.

### 4.3 Continuance Regulations

Students who successfully complete the first two years of the program at Memorial University of Newfoundland as described below will transfer to Acadia University where the final two years will be completed.

#### 4.3.1 Memorial University of Newfoundland Courses

Under the terms of the MOU, the following 17 courses, 51 credit hours at Memorial University of Newfoundland must be completed with a minimum 60% overall average before being admitted to the third year of Acadia University’s program:

1. Biology 1001
2. Chemistry 1010, 1011 (or Chemistry 1200, 1001)
3. Chemistry 2440
4. English 1080, 1110 (or equivalent)
5. Mathematics 1090 and 1000 (or Mathematics 1000 and one elective)
6. Pharmacy 2002, 2003, and 2004 or Biochemistry 2101 (only students who are selected for this program will be permitted to register for these Pharmacy courses)
7. Psychology 1000, 1001
8. Statistics 2500, 2501
9. Two Arts electives

#### 4.3.2 Acadia University Courses

To continue to the third year of Acadia University’s program, the selected students must successfully complete 20 courses, 60 credit hours comprised of the 17 courses, 51 credit hours from the Memorial University of Newfoundland Courses list above and the 3 courses, 9 credit hours from the Acadia University Courses list below. This is required by the MOU and student’s must obtain a minimum 60% overall average. A grade of 60% (Acadia University equivalent grade of C-) is required in each of the three individual Nutrition courses taken through Open Acadia at www.openacadia.ca, the distance education unit of Acadia University.

Nutrition 1513
Nutrition 2503
Nutrition 2513

#### 4.3.3 Internship

In order to be eligible to apply for internship placements administered by the Acadia Dietetic Internship Program, students must obtain a grade of at least B- (70-72) in the two courses Nutrition 2503 and 2513. This requirement does not apply for other non-Acadia internships for which all students are eligible to apply.
### 4.3.4 Programs Tables

The following tables present a schedule for completing the course requirements at Memorial University of Newfoundland.

#### For Students Who Complete Mathematics 1090 in Their First Semester

</table>

Notes:
1. Statistics 2501 is offered on campus in the Fall semester and normally is offered only by distance education in the Winter semester.
2. While students are strongly encouraged to complete Nutrition 1513 in the first year, they can substitute an Arts elective for Nutrition 1513 in the first year but must then complete Nutrition 1513 in the second year.
3. All three Open Acadia courses must be completed prior to starting courses at Acadia.

## 5 Joint Programs

Course descriptions are found at the end of the Faculty of Science section under Course Descriptions. The following joint programs are offered by Departments in the Faculty of Science, and the regulations for each program are joint Departmental Regulations. For convenience of reference the joint programs are listed below in alphabetical sequence: Joint Honours, Joint Majors, and Joint Options.

### 5.1 Joint Honours

#### 5.1.1 Applied Mathematics and Chemistry Joint Honours (B.Sc. Only)

The following courses are required:
1. English 1080 and English 1110 (or equivalent).
2. A computing course. Computer Science 1510 is recommended.
4. Physics 1050 (or 1020) and 1051.
5. Chemistry 1050 and 1051 (or 1010, 1011 and 1031), 2100, 2210, 2301, 2302, 2400, 2401, 3110, 3210 or 3211, 3303, 3500.
7. Six additional credit hours chosen from courses numbered 3000 or higher that are offered by the Department of Chemistry.
8. Mathematics 419A/B or Chemistry 490A/B.
9. A sufficient number of elective courses to bring the degree up to a total of 120 credit hours.

5.1.2 Applied Mathematics and Physics Joint Honours

The following courses are required:

1. English 1080 and English 1110 (or equivalent).
2. A computing course. Computer Science 1510 is recommended.
3. Six credit hours in a science other than Mathematics or Physics (if Computer Science is chosen then Computer Science 1510 may be counted as three of these hours).
5. At least one of Mathematics 2130 or Mathematics 2320.
6. Physics 1050 (or 1020), 1051, 2053, 2055, 2750 (or 2056), 2820, 3220, 3230, 3400, 3500, 3750.
7. Three additional credit hours chosen from courses numbered 3000 or higher that are offered by the Department of Physics and Physical Oceanography.
8. Mathematics 3161 and Mathematics 4160, or Physics 3820 and Physics 4820.
9. Physics 499A/B or Mathematics 419A/B.
10. Twelve additional credit hours chosen from courses numbered 4000 or higher that are offered by the Department of Mathematics and Statistics or the Department of Physics and Physical Oceanography. At least 3 credit hours must be selected in each of Applied Mathematics and Physics.
11. A sufficient number of elective courses to bring the degree up to a total of 120 credit hours.

The topic for the Honours project or thesis, Mathematics 419A/B or Physics 499A/B, must be chosen with the prior approval of both departments.

5.1.3 Biochemistry and Cell Biology Joint Honours

Students must have at least an overall average of 65% in English 1080 and 1110 (or equivalent), Mathematics 1000 and 1001, Biology 1001 and 1002, Chemistry 1050 and 1051 (or equivalent), Physics 1050 (or 1020) and 1051.

The following courses, including prerequisites where applicable, will be required.

1. Biochemistry 2101, 3105, 3106, 3107, 3108, either 4210 or 4211, 12 credit hours chosen from 4002, 4101, 4102, 4103, 4104, 4105, 4200, 4201, 4230-4249.
2. Biology 2060, 2250, 2500, 2900, 3050 and 9 credit hours chosen from 3500, 3530, 3620, 4000, 4200, 4241. In addition, further Biology courses at the 2000, 3000, or 4000 level must be selected by the student to make up a minimum of 42 credit hours in Biology including Biology 1001 and 1002 but not including Biology 499A or 499B.
3. Either Medicine 310A/B, or Biology 3401 plus one of Biology 3402, 4245 or 4404.
4. Chemistry 2100, 2300 or 2301, 2400, 2401; either 3410 or 3411.
5. Statistics 2550 or equivalent.
7. Other courses to complete the prescribed minimum of 135 credit hours in courses for the Joint Honours Degree.

Note: Students may count only one of the two courses, Biochemistry 4105 or Biology 4200, for credit in this program.

The topic of the Honours dissertation must be chosen with the approval of both Departments. A faculty member of either Department may act as supervisor.

Seventy-eight credit hours in Biology, Biochemistry and Chemistry courses beyond the first-year level from those listed in the program shall contribute to those in which a grade of "B" or an average of 75 or higher is required. Medicine 310A/B counts as Biochemistry for these seventy-eight credit hours.

5.1.4 Biochemistry and Chemistry Joint Honours

The following courses (or their equivalents) are required:

1. Chemistry 1050 and 1051 (or Chemistry 1010, 1011 and 1031) or their equivalents, Mathematics 1000 and 1001, Physics 1050 and 1051, 6 credit hours in first year English courses. Biology 1001 and 1002 are highly recommended.
3. Chemistry 2100, 2210, 2300 or 2301, 2302, 2400, 2401, 3110, 3211, 3303, 3410, 3411, 3500, and 6 further credit hours in Chemistry courses at the 4000 level.
4. Chemistry 2100, 2101, 3105, 3106, 3107, 3108, Medicine 310A/B, either Biochemistry 4210 or 4211, 9 credit hours chosen from Biochemistry 4002, 4101, 4102, 4103, 4104, 4105, 4200, 4201, 4220, 4230-4249.

Note: Only one of Biochemistry 4105, 4220 may be chosen.
5. Either Chemistry 490A/B or Biochemistry 499A/B.
6. Other courses to complete the prescribed minimum of 135 credit hours in courses for the Joint Honours Degree. Physics 2820 and/ or Physics 2750 are recommended.

5.1.5 Biochemistry and Physics Joint Honours

The following courses are required:

1. English 1080 and 1110 (or equivalent), Chemistry 1050 and 1051 (or Chemistry 1010, 1011, and 1031), Mathematics 1000 and 1001, Physics 1050 (or 1020) and 1051
2. Chemistry 2400, 2401.
3. Chemistry 2300 or 2301, or Physics 2053
5. Biochemistry 2100, 2101, 3105, 3106, 3107, 3108, Medicine 310A/B; plus 9 credit hours in courses to be selected from Biochemistry 4002, 4101, 4102, 4103, 4104, 4200, 4201, and 4230-4249; plus a 3 credit hour course to be selected from Biochemistry 4210 or 4211.
6. Physics 2055, 2750 or 2056, 2820, 3220, 3400, 3500, 3750, 3820, 3900, 4820; plus one 4000 level Physics course.
7. One course to be selected from Physics 3150, 3300, 3751, 4400. Physics 3751 is recommended.
8. Either Physics 490A/B or Biochemistry 499A/B.
9. Other courses to complete the prescribed minimum of 135 credit hours in courses for the Joint Honours degree.

5.1.6 Biochemistry and Psychology (Behavioural Neuroscience) Joint Honours

Note: Students completing this program cannot receive credit for Psychology 2920.

The following courses (or equivalent) are required to complete the 120 credit hours in courses required for the degree:

1. Chemistry 1050 and 1051 (or equivalent), Biology 1001 and 1002, Mathematics 1000 and 1001, Physics 1050 (or 1020) and 1051, English 1080 and 1110.
2. Biochemistry 2100, 2101, 3105, 3106, 3107, 3108, Medicine 310A/B, either 4210 or 4211, 9 credit hours chosen from Biochemistry 4002, 4101, 4102, 4103, 4104, 4105, 4200, 4201, 4220, 4230-4249.
   Note: Only one of 4105 and 4220 may be chosen.
3. Psychology 1000, 1001, 2520, 2570, 2910, 2911, 3800, 3801, 3900, two further courses in Psychology chosen from the following: 3050, 3100, 3250, 3350, 3450, 3620, 3650, 3750; two 4000 level courses in Psychology of which one must be a research experience course.
4. Either Biochemistry 499A/B or Psychology 499A/B.
5. Chemistry 2300 or 2301, 2400, 2401.

Notes:
1. In accordance with Clause 6. a. of the Regulations for the Honours Degree of Bachelor of Science, Honours candidates must obtain a grade of "B" or better, or an average of 75% or higher in all the required courses listed in Clauses 2., 3. and 4. above, except those at the 1000 level.
2. Students in first year intending to follow this program should note the regulations for admission to Major programs in Psychology and that the deadline for submission of a completed application form to the Psychology Department is June 1 for the Fall semester and October 1 for the Winter semester.

5.1.7 Biochemistry (Nutrition) and Psychology (Behavioural Neuroscience) Joint Honours

Note: Students completing this program cannot receive credit for Psychology 2920.

The following courses (or equivalent) are required:

1. Chemistry 1010 and 1011 (or 1050, 1051), Biology 1001 and 1002, Mathematics 1000, Physics 1020 or 1050, and 1021 (or 1051), English 1080 and 1110.
2. Biochemistry 2100, 2101, 2600, 3203, 4002, 4300, 4301, 4502, Medicine 310A/B; one course chosen from: Biochemistry 3105, 3108, 3202, 3402, 3600, 4101, 4103, 4104, 4105, 4200, 4201, 4210, 4211, 4220, 4230-4249, Biology 3050.
3. Psychology 1000, 1001, 2520, 2570, 2910, 2911, 3800, 3801, 3900; two further courses in Psychology chosen from the following: 3050, 3100, 3250, 3350, 3450, 3620, 3650, 3750; two 4000 level courses in Psychology of which one must be a research experience course.
4. Either Biochemistry 499A/B or Psychology 499A/B.
5. Chemistry 2400, 2401 or Chemistry 2440.
6. Other courses to complete at least the prescribed minimum of 120 credit hours in courses for the Joint Honours Degree.

Notes:
1. In accordance with Clause 6. a. of the Regulations for the Honours Degree of Bachelor of Science, Honours candidates must obtain a grade of "B" or better, or an average of 75% or higher in all the required courses listed in Clauses 2., 3. and 4. above, except those at the 1000 level.
2. Students in first year intending to follow this program should note the regulations as outlined for admission to Major programs in Psychology and that the deadline for submission of a completed application form to the Psychology Department is June 1 for the Fall semester and October 1 for the Winter semester.

5.1.8 Biology and Earth Sciences Joint Honours

The following courses, including prerequisites where applicable, will be required:

1. English 1080 and 1110 (or equivalent), Mathematics 1000 and 1001, Biology 1001 and 1002, Earth Sciences 1000 and 1002, Chemistry 1010 and 1011 (or 1050 and 1051), Physics 1020 and 1021 (or 1050 and 1051).
2. Chemistry 2440, Biochemistry 2101, Biochemistry 3106, one of Statistics 2550, 2560 or 2510.
3. Biology 2600, 2250, 2600, 2900, one of 3401, 3402, 4245 or 4404; plus Biology 3710, 3711, and 4505. In addition, further Biology courses at the 2000, 3000 or 4000 level must be selected by the student in consultation with the supervisor to make up a minimum of 42 credit hours in Biology not including Biology 499A or 499B.
4. Earth Sciences 2030, 2031, 2502, 2905; plus a minimum of 24 credit hours in other Earth Sciences courses from 2000 to 4000 level, at least 3 credit hours of which must be at 4000 level. Earth Sciences 2150, 2914, 2915, 2916, 2917, 2918, 4310, and 4950 cannot be used to fulfill this requirement. Career-related streams outlined in the departmental Student Handbook should be used as a guide to course selection so as to achieve a concentration in one facet of Earth Sciences.
5. An Honours dissertation (Biology 499A/B or Earth Sciences 499A/B). The topic of the Honours dissertation must be chosen with the approval of both Department Heads. A faculty member of either Department may act as supervisor.
6. Other courses to complete the prescribed minimum of 135 credit hours in courses for the Honours degree, with at least 84 credit hours in courses in Biology and Earth Sciences combined.

Any change in the program of study must have the prior approval of the Heads of the two Departments concerned.

5.1.9 Biology and Psychology Joint Honours

Note: Students completing this program cannot receive credit for Psychology 2920.

The following forty courses (or equivalent) are required:

1. Biology 1001, 1002, 2060, 2250, 2600, 2900; one of 3401, 3402, 4245, 4404; four Biology electives at the 2000, 3000 or 4000 level
2. Psychology 1000, 1001, 2520, 2570, 2910, 2911, 3250, 3800 or 3801; 3900, 4910; one of the following: 3050, 3100, 3350, 3450, 3620, 3650; one further 4000 level Psychology research experience course.

3. Biology or Psychology 3750, 4701, 499A/B.

English 1080 and 1110; Mathematics 1000; Chemistry 1010 and 1011 (or 1050 and 1051), and 2440; Physics 1020 (or 1050) and 1021 (or 1051); Biochemistry 2101 and 3106.

5. Other courses, if necessary, to complete at least 120 credit hours of courses.

5.1.10 Biology and Psychology (Behavioural Neuroscience) Joint Honours

Note: Students completing this program cannot receive credit for Psychology 2920.

The following forty courses (or equivalent) are required:

1. Biology 1001, 1002, 2060, 2250, 2600, 2900; one of 3401, 3402, 4245, 4404; five Biology electives at the 2000, 3000 or 4000 level not including Biology 499A or 499B.

2. Psychology 1000, 1001, 2520, 2570, 2910, 2911, 3800, 3801; two further courses in Psychology chosen from the following: 3050, 3100, 3250, 3350, 3450, 3620, 3650; two 4000 level courses in Psychology of which one must be a research experience course.

3. Biology or Psychology 3750, 4701, 499A/B.

5.1.11 Biology and Statistics Joint Honours (B.Sc. Only)

See Regulations for the Honours Degree of Bachelor of Science. Students shall complete the following requirements:

1. Mathematics 1000 and Mathematics 1001, Biology 1001 and 1002, English 1080 and 1110, Chemistry 1010 and 1011 (or 1050 and 1051), Physics 1020 and 1021, or equivalent;

2. Mathematics 2000, 2050, 2051, Statistics 2500 or 2510, 2501 or 2560 or the former 2511, 3520, 3521, 3530, and 4581;

3. nine further credit hours in Statistics courses (excluding those with second digit 0) including at least 6 credit hours in courses at the 4000 level or higher but not including Statistics 4599;

5. Biology 2060, 2250, 2600, 2900, one of 3401, 3402, 4245, or 4404. In addition, further Biology courses at the 2000, 3000 or 4000 level must be selected by the student in consultation with the supervisor to make up a minimum of 42 credit hours in Biology but not including Biology 499A or 499B.

5.1.12 Chemistry and Earth Sciences Joint Honours

The following courses, including prerequisites, where applicable, will be required:

1. English 1080 and 1110 (or equivalents), Mathematics 1000 and 1001, Earth Sciences 1000 and 1002, Chemistry 1050 and 1051 (or 1010, 1011 and 1031) or their equivalents, Physics 1050 (or 1020) and 1051.

2. Earth Sciences 2030, 2031, 2401, 2502, 2702, 2905, 3420, 3600; plus 6 additional credit hours in 3000-level Earth Sciences courses, and 9 additional credit hours in 4000-level Earth Sciences courses.

3. Chemistry 2100, 2210, 2301 (or 2300), 2302, 2401, 3410, and 3411 with the option of substituting up to 6 credit hours of these 3000-level courses with 4000-level Chemistry courses; and at least 3 additional credit hours in 4000-level Chemistry courses.

5. Biology 2120 (or Biology 1001 and 1002) or Biochemistry 2101.

6. An Honours Dissertation (Earth Sciences 499A/B or Chemistry 490A/B). The topic of the Honours Dissertation must have the prior approval of the Heads of the two Departments. A faculty member of either Department may act as supervisor.

7. Other courses to complete the prescribed minimum of 120 credit hours.

Any change in the program of study must have the prior approval of the Heads of the two Departments concerned.

5.1.13 Chemistry and Physics Joint Honours

The following courses are prescribed:

2. Physics 1050 (or 1020) and 1051.

3. A minimum of 45 additional credit hours in Physics courses, which shall include Physics 2055, 2750 or 2056, 2820, 3220, 3230, 3500, 3750, 3820, 3900, 4820 and 3 credit hours in a Physics course numbered 3000 or higher and 12 credit hours in Physics courses numbered 4000 or higher.

4. Physics 3810 or Mathematics 3202.

5. Chemistry 1050 and 1051 (or Chemistry 1010, 1011 and 1031), 2100, 2210, 2300 or 2301, 2302, 2401 and 2402 credit hours in Chemistry courses numbered 3000 or higher including Chemistry 3211, 3303, 3500, 4303 and 4304.

6. The courses selected in accordance with 3 and 5. above shall include Chemistry 490A/B or Physics 490A/B.

The topic for the Honours thesis, Chemistry 490A/B or Physics 490A/B, must be chosen with the prior approval of both Departments.
5.1.14 Computer Science and Geography Joint Honours (B.Sc. Only)

1. Computer Science Requirements
   See Regulations for the Honours Degree of Bachelor of Science.
   Forty-eight credit hours in Computer Science courses are required for the Joint Honours:
   a. 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3754, 4751, 4770.
   b. Six additional credit hours in courses at the 4000 level not including 4780.
   c. Three additional credit hours in courses at the 3000 level or beyond.

2. Geography Requirements
   Forty-eight credit hours in Geography courses are required for the Joint Honours: 1050, 2001, 2102, 2195, 2226, 2302, 2425, 3202, 3222, 3226, 3250, 3260, 3303, 4202, 4250, 4261, and the former 4291.

3. Additional Requirements
   b. An Honours Dissertation (either Computer Science 4780 or Geography 4999). The topic for dissertation must be chosen with the prior approval of the Heads of both Departments.

5.1.15 Computer Science and Physics Joint Honours

The following courses are prescribed:

1. a. Computer Science 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3754, 4770.
   b. Nine additional credit hours in Computer Science courses numbered 3000 or higher, including at least 6 credit hours in courses numbered 4000 or higher.
   c. Physics 1050 (or 1020) and 1051.
   d. Physics 2053, 2055, 2750 or 2056, 2820, 3220, 3400, 3500, 3750, 3820, 4500, 4820 and 3230 or 3900.
   e. Physics 490A/B or Computer Science 4780.
   f. Physics 3810 or Mathematics 3202.
   g. Mathematics 1000 and 1001.
   h. Mathematics 2000, 2050, 2320 and 3260

Statistics 2510 is recommended.

The topic for the Honours project or thesis, Computer Science 4780 or Physics 490A/B, must be chosen with the prior approval of both Departments.

5.1.16 Computer Science and Pure Mathematics Joint Honours (B.Sc. Only)

See Regulations for the Honours Degree of Bachelor of Science. Students shall complete the following:

At least 51 credit hours in Computer Science courses are required including the following:

1. Computer Science 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3731, 3754, 4770.

2. Excluding 4780, 15 additional credit hours from courses numbered 3000 or higher, at least 9 credit hours of which must be in courses at the 4000 level.

The following courses in Mathematics and Statistics are required:

1. Mathematics 1000, 1001, 2000, 2050, 2051, 2130, 2320, 3000, 3001, 3202, 3210, 3260, 3320, 3340, Statistics 2510;
2. Either Mathematics 4000 or 4001;
3. Excluding Mathematics 4399, 15 additional credit hours in courses offered by the Department of Mathematics and Statistics numbered 3000 or higher including at least 9 credit hours from courses numbered 4000 or higher and at least 9 credit hours in Pure Mathematics courses;
4. An Honours Dissertation in one of the departments, with the topic chosen in consultation with both departments.

Note: There is an Undergraduate Advisor in each Department. These advisors should be consulted on all academic matters.

5.1.17 Computer Science and Statistics Joint Honours (B.Sc. Only)

See Regulations for the Honours Degree of Bachelor of Science. In addition to Mathematics 1000 and 1001 the following courses numbered 2000 or higher are required:

1. Mathematics 2000, 2050, 2051, 2320, 3340, Statistics 3410, 3411, 3520, 3521, 3530, 3540, 4590;
2. Twenty-four further credit hours in Statistics courses including at least 12 credit hours in courses numbered 4000 or higher, but not including Statistics 4599 and 4581;
3. Computer Science 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3754, 4734, 4770.
4. Six additional credit hours in Computer Science courses at the 4000 level, not including 4780.
5. Either Computer Science 4780 or Statistics 4599.

5.1.18 Earth Sciences and Geography Joint Honours (B.Sc. Only)

The following courses will be required. A few prerequisites are not met by this list of courses, and students are advised to obtain advice from instructors in such cases to be sure that they are prepared for course material. Both departmental Heads can advise students on a workable sequencing of courses to complete the degree in a timely manner, and students should view a student handbook that describes thematic streams within the program and offers specific guidance about course selection.

1. English 1080 or equivalent, English 1110 or equivalent, Geography 1050, Mathematics 1000 and 1001, Earth Sciences 1000 and 1002, one of Chemistry 1010 or 1050 (or equivalent) and one of Chemistry 1011 or 1051 (or equivalent), Physics 1050 and 1051, or Physics 1020 and 1021.
2. Geography 2001 or 2302, and Geography 2102, 2195, 2226, 2425 and 3226, Earth Sciences 2401 or 2502, and Earth Sciences...
2030, 2031, 2702 and 2905.

3. Mathematics 2000 or Statistics 2510 or Geography 3222, Biology 1001 and 1002, or Biology 2120 or Physics 2055.

4. Either Earth Sciences 499A and 499B, or Geography 4990 and Geography 4999.

5. At least an additional 40 credit hours from Earth Sciences and Geography, with a minimum of 16 credit hours from Earth Sciences and 18 credit hours from Geography; and a minimum of 9 credit hours at the 4000-level in each discipline. Earth Sciences 2150, 2914, 2915, 2916, 2917, 2918, 4310, and 4950 cannot be used to fulfill this requirement. Geography 2105, 2290, 2405, 2460 and 2495 cannot be used to fulfill this requirement.

6. Additional credit hours selected to conform to the Regulations for the Honours Degree of Bachelor of Science so as to achieve a total of 120 credit hours.

Notes:
1. The topic of the Honours dissertation must be chosen with the approval of both Departments. A faculty member of either Department may act as supervisor.
2. Any change in the program of study must have the prior approval of the Heads of both Departments concerned.
3. The number of specified courses means that English 1110 will be taken normally in the second or third year of the program.
4. Students who do not satisfy the Regulations for the Honours Degree of Bachelor of Science - Academic Standing, but who successfully complete all the courses, with the exception of the Honours dissertation, and who satisfy all other requirements for the Bachelor of Science, will be eligible to receive a Bachelor of Science with a joint major in Geography and Earth Science.

5.1.19 Earth Sciences and Physics Joint Honours

This program was formerly in the Earth Sciences section of the calendar as an Honours B.Sc. Degree in Geophysics. The following courses will be required:

1. English 1080 and 1110 (or equivalent), Mathematics 1000 and 1001, Earth Sciences 1000 and 1002, Chemistry 1010 and 1011 (or equivalent), Physics 1050 (or 1020) and 1051.
2. Earth Sciences 2030, 2031, 2401, 2502, 2905, 3170, 3172, 3420, 4105, 4171, 4173, 4179, 499A/B.
3. Physics 2055, 2750 or 2056, 2820, 3220, 3230, 3500, 3820, 4820; plus 9 other credit hours in Physics courses at 3000 level or higher.
4. One of Physics 3810 or Mathematics 3202.
6. Other courses to complete at least a minimum of 120 credit hours.

Any change in the program of study must have the prior approval of the Heads of the two Departments concerned.

5.1.20 Geophysics and Physical Oceanography Joint Honours

The program requires the following courses:

1. English 1080 and 1110 (or equivalent), Chemistry 1050 and 1051 (or Chemistry 1010, 1011, and 1031), Mathematics 1000 and 1001, Earth Sciences 1000 and 1002, Physics 1050 (or 1020) and 1051.
2. Earth Sciences 2905, 3170, 3172, 4105, 4171, 4173, 4179 and 10 credit hours at the 2000 level or higher with at least 3 credit hours at the 3000 level.
3. Physics 2053, 2055, 2820, 3220, 3300, 3500, 3820, 4205, 4300, 4330, 4820 plus one of Physics 3600, 3150, 3400, 3550 or 3900.
5. Either Earth Sciences 499A and 499B or Physics 490A and 490B.
6. Other courses to complete the prescribed minimum of 120 credit hours.

5.1.21 Pure Mathematics and Statistics Joint Honours

See Regulations for the Honours Degree of Bachelor of Science. In addition to Mathematics 1000 and 1001 the following courses numbered 2000 or higher are required:

1. Mathematics 2000, 2050, 2051, 2130, 2320, 3000, 3001, 3202, 3210, 3260, 4000, Statistics 3410, 3411, 3520, 3530, 4401, 4410;
2. A computing course early in the program is required. Computer Science 1510 is highly recommended;
3. either Mathematics 4399 or Statistics 4599;
4. one of: Mathematics 3330 or 3340;
5. Twenty-one further credit hours in Pure Mathematics and/or Statistics courses numbered 3000 or higher of which at least 12 credit hours must be from courses numbered 4000 or higher excluding Statistics 4581.

5.2 Joint Majors

5.2.1 Applied Mathematics and Computer Science Joint Major (B.Sc. Only)

The following courses are required:

1. Computer Science 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3754, 4770, plus 6 further credit hours in Computer Science courses numbered 3000 or higher.

In addition, Statistics 2510 is highly recommended.

5.2.2 Applied Mathematics and Economics Joint Major (B.Sc. Only)

2. Either Mathematics 3132 and 4131 or 3161 and 4160.
3. A computing course early in the program is required. Computer Science 1510 is highly recommended.
5. Eighteen further credit hours chosen from among the various Economics courses in consultation with the Head of the Department or
delegate, including at least 9 credit hours at the 4000 level.

5.2.3 Applied Mathematics and Physics Joint Major (B.Sc. Only)

Required course for this degree are:
1. English 1080 and English 1110 (or equivalent).
2. A computing course. Computer Science 1510 is recommended.
3. Six credit hours in science other than Mathematics or Physics (if Computer Science is chosen then Computer Science 1510 may be counted as 3 of these hours).
5. At least one of Mathematics 2130 or Mathematics 2320.
6. Physics 1050 (or 1020), 1051, 2053, 2055, 2750 (or 2056), 2820, 3220, 3400, 3500, 3750.
7. Mathematics 3161 or Physics 3820.
8. At least 15 additional credit hours chosen from Applied Mathematics and Physics courses numbered 3000 or above. At least 3 hours are required from Applied Mathematics and 6 hours are required from Physics.
9. A writing course. Any one of Mathematics 2130, Physics 3900, Mathematics 419A/B, or Physics 490A/B is acceptable.

The last requirement does not have to be met independently of the other regulations. For example, it can be satisfied either by choosing Mathematics 2130 from clause 5. above or choosing Physics 3900 as a 3000+ elective in clause 8. above.

5.2.4 Computer Science and Economics Joint Major (B.Sc. Only)

1. Computer Science Requirements
   Forty-two credit hours in Computer Science courses are required: 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3731, 3753, 3754, and 4770.
2. Economics requirements
   A total of 42 credit hours in Economics courses are required: 2010, 2020, 2550, 3000, 3001, 3010, and 6 credit hours from either 3550 and 3551, or 4550 and 4551 are obligatory.
   The remaining 18 credit hours shall be chosen from among the various Economics courses in consultation with the Head of the Department or delegate, and will include at least 9 credit hours in courses at the 4000 level.

5.2.5 Computer Science and Geography Joint Major (B.Sc. Only)

1. Computer Science Requirements
   Thirty-nine credit hours in Computer Science courses are required: 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3754, 4770.
2. Geography Requirements
   Thirty-nine credit hours in Geography courses are required: 1050, 2001, 2102, 2195, 2302, 2425, 3202, 3222, 3250, 3260, 4202, 4250, 4261.

5.2.6 Computer Science and Physics Joint Major

1. Chemistry 1050 and 1051 (or Chemistry 1010, 1011, and 1031).
2. Thirty-nine credit hours in Computer Science are required for the Joint Major: 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3731, 3753, 3754, and 4770.
3. Physics 1050 (or 1020) and 1051 plus at least 30 additional credit hours in Physics including 2053, 2055, 2750 (or 2056), 2820, 3220, 3400, 3500, 3550, 3750, 3900.
   c. Physics 3810 or Mathematics 3202.
5. Nine additional credit hours in courses numbered 3000 or higher offered by the Department of Mathematics and Statistics.

5.2.7 Computer Science and Pure Mathematics Joint Major (B.Sc. Only)

In addition to Mathematics 1000, 1001, and Computer Science 1710, the following courses numbered 2000 or higher are required:
1. 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3754, and 4770.
2. Six additional credit hours in Computer Science courses numbered 3000 or higher.
4. Nine additional credit hours in courses numbered 3000 or higher offered by the Department of Mathematics and Statistics.

5.2.8 Computer Science and Statistics Joint Major (B.Sc. Only)

In addition to Mathematics 1000, 1001, and Computer Science 1710, the following courses numbered 2000 or higher are required:
1. 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3754, and 4770.
2. Statistics 2510 and 2560.
4. Nine further credit hours in Statistics courses numbered 3000 or higher including at least a 3 credit hour course numbered 4000 or higher excluding Statistics 4581.

5.2.9 Earth Sciences and Physics Joint Major

This program was formerly in the Earth Sciences section of the calendar as a General B.Sc. Degree in Geophysics. The following courses will be required:
1. English 1080 and 1110 (or equivalent), Mathematics 1000 and 1001, Earth Sciences 1000 and 1002, Chemistry 1010 and 1011 (or equivalent), Physics 1050 (or 1020) and 1051.
2. Earth Sciences 2030, 2031, 2401, 2502, 2905, 3170, 3172, 3420; plus a 3 credit hour course in Earth Sciences 4100 series.
3. at least 30 credit hours in Physics courses at the 2000 level or higher, including Physics 2055, 2056 or 2750, 2820, 3220, 3500.
4. One of Physics 3810 or Mathematics 3202.
6. Other courses to complete at least a minimum requirement of 120 credit hours in courses for the General Degree.

Any change in the program of study must have the prior approval of the Heads of the two Departments concerned.

5.2.10 Economics and Pure Mathematics Joint Major (B.Sc. Only)
2. A computing course early in the program is required. Computer Science 1510 is highly recommended.
3. Economics: 2010, 2020, 2550, 3000, 3001, 3010, and 6 credit hours from either 3550 and 3551, or 4550 and 4551.
4. Eighteen further credit hours chosen from among the various Economics courses in consultation with the Head of the Department or delegate, including at least 9 credit hours at the 4000 level.

5.2.11 Economics and Statistics Joint Major (B.Sc. Only)
2. Six further credit hours in Statistics courses numbered 3000 or higher, at least 3 credit hours of which must be numbered 4000 or higher, excluding Statistics 3521 and 4581.
4. Eighteen further credit hours chosen from among the various Economics courses in consultation with the Head of the Department or delegate, including at least 9 credit hours at the 4000 level.

5.2.12 Economics (Co-operative) and Statistics Joint Major (B.Sc. Only)
The Joint Major in Economics (Co-operative) and Statistics Option is available to full-time Economics and Statistics majors (B. Sc.) only. The program is available under the Economics Co-operative Education Option (ECEO). The ECEO provides an excellent mutual opportunity for students and employers. Qualified students will obtain rewarding employment experience in fields related to Economics for several months of continuous duration. Students will learn valuable practical skills in an employment situation during their course of study. Furthermore, paid employment will help to defray the cost of their education. The timing of the Work Terms and the structure of the ECEO generally are such that employers stand to gain from the acquired employable skills of economists and statisticians in training. The objectives of the Work Term component of the ECEO are embodied in the Work Term descriptions below. The descriptions serve to guide the student and the employer toward achieving these objectives.

1. Admission Requirements
   a. Admission is competitive and selective. Therefore, prospective students are encouraged to consider an alternate degree program in the event that they are not accepted into the Joint Co-operative program.
   b. Applicants should note that it is possible to enter Term 1 only in the Fall semester commencing in September of each academic year. Application forms are available in the Department of Economics and the Department of Mathematics and Statistics. The deadline for applications for admission to Term 1 is March 1.
   c. The primary criterion used in reaching decisions on applications for admission is overall academic achievement. Students with weak overall academic records are unlikely to be admitted.
   d. To be eligible for admission to Term 1, an applicant must have successfully completed a minimum of 30 credit hours with an overall average of at least 65% as follows: All applicants must have completed Economics 2010 and 2020; at least 6 credit hours in English; Mathematics 1000 and 1001; and 12 credit hours chosen from courses in the Faculties of Arts or Science.
   e. It is recommended that students complete English 1110. Critical Reading and Writing II (Context, Substance, Style) as one of these English courses.
   f. Students may apply for admission to Advanced Standing.
   g. Transfer students from other universities will be placed in that term of the program judged to be appropriate considering equivalent credits, as determined by the Departments.

2. Program of Study
   a. Promotion from each of Terms 1 through 6 requires a passing grade in all specified required courses and an overall average of at least 60% in all courses including electives. A student who fails a required course or fails to maintain an overall average of 60% will not be promoted to the next term and will be required to withdraw from the program. The student in question may apply for readmission in a subsequent year after passing the specified required course(s) previously failed, or re-establishing the 60% average.
   b. In addition to the 30 credit hours required for admission, students are required to complete the six academic terms in the ECEO program for a total of 120 credit hours. Students must complete three Work Terms which follow Academic Terms 2, 4, and 5.
   c. Courses shall normally be taken in academic terms or "blocks" in the sequenced course load and order set out in the Academic Course Program - Economics (Co-operative) and Statistics Joint Major (B.Sc. Only) Table. Unspecified credits may be used to fulfill elective requirements only.
   d. UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Classification of Students notwithstanding, students do not require special permission to register for courses while on work terms if the courses are in addition to the prescribed program.

3. Work Term Placement
   See Regulations in Economics for the Major in Economics (Co-operative), in the Faculty of Arts section of the Calendar.

4. Registration and Evaluation of Performance
   See Regulations in Economics for the Major in Economics (Co-operative), in the Faculty of Arts section of the Calendar.

**Notes:**
1. Another 1000-level Computer Science course may be substituted for Computer Science 1700 with the Heads’ approvals.
2. Elective courses should be chosen with reference to the Regulations for the General Degree of Bachelor of Science, since courses specified for admission to and completion of the program only partially satisfy these regulations. In particular, note that in addition to the 78 credit hours (26 courses) in Science subjects required, at least 3 credit hours in a Science subject other than Mathematics/Statistics, Economics and Computer Science must be completed.

### 5.3 Option Programs

#### 5.3.1 Physics and Chemistry Option Programs

Students who follow the five-year Physics/Chemistry Joint Honours Program of courses outlined above either as Honours students or otherwise and who satisfy all relevant course regulations except those on Academic Standing for the Honours Degree of Bachelor of Science shall receive on their University records a notation that they followed the “Physics/Chemistry” Option Programs.

Students who intend to follow a joint degree program are strongly recommended to consult the Head of the Department or delegate at their earliest opportunity to ensure proper planning of their course sequence.

### 6 Degree Regulations

Students must meet all regulations of the Faculty of Science in addition to those stated in the general regulations. For information concerning fees and charges, admission/readmission to the University, and general academic regulations (undergraduate), refer to UNIVERSITY REGULATIONS.

#### 6.1 Admission to the Department of Subject of Major

Admission to certain major programs within the Faculty is limited and competitive.

Admission to all major programs within the Faculty is upon formal application to the department of the subject of major after completion of the admission requirements.

Unless otherwise indicated by the Departmental Admission Regulations as published in the University Calendar under departmental regulations, students upon formal application by Change of Academic Program Form, are normally admitted to the department of major program upon successful completion of 30 credit hours which must include:

1. 6 credit hours in English courses
2. 6 credit hours in Mathematics courses
3. 6 credit hours in courses from each of two Sciences other than Mathematics

Students seeking admission to departments with Departmental Admission Regulations as indicated above must apply for admission on the appropriate Departmental Application for Admission Form upon completion of the specified admission requirements.

#### 6.2 Limited Enrolment Courses

Certain course offerings in the Faculty of Science will be identified as being Limited Enrolment Courses and will be clearly identified as such in the University Timetable. Students who have registered for a Limited Enrolment Course must confirm their registration either (1) by attending at least one of the first three hours of lecture in the course and the first meeting of any laboratory section of the course; or (2) by notifying the department in writing within the first five university working days of the semester. Students who do not confirm their registration may be dropped from the course on the recommendation of the Head of Department.
6.3 Regulations to Govern Supplementary Examinations in the Departments of Biochemistry, Computer Science, Mathematics and Statistics, and Physics and Physical Oceanography

1. Supplementary examinations will be allowed in certain of the Biochemistry, Computer Science, and Physics and Physical Oceanography courses, and all Mathematics and Statistics courses which have written final examinations. In each course, students will be informed as to the possibility of a supplementary examination during the first week of classes. This information will be provided in writing, as part of the evaluation scheme for the course.

2. Supplementary examinations will be similar in length and degree of difficulty as the original final examination.

3. Students who wish to write supplementary examinations must apply in writing to the department within one week of release of grades.

4. A student who has clear or conditional standing may write a supplementary examination in a course if the final grade obtained is 45-49F and if his or her term mark is at least 50%.

5. In order to pass the course, the student, must pass the supplementary examination. If the student passes the supplementary examination when a new grade will be calculated using the same weighting scheme as used in the course, but with the result of the supplementary examination replacing that of the original final examination. Any additional course requirements, including a requirement to pass the laboratory component of a course, will continue to apply.

6. If the new course grade is higher than the original, it will replace the original grade on the student's transcript, subject to the condition that the final mark will not exceed the student's term mark. The student's transcript will indicate that the course result was earned as the result of a supplementary examination.

7. Supplementary examinations will be written no later than the first week of the semester immediately following the one in which the course was failed. Normally they will coincide with the writing of deferred examinations. Grades for supplementary examinations will be submitted to the Office of the Registrar within one week following the commencement of classes for that semester.

8. A student may write a supplementary examination for any one registration in a course only once; if the course result following the supplementary examination is a fail then the course must be repeated in order to obtain credit.

6.4 Regulations for the General Degree of Bachelor of Science

1. For the General Degree of Bachelor of Science a candidate will be required to complete, subject to the following Regulations, 120 credit hours applicable to the degree which shall include:

   a. Six credit hours in English courses
   b. Six credit hours in Mathematics courses
   c. Six credit hours in courses from each of two Sciences other than Mathematics

2. a. Courses shall be chosen so that a candidate shall have completed an approved concentration of courses in one subject to be known as the candidate's Major. For the purposes of these regulations, candidates may complete only one major from departments which offer more than one. In selecting courses in their Major, candidates must comply with the Departmental Regulations approved by the Senate and printed in the Calendar. The Departmental Regulations shall require not fewer than 36 nor more than 45 credit hours in courses from the subject of the Major (including the courses in that subject completed at the first year level). (See also Notes 1. and 2.).

   b. The subject of the candidate's major shall be that declared by the candidate on the appropriate admission form and approved by the department at the time of admission.

   c. The 36 or more credit hours in courses from one subject referred to in a. above, may be chosen from the following subjects, and may include courses in that subject which were completed at first-year level: Biology (see Note 4.), Biochemistry (see Note 6.), Chemistry, Computer Science, Earth Sciences, Economics, Geography, Mathematics (except the former 1150 and 1151) and Statistics, Physics, Psychology.

   d. A candidate may change the subject of the Major during any Regular Registration Period provided he or she has first applied for and received acceptance by the department to which application is being made.

   e. In those Departments which offer programs leading to both a degree of Bachelor of Arts and a degree of Bachelor of Science, students are free to choose the degree program they wish to follow and may change from one to the other; however, they may not obtain both degrees in the same Major subject at this University.

3. Further courses may be chosen from any of the subjects listed in Clause 2. above, or from other courses approved by the Committee on Undergraduate Studies of the Faculty of Science (see Note 5.), provided that, of the 120 credit hours required:

   a. candidates shall have completed at least 78 credit hours in courses from the subjects listed in Clause 2. above, including the Major courses and the courses required for admission; See Notes 3. and 5.

   b. there shall be not fewer than five subjects in which a candidate shall have completed courses. At least four of these subjects shall be chosen from the subjects listed in Clause 2. above. In the case of unspecified transfer credits awarded in a subject area not taught at Memorial University of Newfoundland any number of such transfer credits in the aggregate shall count as one subject.

   c. not more than 15 unspecified transfer credit hours awarded in a subject area not taught at Memorial University of Newfoundland shall be used to satisfy the requirements of the degree.

4. Before a candidate registers, the Head of the Department of his or her Major, or delegate, shall approve a candidate's program which is in accordance with the above regulations. The Head of the Department or delegate shall advise each candidate of programs suitable for his or her particular needs.

5. To obtain a general degree of Bachelor of Science a candidate shall have:

   a. satisfied the conditions of UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate), Graduation - Application for Graduation - Degrees, Diplomas and Certificates;

   b. obtained an average of at least 2.0 points per credit hour in the 78 credit hours in Science required for the degree;

   c. obtained an average of at least 2.0 points per credit hour in the minimum number of credit hours in the major subject (or, in the case of joint majors, subjects) required for the major program (or, in the case of joint majors, programs).

6. Where a student satisfies the separate departmental regulations for a major in two or more subjects for which a specific joint program does not exist, such subjects shall be recognized as the major subjects for the general degree of Bachelor of Science.

7. A candidate may complete a minor of at least 24 credit hours in courses from a subject area other than that of the Major chosen from
Clause 2. c. above or from minors available in the Faculty of Arts, the Faculty of Business Administration, and the School of Music. (It should be noted that because of departmental regulations for the Major, not every candidate may be able to fit a minor into his or her 120 credit hour program).

a. The subject of the candidate’s minor shall be that declared by the candidate on the Change of Academic Program Form which must then be signed by the Head of the Department of the Minor. 

b. A candidate must follow the departmental regulations for the Minor as set forth in the appropriate section of the Calendar. 

c. The Head of the Department of the Minor will advise the candidate on the selection of courses in the Minor. 

d. Students who have taken courses appropriate to their Minor at another university are required to complete at least 6 credit hours in courses from that subject at this University. These courses must be chosen in consultation with the Head of the Department of the Minor program.

e. A candidate must obtain a grade point average of at least 2.0 in the credit hours prescribed for the minor program.

Notes: 1. Departmental regulations are not intended to debar students from taking more than the required courses in the subject of their Major.

2. Students who have taken courses in the subject of their Major at another university are required to complete at least 12 credit hours in courses from that subject at this University.

3. The former Science 2010/2011 may be used to fulfill in part the requirement of 78 credit hours in Science.

4. Biology 2120 may not be used for credit by Biology Majors.

5. When Science course equivalents have been established by Department Heads for Engineering courses, credit may not be obtained for both the Engineering course and the established equivalent course offered by the Faculty of Science.

6. In the case of Biochemistry the courses for the Biochemistry program shall include Chemistry 2400 and 2401.

6.5 Regulations for the Honours Degree of Bachelor of Science

A program is offered leading to the Honours Degree of Bachelor of Science. An Honours degree offers greater specialization in a given field of knowledge than a General degree, and requires higher than average academic achievement. Possession of this degree will be of great advantage to all students planning more advanced work in their chosen field. In many cases, an Honours degree is a prerequisite for admission to a graduate program.

1. Admission and Registration

a. Declaration of Intent: A candidate for an Honours degree shall declare in writing his (her) intention to pursue an Honours program and to obtain an Honours degree in a specified subject or subjects. Such declaration shall be submitted to his (her) Department(s) of specialization at least 120 credit hours before the beginning of his (her) fifth semester, or the equivalent, at University, and not later than the final date set for the application for a degree. A candidate for an Honours degree must have completed all courses listed under Admission to the Department of Subject of Major before declaring his (her) intent to pursue an Honours degree, regardless of whether these courses had been completed at the time of admission to his (her) Department of specialization.

Note: An otherwise qualified student who fails to declare his (her) intention to obtain an Honours degree on or before the last day of the period outlined above shall be awarded a General degree even if he (she) fulfills all other requirements for an Honours degree. The University cannot undertake to notify him (her) that he (she) may be eligible for an Honours degree.

b. At the beginning of each registration period the Head(s), or delegate(s), of the Department(s) in which a candidate is taking Honours, shall approve a candidate’s program. The Head(s) of Department(s), or delegate(s), shall advise each candidate of programs suitable for his or her particular needs.

c. Students who have been awarded a Bachelor of Science (General) degree may convert it to a Bachelor of Science (Honours) degree by declaring their intention and by completing the requirements for the Honours degree as outlined in these regulations.

d. To graduate, a candidate for an Honours degree must have completed all courses listed under Admission to the Department of Subject of Major in addition to those courses required by individual departmental regulations.

2. Course Requirements

a. i. For the Honours Degree of Bachelor of Science with a single subject major a candidate will be required to have completed 120 prescribed credit hours in courses. For the Joint Honours Degree of Bachelor of Science a candidate will be required to have completed either 120 or 135 credit hours as prescribed by the specific program. In either case, those courses must include the courses specified in Clause 1 of the Regulations for the General Degree of Bachelor of Science.

ii. Clause 2.a. i. notwithstanding, certain Departmental regulations preclude the possibility of completing a single subject requirements in 120 credit hours and may require the completion of 123, 126 or 129 credit hours in courses. (See Note below). In such cases all courses required to satisfy requirements of the degree will be used to determine Academic Standing 6. b. below.

Note: The requirements for an Honours Degree of Bachelor of Science cannot be completed in 120 credit hours if any of the following three statements is true: (I) the student is a major in Chemistry, or Physics and has completed the former Mathematics 1080; (ii) the student is a major in Chemistry or Physics and has completed the former Mathematics 1000; or (iii) the student is a candidate for the Honours B.Sc degree in Chemistry or Physics and has completed Physics 1021. Such students will only meet the degree requirements after completing 123, 126 or 129 credit hours in courses.

b. Courses shall be chosen so that a candidate shall have completed:

- Either, (i) at least 60 credit hours from courses in one of the following subjects, including the courses in that subject completed at the first year level: Biology, Biochemistry, Chemistry, Computer Science (See Note 2.), Earth Sciences, Economics, Geography, Mathematics and Statistics, Physics and Psychology.

Notes: 1. For options in the Biochemistry and Nutrition programs the courses shall be those specified in the respective programs.

2. For the Behavioural Neuroscience Program, the courses shall be those specified in the program.

3. For the Environmental Physics Program, the courses shall be those specified in the program.

- or, (ii) at least 84 credit hours in courses from two subjects listed in i. above, including the courses in these subjects completed at the first year level, with no fewer than 36 credit hours in either subject approved by the Committee on Undergraduate Studies of the Faculty of Science on the recommendation of the respective Heads of Departments.

- or, (iii) in special circumstances, a program of at least 90 credit hours in courses from two or more subjects, including the courses in these subjects completed at the first year level, one of which need not be taken from those listed in i. above, as recommended by the Heads of the Departments concerned and approved by the Committee on Undergraduate Studies of the Faculty of Science.

c. Further courses may be chosen from any of the subjects listed in Clause 2. b. above, or from other courses recognized for this purpose by the Committee on Undergraduate Studies of the Faculty of Science (see Note 5 of the Bachelor of Science General Degree) provided that, of the 120 or more credit hours required:

- a candidate shall have completed at least 90 credit hours in courses from the subjects listed in Clause 2. b. above, including
those completed at the first-year level, and
ii. there shall be no fewer than four subjects in which a candidate shall have completed courses. In the case of unspecified
transfer credits awarded in a subject area not taught at Memorial University of Newfoundland, any number of such transfer
credits in the aggregate shall count as one subject area.
iii. Not more than 15 unspecified transfer credit hours in courses awarded from a subject area not taught at Memorial University
of Newfoundland shall be used to satisfy the requirements of the degree.

3. Comprehensive Examination and Dissertation
a. In addition to the regular examinations, a candidate in an Honours program shall pass a general comprehensive examination in
his (her) Major subject or subjects. Alternatively, a candidate may be required to submit a dissertation, which at the discretion of
the Head(s) of the Department(s) of specialization may be followed by an oral examination thereon.
b. If a candidate is required to submit a dissertation, such dissertation must be submitted to the University Library before the
degree is conferred. All Honours dissertations in the University Library shall be available for unrestricted consultation by students
and faculty except under very exceptional circumstances which must be approved by the Committee on Undergraduate Studies.
Copyright remains with the author. A release form, signed by both the student and the head of the academic unit of the student's
program, must accompany an essay or a dissertation when it is submitted to the University Library.
c. The deadline for the submission of Honours dissertations shall be no later than three weeks before the end of the final semester
of the candidate's program.
d. The Honours dissertation shall be equivalent to either a 3 credit hour course or a 6 credit hour linked course as specified in the
course offerings of each Department.

4. Departmental Regulations
Candidates for Honours Degrees shall also comply with such additional requirements of the appropriate Department(s) as are
approved by the Senate and printed in the Calendar.

5. Residence Requirements
a. To qualify for an Honours Degree in Science, a candidate shall attend a recognized university or an equivalent institution for at
least seven semesters as a full-time student. Honours candidates transferring credits to Memorial University of Newfoundland
from other universities or equivalent institutions shall either spend a minimum of four of the seven semesters as full-time
students at Memorial University of Newfoundland, and take a minimum of 24 credit hours in courses from their Honours
discipline or take a minimum of 36 credit hours in courses from their Honours discipline as full-time students at Memorial
University of Newfoundland (whichever is to their advantage), provided that the total number of semesters spent as full-time
students at this and other recognized universities or equivalent institutions will not be less than seven.
b. To qualify for an Honours Degree in Science and additionally a second degree, a candidate shall attend this University for at
least ten semesters as a full-time student, except with the special permission of the Faculty Committee on Undergraduate
Studies.

6. Academic Standing
In order to graduate with an Honours degree, a candidate shall obtain:

a. a grade of "B" or better, OR an average of 75% or higher (whichever is to the candidate's advantage) in the minimum number of
courses in the Honours subject (or subjects) prescribed by the Department (or, in the case of joint Honours, Departments)
concerned, excluding the 1000-level courses, AND
b. an average of at least 2.75 points on the total number of courses required for the degree (see UNIVERSITY REGULATIONS -
General Academic Regulations (Undergraduate), Grading for explanation of the point system).

Note: A student may, with the approval of the Head of the Department and the Committee on Undergraduate Studies, repeat or substitute up to
three courses in order to meet the requirements of Clause 6.a. above. In counting repeats, each attempt at the same course will count as
one course towards the maximum. That is, the same course, repeated three times, would place a student at the maximum and no additional
repeats or substitutions would be allowed.

7. Classification of Degrees
a. If the candidate's general average is 3.25 or better per required course, and his (her) average for the courses in his (her)
Honours subject (excluding 1000-level courses) is 3.50 or better, he (she) shall be awarded an Honours degree with First Class
standing.
b. If the candidate fulfills the conditions of Clause 6. but not of Clause 7 a., he (she) shall be awarded an Honours degree with
Second Class standing.
c. No classification will be given to the degree awarded a candidate who has completed (i) fewer than one half of the courses
required for the degree at this University, or (ii) who has completed fewer than one half of the courses required for the degree at
this University since 1959. All candidates for such degrees shall, however, fulfill the conditions of Clause 6. on the courses taken
at the University since September, 1959, in order to qualify for the degree.
d. A declared candidate for an Honours degree who fails to attain the academic standing specified in Clause 6. but fulfills the
academic requirements for a General Degree shall be awarded a General Degree, the classification of which shall be determined in accordance with the UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate), Graduation.

7 Waiver of Regulations for Undergraduate Students
Where circumstances warrant, any prerequisite or prerequisites listed in Departmental Regulations may be waived by the Head of the
Department. Any Department Regulations may be waived by the appropriate Committee on Undergraduate Studies upon request of the
Head of the Department concerned.

8. Program Regulations

8.1 Biochemistry
The following undergraduate programs are available in the Department:
1. Biochemistry and Cell Biology/Microbiology Joint Honours
2. Biochemistry and Chemistry Joint Honours
3. Biochemistry and Physics Joint Honours
4. Biochemistry and Psychology (Behavioural Neuroscience Joint Honours)
5. Biochemistry (Nutrition) and Psychology (Behavioural Neuroscience) Joint Honours
6. Major or Honours in Biochemistry
7. Major or Honours in Nutrition
8. Minor in Biochemistry

Students who wish to enrol in any of these programs should plan their program well in advance so that they will have taken the appropriate prerequisites. Entry to a number of required courses is limited and will be determined by academic performance. Required courses should be taken in the year indicated by the course numbers so as to avoid timetable clashes and missing prerequisites which could prolong the time necessary to complete the program. Students are advised to consult with the Department at the earliest opportunity.

Candidates for the general and honours degrees in the programs above should refer to the Faculty of Science Degree Regulations for the General and Honours degrees of Bachelor of Science.

Candidates for a minor in Biochemistry should refer to the Regulations for the General Degree of Bachelor of Science, Clause 7.

Students who intend to pursue graduate studies should take the courses leading to the honours degree.

Biochemistry course descriptions are found at the end of the Faculty of Science section under Course Descriptions, Biochemistry.

Note: Supplementary examinations will be allowed in certain Biochemistry courses which have written final examinations. Students should refer to the Faculty of Science Degree Regulations for details.

8.1.1 Admission to Programs

Students who wish to declare a Major in Biochemistry or Biochemistry (Nutrition) or who wish to apply for Honours standing in any of our programs are strongly recommended to do so by May 31 in any year. Failure to apply by the recommended date may result in your application not being processed before your registration time. In addition, students who do not declare by this date may not be considered for departmental scholarships or other awards.

8.1.2 Major in Biochemistry

Entry to the Biochemistry Majors program is based on academic standing.

1. To be considered for admission to the program students must have at least 30 credit hours in courses and have successfully completed the following courses (or their equivalents) with a minimum overall average of 60%. In addition, students must be eligible for entry to Chemistry 2400.
   a. English 1080, 1110 (or equivalent)
   b. Chemistry 1050, 1051 (or Chemistry 1010, 1011 or 1200, 1001)
   c. Mathematics 1000, 1001 (or Mathematics 1090, 1000)
   d. Physics 1050, 1051 (or Physics 1020, 1021), or Biology 1001, 1002

2. Required courses to complete the major:
   a. Biochemistry 2100, 2101, 3105, 3106, 3107, 3108.
   b. At least 12 credit hours in courses from Biochemistry 2600, 3203, 4002, 4101, 4103, 4104, 4200, 4201, 4230-4239.
   c. Medicine 310A/B or 6 credit hours from Biochemistry 4240-4249, Biology 2060, 3050, 3401, 3402, 3530, 4200, 4245, 4404, Chemistry 4201.
   d. Biology 1001 and 1002; Mathematics 1001; and Physics 1020 or 1050, and 1051 for those students who did not complete them in first year. Students may also need to complete Physics 1021 in order to fulfill this requirement.
   e. Chemistry 1031 which is strongly advised to be taken prior to second year for those students who complete Chemistry 1010 and 1011 in first year. see Note 2. below.
   f. Chemistry 2300 or 2301, or Physics 2053; Chemistry 2400, 2401
   g. One of Chemistry 2100, Environmental Sciences 3210, Environmental Sciences 3211.

Notes: 1. Students are required to complete at least 78 credit hours in Science courses for the General Degree.
2. Majors who take Chemistry 1010/1011 but not Chemistry 1031 as part of their first year sequence risk waiting a whole year before they can continue taking Biochemistry program courses.
3. For the purposes of a Biochemistry degree, Medicine 310A/B count as Biochemistry courses.

3. Students are encouraged to choose a minor.

8.1.2.1 Honours Degree in Biochemistry

Students normally should apply for an Honours program at the completion of their third year of studies. Honours students would normally follow the Biochemistry Majors program before applying to honours, and must meet its admissions requirements as follows:

1. To be considered for admission to the majors program prior to admission to honours, students must have at least 30 credit hours in courses and have successfully completed the following courses (or their equivalents) with a minimum overall average of 60%. In addition, students must be eligible for entry to Chemistry 2400.
   a. English 1080, 1110 (or equivalent)
   b. Chemistry 1050, 1051 (or Chemistry 1010, 1011, or 1200, 1001)
   c. Mathematics 1000, 1001 (or Mathematics 1090, 1000)
   d. Physics 1050, 1051 (or Physics 1020, 1021) or Biology 1001, 1002

2. To be eligible for admission, students must be in Honours standing. To be considered for early admission to an Honours program in Biochemistry at the end of second year, students must have achieved at least 70% in each of Biochemistry 2100 and 2101 and Chemistry 2400, 2401.

3. Required courses:
   a. Biochemistry 2100, 2101, 3105, 3106, 3107, 3108, 4102, 499A, 499B, Medicine 310A/B.
   b. Biochemistry 4210 or 4211.
   c. Twelve credit hours in courses from Biochemistry 4002, 4101, 4103, 4104, 4200, 4201, 4230-4239.
Faculty of Science 2011-2012

4. Students are encouraged to choose a minor.

Those courses in which a grade "B" or an average of 75% or higher are required, as specified in clause 6. a. of the Regulations for the Honours Degree of Bachelor of Science, are 45 credit hours in Biochemistry courses and 15 credit hours in other courses (beyond the 1000-level) chosen from Biochemistry, Biology, or Chemistry. Biochemistry 2010, 2011, Biology 2040, 2041 and the former Chemistry 2600, the former Chemistry 2601 may not be used to meet this requirement. Medicine 310A/B counts as Biochemistry for these 60 credit hours.

8.1.2.2 Minor in Biochemistry

Students who take a minor in Biochemistry will complete:
1. Biochemistry 2101, 3106
2. One of Biochemistry 2100, 2600, Biology 2250.
3. Nine credit hours in Biochemistry at the third or fourth year level or Biology 3050.
4. Either Chemistry 2400, 2401 or Chemistry 2440 and 3 additional credit hours from the Biochemistry courses listed in 3. above.

Course prerequisites stipulated in the course descriptions shall apply to a minor in Biochemistry.

Note: For the purposes of a Biochemistry minor, Medicine 310A/B count as Biochemistry courses.

8.1.3 Nutrition Program

8.1.3.1 Major in Nutrition

Entry to the Nutrition majors program is based on academic standing.

1. To be considered for admission to the program students must have at least 30 credit hours in courses and have successfully completed the following courses (or their equivalents) with a minimum overall average of 60%:
   a. English 1080, 1110 (or equivalent)
   b. Chemistry 1050, 1051 (or Chemistry 1010, 1011 or 1200, 1001)
   c. Mathematics 1090, 1000 (or Mathematics 1000 and one elective)
   d. Biology 1001, 1002 or Physics 1020, 1021 (or equivalent)

2. Required courses to complete the major:
   a. Biochemistry 2000 or 2005, 2100, 2101, 2600, 3106, 3203, 3402, 4300, 4301, Medicine 310A/B
   b. Six credit hours in courses from Biochemistry 3107, 3108, 3202, 3600, 4002, 4101, 4103, 4104, 4200, 4201, 4230-4249, Biology 3050.
   c. Biology 1001 and 1002; and Physics 1020 and 1021 (or equivalent), for those students who did not complete them in first year
   d. Chemistry 2440 (or Chemistry 2400, 2401)
   e. Statistics 2550 or equivalent

3. Students are encouraged to choose a minor.

Notes:
1. Students are required to complete at least 78 credit hours in Science courses for the General Degree.
2. Students who choose to complete Chemistry 2400/2401 are advised to take the appropriate prerequisites for those courses.
3. For the purposes of a Biochemistry (Nutrition) degree, Medicine 310A/B count as Biochemistry courses.

8.1.3.2 Honours Degree in Nutrition

Students normally should apply for an Honours program at the completion of their third year of studies. Honours students would normally follow the Biochemistry (Nutrition) Majors program before applying to honours, and must meet its admissions requirements as follows:

1. To be considered for admission to the majors program prior to admission to honours, students must have at least 30 credit hours in courses and have successfully completed the following courses (or their equivalents) with a minimum overall average of 60%:
   a. English 1080, 1110 (or equivalent)
   b. Chemistry 1050, 1051 (or Chemistry 1010, 1011, or 1200, 1001)
   c. Mathematics 1090, 1000 (or Mathematics 1000 and one elective)
   d. Biology 1001, 1002 or Physics 1020, 1021 (or equivalent)

2. To be eligible for admission to the honours program, students must be in Honours standing. To be considered for early admission to an Honours program in Nutrition at the end of second year, students must have achieved at least 70% in each of their required 2000 level Biochemistry and Chemistry courses.

3. Required courses:
   b. Twelve additional credit hours chosen from Biochemistry 3105, 3108, 3202, 4101, 4103, 4104, 4105, 4200, 4201, 4210, 4211, 4220, 4230-4249, 4400, Biology 3050.
   c. Biology 1001 and 1002; and Physics 1020 and 1021 (or equivalent), for those students who did not complete them in first year.
d. Chemistry 2440 (or Chemistry 2400, 2401).
e. Statistics 2550 or equivalent.

4. Students are encouraged to choose a minor.

5. Those courses in which the grades specified in clause 6.a. of the Regulations for the Honours Degree of Bachelor of Science are 60 credit hours chosen from Biochemistry courses and Biology 3050.

Notes: 1. Students who choose to complete Chemistry 2400/2401 are advised to take the appropriate prerequisites for those courses.
2. For the purposes of a Biochemistry (Nutrition) Honours degree, Medicine 310A/B count as Biochemistry courses.

8.2 Biology

The following undergraduate programs are available in the Department:
1. Biochemistry and Cell Biology Joint Honours
2. Biology and Earth Sciences (Geology) Joint Honours
3. Biology and Psychology Joint Honours
4. Biology and Psychology (Behavioural Neuroscience) Joint Honours
5. Biology and Statistics Joint Honours
6. Major or Honours in Biology
7. Major in Biology (Cell and Molecular)
8. Major in Biology (Ecology and Conservation)
9. Major in Biology (Marine)
10. Minor in Biology

Details of joint programs are given after the Regulations for the Honours Degree of Bachelor of Science. Biology course descriptions are found at the end of the Faculty of Science section under Course Descriptions, Biology.

8.2.1 Entrance Requirements
Entry to the Biology Majors Program is competitive and based on academic standing. To be considered for admission to the program students must have completed Biology 1001/1002 with an average of at least 65%. In addition, applicants will normally have completed the following courses (or their equivalents) and must have a minimum overall average of 60% in these courses.
1. English 1080, 1110 or equivalent
2. Mathematics 1090 and Mathematics 1000 (or Mathematics 1000 only)
3. Chemistry 1010/1011 (or equivalent) or Physics 1020/1021 (or equivalent)
4. If Mathematics 1000 taken, any one other first year course.

Chemistry 1010/1011 (or 1050/1051) should be taken in the first year, as it is a prerequisite for other required courses in the programs, and delaying chemistry until second year may make it difficult to complete the program in the normal eight semesters.

8.2.2 Minor in Biology
A minor in Biology will consist of 24 credit hours in Biology courses: 1001 and 1002 (or equivalent) plus any 18 credit hours chosen from the list of Biology courses except Biology 2040, 2041, 2120, and 3053. The choice of courses must be made in consultation with the Head of Biology or delegate and it is recommended (but not required) that students take at least two Biology courses at the 3000 level or above.

8.2.3 General Degrees
Each Major is assigned a faculty advisor who should be consulted on academic problems, including course selection.

8.2.3.1 Major in Biology
All students majoring in Biology are required to complete a minimum of 45 credit hours in courses from the Department of Biology offering. Those 45 credit hours must include Biology 1001 and 1002 or their equivalents; the 15 credit hours in core courses listed below; and 24 credit hours in Biology electives at the 2000, 3000 or 4000 level.

Biology Core (15 credit hours): Biology 2060, 2250, 2600, 2900, plus one of Biology 3401, 3402, 4245 and 4404.

A maximum of 9 credit hours can be in Biology courses with no associated laboratory/seminar.

All majors must also successfully complete the following courses or their equivalents:
1. English 1080 and 1110 (or equivalent)
2. Physics 1020 and 1021 (or equivalent)
3. Mathematics 1000
4. Chemistry 1010 and 1011 (or equivalent), Chemistry 2440
5. Statistics 2550
6. Biochemistry 2101 and 3106
7. Extra Science courses as necessary to fulfill the requirement for 78 credit hours in Science as stipulated in Clause 3.a. of the Regulations for the General Degree of Bachelor of Science.

It is recommended, but not required, that a Computer Science course be included and the Department of Biology strongly recommends Computer Science 2650.

Note: To minimize timetabling problems, students on the St. John’s campus are advised to take Biology 2250 and 2600 in their third semester (Fall), and 2060 and 2900 in their fourth semester (Winter).

8.2.3.2 Major in Biology (Cell and Molecular)
All students majoring in Biology (Cell and Molecular) are required to complete a minimum of 45 credit hours in courses from the
Department of Biology offering. Those 45 credit hours must include: Biology 1001 and 1002 or their equivalents; the 15 credit hours in core courses listed below; Biology 3530 and 4241; 6 credit hours from the recommended Biology courses for Biology (Cell and Molecular) listed below; and 12 credit hours from Biology electives at the 2000, 3000 or 4000 level.

Biology Core (15 credit hours): Biology 2060, 2250, 2600, 2900, plus one of Biology 3401, 3402, 4245 and 4404.

Recommended Biology courses for Biology (Cell and Molecular) are 3050, 3401, 3402, 3500, 3620, 3950, 4000, 4040, 4200, 4245, 4250, 4251, 4255, 4404, 4550, and 4605.

A maximum of 9 credit hours can be in Biology courses with no associated laboratory/seminar.

All majors must also successfully complete the following courses or their equivalents:

1. English 1080 and 1110 (or equivalent)
2. Physics 1020 and 1021 (or equivalent)
3. Mathematics 1000
4. Chemistry 1010 and 1011 (or equivalent), Chemistry 2440
5. Statistics 2550
6. Biochemistry 2101 and 3106
7. Extra Science courses as necessary to fulfill the requirement for 78 credit hours in Science as stipulated in Clause 3.a. of the Regulations for the General Degree of Bachelor of Science.

It is recommended, but not required, that a Computer Science course be included and the Department of Biology strongly recommends Computer Science 2650.

Note: To minimize timetabling problems, students on the St. John’s campus are advised to take Biology 2250 and 2600 in their third semester (Fall), and 2060 and 2900 in their fourth semester (Winter).

8.2.3.3 Major in Biology (Ecology and Conservation)

All students majoring in Biology (Ecology and Conservation) are required to complete a minimum of 45 credit hours in courses from the Department of Biology offering. Those 45 credit hours must include: Biology 1001 and 1002 or their equivalents; the 15 credit hours in core courses listed below; Biology 4650 and 4651; 6 credit hours from the recommended Biology courses for Biology (Ecology and Conservation) listed below; and 12 credit hours from Biology electives at the 2000, 3000 or 4000 level.

Biology Core (15 credit hours): Biology 2060, 2250, 2600, 2900, plus one of Biology 3401, 3402, 4245 and 4404.

Recommended Biology courses for Biology (Ecology and Conservation) are 3041, 3050, 3295, 3300, 3610, 3620, 3709, 3710, 3711, 3714, 3715, 4040, 4141, 4180, 4182, 4306, 4360, 4365, 4405, 4505, 4605, 4620, 4630, 4701, 4710, 4750, and 4820.

A maximum of 9 credit hours can be in Biology courses with no associated laboratory/seminar.

All majors must also successfully complete the following courses or their equivalents:

1. English 1080 and 1110 (or equivalent)
2. Physics 1020 and 1021 (or equivalent)
3. Mathematics 1000
4. Chemistry 1010 and 1011 (or equivalent), Chemistry 2440
5. Statistics 2550
6. Biochemistry 2101 and 3106
7. Extra Science courses as necessary to fulfill the requirement for 78 credit hours in Science as stipulated in Clause 3.a. of the Regulations for the General Degree of Bachelor of Science.

It is recommended, but not required, that a Computer Science course be included and the Department of Biology strongly recommends Computer Science 2650.

Note: To minimize timetabling problems, students on the St. John’s campus are advised to take Biology 2250 and 2600 in their third semester (Fall), and 2060 and 2900 in their fourth semester (Winter).

8.2.3.4 Major in Biology (Marine)

All students majoring in Biology (Marine) are required to complete a minimum of 45 credit hours in courses from the Department of Biology offering. Those 45 credit hours must include: Biology 1001 and 1002 or their equivalents; the 15 credit hours in core courses listed below; Biology 3710 and 3711; 6 credit hours from the recommended Biology courses for Biology (Marine) listed below; and 12 credit hours from Biology electives at the 2000, 3000 or 4000 level.

Biology Core (15 credit hours): Biology 2060, 2250, 2600, 2900, plus one of Biology 3401, 3402, 4245 and 4404.

Recommended Biology courses for Biology (Marine) are 3050, 3620, 3709, 3712, 3714, 3715, 4014, 4122, 4141, 4182, 4601, 4605, 4620, 4630, 4701, 4710, 4750, 4810, 4912.

A maximum of 9 credit hours can be in Biology courses with no associated laboratory/seminar.

All majors must also successfully complete the following courses or their equivalents:

1. English 1080 and 1110 (or equivalent)
2. Physics 1020 and 1021 (or equivalent)
3. Mathematics 1000
4. Chemistry 1010 and 1011 (or equivalent), Chemistry 2440
5. Statistics 2550
6. Biochemistry 2101 and 3106
7. Extra Science courses as necessary to fulfill the requirement for 78 credit hours in Science as stipulated in Clause 3.a. of the Regulations for the General Degree of Bachelor of Science.

It is recommended, but not required, that a Computer Science course be included and the Department of Biology strongly recommends Computer Science 2650.

Note: To minimize timetabling problems, students on the St. John’s campus are advised to take Biology 2250 and 2600 in their third semester (Fall), and 2060 and 2900 in their fourth semester (Winter).
8.2.4 Honours Degrees

The attention of students wishing to take Honours is called to those sections of the Calendar dealing with Regulations for the Degree of Bachelor of Science (Honours).

Sixty-nine credit hours in courses, including the 6 first year credit hours and the 15 required core credit hours outlined in the regulations for the General Degree, and the Honours Dissertation (Biology 499A/499B), shall be taken from the Department of Biology offering. Students may elect to complete an Honours Program in Biology or in one of the joint Honours Programs listed under the heading "Programs in Biology". Programs of students taking Honours shall be drawn up in consultation with the student's supervisor, and must be approved by the Head of the Department (or his/her delegate) in accordance with Regulation 1. b. of the Regulations for the Honours Degree of Bachelor of Science.

Note: Some Graduate Courses may be taken in the final year of the Honours Program with the permission of the Head of the Department and the course instructor.

A dissertation (6 credit hours) is to be presented on some original piece of work undertaken by the candidate, under the guidance of a faculty member of the department, as appointed by the Head of Department. For students electing to take one of the Joint Honours Programs, the dissertation shall be on a topic representative of the selected program. The Department of Biology considers the dissertation to be an important part of the Honours Program.

The dissertation will be based on a 6 credit hours course (Biology 499A/499B). It will involve directed reading relevant to the dissertation topic, preparation of a dissertation outline, supervised research, data synthesis and interpretation, and preparation and defence of the dissertation.

Two typed copies of the dissertation, complete with figures and tables, are to be submitted not less than two weeks before the end of lectures in the semester in which the candidate is registered for Biology 499B. These copies must be submitted to the Head of Department, and must have met the prior approval of the candidate's Honours supervisor.

Before the last day for examinations in the semester, the candidate will be examined orally on the contents of the dissertation. The examining committee shall consist of the Head of the Department, or delegate, the candidate's supervisor, and an examiner appointed by the Head of the Department in consultation with the candidate's supervisor.

8.2.5 Honours in Biology

Students seeking the Honours Degree in Biology must satisfactorily complete Biology 1001/1002 (or equivalent) and the 15 credit hours of core Biology courses. The remaining 48 credit hours in Biology courses, which must include the dissertation (499A/499B), may be taken as electives from the Biology offering (except Biology 2040, 2041, 2120, and 3053), on the advice of the supervisor. Additional courses from other departments required for the Honours Degree in Biology include those given for the Major in Biology Program as outlined above.

An Honours degree in Biology may comprise a broadly based selection of courses according to the students interests, or it may be more narrowly focussed. An Honours student may focus on any area of Biology where an appropriate supervisor can be found. All Honours students should choose courses in consultation with their supervisors, but it is particularly important that students wishing to focus within the Honours degree should discuss course selection with an Honours supervisor within their area of interest.

As a guide to course selection a number of foci are set out below with some appropriate courses. Note that students are not limited to these areas but may focus their programs wherever they wish provided that (I) an appropriate supervisor is available, (ii) consultation with that supervisor takes place, and (iii) the resources of the Department, as determined by the Head of Department, are appropriate and adequate. Area of focus will not be indicated on the students' transcript.

**Focus in Marine Biology**

Students wishing to focus on Marine Biology in their Biology Honours program must fulfil all the requirements for an Honours degree in Biology as set out above. The following courses are recommended for this area of interest: Biology 2010, 2122, 2210, 3050, 3295, 3620, 3709, 3710, 3711, 3712, 4012, 4360, 4505, 4510, 4600, 4601, 4605, 4701, 4750, 4810. (Note: this list is only advisory; these are not required courses).

**Focus in Cell/Molecular Biology**

Students wishing to focus on Cell Biology/Molecular Biology in their Biology Honours program must fulfil all the requirements for an Honours degree in Biology as set out above. The following courses are recommended for this area of interest: Biology 3050, either 3401 or 3402, 3500, 3530, 3540, 3620, 4000, 4040, 4241, 4245, 4402, 4404, 4605. (Note: this list is only advisory; these are not required courses).

**Focus in Ecology - Evolution**

Students wishing to focus on Ecology and/or Evolution in their Biology Honours program must fulfil all the requirements for an Honours degree in Biology as set out above. The following courses are recommended for this area of interest: Biology 3041, 3050, 3295, 3610, 3620, 3709, 3710, 3711, 3712, 4040, 4150, 4306, 4360, the former 4504, 4605; either 4810 or 4820. (Note: this list is only advisory; these are not required courses).

8.3 Chemistry

The following undergraduate programs are available in the Department:

1. Applied Mathematics and Chemistry Joint Honours
2. Biochemistry and Chemistry Joint Honours
3. Chemistry and Earth Sciences Joint Honours
4. Chemistry and Physics Joint Honours
5. Major or Honours in Chemistry
6. Minor in Chemistry

The Major, Honours, and Joint Honours with Applied Mathematics, Biochemistry and Physics are under review for 2011 for accreditation by the Canadian Society for Chemistry.

Details of joint programs are given after the Regulations for the Honours Degree of Bachelor of Science. Chemistry course descriptions are found at the end of the Faculty of Science section under Course Descriptions, Chemistry.

8.3.1 Undergraduate Handbook

Additional information about the undergraduate program, individual courses and suggested timetables can be found in the Department of Chemistry Undergraduate Handbook which is available on the web at www.chem.mun.ca.
8.3.2 Faculty Advisors
Each student majoring in Chemistry will be assigned a Faculty Advisor who should be consulted on all academic matters. Individual programs must be drawn up in consultation with the advisor.
Note: Students who have obtained a grade of 3 or better on the Advanced Placement courses in Chemistry will normally be eligible for direct entry into Chemistry 1031 or second year courses. Such students must consult the department before registration.

8.3.3 Minor in Chemistry
Candidates who take a minor in Chemistry will complete Chemistry 1050 and 1051 (or 1010, 1011 and 1031) or equivalent, Chemistry 2100, 2210, 2301 (or 2300), 2302, 2400, and 2401.

8.3.4 General Degree - Major in Chemistry
The courses required for a Major in Chemistry are:
1. Chemistry 1050 and 1051 (or 1010, 1011 and 1031) or equivalent, 2100, 2210, 2301 (or 2300), 2302, 2400, 2401, 3110, 3210, 3211, 3303, 3410, 3411, and 3500.
2. Physics 1050 (or 1020 and 1021) and 1051.
4. Biochemistry 2101

Recommended courses: Mathematics 2051, Physics 2820 and/or 2750, and 6 credit hours in one of the following languages: French, German, or Russian.

Students considering declaring Chemistry as their Major are encouraged to contact either the Department Head or the Deputy Head (Undergraduate Studies).

8.3.5 Honours Degree in Chemistry
Students wishing to take Honours should consult those sections of the Calendar dealing with Regulations for the Honours Degree of Bachelor of Science. The Honours program in Chemistry consists of at least 63 credit hours in Chemistry courses. It is recommended that candidates also take groups of 18 or more credit hours in each of two other science subjects, normally Biochemistry, Biology, Earth Sciences, Physics, or Mathematics.

Required Courses
1. Chemistry 1050 and 1051 (or 1010, 1011 and 1031) or equivalent, 2100, 2210, 2301 (or 2300), 2302, 2400, 2401, 3110, 3210, 3211, 3303, 3410, 3411, 3500, 490A/B and 12 credit hours selected from the remaining 4000-level Chemistry courses.
2. Physics 1050 (or 1020 and 1021) and 1051.
4. Biochemistry 2101

Those courses in which a grade of B or an average of 75% or higher are required, as specified in Regulations for the Honours Degree of Bachelor of Science, Academic Standing, clause 3.5.6.a., are the courses beyond first year used to satisfy clause 1. above, and Biochemistry 2101.

Recommended courses: Biochemistry 2100, Mathematics 2051, Physics 2820 and/or 2750.

A thesis based on a selected research topic carried out under the supervision of a member of the department is to be submitted in the final year.
Chemistry 490A/B will normally require the equivalent of nine hours per week for two semesters. Registration in Chemistry 490A/B is restricted to those students who have honours standing. The Honours dissertation will be assessed by a committee comprising the supervisor and two other faculty members.

With approval of the Heads of the Chemistry and Biochemistry Departments prior to registration, a number of courses in Biochemistry may be substituted for a like number of Chemistry courses.

Six credit hours in one language are recommended: French, German or Russian should be selected in consultation with the Department Head.

Prospective Honours students in Chemistry in their first year should take
1. Six credit hours in English.
2. Chemistry 1050 and 1051 (or 1010, 1011 and 1031) or their equivalents.
3. Physics 1050 and 1051 or 1020 and 1021.
4. Mathematics 1000 and 1001
5. Six credit hours in other courses.

Given appropriate circumstances the Honours Chemistry program may be completed in four years. Students should consult the Undergraduate Student Handbook for timetabling details.

Note: Students completing first year requirements for any of Chemistry, Mathematics or Physics via the three course options (i.e. Chemistry 1010, 1011, 1031 (or the former 1800, 1200, 1001), Mathematics 1090, 1000, 1001, Physics 1020, 1021, 1051) instead of the two course options (Chemistry 1050, 1051, Mathematics 1000, 1001, Physics 1050, 1051) will require the corresponding number of extra credits to obtain an Honours degree.

Arrangements for subsequent years will depend on the other science subjects being studied and should be made in consultation with the Head of the Department.

Note: Certain advanced courses may only be offered in alternate years. Candidates therefore should consult the Head of the Department before registration.

Certain of the Graduate courses may be taken in the final year of the Honours Program with the permission of the Head of the Department.

Note: Details of Joint Honours programs with Biochemistry, Earth Sciences, Mathematics and Physics are outlined under Joint Programs.

8.3.6 Course Restrictions
Credit will be given for no more than one of the former Chemistry 1000, Chemistry 1010, 1050, 1200, the former 150A/B, no more than one of Chemistry 1001, 1031, 1051, the former 150A/B, and no more than one of Chemistry 1001, 1011, 1051, the former 150A/B.
Credit will only be given for one of the following pairs of courses, Chemistry 2301 and Chemistry 2300 (offered at Grenfell Campus), Chemistry 2302 and the former Chemistry 3301, and Chemistry 3303 and the former Chemistry 3300. Students may obtain credit for only one of CHEM 2100 or the former CHEM 3100. Students may obtain credit for only one of CHEM 3110 or the former CHEM 4110, the former CHEM 4100 or the former CHEM 4101.

8.4 Computer Science

The following undergraduate programs are available in the Department:
1. Applied Mathematics and Computer Science Joint Major (B.Sc. only)
2. Computer Internship Option (CIIO) (B.Sc. and B.Sc. Honours only)
3. Computer Science Honours (B.A., B.Sc.)
4. Computer Science and Economics Joint Major (B.Sc. Only)
5. Computer Science and Geography Joint Honours (B.Sc. only)
6. Computer Science and Geography Joint Major (B.Sc. only)
7. Computer Science and Physics Joint Honours
8. Computer Science and Physics Joint Major
9. Computer Science and Pure Mathematics Joint Honours (B.Sc. only)
10. Computer Science and Pure Mathematics Joint Major (B.Sc. only)
11. Computer Science and Statistics Joint Honours
12. Computer Science and Statistics Joint Major (B.Sc. only)
13. Computer Science (Software Engineering) Honours (B.Sc. only)
14. Major in Computer Science (B.A., B.Sc.)
15. Minor in Computer Science (B.A., B.Sc.)

Details of our joint program offerings in the Faculties of Arts and Science may be found under the heading Joint Programs following the heading Regulations for the Honours Degree of Bachelor of Science.

Computer Science course descriptions are found at the end of the Faculty of Science section under Course Descriptions, Computer Science.

8.4.1 Major in Computer Science

1. Forty-five credit hours in Computer Science courses are required for a major in Computer Science:
   a. Computer Science 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3754, and 4770.
   b. At least 6 additional credit hours at the 4000 level in Computer Science courses.
   c. Three additional credit hours in Computer Science courses at the 3000 level or beyond.
2. Additional courses required of the Majors are: Mathematics 2000, 2050, 2320, and Statistics 1510 or 2510.
   Note: Students are encouraged to take Business 2000, Mathematics 3000, and Statistics 2560.

8.4.2 Honours in Computer Science

1. See Regulations for the Honours Degree of Bachelor of Arts or Regulations for the Honours Degree of Bachelor of Science as appropriate.
2. Sixty-three credit hours in Computer Science courses are required for the Honours Degree in Computer Science, including:
   a. Computer Science 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3719, 3724, 3725, 3754, and 4770.
   b. Sixteen additional credit hours in Computer Science courses at the 4000 level.
   c. Six additional credit hours in Computer Science courses at the 4000 level or beyond.
3. Additional courses required are: Mathematics 2000, 2050, 2320, and Statistics 1510 or 2510.
   Note: Students are encouraged to take Business 2000, Mathematics 3000, and Statistics 2560.

8.4.3 Honours in Computer Science (Software Engineering) (B.Sc. Only)

Completion of the Honours in Computer Science (Software Engineering) Program does not qualify persons to hold the designation "Professional Engineer" as defined by various Provincial Acts governing the Engineering Profession.

1. See Regulations for the Honours Degree of Bachelor of Science.
2. Sixty-three credit hours in Computer Science courses are required for the Honours Degree in Computer Science (Software Engineering), including:
   a. Computer Science 1710, 2710, 2711, 2742, 2760, 3715, 3716, 3718, 3719, 3724, 3725, 3754, 4719, 4759, 4770, and 4780.
   b. Twelve additional credit hours in Computer Science courses at the 4000 level.
   c. Three additional credit hours in Computer Science courses at the 3000 level or beyond.
3. Additional courses required are: Mathematics 2000, 2050, 2320, and Statistics 1510 or 2510.
   Note: The Honours project (4780) must be in the area of Software Engineering.

8.4.4 Computer Industry Internship Option (CIIO):

The Computer Industry Internship Option (CIIO) provides an opportunity for qualified students to obtain rewarding placements that help them develop practical skills in a real work setting before graduation. The CIIO is available to Computer Science Majors (B.Sc. and B.Sc. Honours only) who will typically apply between their third and fourth year of studies.

Admission Requirements:
In order to be considered for admission to the CIIO, an applicant must:
1. be a declared Computer Science Major;
2. have successfully completed Computer Science 1710, 2710, 2711, 2742, 2760, 3716, and any two other core 3000-level computer
Internship Duration:
Subject to the availability of job openings, a student may choose either an 8, 12 or 16 consecutive month internship period.

Internship Guidelines:
1. Internship employment is normally organized by the Co-op Education Co-ordinator (hereafter referred to as the Co-ordinator); however, students who have accepted to the CIIO may also obtain their own internship placements. All placements are subject to the approval of the Co-ordinator and of the Head of the Department of Computer Science.
2. Students who have applied to the internship program give permission to the Co-ordinator to supply prospective employers with copies of their resume and transcript.
3. After being placed with an employer, students are not permitted to drop their internship without prior approval from the Co-ordinator and the Head of the Department of Computer Science. Students who drop an internship without permission, who fail to honour an agreement to work with an employer, or who conduct themselves in such a manner as to cause their discharge from the placements, will normally be awarded a fail grade for the internship period and may not be permitted to reapply.

Note: Students should also refer to the UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate).

Expectation of Work:
Within a month of starting the internship, students are required to submit a list of their work term objectives. They are also required to submit a progress report due the last day of classes of each semester in which they are working. The work term objectives and progress reports are to be submitted to the Co-ordinator.

At the end of the internship period, students are required to submit a final report which will include a description of their internship projects and activities as well as their original objectives and accomplishments. The final report is to be submitted to the Co-ordinator by the last day of classes of the semester in question. A completed Employer Evaluation Form should be submitted to the Co-ordinator at the end of the internship period.

Registration, Assessment of Performance, and Assignment of Grades:
Students must register for the course Computer Science 3700 every semester during their internship.

Computer Science 3700 is a non-credit course open only to students who have been accepted into the Internship Program.

During the internship, the employer and intern will complete student performance evaluations every four months and will submit them to the Co-ordinator. The final assessment of total work performed is the responsibility of the Co-ordinator, and will be based upon both input from the employer and the intern’s final report.

At the end of the internship, each intern will be assigned one of the following grades after the final assessment of their performance:
1. Pass with Distinction (PWD): Indicates excellent performance in both the work report and work performance.
2. Pass (PAS): Indicates that performance meets expectations in both the work report and the work performance.
3. Fail (FAL): Indicates failing performance in the work report or the work performance.

Also, the following will be noted in the transcript of the intern:
1. Requirements for the Computer Industry Internship Option have been completed. Internship Duration: - months.
2. A grade of NC (No Credit) for Computer Science 3700 will be awarded in all semesters of the Internship Option prior to the final Semester.

CIIO and Honours Program:
In case a student is enrolled in both the Honours program and the CIIO, the requirements of both must be met. Upon approval from the honours project supervisor, within the Department, the employer and the Head of the Department of Computer Science, an internship project may be submitted as a component of an honours project. These arrangements must be made within the first semester of the internship placement.

8.4.5 Minor in Computer Science
For a Minor in Computer Science, a student must complete at least 24 credit hours in Computer Science courses, including:
1. Computer Science 1710, 2710, 2711.
2. At least 6 credit hours selected from Computer Science 3715, 3716, 3719, 3724, 3725, and 3754.
3. Three additional credit hours at the 3000 level or above.

8.4.6 Course Numbering Scheme
There are five areas of Computer Science offered in the 3000- and 4000-level courses. The meaning of the third digit of a course number is as follows:
1. Programming Languages
2. Computer Systems
3. Numerical Computations
4. Theoretical Aspects
5. Applications (e.g. Artificial Intelligence, Computer Graphics, Data Base, Robotics, Computational Geometry, Image Processing, Computer Networking, Computer Aided Design)
7. Project Course
8. Honours Project
9. Directed Readings

8.4.7 Supplementary Examinations
Supplementary examinations will be allowed in certain Computer Science courses which have written final examinations. Students should refer to the Faculty of Science degree regulations for details.
8.4.8 Faculty Advisors
The Department has an Undergraduate Advisor for Computer Science majors to consult with on academic matters.

8.4.9 Undergraduate Handbook
Additional information about the undergraduate Computer Science programs and courses can be found in the Computer Science Undergraduate Handbook available from the General Office, Department of Computer Science or from www.mun.ca/computerscience/.

8.5 Earth Sciences
The following undergraduate programs are available:

120 credit hour programs
1. Chemistry and Earth Sciences Joint Honours
2. Earth Sciences and Geography Joint Honours
3. Earth Sciences and Physics Joint Honours
4. Earth Sciences and Physics Joint Major
5. General or Honours degrees in Earth Sciences
6. Geophysics and Physical Oceanography Joint Honours

135 credit hour program
1. Biology and Earth Sciences Joint Honours

24 credit hour program
1. Minor in Earth Sciences

Although Honours programs can be completed in 120 credit hours, students who do not select the prescribed Common Block of Required Courses will normally need more than 120 credit hours to satisfy degree requirements.

Earth Sciences course descriptions are found at the end of the Faculty of Science section under Course Descriptions, Earth Sciences.

8.5.1 Undergraduate Handbook
Additional information about the undergraduate program, individual courses and suggested timetables can be found in the Department of Earth Sciences Undergraduate Handbook which is available on the web at www.mun.ca/earthsciences.

8.5.2 Entrance Requirements
In order to be formally admitted to major programs in Earth Sciences, students must have successfully completed 3 first-year credit hours in each of the following departments: English, Mathematics, Earth Sciences, Chemistry and Physics; these courses must be selected from the list of required courses for degree programs in Earth Sciences. Students are encouraged to declare their major in their first year of study at the university.

Most of the 2000 level Earth Sciences courses that are required for major and minor programs in Earth Sciences have Physics and Chemistry prerequisites, and students are advised to complete these prerequisites in their first year of study.

Students will not normally be permitted entry to 3000 level (or above) Earth Sciences courses without having completed all 1000-level courses listed in the Common Block of Required Courses specified in Clause 1. in the Major Programs in Earth Sciences.

8.5.3 Minor in Earth Sciences
A Minor in Earth Sciences will consist of the following:
1. Earth Sciences 1000, 1002, 2030, 2031, 2401 or 2702.
2. Nine credit hours chosen from Earth Sciences courses at the 2000 level or higher with at least 3 credit hours from courses at the 3000 level or higher. Credit hours from Earth Sciences 2150, 2311, 2914, 2915, 2916, 2917, 2918, 4310 and 4950 cannot be used to fulfil this requirement.

Several of the courses at 3000 level or higher have Earth Sciences 2502 and 2905 as co- or prerequisites.

8.5.4 Major Programs in Earth Sciences
Programs in Earth Sciences consist of a Common Block of Required Courses (below), and additional courses that depend on the degree being sought.

8.5.4.1 Common Block of Required Courses
All majors in Earth Sciences must complete those courses specified in Clauses 1. through 4. Students should examine prerequisites of 3000 level courses in order to decide which course to select under Clauses 3. and 4.
1. English 1080 and 1110 (or equivalent), Mathematics 1000 and 1001, Earth Sciences 1000 and 1002, one of Chemistry 1010 or 1050 (or equivalent) and one of Chemistry 1011 or 1051 (or equivalent), Physics 1050 and 1051 or Physics 1020 and 1021. Students are advised to consult the Department of Physics Course Descriptions section for credit restrictions.

Students who intend or are required to complete higher level Physics courses must complete Physics 1051 as well, since it is a prerequisite for higher level Physics courses. Students should review the Department of Physics Calendar entry for these courses.
2. Earth Sciences 2030, 2031, 2401, 2502, 2702, 2905, 3420.
3. Mathematics 2000 or Statistics 2510 or Statistics 2550
4. Either Biology 2120 (or Biology 1001 and 1002); or both Physics 2055 and Physics 2820.

Students must ensure that the prerequisites for Earth Sciences courses are fulfilled. Great difficulties in timetabling may be encountered if the required first-year courses are not completed before the beginning of second year.

8.5.5 Honours B.Sc. Degree in Earth Sciences
Geoscientific careers vary widely in required background. The Honours B.Sc. program is designed with considerable choice in order that
448 Faculty of Science 2011-2012

students may personalize their programs based on career goals. Note that the flexibility afforded by this program is not without limits. Some courses have prerequisites, and it is ultimately the student’s responsibility to ensure that these prerequisites are satisfied. Students should consult faculty members and the departmental Student Handbook for guidance in selecting courses appropriate to particular career paths.

In addition to the Common Block of Required Courses listed under Major Programs in Earth Sciences, the following requirements must be completed to qualify for the Honours B.Sc. degree in Earth Sciences:

1. Earth Sciences 499A and 499B.
2. At least 28 additional credit hours from Earth Sciences courses at 3000 and/ or 4000 levels with a minimum of 12 credit hours from courses at the 4000 level. Credit hours from Earth Sciences 4310 and 4950 cannot be used to fulfill this requirement.
3. Six credit hours from the Faculty of Science courses numbered 2000 or higher. Credit hours from Earth Sciences courses, Biology 3811 and the former Physics 2050 are excluded. However, Physics 2820 is permitted.
4. Additional credit hours selected to conform with regulations for the Honours Degree of Bachelor Science so as to achieve a total of 120 credit hours. Students are encouraged to complete a minor in another department.
5. Three of the credit hours used to fulfill either requirement 3. or 4. above must be from Biology, Chemistry, Computer Science, Statistics or Physics. They may be from Mathematics only if Mathematics 2000 has not been taken as part of the Common Block of Required Courses.

8.5.6 General B.Sc. Degree in Earth Sciences

In addition to the Common Block of Required Courses listed under Major Programs in Earth Sciences, the following requirements must be completed to qualify for the General B.Sc. degree in Earth Sciences:

1. Eighteen additional credit hours from Earth Sciences courses at 3000 and/or 4000 levels with a minimum of 9 credit hours from courses at 4000 level. Credit hours from Earth Sciences 4310, 4950 and 499A/B cannot be used to fulfill this requirement.
2. Six credit hours from Science Faculty courses numbered 2000 or higher. Credit hours from Earth Sciences courses, Biology 3811 and the former Physics 2050 are excluded. However, Physics 2820 is permitted.
3. Additional credit hours selected to conform with regulations for the General Degree of Bachelor Science so as to achieve a total of 120 credit hours. Students are encouraged to complete a minor in another department.

Students are advised that this is the minimum requirement for the General B.Sc. in Earth Sciences. Many provinces, including Newfoundland and Labrador, have legislation requiring registration of professional geoscientists. A basic requirement for registration is, in most cases, the course equivalent of an Honours B.Sc. degree. Students intending to make a career in Earth Sciences should consider taking the Honours Degree program of courses, regardless of whether honours standing is maintained.

8.5.7 Credit Restrictions for Present Earth Sciences (EASC) Courses with Former Courses

Notes:
1. Students wishing to pursue study within the programs offered by Earth Sciences are strongly advised to keep in close contact with the Department to discuss course programs before registration in order to maintain proper sequencing.
2. Students wishing to take some Earth Sciences courses without intending to major in Earth Sciences should consult the Chair of Department (or delegate) to determine the courses most suitable to their needs and capabilities. Earth Sciences 2914, 2915, 2916, 2917, 2918, and 2150 are especially suitable for such students and have no Earth Sciences prerequisites.
3. Most courses comprise six hours of instruction per week, usually three hours of lectures or seminars and a three-hour laboratory period; however, at an advanced level other methods of instruction may be adopted.
4. The field courses 2905, 3705, 3905 and 4905 require payment of a participation fee to cover costs for logistics and equipment. Registration for
these courses will be by application only and may be competitive.
5. The prerequisites for courses 4302, 4902 and 4903 refer to core courses in the Faculty of Science. For the purposes of these prerequisite statements, core courses are defined as those courses that are specified by each department as mandatory to fulfill the course requirements for their General or Honours programs.
6. Certain of the 4000 level courses may not be offered every year.
7. At most 6 credit hours in courses at the 1000-level can be used towards the course requirements in Earth Sciences for the Major, Minor, Joint Major, Honours or Joint Honours.

8.6 Economics
The following programs are available in the Department of Economics:
1. Honours in Economics (B.A. or B.Sc.)
2. Honours in Economics (Co-operative), (B.A. or B.Sc.)
3. Joint Programs (B.Sc. Only)
4. Joint Program (Co-operative) (B.Sc. Only)
5. Major in Economics (B.A. or B.Sc.)
6. Major in Economics (Co-operative) (B.A. or B.Sc.)
7. Minor in Economics
For Departmental Regulations and Course Descriptions, see Faculty of Arts section of the Calendar.

8.7 Geography
The following undergraduate programs are available in the Department of Geography:
1. Diploma in Geographic Information Sciences
2. Focus Area in Geography
3. Honours in Geography (B.A., B.Sc)
4. Joint Programs
5. Major in Geography (B.A., B.Sc)
6. Minor in Geography (B.A., B.Sc)
For Departmental Regulations and Course Descriptions, see Faculty of Arts section of the Calendar.

8.8 Mathematics and Statistics
From the point of view of degree regulations, Applied Mathematics, Pure Mathematics, and Statistics are considered to be one subject area.
The following undergraduate programs are available in the Department:
1. Applied Mathematics and Chemistry Joint Honours (B.Sc. only)
2. Applied Mathematics and Computer Science Joint Major (B.Sc. only)
3. Applied Mathematics and Economics Joint Major (B.Sc. only)
4. Applied Mathematics and Physics Joint Honours (B.Sc. only)
5. Applied Mathematics and Physics Joint Major (B.Sc. only)
6. Biology and Statistics Joint Honours (B.Sc. only)
7. Computer Science and Pure Mathematics Joint Honours (B.Sc. only)
8. Computer Science and Pure Mathematics Joint Major (B.Sc. only)
9. Computer Science and Statistics Joint Honours (B.Sc. only)
10. Computer Science and Statistics Joint Major (B.Sc. only)
11. Economics and Pure Mathematics Joint Major (B.Sc. only)
12. Economics and Statistics Joint Major (B.Sc. only)
13. Economics and Statistics (Co-operative) Joint Major (B.Sc. only)
14. Honours in Applied Mathematics (B.Sc. only)
15. Honours in Pure Mathematics
16. Honours in Statistics
17. Major in Applied Mathematics (B.Sc. only)
18. Major in Pure Mathematics
19. Major in Statistics
20. Minor in Mathematics
21. Minor in Statistics
22. Pure Mathematics and Statistics Joint Honours
Details of these programs are given after the Regulations for the Honours Degree of Bachelor of Science.
Mathematics and Statistics course descriptions are found at the end of the Faculty of Science section under Course Descriptions, Mathematics and Statistics.

8.8.1 Regulations
1. At most 9 credit hours in Mathematics will be given for courses completed from the following list subject to normal credit restrictions: Mathematics 1000, 1031, 1050, 1051, the former 1080, the former 1081, 1090, the former 1150 and 1151.
2. In the program descriptions that follow, Mathematics 1000 may be replaced by the former Mathematics 1081.
3. Students with credits in Mathematics or Statistics not listed in this Calendar must consult the department for equivalency before taking any course listed below.
4. The former Mathematics 1150 and Mathematics 1151 were courses designed specifically for students who intended to graduate with a degree in Primary or Elementary Education. No other students can receive credit for these courses. These courses are not acceptable as alternatives to any other First Year Mathematics course listed in this calendar. Students who have received credit for Education 125 or Mathematics 115/125 cannot receive additional credit for the former Mathematics 1150 or Mathematics 1151 or the current Mathematics 1050 or Mathematics 1051.

5. a. For the current academic year the Mathematics Placement Test (MPT) will be used to determine placement in the following courses: Mathematics 1000, Mathematics 1050, Mathematics 1051 and Mathematics 1090, and Statistics 1510.

   b. For subsequent years, students intending to register for the first time in any course below the 2000 level, must first submit a score for one of the following:
      i. Advanced Placement Calculus Examination;
      ii. Other standardized tests acceptable to the Department of Mathematics and Statistics.

8.8.2 Faculty Advisors

Normally, the Undergraduate Officer will be the advisor for each student who has undertaken a major in Applied or Pure Mathematics, and the Deputy Head (Statistics) will be the advisor for any student involved in a major in Statistics. Students should consult with their advisor at least once each semester to ensure that their choice of courses is appropriate.

Note: The Department of Mathematics and Statistics will endeavour to give appropriate advice to students registered in its programs. However, the department points out that it is the responsibility of the student to see that his or her academic program meets the University’s regulations in all respects. Students are referred to the UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate), Registration, Student Responsibility. The Department accepts no responsibility for any matter arising from an inappropriate and/or improperly recorded registration.

8.8.3 Course Numbering System

The subject area of all courses offered by the Department of Mathematics and Statistics is identified by the second digit of the course number:

<table>
<thead>
<tr>
<th>Second Digit</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>0</td>
<td>Common Core Mathematics courses</td>
</tr>
<tr>
<td>1</td>
<td>Applied Mathematics courses</td>
</tr>
<tr>
<td>2</td>
<td>Applied Mathematics and Pure Mathematics courses</td>
</tr>
<tr>
<td>3</td>
<td>Pure Mathematics courses</td>
</tr>
<tr>
<td>4</td>
<td>Pure Mathematics and Statistics courses</td>
</tr>
<tr>
<td>5</td>
<td>Statistics Courses</td>
</tr>
</tbody>
</table>

Where a regulation makes reference to Applied Mathematics courses, this shall include all courses with second digit 1 or 2. Where a regulation makes reference to Pure Mathematics courses, this shall include all courses with second digit 2, 3 or 4. Where a regulation makes reference to Statistics courses, this shall include all courses with second digit 4 or 5.

8.8.4 Major in Applied Mathematics (B.Sc. Only)

Students shall complete the following requirements:

2. Three credit hours in Applied Mathematics courses numbered 3000 or higher.
3. A computing course, early in your program. Computer Science 1510 is highly recommended.
4. A designated technical writing course offered by a Science department. Mathematics 2130 is recommended. The technical writing course is prerequisite to some 3000-level courses.
5. Physics 1050 (or 1020) and 1051.
6. A statistics course. Statistics 3410 is recommended.

8.8.5 Major in Pure Mathematics

Students shall complete the following requirements:

1. Mathematics 1000, 1001, 2000, 2050, 2051, 2320, 3000, 3001, 3320;
2. One of Mathematics 3202, 3210, 3260;
3. One of Mathematics 3330, 3370;
4. Twelve further credit hours in Pure Mathematics courses numbered 3000 or higher, at least 6 credit hours of which must be in courses numbered 4000 or higher;
5. A computing course. Computer Science 1510 is recommended.
6. A designated technical writing course offered by a Science department. Mathematics 2130 is recommended.
7. A statistics course. Statistics 3410 is recommended.

8.8.6 Major in Statistics

Students shall complete the following requirements:

1. Mathematics 1000, 1001, 2000, 2050, 2051, Statistics 2560, 3410, 3411, 3520, 3521, 3530;
2. One of Statistics 1510, 2500, 2510 or 2550;
3. Nine further credit hours in Statistics courses numbered 3000 or higher, at least 6 credit hours of which must be in courses numbered 4000 or higher excluding Statistics 4581;
5. Mathematics 3000 and 3001 are recommended.

8.8.7 Honours in Applied Mathematics (B.Sc. Only)

See Regulations for the Honours Degree of Bachelor of Science. Students shall complete the following:
1. Mathematics 1000, 1001, 2000, 2050, 2051, 2130, 3000, 3001, 3100, 3111, 3132, 3161, 3202, 3210, 3260, 4160, 4180, 4190, 419A/B;
2. At least one of Mathematics 4162 or 4170;
3. Statistics 3410;
4. Nine further credit hours in courses numbered 3000 or higher that are offered by the Department of Mathematics and Statistics, at least 3 of which must be in courses numbered 4000 or higher;
5. A computing course early in the program is required. Computer Science 1510 is recommended.
6. Physics 1050 (or 1020), 1051, 2820, 3220.

8.8.8 Honours in Pure Mathematics
See Regulations for the Honours Degree of Bachelor of Science. Students shall complete the following requirements:
1. Mathematics 1000, 1001, 2000, 2050, 2051, 2130, 3000, 3001, 3202, 3210, 3260, 3300, 3320, 3330, 4300, 4310, 4399, Statistics 2510;
2. Either Mathematics 3340 or 3370;
3. Either Mathematics 4000 or 4001;
4. Either Mathematics 4320 or 4321;
5. Twelve further credit hours in Pure Mathematics courses numbered 3000 or higher, at least 9 credit hours of which must be in courses numbered 4000 or higher;
6. A computing course early in the program is required. Computer Science 1510 is recommended.

8.8.9 Honours in Statistics
See Regulations for the Honours Degree of Bachelor of Science. Students shall complete the following requirements:
1. Mathematics 1000, 1001, 2000, 2050, 2051, 3000, 3001, 3202, 3210, Statistics 2560, 3410, 3411, 3520, 3521, 3530, 4410, 4590, 4599;
2. One of Statistics 1510, 2500, 2510 or 2550;
3. Eighteen further credit hours in Statistics courses including at least 12 credit hours in courses numbered 4000 or higher excluding Statistics 4581;
4. Computer Science 2602, Computer Science 3731;
5. Mathematics 4000 and Statistics 4401 are recommended.

8.8.10 Minor in Mathematics
A total of 24 credit hours in courses offered by the Department of Mathematics and Statistics is required of which only 6 credit hours shall be in courses at the 1000 level and at least 6 credit hours shall be in courses numbered 3000 or higher.

8.8.11 Minor in Statistics
The courses required for a minor in Statistics are:
1. Mathematics 1000, 1001; Statistics 1510 or 2500 or 2510, Statistics 2501 or 2560.
2. Twelve further credit hours in Statistics courses numbered 3000 or higher excluding Statistics 4581.
It is recommended that Mathematics 2000 and Mathematics 2050 be taken since they are prerequisite to several further Statistics courses.

8.9 Physics and Physical Oceanography
The following undergraduate programs are available in the Department:
1. Applied Mathematics and Physics Joint Honours
2. Applied Mathematics and Physics Joint Major
3. Biochemistry and Physics Joint Honours
4. Chemistry and Physics Joint Honours
5. Computer Science and Physics Joint Honours
6. Computer Science and Physics Joint Major
7. Earth Sciences and Physics Joint Honours
8. Earth Sciences and Physics Joint Major
9. Geophysics and Physical Oceanography Joint Honours
10. Honours in Environmental Physics
11. Honours in Physics
12. Major in Environmental Physics
13. Major in Physics
14. Minor in Physics

Details of these joint programs are given after the Regulations for the Honours Degree of Bachelor of Science. Other joint programs may be arranged in consultation with the departments concerned.

Physics and Physical Oceanography course descriptions are found at the end of the Faculty of Science section under Course Descriptions, Physics and Physical Oceanography.

Notes:
1. The attention of students intending to follow any one of the programs listed above is drawn to the UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate), governing the appropriate degree. Additional Departmental requirements are given below.
2. Faculty advisors are available to provide advice to students who are registered in, or who are considering registering in, any of the programs. Students are urged to consult with these advisors at their earliest opportunity in order to ensure that they select appropriate courses and programs. Students with credits in Physics courses which are not listed in this calendar should consult with the Department.
3. The six course stream consisting of Physics 1020, 1021, 1051, 2053, 2055, 2750, and 2820 or alternatively the seven course stream of Physics 1020, 1050, 1051, 2053, 2055, 2750, and 2820 is intended to provide a cohesive overview of Physics for potential Physics majors.

4. Physics 1050 is open to and recommended for students who have completed Level II Physics, Level III Physics and Level III Advanced Mathematics. Mathematics 1000 must be taken at the same time as, or be completed prior to, taking Physics 1050. Students who have completed Mathematics 1090 and Physics 1050 are required to complete Mathematics 1000 before registering for Physics 1051.

5. Physics 1020 is intended for students who do not qualify for Physics 1050, and while it may be taken by students who have no background in Physics it is recommended that students wishing to take Physics 1020 should have completed at least one of Level II and Level III Physics. Students who complete Physics 1020 and Mathematics 1000 are eligible for admission to Physics 1051. Students may receive credit for only one of Physics 1050 and 1020.

6. Students who have successfully completed Advanced Placement courses in both Physics and Mathematics will normally be eligible for direct entry into Physics 1051, 2053 and 2750, all of which are offered in the Fall semester. Such students are advised to consult the Department.

7. Where circumstances warrant, any prerequisites listed below may be waived by the Head of the Department.

8. Supplementary examinations will be allowed in certain Physics courses which have written final examinations. Students should refer to the Faculty of Science Degree Regulations for details.

8.9.1 Minor in Physics

A minor in Physics will consist of 24 credit hours in Physics courses which must include Physics 1050 (or 1020), 1051, 2053, 2055, 2750, and 2820. Only 6 credit hours at the 1000 level can be used to fulfill the 24 credit hours. For those students whose major is Chemistry or Biochemistry, the 24 credit hours in Physics will not include 2053.

For Electrical Engineering students, 24 credit hours in Physics courses which must include Physics 1050 (or 1020), 1051, 2750, 3000, and 3550 with an additional 9 credit hours selected from Physics 2820, 3600, 3750, 3751, 3800, 4000, 4220, 4600 or other 3000 or 4000 level courses subject to approval by the Head of Physics and Physical Oceanography and the Chair of Electrical and Computer Engineering.

8.9.2 Major in Physics

1. English 1080 and English 1110 (or equivalent).
4. Computer Science 1510.
5. Physics 1050 (or 1020) and 1051.
6. Physics 2053, 2055, 2750, 2820, 3220, 3400, 3500, 3750 and 3900.
7. An additional 12 credit hours in physics courses numbered 3000 or higher which shall include at least 6 credit hours selected from the courses numbered Physics 3000, 3150, 3300, the former 3410, 3550, 3600, 3751.
8. Mathematics 3150.
9. Mathematics 3260 is co-requisite to Physics 3220 and should be completed before the winter of the third year. Those who intend to make a career in Physics should note that additional Physics courses are strongly recommended. Mathematics 2051 and Computer Science 1510 or 2602 are also recommended.

8.9.3 Honours in Physics

1. English 1080 and English 1110 (or equivalent).
4. Computer Science 1510.
6. Physics 1050 (or 1020) and 1051.
7. Physics 2053, 2055, 2750, 2820, 3220, 3400, 3500, 3600, 3750, 3820, 3900, 4400, 4500, 4820, 4850, 4900, 490A/B.
8. Physics 3810 or Mathematics 3202.
9. An additional 12 credit hours in physics courses numbered 3000 or higher which shall include at least 6 credit hours selected from physics courses numbered 4000 or higher.
10. Fifteen credit hours in applicable elective courses.

Note: Certain of the graduate courses may be taken in the final year of the Honours Program with the permission of the Head of the Department.

Only 6 credit hours at the 1000 level in each of Physics, Chemistry and Mathematics can be used to fulfill the 120 credit hours required for the Honours program. The inclusion of Mathematics 1090, the sequence of Physics 1020, 1021, and 1051 or the substitution of Chemistry 1010, 1011 and 1031 for Chemistry 1050 and 1051 will each increase the number of credit hours required for the Honours Physics program by three.

An Honours thesis is to be presented on work undertaken by the candidate under the guidance of a Department of Physics and Physical Oceanography faculty member. The thesis comprises the 6 credit hour course Physics 490A/B. Students should seek departmental advice regarding a thesis project no later than the winter preceding the semester in which the project will be started.

The Honours Physics program in and beyond the third year requires a familiarity with computer programming and numerical analysis. In choosing electives for this program, the Department recommends that students supplement the prescribed program with the following courses Computer Science 2602 and 3731 (or Mathematics 2130 and 3132). Mathematics 2051 and 3000 are also suitable electives. For specific courses and recommendations about electives, consultation with a faculty advisor in the Department is suggested.

The Department recommends that students wishing to complete the Honours Physics program in 120 credit hours follow the schedule given below. This schedule is intended for students who qualify for Physics 1050 and 1051. Other suggested course schedules are available from the Head of the Department.
## Recommended Course Schedule - Honours Physics Program

### 8.9.4 Major in Environmental Physics

1. English 1080 and English 1110 (or equivalent)
2. Chemistry 1050 and 1051 (or Chemistry 1010, 1011, and 1031)
3. Mathematics 1000 and 1001
5. Physics 1050 (or 1020) and 1051
6. Earth Sciences 1000, 1002, 2502, 3170, 3172
7. Geography 2102, 2195, 3120
8. Biology 2120, 2600

The Major degree offers students a fair degree of latitude in choosing electives, students are encouraged to take electives from Geography and Earth Sciences: of particular merit would be any of Earth Sciences 3600, 3611 or 4105.

### 8.9.5 Honours in Environmental Physics

1. English 1080 and English 1110 (or equivalent)
2. Chemistry 1050 and 1051 (or Chemistry 1010, 1011, and 1031)
3. Mathematics 1000 and 1001
5. Physics 1050 (or 1020) and 1051
6. Physics 2053, 2055, 2750, 2820, 3220, 3820, 3300, 3340, 4340
7. Physics 3400 or 3500
8. Earth Sciences 1000, 1002, 2502, 3170 and 3172
9. Geography 2102, 2195, 3120
10. Biology 2120, 2600

An honours thesis is to be presented on work undertaken by the candidate under the guidance of a Department of Physics and Physical Oceanography faculty member. The thesis comprises the 6 credit hour course Physics 490A/B. Students should seek departmental advice regarding a thesis project no later than the winter preceding the semester in which the project will be started.

The Department recommends that students wishing to complete the Honours Environmental Physics program in 120 credit hours follow the schedule given below. This schedule is intended for students who qualify for Physics 1050 and 1051. Other suggested course schedules are available from the Head of the Department.

Those courses in which a grade of “B” or better or an average of 75% or higher are required, as specified in Clause 6.a. of the Regulations for the Honours Degree of Bachelor of Science, are 45 credit hours in Physics courses, and 15 credit hours in other courses (beyond the 1000 level) selected from the specified program courses in Earth Sciences, Geography and Biology.
Recommended Course Schedule - Honours Environmental Physics Program

Physics 1021 and the former Physics 1201 will be considered equivalent for prerequisite purposes. Physics 1051 and 2820 will be considered equivalent to the former Physics 1054 and 2054 for prerequisite purposes. Physics 1051 and the former Physics 1052 and 2050 will be considered equivalent for prerequisite purposes.

Not all courses are offered every year. Students should check with the Department prior to registration to plan programs.

8.10 Psychology

The following undergraduate programs are available in the Department.

1. **Biochemistry and Psychology (Behavioural Neuroscience) Joint Honours (B.Sc. Hons. only)**
2. **Biochemistry (Nutrition) and Psychology (Behavioural Neuroscience) Joint Honours (B.Sc. Hons. only)**
3. **Biology and Psychology (Behavioural Neuroscience) Joint Honours (B.Sc. Hons. only)**
4. **Biology and Psychology Joint Honours (B.Sc. Hons. only)**
5. **Major and Honours in Behavioural Neuroscience (B.Sc. only)**
6. **Major and Honours in Behavioural Neuroscience (Co-operative) (B.Sc. Hons. only)**
7. **Major and Honours in Psychology (B.A. or B.Sc.)**
8. **Major and Honours in Psychology (Co-operative) (B.A. or B.Sc.)**
9. **Minor in Psychology (B.A. or B.Sc.)**

Details of the joint honours programs are given under the Degree Regulations of the Faculty of Science.

Psychology course descriptions are found at the end of the Faculty of Science section under Course Descriptions, Psychology.

8.10.1 Admission to Major Programs

Admission to the Major programs in the Department of Psychology is competitive and selective. Students who wish to enter these programs must submit a completed application form to the Psychology Department by June 1 for Fall semester registration. When resources permit, applications will also be considered if received by October 1 for Winter semester. To be eligible for admission, students must have completed the 24 credit hours as listed below with an average of at least 65% in Psychology 1000/1001 and an overall average of at least 60% in Psychology, English, and Mathematics:

1. Psychology 1000, 1001
2. English 1080 and one of 1101, 1102, 1103, or 1110, or equivalent.
3. Mathematics 1000, or two of 1090, 1050, 1051 (or equivalent).
4. Six credit hours of electives (9 if only Mathematics 1000 is completed).

Students who fulfill the eligibility requirements compete for a limited number of available spaces. Selection is based on academic performance, normally cumulative average and performance in recent courses.

8.10.2 Admission to Honours Programs
The Honours programs in the Department of Psychology are designed for students who would like to concentrate their studies or pursue graduate work. Students who wish to be admitted to these programs must submit an "Application for Admission to Honours Program Faculties of Arts or Science" to the Department of Psychology by June 1 for Fall semester registration and by October 1 for Winter semester. To be eligible for admission, students must have completed Psychology 2910, 2911, 2520, and 2570 and obtained in these courses a grade of "B" or better, or an average of 75% or higher. Students who fulfill the eligibility requirements compete for a limited number of available spaces. Selection is based on academic performance in the required courses. In special circumstances, students may be admitted to Honours Programs at times other than June and October.

Note: Students are advised to consult the general regulations for Honours in the Faculty of Arts or the Faculty of Science, as appropriate.

8.10.3 Requirements for a Major in Psychology
Students completing this program cannot receive credit for Psychology 2920.

1. Students may Major in Psychology as part of either a B.A. or a B.Sc. program. All Majors are required to complete a minimum of 42 credit hours of Psychology as listed below:
   a. Psychology 1000, 1001, 2520, 2570, 2910, 2911
   b. Twelve credit hours in Psychology chosen from the following: 3050, 3100, 3250, 3350, 3450, 3620, 3650, 3750, 3800 or 3801.
   c. Twelve credit hours of 4000-level courses in Psychology, of which at least one must be a research experience course and one must be a selected topics course.

2. Psychology Majors following the B.Sc. program are also required to complete the following:
   a. Mathematics 1000 (or equivalent).
   b. Biology 1001 and 1002
   c. Either Chemistry 1010 and 1011 (or 1050 and 1051); OR Physics 1020 (or 1050) and 1021 (or 1051)
      Note: First year students should think carefully about whether Chemistry or Physics best suits their future program needs. Students should examine the prerequisites for upper-level science courses and attempt to take them in their first year.
   d. Six credit hours of laboratory courses at the 2000 level or above in one of Biology, Chemistry, or Physics.
      Note: Biology/Psychology 3750 and Biology/Psychology 4701 cannot be used to satisfy the requirement of 6 laboratory credit hours at the 2000 level or above in either Biology, Chemistry, or Physics.

3. Psychology Majors following the B.A. program are also required to complete Mathematics 1000 or two of 1090, 1050, 1051 (or equivalent), and are encouraged to complete at least 6 credit hours in Biology.

8.10.4 Requirements for Honours in Psychology
Students completing this program cannot receive credit for Psychology 2920.

1. Honours students in Psychology are required to complete the 60 credit hours of Psychology as listed below:
   a. Psychology 1000, 1001, 2520, 2570, 2910, 2911, 3900, 4910, 499A/B
   b. Eighteen credit hours chosen from the alternatives listed in Clause 1. b. of the requirements for a Major in Psychology
   c. Twelve credit hours of 4000-level courses in Psychology, of which at least one must be a research experience course and one must be a selected topics course.

2. Honours students must also complete the requirements listed in either Clause 2. or Clause 3., as applicable, of the requirements for a Major in Psychology.

3. Honours students will be required to submit in their graduating year, an undergraduate thesis (Psychology 499A/B) which demonstrates their competence in Experimental Psychology.

8.10.5 Requirements for a Major in Behavioural Neuroscience (B.Sc. Only)
Students completing this program cannot receive credit for Psychology 2920.

A program is offered in the Psychology Department to provide an education in Behavioural Neuroscience. Students planning to enroll in the program are advised to consult with the Head of the Department at the earliest opportunity because certain course choices may restrict later options. Students who intend to pursue graduate studies should take courses leading to the Honours degree.

The program for a Major in Behavioural Neuroscience shall include:

1. a. Psychology 1000, 1001, 2520, 2570, 2910, 2911, 3800, 3801
   b. Six credit hours in Psychology chosen from the following: 3050, 3100, 3250, 3350, 3450, 3620, 3650, 3750.
   c. Six credit hours of 4000 level courses in Psychology, of which one must be a research experience course.

2. a. Mathematics 1000 (or equivalent) and 1001
   b. Chemistry 1010 and 1011 (or 1050 and 1051), and 2440 (or 2400/2401)
   c. Physics 1020 (or 1050) and 1021 (or 1051).
   d. Biology 1001 and 1002
   e. English 1080 and one of 1101, 1102, 1103, or 1110, or equivalent

3. Eighteen credit hours from the following courses chosen from at least two different sciences:
   b. Biology: 2060, 2210, 2250, 2900, 3050, 3160, 3202, 3295, 3401, 3500, 3530, 3540, 3750, 4200, 4241, 4245, 4250, 4402, the former 4450, 4601, 4605, 4701, the former 4900 (see note below)
   c. Chemistry: 2210, 2301 (or 2300) or any 3000 or 4000 level course

Note: Students are advised to consult the general regulations for Honours in the Faculty of Arts or the Faculty of Science, as appropriate.
8.10.6 Requirements for Honours in Behavioural Neuroscience (B.Sc. Only)

Students completing this program cannot receive credit for Psychology 2920.

1. Honours students in Behavioural Neuroscience are required to complete the following Psychology courses: 1000, 1001, 2520, 2570, 2910, 2911, 3900, 3801, 3900, 499A/B, two further courses in Psychology chosen from the following: 3050, 3100, 3250, 3350, 3450, 3620, 3650, 3750; two 4000 level courses in Psychology of which one must be a research experience course.

2. Honours students in Behavioural Neuroscience must also complete the requirements listed in Clauses 2 and 3. of the requirements for a Major in Behavioural Neuroscience.

3. In accordance with Clause 6. a. of the Regulations for the Honours Degree of Bachelor of Science, Honours candidates must obtain a grade of “B” or better, or an average of 75% or higher in all the required courses listed in Clauses 1. and 3. of the requirements for a major in Behavioural Neuroscience and Clause 1 of the requirements for honours in Behavioural Neuroscience, except those at the 1000 level.

8.10.7 Requirements for a Minor in Psychology

Students who minor in Psychology are required to complete a minimum of 24 credit hours of Psychology as follows:

a. Psychology 1000, 1001, 2920

b. Fifteen other credit hours of Psychology.

8.10.8 Requirements for Major and Honours in Psychology (Co-operative) (B.A. or B.Sc.), and Major and Honours in Behavioural Neuroscience (Co-operative) (B.Sc. only)

Psychology Co-op Program (PCOP)

The Psychology Co-op Program (PCOP) is available to full-time Psychology (B.A. and B.Sc.) and Behavioural Neuroscience Majors and Honours students only.

The PCOP provides an opportunity for students to learn valuable practical skills while working in fields related to Psychology. Students complete three Work Terms, which consist of full-time paid employment. The timing of the Work Terms is such that employers stand to gain from the acquired skills of psychology majors in training. The objectives of the Work Term component of the PCOP are embodied in the Work Term Descriptions.

8.10.8.1 Admission Requirements

1. Admission is limited, competitive, and selective.

2. The primary criterion used in reaching decisions on applications for admission is overall academic achievement. Students with average overall academic records are unlikely to be admitted.

3. Students must first be admitted to the Psychology (B.A. or B.Sc.) or Behavioural Neuroscience Major.

4. To be eligible for admission, students must have completed a minimum of 30 credit hours with an overall average of at least 65%, and an average of at least 65% in all Psychology courses. Students must have a passing grade in all required courses, and must be registered for 15 additional credit hours in the semester in which they apply.

5. The deadline date for application is November 15.

8.10.8.2 Program of Study

1. In addition to the requirements below students must fulfill all requirements for either a Major in Psychology (B.A.), a Major in Psychology (B.Sc.), Major in Behavioural Neuroscience, Honours in Psychology (B.A.), Honours in Psychology (B.Sc.), or Honours in Behavioural Neuroscience. Courses in each program are normally taken in blocks as shown in the appropriate program table. Students should consult with a faculty advisor each semester regarding course selection.

2. Students’ status in the program is assessed at the end of each semester. To remain in PCOP, students must receive a passing grade in all required courses, and must maintain an average of at least 65% in all Psychology courses and a cumulative average of at least 65%. A student who fails a required course, fails to maintain an average of 65% in Psychology courses, or fails to maintain a cumulative average of 65% will be required to withdraw from PCOP. The student in question may apply for readmission in a subsequent year after passing the specified required course(s) previously failed, or re-establishing the required average.

3. Students are required to complete three work terms at the prescribed times.

8.10.8.3 Work Term Placement

1. General management of the work terms in PCOP is the responsibility of the Division of Co-operative Education (DCE). It is responsible for assisting potential employers to become involved in the program, organizing competitions for Work Term employment, arranging student-employer interviews and facilities, data base management, and for the continual development of employment opportunities. A program co-ordinator from the DCE will work with the department to counsel students, visit students on their work assignments and evaluate the work term.

2. Work placement is not guaranteed but every effort is made to ensure that appropriate employment is made available. In the case of students who are required to withdraw from the program, the DCE has no responsibility for placement until they have been re-admitted to the program.

3. A student who applies for admission to the co-op program gives permission to the University to provide a copy of the applicant’s resume, university transcript and work term evaluations to potential employers.

4. A student who has been accepted to PCOP may obtain his/her own work term placement outside the competition. Such employment positions must be confirmed by the employer, and must be approved by the Co-ordinator.

5. Students are expected to submit to the Co-ordinator, within a month from starting a Work Term, a plan of the intended work that
term.
6. Salaries paid to co-operative students are determined by employers based on their internal wage structures. However, students should not expect the income from work terms to make them completely self-supporting.

8.10.8.4 Registration and Evaluation of Performance
1. In Work Terms I, II, and III, students must register for Psychology 199W, 299W, and 399W respectively.
2. Student performance evaluations are to be completed by the employer and returned to the Co-ordinator. The Work Term evaluations shall consist of two components:
   a. On-the-job Student Performance: Job performance shall be assessed by the Co-ordinator in consultation with the Department using information gathered during the Work Term and input from the employer towards the end of the Work Term. Formal written documentation from the employer shall be sought. Evaluation of the job performance will result in one of the following classifications: PASS WITH DISTINCTION, PASS, FAIL.
   b. The Work Report
      i. Students are required to submit a Work Term report to the Co-ordinator on the first day of final exams.
      ii. Work Term reports shall be evaluated by a faculty member and the Co-ordinator.
      iii. If an employer designates a report to be of a confidential nature, both employer and the Co-ordinator must agree as to the methods to protect the confidentiality of such a report before the report may be accepted for evaluation.
      iv. Reports must contain original work related to the Work Term placement. The topic must relate to the work experience and will be chosen by the student in consultation with the employer. The topic must be approved by the Co-ordinator or a faculty member of the Department of Psychology.
   Evaluation of the work term report will result in one of the following classifications: PASS WITH DISTINCTION, PASS, FAIL.
   The evaluation of the job performance and the work term report are recorded separately on the transcript. Overall evaluation of the work term will result in one of the following final grades being awarded:
   - Pass with Distinction: Indicates OUTSTANDING PERFORMANCE in both the work report and the job performance.
   - Pass: Indicates that PERFORMANCE MEETS EXPECTATIONS in both the work report and the job performance.
   - Fail: Indicates FAILING PERFORMANCE in the work report or the job performance, or both.
   To remain in PCOP, a student must obtain a final grade of PAS.
3. If a student fails to achieve the Work Term standards specified above, the student will be required to withdraw from PCOP. Such a student may reapply to the program, at which time the student will be required to repeat the Work Term with satisfactory performance. Only one Work Term may be repeated in the entire program.
4. In order to be considered for readmission, students must formally apply for readmission to the program not later than the deadline date specified in Admission Requirements.
5. A student who withdraws from a Work Term without acceptable cause subsequent to a job placement will be required to withdraw permanently from PCOP.
6. Students who drop a Work Term without prior approval from both the Co-ordinator and the Head of the Department of Psychology, or who fail to honour an agreement to work with an employer, or conduct themselves in such a manner as to cause their discharge from the job, will be awarded an overall grade of FAL for the Work Term in question and will be required to withdraw permanently from PCOP.
7. Permission to drop a Work Term does not constitute a waiver of degree requirements, and students who have obtained such permission must complete an approved Work Term in lieu of the one dropped.
8.10.9 Suggested Course Sequences

The tables below show suggested course sequences for (1) B.A. in Psychology (Co-operative), (2) B.Sc. in Psychology (Co-operative), (3) B.A. Honours in Psychology (Co-operative), (4) B.Sc. Honours in Psychology (Co-operative), (5) B.Sc. in Behavioural Neuroscience (Co-operative), and (6) B.Sc. Honours in Behavioural Neuroscience (Co-operative).

## 8.11 Science
Science course descriptions are found at the end of the Faculty of Science section under Course Descriptions, Science.

## 9 Course Descriptions
In accordance with Senate’s Policy Regarding Inactive Courses, the course descriptions for courses which have not been offered in the previous three academic years and which are not scheduled to be offered in the current academic year have been removed from the following listing. For information about any of these inactive courses, please contact the Head of the Department.

### 9.1 Biochemistry
Biochemistry courses are designated by BIOC.

1430 *Biochemistry for Nurses* is an introduction to the chemistry and structure-function relationships of carbohydrates, lipids and proteins. It will examine the basic metabolism of carbohydrates and fats, with emphasis on the biochemical fluctuations that occur in human health and disease, and will include a brief introduction to molecular genetics. Prospective fast-track program students should consult with the School of Nursing concerning...
admission to this course.
CR: the former BIOC 2430
LC: 4
PR: Level 3 Chemistry or Chemistry 1010 or Chemistry 1810 or equivalent, and acceptance to Bachelor of Nursing (Collaborative)
UL: may not be used for credit to fulfil the requirements for a major in the Department of Biochemistry

2000 Principles of Food Science - inactive course.

2005 Food, Food Safety, and Health introduces the concepts of the composition of foods, and how the processing of food affects sensory appeal, shelf life and nutrient composition. Common food and water-borne illnesses (risks and prevention) are covered in the course content. Students will also be introduced to food biotechnologies, including genetically modified organisms, nutriceuticals and the development of functional foods.
CO: Chemistry 2400 or 2440

2010 Introductory Foods I - inactive course.

2011 Introductory Foods II - inactive course.

2100 Introduction to Molecular Biology and Genetics will cover the heritability of simple traits from phenotype to genotype; the discovery of DNA as the molecule of heredity; the structure and function of DNA; the generation of recombinant DNA technology and biotechnology. 
CO: BIOC 2101, Chemistry 2401, Physics 1021 or 1051. Students may replace the co-requisite Chemistry 2401 with Chemistry 2440 as a prerequisite. Chemistry 2440 may not be taken as a co-requisite of 2100.
CR: Biology 2250
LT: 3 on alternate weeks
PR: BIOC 2101, Chemistry 2401, Physics 1021 or 1051. Students may replace the co-requisite Chemistry 2401 with Chemistry 2440 as a prerequisite. Chemistry 2440 may not be taken as a co-requisite of 2100.

2101 Introduction to Biochemistry is an introduction to the major organic substances of living organisms, proteins, carbohydrates and lipids: their structure, analysis and biochemical function. Other topics will include: enzymes; the biochemistry of membranes, including the plasma membrane and specialized intracellular membranes; and the biochemistry of selected differentiated cells.
CR: Pharmacy 2004, or the former Pharmacy 3110
LT: one-three hour laboratory period on alternate weeks
PR: Chemistry 2400 and 2401, or Chemistry 2440; and Physics 1020 or 1050, and 1021 (or 1051); Chemistry 2401 and Physics 1021 or 1051 can be done concurrently.

2600 Introduction to Human Nutrition (same as HKR 2600) gives an overview of human nutrition with an emphasis on topics of current interest. The course covers the general topic of nutrition during pregnancy, nutrition for infants, Canadian Recommended Nutrient Intakes, Dietary Reference Intakes, weight loss and weight gain, nutriceuticals and ergogenic aids. 
CR: HKR 2600 or the former Kinesiology 2600

3052 Food Microbiology - inactive course.

3054 Fundamentals of Food Microbiology - inactive course.

3105 Physical Biochemistry examines topics such as: types of intermolecular forces in biomolecules; the folding of biomolecules and the role of water; pH; buffers, and ionisation of biomolecules; thermodynamics; equilibria; coupled reactions, transport across membranes and redox reactions; and ligand binding. Other topics will include: size and shape of biomolecules; kinetics of the biochemical; and, spectroscopy of biomolecules.
CR: two hour problem-solving class
PR: BIOC 2101; and Chemistry 2300 or 2301 or Physics 2053

3106 Metabolism examines the catabolism of carbohydrates, lipids and amino acids. Other topics will be: mitochondria, chloroplasts and ATP synthesis; biosynthesis of carbohydrates and lipids; metabolic specialization of different cells and tissues; and, integration of metabolism.
CR: the former BIOC 3102 or Pharmacy 3111
LT: one three-hour laboratory or one-hour tutorial per week
PR: one-hour tutorial or one three-hour laboratory per week
PR: BIOC 2101

3107 Nucleic Acid Biochemistry and Molecular Biology examines the structure, function and biochemistry of DNA and RNA and the biochemical processes in the flow of information from the gene to protein. These will include: DNA replication, recombination and repair processes; transcription of DNA to RNA; and protein synthesis. The regulation of gene expression will also be covered at an introductory level. The course will also include an introduction to cloning methodology.
LT: up to four hours per week which will normally consist of one three hour laboratory period plus one additional hour on the following day.
CR: BIOC 2101; and BIOC 2100 or Biology 2250

3108 Molecular Biochemistry of the Cell focuses on the molecular biochemistry of intracellular regulation, including advances in topics such as signal transduction, apoptosis and cancer. Other topics will include protein processing and sorting, cycling, protein structure, function and regulation, cell adhesion molecules and the structure of the extracellular matrix.
PR: BIOC 2100 or Biology 2250; and BIOC 2101

311A/B Human Physiology - inactive course.

3202 Community Nutrition examines nutritional assessment, nutrition education, and the role of community agencies and individuals in the dissemination of nutritional information. Survey methods and results will be discussed.
CR: BIOC 3203 or the former BIOC 3201; and either BIOC 311B or Medicine 310B
CR: the former BIOC 4302

3203 Fundamentals of Human Nutrition is the cornerstone course for the study of nutrition. The sources, uptake and physiologic roles of essential nutrients will be discussed in the context of growth, maintenance, reproduction and overall health in humans.
CO: BIOC 3106
CR: the former BIOC 3200
PR: BIOC 2101, 2600

3402 Food Chemistry examines the following topics: water structure and the role of water in chemical reactions and mechanical properties of foods; chemical and physical properties of carbohydrates, proteins and lipids; food dispersions; pigments and natural colorants; food flavour; enzyme properties and applications; vitamins and minerals; chemistry of enzymatic and non- enzymatic browning; characteristics of muscle tissue, milk, eggs, bread and edible plant tissue; food additives; and, chemical changes in foods during processing.
CR: three hours per week
PR: BIOC 2000 or 2005; BIOC 2101; Chemistry 2440 or Chemistry 2401

3600 Sports and Exercise Nutrition deals with the specific roles of nutrients in sport and exercise, and the application of nutrition to sport and exercise.
CR: BIOC 4241
PR: BIOC 2600 or HKR 2600 or the former BIOC 3200/3201; and one of BIOC 311B, MED 310B, HKR 2320

4002 Biochemical Regulation examines metabolic regulation at the cellular and multicellular level. Topics will include: control theory; hormones; their biosynthesis and mechanism of action; signal transduction; and, endocrine coordination of metabolic processes. Principles will be illustrated by the use of case studies from the medical and veterinary literature.
LC: two to three hours per week, together with assigned reading and case studies
PR: BIOC 2100 or Biology 2250; BIOC 3106

4101 Proteins will review the history of protein research and the general properties of proteins and include other topics such as: strategy and methods for purification; chemical structure, properties, modification and determination of the protein amino acids; sequencing strategy, chain cleavage methods and end group analysis; folding of the protein main chain and secondary structure; and, the relationship between the tertiary structure and function: protein formulations, motors and regulators. It will also cover disease-related proteins and other examples from the current literature.
LC: two to three hours per week, together with assigned reading
PR: BIOC 3105

4102 Current Topics in Biochemistry is a seminar course in which faculty and students will discuss topics of current interest in the biochemical literature. Students will be responsible for reading and critically assessing recent literature.
PR: Honours Biochemistry students in their final year or permission of the Head

4103 Prokaryotic Gene Regulation is a detailed and up-to-date treatment of the mechanisms of genetic regulation found in bacterial cells. The course will cover topics based on the evidence of bacterial genetics and modern molecular biological experiments. Topics may include: theory of mutations, RNA transcription, positive and negative regulation of transcription; regulation of protein synthesis; control of DNA replication; bacterial operons and regulation; developmental molecular biology in bacterial systems; and, evolution and molecular biology of organelles.
PR: BIOC 3107

4104 Eukaryotic Gene Regulation and Developmental Biology details the cellular and molecular aspects of eukaryotic gene regulation and development. Topics to be covered will include the DNA content and organization of eukaryotes, mechanisms controlling the expression of eukaryotic genetic information at the transcriptional and post-transcriptional levels, and the methodologies used to define these mechanisms. Detailed consideration will be given to the cell-surface events which regulate nuclear

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
gene expression and cell lineage specification. Developmental mechanisms operating in a number of model systems will be discussed. 
PR: BIOL 3107 or 3108
4105 Immunology (same as Pharmacy 4105) is taught and administered by the pharmacy department. The course is an introduction to the molecular and cellular basis of immunity and hypersensitivity, and will include a discussion of the manipulation of the immune system in the management and treatment of disease.
CO: BIOL 2101, and either BIOL 311B or Medicine 310B
CR: Pharmacy 4105 and the former Pharmacy 4105
OR: tutorials
PR: BIOL 2101, and either BIOL 311B or Medicine 310B
4200 Bioenergetics and Biological Oxidation examines topics such as: respiration and electron transport; the functional organization of energy transport systems; the structure and function of flavoenzymes, cytochromes, iron-sulfur proteins and quinones; enzyme reduction of oxygen; and, free radicals in biological systems.
LC: two to three hours per week and assigned reading
PR: BIOL 3106
4201 Membranes - Structure and Function examines the structure of model and biological membranes, the molecular interactions between membrane components and the effects of these interactions on the biophysical and functional properties of membranes. Other topics will include the structure-function of specialized membranous systems, such as lipoprotein, lung surfactant, and lipid rafts; membrane lipid composition in biochemical adaptation and function; and the role of membrane proteins in intracellular trafficking, receptor function, enzymatic activity and membrane-related diseases.
PR: BIOL 3105
4210 Biochemical Research Techniques I examines the proteome and the genome. This course is designed to familiarize students with current methodology employed in the analyses of the complements of proteins and genes resident in eukaryotic cells. Emphasis will be placed on techniques that facilitate the simultaneous functional analyses of large numbers of proteins or genes. A variety of techniques, used in the study of expression and functional proteomics, will be described, including 2D PAGE, tagged proteins, fluorophores, mass spectrometry and protein microarrays. Techniques used in the study of gene expression and functional genomics will also be described, including the use of reporter gene constructs, analysis of protein-DNA interactions, expressions of cloned genes and several experimental approaches used to define the eukaryotic transcriptome.
AR: attendance is required
PR: BIOL 3105
4211 Biochemical Research Techniques II is designed to familiarize students with methods used for the study of cellular and subcellular metabolism. This course may include a research project.
AR: attendance is required
LC: times as arranged
AR: attendance is required
PR: BIOL 3106
4220 Introduction to General and Autonomic Pharmacology (same as Medicine 4300) deals with the general principles of pharmacology (dose-response relationship, drug-receptor interaction, absorption, distribution, metabolism, excretion, and effect of drugs), and drugs that affect neuromuscular and autonomic neurotransmission, the cardiovascular, gastrointestinal, and central nervous systems; and autacoids/prostanoids.
CO: BIOL 3105 or Pharmacy 3111
CR: Medicine 4300
AR: attendance is required
PR: BIOL 3106
4230-4239 Special Topics in Biochemistry will be given for senior undergraduates, and will cover a range of topics in specialized fields in Biochemistry. They may be taught by visiting specialists when available.
PR: to be determined at the time of offering
4240 Nutrigenetics and Nutrigenomics is designed to familiarize students with emerging discoveries in the area of diet-genie interaction and to further the understanding of the relationships between the genome and diet, not only as the potential to design personalized diets for better health. Students will develop an appreciation for the role of nutrients in the prevention and/or development of disease.
PR: BIOL 2100 or Biology 2250; BIOL 3106; and one of BIOC 3203 or the former BIOL 3200
4241-4249 Special Topics in Nutrition will be given for senior undergraduates, and will cover a range of topics in specialized fields in Nutrition. They may be taught by visiting specialists when available.
PR: to be determined at the time of offering
4300 Advanced Nutrition is a course in which current controversies and trends in human nutrition are presented and discussed using the scientific literature.
PR: BIOL 3203 or the former BIOL 3200/3201, and either BIOL 311B or Medicine 310B
4301 Nutrition and Disease is a course which addresses the scientific basis for nutritional intervention in chronic human diseases.
PR: BIOL 3203 or the former BIOL 3200/3201, and either BIOL 311B or Medicine 310B
4400 Food Analysis - inactive course.
4502 Techniques in Nutrition Research is a seminar course in which faculty and students will discuss concepts and methods used in the study of nutrition. Students will be responsible for reading and critically assessing recent literature.
PR: BIOL 4301
OR: Honours Nutrition students in their final year or permission of the Head
499A and 499B Dissertation is a two-semester linked course based on independent study of a problem in Biochemistry. The subject of study will be decided in consultation with Faculty advisors and must be approved in advance by the Department, or both Departments in the case of a Joint Honours degree. This dissertation is obligatory for Honours students in Biochemistry. The dissertation will be submitted as a formal written report accompanied by appropriate illustrative material before the end of the third year of the second semester. Before the end of his/her final semester the student will give an oral presentation of his/her research.
LH: 6
CR: the former BIOC 4999
OR: Honours students in their final year or permission of the Head

9.2 Biology
According to the nature of particular courses, the specified number of laboratory hours may consist of some combination of laboratory work, seminars or directed independent study relevant to the practical aspects of the subject matter.

Biology courses are designated by BIOL.
1001 Principles of Biology is an introduction to the science of Biology, including a discussion of the unity, diversity and evolution of living organisms.
LH: 3
UL: credit may be obtained for only 6 1000-level credit hours in Biology
1002 Principles of Biology is an introduction to the science of Biology, including a discussion of the unity, diversity and evolution of living organisms.
LH: 3
UL: credit may be obtained for only 6 1000-level credit hours in Biology
2010 Biology of Plants is a study of the structure, function and reproductive biology of plants, with emphasis on the vascular plants, and on their relationship to environment and human activities.
LH: 3
UL: BIOL 1001 and 1002; Chemistry 1010 or 1050 (or the former Chemistry 1000)
2040 Modern Biology and Human Society I examines various aspects of the human body, and the implications of modern biological research for human beings. Topics include cancer; diet and nutrition and associated diseases; circulatory disease, immunity, human genetics, biorhythms, new diseases, genetic engineering and reproductive engineering.
OR: seminars
UL: not acceptable as one of the required courses for the Minor, Major or Honours programs in Biology
2041 Modern Biology and Human Society II examines the origins and consequences of the environmental crisis of the 20th century. Topics include the population explosion, energy, material cycles, air and water and land pollution, global food supplies, the fisheries, wildlands, renewable and non-renewable resources, environmental ethics.
OR: seminars
UL: not acceptable as one of the required courses for the Minor, Major or Honours programs in Biology
2060 Principles of Cell Biology is a modern view of the biology of eukaryotic cells, organelles and molecules and their interactions in the functioning of living organisms.
CO: Physics 1021 or 1051; Biochemistry 2101
CR: the former BIOL 3060
LH: 3
UL: Physics 1021 or 1051; Biochemistry 2101
PR: BIOL 1001, 1002 and 2250; Chemistry 2440 or 2400
2120 Biology for Students of Earth Sciences is an introduction of the principles of Biology for students in Earth Sciences. Topics will include principles of classification, levels of biological organization, fundamental
characteristics of living organisms and basic concepts in ecology.
CR: BIOL 1001 or 1002
LH: 3
PR: Earth Science major; Earth Sciences 1001 or 1002 or permission of the Head of Department.
UL: may not be used for credit by Biology Majors or Minors

2122 Biology of Invertebrates is a study of the invertebrates with emphasis on structure and function, adaptations and life histories. The laboratories will present a broad survey of the major invertebrate groups.
CR: the former BIOL 3122
LH: 3
PR: BIOL 1001 and 1002

2120 Biology of Vertebrates is a study of the vertebrates, with emphasis on structure and function, adaptations and life histories.
CR: the former BIOL 3210
LH: 3
PR: BIOL 1001 and 1002

2250 Principles of Genetics is an introduction to Mendelian and molecular genetics. Phenotype and genotype, behaviour of alleles in genetic crosses, chromosome theory of inheritance, genetic linkage, molecular biology of DNA, RNA and protein, molecular basis of mutation, recombinant DNA, applications of genetic biotechnology.
CO: Chemistry 2440 or 2400
LH: 3
PR: BIOL 1001 and 1002; Chemistry 1010 and 1011 (or 1050/1051)
PR: Chemistry 2440 or 2400

2600 Principles of Ecology is a conceptual course introducing the principles of ecology, including theoretical, functional and empirical approaches.
CR: the former BIOL 3600
LH: 3
PR: BIOL 1001 and 1002

2900 Principles of Evolution and Systematics is an introduction to the processes and patterns of evolution, and the principles of classification. Natural selection and other microevolutionary processes, variation and adaptation, species and speciation, phylogenetic systematics, reconstruction of phylogeny, macro-evolutionary patterns in the fossil record and their interpretation.
CO: Statistics 2550 (or equivalent)
CR: the former BIOL 3900
LH: 3
PR: BIOL 1001, 1002 and 2250
PR: Statistics 2550 (or equivalent)

3041 Boreal Flora - inactive course.

3050 Introduction to Microbiology is a course in which the basic principles underlying microbial life are studied. Topics include structure, function, bioenergetics and growth with an emphasis on prokaryotes. Also studied are viruses, microbial diseases, introductory principles of immunology and the control of microorganisms. The laboratory sessions provide training in culture and determinative techniques using microorganisms.
LH: 3
PR: BIOL 1001 and 1002; Biochemistry 2101

3052 Food Microbiology - inactive course.

3053 Microbiology for Nurses examines the fundamentals of microbiology with an emphasis on medical microbiology. The course will include topics such as: host responses to infections, human diseases caused by microorganisms, and the control and exploitation of microorganisms.
LH: 2
PR: students admitted to the Bachelor of Nursing (Collaborative) program
UL: not acceptable as one of the required courses for the Minor, Major or Honours programs in Biology, nor is it acceptable for any of the joint programs between Biology and other disciplines

3160 Insect Morphology and Physiology - inactive course.

3202 Comparative Vertebrate Anatomy examines the phylogenetic development and comparative anatomy of the vertebrates.
CR: the former BIOL 3200 or the former BIOL 3201
LH: 3
PR: BIOL 1001 and 1002

3295 Population and Evolutionary Ecology is an introduction to the theory and principles of evolutionary ecology and population dynamics.
CR: the former BIOL 4290
LH: 3
PR: BIOL 2600; at least one of BIOL 2010, 2122 or 2210

3300 Introductory Entomology is a study of the classification and ecology of insects within an evolutionary framework. Topics will include general biological and classical morphological issues surrounding insect taxonomy, evolutionary based higher systematics, and the ecological roles of insects in a variety of ecosystems.
CR: BIOL 4150 and the former BIOL 4140
LH: 3
PR: BIOL 2600. It is recommended that students have completed BIOL 2900.

3401 Comparative Animal Physiology is a comparative study of the basic physiological processes, with special attention paid to those strategies involved by animals which enable them to adapt to environmental changes.
CO: Biochemistry 3106
CR: the former BIOL 4401
LH: 3
PR: BIOL 2060 and 2210
PR: Biochemistry 3106

3402 Principles of Plant Physiology is a consideration of the principles of plant physiology, including water relations, nutrition, metabolism, growth and development.
CO: Biochemistry 3106
CR: the former BIOL 4403
LH: 3
PR: BIOL 2010 and 2060
PR: Biochemistry 3106

3500 Histology is a study of microstructure and ultrastructure of tissues and organ systems in vertebrates, particularly mammals, with emphasis on correlating structure and function.
LH: 3
PR: BIOL 2060 and BIOL 2250 or Biochemistry 2100

3540 Histotechnique - inactive course.

3610 Boreal Ecology is a study of the principal features of terrestrial ecosystems, with emphasis on the boreal region. This course may be offered in a usual 13 week semester or as a two-week field course.
CR: Environmental Science 3131
LC: either three hours of lecture and three hours of laboratory per week or a two week field course that embodies equivalent instructional time
LC: either three hours of lecture and three hours of laboratory per week or a two week field course that embodies equivalent instructional time
PR: BIOL 2010, 2250, 2600 and 2900; Statistics 2550 or equivalent

3620 Aquatic Microbial Ecology is a study of the nature, distribution and activities of microorganisms in the freshwater and marine environments. Field and laboratory work illustrate some of the investigative techniques used in this area of study.
CR: the former BIOL 3603
LH: 3
PR: BIOL 2600 and 3050; Statistics 2550 or equivalent

3640 Environmental Physiology of Animals covers physiological adaptations of animals facilitating their survival in natural environments with emphasis on physiological and biochemical responses of animals to extreme environments. Starting with the fundamental basis of physiological mechanisms, the course explores various aspects and the integration of major physiological processes (metabolism, respiration, excretion) and how these relate to ecological niche.
CR: the former BIOL 3403 or the former BIOL 4455
PR: BIOL 2060 and 2210; Biochemistry 3106
UL: may not be used to fulfill the physiology course requirement for a Biology major, honours or joint honours program.

3709 Field Course in Marine Principles and Techniques begins with a two-week field school immediately prior to the beginning of the Fall Semester. In the Fall Semester there are follow-up lectures, readings and submission of reports. The course is designed to introduce the principal marine environments, organisms and techniques. It is strongly recommended that this course be taken before either BIOL 3710, 3711 or 4810.
PR: BIOL 2060; Statistics 2550 or equivalent and permission of the Head of Department

3710 Biological Oceanography is an introductory course in biotic and abiotic factors controlling marine biomass and primary production, emphasizing plankton and fishes. It introduces students to major groups of marine phytoplankton, zooplankton, and fishes, emphasizing how the physical, chemical, and geological environments interact with biology to define processes and pattern in marine organisms.
LC: either three hours of lecture and three hours of laboratory per week or

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
4180 General Parasitology is an examination of parasitism as a way of life, with emphasis on classification, structural adaptation, life cycles and ecology.

LH: 3
PR: BIOL 2122, 2210 and 2600

4182 Fisheries and Wildlife Parasitology is a study of the important parasites of fish and other wildlife and their impact on both individuals and populations.

LH: 3
PR: BIOL 4180

4200 Immunology is a study of vertebrate and invertebrate immune systems including antigens and antibodies and their reactions.

LH: 3
PR: BIOL 2060 and BIOL 3050

4245 Biophysics is an examination of the physical properties involved in defining diffusion, membrane properties, electrochemical potentials and the processes of bioenergetics within cells and organelles. Selected topics in biomechanics and the functioning of whole organisms with respect to size, shape, support, orientation, transport and motility.

LH: 3
PR: BIOL 2060 and Biochemistry 2101

4250 Evolutionary Genetics has advanced topics in the study of micro and macro-evolutionary phenomena. Genetic variation in natural populations; theory of genetic drift, mutation, migration, inbreeding, and natural selection; neutral theory of molecular evolution, patterns of nucleotide substitution, heritability and quantitative genetics.

LH: 3
PR: BIOL 2250 and 2900

4251 Genomics will have lecture, seminar, and laboratory components. Topics covered will include Technical Foundations of Genomics, Global Gene Expression Profiling, Bioinformatics, Comparative Genomics, Microbial Genomics, Genomics and Medicine, Genomics and Agriculture, Environmental Genomics, and Ethical Issues of Genomics. Each topic will have a lecture component, in which theory and methods will be taught using the textbook and journal articles. Some lecture and lab times will be devoted to seminars on methods and papers related to lecture or laboratory components of the course. In the lab component, students will have the opportunity to use state-of-the-art genomics techniques to address a research question.

LH: 3
OR: seminar
PR: BIOL 2060, 2250

4255 Proteomics is the study of the proteome, the complete set of proteins produced by a species, using the technologies of large-scale protein separation and identification. Proteomics describes how proteins are modified, when and where they are expressed, how they are involved in metabolic pathways and how they interact with one another. Topics covered...
will include Technical Foundations of Proteomics, Global Functional Protein Expression Profiling, Experimental Bioinformatics, Comparative Proteomics, Posttranslational Modification-Specific Proteomics, Proteomics in Medicine, Agriculture, Environmental Proteomics and Proteomics for Quality and Safety of Food.

4270 History of Biology - inactive course.

4306 Applied Biology is an examination of how biological and other sciences are applied to the problems of management and utilization of organisms at both the individual and systems level to meet human needs. CR: the former BIOL 4303 or the former BIOL 4304 PR: BIOL 2060, 2250, 2600, 2900 and one of BIOL 2010, 2122 or 2210

4307 Global Change Biology examines the evolution of biosphere, global role of photosynthesis in oxygen and carbon dioxide balance, glacial-interglacial oscillations, carbon sources and sinks in modern biosphere, greenhouse gas emissions, population dynamics, origin and global impact of agriculture, global changes in Holocene and Anthropocene. LH: 3 PR: BIOL 2600, BIOL 2900 or permission of the instructor

4360 Community and Ecosystem Ecology is a study of the basic principles, patterns and processes of ecological communities and ecosystems. CR: a seminar/discussion group each week OR: 3 hours of seminar/discussion group each week PR: BIOL 2250, 2600 and 2900 and one of BIOL 2010, 2122 or 2210; Statistics 2550 or equivalent

4402 Electron Microscopy in Life Sciences - inactive course.

4404 Microbial Physiology is a study of the structure and growth of microorganisms. Themes covered in this course include the structure, function and regulation of the microbial cellular machinery, the hierarchical regulation of cellular activities, and communication between cells. Quantitative experimental methodology relating to microbial physiology is studied in the laboratory. LH: 3 PR: BIOL 2250 and BIOL 3050

4405 Landscape Ecology is an introduction to the theory and principles of landscape pattern and processes, including issues related to scale, networks, landform and vegetation patterns, species distributions, and natural and human-caused aspects of landscape change. CO: Statistics 2550 or equivalent LH: 3 PR: Statistics 2550 or equivalent PR: BIOL 2600 and 18 credit hours in Biology or permission from the course instructor

4505 Systematics and Biogeography is a study of the geographical distributions of plants and animals with particular reference to temporal and spatial variability and to theories advanced to explain historical and recent distribution patterns. CR: the former Geography 4170 OR: 3 hours of seminar/discussion group each week LH: 3 PR: BIOL 2250, 2600, 2900 and one of BIOL 2010, 2122 or 2210

4510 Distribution Patterns in the Sea - inactive course.

4550 Principles of Endocrinology comprises an introduction to basic concepts concerned with how chemical messages are transmitted and received between cells to coordinate body functions. Hormonal control of adaptation, reproduction, metabolism, growth, digestion, and electrolyte homeostasis will be discussed. Although the endocrinology of invertebrates and lower vertebrates will be mentioned as appropriate, the main emphasis will be on mammalian and human endocrinology at the level of the whole organism. LH: 3 PR: BIOL 3401; Biochemistry 3106

4601 Functional Biology of Fish is an introduction to anatomical, physiological and cellular aspects of selected processes in the life cycle of fishes. PR: BIOL 2060, 2210, and 3401

4605 Quantitative Methods in Biology (same as Statistics 4581 and the former Statistics 4605) is quantitative reasoning using verbal, graphical and statistical models of scaled quantities (units and dimensions). Exploratory and confirmatory analysis of field and laboratory data. Hypothesis testing, including randomization tests. Topics include the general linear model (t-tests, ancova etc.), correlation, autocorrelation, geographic statistics, estimates of population size and multivariate methods. CR: Statistics 4581 and the former Statistics 4605 OR: 3 hours of seminar/discussion group each week LH: 3 PR: Statistics 2550

4620 Ornithology examines structure, classification, evolution, ecology and behaviour of birds, with particular reference to those of economic importance. Identification of the birds of Eastern Canada. LH: 3 PR: BIOL 2210 and 2600

4630 Mammalogy examines evolution, systematics, life histories and distribution of mammals, with particular emphasis on eastern North American forms. LH: 3 PR: BIOL 2210 and 2600

4650 Conservation Biology I: Conservation in Biology and Geography is an examination of how biological and geographical principles can be applied to conserving biological diversity in the natural world under conditions of exploitation and habitat loss. Special emphasis will be given to relevant provincial examples. CR: Environmental Science 4133 OR: 3 hours of seminar/discussion group each week PR: 30 credit hours in either Biology or Geography

4651 Conservation Biology II: Conservation in Practice examines issues relevant to global conservation science. Topics will be covered through a series of modules, including conservation genetics, conservation outcomes and consequences of small populations, effects of anthropogenic activity on biodiversity, spatial dynamics, and the interface between science and society. PR: BIOL 2900, 3295 and 4650

4701 Animal Behaviour II is an examination of the behaviour of animals with particular emphasis on evolution and ecology. Topics include behavioural genetics and evolution, population genetics, social behaviour, habitat selection, territoriality, foraging behaviour, and other topics in biology and psychology. LH: 3 PR: BIOL 3750 or Psychology 3750

4710 Experimental Marine Ecology of Newfoundland Waters is a two-week field course examines the ecology of cold ocean environments, focussing on energy flux through marine pelagic and benthic flora and fauna of Newfoundland waters, and how the dynamics of this environment influence linkages among organisms in different habitats. The course will be field intensive with some lecture component and a strong hands-on field component. Students will identify local organisms and study how and why they vary in time and space. This course will be offered during two weeks of the Spring semester. PR: BIOL 2600

4750 Fisheries Ecology is an application of ecological principles to the problem of managing exploited fish populations. Laboratory exercises will be based on a simulation approach to fisheries problems using computer and animal models. LH: 3 PR: BIOL 2600

4800 Advanced Palaeontology (same as Earth Sciences 4800) is a field, lecture, laboratory and seminar course dealing with selected topics in general and applied palaeontology. Topics include measuring evolution and extinction, population palaeontology, functional morphology, paleoecology, statistical methods for palaeontological studies, and applications in petroleum, mining, and environmental studies. This course is taught and administered by the Department of Earth Sciences. CR: Earth Sciences 4800 LH: 3 PR: Earth Sciences/Biol 3811, and one of Statistics 2510, Statistics 2550 or Mathematics 2000

4810 Research Field Course in Marine Biology will consist of an intensive two-week field school designed to acquaint students with marine field research, experimental design, methodology and data analysis. Emphasis will be placed on individual projects. Projects must be designed and approved prior to the commencement of the course and will involve a written report. At the discretion of the Head of Department, another recognized field course may be substituted for BIOL 4810. PR: BIOL 3710 and any two of BIOL 2010, 2122 or 2210 and permission of the Head of the Department. It is strongly recommended that students take BIOL 3709 before 4810.

4820 Field Course in Terrestrial Biology will begin with a three-week field school immediately prior to the beginning of the Fall Semester. It is designed to acquaint students with terrestrial organisms and environments, and emphasis will be placed on survey and sampling techniques. In the Fall Semester the material and data collected in the field will be used in lecture and laboratory periods dealing with identification, analytical methods, and report compilation. PR: BIOL 2010, 2122, 2210, 2600 and permission of the Head of the Department. It is recommended that students complete BIOL 4605.

4822 Internship in Biology - inactive course.

4910-4920 Special Topics in Biology will be given for senior undergraduates and will be in a two-week format which will involve...
equivalent instruction time as a course on campus. These courses will cover a range of topics in specialized fields in Biology and may be offered at the Bonne Bay Field Station, at the Hrsowx campus or elsewhere as appropriate. They may be taught by visiting specialists when available.

499A and 499B Honours Dissertation is available only to students in the Honours Program. Requirements for the Dissertation are outlined under Honours Degrees.

PR: admission to the Honours Program

9.3 Chemistry

Chemistry courses are designated by CHEM.

1010 Introductory Chemistry I examines descriptive chemistry; atomic structure; chemical bonding; periodicity illustrated by the chemistry of selected elements; mole concept and stoichiometry; physical properties of matter; energetics; rates of reaction; chemical equilibrium; electrochemistry. AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

LC: 4
LH: 3
PR: CHEM 1010
UL: only 6 science credit hours will be awarded for a major or honours in Chemistry from the following course groups: CHEM 1010/1011/1031, or the former CHEM 1800/1200/1001 (Grenfell Campus)

1011 Introductory Chemistry II examines descriptive chemistry; atomic structure; chemical bonding; periodicity illustrated by the chemistry of selected elements; mole concept and stoichiometry; physical properties of matter; energetics; rates of reaction; chemical equilibrium; electrochemistry. AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

LC: 4
LH: 3
PR: CHEM 1010
UL: only 6 science credit hours will be awarded for a major or honours in Chemistry from the following course groups: CHEM 1010/1011/1031, or the former CHEM 1800/1200/1001 (Grenfell Campus)

1031 Introductory Chemistry III (F) & (I) prepares students who have completed CHEM 1010 and 1011 for CHEM 2120, 2210, 2301, 2302 and 2400. It augments the topics covered in CHEM 1010 and 1011 with the greater depth and problem solving emphasis of CHEM 1050 and 1051.

AR: attendance is required in the laboratory component of this course.

Failure to attend may result in a failing grade or deregistration from the course.

LC: 4
LH: 3
PR: CHEM 1011 and Mathematics 1000
UL: only 6 science credit hours will be awarded for a major or honours in Chemistry from the following course groups: CHEM 1010/1011/1031, or the former CHEM 1800/1200/1001 (Grenfell Campus)

1050 General Chemistry I has topics that will be similar to CHEM 1010/1011 but will be treated in greater depth with an emphasis on problem solving.

AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

LC: 4
LH: 3
PR: at least 75% in high school CHEM 3202 and successful completion of high school Advanced Mathematics 3202 and Mathematics 1000 which may be taken concurrently with CHEM 1050.
UL: only 6 science credit hours will be awarded for a major or honours in Chemistry from the following course groups: CHEM 1010/1011/1031, or the former CHEM 1800/1200/1001 (Grenfell Campus)

1051 General Chemistry II has topics that will be similar to 1010/1011 but will be treated in greater depth with an emphasis on problem solving.

AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

LC: 4
LH: 3
PR: CHEM 1050 and Mathematics 1000
UL: only 6 science credit hours will be awarded for a major or honours in Chemistry from the following course groups: CHEM 1010/1011/1031, or the former CHEM 1800/1200/1001 (Grenfell Campus)

2100 Analytical Chemistry (F) & (W) (same as the former CHEM 3100) is an introduction to analytical chemistry and includes preparation of samples and standards, calibration methods, statistical treatment of data, spectrophotometric trace analysis, gravimetric analysis and volumetric analysis including acid-based titrations, precipitation titrations, oxidation-reduction titrations, complexometric titrations and titrations in non-aqueous systems. Also introduced are liquid-liquid and other types of extraction, and chromatography with key methods of detection. Theoretical, practical and problem-solving aspects are covered.

AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

CR: the former CHEM 3100
LH: 3
PR: CHEM 1051 (or 1001 or 1031) with a grade of at least 60%

2210 Introductory Inorganic Chemistry (W) studies the chemistry of selected s, p, and d block elements. Introduction to crystal and molecular structures and to orbital and crystal field theories.

AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

LH: 3
PR: CHEM 1051 (or 1001 or 1031), Mathematics 1000

2301 Thermodynamics and Kinetics (F) builds upon knowledge of physical chemistry from first year. It covers the three laws of thermodynamics for ideal and real systems as well as chemical kinetics. Topics in thermodynamics include the thermodynamics of ideal and real gases, phases, and solutions, the Maxwell relations, equilibria between phases, and in electrolyte solutions. The integrated rate laws for simple and complex mechanisms, and the temperature dependence of reaction rates in terms of kinetic molecular theory are some of the topics discussed in the kinetics section of the course.

AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

CO: Mathematics 2000 is recommended
CR: CHEM 2300 (offered at Grenfell Campus)
LH: 3
PR: minimum 60% in CHEM 1051 (or CHEM 1001 or CHEM 1031), Mathematics 1001 and Physics 1051 or Physics 1021

2302 Quantum Chemistry and Spectroscopy (W) examines the quantum mechanics of simple systems such as the particle in a box, the harmonic oscillator, linear rotor, and hydrogen-like atoms. Topics also include orbital quantum numbers, spin, many electron atoms, an introduction to quantum mechanical methods, the electronic structures of molecules, bonding, and symmetry. Furthermore, electronic, rotational, and vibrational spectroscopy will be discussed as well as modern applications of spectroscopy and lasers.

AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

CO: Mathematics 2000 is recommended
CR: the former CHEM 3301
LH: 3
PR: minimum 60% in CHEM 1051 (or CHEM 1001 or CHEM 1031), Mathematics 1001 and Physics 1051 or Physics 1021

2400 Introductory Organic Chemistry I (F) is a course on bonding involving carbon; conformations and stereochemistry; introduction to functional groups and nomenclature; properties, syntheses and reactions of hydrocarbons, alkyl halides and alcohols.

AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

CR: the former CHEM 2420, 2440 and the former 2402/B
LH: 3
PR: CHEM 1051 or 1031; or CHEM 1010 and 1011 with a grade of at least 80% in each; or CHEM 1010 with a grade of at least 85%; or CHEM 1001 with a grade of at least 65%

2401 Introductory Organic Chemistry II (W) is an introduction to the interpretation of infrared, H and C-13 NMR spectra; properties, syntheses and reactions of ethers, simple aromatic compounds, ketones, aldehydes, amines, carboxylic acids and their derivatives; alcohols and related reactions.

AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

CR: the former CHEM 2420, 2440, and the former 2402/B
LH: 3
PR: CHEM 1051 or 1031; or CHEM 1010 and 1011 with a grade of at least 80% in each; or CHEM 1010 with a grade of at least 85%; or CHEM 1001 with a grade of at least 65%

2440 Organic Chemistry for Biologists (F) & (W) is an introduction to the principles of organic chemistry with an emphasis on material relevant to biological molecules. The laboratory will introduce techniques and illustrate concepts covered in the course. This course is designed primarily for Biology Majors.

AR: attendance is required in the laboratory component of this course. Failure to attend may result in a failing grade or deregistration from the course.

CR: CHEM 2400, the former 2420, the former 2402/B
LH: 3
PR: CHEM 1011 (or 1001 or 1051)
UL: may not be used for credit by Chemistry or Biochemistry Majors and is not a prerequisite for any other Chemistry course.

3110 Analytical Chemistry II (F) (same as the former CHEM 4110) builds upon knowledge from CHEM 2100 (Analytical Chemistry I) and applies it to a more advanced level of instrumental quantitative analysis. The course examines error treatment, atomic emission and absorption spectroscopy, gas and liquid chromatography, capillary electrophoresis and supercritical fluid chromatography and extraction techniques. Electrospray, electrospray, and thermogravimetric analysis, molecular and atomic mass spectrometry, x-ray spectroscopy, ion and electron spectroscopy, surface analysis techniques and thermogravimetric analysis.
AR: attendance is required in the laboratory component of this course.
Failure to attend may result in a failing grade or deregistration from the course.
CR: the former CHEM 4110, the former CHEM 4101, or the former CHEM 4110
LH: 3
PR: CHEM 2100 or the former CHEM 3100

3210 Main Group and Materials Chemistry (F) is a detailed examination of the chemistry of the s and p block elements and modern applications of inorganic chemistry. Emphasis will be placed on electronic, vibrational and rotational spectroscopy, nuclear magnetic resonance spectroscopy and mass spectrometry. The applications of spectroscopic methods to the determination of molecular structure, is a course which examines electronic excited states in transition metal complexes. Applications to artificial photosynthesis, photodynamic therapy, molecular switches and detectors.
Failure to attend may result in a failing grade or deregistration from the course.
AR: attendance is required in the laboratory component of this course.
Failure to attend may result in a failing grade or deregistration from the course.
CR: the former CHEM 4101
LH: not more than 6 hours per week
PR: CHEM 3110 or the former CHEM 4101 or the former CHEM 4110

4151 Analytical Separations and Organic Mass Spectrometry examines advances in the traditional chromatographic techniques, the development of new analytical tools in separation science, the interfacing of mass spectrometers to chromatographic instruments, and other mass spectrometric techniques.
AR: attendance is required in the laboratory component of this course.
Failure to attend may result in a failing grade or deregistration from the course.
LC: not more than 6 hours per week
LH: not more than 6 hours per week
PR: CHEM 3110 or the former CHEM 4110 or the former CHEM 4101 or the former CHEM 4110

4152 Electroanalytical Techniques examines the principles and theory of dynamic electrochemistry, voltammetry, stripping analysis, electro-chemical sensors and detectors.
AR: attendance is required in the laboratory component of this course.
Failure to attend may result in a failing grade or deregistration from the course.
LC: not more than 6 hours per week
LH: not more than 6 hours per week
PR: CHEM 3110 or the former CHEM 4101 or the former CHEM 4110 or the former CHEM 4110

4201 Coordination Chemistry in Biological Molecules - Structural, Mechanistic and Magnetic Studies examines the role of certain transition elements e.g. iron, copper, cobalt, and zinc, in proteins and enzymes will be discussed in terms of structural features, the natural ligands, magnetic properties, mechanisms, etc., and reinforced with examples of ‘model compounds’. Magnetic theory, in particular for polynuclear transition metal complexes, will also be developed.
AR: CHEM 3211
PR: CHEM 3111

4202 Selected Topics in Main Group Chemistry - inactive course.

4203 Organometallic Chemistry is principles and applications of organometallic chemistry with emphasis on compounds of the transition metals, lanthanides, and actinides. A study of synthetic methods, structure, bonding, reactions and applications of these concepts to organic synthesis and to catalysis.
AR: CHEM 3211

4204 Inorganic Reaction Mechanisms and Catalysis is a survey of inorganic and organometallic reactions, their mechanisms and kinetic characteristics. In addition, stereochemical non-rigidity, reactions of coordinated ligands and homogeneous catalysis are discussed.
AR: CHEM 3211

4305 Photochemistry of Transition Metal Complexes is an introduction to the theory of electronic excited states in transition metal complexes. Applications to artificial photosynthesis, photodynamic therapy, molecular photovoltaics and molecular electronics.
AR: CHEM 3211 and CHEM 3202
PR: CHEM 3211 and the former CHEM 3301 or CHEM 2302

4303 Equilibrium Statistical Mechanics is a course which examines probability theory, ensembles, and quantum statistical thermodynamics of ideal gases, perfect crystals, metals and radiation. Semiclasical statistical thermodynamics, distribution functions, as well as dense gases and liquids are also discussed.
AR: the former CHEM 4301 or the former CHEM 4302
LH: 3
PR: CHEM 3303 or the former CHEM 3301

4304 Advanced Quantum Chemistry examines exact solutions to the Schrodinger equation, introduction to approximate methods, modern methods (wavefunction and density functional theories), spectroscopy, and applications of computational chemistry.
AR: CHEM 4300
PR: CHEM 2302 (or the former CHEM 3301) and Mathematics 3260. Due to the requirement of Mathematics 3260, students wishing to take this course should plan ahead.

4350 Advanced Physical Chemistry III: Selected Topics in Physical Chemistry (W) - inactive course.

4411 Topics in Medicinal Chemistry - inactive course.

4420 Physical Organic Chemistry (F) is an introduction to the quantitative and qualitative theories of reactions and reactivity and their application to organic reaction mechanisms and to mechanism elucidation.
AR: the former CHEM 4400 and the former CHEM 4401
PR: CHEM 2302 or the former CHEM 3301, and CHEM 4411 or the former CHEM 3401.
CHEM 3500 is strongly recommended.

4430 Synthetic Organic Chemistry II (W) examines modern synthetic methods with particular attention placed on the synthesis of enantiomERICALLY enriched compounds and newer methods for the formation of carbon-carbon bonds. Designing syntheses of complex organic molecules.
AR: the former CHEM 4410
490A/B Honours Research in Chemistry is available only to students in Chemistry Honours or Chemistry Joint Honours Programs. These courses are normally single-semester, linked courses, based on independent research carried out under the supervision of a faculty member in the Department of Chemistry. Research undertaken for these courses must have a clear disconnect from any research previously conducted. These courses are mandatory for Honours Chemistry students. A grade of pass in 490A is required to proceed to 490B. A written thesis is to be handed in by the end of the course. 490A and 490B are to be taken in the Fall and Winter semesters in the same academic year.

CH: 6
PR: admission to the Honours Chemistry Program or Chemistry Joint Honours Program and honours standing
UL: may be taken by students not in an Honours program or without Honours standing with the permission of the Head of the Department and a research supervisor.

9.4 Computer Science

Computer Science courses are designated by COMP.

9.4.1 First Year Courses

1510 An Introduction to Programming for Scientific Computing (F) & (W) introduces students to basic programming in the context of numerical methods with the goal of providing the foundation necessary to handle larger scientific programming projects. Numerical methods and techniques to solve selected problems from Physics, Chemistry, and Mathematics will be covered.

CR: COMP 2602, the former Mathematics 2120
LH: 2
PR: Mathematics 1000

1600 Basic Computing and Information Technology (F) & (W) offers an overview of computers and information technology. It provides students with the knowledge necessary to answer questions, such as: What is a computer system? How does it work? How is it used? This is done through the use of popular spreadsheet, word processing and database software packages and the Internet. Social issues and implications will also be included. Prerequisite: Level III Advanced Mathematics or Mathematics 1090, which can be taken concurrently.

CR: COMP 2650 or COMP 2801
LH: 3

1700 Introduction to Computer Science (F) & (W) lays the foundation for the art and the science of computing. The course contains fundamental and topical issues in computers, languages, programming and applications. This course is designed for potential Computer Science majors without a background in programming, but is also available for non-majors.

CO: Mathematics 1090 (or equivalent), or Mathematics 1000
PR: Mathematics 1090 (or equivalent), or Mathematics 1000

1710 Object-Oriented Programming I (F) & (W) is an introduction to fundamental programming techniques, primitive data types and operations, program control structures and the use of objects, classes and methods.

CO: Mathematics 1000
PR: If previously completed or currently registered for COMP 2710
LH: 3
PR: Mathematics 1000 (which can be taken concurrently), or Mathematics 1090 (or equivalent)

9.4.2 Second Year Courses

2000 Collaborative and Emergent Behaviour is a survey of computation as a means of understanding, modelling, and describing artificial and natural systems. The emergence of complex behaviour from the interaction of simple rules governing individual components is illustrated and discussed, as well as the role of communication between system components. Selected systems to be studied will be drawn from different topic areas which may include the worldwide web, the mind (cognitive science), formal logic, autonomous robotics, chaos and fractals, and bioinformatics. Each topic will incorporate an associated laboratory experience.

LH: 3 hours bi-weekly

2500 Data Analysis with Scripting Languages (F) & (W) introduces the use of scripting languages to solve common data analysis tasks. The control structures and expressions of the language are first discussed. Script solution to storing/retrieving data sets, searching data sets, and performing numeric and statistical calculation are covered. Plotting and visualization for data sets are also presented.

PR: COMP 1510 or COMP 1700 or COMP 1710 or COMP 2602 (or equivalent)

2602 Computer Programming in FORTRAN (F) is a study of algorithmic problem solving and structured programming techniques; the Fortran programming language and its application to computer solutions of scientific problems; numeric and non-numeric problems are examined with emphasis on code modularity and reusability of the components.

CR: COMP 1510
PR: Mathematics 1000

2650 Problem-Solving with Personal Computers (F) & (W) is an overview of tools and techniques that current computer technology offers in a PC environment. The emphases are on conceptual understanding of the software, from exploring capabilities of the existing software tools to learning methods of extending these capabilities. The key topics include problem-solving strategies, visual programming, macro-language operations, object linking and embedding, digital communities, and developing interactive web pages. The course has a practical flavour. In structured laboratory sessions, students gain proficiency in using personal computer tools to solve common problems.

CO: Mathematics 1000
CR: COMP 1600, COMP 2801, or the former Business 2700
PR: Level III Advanced Mathematics or Mathematics 1000 or Mathematics 1090 (or equivalent)

2710 Object-Oriented Programming II (F) & (W) continues from Object-Oriented Programming I, and studies object-oriented and event-driven programming. Additional topics include: recursion, basic analysis of algorithms, fundamental data structures such as simple linked structures and fundamental algorithms such as binary search and quadratic time sorting. A brief overview of programming languages, virtual machines and language translations is also provided.

CR: COMP 1710

2711 Introduction to Algorithms and Data Structures (F) & (W) covers the study of standard ways of organizing and manipulating data in computer storage. Fundamental concepts in the design and analysis of algorithms are also discussed.

LH: 3
PR: COMP 2710. It is recommended that students complete COMP 2742 prior to registering for COMP 2711

2742 Logic for Computer Science (F) & (W) is an introduction to propositional and predicate logic with applications. The use of the system of boolean logic in reasoning and circuit design, as well as basic proof techniques, and the resolution principle, for both propositional and predicate logic will be covered. Concepts involving sets will be used to illustrate different types of proof techniques. The probable intractability of boolean logic and Goedel's incompleteness theorem will be presented.

PR: COMP 1710

2752 Introduction to Business Data Processing (F) - inactive course.

2760 Encountering the Computer: Society and the Individual (F) & (W) examines social, ethical, legal and cultural issues surrounding the use of computers in modern society. These broader social issues are followed by an examination of the use of social and individual psychology in user interface design. Students will be expected to demonstrate an understanding of these issues both directly (through verbal and written discourse) and practically, as applied to the creation of actual software artifacts.

CO: COMP 2710
PR: two 1000-level English courses, or equivalent

2801 Introductory Computing for Business (F) & (W) introduces students to computer applications in business, document processing, application development, decision support, and information management. A three hour laboratory is required.

CO: Mathematics 1000
CR: COMP 1600, COMP 2650, or Business 2700
PR: Level III Advanced Mathematics or Mathematics 1000 or Mathematics 1090 (or equivalent)

9.4.3 Third Year Courses

3700 Industrial Experience (F), (W), (S) is a course for students who are admitted to CIIO. Students are required to register for this non-credit course every semester during their internship. This course is open only to students who have been accepted into the Internship Program and provides an opportunity for qualified students to obtain rewarding job experience of 8, 12 or 16 months of continuous duration, during the course of their studies.

CR: 0
PR: admission to the Computer Industry Internship Option (CIIO)

3710 Vocational Languages (W) is a study of several programming languages of vocational significance (e.g. a selection from C, C++, Prolog, Perl, Python and LISP). The use of appropriate programming paradigms to solve some significant problems.

PR: COMP 2711

3714 Programming Languages and their Processors (F) & (W) reviews typical elements of (imperative) programming languages, and then
discusses language implementation in the form of compilers and interpreters. The topics include specification of syntax and semantics of programming languages, discussion of expressions and assignments, side effects, control structures, data and procedural abstractions, parameter passing mechanisms, bindings, scopes, and type systems. The recursive-descent technique is used for illustrations of different aspects of syntax analysis, data generation and error recovery. Language interpreters are discussed for both low-level and high-level languages.

PR: COMP 3719 and 3724

3716 Software Methodology (F) & (W) studies the development of software by gathering the requirements of the software program, analysing the requirements to create a development model, and creating the software and documents for the software product. This course studies techniques for all three software development activities.

PR: COMP 3711

3717 Symbolic Computation and Recursion (W) - inactive course.

3718 Programming in the Small (F) demonstrates the tools and techniques used in the construction of small software systems. The software tools and techniques to be covered include analysis and design of software components, software construction tools (e.g. linkers, builders, debuggers), software library use and design, and system integration.

PR: COMP 2711 and Mathematics 2320

3719 Theory of Computation and Algorithms (F) & (W) is an introduction to formal problem solving. Various algorithm design techniques that sometimes yield efficient solutions are studied. Deterministic and nondeterministic machines (finite state automata, pushdown automata and Turing machines) are discussed and used to efficiently solve problems such as the String Matching Problem, the parsing of Context-free Languages, and to introduce the theory of NP-completeness. In addition, Turing machines are used to prove the unsolvability of certain problems.tractable, intractable and undecidable problems are contrasted. Basic issues related to parallelization are discussed as well.

CR: the former COMP 3711 and the former COMP 3740

3723 Logic Design (F) - inactive course.

3724 Computer Organization (F) & (W) can be studied at the digital logic implementation level, the instruction set architecture level, and the translation of programming languages to the underlying machine instruction level. This course studies computer organization at these levels.

CO: Mathematics 2320

PR: COMP 2711 and COMP 2742

3725 Computer Architecture and Operating Systems (F) & (W) covers system design and the architectural implementations of these designs. The objective is to develop the basic concepts of processor design, memory management, operating systems, and I/O devices and their interactions.

PR: COMP 3724

3731 Introduction to Scientific Computing (W) main objectives are the development of algorithms for the numerical solution of mathematical problems and the study of the numerical stability of these algorithms. The efficiency of these algorithms with respect to speed and storage requirements is considered as well. Emphasis is also placed on the study of the sensitivity of selected problems to perturbations in the data. There is also a brief introduction to the development of numerical algorithms that take advantage of advanced computer architectures, such as pipeline processors, array processors and parallel processors.

CR: Mathematics 3182

PR: Mathematics 2050 and Mathematics 2055, and one of COMP 2602 or COMP 2710

3751 Computational Aspects of Operations Research (W) - inactive course.

3753 Computational Aspects of Linear Programming (F) is an introduction to the Linear Programming Problem (LPP). The emphasis is placed upon developing the most recent and numerically reliable algorithms for the solution of the Linear Programming Problem. The numerical stability of these algorithms will be examined. Geometric underpinnings of the LPP. Simplex method for the LPP. Sparse matrix LPP. Duality and postoptimality analysis. Extensions to the simplex algorithm. Principles of interval computation for the LPP.

PR: Mathematics 2050, and one of COMP 2602 or 2710

3754 Introduction to Information and Intelligent Systems (F) & (W) introduces students to application areas that are away from usual number-based and text-based processing. Students will learn the basic concepts and become aware of the historical developments and social and ethical issues related to the application areas such as intelligent systems and information management. This exposure will help students to become knowledgeable about managing large volumes of data and dealing with problems that are well defined but whose algorithmic solutions are not feasible or problems which are fuzzy defined.

PR: COMP 2711 and COMP 2742

3790 Directed Readings - inactive course.

9.4.4 Fourth Year Courses

4711 Structure of Programming Languages covers programming language design considerations; syntactic and semantic structures; survey of typical features and operations; analysis of facilities for control and data structuring; language extensibility; execution models; formal specification of programming languages.

PR: COMP 3719 and COMP 3724

4712 Compiler Construction studies properties of formal grammars and languages; syntax-directed parsing and code generation; top-down and bottom-up parsing methods; LL(1) and LR(k) grammars and parsers; Code optimization; compiler writing tools.

PR: COMP 3719 and COMP 3724

4715 and 4717 Special Topics in Programming Languages

4718 Survey of Software Engineering surveys the major topics of software engineering. Areas covered include: requirements capture, system design and design approaches, verification and validation (including formal methods and testing), and management of the software development process.

PR: COMP 3716

4719 Software Specification - inactive course.

4721 Operating Systems studies the design and implementation of an operating system’s kernel. The main components used in operating system implementations include: context switches, process management, memory management, interprocess communication, file systems and system calls. The data structures and algorithms used in implementing the above components are studied. The different architectural styles of kernel implementation are also considered. Real-time operating systems are also discussed.

CR: Engineering 8894

PR: COMP 3725

4723 Introduction to Microprocessors examines the architecture and instruction sets for several microprocessors. The use of microprocessors as device controllers; comparisons of hardware and programmed techniques; microprocessor interfacing with external devices; methods of I/O; bus structures; modern microprocessor support devices are discussed.

CR: Minimum of three hours per week. Practical experience with basic principles will be obtained through laboratory experience.

PR: COMP 3724

4725 Introduction to LSI Design - inactive course.

4726-4729 Special Topics in Computer Systems

4734 Matrix Computations and Applications is an introduction to linear algebra; solution to linear systems; scaling, improving and estimating accuracy; the linear least squares problem; the eigenvalue problem; singular value decomposition of a matrix; the generalized eigenvalue problem.

PR: COMP 3731

4735 Advanced Matrix Computations and Applications - inactive course.

4736-4739 Special Topics in Numerical Computations

4740 Design and Analysis of Algorithms will give an overview of techniques for the design of efficient optimal-solution and heuristic algorithms. It will include an introduction to various advanced data structures for set and string processing that are used to further optimize algorithm efficiency.

PR: COMP 3719

4741 Formal Languages and Computability is an in-depth study of formal methods and their associated languages. Emphasis is placed on computability and other formalisms, such as lambda calculus will be studied as well.

CR: the former COMP 3740

PR: COMP 3719

4742 Computational Complexity is an in-depth discussion of computational complexity theory. Topics covered in the course include: models of computation (for both serial and parallel computations); complexity measures; reducibility; complexity classes (NP, PSPACE, NC, LOGSPACE and P); and randomized computations.

PR: COMP 3719

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
4743 Graph Algorithms and Combinatorial Optimization discusses classical problems in combinatorial optimization and graph algorithms, including matching, colorability, independent sets, isomorphism, network flows and scheduling. Special families of graphs are discussed and algorithms that would otherwise be NP-hard or complete are shown to be polynomial time when restricted to such families.
PR: COMP 3719

4745-4749 (Excluding 4748) Special Topics in Theoretical Aspects

4748 Introduction to the Science of Complexity is an exploration of the use of computers in the simulation of complex systems. Some theories and models, such as cellular automata, artificial life, fractals, genetic algorithms, chaos, and evolution will be discussed and will be used in the modelling of "real-life" systems. The approach in this course is practical. Students have to write a number of programs of different levels of sophistication including a final project.
PR: COMP 3719

4751 Computer Graphics examines display devices, display processors, display file compilers, display transformations, structured display files, graphical input devices, perspective, hidden line elimination, languages and graphics systems.
LH: 3
PR: COMP 3719 and Mathematics 2050

4752 Introduction to Computational Intelligence provides an introduction to four of the fundamental computational intelligence methods: artificial neural networks, evolutionary computation, swarm intelligence and fuzzy systems. The integration of these techniques for problem solving will also be introduced.
PR: COMP 3719 and COMP 3754

4753 Artificial Intelligence has selected topics from AI programming languages; heuristic searching; problem solving; game-playing; knowledge representation; knowledge-based systems; reasoning in uncertainty situations; planning; natural language understanding; pattern recognition; computer vision; and machine learning.
PR: COMP 3719 and 3754

4754 Database Systems introduces students to database processing, database management systems and database design considerations. It will cover the theory and methodologies essential for the relational database design, implementation, manipulation, optimization and management.
PR: COMP 3725 and 3754

4756 Image Processing will centre on the key analytical and algorithmic tools and concepts of digital image processing. Topics will include transformations, enhancement, encoding, data bases, segmentation and description.
LH: 3
PR: COMP 3719

4759 Computer Networks looks at how the operation of computer networks requires the following: a) communication between two computers, b) information transfer between two computers not directly connected, and c) services that need computer communication. This course focuses on the standard solutions and services used to fulfill the previous requirements. These include: physical transmission of signals, reliable communication based on unreliable communication channels, the routing of messages between connected computers to reach computers that are not directly connected, e-mail, file transfer, name servers, remote terminal access and the World Wide Web. Particular attention will be placed on the workings of the Internet.
PR: COMP 3715 and COMP 3725

9.5 Earth Sciences

The first digit of each course number designates the level (year) of the course. The second digit indicates the area of Earth Sciences into which the course best fits, as follows:

Second Digit
0 - mineralogy and petrology
1 - geophysics
2 - economic geology
3 - stratigraphy and marine geology
4 - structural geology and tectonics
5 - geochemistry
6 - technical fields and petroleum geology
7 - sedimentation, geomorphology
8 - paleontology
9 - general and dissertation

Earth Sciences courses are designated by EASC.
9.5.1 First Year

1000 Earth Systems is a survey of the structure, function and interrelations of Earth's lithosphere, hydrosphere, atmosphere and biosphere. Topics include an exploration of the physical and chemical properties of planetary materials, forces driving and sustaining Earth systems, and biological modifications (including humankind) on the Earth today.

1001 Evolution of Earth Systems - inactive course.

1002 Concepts and Methods in Earth Sciences provides an introduction to a broad range of Earth concepts concerning the development of the geological record and the Earth; practical methods for collection of field based data; topics in map interpretation and geometric analysis, stratigraphy, sedimentary structure and petrology. The course is presented with an emphasis on the development of practical skills needed to pursue a career in Earth Sciences.

1030 Techniques in Crystalline Geology provides an introduction to the fundamental structure and composition of sediments with a focus on depositional processes and resulting sedimentary structures. Study of environments of deposition and the stratigraphic framework of sedimentary successions. Laboratories include local field trips and the study of hand samples of sedimentary rocks.

2005 Introduction to Geological Mapping (F) is based on approximately six days of geological mapping in Precambrian rocks near St. John's, and two days of in-class work preparing a digital map and written report. Emphasis is placed on the recognition and description of sedimentary and igneous rocks in the field, and techniques of geological mapping and the taking of field notes. This course will be given during a special session immediately preceding the fall semester.

2905 The Earth's Energy Resources: Past, Present and Future (F) (formerly Geology 2414 and EASC 2414) provides a scientific analysis of the Earth's energy resources. The history of human exploitation of them; consequences for quality of life, and political and economic power; scenarios are then given. This course is designed for students taking Earth Sciences as an elective subject. This course complements traditional disciplines such as history, economics, and political science and should be of particular interest to teachers.

2915 The Earth's Material Resources: Past, Present and Future (W) - inactive course.

2916 Natural Hazards on a Dynamic Earth (W) describes the surface of the Earth in a constant state of change, thereby posing risks and challenges for society. An understanding of geological processes in the past and present provides context for evaluating risks related to earthquakes, volcanic activity and mass movements, challenges related to water resources, land-use planning and waste disposal, and the background to interdisciplinary issues and consequences of climate change. This course will provide a broad perspective on contemporary issues facing society. This course is designed for students taking Earth Sciences as an elective subject. This course complements traditional disciplines such as history, economics, and political science and should be of particular interest to teachers.

2918 Earth's Story is an overview of Earth's dynamic past of episodes of supercontinent collision and breakup, massive flooding, global warming and freezing, magnetic field reversals and continents travelling over large distances. The evolution of life is tied to this history and has had equally dramatic turns of rich growth and catastrophic extinction. Discussion will be based on Canadian geology and includes an introduction to techniques used to decipher the rock record.

2919 Gems: the science and politics introduces students to precious and semi-precious stones both from the perspective of their nature and origin and from the perspectives of geography and the socio-political issues of mining, recovery, trade and cartels. The techniques used to enhance, fake and imitate gems and the techniques used to detect fraudulent "gems" will be discussed. The course will include discussions of the diamond fields of Canada and consideration of some famous gems. This course is designed for students taking Earth Sciences as an elective subject. This course complements traditional disciplines such as history, economics, and political science and should be of particular interest to teachers.

3000 Science of Materials Science provides a review of elementary crystallography, introduction to space groups and crystal structures, bonding, and the properties of metals, semiconductors and insulators. Crystallographic aspects of order-disorder, solid solution and mixing. Crystal growth, chemical zoning and diffusion. Phase changes in the solid state (melting, sublimation, polymorphism and polytypism). Students will be introduced to the techniques used to study solids (X-ray diffraction, scanning and transmission electron microscopy, electron-microprobe analysis, luminescence, and computer simulation). Laboratory work will emphasize practical skills using these techniques, such as treating and polishing minerals, ceramics, semiconductors, metals and glass, making the course

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
suitable for Earth Scientists, Engineers, Chemists and Physicists.

**3054 High-Temperature Geochemistry and Igneous Petrology (F)** is an integrated course dealing with the geochemistry, origin and classification of igneous rocks. Topics include trace element geochemistry; physical properties of magmas, physical and chemical processes in magma chambers (fractional crystallization, differentiation, assimilation and partial melting); phase equilibria and application to magmas, petrology of the mantle, and igneous rocks of specific tectonic settings (oceanic lithosphere, continental margins, continental lithosphere). Laboratories include geochemical calculations and examination of rock samples and thin sections.

CR: the former EASC 3053 in combination with the former 2503

**3055 Thermodynamics and Metamorphic Petrology (W)** is an integrated course dealing with the geochemistry, origin and classification of metamorphic rocks. Topics include thermodynamic background and kinetics (transfer of mass and energy in geochemical systems of the Earth's interior, thermodynamic laws, phase equilibria, solid-solid reactions, reaction rates); metamorphic mineral assemblages and textures of common metamorphic rocks. Laboratories include thermodynamic and phase diagram problems, hand specimen and thin sections.

CR: the former EASC 3053 in combination with the former 2503

**3170 Exploration Geophysics I (W)** examines fundamentals of seismic energy transmission in the Earth; basic methods in seismic exploration - data acquisition, processing and interpretation for refraction and reflection surveys; fundamentals of gravity and magnetic data acquisition, processing and interpretation; introduction to gravity and magnetic modelling.

CO: EASC 2905

LH: 3

PR: EASC 2905, Physics 1051 (or 1021 or 1054); Mathematics 1001; Mathematics 2000 or Statistics 2510.

**3172 Exploration Geophysics II (F)** is an introduction to electrical and electromagnetic methods in geophysics applied in mineral exploration, petroleum exploration, and environmental studies, and examples of application of various techniques; use of data processing and modelling techniques in interpretation; introduction to radiometric methods used in mineral and petroleum exploration.

CO: EASC 2905

LH: 3

PR: EASC 2905, Physics 1051 (or 1021 or 1054); Mathematics 1001; Mathematics 2000 or Statistics 2510.

**3179 Geophysical Analysis** covers Vector Calculus: curvilinear coordinates, line, surface and volume integration; integral theorems; the derivation and application of geophysically important partial differential equations - Laplace's equation to the Earth's gravity and magnetic fields, the diffusion equation to the Earth's heat flow, and the wave equation to electrical and seismological phenomena of geophysical usage; Legendre functions; Fourier analysis in geophysics. The laboratory component will familiarize the student with practical applications of the tools discussed.

LH: 3

PR: Mathematics 2000; Physics 2055 and 2820

**3210 Economic Mineral Deposits (W)** is an introduction to the study of mineral deposits and definition of the basic physio-chemical parameters of ore formation. The course involves a systematic review of genetic models for the formation of mineral deposits, and links these models to a common theme of the relationship between lithosphere-hydrosphere-biosphere interactions and metallogeny. Laboratory exercises involve examination of representative subsets of samples from different types of metallic mineral deposits and provide an introduction to the use of reflected light microscopy.

LH: 3

PR: either EASC 2031, 2502 and 2905; or EASC 2031 and Chemistry 3211; or Engineering 3610 and the former Engineering 3205

**3420 Global Tectonic Processes** examines how horizontal and vertical motions of the Earth's surface are influenced by heat and mass transfer within its interior. Surface motions are described qualitatively and quantitatively within the framework of plate tectonics, and used to identify major controls on the igneous, metamorphic and sedimentary rock records. Laboratory exercises emphasize geologic and geophysical applications of the material developed in lectures.

CR: the former EASC 2070, 2161, 2400 and 4901

LH: 3

PR: EASC 2031, 2401, 2502, 2702, Mathematics 1000 and 1001, Physics 1021 or 1051

**3600 Environmental Geology (F)** examines the application of basic concepts and fundamental principles of geochemistry in evaluating natural and human-induced change through time on the interaction of the Earth's atmosphere, hydrosphere, biosphere and lithosphere; includes the effects of contaminants on global change. Laboratory time will be used for short field-based studies and for exercises examining the effects of contaminants on global change.

LH: 3

PR: either EASC 2502; or EASC 1000, Chemistry 2210 and Chemistry 2300

**3611 Engineering Geology (W)** - inactive course.

**3702 Lithification, Diagenesis and Sedimentary Rock Properties** provides a conceptual and practical overview of the transformation of sediments into sedimentary rocks through compaction, cementation and mineral reactions, and the resultant modifications of rock composition, rock fabrics, and associated porous media characteristics (e.g. porosity). Both descriptive and analytical methods are integrated in laboratories that include carbonate and sandstone petrology (hand samples and thin sections), geological analysis of selected core wireline logs and the analysis of fluid reservoir properties.

CR: EASC 2031, 2702 and 2905

**3705 Field Course in Sedimentology, Reservoir Architecture and Sequence Stratigraphy** is a ten day field and lecture based course normally offered in the first two weeks of the Spring semester that aims to teach students to use sedimentological and palaeontological data for petroleum environmental analysis. The course will demonstrate the use of modern methods and tools to develop a regional understanding of ancient sedimentary facies models and faces architectural studies in reservoir geology, particularly when coupled with the principles of sequence stratigraphy. Students will be taught to create sedimentary logs and facies architectural panels.

CR: EASC 2702, 3811, 3905

**3811 Paleontology** outlines the major changes in life forms from Archean times through the Phanerozoic to the present day, including details of invertebrate and vertebrate faunas and major floral groups; mechanisms and effects of mega- and micro-evolution in the fossil record; biology and classification of organisms and summaries of their geologic significance in biostratigraphy, paleoecology and rock-building; relationships between major cycles of evolution and extinction to global processes.

CR: Biology 3811 or either the former EASC 3801 or the former Biology 3800

**3905 Field Methods in Structural Geology and Stratigraphy (W)** is based on approximately 5 days of geological mapping in Precambrian rocks near St. John's. Emphasis is placed on application of techniques of structural analysis. Evenings will be dedicated to data analysis and preparation of structural maps and sections. Students are advised to complete this course immediately following EASC 2401. This course will be given during a special session immediately following the Winter semester examination period.

AR: attendance for all of the field school days is required. Failure to attend may result in a failing grade or withdrawal from the course.

CR: field based course

**4053 Petrogenesis of Igneous Rocks** investigates the origin of topical and important groups of igneous rocks based on experimental petrology, phase equilibria and application of geochemical tools. It further investigates the classification of igneous rocks, including the study of volcaniclastic rocks and effects of physical volcanic processes. The laboratory component of the course emphasizes practical aspects of igneous petrology including geochemical characterization and use of hand-sample and field criteria.

CR: EASC 3054 and 3420

**4054 Metamorphic Petrology** examines relationships between metamorphism and tectonics, representation and interpretation of metamorphic mineral assemblages using compositional phase diagrams and petrogenetic grids; equilibrium thermodynamics and thermobarometry; description of P-T - t paths. Laboratories include use of the electron microprobe to collect data for use in calculations of the conditions of formation of metamorphic assemblages, and various types of software applicable to metamorphic petrology.

CR: EASC 2401, 3055 and 3420

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
4105 High Resolution Geophysics is a senior level field based course in high resolution geophysics with an emphasis on environmental applications. Topics to be covered include Ground Probing Radar, methods in refraction seismic, high resolution magnetic surveys, microgravimetry surveys, electrical and electro-magnetic methods. This course has a laboratory component in which students conduct a series of surveys over a specific site and process and interpret the collected data.

LH: 3
PR: EASC 3170, 3172 and 3179

4171 Exploration Geophysics III examines techniques involved in the acquisition, processing and interpretation of multichannel seismic reflection data. Introduction to elastic properties of rocks. Introduction to advanced processing and interpretation techniques as applied to qualitative and quantitative evaluation of hydrocarbon reservoir characteristics. This course has a laboratory component designed to provide hands-on experience with data processing and interpretation.

LH: 3
PR: EASC 3170 and 4179

4173 Exploration Geophysics IV examines advanced techniques in electrical and electromagnetic exploration methods including advanced IP, airborne EM surveys, EM and IP modelling, and inversion techniques; advanced methods in gravity and magnetic field exploration techniques including 2 D and 3-D modelling and inversion, map processing techniques, and excess mass determination.

LH: 3
PR: EASC 3170 or 3172; and EASC 4179

4179 Digital Signal Processing is an introduction to the theory and basic computational techniques of digital signal processing in geophysics. Topics covered include: sampling, Fourier transformation, design and application of digital filters, deconvolution, spectral analysis, two dimensional signal processing, with emphasis on geophysical applications.

LH: 3
PR: EASC 3170 and 3179

4211 Economic Geology provides a detailed look at the methodologies and techniques used in the study of mineral deposits and their applications in case histories. Laboratory exercises involve solving problem sets using the various types of data from selected case studies.

LH: 3
PR: EASC 3054 or 3055; and EASC 3210

4302 Advanced Marine Geology examines the geology and geophysics of ocean basins; discussion of methods of oceanic exploration, the history and development of ocean basins, interrelationships between ocean water, marine organisms, sedimentary and igneous processes. PR: EASC 1001 or 1002 and completion of any 15 credit hours in core courses at the 3000 and/or 4000 levels (see General Note 5) in Biology, Biochemistry, Chemistry, Earth Sciences, Physics, or Geography.

LH: 3
PR: EASC 2401 and 3905 and a minimum of 6 credit hours in Earth Sciences at the 3000 level

4420 Tectonics and Crustal Evolution is a lecture and seminar course covering secular change and tectonic evolution in Earth history from the Archean to Mesozoic, featuring examples from the North American geological record. The course will draw on and link concepts from a variety of Earth Science disciplines and provide an overview of the geological evolution of North America in a tectonic context.

CR: the former EASC 4901
CR: EASC 4302

4502 Advanced Geochemistry focuses primarily on the application of trace, radiogenic and stable isotope geochemistry to constrain the origin, mass balance and chemical fluxes within the Earth's lithosphere and atmosphere. The course permits students to complete assignments in aspects of geochemistry that reflect their career interests.

LH: 3
PR: EASC 2031 and 2502 and a minimum of 6 credit hours in Earth Sciences at the 3000 level

4503 Mineral Exploration Geochemistry is an examination of the application of geochemistry to mineral exploration, covering the lithogeochemical characteristics of ore deposits, their host rocks, and element dispersion from them; the principles of sampling and analysis in exploration geochemistry; approaches to the statistical analysis, graphical presentation, and interpretation of survey results; and the design of effective geochemical surveys. Particular emphasis will be placed on case studies relevant to exploration in Newfoundland and Labrador. Laboratory/seminar sessions involve working with exemplary data sets, using computer-based software for statistical analysis and software for searching large databases and viewing the spatial relationships of different types of map data relevant to the mineral exploration industry.

LH: 3
OR: seminar
PR: EASC 3210

4601 Petroleum Origin and Occurrence - inactive course.

4602 Sedimentary Basins and Hydrocarbon Exploration provides a review of sedimentary basin types and associated petroleum systems including concepts applicable to petroleum generation, migration and accumulation. Regional-scale stratigraphic and structural concepts/models are presented as a framework for hydrocarbon fluid flow and entrapment. Laboratories include description and analysis of data typical of basin- and regional-scale exploration and appraisal of hydrocarbon resources using a variety of integrated, interdisciplinary techniques (geological, geophysical and geochemical).

OR: EASC 4601
LH: 3
PR: EASC 2401, 2702, 3170 and 3420

4603 Reservoir Characterization provides a review of the sedimentary, stratigraphic and structural setting of hydrocarbon reservoirs and the geological controls on reservoir quality. Reservoir types and methods of study are presented to evaluate their key properties and the potential for production of hydrocarbons. Laboratories include detailed subsurface correlation and mapping, log analysis, interpretation of reservoir data (e.g. capillary pressure, porosity, permeability and production data).

CR: EASC 4601
LH: 3
PR: EASC 2401, 2702, 3170 and 3702

4610 Hydrogeology examines geology and its relationship to groundwater occurrence and exploitation: basic theory, groundwater flow systems, surface-groundwater interactions and changes in water quality, field and laboratory techniques, hydrogeological aspects of waste disposal and resource development.

LH: 3
PR: EASC 2502 or permission of instructor

4720 Carbonate Depositional Environments and Diagenesis examines carbonate deposition in modern, shallow marine environments and applies the learned principles to similar depositional environments in the geologic past. Study of carbonate diagenesis with an emphasis on the interaction of pore fluids and types of environments. Special emphasis on modern and ancient settings: Diagenetic environments and diagenetic controls on rock properties, particularly porosity, are examined, as well as their application in the reconstruction of the diagenetic history of a sedimentary basin and in the characterization of hydrocarbon reservoirs. The application of chemostratigraphy to correlation is discussed. The laboratory exercises apply hand specimen, thin section and geochemical methods to investigate carbonates from different depositional settings and a wide spectrum of diagenetic environments covered in lectures.

CO: EASC 3811
LH: 3
PR: EASC 2401, 2702, and 3811

4800 Advanced Paleontology (same as Biology 4800) is a field, lecture, laboratory and seminar course dealing with selected topics in general and applied paleontology. Topics include measuring evolution and extinction, population paleontology, functional morphology, paleoecology, statistical methods for palaeontological studies, and applications in petroleum, mining, and environmental studies.

CR: Biology 4800
LH: 3
PR: EASC 3811, and Statistics 2510 or Mathematics 2000

4902 Early Evolution of the Earth (F) - inactive course.

4903 Global Change (W) is a lecture and seminar course that studies the interaction of the atmosphere, biosphere and lithosphere; topics covered include the evolution of the biosphere, fluid circulation in the Earth, the carbon cycle, the energy budget, global environmental changes, and chemical evolution of the hydrosphere.

CR: seminar
PR: EASC 1001 or 1002, and Biology 2120 (or Biology 1001 and 1002), and completion of any 15 credit hours in core courses at the 3000 and/or 4000 levels (see General Note 5) in Biology, Biochemistry, Chemistry, Earth Sciences, or Physics; or permission of the instructor.

4905 Field Course in Geological Mapping and Regional Tectonics (P) is a two week field school designed to allow application of techniques introduced in the third year, and to provide an introduction to the Appalachian geology of western and central Newfoundland. Reports must be submitted for grading during the fall semester.

CR: field based course
PR: EASC 2401, 3055, 3420, and 3905; and permission of the Head of the Department

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LG = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
4912 Planetary Geology is a classroom- and laboratory-based course that provides students with a basic knowledge of the geology of the Moon, Mars, asteroids and the moons of the outer solar system; the petrology and geochemistry of meteorites and their importance to understanding the origin of the planets; impact cratering processes and rock products including those on Earth; and instrumentation for planetary exploration. The course combines lectures and laboratory exercises that examine data sets from planetary missions and specimens of extraterrestrial materials. Students learn how geological processes that have shaped Earth also have operated on other planets, moons and asteroids in our solar system.

PR: EASC 2031, 2702, 2905, and 3420

4910-4920 (Excluding 4912) Special Topics in Earth Sciences are lecture and seminar courses given for undergraduates in their fourth or fifth year who wish to gain more specialized knowledge in a particular field of Earth Sciences than is possible through the regular course offerings. The Department will consider suggestions by students for Special Topics courses, but it must be borne in mind that such a course should normally be approved at least three months before the start of the semester in which it is to be taken.

PR: permission of the Head of Department

4950 Technical Report on Geoscience Employment requires the preparation of a publication-quality technical report, about 50 pages in length, based on a study undertaken during geoscience employment. The topic and scope of the study must be approved by the Head of Department prior to its commencement. Students will present a seminar or seminars on results of the project, and will be closely advised on proper organization and writing of scientific reports. Some directed reading will be required.

PR: completion of 9 credit hours in Earth Sciences at 3000 level, and permission of the Head of Department

UL: can only be used as an "additional course" under point 3. of the regulations for General degrees, and under point 4. of the regulations for Honours degrees. The same study cannot be used as the basis of a dissertation completed for course EASC 499A/B.

499A and 499B Dissertation is an independent study of an approved problem in the Earth Sciences. The subject of study will be decided in consultation with Faculty Advisors and must be approved in advance by the Head of Department. The first semester will normally involve directed reading, supervised field and/or laboratory work, and preparation of a dissertation outline and draft of a first chapter of the thesis. The second semester will be devoted to data synthesis and interpretation, to a seminar presenting the thesis results, and to preparation of a formal written report accompanied by appropriate illustrations, to be submitted for grading one week before the end of classes.

CH: 6

PR: admission to the Honours program

UL: The dissertation cannot be based on the same study used to obtain credit for EASC 4950. May be used as Science credits by students not in the Honours program with permission of the Head of the Department.

9.6 Economics

For course descriptions, see Faculty of Arts section of the Calendar.

9.7 Geography

For course descriptions, see Faculty of Arts section of the Calendar.

9.8 Mathematics and Statistics

In the descriptions of the courses which follow, the symbol (F) represents the Fall and (W) represents Winter. These labels are intended to indicate the semester when the course is generally offered. Unless otherwise indicated, the course is as demand directs. The Department tries to offer a variety of 1000-, 2000- and 3000-level courses during the Spring semester (or intersession or Summer session) every year. Students are encouraged to consult the Department regularly for specific planned offerings, semester by semester.

9.8.1 Foundation Courses

102F Mathematics Skills Program is a non-credit course intended for students who either have a weak background in mathematics or are returning to the subject after some years. The course enables students to master mathematical operations such as those involving whole numbers, fractions, decimals, percents, integers, exponents, linear equations and algebraic expressions.

CH: 0

102N Mathematics Skills Program for the B.N. (Collaborative) Program is a non-credit course intended for students of the B.N. (Collaborative) Program who have a weak background in mathematics and/or have not done mathematics in some years. The course enables students to master mathematical operations such as those involving whole numbers, fractions, decimals, percents, units of measurement, ratios and proportions.

CH: 0

103F Mathematics Skills Program is a non-credit course intended for students who either have a weak background in mathematics or are returning to the subject after some years. The course enables students to master mathematical operations such as those involving algebraic and rational expressions, equations, products, graphs of linear equations, systems of linear equations, basic geometry and trigonometry and number systems.

CH: 0

PR: Mathematics 102F

104F Mathematics Skills Program is a non-credit course intended for students who either have a weak background in mathematics or are returning to the subject after some years. The course enables students to master mathematical operations such as those involving number systems, algebraic and rational expressions, linear and rational equations, formulates, exponents, radials, quadratic equations and logarithms.

CH: 0

PR: Mathematics 103F

9.8.2 Accelerated M103F/M1051 Mathematics Skills Program/Finite Mathematics II (W)

103F. Mathematics Skills Program/Finite Mathematics II is a non-credit course enabling students to master mathematics operations such as those involving algebraic and rational expressions, formulas, graphs, systems of linear equations, basic trigonometry and number systems. Mathematics 1051 is a credit course with topics including elementary matrices, linear programming, elementary number theory, mathematical systems and geometry.

CH: 0

CO: Mathematics 102F and a recommendation by an MLC instructor

LH: three 50 minute classes and two 75 minute classes per week

PR: Mathematics 102F and a recommendation by an MLC instructor

resulting in approval by the MLC Director

9.8.3 Mathematics Courses

Mathematics courses are designated by MATH. Where the 4 digit course number is the same, students can receive credit for only one course with subject names MATH, AMAT, PMAT, STAT.

1000 Calculus I (F) & (W) is an introduction to differential Calculus including logarithmic, exponential and trigonometric functions.

CR: the former 1081

LC: 4

PR: MATH 1090 or a combination of placement test and high school Mathematics scores acceptable to the Department

1001 Calculus II (F) & (W) is an introduction to integral Calculus with applications.

CR: the former Engineering 1411 or the former Engineering 2413

LC: one and one-half hour problem lab

PR: MATH 1090 or the former 1081

1031 Mathematical Problem Solving - inactive course.

1050 Finite Mathematics I (F) & (W) covers topics which include sets, logic, permutations, combinations and elementary probability.

CR: the former MATH 1150

LC: 4

PR: a combination of placement test and high school mathematics scores acceptable to the department or MATH 103F

UL: With the exception of those already admitted at the time of registration in this course to a Bachelor of Education program that requires this course, students who already have obtained credit for 6 or more mathematics credit hours numberd 2000 or above are not permitted to register for this course nor can they receive credit for it.

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
1051 Finite Mathematics II (F) & (W) covers topics which include elementary matrices, linear programming, elementary number theory, mathematical systems, and geometry.

CR: the former MATH 1151
LC: 4
PR: a combination of placement test and high school mathematics scores acceptable to the department or MATH 103F
UL: With the exception of those already admitted at the time of registration in this course to a Bachelor of Education program that requires this course, students who already have obtained credit for 6 or more Mathematics credit hours numbered 2000 or above are not permitted to register for this course nor can they receive credit for it.

1090 Algebra and Trigonometry (F) & (W) provides students with the essential prerequisite elements for the study of an introductory course in calculus. Topics include algebra, functions, their graphs, exponential and logarithmic functions, trigonometry, polynomials, and rational functions.

CR: if previously completed or currently registered for MATH 1000, 1001, the former 1080, or the former 1081
LC: 4
PR: a combination of placement test and high school Mathematics scores acceptable to the Department or MATH 104F

2000 Calculus III (F) & (W) is a study of the differential calculus of functions of two variables, an introduction to convergence of infinite sequences and series.

CR: the former Engineering 1411, Engineering 1412, Engineering 2412, or Engineering 2413
LH: one and one-half hour problem lab
PR: MATH 1001

2050 Linear Algebra I (F) & (W) includes the topics: Euclidean n-space, vector operations in 2- and 3-space, complex numbers, linear transformations on n-space, matrices, determinants, and systems of linear equations.

CR: the former Engineering 2402
PR: A combination of placement test and high school Mathematics scores acceptable to the Department or 3 credit hours in first year Mathematics courses

2051 Linear Algebra II (F) & (W) includes the topics: real and complex vector spaces, basis, dimension, change of basis, eigenvectors, inner products, and diagonalization of Hermitian matrices.

PR: MATH 1000 and 2050

2075 Introduction to the History of Mathematics - inactive course.

2090 Mathematics of Finance covers the topics: simple and compound interest and discount, forces of interest and discount, equations of value, annuities and perpetuities, amortization schedules and sinking funds, bonds and other securities, contingent payments.

PR: MATH 1001

2091 Introduction to Actuarial Mathematics - inactive course.

2130 Technical Writing in Mathematics (W) is a project oriented course combining mathematical investigation and technical writing. By using computer programming, graphical and typesetting tools, students will explore mathematical concepts and will produce technical reports of professional quality. The latter will combine elements of writing and graphics to convey technical ideas in a clear and concise manner.

PR: admission to Applied or Pure Mathematics major and MATH 1001 and (Computer Science 1510 or 1710 or 2710 or 2602, or permission of the Head of Department)
UL: qualifies as a Research/Writing course in the Faculty of Arts

2320 Discrete Mathematics (F) & (W) covers basic concepts of mathematical reasoning, sets and set operations, functions, relations including equivalence relations and partial orders as illustrated through the notions of congruence and divisibility of integers, mathematical induction, principles of counting, permutations, combinations and the Binomial Theorem.

CR: the former Computer Science 2740
PR: MATH 1001 or 2050

3000 Real Analysis I (F) & (W) covers proof techniques, structure of the real numbers, sequences, limits, continuity, uniform continuity, differentiation.

CR: the former MATH 2001
LH: 1
PR: MATH 2000

3001 Real Analysis II (F) & (W) examines Infinite series of constants, sequences and series of functions, uniform convergence and its consequences, power series, Taylor series, Weierstrass Approximation Theorem.

CR: the former MATH 3201
LH: 1
PR: MATH 3000

3100 Introduction to Dynamical Systems (W) examines flows, stability, phase plane analysis, limit cycles, bifurcations, chaos, attractors, maps, fractals. Applications throughout.

CR: the former AMAT 3190
PR: MATH 3260

3111 Applied Complex Analysis examines mapping by elementary functions, conformal mapping, applications of conformal mapping, Schwarz-Christoffel transformation, Poisson integral formula, poles and zeros, Laplace transforms and stability of systems, analytic continuation.

PR: MATH 3210

3132 Numerical Analysis I (W) includes a discussion of round-off error, the solution of linear systems, iterative methods for nonlinear equations, interpolation and polynomial approximation, least squares approximation, fast Fourier transform, numerical differentiation and integration.

CR: Computer Science 3731
PR: MATH 2000, MATH 2050, and a computing course (Computer Science 1510 is recommended).

3161 Ordinary Differential Equations II (F) examines power series solutions, method of Frobenius, Bessel functions, Legendre polynomials and others from classical Physics, Systems of linear first order equations, fundamental matrix solution, numerical methods for initial value problems, existence and uniqueness of solutions.

PR: MATH 3202 and 3260

3202 Vector Calculus (F) & (W) deals with functions of several variables, Lagrange multipliers, vector valued functions, directional derivatives, gradient, divergence, curl, transformations, Jacobians, inverse and implicit function theorems, multiple integration including change of variables using polar, cylindrical and spherical co-ordinates, Green's theorem, Stokes' theorem, divergence theorem, line integrals, arc length.

CR: Physics 3810
PR: MATH 2000 and 2050

3210 Introduction to Complex Analysis (F) examines complex numbers, analytic functions of a complex variable, differentiation of complex functions and the Cauchy-Reimann equations, complex integration, Cauchy's theorem, Taylor and Laurent series, residue theory and applications.

PR: MATH 3000

3240 Applied Graph Theory (F) examines algorithms and complexity, definitions and basic properties of graphs, Eulerian and Hamiltonian chains, shortest path problems, graph colouring, planarity, trees, network flows, with emphasis on applications including scheduling problems, tournaments, and facilities design.

CR: the former Computer Science 2741
PR: MATH 2320

3260 Ordinary Differential Equations I (W) & (F) examines direction fields, equations of first order and first degree, higher order linear equations, variation of parameters, methods of undetermined coefficients, Laplace transforms, systems of differential equations. Applications include vibratory motion, satellite and rocket motion, pursuit problems, population models and chemical kinetics.

CR: the former Engineering 3411
PR: MATH 2000

3300 Set Theory is an introduction to Mathematical Logic, functions, equivalence relations, equipotence of sets, finite and infinite sets, countable and uncountable sets, Cantor's Theorem, Schroeder-Bernstein Theorem, ordered sets, introduction to cardinal and ordinal numbers, logical paradoxes, the axiom of choice.

PR: MATH 2320

3303 Introductory Geometric Topology covers graphs and the four colour problem, orientable and non-orientable surfaces, triangulation, Euler characteristic, classification and colouring of compact surfaces, basic point-set topology, the fundamental group, including the fundamental groups of surfaces, knots, and the Wirtinger presentation of the knot group.

PR: MATH 2320

3320 Abstract Algebra (F) is an introduction to groups and group homomorphisms including cyclic groups, cosets, Lagrange's theorem, normal subgroups and quotient groups, introduction to rings and ring homomorphisms including ideals, prime and maximal ideals, quotient rings, integral domains and fields.

PR: MATH 2320

3321 Applied Algebra - inactive course.

3330 Euclidean Geometry (F) is classical Euclidean geometry of the triangle and circle, the inversion transformation, including the theorem of Feuerbach. Elliptic and hyperbolic geometries.

PR: MATH 2051 or 2320

3331 Projective Geometry includes course topics: projective space, the principle of duality, mappings in projective space, conics and quadrics.

PR: MATH 2051 or 2320

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
4190 Mathematical Modelling (W) is intended to develop students’ skills in mathematical modelling and competence in oral and written presentations. Case studies in modelling will be analysed. Students will develop a mathematical model and present it in both oral and report form.

PR: MATH 3100, 3161, 4160, and a technical writing course offered by a Science department (MATH 2130 is recommended).

419A and 419B Applied Mathematics Honours Project is a two-semester course that requires the student, with supervision by a member of the Department, to prepare a dissertation in an area of Applied Mathematics. In addition to a written project, a one hour presentation will be given by the student at the end of the second semester.

CR: 6
CR: the former AMAT 4199
PR: registration in an Honours or Joint Honours program in Applied Mathematics.

4230 Differential Geometry covers theory of curves, Frenet relations, curvature and torsion, singular points of curves, first and second quadratic forms, classification of points on a surface, Gaussian curvature, Gauss-Weingarten theorem, Christoffel's symbolic, theorema Egregium, Gauss-Codazzi-Mainardi theorem, internal geometry of surfaces, isometric and conformal mappings, geodesic curvature and torsion, parallel displacement, Gauss-Bonnet theorem.

PR: MATH 3202

4240 Differential and Integral Calculus on Manifolds - inactive course.

4280-4290 Special Topics in Pure and Applied Mathematics will have the topics to be studied announced by the Department. Consult the Department for a list of titles and information regarding availability.

PR: permission of the Head of the Department

PR: MATH 3300 or both MATH 3000 and 3300

4301 Algebraic Topology - inactive course.

4310 Complex Function Theory examines topology of C, analytic functions, Cauchy’s theorem with proof, Cauchy integral formula, singularities, argument principle, Rouche’s theorem, maximum modulus principle, Schwarz’s lemma, harmonic functions, Poisson integral formula, analytic continuation, entire functions, gamma function, Riemann-Zeta function, conformal mapping.

PR: MATH 3210.

4320 Ring Theory examines factorization in integral domains, structure of finitely generated modules over a principal ideal domain with application to Abelian groups, nilpotent ideals and idempotents, chain conditions, the Wedderburn-Artin theorem.

PR: MATH 3320

4321 Group Theory examines permutation groups, Sylow theorems, normal series, soluble groups, solvability of polynomials by radicals, introduction to group representations.

PR: MATH 3320

4331 Galois Theory - inactive course.

4340 Combinatorial Analysis continues most of the topics started in 3340 with further work on distributions, recurrence relations and generating functions. Generating functions are used to solve recurrence relations in two variables. Also included is a study of Polya's theorem with applications.

PR: MATH 3320 or 3340

4341 Combinatorial Designs includes the study of finite fields, Latin squares, finite projective planes and balanced incomplete block designs.

PR: MATH 3320 or 3340

4370 Number Theory is continued fractions, an introduction to Diophantine approximations, selected Diophantine equations, the Dirichlet product of quadratic domains.

PR: MATH 3370

4375 History of Mathematics - inactive course.

4399 Pure Mathematics Dissertation requires the student, with supervision by a member of the department, to prepare a dissertation in an area of Pure Mathematics. Although original research by the student will not normally be expected, the student must show an ability and interest to learn and organize material independently. A one hour presentation at the end of the semester will be given by the student.

PR: registration in an Honours or Joint Honours program in Pure Mathematics

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).
9.8.4 Statistics Courses

Statistics courses are designated by STAT. Where the 4 digit course number is the same, students can receive credit for only one course with subject names MATH, AMAT, PMAT, STAT.

1510 Statistical Thinking and Concepts (F & W) (formerly STAT 2511) examines basic statistical concepts encountered in everyday life, such as data collection (both primary and secondary), ethical issues, planning and conducting statistically-designed experiments, understanding the measurement process, data summarization, measures of central tendency and dispersion, basic concepts of probability, understanding sampling distributions, the central limit theorem based on simulations (without proof), linear regression, concepts of confidence intervals and testing of hypotheses. Statistical software will be used to demonstrate each technique.

CR: cannot receive credit for STAT 1510 if completed with, or subsequent to, STAT 2510 or 2560

2500 Statistics for Business and Arts Students (F & W) covers descriptive statistics (including histograms, stem-and-leaf plots and box plots), elementary probability, discrete random variables, the binomial distribution, the normal distribution, sampling distribution, estimation and hypothesis testing including both one and two sample tests, paired comparisons, chi-square test, correlation and regression. Related applications.

CR: STAT 2510, 2550, Psychology 2910, 2925 and the former 2900.

2501 Further Statistics for Business and Arts Students (F) covers power calculation and sample size determination, analysis of variance, multiple regression, nonparametric statistics, index numbers, time series analysis, introduction to sampling techniques.

CR: STAT 2560, the former 2511, Psychology 2911, 2950, and the former 2901

2510 Statistics for Physical Science Students (F) & (W) examines elements of probability, conditional probability, Bayes' Theorem, discrete random variables, cumulative distribution function, introduction to continuous random variables, mathematical expectation, estimation of mean, proportion and variance, hypothesis testing for one-sample case. This course is normally offered twice a year, including the Fall.

CR: STAT 2500, 2550, Psychology 2910, 2925, the former 2900, the former Engineering 3423 and 4421

2550 Statistics for Life Science Students (F) & (W) & (S) is an introduction to basic statistical methods with an emphasis on applications to life sciences and, in particular, to biology. Material includes descriptive statistics, elementary probability, binomial distribution, normal distribution, sampling distribution, estimation and hypothesis testing (both one and two sample cases), chi-square test, one way analysis of variance, correlation and simple linear regression.

CR: STAT 2500, 2510, Psychology 2910, 2925, and the former 2900

2560 Further Statistics for Science Students (W) (formerly STAT 2511) covers estimation and hypothesis testing in the two-sample and paired sample cases, one way and two way analysis of variance, simple and multiple linear regression, chi-square tests, non-parametric tests including sign test, Wilcoxon signed rank test and Wilcoxon rank test.

CR: STAT 2501; the former 2511; Psychology 2911, 2950, and the former 2901

3100 Mathematical Statistics I covers basic probability concepts, combinatorial analysis, conditional probability, independence, random variable, distribution function, mathematical expectation, Chebyshev's inequality, properties of random variables, binomial and related distributions, Poisson, gamma, normal, bivariate normal, t, and F distributions, transformations of variables including the moment-generating function approach.

CR: one and a half hour tutorial period weekly

OR: one and a half hour tutorial period weekly

3520 Experimental Design I (F) is an introduction to basic concepts in experimental design, single factor designs including completely randomized, randomized blocks, Latin square and related designs, multiple comparison tests, fixed and random effects models, introduction to factorial design.

CR: Psychology 3900 and 3950

3521 Regression (W) covers inference in linear regression analysis, matrix approach to regression analysis, multiple linear regression, model selection, polynomial regression, indicator variable, problem of simultaneous inferences, multicollinearity.

CR: Mathematics 2500 and either STAT 3411 or both Mathematics 1001 and one of STAT 2501 or 2560 or the former 2511

3530 Survey Sampling I (F) covers basic concepts, randomization, sampling frames, stratified sampling, the analysis of subclasses, cluster sampling, stratified cluster sampling, unequal clusters, ratio estimates selection with probabilities proportional to size.

CR: either STAT 3411 or both Mathematics 1001 and one of STAT 2501 or 2560 or the former 2511

3540 Time Series I covers Autocovariance, autocorrelation and correlation, stationarity, autoregressive, moving average and ARMA models, differencing, the integrated ARMA process, parameter estimation, model identification and diagnostic testing, forecasting, seasonal models, the use of data transformation.

CR: either STAT 3411 or both Mathematics 1001 and one of STAT 2501 or 2560 or the former 2511

3570 Reliability and Quality Control (S) is an analysis of life, mortality and failure data, standard parametric models in reliability, quality control charts and cumulative sum charts, tolerance limits, contingency tables, interactions, application of sequential sampling.

CR: either STAT 3411 or both Mathematics 1001 and one of STAT 2501 or 2560 or the former 2511

4410 Probability Theory is a review of Riemann integration, outer measure, measure, measurable sets, measurable functions, the Lebesgue integral, properties of the Lebesgue integral, sequences of integrals, Fubini's theorem.

CR: Mathematics 3000, STAT 3410

4420 Stochastic Processes covers stochastic processes, stationarity, random walks, Markov chains, renewal, and queuing.

CR: Mathematics 4102

4440 Mathematical Statistics III examines multivariate normal distribution, the likelihood ratio test, chi-square tests, log-linear models, and general linear hypothesis, analysis of variance and regression, other topics such as sequential tests, distribution of order statistics, nonparametrics and decision theory.

CR: Mathematics 2051, STAT 3411

4520 Experimental Design II (W) covers selected topics in ANOVA and ANCOVA including factorial experiments and unbalanced designs.

CR: STAT 3520

4530 Survey Sampling II (W) covers area sampling, multi-stage sampling, two-phase sampling, ratio, regression and difference estimates, composite sampling designs, sampling from imperfect frames, bias and non-sampling errors.

CR: Mathematics 2000 and STAT 3530

4540 Time Series II is an analysis of time series in the time domain, including stationary and non-stationary processes, autocovariance kernels and their estimators, analysis of autoregressive and moving average models, spectral analysis including the power spectrum and its estimators, periodogram, smoothed and filtered estimators.

CR: STAT 3411 and 3540

4550 Non-parametric Statistics covers inferences concerning location based on one sample, paired samples or two samples, inferences concerning scale parameters, goodness-of-fit tests, association analysis, tests for randomness.

CR: one of STAT 3520 or 3521 or STAT 3411

4560 Continuous Multivariate Analysis examines the multivariate normal distribution and its marginal and conditional distributions, properties of the
Wishart distribution, Hotelling’s T-squared statistic, a selection of techniques chosen from among MANOVA, multivariate regression, principal components, factor analysis, discrimination and classification, clustering.

PR: Mathematics 2051, STAT 3410 and one of STAT 4111, 3520, or 3521

4561 Discrete Multivariate Analysis is an analysis of cross-classified categorical data, chi-square test, measures of association, multidimensional contingency tables, hypotheses of partial and conditional independence, log-linear models for Poisson, multinomial and product-multinomial sampling schemes, iterative scaling technique for maximum likelihood estimation, step-wise model selection procedures, partitioning chi-square, explanatory and response variables in contingency tables, logit models.

PR: STAT 3520 or 3521

4580 History of Statistics - inactive course.

4581 Quantitative Methods in Biology - inactive course.

4585 Computations in Statistics is an introduction to modern computational statistics, using a statistical programming language, such as S-Plus. Emphasis is placed on use of the computer for numerical and graphical exploratory data analysis, and on crafting programs to accomplish specialized statistical procedures.

PR: Mathematics 2000, STAT 3520, 3521. Mathematics 2130 is recommended

4590 Statistical Analysis of Data I is for users of Statistics with emphasis placed on computer analysis of statistical problems drawn from various disciplines, descriptive statistics, analysis of univariate measurement data, chi-square tests, non-parametric tests, basic ANOVA and regression.

LH: one 90 minute lab per week

PR: one of STAT 3411, 3520, or 3521

4591 Statistical Analysis of Data II is an introductory course.

4599 Honours Comprehensive with Directed Readings is a directed reading course with Comprehensive examination.

PR: registration in an Honours or Joint Honours program in Statistics

9.9 Physics and Physical Oceanography

Physics courses are designated by PHYS.

1020 Introductory Physics I (F) & (W) is a non-calculus based introduction to mechanics. This course may be completed by someone who has no physics background provided some extra effort is made.

PR: Mathematics 1001 and PHYS 1051

1021 Introductory Physics II (F) & (W) is a non-calculus based introduction to fluids, wave motion, light, optics, electricity and magnetism.

PR: Mathematics 1000 and PHYS 1050

1050 General Physics I: Mechanics (F) & (W) is a calculus based introduction to mechanics. The course will emphasize problem solving. For more details regarding PHYS 1050, see Note 4 under Physics and Physical Oceanography.

PR: Mathematics 1000

1051 General Physics II: Oscillations, Waves, Electromagnetism (F) & (S) is a calculus based introduction to oscillations, wave motion, physical optics and electromagnetism.

PR: Mathematics 1001

2053 Fluids and Thermal Physics (F) examines elasticity, fluid mechanics, thermodynamics, kinetic theory and statistical mechanics.

PR: Mathematics 1001 and PHYS 1051

2055 Electricity and Magnetism (W) examines Gauss’ Law, the electrostatic potential, capacitance, magnetic forces and the magnetic field, electromagnetic induction, magnetic materials, ac circuits, superconductivity, the displacement current and Maxwell’s equations.

PR: Mathematics 2000

PR: 6 credit hours in Mathematics courses at the first year level

2750 Modern Physics (W) covers special relativity, quanta of light, atomic structure and spectral lines, quantum structure of atoms and molecules, nuclei and elementary particles.

PR: Mathematics 1001 and PHYS 1051

3280 Computational Mechanics (F) & (W) covers newtonian dynamics and celestial mechanics, numerical differentiation and integration, numerical solutions to mechanics problems, data and spectral analysis, Fourier series and normal modes, oscillations and vibrations, linear and non-linear oscillators, nonlinear dynamics and chaos.

PR: Mathematics 2000

3500 Physics of Device Materials is a study of the fundamental principles of semiconductor materials with emphasis on their application in devices.

PR: Mathematics 2000

3150 Astrophysics I (W) is a review of microscopic and macroscopic physics: the sun, luminosity, mass, spectrum, photosphere, corona, interior. Principles of stellar structure; radiative and convective transport of energy. The virial theorem. Thermonuclear fusion; temperature dependence; the solar neutrino problem. Nucleosynthesis; the curve of binding energy; the synthesis of heavy elements. White dwarfs, neutron stars, and black holes; degenerate electron and neutron gases; Chandrasekhar’s limit. Population I and Population II stars; the Hertzsprung-Russell diagram; relationships among luminosity, mass, and effective temperature for main sequence dwarfs. Evolution of post main sequence stars.

PR: PHYS 2053, 2750 (or 2056), and 2820

3151 Astrophysics II covers stellar spectra and classification of stars. Hertzsprung-Russell diagram; equations of stellar structure for a star in equilibrium; temperature and density dependencies of nuclear processes. Formation and classification of binary stars; mass and energy transfer in binary star systems; semidetached binaries; cataclysmic variables, pulsars, etc. Galaxies and galactic structure: active galactic nuclei; cosmological redshift. Cosmology.

PR: PHYS 3150 and 3220

PR: PHYS 2820 and Mathematics 3260

PR: PHYS 3220 and 3810 (or Mathematics 3202) and Mathematics 3260

3300 Introduction to Physical Oceanography deals with the physics of processes in the ocean, but provides an integrated view of the whole field of oceanography. The importance of physical processes to other aspects of oceanography is treated.

PR: PHYS 2053 and Mathematics 2000

3340 Principles of Environmental Physics explore the basic physical principles of light, heat, energy and sound in the natural environment. Several key aspects of physics in the environment will be covered including climate and the physical evolution of the planet and the present role of the atmosphere and ocean spectroscopy in the atmosphere and measurement and observation of the atmosphere; principles of energy generation and pollution transport in the atmosphere and ocean.

PR: Mathematics 2000 and PHYS 2053

PR: Mathematics 2000, PHYS 2053 and PHYS 2750 or 2056

3500 Electromagnetic Fields I (F) examines electrostatic Field; field,
potential, Poisson's equation, Laplace's equation, capacitance, dielectrics, polarization, electric displacement, boundary conditions. Magnetic Field: electric current and magnetic field, vector potential, Lorentz force and relativistic change, magnetic field, inductance, magnetic materials, magnetization. Maxwell's equations.

PR: PHYS 2055 and 3810 (or Mathematics 3202)

CO: Mathematics 3260
CR: Engineering 3821
LC: 6
LH: 6
PR: Mathematics 2050, Mathematics 3260, PHYS 2055

3551 Analogue Electronics (S) is a review of network analysis. Feedback. Electron tubes. Semiconductor diodes. Introduction to transistors. Introduction to amplifiers. Small signal models. Small signal analysis of amplifiers. Operational amplifiers. Selected topics in circuit design such as biasing, voltage regulators and power circuits. Noise. This course is recommended for students with an interest in experimental Physics.

LC: 6
LH: 6
PR: PHYS 3550 and Mathematics 3260

PR: Mathematics 2000 and PHYS 2055

PR: PHYS 2750 (or 2056), 3220 and 3810 (or Mathematics 3202)

PR: PHYS 3750

3800 Computational Physics is a project-based course intended to train students to become functional in computational methods; by writing and compiling computer code (C/fortran) in a Unix environment, to solve problems drawn from different areas of physics. Students will complete several projects selected from different areas of physics. Projects will introduce students to a particular class of numerical methods. Lectures and tutorials will cover the theory that underlies the computational methods and background for code development and the application of the required numerical methods.

CO: Any two 2000-level Physics course plus at least one other 3000-level Physics course
LC: 5
LH: 5
PR: Computer Science 1510, PHYS 2820, Mathematics 3202.
Mathematics 3260

3810 Mathematical Analysis (F) - inactive course.

3820 Mathematical Physics III (F) examines the functions of a complex variable; residue calculus. Introduction to Cartesian tensor analysis. Matrix eigenvalues and eigenvectors. Diagonalization of tensors. Matrix formulation of quantum mechanics. Quantum mechanical spin. Vector differential operators and their application to linear coordinate systems. Partial differential equations of Mathematical Physics and boundary value problems; derivation of the classical equations, separation of variables; Helmholtz equation in spherical polar coordinates.

PR: Mathematics 3260 and PHYS 3810 (or Mathematics 3202)

3900 Physics Laboratory I (W) is a selection of experiments based primarily on material covered in the third year courses.

LC: 6
PR: at least two of PHYS 2053, 2820, 2055, and PHYS 2750 (or 2056)

4000 Solid State Physics covers crystal structure and binding, phonons and lattice vibrations, thermal properties of solids. Electrons in solids, energy bands, semiconductors, superconductivity, dielectric properties. Magnetic properties of solids.

PR: PHYS 3400 and 3750 or waiver approved by the instructor

4200 Classical Mechanics III - inactive course.

4205 Introduction to Fluid Dynamics (same as Mathematics 4180) covers basic observations, mass conservation, vorticity, stress, hydrostatics, rate of strain, momentum conservation (Navier-Stokes equation), simple viscous and inviscid flows, Reynolds number, boundary layers, Bernoulli's and Kelvin's theorems, potential flows, water waves, thermodynamics.

CR: Mathematics 4180
PR: PHYS 3220 and either Mathematics 4160 or the former PHYS 3821 or waiver approved by the instructor

4210 Continuum Mechanics - inactive course.

4220 Introduction to general Relativity (Mathematics 4130) studies both the mathematical structure and physical content of Einstein's theory of gravity. Topics include the geometric formulation of special relativity, curvature, spacetimes, metrics, geodesics, causal structure, gravity as spacetime curvature, the weak-field limit, geometry outside a spherical star, Schwarzschild and Kerr black holes, Robertson-Walker cosmologies, gravitational waves, an introduction to tensor calculus, Einstein's equations, and the stress-energy tensor.

CO: Mathematics 4230
(Or Mathematics 4190)
PR: Mathematics 3202 and one of PHYS 3220, Mathematics 4230 or waiver approved by the instructor

4300 Advanced Physical Oceanography (W) covers fundamental properties of seawater and techniques of oceanographic measurement. The dynamical equations of oceanography are derived and solutions explored by correspondence with oceanic observations. Properties of waves in rotating and non-rotating fluids. Linear and non-linear wave theory are developed.

PR: PHYS 3300 and 3820 or registration in Academic term B of the Ocean and Naval Architectural Engineering program, or waiver approved by the instructor

4330 Topics in Physical Oceanography - inactive course.

4340 Modelling in Environmental Physics covers the basic principles including environmental modelling will be developed and techniques for modelling presented and applied. Techniques for numerical modelling will be developed and simple numerical models will be developed for use in terrestrial, atmospheric and oceanic environments. Free and forced systems will be discussed and the transition to chaos and some aspects of chaotic dynamics.

PR: PHYS 3340 and PHYS 3820 or waiver approved by the instructor

PR: PHYS 3750
CR: PHYS 3400 and 3750

PR: PHYS 3500 and 3820 or waiver approved by the instructor

4600 Optics and Photonics II is a review of basic topics in wave optics. Phase sensitive imaging. Electromagnetic waves in anisotropic media. Scattering of electromagnetic waves. The physics of light sources and applications. Non-linear optics and applications.

CO: PHYS 3751
PR: PHYS 3500, 3600, and PHYS 3751 or waiver approved by the instructor

4700 Atomic and Molecular Physics - inactive course.

4710 Nuclear Physics - inactive course.

4820 Mathematical Physics III (W) covers further topics on partial differential operators and their application to linear coordinate systems. Partial differential equations of Mathematical Physics and boundary value problems; Sturm-Liouville theory, Fourier series, generalized Fourier series, introduction to the theory of distributions, Dirac delta function, Green’s functions, Bessel functions, Legendre functions, spherical harmonics.

PR: PHYS 3500

PR: PHYS 3250, 3750, 3820 or waiver approved by the instructor

4851 Advanced Quantum Mechanics (W) covers general formulation of quantum mechanics, measurement theory and operators. Hilbert spaces. Advanced topics selected from: electron in a strong magnetic field and the Aharonov-Bohm effect; advanced scattering theory; systems of identical particles.

PR: PHYS 3820

UL = Usage limitation(s).
AR = Attendance requirement;
CH = Credit hours are 3 unless otherwise noted;
CO = Co-requisite(s);
CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed;
LC = Lecture hours per week are 3 unless otherwise noted;
LR = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars;
PR = Prerequisite(s);
UL = Usage limitation(s).
9.10 Psychology

Psychology courses are designated by PSYC.

9.10.1 Non-Restricted Courses

These courses are open to all students who have the appropriate prerequisites. Students who intend to major in Psychology should note the credit restrictions for PSYC 2010, 2100, 2440, 2610, 2810, 2920, and 3640 as taking any of these courses will reduce options in the Majors program.

1000 Introduction to Psychology is the first half of a two-semester introduction to Psychology as a biological and social science. Topics may include history, research methodology, behavioural neuroscience, sensation and perception, consciousness, learning, and memory.

1001 Introduction to Psychology is the second half of a two-semester introduction to Psychology as a biological and social science. Topics may include emotion, motivation, stress and health, personality and individuality, psychological disorders and treatment, and social psychology.

2810, 2920, and 3640 as taking any of these courses will reduce options in the Majors program.

2240 Survey of Learning is an examination of the neurophysiology of learning and memory. Topics covered include understanding and applying scientific method, creating and testing hypotheses, constructing reliable and valid experiments, and the proper use of controls. An emphasis will be placed on the climate of basic principles to real life situations.

2150 Introduction to Forensic Psychology will provide an in-depth overview of the relationship between psychology and the law. A variety of topics will be covered and critically evaluated, including the use and misuse of psychology-based investigative methods such as offender and geographic profiling, detection of deception, investigative interviewing, eyewitness testimony, jury decision-making, corrections and treatment, risk assessment, and criminal responsibility.

2356 Intelligence - inactive course.

2610 Personality is a review of the research and theory pertaining to a psychological understanding of human personality.

2540 Psychology of Gender is an examination of the influence of gender on development and socialization, attitude formation, cognition, personality and mental health.

2611 Attitudes and Social Cognition - inactive course.

2700 Drugs and Behaviour is an examination of the psychophysiology of drug action, the measurable effects of drugs on experimentally controlled behaviour, and a survey of information available on common self-administered drugs and their immediate and long-term effects.

2825, 3801 as taking any of these courses will reduce options in the Majors program.

2920 Research Methods in Psychology for Non-Majors provides an introduction to the design, understanding, and application of psychological research. Topics covered include understanding and applying scientific method, creating and testing hypotheses, constructing reliable and valid experiments, and the proper use of controls. An emphasis will be placed on thinking critically about psychology and common errors of judgment.

2920 Interpersonal and Group Processes - inactive course.
contraception, sexually transmitted infections, reproduction, sexual orientation, transgender and intersex, variations in sexual behaviour, sex and gender, sexual dysfunction and therapy, and sexual coercion.

**Course Diagrams**

3577 Program Evaluation - inactive course.

3640 The Psychology of Abnormal Behaviour covers problems of definition, the history of beliefs about abnormal behaviour and the implication of a behavioural model for the understanding and control of behaviour problems.
CR: PSYC 2520, 2570, and 2911
PR: any 2000 level course in Psychology
UL: cannot be used towards the Psychology major

4810 Human Neuropsychology - inactive course.

**9.10.2 Majors Courses**

These courses are restricted to Majors in Psychology and Behavioural Neuroscience.

2520 Mind and Brain is based on the idea that psychological and neuroscience research efforts are synergistic. Neuroscience research can reveal mechanisms that help explain the mind and behavior, while conceptual development by psychological research often defines the topics that neuroscience investigates. Topics such as memory, emotion, mental illness, and sleep will illustrate the utility of multiple research perspectives for developing a more complete understanding of psychological issues.
PR: PSYC 1000 and 1001 and admission to a Major in Psychology or Behavioural Neuroscience; minors may be permitted to take this course if space permits

2570 Understanding Individual Differences uses current conceptualizations of personality and ability as a focus. The course will review issues related to the measurement of individual differences, including test characteristics and ethics. Research from a variety of perspectives will be used to illustrate the contributions of different areas of psychology to our understanding of individual differences.
PR: PSYC 1000 and 1001 and admission to a Major in Psychology or Behavioural Neuroscience; minors may be permitted to take this course if space permits

2910 Research Methods in Psychology I is an introduction to the design and application of psychological research with particular concentration on understanding and applying scientific method, creating and testing hypotheses, creating reliable and valid experiments, managing and analysing data sets, using statistical software, and scientific writing. Specific topics include descriptive statistics including measures of central tendency, variability and relative standing, inferential statistics such as t tests for one and two sample designs, correlation and regression, and non-parametric statistics.
CR: Statistics 2500, 2510, 2550, the former PSYC 2900, 2925
LH: one laboratory period weekly
PR: PSYC 1000 and 1001; Mathematics 1000 or two of 1090, 1050 and 1051 (or equivalent) and admission to a Major in Psychology or Behavioural Neuroscience

2911 Research Methods in Psychology II covers research methods in psychology with a focus on more complex research designs and statistical approaches, within the realm of experimentation and beyond the laboratory. Specific topics include controlling participant variables, using between and repeated measures designs within the context of Analysis of Variance (ANOVA). Particular ANOVA approaches include one-way and factorial designs, within subject design, and two-way mixed designs.
CR: Statistics 2501, 2560, the former PSYC 2901, 2950
LH: one laboratory period weekly
PR: PSYC 2910 and admission to a Major in Psychology or Behavioural Neuroscience

3050 Developmental Psychology is an examination of the methods and basis of data collection, current findings and the key issues of importance to an understanding of development. Topics will be drawn from perception, learning, cognition, social learning, memory and language development.
CR: PSYC 2010, PSYC 2025
PR: PSYC 2520, 2570 and 2911 and admission to a Major in Psychology or Behavioural Neuroscience

3100 Social Psychology is an examination of the concepts and principles involved in social behaviour. Topics covered will include attitudes, social cognition, interpersonal relations, and group processes.
CR: PSYC 2100, PSYC 2125
PR: PSYC 2520, 2570, and 2911 and admission to a Major in Psychology or Behavioural Neuroscience

3250 Learning (formerly PSYC 2250) examines how organisms adjust their behaviour to regularities in the environment as a result of experience.
CR: PSYC 2240, the former PSYC 2225, the former PSYC 2250
PR: PSYC 2520, 2570, and 2911, and admission to a Major in Psychology or Behavioural Neuroscience

3350 Perception (formerly PSYC 2360) is a broad survey of theory and research in sensation and perception.
CR: the former PSYC 2360
PR: PSYC 2520, 2570 and 2911 and admission to a Major in Psychology or Behavioural Neuroscience

3450 Human Cognition is an introduction to the experimental study of the mental representations and processes involved in human cognition. Topics such as attention, perception and pattern recognition, concepts and the organization of knowledge, language processes, mental imagery, reasoning, problem solving, decision making and skilled performance will be covered with an emphasis on experimental analysis and techniques.
CR: PSYC 2440, PSYC 2455
PR: PSYC 2520, 2570 and 2911 and admission to a Major in Psychology or Behavioural Neuroscience

3620 Personality Theory and Research is a survey of personality theory and research.
CR: PSYC 2610, PSYC 2625, and the former PSYC 2620
PR: PSYC 2520, 2570 and 2911 and admission to a Major in Psychology or Behavioural Neuroscience

3650 Abnormal Psychology is an examination of the nature, explanation and treatment of psychological disorders with an emphasis on research methods and current findings.
CR: PSYC 2640, PSYC 2656
PR: PSYC 2520, 2570 and 2911 and admission to a Major in Psychology or Behavioural Neuroscience

3750 Animal Behaviour I is an introduction to the mechanisms, development, function and evolution of behaviour in animals. Topics include the history of ethology and comparative psychology, and behavioural ecology; methods of animal behaviour study, behaviour of animals in relation to physiology, learning, communication, mating systems, and other areas in Biology and Psychology.
CR: Biology 3750
PR: Biology 1001, 1002 and PSYC 2520, 2570 and 2911 and admission to a Major in Psychology or Behavioural Neuroscience

3800 Neuroscience addresses the structure and function of neurons and neural circuits and examines principles of electrochemical neural transmission at the macroscopic, microscopic and molecular level. The relevance of this knowledge to understanding brain mechanisms of normal and diseased brain functions will be touched upon. The molecular basis of the formation of some types of memories will be explored.
PR: PSYC 2520, 2570 and 2911 and admission to a Major in Psychology or Behavioural Neuroscience

3801 Behavioural Neuroscience is a survey of knowledge about brain mechanisms of behaviour. Topics will include the following: basic neuroanatomy and neuropsychology, somatosensory systems and pain, reward, mental illness, sleep and arousal, developmental neurobiology, sexual development and behaviour, regulation of eating and body weight, learning and memory, and cortical function, including cortical mediation of language.
CR: PSYC 2810, PSYC 2825, the former PSYC 2850
PR: PSYC 2520, 2570 and 2911 and admission to a Major in Psychology or Behavioural Neuroscience

3900 Design and Analysis III is a course on complex and specialized research design in Psychology. Multifactor research designs that employ both between- and within-subjects independent variables. Advantages and disadvantages of using multifactor research designs to test psychological hypotheses. Hierarchical designs and incomplete factorials. The use of covariates and blocking to increase experimental precision. Problems created by missing data. Single subject designs. How to answer specific psychological questions in the context of complex designs. The design and analysis of non-experimental psychological research. Applications of such techniques as the analysis of variance and multiple linear regression to the data gathered with these research designs, with special attention to problems inherent in psychological research.
CR: PSYC 3950, Statistics 3520
LH: one laboratory period weekly
PR: PSYC 2911 and admission to a Major in Psychology or Behavioural Neuroscience

4050 Selected Topics in Developmental Psychology I is an intensive examination of a specific topic in developmental psychology.
PR: PSYC 3505 or the former PSYC 3515 and admission to a Major in Psychology or Behavioural Neuroscience

4051 Selected Topics in Developmental Psychology II is an intensive examination of a specific topic in developmental psychology.
PR: PSYC 3505 or the former PSYC 3515 and admission to a Major in Psychology or Behavioural Neuroscience
Research Experience in Development Psychology allows students to gain research experience in selected areas of developmental psychology. PR: PSYC 2520, 2570, 2911, and 3050 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Social Psychology I is an intensive examination of a specific topic in social psychology. PR: PSYC 3100 or the former PSYC 3160 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Social Psychology II is an intensive examination of a specific topic in social psychology. PR: PSYC 3100 or the former PSYC 3160 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Applied Social Psychology is an intensive examination of a specific topic in applied social psychology. PR: PSYC 3100 or the former PSYC 3160 and admission to a Major in Psychology or Behavioural Neuroscience.

Psychology and the Law - inactive course.

Research Experience in Social Psychology will provide research experience in a selection of areas typically studied by social psychologists such as attitudes, prejudice, groups and social cognition. Students will acquire experience with research methods that are used to advance the body of knowledge in social psychology. PR: PSYC 2520, 2570, 2911, and 3100 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Learning and Motivation I an intensive examination of a specific topic in learning and motivation. PR: PSYC 3250 or the former PSYC 2250 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Learning and Motivation II is an intensive examination of a specific topic in learning and motivation. PR: PSYC 3250 or the former PSYC 2250 and admission to a Major in Psychology or Behavioural Neuroscience.

Learning Processes and Drug Effects - inactive course.

Research Experience in Learning allows students to gain research experience in selected areas of learning. PR: PSYC 2520, 2570, 2911, and 3250 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Perception I is an intensive examination of a specific topic in perception. PR: PSYC 3350 or the former PSYC 2360 and admission to a Major in Psychology orBehavioural Neuroscience.

Selected Topics in Perception II is an intensive examination of a specific topic in perception. PR: PSYC 3350 or the former PSYC 2360 and admission to a Major in Psychology or Behavioural Neuroscience.

Research Experience in Perception allows students to gain research experience in selected areas of perception. PR: PSYC 2520, 2570, 2911 and 3350 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Cognition I (same as the former PSYC 4400) is an intensive examination of a specific topic in cognition. CR: the former PSYC 4400. PR: PSYC 3450 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Cognition II (same as the former PSYC 4401) is an intensive examination of a specific topic in cognition. CR: the former PSYC 4401. PR: PSYC 3450 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Cognition: Reading is an intensive examination of a specific topic in reading and dyslexia. PR: PSYC 3450 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Cognitive Science (same as the former PSYC 4402) is an intensive examination of a specific topic in cognitive science from a psychological perspective. CR: the former PSYC 4402. PR: two courses chosen from PSYC 3050, 3250, 3350, 3450, 3801 and admission to a Major in Psychology or Behavioural Neuroscience.

Psychoacoustics - inactive course.

Human Memory surveys theories and research about how humans remember information and why they forget. Topics include research on sensory memory, short-term working memory, amnesia, forgetting, memory development, and semantic memory as well as practical issues such as how to improve memory. PR: PSYC 3450 and admission to a Major in Psychology or Behavioural Neuroscience.

Research Experience in Cognition allows students to gain research experience in selected areas of cognition. PR: PSYC 2520, 2570, 2911, and 3450 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Psychology I is an intensive examination of a specific topic in psychology that crosses traditional subdisciplines. PR: two 3000-level majors courses (other than 3900) and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Psychology II is an intensive examination of a specific topic in psychology that crosses traditional subdisciplines. PR: two 3000-level majors courses (other than 3900) and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Personality I is an intensive examination of a specific topic in personality. PR: PSYC 3620 or the former PSYC 2620 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Personality II is an intensive examination of a specific topic in personality. PR: PSYC 3620 or the former PSYC 2620 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Abnormal Behaviour I is an intensive examination of a specific topic in abnormal behaviour. PR: PSYC 3650 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Abnormal Behaviour II is an intensive examination of a specific topic in abnormal behaviour. PR: PSYC 3650 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Personality is an intensive examination of a specific topic in personality. PR: PSYC 3620 or the former PSYC 2620 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Personality II is an intensive examination of a specific topic in personality. PR: PSYC 3620 or the former PSYC 2620 and admission to a Major in Psychology or Behavioural Neuroscience.

Family Psychology is a study of the reciprocal relationship between family processes and abnormal behaviour. The course will focus on the role of family dynamics in the etiology of abnormal behaviour, the impact of psychological disorders on family functioning and the application of family therapy to create therapeutic change. PR: PSYC 3650, or all of 2520, 2570, 2911 and 3640 and admission to a Major in Psychology or Behavioural Neuroscience.

Clinical Psychology and Theories of Psychotherapy - inactive course.

Research Experience in Abnormal Psychology allows students to gain research experience in selected areas of clinical psychology. PR: PSYC 2520, 2570, 2911 and 3650 and admission to a Major in Psychology or Behavioural Neuroscience.

Research Experience in Personality allows students to gain experience in selected areas of personality research. PR: PSYC 2520, 2570, 2911 and 3620 and admission to a Major in Psychology or Behavioural Neuroscience.

Animal Behaviour II (same as Biology 4701) is an examination of the behaviour of animals with particular emphasis on evolution and ecology. Topics include behavioural genetics and evolution, reproductive strategies, social behaviour, habitat selection, territoriality, foraging behaviour, and other topics in Biology and Psychology. CR: Biology 4701. LH: one laboratory period weekly. PR: Biology 3750 or Psychology 3750.

Selected Topics in Animal Behaviour I is an intensive examination of a specific topic in animal behaviour. PR: PSYC 3750 or Biology 3750 and admission to a Major in Psychology or Behavioural Neuroscience.

Selected Topics in Animal Behaviour II is an intensive examination of a specific topic in animal behaviour. PR: PSYC 3750 or Biology 3750 and admission to a Major in Psychology or Behavioural Neuroscience.

Research Experience in Animal Behaviour allows students to gain research experience in selected areas of animal behaviour. PR: PSYC 2520, 2570, 2911 and 3750 and admission to a Major in Psychology or Behavioural Neuroscience.
Faculty of Science 2011-2012

Psychology or Behavioural Neuroscience

4850 Selected Topics in Behavioural Neuroscience I is an intensive examination of a specific topic in behavioural neuroscience.
PR: PSYC 2810; or 3800 or 3801 and admission to a Major in Psychology or Behavioural Neuroscience

4851 Selected Topics in Behavioural Neuroscience II is an intensive examination of a specific topic in behavioural neuroscience.
PR: PSYC 2810; or 3800, or 3801 and admission to a Major in Psychology or Behavioural Neuroscience

4870 Research Experience in Neuroscience allows students to gain research experience in selected areas of neuroscience.
PR: PSYC 2520, 2570, 2911, and either 3800 or 3801 and admission to a Major in Psychology or Behavioural Neuroscience

4910 Systems in Contemporary Psychology is a study of paradigms and explanations in contemporary psychology in the context of their historical antecedents.
PR: At St. John's, 30 credit hours in Psychology courses required in the majors program and admission to a Major in Psychology orBehavioural Neuroscience or, at Grenfell, 30 credit hours in Psychology courses including Psychology 3950

499A and 499B Honours Dissertation is a linked course, based on independent study of an approved problem in Psychology. The topic will be chosen in consultation with the Faculty Advisor. The first semester will normally involve directed reading in this area, and preparation of a dissertation proposal. The second semester will be devoted to conducting the study, gathering data, data analysis and preparation of a formal written report. The dissertation must be submitted for grading before the end of the tenth week of the semester in which the student is registered for 499B.
CH: 6
PR: admission to the Honours Program

9.10.3 Psychology Work Term Descriptions
The Following Work Terms are a requirement of the Psychology Co-op Program only.

199W Work Term I follows the successful completion of Semester 4. Students are expected to learn, develop and practice the high standards of behaviour and performance normally expected in the work environment. (A detailed description of each job is normally posted during the job competition.) As one component of the Work Term, the student is required to complete a work report. The work report, as a minimum requirement should:
1. demonstrate an understanding of the structure of a professional report, and show reasonable competence in written communication and presentation skills. (Students should consult the evaluation form provided in the placement package.)

Late reports will be graded as FAL unless prior permission for a late report has been given by the co-ordinator. Seminars on professional development, conducted by the Division of Co-operative Education, are presented during Semester 4 to introduce and prepare the student for participation in the subsequent work terms. Topics may include among others, work term evaluation, work report writing, career planning, employment seeking skills, resume preparation, self employment, ethics and professional concepts, behavioural requirements in the work place, assertiveness in the work place and industrial safety.

299W Work Term II follows the successful completion of Semester 6. Students are expected to further develop and expand their knowledge and work-related skills and should be able to accept increased responsibility and challenge. In addition, students are expected to demonstrate an ability to deal with increasingly complex work-related concepts and problems. The work report, as a minimum requirement, should:
1. analyse an issue/problem related to the student’s work environment and demonstrate an understanding of practical application of concepts relative to the student’s academic background
2. demonstrate competence in creating a professional report, and
3. show competence in written communication and presentation skills

Late reports will be graded as FAL unless prior permission for a late report has been given by the co-ordinator.

399W Work Term III follows the successful completion of Semester 7. Students should have sufficient academic grounding and work experience to contribute in a positive manner to the problem-solving and management processes needed and practiced in the work environment. Students should become better acquainted with their discipline of study, should observe and appreciate the attitudes, responsibilities, and ethics normally expected of professionals and should exercise greater independence and responsibility in their assigned work functions. The work report should reflect the growing professional development of the student and, as a minimum requirement, will:
1. demonstrate an increased ability to analyse a significant issue/problem related to the student’s experience in the work environment
2. demonstrate a high level of competence in producing a professional report, and
3. show a high level of competence in written communication and presentation skills

Late reports will be graded as FAL unless prior permission for a late report has been given by the co-ordinator.

9.11 Science

1000 Introduction to Science I is a liberal science course for Arts students, which reflects the way scientists think and work through historical, philosophical and social considerations of the environment we live in. Typical course content includes: the concepts of matter, motion and energy; the chemical basis for life and the interdependence of organisms; and the abundance and distribution of the Earth's natural resources.

1150 Introduction to Physical and Life Sciences (formerly Science 115A) is an introduction to some concepts in the Physical and Life Sciences. This course is primarily intended for the non-science major (Bachelor of Arts; Bachelor of Education (Primary/Elementary)).
CR: the former Science 115A
UL: not acceptable as a prerequisite for 2000 level courses in Physics, Chemistry, Biology, Geography or Earth Sciences

1151 Introduction to Physical and Life Sciences (formerly Science 115B) is an introduction to some concepts in the Physical and Life Sciences. This course is primarily intended for the non-science major (Bachelor of Arts; Bachelor of Education (Primary/Elementary)).
CR: the former Science 115B
UL: not acceptable as a prerequisite for 2000 level courses in Physics, Chemistry, Biology, Geography or Earth Sciences

5998 Exchange Programs in Science will be available only to students attending Memorial University of Newfoundland as part of a formal exchange agreement, memorandum of understanding, or other special arrangement. This course will normally be offered twice a year, from March to August and September to February.
CH: 3 - 15, to be determined for each offering by the Dean in consultation with the appropriate Head of Department or Co-ordinator
PR: permission of the Dean of Science
UL: may be repeated for credit once

AR = Attendance requirement; CH = Credit hours are 3 unless otherwise noted; CO = Co-requisite(s); CR = Credit can be retained for only one course from the set(s) consisting of the course being described and the course(s) listed; LC = Lecture hours per week are 3 unless otherwise noted; LH = Laboratory hours per week; OR = Other requirements of the course such as tutorials, practical sessions, or seminars; PR = Prerequisite(s); UL = Usage limitation(s).

1 The Memorial University of Newfoundland Code

The attention of all members of the University Community is drawn to the section of the University Calendar titled The Memorial University of Newfoundland Code, which articulates the University's commitment to maintaining the highest standards of academic integrity.

2 School Description

A social work program at Memorial University of Newfoundland commenced in 1963 with the offering of a two-year diploma in public welfare. In 1965 the Bachelor of Arts (Social Welfare) degree was initiated, continuing until 1970 when the Bachelor of Social Work was established. The Bachelor of Social Work program is accredited by the Canadian Association of Social Work Education (CASWE). The program is currently accredited to 2014. The School also offers an undergraduate diploma and graduate degrees at the master and doctoral level.

Social Work courses are designed for delivery on a philosophical base of humanism and social justice. This is accomplished in an empowering teaching and learning environment, through the practice of anti-oppression principles, within the context of critical thinking. The curriculum in social work draws upon the substance and analytical processes of the social and behavioural sciences and of the humanities. It reflects Memorial University of Newfoundland and the School of Social Work's traditional commitments to serve the people of Newfoundland and Labrador within a global context.

Additional information regarding the School of Social Work is available at www.mun.ca/socwrk/home.

Students must meet all regulations of the School of Social Work in addition to those stated in the general regulations. For information concerning fees and charges, admission/readmission to the University, and general academic regulations (undergraduate), refer to UNIVERSITY REGULATIONS.

2.1 Vision

The School of Social Work strives to strengthen human relationships and promote social justice through academic excellence.

2.2 Mission

The School of Social Work promotes social justice by providing social work education, conducting scholarly inquiry, disseminating knowledge and contributing to public policy and practice thereby addressing the needs and aspirations of the local and global communities with whom we collaborate and interact.

3 Description of Programs

All courses of the School are designated by the abbreviation SCWK.

3.1 Bachelor of Social Work

The Bachelor of Social Work is a full-time program that is offered as a first or second degree program and is comprised of course work and two internships. The degree qualifies graduates for beginning professional practice in social work settings. The objectives of the liberal education aspect of the undergraduate program includes the achievement of: general knowledge of people and nature, analytical and critical thinking and communication skills and knowledge of social, political and economic impacts in society. The objectives of the
undergraduate program are to prepare students to: promote social justice and social well being and creatively challenge oppression; acquire and apply knowledge, skills, values, professional ethics and critical thinking abilities; recognize limitations and strengths as a beginning social work practitioner; integrate reflexively critical self-awareness; assume leadership in collaboration and interdisciplinary practice; utilize and participate in innovative and traditional inquiry and research models; creatively practice with diverse individuals and collectives; promote and critique the social work profession on, regional, provincial, national and global levels; commit to the process of lifelong learning; participate collaboratively and respectfully in innovative teaching and learning processes; and address issues of transition and crisis in diverse contexts (individuals, families, communities, formal organizations and society).

The aim of the program is to develop social workers with generically based skills for working with individuals, families, communities, and groups. Students receive an education which prepares them to work in urban centres and rural settings. A special emphasis is placed on the importance of identifying local needs and developing the means of meeting these needs in the context of available resources.

There is a Program Residency Requirement for both the First and Second Degree programs requiring students to take specific courses on the St. John's campus. Although the majority of courses are taught on-campus, selected courses are occasionally taught by distance format.

### 3.1.1 Social Work Internships

- In addition to their course work, students are required to complete two supervised internships.
- Although consideration will be given to all factors affecting the location and type of internship, the final decision regarding placement rests with the School.
- Students are responsible for all costs associated with internships including travel and accommodation.
- Placements for most students will include residence in a location away from urban centres.

### 3.2 Diploma in Social Work

Pending availability of resources, a program leading to the Diploma in Social Work may be designed for groups of students with particular needs. This program is only offered to cohorts and not individual students. Admission of individual students to a diploma program is competitive and selective. Information about diploma programs can be obtained by contacting the Director of the School of Social Work.

### 4 Admission/Readmission Regulations for the Bachelor of Social Work

In addition to meeting the UNIVERSITY REGULATIONS students must meet the admission/readmission regulations for the School of Social Work.

#### 4.1 General Information

1. Entry to programs is competitive for a limited number of placements.
2. Selection of candidates will be based on academic standing, relevant work/volunteer experience, and personal suitability for a career in social work.
3. The School of Social Work depends on the cooperation of community agencies external to the University to provide field internships and instruction to its students. Many of these agencies have a range of requirements, such as a Certificate of Conduct or a Child Protection Records Check, which must be completed before starting the internship. Students unable to meet these agencies’ requirements may be delayed in their program or prevented from completing their program of study. Students are required to complete and update these requirements in a timely fashion and at their own expense. The procedures of any given agency may change from time to time and are beyond the control of the University.
4. The School may, at its discretion, give preference to applicants with special needs, provided that they have met the minimum numeric grade and course requirements for admission to the program.
5. Students applying for readmission must meet all admission and promotion requirements of the School of Social Work in effect for the year in which re-admission is being sought.

#### 4.2 Application Forms and Deadlines

1. The Bachelor of Social Work as a First Degree program commences in the Fall semester. The Bachelor of Social Work as a Second Degree program will normally commence in the Winter semester. The deadline for application for admission is March 1. Students are encouraged to submit their applications as early as possible.
2. Applications received after the deadline, and incomplete applications will not be considered.
3. Application forms are available on-line at www.mun.ca/socwrk/undergraduate/apply.php or in person from the School and the Office of the Registrar. Application forms may also be obtained by writing the School of Social Work, Memorial University of Newfoundland, St. John's, NL, A1C 5S7 or the Office of the Registrar, Admissions Office, Memorial University of Newfoundland, St. John's, NL, A1C 5S7.
4. Applicants for readmission to the School of Social Work must submit a School of Social Work application to the Office of the Registrar by March 1 for Fall semester readmission, February 1 for Spring semester readmission, and October 1 for Winter semester readmission. Applications received after these deadlines will be considered only if a place is available in the School of Social Work.
5. All applications for admission or readmission must be submitted to the Office of the Registrar. A complete application package includes an application to the University (for those who have not attended Memorial University of Newfoundland in the two preceding semesters), an application to the School and any other required documentation.

#### 4.3 Admission Requirements

##### 4.3.1 First Degree Program

1. To be considered for admission to the Bachelor of Social Work program, applicants must have completed the 30 credit hours outlined below by the end of the Winter semester for the year in which admission is being sought and must achieve an overall average of at least 65% in these courses and a grade of at least 65% in Social Work courses. These courses and credits must have been taken at Memorial University of Newfoundland or accepted for transfer credit from a recognized university or university college. The 30 credit hours are:
School of Social Work 2011-2012

- six credit hours in English
- Psychology 1000 and 1001
- Sociology 1000
- Social Work 1710
- 12 credit hours in non-social work elective courses. No more than 6 of these credit hours can be taken from areas other than arts and science.

2. In addition, applicants must have achieved an average of at least 65% in the courses comprising the last 30 credit hours attempted by the end of the Winter semester for the year in which admission is being sought and for which a numeric grade has been assigned.

3. In addition to other criteria used in the selection process, applicants for admission will be ranked according to their academic performance, which will be based on the cumulative average, together with the average on the last 30 credit hours for which a numeric grade was given and the overall average on the 30 prerequisite credit hours noted above.

4. Successful candidates completing courses during the Spring semester will be required to meet the Academic Requirements and Promotion Regulations of the School of Social Work.

5. A student will not be considered for admission if he/she has attempted and failed to receive a grade of 65% or higher in two or more SCWK courses or has failed to receive a grade of 65% or higher in the same social work course twice.

4.3.2 Second Degree Program

The Bachelor of Social Work as Second Degree is a 60 credit hour program intended for candidates who have completed the required courses, meet the academic performance requirements, and have extensive employment and/or formal volunteer experience. Priority is given to applicants who are bona fide residents of the province of Newfoundland and Labrador.

1. To be considered for admission to the Bachelor of Social Work as a Second Degree, individuals must have:
   - been awarded a Bachelor’s Degree, or approved (by the end of the Winter semester preceding the academic year in which admission is being sought) for the award of a Bachelor’s Degree from a university recognized by Memorial University of Newfoundland;
   - achieved a minimum average of at least 70% in the last 60 credit hours of undergraduate study attempted by the end of the Winter semester preceding the academic year in which admission is being sought and for which a numeric grade has been assigned;
   - completed the 30 credit hours outlined below by the end of the Winter semester preceding the academic year in which admission is being sought and achieved an overall average of at least 70% in these courses and a grade of at least 65% in Social Work courses. These courses and credits must have been taken at Memorial University of Newfoundland or accepted for transfer credit from a recognized university or university college. The 30 credit hours are:
     - Social Work 1710
     - Six credit hours in English
     - Psychology 2010 and 2011 or (2025 and 3 credit hours in Psychology at the 2000 level or above)
     - Six credit hours in Sociology of which 3 must be at the 2000 level or above
     - Nine credit hours at the 2000 level or above selected from the following: Anthropology, Economics, Folklore, Geography, History, Linguistics, Philosophy, Political Science, Psychology, Sociology and/or Women’s Studies (1000 level will be acceptable for Women’s Studies only).
   - completed 300 hours of verified formal work/volunteer experience in human services

2. In addition to other criteria used in the selection process, applicants for admission will be ranked according to their academic performance.

3. A student will not be considered for admission if he/she has attempted and failed to receive a grade of 65% or higher in two or more SCWK courses or has failed to receive a grade of 65% or higher in the same social work course twice.

4. Successful candidates completing courses during the Spring and/or Fall semester(s) that precede the program commencement semester will be required to meet the Academic Requirements and Promotion Regulations of the School of Social Work.

4.3.3 Acceptance Procedures for Admission

1. Applicants for the First Degree program will normally be notified of admission decisions by early June. Approved applicants for this program option will be admitted in Fall semester only.

2. Applicants for the Second Degree program will normally be notified of admission decisions by early June. Approved applicants for this program option will normally be admitted in the Winter semester only.

4.3.4 Readmission Requirements

In addition to requirements specified in Admission/Readmission Regulations for the Bachelor of Social Work, applicants for readmission to the Bachelor of Social Work will be assessed for eligibility in accordance with Academic Requirements and Promotion Regulations, in effect for the year in which readmission is being sought, and contingent upon availability of a seat in the semester for which readmission is sought. Students who are readmitted to the program following a five-year absence will be required to do remedial work upon the recommendation of the Committee on Undergraduate Studies. Remedial work may include the repetition of classroom and/or internship courses.
5 Program Regulations

5.1 Bachelor of Social Work (as a First Degree)

1. The 120 credit hour Bachelor of Social Work (as a First Degree) requires, 48 non-SCWK credit hours and 72 SCWK credit hours that include two internships as defined in Table 1 Bachelor of Social Work (as a First Degree).

2. Following admission to Year 2, credit hours shall normally be taken in the sequence as set out in Table 1 Bachelor of Social Work (as a First Degree). Students wishing to change the sequence and/or reduce the course load specified for Years 2 - 4 must receive written approval from the Director of the School. A change in course sequence may result in an extension to the length of time normally required to complete the program.

3. Students must complete the application for Social Work internship placement three months prior to the semester in which the internship begins.

5.2.1 Program Residency Requirements

Students shall be required to successfully complete all Social Work courses on the St. John's campus except for: SCWK 3300, 3311, 3521, and 4302.

6 Academic Requirements and Promotion Regulations

6.1 General Information

1. The Committee on Undergraduate Studies will determine a student's promotion status at the end of each academic term.

2. These regulations shall apply from the date of the application for admission/re-admission to the program to the completion of the program.

3. In addition to meeting the academic requirements and promotion regulations for the School all students must meet the general academic regulations (undergraduate). For further information refer to UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate).

6.2 Promotion Status

A student's promotion status at the end of each term will be in one of the following three categories:

6.2.1 Clear Promotion

Clear Promotion means that a student can proceed to the next term without restrictions. Clear Promotion will be given to a student

- who has completed the academic term with an overall average of at least 65% and with a numeric grade of at least 65% in each SCWK course.
- who has completed an internship with a letter grade of PAS (pass).
- who has maintained professional behaviour consistent with the current Code of Ethics of the Canadian Association of Social Workers (CASW) which is available at www.casw-acts.ca/ and the Suitability Policy of the School of Social Work which is available at www.mun.ca/socwrk/undergraduate/fieldBSW/Appendix_SF-2.pdf.

6.2.2 Probationary Promotion

Probationary Promotion means that a student has not received a Clear Promotion and must meet certain conditions to obtain Clear Promotion. Probationary Promotion will be given to a student

- who has not obtained an overall term average of at least 65%. The student will be issued a letter of warning and must obtain an overall average of at least 65% in the subsequent academic term.

- who has not obtained a numeric grade of at least 65% in each required SCWK course. The student must repeat the course(s) within three academic terms from the unsuccessful completion and obtain a numeric grade of at least 65%. The student will not be permitted to repeat more than two SCWK courses in the program and will subsequently be denied promotion should she/he receive less than 65% in the same social work course twice.

- who has not obtained a numeric grade of at least 65% in each elective SCWK course. The student must successfully complete this course or another appropriate SCWK elective with a numeric grade of at least 65% before completion of the program. The student will not be permitted to repeat more than two SCWK courses in the program and will subsequently be denied promotion should she/he receive less than 65% in the same social work course twice.

- who has voluntarily withdrawn from an internship before its completion with the prior approval of the Field Administrator and the Committee on Undergraduate Studies. In addition to the designation Probationary Promotion, the student will also receive a letter
grade of DR (drop) for that internship. The student will be required to successfully complete another internship before continuing in the program.

- who behaves in a manner that breaches the current Code of Ethics of the Canadian Association of Social Workers which is available at www.casw-acts.ca/ and/or the Suitability Policy of the School of Social Work but for which the School considers that withdrawal from the program is not warranted. The Suitability Policy of the School of Social Work is available at www.mun.ca/socwrk/undergraduate/fieldBSW/Appendix_SF-2.pdf.

6.2.3 Promotion Denied
Promotion Denied means that a student has not received either a Clear Promotion or a Probationary Promotion and must withdraw from the School. A student's eligibility for readmission is governed by conditions detailed below in Other Information. Promotion denied will be given to a student:
- who has not met the conditions of his/her probation.
- who has received a numeric grade of less than 65% in more than two SCWK courses.
- who has received a numeric grade of less than 65% in the same SCWK course twice.
- who has withdrawn from an internship without the prior approval of the Field Administrator and the Committee on Undergraduate Studies.
- who has received a letter grade of FAL (fail) in an internship.
- who behaves in a manner that breaches the current Code of Ethics of the Canadian Association of Social Workers which is available at www.casw-acts.ca/ and/or the Suitability Policy of the School of Social Work and for which the School considers that withdrawal from the program is warranted. The Suitability Policy of the School of Social Work is available at www.mun.ca/socwrk/undergraduate/fieldBSW/Appendix_SF-2.pdf.

6.2.4 Other Information
1. A student will not be eligible for consideration for admission or readmission to the School if he/she has:
   - received a numeric grade of less than 65% in more than two SCWK courses in the entire program, or received a numeric grade of less than 65% in the same SCWK course twice;
   - received a letter grade of FAL (fail) in more than one internship; or
   - behaved in a manner that breaches the current Code of Ethics of the Canadian Association of Social Workers which is available at www.casw-acts.ca/ and/or the Suitability Policy of the School of Social Work and for which the School considers that withdrawal from the program is warranted. The Suitability Policy of the School of Social Work is available at www.mun.ca/socwrk/undergraduate/fieldBSW/Appendix_SF-2.pdf.

2. A student who has been denied promotion and has had to withdraw from the School but is eligible for consideration of readmission to the School
   - must withdraw from the School for two academic terms before reapplying; and
   - will be permitted only one readmission to the School.

6.3 Leave of Absence
1. Any student who wishes to withdraw from the program and to retain his/her status in the program may do so only with the written approval of the Committee on Undergraduate Studies and for a maximum period of one academic year. A student who wishes to resume his/her studies within this period must notify the Director in writing three months prior to the beginning of the term in which he/she wishes to continue his/her program.

6.4 Student Withdrawal
1. A student may be required to withdraw from the program at any time, on the recommendation of the Committee on Undergraduate Studies, if the student is deemed to have behaved in a manner that breaches the Canadian Association of Social Workers Code of Ethics and/or the School of Social Work Suitability Policy and for which the committee considers that withdrawal from the program is warranted. The Committee on Undergraduate Studies may determine the withdrawal to be conditional or permanent depending on the circumstances precipitating the action.

2. In the case of a conditional withdrawal, the Committee on Undergraduate Studies will determine the duration of the withdrawal and any conditions the student must fulfill during the withdrawal. Upon successful completion of the conditions, the student may be permitted re-entry to the program. Failure to meet conditions may result in a permanent withdrawal.

3. In the case of a permanent withdrawal, the student will not be eligible for future admission/readmission to the Bachelor of Social Work program.

7 Waiver of School Regulations
Every student has the right to request waiver of School regulations. A student wishing waiver of University academic regulations should refer to UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Waiver of Regulations.

7.1 General Information
1. The School reserves the right in special circumstances to modify, alter, or waive any School regulation in its application to individual students where merit and equity so warrant in the judgment of the Committee on Undergraduate Studies of the School.

2. All requests must be submitted to the Committee on Undergraduate Studies of the School for consideration.

3. A student requesting a waiver of a School regulation must submit the request in writing to the Chair of the Committee on Undergraduate Studies. Medical and/or other documentation to substantiate the request must be provided.

4. Any waiver granted does not reduce the total number of credit hours required for the degree.

8 Appeal of Regulations
1. Any student whose request for waiver of School regulations has been denied has the right to appeal. For further information refer to UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Appeal of Regulations.
2. An applicant who has been denied admission has the right to appeal this decision of the Admissions Committee if it is felt by the applicant that the decision was reached on grounds other than those outlined in Admission/Readmission Regulations for the Bachelor of Social Work. The appeal should be made in writing within fourteen days of the notification of the decision and should be directed to the Director of the School. The letter should state clearly and fully the grounds for the appeal. If the Director of the School, in consultation with the Registrar, judges the grounds to be sufficient, the formal appeals mechanism will be initiated.

9 SCWK Courses Available to Students Not Admitted to a Program Offered By the School

If space is available students may be permitted to register for any SCWK course with the approval of the Director, School of Social Work.

10 Course Descriptions

In accordance with Senate’s Policy Regarding Inactive Courses, the course descriptions for courses which have not been offered in the previous three academic years and which are not scheduled to be offered in the current academic year have been removed from the following listing. For information about any of these inactive courses, please contact the Director of the School.

All courses of the School are designated by SCWK.

1710 Social Work Philosophy and Practice provides an overview of the historical development, philosophical orientation, basic values, principles and ethics, and fields of practice of the profession. The course will examine critical social problems that impact societies with an emphasis on the quest for social justice at local, national, and global levels.
CR: the former SCWK 2700

2211 Diverse Theories for Social Work Practice provides an overview of critical and practice theories that explain problems and guide the change process. Students will become familiar with theories that involve students in a critical analysis of a broad range of theories including: Critical theories such as structural, feminist, Marxist, anti-racist, aboriginal, queer, anti-oppressive practice; modern theories such as solution-focused, cognitive-behavioral, and narrative; postmodern theories such as solution focussed and narrative; and Macro practice, social action, and community organization.
CO: SCWK 3320 and 2711
PR: SCWK 1710 or the former SCWK 2700

2320 Social Work Knowledge and Skills for Assessment and Intervention introduces beginning skills for social work practice. The relevance of relationship based approach, a strengths perspective and an anti-oppressive stance will be considered as students acquire biopsychosocial assessment and interviewing skills. Attention is given to self-awareness, professional identity and a wide range of beginning counselling skills with diverse populations and situations such as: Aboriginal people, involuntary clients, suicide risk, domestic violence; clients in crisis and children at risk.
CO: SCWK 2211 and 2711
CR: the former SCWK 3320, the former 3321 and the former 4310
PR: SCWK 1710 or the former SCWK 2700

2321 Social Work Knowledge and Skills for Personal and Social Change addresses knowledge, skills and competencies that enable the social worker to facilitate positive change within the middle and end stages of intervention. Emphasis will be given to a range of current best known practices within the context of critical and community applications, promoting social justice, strengths and critical thinking. General practice approaches that may be applied with individuals, families and communities will be emphasized.
CR: the former SCWK 3421
PR: SCWK 2211, 2320 and 2711

2520 Social Work: Critical Analysis of Social and Health Policy engages students in critical analysis of local and national social and health policy development from a social work perspective. The course explores topics that are relevant to direct service provision such as: the influence of historical context on policy development, interactions among federal, provincial, and local governments that influence policy and leadership; and advocates roles of social workers in program development in a diverse and changing environment.
CR: the former SCWK 2510 and 2710
PR: SCWK 2211, 2320 and 2711 or admission to the second degree program option

2711 Social Justice and Social Work Practice explores human rights from a global perspective and examines social responsibility, the nature of oppression and marginalization and strategies to promote social justice and prevent injustice. Reflective practice principles and experiential activities will form the basis for examining use of self and the relevance of social location, and the application of: critical theoretical perspectives, critical empathy and ethical evaluation for anti-oppressive practice at the individual and structural/organizational level.
3530 Aboriginal Social Development - inactive course

3720 Ethical and Legal Issues in Social Work Practice examines ethical theories, decision-making models and key legislation in a variety of areas including child welfare, youth justice, privacy, health, human rights to resolve dilemmas in practice. Components of legislation and the Social Work Code of Ethics are analysed to determine approaches to practice dilemmas. Consideration and critical analysis of frameworks for decision making will lead to a personal model for practice choices.

CO: SCWK 2321 and 3521; or SCWK 2321, 3412, 3413, and 4314
CR: the former SCWK 5720
PR: SCWK 3300 and 3311 or admission to the second degree program option

4302 Social Work Internship 2 is a 350 hour supervised field experience that provides students with opportunities to apply social work principles, knowledge and skills. It also provides students with the capacity for independent practice at micro and macro levels. Emphasis is on developing strong analytical abilities, applying enhanced practice skills, mastering a variety of social work roles, implementing strategies that impact social justice and making professional judgments in increasingly complex situations.

CH: 12
CO: either SCWK 4323, 4321 or 4322; or one of SCWK 4820-4829; or SCWK 4321
CR: the former SCWK 5300, 5301, and 5315-5319
PR: SCWK 4312, 4313, 4314 and 4410

4312 Social Work Knowledge and Skills for Community Development emphasizes theory and practice of community organizing and community development within the context of social justice. Frameworks for community practice are critically analysed through examination of ethical dilemmas, accountability issues, practice skills, leadership and other roles. Urban, rural and cultural differences are considered in relation to their influence on effective community organizing and development work.

CO: SCWK 4313, 4314 and 4410; or SCWK 2321, 3720, 4313 and 4314
CR: the former SCWK 5322
PR: SCWK 3221, 3521 and 3720 or admission to the second degree program option

4313 Social Work Knowledge and Skills for Group and Team Work introduces students to social work methods and skills in group practice and team work. The design and implementation of diverse group types, evaluative models and the parallels between group and team functions are explored. The characteristics and challenges of interdisciplinary team work are considered as well as effective strategies and unique roles that social workers can contribute for effective team collaboration.

CO: SCWK 4313, 4314 and 4410; or SCWK 2321, 3720, 4312 and 4314
CR: the former SCWK 4300
PR: SCWK 3221, 3521 and 3720 or admission to the second degree program option

4314 Social Work Knowledge and Skills for Practice with Families prepares students to offer direct services to families through increasing their knowledge of family functioning and their competence in family assessment and intervention. Critical analysis of models of family intervention and exploration of ethical issues form the basis for application of selected approaches to family work including: structural therapy, solution focused approach and crisis intervention.

CO: SCWK 4312, 4313 and 4410; or SCWK 2321, 3720, 4312 and 4313
CR: the former SCWK 5325
PR: SCWK 3221, 3521 and 3720 or admission to the second degree program option

4317 Field of Practice: Child Welfare Prevention, Crisis Intervention and Protection examines legislation that protects the rights of children, best practice in child welfare and care and protection of children within a community context. Social work intervention with complex issues such as family violence, poverty, cultural influences, addictions and mental health impacts are explored through feminist, aboriginal, empowerment and anti-oppressive perspectives. Continuity of care, permanency planning and the impact of separation are addressed through critical analysis of child welfare programs, and care giving models.

CO: SCWK 4312, 4313, 4314 and 4410
PR: SCWK 3221, 3521 and 3720
CR: the former SCWK 5328
PR: SCWK 4312, 4313, 4314 and 4410

4321 Field of Practice: Social Work in Child Abuse and Protection is aimed at developing knowledge and social work skills necessary for intake, crisis intervention, assessment, family support, removal, community placement, family reunification, and amelioration, within the context of social justice and the best interest of those most vulnerable for maltreatment and oppression. It addresses child-youth neglect, physical abuse, sexual abuse, emotional abuse, exploitation, problems, risks, needs and harm and includes trauma and developmental impacts.

CO: SCWK 4302
CR: the former SCWK 5328
PR: SCWK 4312, 4313, 4314 and 4410

4322 Field of Practice: Social Work in Gerontology reviews aging from a biopsychosocial perspective with an emphasis on the strengths of seniors and the impact of oppression on the lives of the elderly. The course will explore legislation, policies, societal trends and elder abuse, and consider the social work role in developing strategies for healthy aging and service provision for seniors.

CO: SCWK 4302
CR: the former SCWK 4615 and 5615
PR: SCWK 4312, 4313, 4314 and 4410

4323 Field of Practice: Social Work in Addictions is aimed at developing knowledge skills, and beginning competence, necessary for assessment and intervention with populations experiencing problems and risks associated with the use and abuse of chemicals and non-chemical addictions throughout the lifespan. Themes addressed include: the oppression of addictions; social determinants of addictions, the social worker’s role in the continuum of care; strengths, the special needs of women, aboriginal, and GLBT populations.

CO: SCWK 4302
CR: the former SCWK 4616
PR: SCWK 4312, 4313, 4314 and 4410

4410 Applied Research and Evaluation for Social Work Practice teaches theories, concepts and methods of systematic inquiry and its relationship to professional social work judgment and action. The contribution of applied research to social justice, community based inquiry and accountability and evidence based practice is emphasized. Topics to be explored include: quantitative, qualitative, action and evaluative approaches to systematic inquiry for social work practice; ethical considerations in social work research.

CO: SCWK 4312, 4313 and 4314; or SCWK 2211, 2320, 2520, and 2711
CR: the former SCWK 4420 and 4421
PR: SCWK 3221, 3521 and 3720 or admission to the second degree program option

4620 Field of Practice: Social Work in Interdisciplinary Mental Health and Health Services provides an overview of mental health and illness, the impact on people and communities and social work interventions within an interdisciplinary community context. The oppression of illness, disability and mental health problems across the lifespan is considered as well as the role of social work in the continuum of care. Topics include: mental health, health, mental illness, disability, social determinants of health, social movements and advocacy.

CO: SCWK 4312, 4313, 4314 and 4410
CR: the former SCWK 4610, 5610 and 5613
PR: SCWK 3221, 3521 and 3720

4820-4829 Selected Topics in Social Work may be offered by the School. Students should consult the School for selected topics being offered in a given semester.

The Memorial University of Newfoundland Code

The attention of all members of the University Community is drawn to the section of the University Calendar titled The Memorial University of Newfoundland Code, which articulates the University’s commitment to maintaining the highest standards of academic integrity.

General Information and Regulations Governing All Graduate Students

School Description
Memorial University of Newfoundland’s School of Graduate Studies (SGS) is home to almost 3,000 graduate students enrolled in over 100 graduate diploma, and master’s and doctoral degree programs. The School is a central agency responsible for the collection, maintenance, and distribution of materials on graduate students. It maintains graduate files and administers graduate applications, admissions, comprehensive examinations, thesis examinations, and doctoral defences. SGS is also responsible for registrarial functions, graduate enrolment management, and recruitment, and administers graduate student funding including assistantships, external and internal scholarships, baseline fellowships, supervisor support, and Tricouncil global payments.

2.1 The School assists academic units in developing new program proposals and administers their approval. Through its Academic Council, SGS also provides a forum for representatives from all faculties, schools, and the Graduate Students’ Union to discuss matters pertaining to graduate education. The Council ensures maintenance of standards across all graduate programs by considering policies relating to graduate studies, approving regulation changes and appeals, receiving reports from standing and ad hoc committees, and making recommendations on matters affecting graduate studies.

Additional information regarding the School of Graduate Studies is available at www.mun.ca/sgs/.

Students must meet all regulations of the School in addition to the General Regulations, the Degree Regulations and any additional requirements of the appropriate Department. For information concerning fees and charges refer to Fees and Charges, UNIVERSITY REGULATIONS.

Programs

The following graduate diploma and degree programs are offered by Memorial University of Newfoundland. Interdisciplinary study is encouraged by the University, and prospective applicants should make enquiries about their interests from all the areas of study concerned.

2.2.1 Graduate Diplomas
Clinical Epidemiology
Community Health and Humanities
Fisheries Resource Management
Post-Secondary Studies (Health Professional Education)
Post Masters Nurse Practitioner

2.2.2 Graduate Degrees
Master of Applied Science
Master of Applied Social Psychology (Co-operative)
Master of Applied Statistics
Master of Arts
Master of Arts and Education (Education and Francophone Literatures and Cultures)
Master of Business Administration
Master of Education
Master of Employment Relations
Master of Engineering
Master of Engineering Management
Master of Environmental Science
Master of Marine Studies (Fisheries Resource Management)
Master of Maritime Management
Master of Music
Master of Nursing
Master of Philosophy
Master of Physical Education
Master of Public Health
Master of Science
Master of Science in Kinesiology
Master of Science in Medicine
Master of Science in Pharmacy
Master of Social Work
Master of Technology Management
Master of Women’s Studies
2.3 Definition and Explanation of Terms Used in this Calendar

2.3.1 Special/Selected Topics Courses
Where a block of courses has been approved under a general heading such as selected topics, special areas, directed readings or like heading, each new course offered from that block of courses shall be approved in advance by the Faculty/School Council (or delegated Graduate Studies Committee). To ensure an orderly use of the courses and non-duplication between course numbers, titles and contents, the Council (or Committee) shall require the same quality and type of information as is needed for the approval of a regular course. (Consult the School of Graduate Studies or Deputy Registrar for administrative procedures.)

2.3.2 Dean of Graduate Studies
In all regulations following, reference to “the Dean” refers specifically to the Dean of Graduate Studies.

2.3.3 Credit Hour
A credit hour is the measure used to reflect the relative weight of a given course towards the fulfillment of appropriate degree, diploma, certificate, major, minor, or other program requirements. Normally, a course has a credit value of 3 credit hours. A weight of one credit hour normally means that the course meets for lectures one hour per week for the duration of a semester or two hours per week for the duration of a session. The number of hours of required instruction, outside of lecture time, such as laboratory instruction, tutorials, etc. may or may not impact on the number of credit hours assigned to a particular course and academic units may recommend to the Senate a greater or lesser whole number of credit hours for a particular course.

2.3.4 Graduate Course
1. A graduate course comprises a unit/units of work in a particular subject normally extending through one semester, the completion of which carries credit toward the fulfillment of the requirements for a postbaccalaureate degree, diploma or certificate.
2. Accelerated courses are not normally permissible in graduate programs.
3. Courses required as part of a graduate student’s program are known as program courses. Tuition for such courses is covered by the semester fee.
4. Courses which are not required as part of a graduate student’s program are known as non-program courses. Students registering for such courses will be required to pay the appropriate per-course fee.

2.3.5 Policy Governing the Auditing of Courses
1. In order to audit any course, an individual must receive permission from the instructor in that course, the Supervisor/advisor and the administrative Head of the unit in which the course is offered. Matters to be considered shall include class size, impact on students registered for credit and other factors judged relevant by the academic unit; and permission cannot be given until the number of registrations for credit is known.
2. Individuals auditing courses shall limit their participation to that deemed appropriate by the instructor; auditors are not permitted to write formal examinations, nor to have their work formally assessed.
3. Students who require a testamur of audition may request the same from the instructor of the course. Students will not register for audit courses nor will a record of audit courses appear on students’ transcripts.

2.3.6 Semester
A semester means a period of approximately 14 consecutive weeks during which the University is in regular session and in which period there are at least 12 teaching weeks as defined by the Senate. Normally the Fall semester commences in early September, the Winter semester in early January, and the Spring semester in early May.

2.3.7 Academic Year
The academic year is from September 1 of one year to August 31 of the following year.

2.3.8 Graduate Student
A graduate student is one who has been admitted to a graduate degree or a graduate diploma program.
A full-time graduate student is one who registers as such, devotes full time to his or her academic program and may not commit more than 24 hours a week working time, including teaching assistant or research assistant duties, to matters other than the degree program.
A part-time graduate student is one who is registered for the duration of a semester and is not classified as full-time.

2.3.9 Visiting Research Student
1. A student who is registered in good standing in a graduate program at another recognized institution who comes to Memorial University of Newfoundland to conduct research under the supervision of Memorial University of Newfoundland faculty members is considered to be a visiting research student. In order to obtain access to University resources, and where applicable, a study permit, such a student will be required to register each semester of their visit for GRAD 9900 using a Course Change Form.
2. To be eligible to register, a visiting research student must submit an Application for Admission form to the School of Graduate Studies, accompanied by: a) a letter from their home institution verifying graduate student status, and b) a letter from the host faculty member confirming the duration of the visit. The student will then be admitted to the School of Graduate Studies to a “non-degree” program.
3. Visiting research students will be exempt from tuition fees. However, all visiting research students will be required, as a condition of registration, to purchase health insurance (international students should contact the International Student Advisor, whereas Canadian citizens or permanent residents of Canada should contact the Graduate Students’ Union for more information). If a visiting research student wishes to register for a course while at Memorial University of Newfoundland, s/he must meet the University admission requirements and pay the undergraduate per course fee as indicated under the UNIVERSITY REGULATIONS - Fees and Charges in the University Calendar.
2.3.10 Program
1. A program, whether it comprises courses only, courses and comprehensive examination, or courses, internship, project, thesis research, paper folio is defined for each graduate student in accordance with Departmental and University Regulations. Each program of study is recommended by the appropriate academic unit, and must be approved in writing by the Dean of Graduate Studies before the beginning of the graduate student’s second year of study.

2. Responsibility for the administration of the program shall rest with the Dean acting on behalf of the School.

Note: The following general statements concerning admission and Degree requirements should be supplemented by the detailed regulations governing each program.

2.3.11 Double Degree Programs
1. Memorial University of Newfoundland offers graduate students the opportunity to carry out a joint research project through a cotutelle agreement between Memorial University of Newfoundland and another recognized institution. The student would be expected to participate in research and fulfill degree requirements at both institutions. Students who successfully complete all program requirements would earn doctoral degrees from both institutions. Memorial University of Newfoundland’s Guidelines for Cotutelle Agreements, approved by the Academic Council of the School of Graduate Studies, provides information on the details on the method of establishing such an agreement and program.

2. Upon successful completion of the program, Memorial University of Newfoundland and the cooperating institution will each issue its own doctoral degree certificate. On the certificate and subsequently on the university transcript, the following notation will be added: “This Ph.D., was awarded within a cotutelle agreement. The student was jointly enrolled at University XYZ and Memorial University of Newfoundland and successfully completed the degree requirements of both institutions.”

3. Graduate students interested in this type of program should contact the School of Graduate Studies for further information.

2.4 General Regulations

2.4.1 Qualifications for Admission

2.4.1.1 Graduate Diploma Programs
To be considered for admission to a Graduate Diploma program, the minimum requirements will normally be a second-class degree from a university of recognized standing, in an appropriate area of study.

A candidate admitted to a Graduate Diploma program, who has demonstrated to the satisfaction of the Faculty/School/Department concerned their ability to pursue research at the master's level, may be permitted subsequently to transfer his/her candidature to that of a master's in the affiliated program area and will thereafter be awarded only the master's at the end of his/her candidature.

2.4.1.2 Master's Programs
To be considered for admission to a Master's program, the minimum requirements will normally be a second-class degree from a university of recognized standing, in an appropriate area of study.

2.4.1.3 Ph.D. and Psy.D. Programs
1. To be considered for admission to a Ph.D. program, the minimum requirements will normally be a Master's degree from a university of recognized standing, in an appropriate area of study. Other students may be considered for admission to a Ph.D. program provided that:
   a. they have been registered in a Master’s program for a minimum of 12 months, and have demonstrated to the satisfaction of the Faculty/School/Department concerned their ability to pursue research at the Doctoral level. Such transfer should take place no later than the 5th semester of the student's Master's program as indicated under UNIVERSITY REGULATIONS - Fees and Charges in the University Calendar; or
   b. they hold a Bachelor's Degree with Honours, or equivalent, from a university of recognized standing, and that the Faculty/School/Department is satisfied of the students' ability to pursue research at the Doctoral level.

2. To be considered for admission to the Psy.D. program, the minimum requirements will normally be an undergraduate honours degree in Psychology that includes senior courses as indicated under the Regulations Governing the Degree of Doctor of Psychology.

2.4.1.4 Applicants Not Meeting Qualifications
Only in exceptional circumstances, and only upon the recommendation of the Faculty/School/Department concerned, will the Dean consider applicants who do not meet the requirements in 1. or 2. above.

2.4.1.5 English Proficiency Requirements
Since English is the primary language of instruction at this University, all applicants seeking admission to the School of Graduate Studies must possess an adequate knowledge of written and spoken English as a prerequisite to admission. Regardless of country of origin or citizenship status, applicants will be required to demonstrate proficiency in the English language. This demonstration may take one of the following forms:

1. Successful completion of the equivalent of three years of full-time instruction in an English language secondary institution as recognized by Memorial University of Newfoundland including successful completion of at least two courses in English Language and/or Literature at the Grade XII (or equivalent) level. Please note that these courses must be other than English as a Second Language (E.S.L.) courses.

2. Successful completion of a baccalaureate degree from a recognized University where English is the language of instruction and from which transfer of credit may be allowed by Memorial University of Newfoundland.

3. Successful completion of a post-graduate degree program at a recognized University where English is the language of instruction and from which transfer of credit may be allowed by Memorial University of Newfoundland.
2.4.3.6 Additional Requirements

Particular Departments/Faculties/Schools may require greater strength in English communicative skills than is indicated by the achievement of minimum scores outlined in 4., 5., 6., 7., and 8. above. Any such additional requirements are detailed in the appropriate section of the Calendar.

2.4.3.7 English Language Requirements Subsequent to Admission

1. Students who have been admitted under English Proficiency Requirements, Clauses 4.-8. above, will be required to take an English language placement test on arrival at Memorial University of Newfoundland. On the basis of the test results, students may be required to complete successfully a course of language study designed to bring their English, in any or all of listening, speaking, reading, and writing, to a level required for graduate studies. A final assessment of the students' proficiency in these areas will normally be made no later than the end of the third semester following their first registration in the School of Graduate Studies. As a result of this assessment, and in consultation with the student's academic unit and the Department of English Language and Literature, there may be a recommendation for termination of the student's program.

2. Notwithstanding Additional Requirements above, if a student's Department is not satisfied with the student's ability to communicate in English, then the student may be required to complete successfully the relevant component(s) of the course of study referred to in Additional Requirements. The Department will be required to take this action within three semesters of the student's admission to a graduate program. At the end of this period the Department may recommend, but not require this procedure.

Note: Information regarding the TOEFL program is available on-line at www.toeflgoanywhere.org/index.php. Information regarding the Michigan Test of English is available on-line at www.michigan-test.com. Information regarding the ELTS Test is available on-line at www.ielts.org.

2.4.3.8 Foreign Degree Transcripts

Students who have completed undergraduate programs at universities which issue documents in languages other than English or French shall submit notarized English translations of all supporting documentation, including, but not limited to, transcripts, degrees, and diplomas.

2.4.3 Procedure for Admission

1. Application for admission to graduate studies must be made online to the School of Graduate Studies at www.mun.ca/become/graduate/apply/. The application must be supported by an official transcript of the applicant's university record. If the applicant is a graduate of another university or college, a copy of the Calendar of that institution must be included upon request.

Most graduate programs have September start dates; however, some programs accept students for January and/or May admission. Deadlines for submission of applications can be as early as November for the following September; therefore, applicants should inquire about program start dates and application deadlines of the academic program of interest (see www.mun.ca/become/graduate). Non-Canadian applicants should allow four to six months for processing of official documents with Immigration authorities.

2. Admission to graduate studies shall be upon acceptance by the Dean after assessment of the qualifications of the applicant but no candidate will be admitted unless the academic unit of specialization recommends acceptance along with a proposed program of study and a proposed Supervisor or advisor or, where appropriate, a tutor. Successful applicants will be notified by the Dean of Graduate Studies.

3. The applicant may be required to appear for an interview before a final offer of admission is made.

4. It is recommended that the applicant refer to the appropriate section of this Calendar to ascertain if additional testing information or documentation is required when making initial application.

5. The University reserves the right to refuse admission to any applicant.

2.4.3 Registration

2.4.3.1 Program Registration

1. All graduate students must be registered in each semester for the graduate program registration appropriate to their discipline (see note) until all academic requirements for the degree have been met, except during periods for which leaves of absence have been granted (see Leaves of Absence).

Note: e.g., Linguistics 9000, Chemistry 9000 or, in the case of Medicine, Medicine 9900.

2. A student registered in a graduate diploma, Master’s, Ph.D., or Psy.D. program may not concurrently pursue studies leading to any other degree without the prior approval of the Dean.

2.4.3.2 Program Withdrawal

Students intending to withdraw from their program must inform the Dean of Graduate Studies in writing. The period of withdrawal from a program without incurring liability for that semester's fees is three weeks after the first day of lectures in the semester in question, as stated in the University Diary. Requests received after the end of the regular registration period, and approved, will be charged an administration fee (see Fees and Charges).

2.4.3.3 Course Registration

Note: For interdisciplinary programs, the Head of the academic unit is the Dean or Director of the Faculty/School administering the program.
1. Students will register for courses at the times indicated in the University Diary.
2. Students not admitted to a graduate program may enroll in graduate courses with the permission of the Head of the appropriate academic unit.

2.4.3.4 Changes in Course Registrations
Note: For interdisciplinary programs, the Head of the academic unit is the Dean or Director of the Faculty/School administering the program.

1. Within two weeks following the first day of lectures in any semester, as stated in the University Diary, a graduate student may, upon the approval of the appropriate Head of academic unit, add a course or courses to his or her registration for that semester.
2. Within seven weeks after the first day of lectures in any semester, as stated in the University Diary, a graduate student may, upon the approval of the appropriate Head of academic unit, drop a course or courses from his or her registration for that semester without prejudice.
3. After the period described in 2. above has expired, and up until the last day of lectures, any student who is prevented from completing a course by illness, bereavement or other acceptable cause, duly authenticated in writing may, upon the recommendation of the Head of the appropriate academic unit, drop that course without academic prejudice.

Note: A course cannot be dropped after the last day of lectures without the approval of the Dean of Graduate Studies.

2.4.3.5 Period of Study
1. Each student in graduate studies shall spend such time in the program as decided by the academic unit of specialization and approved by the Dean, and be subject to the following minimum residency.
   a. Except where provided for elsewhere in this calendar, each student for a Master's Degree shall normally spend at least two semesters in residence as a graduate student at this University.
   b. Except where provided for elsewhere in this calendar, each student for a Ph.D. or Psy.D. shall normally spend at least three semesters in residence as a graduate student at this University.

To be resident as a graduate student of this university a student must be registered as a graduate student at Memorial University of Newfoundland and participate in a community of learners and instructors (formally or informally) who are joined together by the practices and standards of a profession or an academic discipline. For most students this will involve taking courses or engaging in research while resident on campus. These attributes may, however, be found elsewhere and it is possible therefore that the residency requirement may be satisfied in an off campus location. In such cases the Dean of Graduate Studies must be satisfied that the attributes are met.

c. Except where provided for elsewhere in this Calendar, each student for a graduate diploma shall normally spend at least one semester in residence as a graduate student at this University.

2. The maximum period of a graduate program shall be seven years beyond first registration.

2.4.3.6 Leaves of Absence
1. General
   a. A leave of absence is a period of time during which a student is not required to register; no fees are assessed; and the time granted is not counted in the maximum time period permitted for a graduate program (see Period of Study).
   b. In the event that circumstances prevent a student from pursuing his/her program, the student may apply to the Dean of Graduate Studies for a leave of absence.
   c. A student may normally apply for only one leave of absence during his/her program. The maximum leave of absence shall normally not exceed 12 months.
   d. An application for leave will normally be made before the end of the registration period in the first semester for which leave is requested. Requests received after the end of the regular registration period, and approved, will be charged an administration fee (see Fees and Charges).
2. Parental
   A student may apply for a leave of absence in the case of pregnancy/birth/adoption of a child. (Such leave will be considered separately from 1.c. above.)

2.4.4 Program Requirements
Note: Every candidate shall complete a program of study as recommended by the Head of the academic unit, in consultation with the Supervisory Committee and approved by the Dean of Graduate Studies. See Procedure For Admission, Clause 2.

2.4.4.1 Graduate Diploma and Master’s Programs
1. Candidates should consult the appropriate Degree and Department/Faculty/School regulations for information concerning the specific program requirements.
2. Graduate diploma programs shall not normally comprise more than 50% of the master's in the same area.

2.4.4.2 Ph.D. and Psy.D. Programs
1. Each candidate is required to pass a comprehensive examination (see Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination).
2. Each candidate shall present a thesis embodying the results of original research.
3. Candidates should consult the appropriate Department/Faculty/School regulations for information concerning the number and specific credit hours that may be required for a program.
4. Candidates may pursue a specified part of their research elsewhere provided that prior permission has been obtained from the Dean on the recommendation of the Head of the academic unit in consultation with the Supervisory Committee.

2.4.4.3 English Writing Requirement
Given the analytical and scholarly demands of study at the graduate level, graduate students are expected to demonstrate an advanced facility with written English in meeting the demands of their course work and, where applicable, in the writing of any end-of-program research report, folio, comprehensive examination, or thesis.
2.4.4.4 Changes in Programs
Any changes in the candidate’s program of studies must be approved by the Dean of Graduate Studies on the recommendation of the appropriate academic unit.

2.4.4.5 Research Involving Animals
The Animal Care Unit offers a seminar in animal care at least once annually. The seminar is administered by the School of Graduate Studies. All graduate students whose degree requirements involve experimentation on living vertebrate animals are required to attend this seminar normally at the first offering following commencement of their program.

2.4.4.6 Graduate Research Integrity Requirement
All graduate students are required to complete the Graduate Research Integrity Program (GRIP), which is administered by the School of Graduate Studies and offered annually in the Winter semester. Successful completion of GRIP is normally required in the first offering following program commencement and will be annotated on the student's transcript.

2.4.4.7 Year of Degree and Departmental Regulations
1. A student completing a graduate degree program in the School of Graduate Studies will follow the degree and Faculty/School/Department regulations in effect in the year in which the student first registers for his/her current program. However, students may elect to follow regulations introduced subsequent to their initial registration.
   Note: The foregoing notwithstanding, in the case of students who have submitted a thesis/report/folio, or students in a non-thesis program who have taken a comprehensive examination, the option of changing regulations is no longer available.
2. When there is doubt as to which degree or Departmental regulations may be followed, the Academic Council of the School of Graduate Studies will decide which are the appropriate regulations.
3. Notwithstanding these guidelines, the University may place limits on the time permitted to complete a program under any given set of regulations. In addition, detailed scheduling of courses and/or work periods may be changed as the University deems appropriate or necessary.

2.4.4.8 Transfer of Course Credits
All such transfers require the approval of the Dean of Graduate Studies, on the recommendation of the Head of the appropriate academic unit.
1. A student who has successfully completed graduate courses at Memorial University of Newfoundland prior to admission to a graduate program may apply to transfer appropriate courses to that program, provided such courses have not been used to satisfy other Degree requirements.
2. A student who has successfully completed graduate courses as part of one graduate program at Memorial University of Newfoundland, and who is subsequently admitted to another program, may apply to transfer appropriate courses to the current program, provided such courses have not been used to satisfy other Degree requirements.
3. A student who has successfully completed graduate courses at another institution recognized by Senate may, on admission to a graduate program at Memorial University of Newfoundland, apply to transfer appropriate courses to the current program, provided such courses have not been used to satisfy other Degree requirements.
4. Students who successfully complete a graduate diploma program may transfer the course credits earned in that program towards a master’s degree if these credits meet the requirements of the master’s in the affiliated area in which the graduate diploma was granted.
   Affiliated Master’s programs for graduate diploma programs currently offered by the School of Graduate Studies are as follows:
   - **Medicine**
     Graduate Diploma in Clinical Epidemiology - Master of Science in Medicine (Clinical Epidemiology)
   - **Education**
     Graduate Diploma in Community Health - Master of Science in Medicine (Community Health) and Master of Public Health
   - **Marine Studies**
     Graduate Diploma in Fisheries Resource Management - Master of Marine Studies (Fisheries Resource Management)
5. In programs requiring a minimum of 12 credit hours or more, transfer of credit hours in graduate courses referred to in 1, 2, and 3 above shall not exceed 30% of the total number of credit hours required. In programs requiring fewer than 12 credit hours, a maximum of 3 credit hours in graduate courses referred to in 1., 2., and 3. above shall be considered eligible for transfer.
6. Graduate courses referred to in 1., 2., 3., and 4. above shall not be considered eligible for transfer if they have been completed more than seven years prior to the date of admission into the current program.

2.4.5 Provision for Waiver of Regulations
Academic regulations notwithstanding, the University reserves the right in special circumstances, to modify, alter or waive any regulation in its application to individual students where, in the judgement of the appropriate University Officer or Committee, there is sufficient justification for doing so.
1. Waivers of course prerequisites/co-requisites may be granted by the Head of an academic unit.
2. Waivers of Departmental regulations may be granted by the Dean of Graduate Studies on the recommendation of the Head of an academic unit.
3. Requests for waiver of a degree or general regulation must be submitted to the Academic Council of the School of Graduate Studies.

2.4.6 Appeal of Regulations
2.4.6.1 General Information
1. Every graduate student has the right to appeal decisions resulting from the application of University regulations.
2. Appeals will be considered in the case of health issues, bereavement and/or other acceptable cause, duly authenticated.

3. For assistance in the appeals process, students are advised to consult with the School of Graduate Studies.

4. In preparing an appeal a student may consult advisors or facilitators. Such advisors or facilitators may include an international advisor, a faculty advisor, a counsellor, a representative from the Memorial University of Newfoundland Graduate Students’ Union (GSU) or a faculty member who is familiar with the appeals process and who is willing to undertake the role of student advisor or facilitator.

5. Appeals are made before specific committees that exist at the University to provide an objective review of cases. The appeals process is designed to assist students at critical points in their graduate program and to provide an accessible and transparent process for students. Refer also to Appeal Procedures for information concerning where appeals should be directed.

6. The principle of fairness should be applied to all parties in appeals processes and decisions. Fairness includes, but is not limited to, such practices as all parties to the appeal receiving timely and adequate notice, all parties to the appeal having the opportunity to be heard, all parties to the appeal being made aware of the evidence considered by the committee, and no individual sitting in judgment on an appeal at a higher level who has already been a party to the decision at a lower level. Any member of a committee hearing an appeal, who was previously involved in a decision making process at a lower level of process, will abstain from voting.

7. While the University makes provision for students to appeal regulations, the academic, financial or other consequences of the appeal process rests with the students.

8. When an appeal is denied, the student will be advised in writing of the reasons for the decision and of further steps that can be taken in the appeals process. A student whose appeal is denied by the Executive Committee of Senate may appeal to the Senate. Appeals to the Senate will be heard in the first instance by the Senate Committee on Academic Appeals and that Committee will investigate the appeal and file a report to the Senate with its findings and recommendations as expeditiously as possible. Students have the right to appear in person before the Senate Committee on Academic Appeals, and have the right to be accompanied by another person in order to assist them with their presentation. Normally, however, the presentation of the student’s case rests with the student. Advance notice of the student’s intention to appear and the identity of the accompanying individual, if any, must be provided to the Secretary of the Senate Committee on Academic Appeals. Should the student’s appeal be denied by the Senate, the student will be advised that within the University no further appeal is possible.

9. Student appeals are heard anonymously. However, this provision ceases to apply to a student who elects to appear in person before the Senate Committee on Academic Appeals as outlined in Clause 8 above.

2.4.6.2 Appeal Procedures

1. Normally, the responsibility for making an appeal before the appropriate committee of the University rests with the student.

2. A student who is ineligible to officially register for courses but who wishes to attend classes, laboratories or other educational activities while an appeal is in progress can do so only with the written permission of the head of the academic unit concerned. Such permission will not be unnecessarily withheld.

3. Any student whose request for waiver of regulations has been denied has the right to appeal. Normally, any such appeal should be made in writing, clearly stating the basis for the appeal, and should be directed as follows:
   • Appeals against decisions of the Head of an Academic Unit will be made directly to the Dean of Graduate Studies.
   • Appeals against decisions of the Dean may be made to the Appeals Committee, School of Graduate Studies. Letters of appeal should be directed to the Chair of the Appeals Committee, c/o School of Graduate Studies.
   • Appeals against decisions of the Executive Committee of the Academic Council may be made to the Appeals Committee, School of Graduate Studies. Letters of appeal should be directed to the Chair of the Appeals Committee, c/o School of Graduate Studies.
   • Appeals against decisions of the Appeals Committee, School of Graduate Studies, may be made to the Executive Committee of Senate, c/o Office of the Registrar.

4. Appeals cannot be made on the basis of the grades awarded in individual courses. Dissatisfaction with grades is not sufficient grounds for an appeal.

Notwithstanding the above, and recognizing that the award of grades is an academic manner within the purview of experts in a discipline or subject area, students who wish to question the award of grades in individual courses are encouraged to consult with the following in the order given:
   • The course instructor
   • The head of the appropriate academic unit
   • The Dean of Graduate Studies

2.4.6.3 Information Required in Letters of Appeal

1. All appeals must be made in writing, clearly stating the basis for the appeal, and must be directed to the secretary of the appropriate University committee.

2. In the Letter of Appeal, the student must clearly and fully provide: name, current address, telephone number, Memorial University of Newfoundland email address, student ID number, the decision being appealed and the remedy being sought. The grounds for the appeal, including health issues, bereavement and/or other acceptable cause, must be stated in the Letter of Appeal. Students must present independent evidence to corroborate statements made in the Letter of Appeal. Preferably, this evidence will come from a professional, such as a health professional, a counsellor, or a professor. However letters from other knowledgeable parties may be acceptable.

3. In cases where an appeal is made on health issues, the student must provide a certificate from a health professional in the form of a note or a letter. Such a note must be sufficiently specific to allow appropriate consideration of the student’s case. The note must also clearly state that, in the opinion of the health professional, the problem was serious enough to have interfered with the student’s work. Students should refer to the policy relating to Confidentiality for more complete information.

4. Students claiming bereavement as grounds must provide proof of death and evidence of a close personal relationship between themselves and the deceased.

5. Confidentiality: The committees to which appeals are made do require substantial information about the reasons for the appeal in order to make their decisions. However, the committees also recognize the students’ rights to confidentiality. With this in mind, a student may discuss the reasons for his or her appeal with a University, College or Institute counsellor, who, with the student’s permission and provided sufficient reasons exist, may then write a letter to the appropriate committee confirming that there were sufficient grounds for an appeal, without disclosing the special personal and confidential details of the case.
2.4.6.4 Information Required for Certificates from Health Professionals

1. Students who request permission to drop courses, to withdraw from University studies, to have examinations deferred or to obtain other waivers of University, departmental or course regulations based on health issues are required by the University to provide, in support of the request, a certificate from a health professional in the form of a note or letter. Such notes must be sufficiently specific to allow a proper consideration of students’ cases. The University requires that all such notes must be on letterhead, must be signed by the health professional, must confirm the specific dates on which the student visited the health professional and should include details on the following:
   - the degree to which the health issue (or treatment, in the case of medication, for example) is likely to have affected the student’s ability to study, attend classes, sit examinations, or continue with research;
   - the length of time over which the student’s abilities were likely hampered by the condition (e.g., recurring and severe back pain over a two-month period would likely have a more adverse effect on studies than a single episode of back pain requiring bed rest for a week; and
   - the fitness of the student to resume studies (it is in the student’s best interest not to return to studies prematurely).

2. Confidentiality: The University respects the confidentiality of all material contained in notes. Student should request that their health professional retain a copy of the note in case the note needs to be verified or reissued at a later date.

2.4.7 Evaluation

Note: For interdisciplinary programs, the Head of the academic unit is the Dean or Director of the Faculty/School administering the program.

2.4.7.1 Evaluation Methods and Grading

1. Students shall write their examinations in graduate courses at a time to be determined by the Head of the academic unit on the recommendation of the Faculty member(s) concerned.

2. A written copy of the course outline, including method of evaluation in the course, shall be provided to each student in the course as early as possible, and in any case not later than two weeks after the start of the course.

3. The final evaluation submitted to the Registrar shall consist of one of the following letter grades with the appropriate numerical equivalent:

<table>
<thead>
<tr>
<th>Letter Grades</th>
<th>Numeric Grades</th>
<th>Points Per Credit Hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>80-100%</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>65-79%</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>55-64%</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>50-54%</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>below 50%</td>
<td>0</td>
</tr>
<tr>
<td>PWD (pass with distinct)</td>
<td>no numeric grade</td>
<td>not applicable</td>
</tr>
<tr>
<td>PAS (pass)</td>
<td>no numeric grade</td>
<td>not applicable</td>
</tr>
<tr>
<td>FAL (fail)</td>
<td>no numeric grade</td>
<td>not applicable</td>
</tr>
<tr>
<td>DR (drop)</td>
<td>no numeric grade</td>
<td>not applicable</td>
</tr>
<tr>
<td>DRF (drop fail)</td>
<td>no numeric grade</td>
<td>not applicable</td>
</tr>
<tr>
<td>ABS (absent)</td>
<td>no numeric grade</td>
<td>not applicable</td>
</tr>
<tr>
<td>INC (incomplete)</td>
<td>no numeric grade</td>
<td>not applicable</td>
</tr>
</tbody>
</table>

4. Supplementary examinations are not permitted.

2.4.7.2 Evaluation of Graduate Students

1. Failure to attain a final passing grade of A or B in a program course shall lead to termination of a student’s program unless:
   a. the regulations for a particular degree allow the student to repeat the course. Only one such repeat will be permitted in a student's program. Failure to obtain a grade of A or B in the repeated course shall lead to termination of the student’s program.
   b. the Dean of Graduate Studies approves a repeat of the course, upon the recommendation of the Supervisor and the Supervisory Committee supported by the Head of the Academic Unit, where 1.a. above does not apply. Such recommendations must provide sufficient grounds for a repeat. Only one such repeat will be permitted in a student's program. Failure to obtain a grade of A or B in the repeated course shall lead to termination of the student's program.

Note: In exceptional circumstances, the Dean of Graduate Studies may approve a substitute course in place of the repeat upon the recommendation of the Supervisory Committee and Supervisor supported by the Head of the Academic Unit. Failure to obtain a grade of A or B in the substituted course shall lead to termination of the student's program.

2. Failure in a non-program course will not normally result in termination of a student’s program.

3. The Supervisor and the Supervisory Committee may recommend that a candidate be required to withdraw from the program, if after consultation with the candidate, the candidate's non-course work is deemed to have fallen below a satisfactory level.

4. When Departmental requirements for a degree require an examination of a candidate's reading knowledge of a language(s) other than English, the examination shall be set and marked by the appropriate language Department, or by an authority as determined by the Head of the academic unit and Dean. The results of the examination will be transmitted to the candidate by the Dean.

2.4.7.3 Deferral of Examinations

1. Graduate students who are prevented by illness, bereavement or other acceptable cause, duly authenticated, from writing final examinations may apply, with supporting documents within one week of the original examination date to the appropriate Head of the academic unit to have their examinations deferred.

2. The Department's decision, including information on the appeals route open to the student in the case of a negative decision, must
3. In those cases where the Department accepts the extenuating circumstances the student may be permitted to write a deferred examination or, with the consent of both the Department and the student, the grade submitted may be based on term work alone.

4. An interim grade of ‘ABS’ will be assigned by the academic unit in the case of a student granted a deferred examination. This grade will be replaced by the final grade which must be received by the Office of the Registrar within one week following the commencement of classes in the next academic semester or session.

5. Students who are prevented by illness or bereavement or other acceptable cause, duly authenticated, from writing a deferred examination, may apply, in writing, with supporting documents within one week of the scheduled date of the deferred examination to the appropriate Department Head to have the examination postponed to a time not later than the last date for examinations in the semester following that in which the student was enrolled in the course.

6. The Department's decision, including information on the appeals route open to the student in the case of a negative decision, must be communicated to the Registrar, to the student and to the Dean of Graduate Studies within one week of the receipt of the student's complete application.

2.4.7.4 Incomplete Grades/Change of Grade
1. For good cause a grade of 'Incomplete' may, with the approval of the appropriate Department or academic unit, be submitted. This 'Incomplete' grade shall, however, be valid only for one week following the commencement of classes in the next academic session as stated in the University Diary. In the event that a mark has not been received by the Registrar within the prescribed deadline, the 'Incomplete' grade shall be changed to 'F'.
2. Clause 1. notwithstanding, for acceptable cause an extension of time not exceeding the end of the semester following that in which the 'Incomplete' was given may be permitted by the Head of the academic unit. “Acceptable cause” in these cases must be duly authenticated and will be illness, bereavement, serious problems of a personal nature or the like.
3. Changes in grades for graduate courses must be submitted on the appropriate form, which must be signed by the course instructor and approved by the Head of the appropriate academic unit who will submit such changes to the Registrar.

Note: A grade of less than 65% cannot be changed without the approval of the Dean of Graduate Studies.

2.4.7.5 Re-Reading of Examination Papers
1. Students may apply to have a final examination paper re-read whether or not they have obtained a passing grade in that course.
2. Students who wish to have a final examination paper re-read must make written application to the Registrar enclosing a fee of $50.00 per paper within one month of the release by the University of the grade reports. If the mark is raised after re-reading, the fee is refunded. If the mark is unchanged or lowered, the fee is forfeited.

2.4.8 Comprehensive Examinations
2.4.8.1 Master's Comprehensive Examination
1. The composition of the Comprehensive Examination Committee is specified in the Degree and Departmental regulations, and the Committee is appointed by the Dean. The Dean of Graduate Studies or delegate may exercise the right to attend. All members of the Committee including the Chairperson, but excluding the Dean of Graduate Studies, shall be voting members.
2. In this examination the candidates must demonstrate an advanced knowledge of the academic discipline as defined by the academic unit in which they are students. Therefore, in order to be eligible to sit the examination, all course requirements must be completed.
3. Members of the Comprehensive Examination Committee shall decide the results of the comprehensive examination as indicated in a-d. below:
  a. The category of 'pass with distinction' will be awarded to candidates who demonstrate superior knowledge of their chosen field. This category requires unanimous support of the Comprehensive Examination Committee.
  b. The category of 'pass' will be awarded to candidates who demonstrate an acceptable knowledge of their chosen area and requires a simple majority vote.
  c. The category of 're-examination' selects those candidates with an understanding of their research area that lacks sufficient depth and scope as indicated by a simple majority of the Comprehensive Examination Committee. Only one such re-examination is possible and students in this category are not eligible for the award of 'pass with distinction'. If a re-examination is to be held, it must be conducted not less than one month and not more than six months after the first examination. The decision of the voting members of the Committee following this re-examination can only be 'pass' or 'fail' decided by simple majority. Failure will lead to immediate termination of the candidate's program. There is no option for further re-examination.
  d. Students awarded a 'fail' are deemed, by unanimous vote of the Comprehensive Examination Committee, to be unable to demonstrate an adequate understanding of their research area. The candidate's program is terminated. A simple majority vote will default to the award of 're-examination'.
4. The Chairperson of the Comprehensive Examination Committee shall report to the Head of the academic unit who shall report to the Dean. The result of the comprehensive examination(s) shall be reported to the candidate by the Dean.

2.4.8.2 Ph.D. and Psy.D. Comprehensive Examination
1. The candidate shall submit to a comprehensive examination, which may be written or oral or both as determined by the academic unit. Candidates shall normally take the examination no later than the end of the seventh semester in the doctoral program. Unless an extension is approved by the Dean of Graduate Studies, failure to take the examination at this time will result in the termination of the candidate's program.
2. This examination, whether written or oral, shall be conducted by a Committee appointed by the Dean of Graduate Studies on the recommendation of the academic unit. It shall consist of the Head of the academic unit (or delegate) who shall be the Chairperson, the candidate's Supervisor [or, where a Supervisor has not yet been appointed, the Graduate Officer or Chair of the Graduate Studies (or equivalent) Committee], the Dean of Graduate Studies (or delegate), and at least three other members, the total voting members to be an odd number. All members of the Committee including the Chairperson, but excluding the Dean of Graduate Studies, shall be voting members.
3. In this examination, the candidate must demonstrate a mastery of those sub-disciplines appropriate to his/her research area, as defined by the academic unit in which they are students. Those sub-disciplines upon which the candidate will be examined should be made known to the candidate no later than three months prior to the examination. The candidate must further be able to relate the...
specialization of his/her research to the larger context of these sub-disciplines.

4. Members of the Comprehensive Examination Committee shall decide the results of the comprehensive examination as indicated in a-d below:
   a. The category of 'pass with distinction' will be awarded to candidates who demonstrate superior knowledge of their chosen field. This category requires unanimous support of the Comprehensive Examination Committee.
   b. The category of 'pass' will be awarded to candidates who demonstrate an acceptable knowledge of their chosen area and requires a simple majority vote.
   c. The category of 're-examination' selects those candidates with an understanding of their research area that lacks sufficient depth and scope as indicated by a simple majority of the Comprehensive Examination Committee. Only one such re-examination is possible and students in this category are not eligible for the award of 'pass with distinction'. If a re-examination is to be held, it must be conducted not less than one month and not more than six months after the first examination. The decision of the voting members of the Committee following this re-examination can only be 'pass' or 'fail' decided by simple majority. Failure will lead to immediate termination of the candidate's program. There is no option for further re-examination.
   d. Students awarded a 'fail' are deemed, by unanimous vote of the Comprehensive Examination Committee, to be unable to demonstrate an adequate understanding of their research area. The candidate's program is terminated. A simple majority vote will default to the award of 're-examination'.

5. The Chairperson of the Comprehensive Examination Committee shall report to the Head of the academic unit to whom the Dean. The result of the comprehensive examination(s) will be reported to the candidate by the Dean.

2.4.9 Supervision

2.4.9.1 Master’s Candidates
Each Master’s candidate shall be assigned a Supervisor by the Dean, on the recommendation of the Head of the academic unit, or the Dean of the faculty concerned.

2.4.9.2 Ph.D. and Psy.D. Candidates
   1. Each candidate shall be assigned a Supervisor by the Dean, on the recommendation of the Head of the academic unit or the Dean of the faculty concerned.
   2. A Supervisory Committee shall be appointed for each candidate by the Dean. The Supervisory Committee shall consist of the Supervisor (co-supervisors) who shall act as Chair, and normally at least two other members. In no circumstances may the Committee membership be fewer than two members. The membership of the Committee shall be nominated by the Head of the Department or the Dean of the faculty concerned, after consultation with the Supervisor and the candidate.
   3. The Supervisory Committee shall forward its reports and recommendations to the Dean via the Head of the Department or the Dean of the faculty concerned.
   4. The functions of the Supervisory Committee shall be, inter alia:
      a. to decide, in consultation with candidates, the program of study, the subject of research, and the title of the thesis, and to recommend these for approval to the Dean;
      b. to monitor the candidate's progress in their course programs and research;
      c. to report at least annually to the Dean on the candidates' progress and, at the same time, to advise on their continuation in the program; and to make such other reports and recommendations about the candidates to the Dean as it may deem necessary.
      d. to recommend to the Dean, after consultation with the candidates, necessary changes in the program of study, the subject of research, or the title of the thesis;
      e. to recommend to the Head of the academic unit or Dean of the faculty the timing of the comprehensive examination;
      f. to report to the Dean that the thesis is ready for examination by completing a Supervisor Approval Form, which is to accompany the thesis upon its submission to the School of Graduate Studies.
      g. to recommend to the Dean suitable persons to act as members of the Thesis Examining Board.

2.4.9.3 Supervisory Reports
   1. At least annually, the Supervisor, Supervisory Committee or the Department shall make evaluations of a student's progress in a program. Recommendations concerning continuation, amendment, or termination (see Termination of a Graduate Program) of a candidate's program, are sent to the Dean, who shall take appropriate action. Students shall be advised of the contents of this evaluation and the subsequent recommendation(s).
   2. The Supervisor, Supervisory Committee or the Department, shall forward its reports and recommendations to the Dean via the Head of the academic unit or the Dean of the faculty concerned.

2.4.10 Theses and Reports

2.4.10.1 Thesis/Report Guide Supplement
The Thesis/Report Guide Supplement (www.mun.ca/sgs/go/guid_policies/guidelines_intro.php), approved by the Academic Council of the School of Graduate Studies, provides the details for the examination process, general form and style of the thesis/report, required forms, number of copies, etc., required under this regulation.

2.4.10.2 Submission
   1. Candidates must submit the thesis/report at least four months before the University Convocation at which the award of the Degree is expected (see University Diary in current edition of University Calendar for exact date). The School of Graduate Studies does not accept any responsibility for completing the prescribed procedure in time for the nearest Convocation unless theses or reports are submitted by the prescribed dates in any current academic year.
   2. A thesis/report may not be submitted until the candidate has fulfilled:
      a. All course requirements, if any
      b. All language requirements, if any
      c. The comprehensive examination, if required, and
2.4.10.3 Evaluation of Master's Theses and Reports

1. Final examiners for the thesis/report will be appointed by the Dean on the recommendation of the academic unit. There will be two examiners for a Master's thesis. Examiners shall normally be those who have completed a graduate degree at the doctoral level, including a thesis, in the discipline or cognate area. Those serving as examiners shall not have been involved in the preparation of the thesis/report.

2. Examination of the thesis/report will result in one of the following recommendations by each examiner. The thesis/report is:
   a. acceptable without modifications; or
   b. acceptable, modifications are required but the thesis does not have to be re-examined; or
   c. unacceptable. The thesis/report requires modification and re-examination; or
   d. totally unacceptable - the thesis/report is failed.

*Modifications may include corrections of typographical errors and errors in nomenclature, improvement in phrasing, or rewriting of sections of the thesis/report. Modifications may be indicated in the text or listed separately; **Modifications might include (but are not limited to) the rectification of one or more of the following deficiencies: (1) misinterpretation and/or misuse of the matter covered, omission of relevant materials, unfounded conclusions, illogicality of argument, improper analysis of data and the like; (2) bad writing, (3) unacceptable physical presentation. A detailed list of problems should be included with the report; ***A detailed list of the reason(s) for failure must be included in the report.

3. If all examiners recommend that the thesis/report is totally unacceptable, then the thesis will be failed, and shall not be re-examined.

4. If an examiner recommends that the thesis/report is unacceptable, and this recommendation is accepted by the Dean, then the student may apply to the Dean for permission to resubmit the thesis for re-examination in one of the following ways:
   a. to submit a modified thesis/report to the original examiners.
   b. to submit a modified thesis/report to new examiners.
   c. to submit the original thesis/report to an Examination Board to be appointed by the Dean.

5. If a thesis/report is re-examined, the candidate will not be awarded a pass unless all examiners find the thesis acceptable.

6. Under no circumstances may a thesis/report be re-examined more than once.

2.4.10.4 Evaluation of Ph.D. and Psy.D. Theses

Candidates for the Degree of Doctor of Philosophy and the Degree of Doctor of Psychology must submit a written dissertation deemed acceptable by the University, and demonstrate their ability to defend their work in a public oral examination. For this reason, the final decision on whether a candidate will be recommended for the award of the degree is made only at the conclusion of the oral examination (see The Examination Process).

1. Responsibilities of the Thesis Examining Board

   The work of each candidate will be assessed by a Thesis Examining Board. Its first responsibility is to determine whether the thesis successfully demonstrates the candidate's competence to undertake independent research work. The Board must be satisfied that the work contributes significantly to knowledge in the field of study; that the contribution is of high scholarly merit; that the candidate is aware of the pertinent published literature; that it is written in a satisfactory style; and that it is free from typographical and other mechanical errors. The second responsibility of the Board is to conduct a final oral examination of the candidate and to then recommend to the Dean of Graduate Studies whether the candidate should be awarded the Degree.

2. Composition of the Thesis Examining Board

   The members of the Thesis Examining Board will be appointed by the Dean on the recommendation of the Head of the academic unit who will have consulted with the supervisory committee. The Board shall consist of four members. Normally these will be the candidate's Supervisor (who serves on the Board in a non-voting capacity), two examiners from within the University, and one from outside the University. However, when circumstances warrant, a second external examiner may be substituted for one of the internal examiners with permission of the Dean. Examiners shall normally be those who have completed a graduate degree at the doctoral level, including a thesis, in the discipline or cognate area. Members of the supervisory committee other than the Supervisor are ineligible for appointment to the Board. Those serving as examiners shall not have been involved in the preparation of the thesis/report.

3. The Examination Process

   a. The voting members of the Board shall submit written reports on the thesis containing an assessment of the quality of the written work and a recommendation as to whether the candidate should be permitted to proceed to an oral examination and defence of the work. An examiner may recommend:
      i. that the candidate be allowed to proceed to the oral defence of the thesis*, or;
      ii. that the candidate be not allowed to proceed to the oral defence at this time**; or
      iii. that the candidate be failed.

*Any suggested corrections or revisions should be outlined in the examiner's report. It is understood that it will be the responsibility of the Supervisory Committee to discuss the suggested changes with the candidate, to determine which should be incorporated in the thesis before its final submission. **This recommendation reflects the examiner's opinion that further research, re-analysis of data, or thorough rewriting of the material is required. The thesis may, however, be re-submitted for examination.

b. If all examiners recommend that the candidate should be failed, then the thesis shall not be re-examined.

c. If an examiner recommends that the candidate not be allowed to proceed to the oral defence, and this recommendation is accepted by the Dean, then the student may apply to the Dean for permission to resubmit the thesis for re-examination in one of the following ways:
   i. To submit a modified thesis to the original examiners,
   ii. To submit a modified thesis to new examiners,
   iii. To submit the original thesis to an Examination Board to be appointed by the Dean.

d. No candidate will be permitted to re-submit a thesis more than once. In case of a re-submitted thesis an examiner may recommend only:
2.4.12 Academic Behaviour

2.4.12.1 Principles

In the course of a graduate degree program students are expected to learn those principles which constitute proper academic behaviour. Within the University Community there is a collective responsibility to maintain a high level of scholarly integrity. Dishonesty has no place in the academic community. Academic misbehaviour cannot be condoned or even appear to be condoned. Students have the responsibility to ascertain those actions which could be construed as dishonest or improper. Certain flagrant violations are listed below under Academic Dishonesty. Students are reminded that for guidance on proper scholarly behaviour they should seek assistance from their instructors and supervisors. The Graduate Students' Union will provide students with information on their legal rights and the information that advice about acceptable writing standards is available through the Writing Centre.

2.4.12.2 Academic Dishonesty: Offences

Note: In the following section the plural shall be deemed to include the singular.

Academic offences shall be deemed to include, but shall not be limited to, the following:

1. **Cheating**: Cheating on examinations, theses, assignments, work term reports, projects, internship reports, or any other tests.

   Cheating includes copying from another student's work or allowing another student to copy from one's own work, consulting with any unauthorized person during an examination or test, or using unauthorized aids; or knowingly recording or reporting false empirical or statistical data. The work referred to includes examinations, theses, assignments, work term reports, projects, internship reports, or any other tests which are to be used in judging the student's performance in a course or program of study, or on any special tests which the University may offer.

2. **Impersonation**: Impersonating another student or allowing oneself to be impersonated.

   By impersonation is meant the imitation of a student or entrance into an arrangement with another person to be impersonated for purposes of taking examinations or tests or carrying out laboratory or other assignments.
3. Plagiarism: Plagiarism is the act of presenting the ideas or works of another as one’s own. This applies to all material such as theses, essays, laboratory reports, work term reports, design projects, seminar presentations, statistical data, computer programs and research results. The properly acknowledged use of sources is an accepted and important part of scholarship. Use of such material without acknowledgment, however, is contrary to accepted norms of academic behaviour.

4. Theft of examination papers or other material: By theft is meant obtaining by an improper means examination papers, tests, or any other such material.

5. Use and/or distribution of stolen material: The use of material which the student knows to have been improperly obtained and/or the distribution of such material is considered to be an academic offence.

6. Submitting false information: This offence includes falsifying, submitting or causing to submit false academic transcripts, forms or records, credentials, medical or other certificates, or making a false or incomplete declaration to the University.

7. Submitting work for one course which has been or is being submitted to another course without express permission to do so: This includes the presentation of an essay, report or assignment to satisfy some or all of the requirements of a course when that essay, report, or assignment has been previously submitted or is concurrently being submitted for another course without the express permission of the professor(s) involved.

2.4.12.3 General Procedure

1. When a member of the University community has grounds for belief that an academic offence has been committed, that person will report the matter without delay to the Head of the Department or the appropriate academic officer (i.e., Dean or Director) of the unit in which the offence occurred. In the case of non-academic units, such as the Office of the Registrar, Library and Computing Services, the matter shall be referred through the University Officer in charge of that unit. The student should be informed of the suspicion as soon as possible in an effort to avoid further improper behaviour. There should then be an immediate direct attempt to resolve minor offences between the instructor or Supervisor and the student(s) concerned at the Departmental level. Only if resolution proves impossible, or one party is dissatisfied with the resolution, should the Department Head or other appropriate academic officer become further involved.

2. If, in the judgment of the Department Head or other appropriate academic officer (in consultation with the Dean of Faculty) the alleged offence against University regulations is such as to warrant resolution through the School of Graduate Studies, the Department Head or other appropriate academic officer shall report the matter to the Dean of Graduate Studies, and procedures for resolution by the School of Graduate Studies will be implemented.

3. If, in the judgment of the Department Head or other appropriate academic officer, the offence warrants resolution through Departmental procedures, the individuals involved will be advised to attempt to resolve the matter without proceeding to a formal hearing. In the event that no resolution is possible between the individual parties, the Department Head or other appropriate academic officer will institute proceedings through the School of Graduate Studies. In all cases, it is the responsibility of the Department Head or other appropriate academic officer to ensure that fairness and impartiality are achieved in the treatment of students.

4. The principle of anonymity shall apply. All written documents shall refer to the student by number and the faculty member by letter.

2.4.12.4 Procedure for Departmental Resolution

If, upon receiving a report of an alleged academic offence the Department Head or other appropriate academic officer, decide that an attempt should be made to resolve that matter within the Department the following procedures shall apply:

1. The Department Head or other appropriate academic officer shall request that the accuser and the accused meet with him (or her) and at the meeting the Department Head or other appropriate academic officer shall state the allegation, indicate the range of applicable penalties, and arrange a second meeting between the accuser and the accused only.

2. At the second meeting the parties (accuser and accused) shall endeavour to obtain a mutually satisfactory resolution of the matter.

3. The parties (accuser and accused) shall report jointly to the Department Head or other appropriate academic officer on the result of their second meeting.

4. If the report is of a resolution which the Department Head or other appropriate officer considers to be fair and equitable the matter shall be considered closed. If the Department Head or other appropriate academic officer considers the reported resolution to be unfair and/or inequitable he or she will endeavour to obtain an alternative satisfactory resolution directly with the parties.

5. Should all reasonable efforts to obtain a Departmental resolution fail, the Department Head or other appropriate academic officer will refer the case to the Dean of Graduate Studies and shall inform the accuser and the accused accordingly. From this stage onward procedures for resolution by the School of Graduate Studies will apply.

Notes:
1. The accused or accuser may request, during the procedures for an informal resolution, that the case be referred to the Dean of Graduate Studies and thereafter the procedures for resolution by the School of Graduate Studies will apply.
2. Procedures for Departmental Resolution will not be applied to cases involving alleged offences on final examinations.
3. If at any stage of the procedures for either Departmental or Graduate Studies resolution, the accused fails to appear or to respond to a charge, the action will be dismissed.
4. If at any stage of the procedures for either Departmental or Graduate Studies, the action will be dismissed.

2.4.12.5 Procedures for Resolution by the School of Graduate Studies

If the matter cannot be resolved following the Procedure for Departmental Resolution as outlined above, or if the allegation involves a major breach of University regulations, the following procedures shall apply:

1. If the Department Head or other appropriate academic officer (in consultation with the Dean of his faculty) is satisfied that the student has a serious case to answer, he or she shall inform the student in writing of the nature of the case against him or her. In addition, the Department Head or other appropriate academic officer shall report to the Dean of Graduate Studies who shall immediately appoint a disinterested Investigator from the membership of the Academic Council of Graduate Studies. The Investigator will interview separately the accuser and accused and relevant witnesses. At these interviews, the Investigator, the accused, the accused and relevant witnesses have the right to be accompanied by a registered student or a member of the Faculty or Staff of the University.

2. Upon completion of these interviews, the Investigator shall submit a written report of all findings to the Dean of Graduate Studies.

3. The Dean of Graduate Studies shall present this report to both the accuser and accused for perusal and comment. Once in receipt of this report, the accuser and accused shall have two weeks in which to submit to the Dean of Graduate Studies any additional comments on the report that he or she wishes to be considered.

4. Upon receipt of all information from the Investigator as well as comments from the accuser and accused, the Dean of Graduate
518 School of Graduate Studies 2011-2012

Studies shall strike an ad hoc committee to review the case and make recommendations to the Academic Council of the School of Graduate Studies. The Investigator may be asked to attend the meetings of the ad hoc committee to answer questions and provide information pertinent to the case, but shall be absent from the formal discussion and voting.

5. The Academic Council of the School of Graduate Studies shall take appropriate action in accordance with the section headed "Penalties".

Notes: 1. If at any stage of the procedures for either Departmental or Graduate Studies resolution, the accused fails to appear or to respond to a charge, without reasonable cause, within two weeks of notification of an allegation, action may be taken on the charge in the absence of the accused. Action will proceed regardless of the current status of the student.
2. If at any stage of the procedures for either informal or formal resolution, the accuser fails to appear at a scheduled hearing to defend an allegation without reasonable cause, within 2 weeks of notification the action will be dismissed.

2.4.12.6 Penalties

The imposition of any of the penalties listed below does not preclude further action under the Criminal Code of Canada. A student who has been found guilty of an academic offence will be subject to a penalty or penalties commensurate with the offence. The range of penalties and their determination is given below. Enforcement of penalties resulting from Procedures for Resolution by the School of Graduate Studies will be overseen by the Registrar. Some cases may warrant more than one penalty for the same offence, and previous academic misconduct will be taken into account in determining penalties. Penalties resulting from Department resolution shall be limited to 1. and 2. Penalties shall be imposed on the basis of the student’s status at the time of the offence.

1. Reprimand: This shall be in the nature of a warning by the Department Head, or appropriate academic officer or an appropriate Committee to the student that his/her behaviour has been unacceptable to the University.
2. Reduction of grade: A reduction of grade will apply to an examination, test, or assignment to which an offence is relevant, and will be decided by the Academic Council of the School of Graduate Studies upon the recommendation of the Department concerned in the case of a resolution by the School of Graduate Studies, or by a Department Head, or appropriate academic officer in the case of a Departmental resolution. Since graduate students must obtain a B grade in required courses and a pass in additional courses a reduction of grade could lead to termination of program.
3. Probation: The period of probation will be determined by the Academic Council of the School of Graduate Studies. The impact of being placed on probation is that the commission of any further academic offence during the period of probation may lead to suspension or expulsion.
4. Suspension: Suspension will apply to a course, department, faculty, school, or the University. The period of suspension will be determined by the Academic Council of the School of Graduate Studies and shall not exceed three consecutive semesters, and shall be part of the allowable time for a graduate program.
5. Expulsion: The recommendation for expulsion from the University will be made by the Academic Council of the School of Graduate Studies to the President for his/her final decision. Prior to the President's decision, the Secretary of the Academic Council will notify the accused, in writing, of the recommendation for expulsion from the University. The accused will be allowed a period of two weeks following the date of release of such notification to lodge an appeal before the President's final decision concerning expulsion from the University. Any such appeal should be made in writing to the Executive Committee of Senate.
6. Revocation of Degree: The recommendation will be made by the Academic Council of the School of Graduate Studies that the Senate rescind a degree that has been obtained by submission of fraudulent or plagiarized work.
7. Rescinding of Admission and Degree Revocation: The submission of false information (see Academic Dishonesty Offences) in support of an application for admission to Memorial University of Newfoundland is an Academic Dishonesty Offence. In the event that this offence is discovered after the granting of a degree, the Academic Council of the School of Graduate Studies may recommend to the Senate that the student’s admission be rescinded and that the degree(s) granted to the student be revoked.

In the event that a student has been found guilty of an Academic Dishonesty Offence and when a penalty has been determined, a notation on the student's transcript may be made by the Registrar as provided for in Transcript Entries below.

2.4.12.7 Transcript Entries

Transcript entries shall relate to the penalty(ies) imposed as follows:

<table>
<thead>
<tr>
<th>Penalty</th>
<th>Transcript Entry</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reprimand</td>
<td>No transcript entry</td>
</tr>
<tr>
<td>Reduction of Grade</td>
<td>Entry of final grade for course</td>
</tr>
<tr>
<td>Probation</td>
<td>&quot;On probation at the University for academic misconduct until Day, Month, Year*&quot;</td>
</tr>
<tr>
<td>Suspension</td>
<td>&quot;Suspended from the School of Graduate Studies for academic misconduct until Day, Month, Year*&quot;</td>
</tr>
<tr>
<td>Expulsion</td>
<td>&quot;Expelled from the University for academic misconduct*&quot;</td>
</tr>
<tr>
<td>Revocation of Degree</td>
<td>&quot;Degree revoked for Academic Dishonesty&quot;</td>
</tr>
</tbody>
</table>

* The transcript entries for ‘probation’ or ‘suspension’ will be removed entirely upon the expiration of the penalty.

2.4.12.8 Disposition of Documentation

The disposition of documents relating to allegations under these procedures shall be as follows:

1. The cases where the allegation was either found "not proven" or "unfounded" no documentation shall be retained.
2. In the case of a resolution effected through the procedures for Departmental resolution, all documentation shall be retained in the office of the relevant Department Head or other appropriate academic officer.
3. In the case of a resolution effected through the procedures for resolution by the School of Graduate Studies all documentation shall be forwarded to the Office of the Registrar.

2.4.12.9 Right of Appeal

Appeals against decisions of the Academic Council of the School of Graduate Studies made under Procedures for Resolution by the School of Graduate Studies shall be directed to the Executive Committee of Senate.

Notes: 1. These procedures shall apply to all academic offences relating to graduate studies involving, but not limited to, those students who either have been or who are enrolled at Memorial University of Newfoundland. Notification of an allegation of academic dishonesty will be forwarded to the last known mailing address of the student as noted on the files of the School of Graduate Studies. The University reserves the right to implement action under these procedures where an allegation has been made against a student but where reasonable efforts to contact the student have failed.
2. While a student can continue in a program of studies, if eligible, while an investigation under these procedures is being carried out, the University
2.4.13 Termination of a Graduate Program

Grounds for termination of a graduate program are as follows:

1. a. Failure to comply with the conditions of admission into a program, unless the conditions of admission have been changed with approval of the academic unit and the School of Graduate Studies; or
   b. Failure to register in any semester by the final date for adding courses (see Registration, Program Registration 1.);
   c. Failure to obtain the required grades in courses as stated in the appropriate degree regulations (see Evaluation);
   d. Failure in comprehensive examinations (see Comprehensive Examinations);
   e. Demonstrated lack of progress in a program supported by written documentation;
   f. Recommendation of the Supervisory Committee (see Supervision);
   g. Failure of Thesis, Project or Internship (see Theses and Reports);
   h. Academic misconduct as outlined under General Regulation, Academic Behaviour governing the School of Graduate Studies.
2. The foregoing notwithstanding the University reserves the right to require students to discontinue their program or to deny them admission where, in the opinion of the Academic Council of the School of Graduate Studies, following appropriate professional consultation, there is a reasonable likelihood that a student's health or conduct could result in endangering the lives, health or safety of other persons on campus or in settings related to the student's university studies.
3. The foregoing notwithstanding, the School of Graduate Studies reserves the right to require students to discontinue their studies, or to deny them re-admission, where a student has been determined to have engaged in unprofessional conduct. The code of ethics of each profession will serve as the guideline as to what constitutes unprofessional conduct. However, should there not be any statements of what constitutes unprofessional conduct, the following standard will apply:

Unprofessional Conduct: That conduct which involves a breach of the duties required by professional ethics.

Notes: 1. If the University or a School or Faculty requires a student to discontinue his/her studies under any of the above clauses, that student must be advised in writing of the nature of the case against him/her and must be advised of the right to appeal before the penalty imposed takes effect.
2. Appeals against actions taken under Clause 2. should be directed to the Senate of the University. Any such appeal should be made in writing clearly stating the basis for the appeal and should be directed to the Secretary of Senate, c/o the Office of the Registrar.
3. Appeals against actions taken under Clause 3. should be directed to the Appeals Committee, School of Graduate Studies.

2.4.14 Provision for Reapprication

1. A student whose program of studies has been terminated for any of the reasons outlined under Termination of a Graduate Program may apply for admission to a new program of studies leading to the same degree.
2. Notwithstanding the above, a student whose program of studies has been terminated under Termination of a Graduate Program, 1.b., shall be readmitted to the existing program only under the following conditions:
   a. on the recommendation of the appropriate academic unit;
   b. on the payment to the University of those registration fees which would have been payable had the student remained in continuous registration during the period since the termination of the program;
   c. on the understanding that the time period during which the student was not registered shall be considered as part of the maximum time permitted for the completion of the degree.

2.4.15 Graduate Diplomas

1. Clinical Epidemiology - See Master of Science in Medicine
2. Community Health and Humanities - See Master of Science in Medicine
3. Fisheries Resource Management - See Master of Marine Studies
4. Health Professional Education - See Master of Education (Post-Secondary Studies)
5. Post Masters Nurse Practitioner - See Master of Nursing

3 Regulations Governing the Degree of Master of Applied Science

The Degree of Master of Applied Science (M.A.Sc.) is a course-based Degree offered in four areas: Computer Engineering, Environmental Systems Engineering and Management, and Oil and Gas Engineering. For information on the research-focused Master of Engineering program, refer to the regulations governing the Degree of Master of Engineering.

3.1 Industrial Internship Option

The Faculty permits graduate students to undertake internships of work in industry. These internships will allow students to either (a) enhance the application of their knowledge and skills within industry, or (b) complete a research project defined by the industry. Encouragement to undertake an internship will be given only where it is clear that one of these expectations can be met.

Students registered in the M.A.Sc. program may, with the permission of their Board of Studies, the Dean of the Faculty of Engineering and Applied Science, and the Dean of Graduate Studies, select the Industrial Internship Option. Students pursuing this option must satisfy the degree regulations for an M.A.Sc. program. In addition, students in the Industrial Internship Option:

1. shall normally complete at least 18 credit hours of the courses required for their program with an average of 75% or higher prior to the internship; the remaining required courses may be taken on campus or by distance
2. shall normally spend at least two continuous semesters on campus on a full-time basis as a graduate student at this university
3. shall normally spend 4 to 8 months of their program at an internship in industry
4. shall submit monthly reports to a university supervisor appointed by their Board of Studies, and shall submit a concise progress report to their Board of Studies no later than the end of each semester while on an internship
5. shall normally not opt out once the internship starts.

Successful completion of an internship will be indicated by a descriptive notation on the student transcript.
3.2 Computer Engineering

3.2.1 Program of Study
1. The Faculty of Engineering and Applied Science offers a course-based program in Computer Engineering leading to the Degree of Master of Applied Science (M.A.Sc.) in Computer Engineering. The program is available only on a full-time basis.
2. The program is offered by the Faculty of Engineering and Applied Science and will be administered by a Board of Studies appointed by the Dean of Engineering and Applied Science.

3.2.2 Qualifications for Admission
1. Admission to the program is limited and competitive.
2. To be eligible for consideration for admission, applicants will have at least a second class engineering Degree in Computer Engineering, computer science or electrical engineering; they will have background in many of the following areas: object-oriented programming, data structures, digital logic, computer organization, circuits and electronics, systems and signals, communications, discrete mathematics, probability and statistics and engineering design.
3. To be eligible for consideration for admission, applicants will meet the English Proficiency Requirements described under English Proficiency Requirements.

3.2.3 Degree Requirements
1. The degree program requires the completion of 36 credit hours, 6 of which comprise a project course.
   a. Students are required to complete 9801, 9859, 9861, 9865, 9867, 9871, 9874 and 9876.
   b. Three elective courses must be selected; each term the Board of Studies for the program will provide a selection of eligible courses, which may include ENGI 9821, ENGI 9822, ENGI 9868, ENGI 9869, ENGI 9872, ENGI 9875, ENGI 9877, ENGI 9878, ENGI 9879, ENGI 9880/83, ENGI 9888/91, CS 6752, CS 6756, PHYS 6102, and others designated by the Board of Studies for the program.
2. Normally students will take courses as shown in Table I. Students wishing to take courses in another sequence must request approval from the Board of Studies for the program.

3.2.4 Evaluation
Students must obtain a grade of at least 65% in all program courses to receive credit for the course towards their program requirements. Any student, who fails to receive 65% or more in a course, must repeat the course in the case of core courses, or must either repeat or replace the course with another program course in the case of elective courses. Any student who receives a grade of less than 65% in two courses or in a repeated course will be required to withdraw from the program.

3.2.5 Courses
980A/B Computer Engineering Project
9802/05 (excluding 9804) Special Topics in Computer Engineering
9806/09 Special Topics in Communications Engineering
9821 Digital Signal Processing
9822 Nonlinear Digital Image Processing and Analysis
9859 Computer Engineering Fundamentals
9861 High-Performance Computer Architecture
9865 Advanced Digital Systems
9867 Advanced Computing Concepts for Engineering
9868 ASIC Design
9869 Advanced Concurrent Programming
9871 Information Theory and Coding
9872 Digital Communications
9874 Software Design and Specification
9875 Embedded and Real-Time Systems Design
9876 Advanced Data Networks
9877 Computer and Communications Security
9878 Wireless and Mobile Communications
9879 Formal Specification and Development
9880-83 Special Topics in Computer Engineering
9888-91 Special Topics in Communications Engineering
Computer Science 6752 Applications of Computer Graphics
Computer Science 6756 Digital Image Processing
Physics 6102 Optics and Photonics

3.3 Environmental Systems Engineering and Management

3.3.1 Program of Study
1. The Faculty of Engineering and Applied Science offers a program in Environmental Systems Engineering and Management (ESEM) leading to the Degree of Master of Applied Science. The program is available on a full-time or part-time basis.
2. The program is offered by the Faculty of Engineering and Applied Science and will be administered by a Board of Studies appointed by the Dean of Engineering and Applied Science.

3.3.2 Qualifications for Admission
1. Admission is limited and competitive.
2. To be considered for admission, applicants shall normally hold a minimum second class Bachelor's Degree in engineering preferably in civil, environment, chemical, processing, or petroleum engineering, or in a related discipline from a university of recognized standing.
3. To be eligible for consideration for admission, applicants will meet the English Proficiency Requirements described under General Regulations, English Proficiency Requirements.

3.3.3 Degree Requirements
1. The Degree program requires the completion of 30 credit hours.
   a. 6 credit hours comprising a project course 960A/B.
   b. 15 credit hours comprised of 9601, 9609, 9612, 9624, 9625, 9629, 9630, ENVE/ENVS 6001, ENVE/ENVS 6002, ENVE/ENVS 6003, and Geography 6250.
   c. 9 credit hours (three courses) to be selected from 9603, 9605, 9610-9615, 9621, 9622, 9624, 9625, 9629, 9630, ENVE/ENVS 6001, ENVE/ENVS 6002, ENVE/ENVS 6003, and Geography 6250.

3.3.4 Evaluation
Students must obtain a grade of at least 65% in all program courses to receive credit for the course towards their program requirements. Any student who fails to receive 65% or more in a course, must repeat the course in the case of core courses, or must either repeat or replace the course with another program course in the case of elective courses. Any student who receives a grade of less than 65% in two courses or in a repeated course will be required to withdraw from the program.

3.3.5 Courses
960A Environmental Engineering Project (0 credit hours)
960B Environmental Engineering Project (6 credit hours)
9601 Environmental Pollution and Mitigation (cross-listed as ENVS 6004)
9603 Environmental Sampling and Pollutant Analysis (cross-listed as ENVS 6005)
9605 Water and Wastewater Treatment
9609 Environmental Risk Assessment (cross-listed as ENVS 6007)
9610-9615 Special Topics in Environmental Science and Engineering
9621 Soil Remediation Engineering
9622 Environmental Statistics
9624 Air Pollution (cross-listed as ENVS 6008)
9625 Environmental Impacts of Offshore Oil and Gas Operations
9626 Environmental Management System
9627 Environmental Systems Engineering
9628 Environmental Laboratory
9629 Environmental Policy and Regulations
9630 Pollution Prevention
ENVE/ENVS 6001 Earth and Ocean Systems
ENVE/ENVS 6002 Environmental Chemistry and Toxicology
ENVE/ENVS 6003 Applied Ecology
Geography 6250 Conservation of Natural Resources

3.4 Oil and Gas Engineering

3.4.1 Program of Study
1. The Faculty of Engineering and Applied Science offers a program in Oil and Gas Engineering leading to the degree of Master of Applied Science in Oil and Gas Engineering (M.A.Sc.(OGE)). The program is available on a full-time basis.
2. The program is offered by the Faculty of Engineering and Applied Science and will be administered by a Board of Studies appointed by the Dean of Engineering and Applied Science.

3.4.2 Qualifications for Admission
1. Admission is limited and competitive.
2. To be considered for admission, applicants shall normally hold a minimum second class Bachelor’s Degree in engineering preferably in mechanical, chemical/process, civil, environmental, mining/mineral, or petroleum engineering, or in a related discipline from a university of recognized standing.
3. To be eligible for consideration for admission applicants will meet the English Proficiency Requirements described under General Regulations, English Proficiency Requirements.

3.4.3 Degree Requirements
1. The degree program requires the completion of 30 credit hours.
   a. 6 credit hours comprising a project course Engineering 910A/910B.
   b. 15 credit hours by completing Engineering 9113, 9114, 9110, 9118 and 9121.
   c. 9 credit hours (three courses) to be selected from Engineering 9002, 9015, 9111, 9114, 9116, 9117, 9119, 9121, 9420, 9609, 9624, 9625, 9901, 9902, 9899. Engineering 9117 is a recommended elective course for students without adequate background in petroleum engineering.
3.4.4 Evaluation

Students must obtain a grade of at least 65% in all program courses to receive credit for the course towards their program requirements. Any student who fails to receive 65% or more in a course must repeat the course in the case of core courses, or must either repeat or replace the course with another program course in the case of elective courses. Any student who receives a grade of less than 65% in two courses or in a repeated course will be required to withdraw from the program.

3.4.5 Courses

9002 Ocean Engineering Structures
9015 Ocean Engineering Hydrodynamics
910A OGE Project Course (0 credit hours)
910B OGE Project Course (6 credit hours)
9110 Advanced Petroleum Production Engineering
9111 Well Testing
9112 Multiphase Flow
9113 Phase Behaviour of Petroleum Reservoir Fluids
9114 Advanced Reservoir Engineering
9116 Reliability Engineering
9117 Offshore Petroleum Geology and Technology
9118 Advanced Drilling Engineering
9119 Compact Process Equipment Design
9120 Advanced Natural Gas Engineering
9121 Advanced Safety, Risk and Reliability Modeling
9420 Engineering Analysis
9609 Environmental Risk Assessment
9624 Air Pollution
9625 Environmental Impacts of Offshore Oil and Gas Operations
9901 Fundamentals of Fluid Dynamics
9902 Advanced Transport Phenomena
9989 Special Topics Course - Corrosion Principles, Prevention and Control

4 Regulations Governing the Degree of Master of Applied Social Psychology (Co-operative)

This program is designed to meet the needs of both students and employers. Students will gain the skills and knowledge necessary to ask appropriate questions and conduct research in a variety of applied settings (e.g., business, government, health care, etc.). Students completing the program will be qualified for either immediate employment or further education. Students' and employers' needs will be met by a program that combines training in basic scientific methods and social psychological theory with practical experience in a variety of work settings. The training in methods and theory will be provided by the academic component of the program and the practical experience will be provided by the cooperative, work term component.

4.1 Qualifications for Admission

1. Admission to the program is competitive and selective. To be considered for admission to the Master of Applied Social Psychology (Cooperative) an applicant shall normally hold at least a high second class Honours degree or its equivalent, both in achievement and depth of study, from an institution recognized by the Senate.

2. Applications
   a. All applicants are required to submit results from the General section of the Graduate Record Examinations.
   b. Applicants are required to submit with their applications an example of their academic writing. This could include, but is not limited to, papers submitted in class, honour's thesis, etc.
   c. At least one letter of reference should come from someone who is familiar with the applicant's research capability.

3. Election will be based on an applicant's overall academic performance, scores on the Graduate Record Examination and letters of reference.

4. Admission to the program shall be upon acceptance by the Dean of Graduate Studies after recommendation by the Head of the Department of Psychology which will include a proposed program of study and a proposed Supervisor.

4.2 Program of Study

1. Students should note that it is possible to enter Academic Term 1 only in the Fall semester commencing in September of each year.

2. Every candidate shall complete four Academic Terms in the Cooperative Program and shall normally be required to complete two Work Terms.

3. Courses shall be taken in Academic Terms of "blocks" in the sequence, order, and course load as follows:
   - Fall: 6000, 6400, Winter: 6001, 6401, Spring: Work term 1, Fall: 6402, 6403, Winter: Work term 2, Spring: 6404

4.3 Evaluation and Advancement

1. In order to continue in good standing in the program and in order to qualify for the Master's Degree, a candidate shall obtain a grade of A or B for program courses, and complete two Work Terms.

2. The dates for starting and finishing each Work Term are shown in the University Diary. Successful completion of the Work Term requirements is a prerequisite to graduation.

3. A competition for Work Term employment is organized by the Co-operative Education Services Centre (CESC). Students may also obtain their own Work Term jobs outside the competition. Such jobs must be confirmed by letter from the employer and approved by the Head of Psychology and the CESC on or before the first day of the Work Term.

   Work Term jobs may be outside St. John's and possibly outside Newfoundland and Labrador. Students who do not wish to accept a Work Term job arranged by CESC shall be responsible for finding an alternative acceptable to the Head of Psychology and the CESC.
4. The overall evaluation of the Work Term is the responsibility of the CESC. The Work Term evaluation shall consist of two components:

a. On-the-job Student Performance:
   Job performance shall be assessed by a co-ordinator using information gathered during the Work Term and input from the employer towards the end of the Work Term. Formal written documentation from the employer shall be sought.

b. The Work Report:
   i. Work term reports shall be evaluated by a member of the CESC or a member of faculty in the Department of Psychology. If an employer designates a report to be of a confidential nature, both employer and co-ordinator must agree as to the methods to protect the confidentiality of such a report before the report may be accepted for evaluation.
   ii. Reports must be prepared according to American Psychological Association specifications and contain original work related to the Work Term placement. The topic must relate to the work experience and will be chosen by the student in consultation with the employer. For promotion from the Work Term, a student must obtain at least 65% in each component.

5. If a student fails to achieve the Work Term standards specified above the student will be required to withdraw from the program. Such a student may reapply to the program after lapse of two semesters, at which time the student will be required to complete a further Work Term with satisfactory performance before being admitted to any further academic term in the Faculty. A Work Term may be repeated once.

6. Students are not permitted to drop Work Terms without prior approval of the Graduate Studies Committee of the Department of Psychology, upon the recommendation of the CESC. The Graduate Studies Committee will make a recommendation to the Head of Department who will make the final decision. Students who drop a Work Term without permission, or who fail to honour an agreement to work with an employer, or who conduct themselves in such a manner as to cause their discharge from the job, will normally be awarded a failed grade for the Work Term. Permission to drop a Work Term does not constitute a waiver of degree requirements, and students who have obtained such permission must complete an approved Work Term in lieu of the one dropped.

4.4 Courses
6000 Advanced Statistics in Psychology
6001 Research Design
601W Work Term 1
602W Work Term 2
6400 Theory and Methods in Social Psychology
6401 Social Cognition
6402 Group Processes
6403 Program Evaluation and Applied Research
6404 Project in Applied Social Psychology

5 Regulations Governing the Degree of Master of Applied Statistics

The Degree of Master of Applied Statistics (M.A.S.) is a highly structured program incorporating 18 credit hours in program courses and a practicum in applied statistics. The Degree is offered in the Department of Mathematics and Statistics by full-time or part-time study.

5.1 Qualifications for Admission
1. Admission is limited and competitive. To be considered for admission to the Master of Applied Statistics program, an applicant shall normally hold at least a high second class Honours Degree or its equivalent, both in achievement and depth of study, from an institution recognized by the Senate.
2. In addition, an applicant shall normally have completed undergraduate courses in statistics which cover the material of Statistics 3521, 3530, 4410, 4520, 4560, 4561, 4590, 4591. If necessary, an applicant may be required to demonstrate a satisfactory knowledge of the above courses in an examination administered by the Department of Mathematics and Statistics.
3. Applicants who do not meet these requirements should consult the Department of Mathematics and Statistics along with a proposed program of study and a proposed Supervisor.
4. Admission to the program shall be upon acceptance by the Dean of Graduate Studies after recommendation by the Head of the Department of Mathematics and Statistics along with a proposed program of study and a proposed Supervisor.

5.2 Program of Study
The minimum requirements for the Degree of Master of Applied Statistics are completion of the following:
1. Six credit hours from the following courses:
   6510 Mathematical Statistics, 6520 Linear Models, 6560 Continuous Multivariate Analysis, or 6561 Categorical Data Analysis
2. 6590 A Course in Statistical Consulting
3. Nine additional credit hours selected from 6503-6589.
4. A practicum: An applied statistics project and an associated report. The report must demonstrate a satisfactory general mastery of statistical knowledge.

5.3 Evaluation
1. In order to continue in graduate studies and in order to qualify for a Master's Degree, a candidate shall obtain an A or B for program courses and complete successfully the practicum requirement.
2. Statistics 6590 will be evaluated by the course co-ordinator in consultation with associated statistical consultants.
3. Evaluation of the practicum shall be carried out in accordance with Theses and Reports of the General Regulations governing all students in the School of Graduate Studies.

Note: Every candidate in graduate studies shall comply with the General Regulations, the Degree Regulations and any additional requirements of the Department of Mathematics and Statistics.
5.4 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

**Statistics**
- 6503 Stochastic Processes
- 6505 Survival Analysis
- 6510 Mathematical Statistics
- 6520 Linear Models
- 6530 Generalized Linear Longitudinal Mixed Models
- 6540 Time Series Analysis
- 6545 Statistical Computing
- 6550 Nonparametric Statistics
- 6560 Continuous Multivariate Analysis
- 6561 Categorical Data Analysis
- 6570-6589 Selected Topics in Statistics and Probability
- 6590 A Course in Statistical Consulting
- 6630 Statistics Seminar

6 Regulations Governing the Degree of Master of Arts
Professor and Acting Dean of Arts
N. Roy

Associate Professor and Acting Associate Dean (Graduate and Research)
C. Dyck

The Degree of Master of Arts (M.A.) is offered in Anthropology, Archaeology, Classics, Economics, English Language and Literature, Ethnomusicology, Folklore, French Studies, Geography, German Language and Literature, History, Linguistics, Philosophy, Political Science, Religious Studies and Sociology.

Applicants are advised to consult, in addition to the regulations governing the Degree of Master of Arts, both the General Regulations and the particular regulations of the appropriate Departments.

6.1 Qualifications for Admission
1. Admission is limited and competitive. To be considered for admission an applicant shall hold a Bachelor's Degree or its equivalent from an institution recognized by the Senate and shall have a knowledge of the proposed field of specialization satisfactory to the Department concerned (or Departments, when interdisciplinary study is intended) and to the Dean.
2. Preference will normally be given to applicants who hold an appropriate Honours Degree, either from Memorial University of Newfoundland, or from another university whose Honours Degree is of comparable standing. Any other applicant who holds a Bachelor's Degree or its equivalent will be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least grade B in courses in the proposed field of specialization.
   b. the applicant's overall undergraduate record after the first year shows an average of at least grade B in all courses taken, and
   c. the Department concerned satisfies the Dean that the applicant's work exhibits evidence of academic excellence.

Only in exceptional circumstances, and only on the recommendation of the Department concerned, will the Dean consider applicants who do not meet the requirements in a. and b. Such applicants, however, must meet the requirements in c.

3. An applicant may be required to demonstrate a satisfactory knowledge of the proposed field of study in an examination administered by the Department or Departments.

4. In most cases instruction is in English, and examinations and theses are to be written in English. (Language Departments, however, give instruction in the pertinent language and often require examinations and theses to be written in the language. In addition, other Departments may permit or even require examinations and/or theses to be written in a language other than English.)

6.2 Program of Study and Research
1. The program of study for the Master of Arts Degree shall consist of the successful completion of a program of courses and, in accordance with Departmental regulations, either of a thesis embodying systematic research or of a Comprehensive Examination. For programs requiring 24 credit hours or more, the academic unit may choose not to require a thesis or comprehensive examination.
2. Every candidate shall read at least 12 credit hours in program courses at the graduate level in one subject or in closely related subjects. Departmental regulations may require more courses than the minimum and this higher number is listed where applicable in the regulations of the Department.

3. Students may, with the approval of the Dean, augment their program with a limited number of other courses of their choice. Passing grades are not required in these non-program courses in order to continue in graduate studies or obtain a Master's Degree. However, the final grades in these courses will be recorded on the student's transcripts. The grading system in non-program courses shall be that appropriate to the particular course.

4. Candidates submitting a thesis on an approved topic shall conduct systematic research under the direction of a Supervisor recommended by the appropriate Department or Departments and approved by the Dean. The candidate may be required to take an oral examination.

5. Changes in either the program of courses or the topic of the thesis require the approval of the Dean.

6. On the recommendation of the Head of the Department, the Dean may waive, in part, the course requirements for a Master's Degree.

7. Application for transfer from the Master of Arts to the Master of Philosophy is to be made to the Dean before the end of the second semester in the case of full-time students, and in the case of part-time students before 18 graduate credit hours have been completed.

8. The Dean may approve an application to transfer from the M.A. to the M.Phil. only when a new integrated program, acceptable to
6.3 Evaluation
1. In order to continue in the School of Graduate Studies and in order to qualify for a Master’s Degree, a candidate shall obtain an A or B grade in each regulation course. Some candidates may be required to read a specified number of additional graduate or undergraduate courses for which a passing grade must be achieved.
2. Students registered for credit shall write their examinations in their graduate courses at a time to be determined by the Dean on the recommendation of the Department.
3. Students registered in undergraduate courses shall satisfy examination requirements in these courses.
4. When, on a basis of consultation with the candidate, the instructors in graduate courses, and the thesis Supervisor, the Head of a Department has determined that the candidate’s work has fallen below a satisfactory level, the Head may recommend to the Dean that the candidate be required to withdraw from the program.

6.4 Thesis or Report
See General Regulation, Theses and Reports.

6.5 Anthropology

Associate Professor and Head of the Department
M. Tate

The Degree of Master of Arts (M.A.) is offered in Anthropology by either full-time or part-time study.
1. Candidates will specialize in social and cultural anthropology.
2. When candidates are accepted into the program, they will be assigned one or more Supervisors. Candidates’ programs shall be the responsibility of their Supervisor(s), the graduate co-ordinator(s), and the Head of the Department.
3. If candidates’ records suggest a deficiency in some area(s), the Department reserves the right to require that they complete additional undergraduate courses before beginning program courses.
4. Candidates may choose between a thesis and a non-thesis option.

6.5.1 M.A. With Thesis
1. Normally, the M.A. program should take two academic years to complete, of which the first year will be spent in (a) completing course work, (b) writing and orally defending a thesis proposal before members of the faculty, and (c) beginning to carry out research. The second academic year will be spent in (d) completing research, (e) presenting an oral research report to the Department, and (f) completing a thesis.
2. Candidates for the Degree of a Master of Arts in Anthropology will be required to complete not fewer than 12 credit hours, nor more than 18 credit hours of courses at the graduate level.
3. Most Department graduate courses are taught in either a seminar or tutorial framework; all courses require intensive reading, regular oral communication of ideas to faculty and other students, and preparation of written research papers and other assignments.
4. Normally, during the second semester of the first year of study in the program, a written thesis proposal which has been approved by the student’s Supervisor(s) will be circulated to all members of the Department. The written thesis proposal should be made available to faculty members at least two weeks prior to the scheduled date of a student’s oral presentation and defence of the proposal.
5. Shortly following the completion of their research, candidates will be required to present an oral research report on their findings to the Department.
6. A final draft of the thesis will be evaluated in accordance with the requirements of the School of Graduate Studies.

6.5.2 M.A. Without Thesis

Normally, the M.A. program without thesis should take one academic year to complete. Candidates who choose to do the M.A. without thesis must normally complete 24 credit hours in graduate program courses; 15 of which will normally be from ANTH 6440, ANTH 6890 and ANTH 6300. Nine additional credit hours are to be selected from the graduate courses offered by the Department.

Note: ANTH 6440 will be worth 9 credit hours. This course will normally be based on secondary literature and will be supervised by a faculty member.

6.5.3 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6010 Cultural Ecology
6071 Health and Illness: Cultural Contexts and Constructions
6081 Anthropology of Gender
6089 Anthropology of Underclass Life
6100 Social Organization
6110 Culture and Personality
6140 The Community
6210 Language and Culture
6240 Atlantic Regional Studies
6260 Social and Economic Development
6280 Newfoundland Ethnography
6281 Labrador Ethnography
6282 Ethnography of a Single Region
6300 Fieldwork and Interpretation of Culture
6400 Current Themes in Cultural Anthropology
6410 History of Anthropology
6412 Anthropological Theory
6413 Applied Anthropology
6.6 Archaeology
Professor and Interim Head of the Department
S. Brown

6.6.1 Program of Study
The Degree of Master of Arts is offered in Archaeology by either full-time or part-time study.

1. Candidates may specialize in either archaeology or bioarchaeology.
2. The choice of specialty will govern the selection of Supervisor(s), courses, and thesis or research paper topics. When candidates are accepted into the program, they will be assigned one or more Supervisors. Candidates' programs shall be the responsibility of their Supervisor(s), the graduate co-ordinator, and the Head of the Department.
3. If candidates' records suggest a deficiency in some area(s), the Department reserves the right to require that they complete additional undergraduate courses before beginning program courses.
4. Normally, the M.A. program should take six academic semesters to complete, of which the first three semesters will be spent in (a) completing course work, (b) writing and orally defending a thesis proposal before members of the faculty, and (c) beginning to carry out research. The following semesters will be spent in (d) completing research, (e) presenting an oral research report to the Department, and (f) completing a thesis.
5. Candidates for the Degree of a Master of Arts in Archaeology will be required to complete not fewer than 12 credit hours, nor more than 18 credit hours of courses at the graduate level.
6. Most Department graduate courses are taught in either a seminar or tutorial framework; all courses require intensive reading, regular oral communication of ideas to faculty and other students, and preparation of written research papers and other assignments.
7. Normally, during the second semester of the first year of study in the program, a written thesis proposal which has been approved by the student's Supervisor(s) will be circulated to all members of the Department. The written thesis proposal should be made available to faculty members at least two weeks prior to the scheduled date of a student's oral presentation and defence of the proposal.
8. Shortly following the completion of their research, candidates will be required to present an oral research report on their findings to the Department.
9. A final draft of the thesis will be evaluated in accordance with the requirements of the School of Graduate Studies.

6.6.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

- 6020 Bioarchaeology
- 6040 Human Osteology
- 6095 Advanced Studies in Ethnohistory (same as History 6095)
- 6151 Palaeoethnobotany
- 6181 Palaeoeskimo Cultures of the Eastern Arctic
- 6182 Advances in Material Culture Analysis
- 6187 Readings in Maritime Provinces Prehistory
- 6189 Palaeopathology
- 6191 Approaches to Early Modern Material Culture
- 6192 Conservation Method and Theory
- 6290 Newfoundland and Labrador Prehistory
- 6310 Economic Analyses in Archaeology
- 6320 Ethnoarchaeology
- 6330 Archaeological Field Conservation
- 6409 History of Archaeology
- 6411 Theory and Method in the Study of Archaeology and Prehistory
- 6500 Special Topics in Historical Archaeology (Prerequisite 6191)
- 6680-6699 Special Topics in Archaeology and Prehistory
- 6700 Interpretative Methods in Archaeology
- 6701 Interpretative Methods in Historical Archaeology
- 6890 Graduate Seminar

6.7 Classics
Associate Professor and Head of the Department
T. J. Allen

6.7.1 Program of Study
The Department of Classics offers an M.A. in Classics, with an emphasis on classical texts and research methods, which suitably prepared students may complete in 1 year of full-time study, normally beginning in September.

1. Applicants should have an Honours Degree in Classics or a related field, including at least two years study in both Greek and Latin. Students expecting to complete the M.A. Degree within 12 months must have at least 24 undergraduate credit hours in one language (Greek or Latin) and 18 undergraduate credit hours in the other. Other applicants may be required to take 3 or more credit hours at the undergraduate level, in addition to their graduate course work.
2. Students will complete 18 credit hours in courses at the 6000 level (including 6100 and 6101) plus any additional courses the Department may deem necessary. The required courses 6100 and 6101 involve the intensive reading of ancient texts and also introduce students systematically to the most important research methods in Classics, including palaeography, textual criticism,
3. Students are also required to complete one of the following:
   a. Research Essay
      Students will complete a research essay (approximately 15,000 words), normally in the third semester of their program of study. The essay will be graded by two members of faculty and will be assigned a PASS/FAIL grade.
   b. Translation Examination
      Students will be required to pass two exams based on a reading list of Greek and Roman authors. One exam will be on Greek authors and one on Latin authors. The exams test students' ability to translate from Greek and Latin texts into English and will also require some commentary on the set texts. Students are expected to write these exams in the third semester of their program of study. The exam will be graded by two members of faculty and will be assigned a PASS/FAIL grade.

4. Students are required to complete an examination testing their competence in German, Italian or French, as early as possible in their program of study. This examination will be assigned a PASS/FAIL grade. (See Evaluation, Evaluation of Graduate Students, 4.)

6.7.2 Courses
6010 Greek Literature: Prose
6020 Latin Literature: Prose
6030 Greek Literature: Poetry
6040 Latin Literature: Poetry
6050 Greek History
6060 Roman History
6080 Ancient Philosophical Authors
6100 Greek Literature/Research Methods
6101 Latin Literature/Research Methods

Note: The prerequisite of all 6000-level courses is at least three courses numbered 3000 and above (or equivalent) in the appropriate language.

6.8 Economics
Professor and Interim Head of the Department
E.Y. Tsoa

The Degree of Master of Arts is offered in Economics. The focus of the program is applied economics. The non-thesis option is designed so that suitably qualified full-time students can complete it in one year. The thesis option normally takes more than one year.

6.8.1 Qualifications for Admission
To be considered for admission, an applicant must normally have completed an undergraduate Degree in Economics at a Canadian university with at least second-class Honours standing, or its equivalent. Satisfaction of this criterion does not guarantee admission and, if admitted, students may be required to complete specified undergraduate courses as deemed necessary by the Department.

6.8.2 Programs of Study
1. Non-Thesis Option
   a. The program of study requires, in addition to any specified undergraduate courses, completion of 26 credit hours in graduate Economics courses, including a master's essay course. The maximum time normally permitted for students to satisfy these requirements is three years.
   b. The 26 credit hours in graduate courses consist of the following:
      i. 11 credit hours in core courses, which shall normally be completed in the first term of the program: Economics 6000, 6001, 6002, and 6009;
      ii. 12 credit hours in other courses selected from those offered by the Department;
      iii. Masters Essay course: Economics 6999. Normally, all other required graduate courses must be completed before the essay.
   c. The master's essay, Economics 6999, must be in the area relating to the courses taken by the student. Students will be assigned a Supervisor, who will approve the topic; the essay will be graded by the Supervisor and one other member of the Department. The essay must be completed during the semester in which the student is registered in Economics 6999. During that time, students may be required to give a Departmental seminar on their essays.

2. Thesis Option
   a. The thesis option consists of 20 credit hours and a thesis. The thesis will consist of a comprehensive study in the area of the student's field courses. The thesis must embody systematic research and demonstrate a mastery of economic principles and their application. Thesis work will be completed under a Supervisor from the Department.
   b. The thesis must normally be completed within the two years following completion of 20 required credit hours, which must include Economics 6000, 6001, 6002 and 6009.
   c. The thesis will normally be evaluated internally and in accordance with the requirements of the School of Graduate Studies.

6.8.3 Courses
The following courses will be offered to meet the requirements of candidates, as far as resources of the Department will allow.
Core Courses
6000 Advanced Micro-economic Theory
6001 Advanced Macro-economic Theory
6002 Econometrics
6009 Graduate Seminar (2 credit hours)

Elective Courses
6010 Taxation
6011 Expenditure
6012 Cost-benefit Analysis
6013 Fiscal Federalism
6.9 **English Language and Literature**

**Associate Professor and Head of the Department**

D. Walsh

The degrees of Master of Arts and Doctor of Philosophy are offered in English Language and Literature.

Candidates for the M.A. in English may complete the program as either part-time or full-time students. Candidates for the Ph.D. in English must be in attendance as full-time students for at least three semesters of the program.

**6.9.1 Admission**

1. Admission to the M.A. in English is limited and competitive. Applicants should have an Honours B.A. in English (or the equivalent, 60 credit hours in English with an appropriate range of courses) and a strong academic record.

2. Strong candidates who have come close to achieving Honours equivalency may be admitted on the condition that they complete such undergraduate courses as the Department may deem necessary, in addition to the required graduate courses.

3. Candidates who have not completed English 4900 or an equivalent course will be required to complete English 5900 which will not count as one of the required courses for the M.A. The course will be graded ‘pass’ or ‘fail’. As in other graduate courses a grade of 65 or above is considered a pass.

**6.9.2 Program of Study**

1. **Thesis Option**

   a. Candidates completing the M.A. with thesis will complete a minimum of 15 credit hours in graduate courses, which will normally include English 7003, and a thesis.

   b. Candidates must submit a thesis proposal which includes a statement of topic, a working title, a plan of research, and a preliminary bibliography. The proposal should be approved by the Supervisor or Supervisors and submitted to the Departmental Graduate Studies Committee for its approval by the end of the candidate’s third semester. The Departmental Graduate Studies Committee shall return the thesis proposal to the candidate no later than one month after receiving it.

   c. Full-time students who choose the thesis option will usually complete their degree in two years.

2. **Non-Thesis Option**

   a. Candidates completing the M.A. without thesis will complete a minimum of 24 credit hours in graduate courses, which will normally include English 7003.

   b. Full-time students who choose the non-thesis option will usually complete their degree in one year.

**6.9.3 Courses**

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

**Notes:**

1. Since it is impossible to list in detail the many topics that may from time to time be offered, the titles below refer only to the major periods and general subject areas in which specific courses may be available. The content and approach in specific courses will vary according to the research interests of students and faculty involved in the course. Students should consult the Department's annual Graduate Student Guide (or the Graduate Co-ordinator) for detailed descriptions of specific course offerings. Normally, no fewer than ten graduate courses are offered in any given academic year.

2. English 5900 cannot be counted as one of the required graduate courses in any program.

3. All students will normally take English 7003 - Trends in Contemporary Literary Theory, usually in their first semester.

4. Students who took graduate courses in English at Memorial University of Newfoundland before 1997 should consult with the Department before selecting further courses.

5900 Bibliography and Research Methods

6403 Etymology (same as Linguistics 6403)

6420 English Dialectology I

6421 English Dialectology II

6999 Master's Essay (for non-thesis students)

7003 Trends in Contemporary Critical Theory

7004 English Phonology and Morphology

7005 The Syntactic Structure of English

7020-25 Special Topics in English

7032 Studies in Old English I

7033 Studies in Old English II

7034 Studies in Middle English I

7035 Studies in Middle English II

7036 Studies in Middle English III

7037 Studies in 16th-Century Literature I

7038 Studies in 16th-Century Literature II

7039 Studies in 16th-Century Literature III

7040 Studies in 16th-Century Literature IV

7041 Studies in 17th-Century British Literature I

7042 Studies in 17th-Century British Literature II

7043 Studies in 17th-Century British Literature III
6.10 Ethnomusicology

Professor and Director
E. Waterman

Associate Professor and Associate Director
M. Cheramy

The Master of Arts program in Ethnomusicology is administered by the School of Music in consultation with the Department of Folklore, and generally in response to recommendations from an Interdisciplinary Advisory Committee with representation from both academic units, chaired by the Program Co-ordinator.

The Degree of Master of Arts in Ethnomusicology is offered by part-time and full-time study. While it is normally a course work degree, a thesis option is available upon application. Fieldwork is often a requirement both for independent research and course work. The resources of the Memorial University of Newfoundland Folklore and Language Archive are available to graduate students in Ethnomusicology.

6.10.1 Qualifications for Admission

Applicants may be admitted to the program if they have at least a B+ average with a B.Mus. Degree or other Degree in the Humanities or Social Sciences with evidence of specialization in music. Applicants whose professional music training took place outside the university system are also encouraged to apply, provided they have the academic equivalent of the qualifications described above. Applicants from a discipline other than Music will be expected to demonstrate the following skills:

- Competent performance in any musical tradition, as judged by a musician knowledgeable about that tradition.
- Knowledge of culturally appropriate language for discussion of performance techniques in that tradition.
- Ability to discuss musical details on the basis of aural and/or written sources, as appropriate to that tradition.

Candidates for admission may, at the discretion of the Interdisciplinary Advisory Committee, be required to write diagnostic examinations measuring skills and knowledge in music literacy, theory, or aural perception. Candidates with deficiencies in any of these areas may be required to take remedial course work prior or in addition to the required program.

6.10.2 Program of Study

The M.A. program will normally be completed within five consecutive semesters of full-time study. The degree is normally taken by completing course work and a major research paper. In special circumstances, a student may apply to complete the degree by completing course work and a thesis. Demonstration of competence in a language other than English may be required if warranted by the research proposed by the student.
1. **Course Work M.A.**
   a. Students must normally complete a minimum of 24 credit hours plus a major research paper (Music 7002). Further courses beyond the minimum number may be required, depending on the background of the student. The required courses are:
      i. Music 7001; Folklore 6010, 6030.
      ii. One of Folklore 6100 or Music 6002.
      iii. One area or genre studies course (3 credit hours) relevant to the research of the student.
      iv. Nine credit hours to be selected from the Music and Folklore courses listed below (with the approval of the Interdisciplinary Advisory Committee); one elective (3 credit hours) may be a relevant course offered in another discipline (with the approval of the Interdisciplinary Advisory Committee).
   b. Research paper (Music 7002) on a topic chosen by the student with his/her supervisor's approval. Proposals for topics and supervisors will be vetted by the Interdisciplinary Advisory Committee no later than the beginning of the third term of study. The paper will normally demonstrate the student's ability to apply methodologies and theoretical constructs, learned in the courses taken, to a specific repertory, or performance context.

2. **Thesis M.A.** (available by special application to the Interdisciplinary Advisory Committee)
   a. Students must normally complete a minimum of 21 credit hours plus a thesis. The required courses are:
      i. Music 7001; Folklore 6010, 6030.
      ii. One of Folklore 6100 or Music 6002.
      iii. One area or genre studies course (3 credit hours) relevant to the research of the student.
      iv. Six credit hours to be selected from the Music and Folklore courses listed below (with the approval of the Interdisciplinary Advisory Committee); one elective (3 credit hours) may be a relevant course offered in another discipline (with the approval of the Interdisciplinary Advisory Committee).
   b. Thesis submitted in accordance with General Regulation Theses and Reports of the School of Graduate Studies. A thesis proposal, consisting of a statement of topic, working title, plan of research, and preliminary bibliography, with the name of the preferred Supervisor, shall be submitted by the candidate to the Interdisciplinary Advisory Committee no later than the beginning of the third term of study.

### 6.10.3 Courses

**Theories and Methods:**
- Music 6001 Research Methods
- Music 6002 Graduate Seminar
- Music 7001 Research Problems and Methods in Ethnomusicology
- Music 7002 Research Paper
- Folklore 6010 Survey of Folklore Genres and Processes
- Folklore 6020 Field and Research Methods
- Folklore 6030 Folklore Theories
- Folklore 6040 Feminist Theories: Perspectives and Issues
- Folklore 6080 Vernacular Theories
- Folklore 6090 Ethnology
- Folklore 7100 Advanced Folkloristics II: Research and Ethnography

**Form and Performance:**
- Music 7005 Performance Option
- Folklore 6100 Song and Music
- Folklore 6120 Ballad
- Folklore 6130 Folk Music Canons and Documentary Sound Recordings
- Folklore 6200 Folktales
- Folklore 6210 Legend
- Folklore 6220 Personal Experience Narrative
- Folklore 6250 Language and Play
- Folklore 6260 Ethnography of Communications
- Folklore 6300 Ethnography of Belief
- Folklore 6310 Health Systems
- Folklore 6350 Custom
- Folklore 6360 Traditional Drama
- Folklore 6400 Material Culture
- Folklore 6410 Vernacular Architecture
- Folklore 6420 Art and the Artifact
- Folklore 6430 Food and Culture
- Folklore 6720 Folklore and Literature

**Area and Genre Studies:**
- Music 7010 World Music: Music of Asia and Oceania
- Music 7011 World Music: Music of Africa and the Americas
- Music 7012 Canadian Musical Traditions
- Music 7013 Music and Culture
- Music 7017 Folksong
- Music 7018 Jazz and Blues: The Roots of Popular Music
- Folklore 6120 Ballad
- Folklore 6600 Folklore of Newfoundland
- Folklore 6610 Folklore of Canada
- Folklore 6620 Folklore of the United States
- Folklore 6630 Folklore of the British Isles
- Folklore 6770 The Global and the Local

**Social Identities:**
- Music 7006 Urban Ethnomusicology
- Music 7007 Music in the Study of Gender, Race and Class
- Music 7009 Music and Place
Folklore 6510 Occupational Folklore  
Folklore 6551 Indigenous Expressive Cultures in Cross-cultural Encounter  
Folklore 6730 Folklore and Gender  
Folklore 6780 Ethnicities  

Public and Applied Ethnomusicology and Folklore:  
Music 6700 Music Industries Seminar  
Music 6750 Music Industries Internship (2 credit hours)  
Folklore 6740 Public Sector Folklore  
Folklore 6760 Archiving  
Folklore 6790 Museums: Perspectives and Practices  
Folklore 6800 Applied Folklore  

Interdisciplinary Perspectives:  
Music 7008 Media Studies  
Folklore 6700 Folklore and Culture  
Folklore 6710 Oral Tradition and Oral History  
Folklore 6750 Popular Culture: Theory and Debate  

Independent Study:  
Music 7026-29 Directed Reading in Ethnomusicology  
Folklore 6570-79 Reading Courses in Folklore  

Special Topics:  
Music 6800-09 Special Topics in Music  
Music 7800-09 Special Topics in Music  
Folklore 6511-29 Special Topics in Folklore  
Folklore 6570-79 Reading Course in Folklore  

6.11 Folklore  
Associate Professor and Interim Head of the Department  
M. Lovelace  

The Degree of Master of Arts in Folklore is offered by part-time and full-time study. The program normally requires extensive fieldwork research in Newfoundland and/or the Maritimes.  

Integral to the teaching of the Department of Folklore is work of the Memorial University of Newfoundland Folklore and Language Archive.  

6.11.1 Program of Study  
1. Applicants may be admitted to the graduate program if they have an average of at least grade ‘B’ in no fewer than 36 credit hours in Folklore or in any other discipline in the Humanities or Social Sciences.  
2. The M.A. program will normally be completed within six consecutive semesters (i.e., a two-year period). The Degree of Master of Arts in Folklore may be taken by course work and comprehensive examination, course work and thesis, or course work and co-operative education work terms. All options are available to full-time and part-time students. However, the work term component of option C cannot be completed on a part-time basis.  

a. M.A. With Thesis:  
i. Students choosing to do the M.A. with thesis must normally complete a minimum of 24 credit hours plus a thesis. Normally, the required courses are:  
   • 6010, 6020, and 6030, normally taken as an integrated foundation in the Fall semester.  
   • At least one of the following: 6060, 6100, 6120, 6130, 6200, 6210, 6220, 6250, 6260, 6360, 6720.  
   • At least one of the following: 6070, 6300, 6310, 6350, 6370, 6400, 6410, 6420, 6430.  
   • Nine additional credit hours to be selected from courses in the groups listed above or from the other courses offered by the Department.  
ii. A brief thesis pre-proposal, including a statement of topic, working title, plan of research, ethics statement, preliminary bibliography, and the name of a preferred Supervisor, shall be submitted no later than the end of the candidate’s second semester. A full proposal shall normally be submitted to the Department of Folklore and orally presented before members of the faculty by the end of the candidate’s fourth semester. The written thesis proposal should be made available to faculty members at least two weeks prior to the scheduled date of a student’s oral presentation of the proposal. Following approval of the thesis proposal and consultation with the candidate, the Supervisor and thesis topic will be recommended to the Dean.  

b. M.A. With Comprehensive Examination:  
i. Students choosing to do the M.A. with comprehensive examination must normally complete a minimum of 30 credit hours plus comprehensive examination. Normally, the required courses are:  
   • 6010, 6020, and 6030, normally taken as an integrated foundation in the Fall semester.  
   • At least one of the following: 6060, 6100, 6120, 6130, 6200, 6210, 6220, 6250, 6260, 6360, 6720.  
   • At least one of the following: 6070, 6300, 6310, 6350, 6370, 6400, 6410, 6420, 6430.  
   • Fifteen additional credit hours to be selected from courses in the groups listed above or from the other courses offered by the Department.  
ii. Each candidate selecting the M.A. with comprehensive examination option shall normally submit, by the end of the candidate’s second semester, written notification of intention to take comprehensives.  
iii. Each candidate selecting this option shall normally write the comprehensive examination at the end of the candidate’s fifth semester in the program. The comprehensive examination will be graded by a comprehensive examination committee appointed by the Dean of Graduate Studies on the recommendation of the Head of the Department, in accordance with General Regulations governing the School of Graduate Studies.  

c. M.A. With Public and Applied Folklore Co-operative Education Work Terms:  
i. Students choosing to do the M.A. with Public and Applied Folklore Co-operative Education option must normally complete a minimum of 24 credit hours plus two co-operative education work terms. The required courses are:
School of Graduate Studies 2011-2012

- 6010, 6020, and 6030, normally taken as in integrated foundation in the Fall semester.
- 6740 or 6800 and at least one additional course selected from the following: 6551, 6740, 6760, 6790, 6800.
- At least one of the following: 6100, 6120, 6130, 6200, 6210, 6220, 6250, 6260, 6360, 6720.
- At least one of the following: 6300, 6310, 6350, 6370, 6400, 6410, 6420, 6430.
- Three additional credit hours to be selected from courses in the groups listed above or from the other courses offered by the Department.
- 601W and 602W.

ii. The dates for starting and finishing each work term are shown in the University Diary.

iii. A competition for work term employment is organized by the Division of Co-operative Education (DCE) in cooperation with the Department of Folklore. Students may also obtain their own work term jobs outside the competition. Such jobs must be confirmed by letter from the employer and approved by the Head of Folklore and by the DCE on or before the first day of the work term. Work term jobs may be outside St. John’s and possibly outside Newfoundland and Labrador. Students who do not wish to accept a work term job arranged by DCE shall be responsible for finding an alternative acceptable to the Head of Folklore and the DCE. By entering the competition, students give permission for the DCE to supply their Memorial University of Newfoundland transcripts to potential employers.

iv. Each work term placement will be supervised by the candidate’s program Supervisor, the on-site Supervisor assigned by the employer and the DCE Co-ordinator. The overall evaluation of the work term is the responsibility of the program Supervisor, on-site Supervisor and DCE Co-ordinator. The work term shall consist of two components:
- On-the-job Student Performance as evaluated by the on-site Supervisor and DCE Co-ordinator, in consultation with the program Supervisor.
- A Work Report graded by the program Supervisor in consultation with the on-site Supervisor.

v. Evaluation of the work term will result in the assignment of one of the following final grades:
- Pass with Distinction: Indicates EXCELLENT PERFORMANCE in both the work report and work performance.
- Pass: Indicates that PERFORMANCE MEETS EXPECTATIONS in both the work report and work performance.
- Fail: Indicates FAILING PERFORMANCE in the work report and/or the work performance.

If a student fails to achieve a final grade of Pass or Pass with Distinction, and provided the student has not failed to achieve a grade of ‘B’ or better in any program course, the student may request to repeat the work term component. The request will be considered by the Department Head in consultation with the program Supervisor and must include a proposal for a new work term placement. Only one work term repeat will be permitted in the student’s program. Alternatively, the student may apply for a change of route to the thesis or comprehensive examination program option.

6.11.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, normally after consultation with the Head of the Department or the Graduate Studies Administrator, and as far as the resources of the Department will allow. Courses are structured according to the categories of: Theories and Methods, Issues, Form and Performance, Special Topics, Regional, National and International Heritage, Social Identities, Public and Applied Folklore, Interdisciplinary Perspectives, and Required (Ph.D.):

Cooperative Education Work Terms
- 601W Work Term I
- 602W Work Term II

Theories and Methods
- 6010 Survey of Folklore Genres and Processes
- 6020 Field and Research Methods
- 6030 Folklore Theories
- 6040 Feminist Theories: Perspectives and Issues
- 6080 Vernacular Theories
- 6090 Ethnology

Issues
- 6050 Issues in Folkloristics
- 6060 Issues in Oral Tradition and Performance
- 6070 Issues in Folklore

Form and Performance
- 6100 Song and Music
- 6120 Ballad
- 6130 Folkmusic Canons and Documentary Sound Recordings
- 6200 Folktale
- 6210 Legend
- 6220 Personal Experience Narrative
- 6250 Language and Play
- 6260 Ethnography of Communications
- 6300 Ethnography of Belief
- 6310 Health Systems
- 6350 Custom
- 6360 Traditional Drama
- 6370 Ritual, Festival and Public Display
- 6400 Material Culture
- 6410 Vernacular Architecture
- 6420 Art and the Artifact
- 6430 Food and Culture
- 6720 Folklore and Literature

Special Topics
- 6511-29 Special Topics in Folklore
- 6550 Special Research in Folklore
- 6551 Indigenous Expressive Cultures in Cross-cultural Encounter
6.12 French

Associate Professor and Head of the Department
A. Thareau

6.12.1 Program of Study

1. The Degree of Master of Arts in French Studies may be completed by full-time or part-time study. “French Studies” may take the form of the study of the French language or of francophone literature, including the study of literary history, criticism or theory. It may also include the study of French-language cinema or of other aspects of francophone civilization.

2. Candidates who are practicing teachers of French and wish to pursue French studies in conjunction with studies of the teaching of French may opt to pursue the Master of Arts and Education (Education and Francophone Literatures and Cultures) degree jointly offered by the Faculty of Arts, Department of French and Spanish and the Faculty of Education.

3. Applicants for the M.A. program in French Studies are normally expected to have completed the Honours Degree with a second-class standing or better. An applicant who does not hold an Honours Degree or its equivalent may be required to complete such additional undergraduate courses as the Department considers necessary, prior to admission or as part of the program.

4. The M.A. program in French Studies will consist of 15 credit hours in graduate courses (normally requiring 2 or 3 semesters of full-time study), plus research activities and a thesis of approximately 80 pages. The 15 credit hours shall include 6008 and 6009, normally completed in consecutive semesters. The remaining 9 credit hours shall be obtained by completion of three courses chosen from those in three of the five groups listed in the Courses section below. The language of the thesis will be French. The thesis proposal, after being approved by the Supervisor, will be submitted by the candidate, normally before the end of the third semester of studies, to the Departmental Graduate Studies Committee, who will decide whether or not to grant its approval.

5. Each candidate’s program of study must be approved by the Departmental Graduate Studies Committee.

6. A paper drawn from the thesis will be presented at a Departmental seminar or in another forum approved by the Departmental Graduate Studies Committee. Normally, this presentation will take place at some time between submission of the final draft thesis to the Supervisor and the submission of the thesis to the School of Graduate Studies.

7. The approval of the Departmental Graduate Studies Committee must be obtained before the thesis is forwarded to the School of Graduate Studies for examination.

8. In the final version of the M.A. thesis and other written assignments for M.A. courses, the quality of written French must be of a standard acceptable to the Department as represented by the Graduate Studies Committee. Normally, this will mean that the final version of such assignments will be free of spelling, lexical, and grammatical errors, and of improper use of stylistic conventions. In the case of the M.A. thesis, this requirement applies to the version submitted for examination.

6.12.2 Courses

A selection of the following graduate courses will be offered to meet candidates’ requirements, as far as the resources of the Department will allow:

6008* Literary Methodology and Theory I
6009* Literary Methodology and Theory II

Historiographical, Genetic, Thematic, Hermeneutical or other historical or critical approaches to French Studies

6032 Genetic Criticism and Exegesis
6102 History of the French Language

Psychoanalytical, Ethnological or Anthropological approaches to French Studies

6020 Literature and Psychoanalysis
6021 Mythocriticism
Les enseignants et enseignantes de français qui veulent poursuivre leurs études en français et en didactique du français peuvent choisir le programme de Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones) offerte par la Faculté des Arts, le Département d’études françaises et hispaniques et la Faculté d’Éducation.

Pour être admis au programme de Maîtrise ès Arts en Études françaises, l’étudiant doit normalement détenir un diplôme de baccalauréat avec une spécialisation en Études françaises et une note moyenne d’au moins B. Le département pourra obliger toute personne ne détentrant pas ce diplôme ou son équivalent à suivre certains cours du premier cycle avant d’être admis au programme de deuxième cycle ou pendant ses études de maîtrise.

L’option en Études littéraires comprend quinze crédits de cours, ce qui exigera normalement 2 ou 3 trimestres d’études à temps plein et un mémoire d’environ 80 pages rédigé en français. Tous les candidats compléteront le Fr.6008 et le Fr.6009. Normalement, ces deux cours devront être complétés en deux trimestres consécutifs. En plus, il faudra compléter 3 cours choisis parmi ceux qui font partie de 3 des 5 groupes identifiés dans la section COURS. Le projet de mémoire, qui est approuvé par son directeur, doit être officiellement présenté par le candidat au Comité des Études de deuxième cycle, avant la fin du troisième trimestre, pour son approbation.

Le programme d’études du candidat doit être approuvé par le Comité des Études de deuxième cycle.

Une communication tirée du mémoire sera présentée dans le cadre des séminaires départementaux ou dans une autre réunion approuvée par le Comité des Études de deuxième cycle. Normalement, cette présentation se fera entre la soumission à son directeur et sa soumission définitive à l’École des Études supérieures.

Avant d’être soumis à l’École des Études supérieures, le mémoire doit être proposé au Comité des Études de deuxième cycle, qui doit en autoriser le dépôt.

Dans la version finale du mémoire et des autres travaux préparés pour les cours de maîtrise, la qualité du français écrit doit être d’un niveau acceptable au département, qui est représenté par le Comité des Études de deuxième cycle. Ainsi, la version finale de ces travaux ne contiendra-t-elle pas, normalement, d’erreurs orthographiques, lexicales, grammaticales, stylistiques et protocolaires. Pour ce qui est du mémoire, cette exigence s’applique à la version remise aux examinateurs.

Cours

Un choix des cours de deuxième cycle suivants sera offert afin de répondre aux besoins des étudiants inscrits au programme de maîtrise selon les ressources disponibles au département:

6008* Méthodologie et théorie de la littérature I
6009* Méthodologie et théorie de la littérature II

Approche historiographique, génétique, thématique, herméneutique ou autrement historique ou critique:

6032 Génétique et critique
6102 Histoire de la langue française

Approche psychanalytique, ethnologique ou anthropologique:

6020 Psychanalyse et littérature
6021 Mythenkritik

Approche sociologique ou socio-histoirique:

6022 Histoire, société, idéologie et textes
6101 La voix féminine et le féminisme
6110-19 Paralitérature et cultures traditionnelles

Approche linguistique, sémiotique, poétique, rhétorique ou pragmatique:

6011 Théorie générale de la langue française
6030 Grammaire du texte
6031 Narratologie
6140-49 Discours et genres

Autres approches aux Études françaises:

6120-29 Textes/Images/Sons
6150-59 Sujets spéciaux

Note: *Credit may not be obtained for both French 6008 and the former French 6006; or for both French 6009 and the former French 6006.
6.13 Geography

Associate Professor and Head of the Department
C. Mather

6.13.1 Program of Study

1. The degrees of Master of Arts and Master of Science are offered in Geography by full-time or part-time study.
2. Admission requirements are set forth in the General Regulations of the School of Graduate Studies and Degree Regulations for Master of Arts and Master of Science.
3. The deadline for submission of applications for admission is January 15. Candidates will normally commence their programs in the Fall semester.
4. An applicant will be admitted to a graduate program only if a faculty member agrees to act as Supervisor. A supervisory committee will be established after admission, normally consisting of the Supervisor and two other individuals, one of whom will normally be a member of the Department.
5. Major research areas for graduate study at the master's level are cultural, political, historical, economic, urban, resource management, community and regional development, geomorphology, Quaternary environments, climatology and geographic information sciences.
6. Candidates will register for the M.A. program if their fields of interest lie in an area of Human Geography or for the M.Sc. if their fields of interest are in Physical Geography or Geographic Information Sciences.
7. It is expected that the program of study and research for the M.A. or M.Sc. will normally be completed in a maximum of two years of full-time work, or three years of part-time work.
8. Candidates must successfully complete a minimum of 12 credit hours of graduate program courses with a minimum grade of B in each. Geography 6000 and 6001 will be required courses for all candidates who have not already completed equivalent courses at the Honours or post-graduate level.
9. Candidates whose undergraduate degree is not in geography will normally be required to complete some additional undergraduate program courses during their first year of study, in addition to the required graduate program courses. Normally four such undergraduate courses will be required, and a minimum grade of 70% must be obtained in each.
10. Each candidate will be required to present a seminar on his or her research to the Department.
11. Each candidate must submit a thesis based on his or her own original research. This thesis will be examined in accordance with the General Regulations of the School of Graduate Studies.

6.13.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow:
6000 Development of Geographical Thought and Practice I
6001 Development of Geographical Thought and Practice II
6002 Directed Readings in Geography
6100 Research Techniques in A Selected Field of Geography I
6101 Research Techniques in A Selected Field of Geography II
6120 Geospatial Modelling and Analysis
6150 Environmental Remote Sensing and Image Analysis
6200 Economic Geography I
6201 Economic Geography II
6204 Sustainable Community and Regional Development
6250 Conservation and Sustainability of Natural Resources
6251 Survey Design, Questionnaire Development and Techniques of Data Collection
6300 Problems in Fisheries Geography
6400 Fluvial Geomorphology
6401 Glacial Geomorphology
6402 Coastal Geomorphology
6410 Climatology
6420 Quaternary Geography
6430 Biogeography
6500 Cultural Geography
6600 Historical Geography
6700 Political Geography
6800 Urban Geography
6821 Advanced Computer Mapping
6900 Graduate Seminar in Regional Geography
6990-95 Special Topics in Geography

6.14 German

Associate Professor and Head of the Department
E. Warkentin

6.14.1 Program of Study

The degree of Master of Arts (M.A.) is offered in German Language and Literature and may be taken by full-time or part-time study.
1. Candidates for the M.A. degree in German are normally expected to have completed an Honours degree with a minimum of second-class standing. In addition to the general requirements, candidates will be expected to have acquired a superior knowledge of the spoken and written language as determined by the Department prior to admission.

2. Students will be required to demonstrate superior German language skills as determined by the Department prior to admission to the program.

3. As part of the admissions process, prospective students must submit a non-binding outline of the area in which they would like to write their thesis.

4. Students may choose from two modes of completing the M.A. program, in accordance with the Graduate Studies Regulations Governing the Degree of Master of Arts:

   a. Candidates complete at least 18 credit hours of course work and submit a thesis. The entire program of study and research will normally take one year of full-time study. The M.A. thesis will be based on research conducted by the student.

      i. The thesis will be examined in accordance with General Regulation, Thesis and Reports.

      ii. Normally, one of the assigned examiners of the thesis will be external to the Department.

   b. Candidates complete at least 18 credit hours of course work and write a comprehensive examination. The entire program of study and research will normally take one year of full-time study.

      i. The comprehensive examination shall be examined in accordance with the General Regulations, Comprehensive Examinations.

      ii. Material to be covered on the M.A. comprehensive exam is normally determined by consultation between the student and the Head of the Department (or designate). The exam is written in two sittings: one exam will cover the student’s chosen area and the other will cover the student’s reading list and literary terminology. A final component of the comprehensive exam is an oral examination on the eras or issues covered in the written portion of the exam.

5. All students, regardless of the mode of completing the requirements for the M.A., will be required to complete German 6103.

6.14.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

6000 Issues in Modern Technology, Literature and Culture
6001 Issues in Literature on the Edges of Society
6100 Issues in the History of the German Language
6103 Bibliography and Research Methods
6200 Issues in Early German Literature and Culture I
6201 Issues in Early German Literature and Culture II
6300 Issues in Early Modern German Literature and Culture I
6301 Issues in Early Modern German Literature and Culture II
6800 Issues in Modern German Literature and Culture I
6801 Issues in Modern German Literature and Culture II
6900 Issues in Contemporary German Literature and Culture I
6901 Issues in Contemporary German Literature and Culture II
6903 Issues in Propaganda and Censorship
7000 Special Subject or Author I
7001 Special Subject or Author II
7002-7020 Special Topics in German Studies

6.15 History
Professor and Head of the Department
S. Cadigan

The degrees of Doctor of Philosophy and Master of Arts are offered in History by full-time or part-time study.

6.15.1 Program of Study
1. The Department of History offers M.A. programs in a broad range of geographical and thematic areas. Students in the M.A. program will choose a thesis or non-thesis option.

2. M.A. candidates who choose the non-thesis option shall complete a minimum of 24 credit hours, 18 of which shall normally be 6190, 6200 and 6999.

3. M.A. candidates who choose the thesis option shall complete 9 credit hours, 6 of which shall normally be 6190 and 6200, plus a thesis.

4. Where a student’s major research project requires him or her to read a language other than English, he or she must demonstrate a reading knowledge of this language through an exam or other method subject to the approval of the Graduate Committee.

6.15.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow:

6000 Advanced Studies in Newfoundland History
6010 Advanced Studies in Canadian History
6020 Advanced Studies in the History of the United States
6030 Advanced Studies in French History
6040 Advanced Studies in British History
6050 Advanced Studies in German History
6060 Advanced Studies in North Atlantic History
6070 Advanced Studies in Social History
6075 Advanced Studies in Labour and Working-Class History
6080 Advanced Studies in Intellectual History
6090 Advanced Studies in Women's History
6095 Advanced Studies in Ethnohistory
6100 Advanced Studies in Military History
6105 Advanced Studies in Diplomatic History
6110 Advanced Studies in Maritime History
6120 Advanced Studies in Economic and Business History
6125 Medical Science and Social Responsibility in Health Care: Aspects of Medical History (cross-listed as Medicine 6420)
6130 Quantification and Measurement in History
6140-59 Research in Special Topics
6160-79 Reading Courses (Special Topics)
6190 Theory and Method
6200 Masters Seminar I
6999 Masters Research Paper (12 credit hours)

6.16 Linguistics
Professor and Head of the Department
M. MacKenzie

The degrees of Master of Arts and Doctor of Philosophy are offered in Linguistics.

6.16.1 Program of Study
1. The Linguistics Department offers the M.A. program with both a thesis and a non-thesis option. The M.A. with thesis option is intended for those who have completed an undergraduate major in Linguistics with satisfactory standing (a B+ average in Linguistics courses). Students interested in the thesis option who have an excellent undergraduate record and a well-defined research plan, yet who do not possess the equivalent of an undergraduate major, will be required to take additional undergraduate and/or graduate courses in Linguistics. Other students are encouraged to apply for the M.A. without thesis option.

2. The M.A. with thesis option is normally a two-year program consisting of at least 15 credit hours of graduate courses (including Linguistics 7000 and 7001), plus a thesis.

3. The M.A. without thesis option is normally a two-year program consisting of at least 21 credit hours of graduate courses (including Linguistics 7000 and 7001), plus a research project (Linguistics 6999), which consists of a major research paper in an approved area followed by an oral examination.

4. The M.A. in Linguistics requires proficiency in a language other than the candidate's first language, as demonstrated by a minimum B grade in a second-year undergraduate language course, or performance satisfactory to the Department in an arranged reading proficiency test. A working or structural knowledge of other languages may also be required for particular programs (e.g., Latin, Greek or Sanskrit for historical Indo-European linguistics, or courses in the series Linguistics 6050-59 or the former 6010-6041).

5. All M.A. students are advised to consult the Linguistics department's Graduate Handbook for details on program requirements and for general information relating to the graduate program.

6.16.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of students, as far as the resources of the Department will allow. Full information is to be found in the Department's Graduate Handbook.

6050-54 Structure of a North American Aboriginal Language
(Credit restriction: Except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6050-54 series.)

6055-59 Structure of an Uncommonly-Taught Language (Credit restriction: Except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6055-59 series.)

6100 Issues in Morphosyntax (Credit may not be obtained for both Linguistics 6100 and the former 6001)

6110 Selected Topics in Transformational Grammar

6115 Topics in the Syntax of a Selected Language (Prerequisite: 6001 or 6110)

6150 Principles of Language Acquisition

6151 Selected Topics in Language Acquisition (Prerequisite: 6150)

6200 Generative Phonology

6201 Selected Topics in Phonology (Prerequisite: 6200)

6210 Sociolinguistics (Credit restriction: A student may not obtain credit for both 6210 or the former 6211.)

6212 Selected Topics in Language and Gender

6220 Areal and Temporal Variations in Language

6300-9 Special Subjects

6350 General Romance Linguistics

6390 Franco-Canadian

6400 Comparative and Historical Linguistics

6401 Morphosyntactic Change (Prerequisite: 6400)

6403 Etymology (cross-listed as English 6403)

6410 Comparative Structure of a Selected Language Family (Prerequisite: 6403 or the former 6011, 6031)

6420 English Dialectology I

6421 English Dialectology II

6430 Selected Topics in Linguistic Variation (Prerequisite: 6220 or the former 6211)

6500 Field Methods

6601 Modern Linguistic Theories

6700 Experimental Phonetics

6701 Selected Topics in Experimental Phonetics (Prerequisites: 6200, 6700)

6800 Selected Topics in Morphology

6880 Selected Topics in Semantics

6999 M.A. Research Project

7000 Seminar in Research Methods

7001 Analytical Issues in Linguistics

7100 Topics in North American Native Languages (Prerequisites: a course from series 6050-6054 or the former 6011, 6031, 6041)

7200 Advanced Topics in Syntax (Prerequisites: 6110, plus either 6001 or 6115)

7400 Seminar in Comparative and Historical Linguistics (Prerequisite: 6400 or 6410)

7430 Seminar in Linguistic Variation (Prerequisite: 6430)
6.17 Philosophy
Professor and Head of the Department
J. Bradley

6.17.1 Program of Study
The Degree of Master of Arts is offered in Philosophy by full-time or part-time study. The program is designed so that it may be completed in one academic year (three semesters) of full-time study.

The candidate must complete 18 credit hours - 3 credit hours from 6000, 12 credit hours from 6011-6016, any 3 credit hours from 6101-6102 - and a thesis.

Normally, a full-time candidate will complete all the 18 credit hours and submit a thesis proposal by the end of the second semester of study. A minimum of one additional semester will be spent in completing the balance of the program.

6.17.2 Courses
6000 Graduate Seminar
Author Seminars
6011 Ancient and Medieval Philosophy
6012 Modern Philosophy
6013 Contemporary Philosophy
Area Seminars
6014 Metaphysics
6015 Theory of Knowledge
6016 Ethical and Political Theory
Tutorials
6040-6099 Special Topics
6101 Selected Texts
6102 Current Issues

6.18 Political Science
Professor and Interim Head of the Department
D. Close

6.18.1 Program of Study
The Degree of Master of Arts is offered in Political Science by full-time and part-time study.

The degree of Master of Arts (M.A.) in Political Science may be taken by course work and thesis, course work and internship, or course work and research paper. The thesis, internship, and research paper options are available to full-time students. The M.A. with thesis is a two year program. The internship and research paper options are one year programs for full-time students. The thesis and research paper options are open to part-time students.

1. M.A. with Thesis:
   a. Students choosing the M.A. with thesis must normally complete a minimum of 12 credit hours in graduate program courses. These 12 credit hours are from required courses: 6000, 6010, and 2 subfield surveys (two of 6100, 6200, 6300, 6400, 6500, 6600, or 6700). Further courses beyond the minimum number may be required, depending on the background and needs of the student.
   b. Each student choosing the thesis option will submit a thesis on a subject that has been approved by the supervisory committee of the Department.
   c. Students applying for the thesis option must submit a brief (one page maximum) statement of their research interest with their application.

2. M.A. with Internship:
   a. Students choosing the M.A. with internship must normally complete a minimum of 24 credit hours in graduate program courses. Twenty-one credit hours are from required courses: 6000, 6010, 6030, 6031, 6790, and a subfield survey (one of 6100, 6200, 6300, 6400, 6500, 6600, or 6700). Further courses beyond the minimum number may be required, depending on the background and needs of the student.
   b. Each student choosing this option will complete, normally in the Spring semester, a one-semester, full-time internship, 6030, with a political organization, government agency, or voluntary agency. Students registering for 6030 must also register for its co-requisite, 6031. The placement must normally be selected from a list of approved organizations that is maintained by the Department.

3. M.A. with Research Paper:
   a. Students who choose the M.A. with research paper option shall complete a minimum of 24 credit hours, fifteen of which shall normally be 6000, 6010, and 6999.
   b. The selection of a topic for the research paper must be approved by a faculty supervisor who will be chosen in consultation with the Department Head. The paper will be graded by the supervisor and one other member of the faculty, either from within the Department or the Department of a cognate discipline.

6.18.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the...
6.19 Religious Studies
Professor and Head of the Department
D.N. Bell

6.19.1 General Information
The degree of Master of Arts (M.A.) is offered in Religious Studies and may be taken by full-time or part-time study. Candidates for the M.A. in Religious Studies may choose between the M.A. with Thesis option and the M.A. with a Project option. Candidates must specify which M.A. stream they wish to pursue upon entry into the program.

1. Admission requirements are set forth in the Regulations Governing the Degree of Master of Arts. An applicant should have completed a minimum of 45 credit hours in Religious Studies courses at the undergraduate level with at least the grade of B in each. An applicant should have completed a minimum of 45 credit hours in Religious Studies courses at the undergraduate level with at least the grade of B in each. An applicant's overall undergraduate program must represent, to the satisfaction of the Department, a solid groundwork for graduate studies.

2. A candidate who does not hold an Honours Degree or its equivalent shall be required to complete such additional undergraduate courses as the Department may deem necessary. These courses may be required as prerequisites to admission to the program, or as an additional constituent part of the program, at the discretion of the Department.

3. Upon acceptance into the program, each candidate will be assigned a Supervisor, whose duty it shall be to assist the candidate.

4. Students will be required to satisfy the Department as to proficiency in any language or technical facility deemed necessary by the Graduate Studies Committee of the Department for successful completion of the thesis or project.

6.19.2 Program of Study
1. Thesis Option
   a. Normally, the Master of Arts program with thesis option should take two years to complete, the first of which is to be spent primarily on course work and preparation of a thesis proposal. A student accepted on a part-time basis would normally be expected to take three to five years to complete the program.
   b. Students in the M.A. program with Thesis option shall normally complete a thesis and a minimum of 12 credit hours in course work.
   c. Students may write a thesis in one of the following areas: Hinduism, classical Confucianism, philosophical Daoism, Chinese and North American Buddhism, Buddhism and psychology, Judaism, Christianity, Hebrew Bible, New Testament, religious history of Canada, religious history of Newfoundland and Labrador, medieval religious thought, religion and culture (including pop culture), New Age religious movements, ethics and social justice, philosophy of religion.
   d. Before a student begins writing his or her thesis, he/she should submit a research proposal to the Graduate Studies Committee of the Department for approval.
   e. Students in the M.A. with Thesis Option must complete three required courses and at least one other, one of which may be from a cognate discipline (upon approval). The three required courses are: RS 6100 Methods and Theories in Religious Studies; RS 6120 Studies in Religious Texts; and RS 6130 Religious Contexts.

2. Course-based M.A. with a Project Option
   a. Normally, the Master of Arts program with a Project option should take one year (three semesters) to complete, the first two semesters spent on course work and the third semester on completing the project.
   b. Before a student begins writing his or her project, he/she should submit a research proposal to the Graduate Studies Committee of the Department for approval.
   c. Students in the M.A. with a Project option must complete four required courses and at least two others, one of which may be from a cognate discipline (upon approval). The four required courses are: RS 6100 Methods and Theories in Religious Studies; RS 6120 Studies in Religious Texts; RS 6130 Religious Contexts; and RS 699A/B Advanced Research in Religious Studies.

6.19.3 Courses
6100 Methods and Theories in Religious Studies (Note: Credit may not be obtained for both Religious Studies 6100 and the former Religious Studies 6000)
6.20 Sociology

Associate Professor and Head of the Department
A. Micucci

The Degrees of Master of Arts, Master of Philosophy and Doctor of Philosophy are offered in Sociology by full-time or part-time study. The Department has developed foci at the doctoral level in the areas of Maritime Sociology, Gender, and Work and Development but other fields of specialization are available at the Master's level including Social Theory, Sociology of Knowledge, Social Inequality and Criminology. Graduate courses are taught as tutorials or small seminars.

6.20.1 Program of Study

1. Minimum admission requirements are a B average in undergraduate studies with a good undergraduate background in Sociology.

2. The M.A. Degree with thesis requires the completion of 12 credit hours in graduate courses, normally including the Graduate Seminar (6880) and Methods of Sociological Research (6040), and a thesis. In the case of full-time students, the M.A. with thesis is normally completed in two years. The first year is devoted to the completion of the required courses and the definition of the thesis research topic. The second year is devoted to the completion of the thesis.

3. The M.A. Degree by course work requires the completion of 24 credit hours, normally including the Graduate Seminar (6880), Methods of Sociological Research (6040), Social Theory (6150), Master's Research Paper (6900) and three electives. These courses should be taken during the first two semesters of full-time study. The research paper (Sociology 6900) will be supervised by a faculty member and must be presented at a Departmental seminar. The Supervisor and one other member of Department will grade the paper. The research paper should be written in the third semester of full-time study.

6.20.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

- 6040 Methods of Sociological Research
- 6090-94 Special Area in Sociology
- 6120 Social Organization
- 6130 Social Stratification
- 6140 The Community
- 6150 Social Theory
- 6160 Theory Construction and Explanation in Sociology
- 6240 Sociology in Medicine
- 6280 Social and Economic Development
- 6300 Maritime Sociology
- 6310 Political Sociology
- 6320 Gender and Society
- 6330 Science and Technology
- 6340 Comparative North Atlantic Societies
- 6350 Environmental Sociology
- 6360 Sociology of Work
- 6370 Feminist Theory and Methods
- 6380 Women, Nature, Science and Technology (cross-listed as Women's Studies 6380)
- 6390 Sociology of Culture
- 6610 Socialization
- 6620 Current Topics in Social Behaviour
- 6680 Sociology Graduate Seminar
- 6900 Master’s Research Paper (6 credit hours)

7 Regulations Governing the Degree of Master of Arts and Education (Education and Francophone Literatures and Cultures)

Professor and Acting Dean of Arts
N. Roy

Professor and Dean of Education Pro Tempore
A. Collins

Associate Professor and Acting Associate Dean of Arts (Graduate and Research)
C. Dyck
Associate Professor and Associate Dean of Education
T. Sefert

The degree of Master of Arts and Education (Education and Francophone Literatures and Cultures) is jointly offered by the Faculty of Arts and the Faculty of Education, and is offered by full-time or part-time study.

These regulations should be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

The Administrative Committee is responsible for the program. The Committee shall be comprised of the Associate Dean, Graduate Programs in the Faculty of Education (or delegate), the Head of the Department of French and Spanish (or delegate) and one appointed faculty member. The faculty member shall come from either the Faculty of Education or the Department of French and Spanish in alternating years. The Administrative Committee is responsible for admissions and advising students on course selection when appropriate.

7.1 Qualifications for Admission

To be considered for admission to the Master of Arts and Education (Education and Francophone Literatures and Cultures), an applicant shall normally hold a Bachelor of Education degree, with a concentration in French, from an institution recognized by Senate. Applicants should have a minimum ‘B’ standing or an average of 70% in the last 30 courses attempted and two years of experience teaching French. An appropriate level of proficiency in French is required, and the applicant’s level of competence will be evaluated by the Administrative Committee.

7.2 Program of Study

1. Candidates for the Master of Arts and Education (Education and Francophone Literatures and Cultures) may choose one of two program options:

   - Option I. Project Route
   - Option II. Comprehensive Course Route

2. All candidates shall be required to complete:

   - French 6800 Littératures francophones: Théorie et pratique/Francophone literatures: Theory and practice
   - French 6810 Cultures francophones: Théorie et pratique/Francophone Cultures: Theory and practice
   - Education 6100 Research Designs and Methods in Education
   - Six credit hours from Memorial University of Newfoundland, Department of French and Spanish graduate course offerings as deemed appropriate by the Administrative Committee.
   - Nine credit hours selected from:
     - Education 6668 Current Issues in Second Language Education
     - Education 6669 Graduate Seminar in Second Language Teaching and Learning
     - Education 6673 Second Language Teaching, Learning and Curriculum
   - Three credit hours from other Memorial University of Newfoundland, Faculty of Education graduate course offerings as deemed appropriate by the Administrative Committee.

3. Students choosing Option I must also complete:

   - Education 6392 Project in Curriculum, Teaching and Learning Studies

4. Students choosing Option II must also complete:

   - Three credit hours from Memorial University of Newfoundland, Department of French and Spanish graduate course offerings as deemed appropriate for each candidate’s program by the Administrative Committee.
   - Education 6390 Research and Development Seminar in Curriculum, Teaching and Learning Studies

7.3 Evaluation

1. In order to continue as a candidate for the degree of Master of Arts and Education (Education and Francophone Literatures and Cultures), a candidate shall obtain an A or B grade in each required course. A candidate who receives a grade of C in any required course must repeat that course and obtain a minimum grade of B. In the case of an elective course, a suitable replacement course acceptable to the Administrative Committee may be substituted for the failed course. Only one such repetition/replacement shall be permitted on the candidate’s graduate program. Should a grade of less than B be obtained in the repeated/replacement course, or any other program course, the candidate shall be required to withdraw from the program.

2. When the Administrative Committee has determined, through consultation with the candidate, graduate course instructors, and the project supervisor, if applicable, that the candidate’s work has fallen below satisfactory level, they may request the Dean of the Faculty of Education and the Head of the Department of French and Spanish recommend to the Dean of Graduate Studies that the candidate’s program be terminated.

7.4 Courses

French 6800 Littératures francophones: Théorie et pratique/Francophone literatures: Theory and practice
French 6810 Cultures francophones: Théorie et pratique/Francophone Cultures: Theory and practice
Education 6100 Research Designs and Methods in Education
Education 6390 Research and Development Seminar in Curriculum, Teaching and Learning Studies
Education 6392 Project in Curriculum, Teaching and Learning Studies (6 credit hours)
Education 6668 Current Issues in Second Language Education
Education 6669 Graduate Seminar in Second Language Teaching and Learning
Education 6673 Second Language Teaching, Learning and Curriculum (credit may not be obtained for both Education 6673 and the former 6665 or 6667)

Other courses offered for the Master of Education program and the Master of Arts in French Studies program as deemed appropriate by the Administrative Committee.
Règlements de la Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones)

Professeure et Doyenne Intérimaire des Arts
N. Roy

Professeur Agrégé et Doyen d'Éducation
A. Collins

Professeure Agrégée et Doyenne Adjointe Intérimaire aux Études Supérieures et à la Recherche
C. Dyck

Professeur Agrégé et Doyen adjoint d'Éducation
T. Seifert

La Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones) est offerte conjointement par la Faculté des Arts et la Faculté d'Éducation et cautionne des études à temps partiel ou à temps plein.

Il est recommandé de lire ces règlements en conjonction avec les Règlements généraux de l'École des Études supérieures.

Le Comité administratif est responsable du programme. Le Comité sera composé du Doyen adjoint aux programmes supérieurs de la Faculté d'Éducation (ou son représentant), le Directeur du Département d'études françaises et hispaniques (ou son représentant), et un autre membre. Ce dernier viendra alternativement (une année sur deux) d'une des deux unités. Le Comité administratif décidera de l'admission et conseillera à l'occasion les étudiants sur leur choix de cours.

Admission

Pour être admis au programme de Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones), il faut normalement détenir un Baccalauréat en Éducation, avec concentration en français, provenant d'une institution reconnue par le Sénat. Il faut une note moyenne minimale de 'B' ou une moyenne de 70% dans les trente derniers cours et deux ans d'expérience dans l'enseignement du français. Un niveau adéquat de français est nécessaire et la compétence des candidats (le masculin est utilisé à tire épiciène) sera évaluée par le comité d'admission.

Programme d'études

1. Les candidats à la Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones) choisiront l'une ou l'autre des deux options suivantes:
   - 1<sup>ère</sup> option Programme menant au projet terminal
   - 2<sup>e</sup> option Programme entièrement composé de cours

2. Tous les candidats devront compléter:
   - French 6800 Littératures francophones: Théorie et pratique
   - French 6810 Cultures francophones: Théorie et pratique
   - Education 6100 Research Designs and Methods in Education
   - Six heures crédits de cours de deuxième cycle du Département d'études françaises et hispaniques jugés appropriés par le Comité administratif.
   - Neuf heures crédits parmi:
     - Education 6667 Second Language Teaching, Learning and Curriculum
     - Education 6668 Current Issues in Second Language Education
     - Education 6669 Graduate Seminar in Second Language Education
     - Trois heures crédits de cours de la Faculté d'Éducation jugés appropriés par le Comité administratif.

3. L'étudiant ayant choisi la 1<sup>ère</sup> option devra compléter:
   - Education 6392 Project in Curriculum, Teaching and Learning Studies

4. L'étudiant ayant choisi la 2<sup>e</sup> option devra compléter:
   - Trois heures crédits de cours de deuxième cycle du Département d'études françaises et hispaniques jugés appropriés pour le programme de l'étudiant.
   - Éducation 6390 Research and Development in Teaching and Learning Studies

Évaluation

1. Afin de continuer son inscription au programme de Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones), le candidat doit obtenir un note de A ou B dans chaque cours obligatoire. Le candidat qui reçoit une note de C dans un cours obligatoire doit répéter ce cours et obtenir au moins B. Dans le cas d'un cours facultatif, un cours jugé approprié par le Comité administratif peut être substitué à un cours qui n'a pas été réussi. Une telle répétition ou un tel remplacement ne sera permis qu'une seule fois dans le programme de l'étudiant. Si une note moindre que B est obtenue dans un cours répété ou dans un cours de remplacement, le candidat devra se retirer du programme.

2. Lorsque le Comité administratif aura établi, après avoir consulté le candidat, ses enseignants et son directeur de projet, le cas échéant, que le travail du candidat n'atteint toujours pas un niveau satisfaisant, il pourra demander au Doyen de la Faculté des Arts et au Doyen de Faculté d'Éducation qu'ils recommandent la disqualification du candidat au Doyen des Études supérieures.

Cours

French 6800 Littératures francophones: Théorie et pratique
French 6810 Cultures francophones: Théorie et pratique

Education 6392 Project in Teaching and Learning Studies
Education 6667 Second Language Teaching, Learning and Curriculum
Education 6668 Current Issues in Second Language Education
Education 6669 Graduate Seminar in Second Language Education
Education 6673 Second Language Teaching, Learning and Curriculum (les étudiants ne peuvent recevoir de crédit et pour Education 6665 ou 6667)

Autres cours de cycle supérieur offerts par la Faculté d'Éducation et le Département d'études françaises et hispaniques jugés appropriés par le Comité administratif.
8 Regulations Governing the Degree of Master of Business Administration

Professor and Dean
W. Zerbe

Associate Professor and Associate Dean (Academic Programs)
L. Bauer

Assistant Professor and Director of Graduate Programs (Business)
P.A. Coady

The Degree of Master of Business Administration (M.B.A.) is offered by full-time or part-time study. These regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

8.1 Qualifications for Admission

1. Admission is limited and competitive. To be considered for admission to the Master of Business Administration program, an applicant shall normally hold at least a Bachelor’s Degree, with a minimum ‘B’ standing, from an institution recognized by Senate. Qualified applicants with relevant employment experience will normally receive preference during the evaluation of applications.

2. In exceptional cases, applicants who have not completed an undergraduate degree, but who meet all other requirements, may be considered for admission. Preference will be given to those who present a high GMAT score, have a minimum of 10 years of full-time managerial and executive experience, and have completed several years of university studies. The Faculty may also take into account relevant professional credentials. Applicants who do not meet normal admission requirements may be required to complete, with a high level of achievement, certain undergraduate courses before being considered for admission.

3. When circumstances warrant, and only on the strong recommendation of the Faculty of Business Administration, consideration may be given to candidates who do not meet some of the above requirements.

4. Applicants who did not complete a four-year baccalaureate degree at a recognized university where English is the primary language of instruction must normally complete the Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 (or higher), computer-based score of 237 (or higher), or Internet based score of 92-93 (or higher). Those submitting results of the Test of Written English (TWE) as well, with a score of 4 or better, will receive preference in the evaluation of English proficiency. Information regarding both tests is available from the Educational Testing Service at www.ets.org. It is noted that other equivalent tests acceptable to the School of Graduate Studies will also be considered.

8.2 Deadlines for Applications

Applications and all supporting documents must be received not later than May 1 from Canadian applicants wishing to enter full-time or part-time studies in the Fall semester. Full-time and international applicants are normally considered for entry in the Fall semester. International applicants must submit complete documentation by March 1. Part-time applicants planning to enter in the Winter (January) or Spring (May) semester must apply prior to October 15 and January 15 respectively. Individuals submitting applications later than the above dates are not assured of consideration for admission to the program in the semester desired; their applications will be processed only if time and resources permit.

8.3 Procedure for Admission

1. Applications for admission to the M.B.A. program must be made on the appropriate form to the School of Graduate Studies.

2. The following documents must be submitted in support of the official application form:
   a. Letters of appraisal from two referees, at least one of whom has had close professional contact with the applicant within the last two years, and at least one of whom is capable of appraising the applicant’s academic potential as a graduate student.
   b. Two official transcripts from each university or other post-secondary institution previously attended, to be sent directly by its Registrar (or equivalent officer) to the School of Graduate Studies. If not recorded on the transcript, official evidence of completion of undergraduate degree must also be submitted.
   c. The official GMAT score report, to be sent directly by the Graduate Management Admission Council. The code number for Memorial University of Newfoundland is LTT-6W-51.
   d. Where applicable, an official TOEFL score report (or another equivalent test acceptable to the School of Graduate Studies), to be forwarded directly by the Educational Testing Service.
   e. Application files are evaluated only when all required items have been received.

3. Admission shall be by the Dean of the School of Graduate Studies on the recommendation of the Faculty of Business Administration. Upon notification from the Dean of the School of Graduate Studies of acceptance into the M.B.A. program, applicants must give written notice to the School of Graduate Studies of their intention to register. Such notice must be received by the Office of the Dean within 30 days of notification of acceptance, or three weeks prior to semester registration.

8.4 Direct Entry and Advanced Standing

1. Students who have an undergraduate degree in business with significantly high academic standing may apply for direct entry into the second year of the M.B.A. Program. Their course load will be 8107, 8209, 8208; 3 credit hours chosen from 9020, 9325, or 9326 or another approved international course; plus 18-credit hours in electives from the schedule of M.B.A. electives listed in Table III. Direct entry will normally be considered if the undergraduate business degree with significantly high academic standing was awarded within seven years of the year for which admission is being sought. The Committee on Graduate Studies reserves the right to require additional courses where there are noted deficiencies in a student’s undergraduate record.

2. The Faculty’s Committee on Graduate Studies may recommend advanced standing for students who do not qualify for direct entry at the time of admission to the M.B.A. program. After admission and normally no later than one week after registration, all other students may apply for advanced standing for 8000 level courses in the M.B.A. program. Advanced standing for any 8000 level M.B.A. course would normally require that the student had achieved a ‘B+’ or better in a letter grade system or the equivalent to a grade of 75% or better at Memorial University of Newfoundland in undergraduate courses required for advanced standing. Courses will normally be considered for advanced standing if they are part of a degree that has been awarded within seven years of the year in which admission is being sought. Advanced standing will not be granted for 8107, 8208, 8209 or 8203.

3. The following information must be submitted to the Associate Dean, Faculty of Business Administration, for evaluation by the
4. Students who enter the M.B.A. program with previous graduate degrees may be granted transfer credit for two non-business, non-specified elective courses by the Faculty’s Committee on Graduate Studies. The remaining electives will be chosen from courses offered by the Faculty of Business Administration. This will reduce their program from 20 courses to 18 courses. This does not apply to students with degrees such as the LLB and Medical Doctor degrees that are not master’s degrees. Courses will normally be considered for advanced standing if they are part of a degree that has been awarded within seven years of the year for which admission is being sought.

8.5 Programs of Study

1. The programs of study include:
   a. a 60 credit hour all-course program for candidates entering with an undergraduate degree in any area other than business.

2. Electives in the all-course programs may be chosen from the following:
   a. approved business electives as listed in Table III;
   b. up to 6 credit hours in courses from other graduate programs within the School of Graduate Studies, as approved by the Dean of Graduate Studies on the recommendation of the Faculty of Business Administration;
   c. a Research Project or projects, which may be assigned up to 9 credit hours, as approved by the Dean of Graduate Studies on the recommendation of the Faculty of Business Administration;
   d. any other course or project deemed to be of satisfactory content and rigour as approved by the Dean of Graduate Studies on the recommendation of the Faculty of Business Administration.

3. The Faculty’s Committee on Graduate Studies reserves the right to restrict candidates from taking particular M.B.A. courses if it is deemed that those courses do not add sufficient value beyond courses that the candidate has completed at the undergraduate level.

4. Students are required to observe certain approved co- or prerequisites in scheduling their courses. These are indicated in Table V.

5. Students shall successfully complete the requirements of Business 8103 as part of the first 36 credit hours of their programs.

6. Changes to a student’s prescribed program, including the specified course load, may have the prior approval of the Dean of Graduate Studies on the recommendation of the Faculty of Business Administration.

8.6 Evaluation

1. The Faculty Council of the Faculty of Business Administration constitutes the examining body for all examinations in Business courses. In addition, the standing of every student will be assessed by the Committee on Graduate Studies in accordance with the requirements outlined in all the clauses below.

2. Credit towards the M.B.A. Degree will be granted only for those courses which have been approved as constituting part of the student’s program of study and in which the candidate has obtained a mark of 65% or higher.

3. A candidate is required to withdraw from the M.B.A. program if a final grade of ‘P’ is obtained in any course.

4. To remain in the program, a candidate who obtains a final grade of ‘C’ or ‘D’ in any course must repeat that course when next offered, and obtain a minimum grade of ‘B’. In the case of an elective course, a replacement course approved by the Committee on Graduate Studies may be substituted for the course. Only two such repetitions/replacements shall be permitted in the candidate’s graduate program. Should a grade of less than ‘B’ be obtained in a repeated or replacement course, the candidate shall be required to withdraw from the program.
8.7 Courses

9 Regulations Governing the Degree of Master of Education

Professor and Dean Pro Tempore
A. Collins

Associate Professor and Associate Dean
T. Seifert

The Master of Education (M.Ed.) is offered in the following areas: Educational Leadership Studies, Curriculum, Teaching and Learning Studies, Counselling Psychology, Post-Secondary Studies and Information Technology.

In addition, a Master of Arts and Education (Education and Francophone Literatures and Cultures), jointly offered by the Faculty of Education and the Faculty of Arts, Department of French and Spanish, is available for candidates who wish to specialize in the study and teaching of French.

In the case of the following general program regulations and the specific program regulations, which govern all Master of Education Degree programs, Dean refers to the Dean of Graduate Studies, Dean of Education refers to the Office of the Dean, Faculty of Education, and Faculty refers to the Faculty of Education, through its various operating committees.

Students taking any of the Master of Education Degree programs are advised that a Bachelor of Education Degree is required for employment in the K - 12 system.

9.1 Qualifications for Admission

1. Admission to the Master of Education is limited and competitive. To be considered for admission to a graduate program in Education, an applicant shall:
   a. have from a recognized institution, either (i) an undergraduate degree with at least second class standing, or (ii) an undergraduate degree and an average of at least 70% in the last 90 attempted undergraduate credit hours.
   b. meet the requirements set forth in the specific program regulations.
2. Only in exceptional circumstances, and only on the recommendation of the Dean of Education, shall the Dean consider applicants who do not meet the requirements in 1.

3. Please refer to Specific Programs regulations for additional admission requirements.

9.2 Program of Study

1. Candidates for the Master of Education (Educational Leadership Studies, Curriculum, Teaching and Learning Studies) shall be required to complete a minimum of:
   a. 18 credit hours plus a thesis; or
   b. 24 credit hours plus an internship report, a project report or a paper folio; or
   c. 30 credit hours on the comprehensive-course route.

Candidates for the Master of Education (Post-Secondary Studies) shall be required to complete a minimum of:
   a. 18 credit hours plus a thesis; or
   b. 24 credit hours plus an internship; or
   c. 30 credit hours on the comprehensive-course route.

Candidates for the Master of Education (Counselling Psychology) shall be required to complete a minimum of:
   a. 30 credit hours (which include an internship) plus a thesis; or
   b. 36 credit hours (which include an internship) on the comprehensive-course route.

Candidates for the Master of Education (Information Technology) shall be required to complete a minimum of:
   a. 18 credit hours plus a thesis; or
   b. 30 credit hours on the comprehensive-course route.

2. Candidates may apply for transfer of course credits. All course transfers require the approval of the Dean, on the recommendation of the Dean of Education, and are subject to General Regulation, Program Requirements, Transfer of Course Credits of the School of Graduate Studies.

3. A candidate with full-time status may register for a maximum of 12 credit hours in any regular semester and a maximum of 6 credit hours in intersession or summer session.

4. Before submission of the proposal for thesis, project, internship, or paper folio, a Supervisory Committee shall be recommended by the Dean of Education, in consultation with the candidate, and approved by the Dean. The Supervisory Committee shall consist of the Supervisor and at least one other member.

The function of the Supervisory Committee shall be to approve the proposal for the thesis, project, internship, or paper folio, and to exercise supervision in the conduct of the study on behalf of the Faculty, subject to the final approval of the Dean.

9.3 Period of Study

The period of the study for a graduate program shall not normally exceed six years beyond first registration. Completion of some program components may require full-time study on the University campus.

9.4 Evaluation

1. In order to continue as a candidate for the Master of Education Degree, a candidate who receives a final grade of ‘C’ in any program course must repeat that course and obtain a minimum grade of ‘B’. In the case of an elective course a suitable replacement course, acceptable to the Faculty, may be substituted for the failed course. Only one such repetition/replacement shall be permitted on the candidate's graduate program. Should a grade of less than ‘B’ be obtained in the repeated course, replacement course, or any other program course, the candidate shall be required to withdraw from the program.

2. When the Faculty has determined, through consultation with the candidate, the instructors of graduate courses, and the program advisor or thesis Supervisor that the candidate's work has fallen below satisfactory level, it may request that the Dean of Education recommend to the Dean that the candidate's program be terminated.

9.5 Thesis

See School of Graduate Studies General Regulation, Theses and Reports.

9.6 Program Regulations

Every candidate in graduate studies shall comply with the School of Graduate Studies General Regulations, the Degree Regulations Program of Study, and the specific program regulations as outlined in Specific Programs.

9.7 Appeals and Waivers Procedures

Candidates are advised that appeals and waivers of any regulations governing the Degree of Master of Education are governed by School of Graduate Studies General Regulations Provision For Waiver of Regulations and Appeal Procedures.

9.8 Specific Programs

9.8.1 Educational Leadership Studies

Educational Leadership Studies is designed to prepare candidates for leadership in Education.

1. Admission Requirements

   In addition to meeting the requirements in the School of Graduate Studies General Regulations,

   a. students must have completed a range and number of courses in Education deemed appropriate by the Faculty and Dean of
2. Program Requirements

a. all students in the Master of Education Program (Educational Leadership Studies) must complete:
   - 6100 Research Designs and Methods in Education
   - 6204 Educational Administration: Theory and Practice
   - 6205 Educational Policy: Theory and Practice and one of the following:
     - 6 credit hours (thesis route) within closed electives as listed in e. below
     - 9 credit hours (internship, paper folio, project, comprehensive course route) within closed electives as listed in e. below
   - students on the thesis route must complete at least one of the research courses listed below (6100 is prerequisite):
     - 6466 Qualitative Research Methods
     - 6467 Quantitative Research Methods
     - 6468 Critical Approaches to Educational Research
     - 6469 Theoretical and Methodological Foundations of Action Research
   - students on the comprehensive-course route must complete 6290 Research and Development Seminar in Educational Leadership Studies. Normally students would be permitted to register for this course only after all other course requirements have been met, or during the student's last semester of studies.
   - to meet total credit hour requirements students may choose electives from any university graduate offering provided that those chosen are appropriate to the student's program:
     - students on the thesis route must complete a total of at least 18 credit hours
     - students on the internship, paper folio, or project route must complete a total of at least 24 credit hours and the appropriate course option 6291 Internship in Educational Leadership Studies (6 credit hours), 6292 Project in Educational Leadership Studies (6 credit hours), or 6293 Paper Folio in Educational Leadership Studies (6 credit hours)
   - students on the comprehensive-course route must complete a total of at least 30 credit hours
   - students choosing the Mathematics Education specialization within Curriculum, Teaching and Learning Studies must complete 6630 Critical Issues in Mathematics Education prior to completing other Mathematics Education specialty courses.

b. Closed electives are those listed below:
   - 6202 Social Context of Educational Leadership
   - 6203 Leadership: Theory and Practice
   - 6321 Supervisory Processes in Education
   - 6330 Educational Finance
   - 6335 Legal Foundations of Educational Administration
   - 6410 Seminar on Philosophical Issues in Educational Policy and Leadership
   - 6420 Ethical Issues and Perspectives in Educational Practice and Policy
   - 6425 Comparative Perspectives in Public Education, Reform, and Leadership
   - 6426 Computer Applications in Educational Administration
   - 6427 School Community Partnerships
   - 6440 Family-School Relations: Leadership and Policy Implications
   - 6455 School Violence: Leadership and Policy Implications
   - 6664 Seminar in School Improvement
   - 6710 Issues in Development and Implementation of Special Education Policy and Practices

  Courses must be appropriate to the program and chosen in consultation with the advisor.

9.8.2 Curriculum, Teaching and Learning Studies

The Master of Education in Curriculum, Teaching and Learning Studies provides opportunities for students to investigate pertinent issues in these interrelated areas from a variety of perspectives: philosophical, historical, social, cultural, cognitive, and technological. The conceptual bases of curriculum, teaching, and learning are explored and analysed along with related examples of historical and current policies and practices. The program encourages the development of broad-based insights into issues related to these areas through an emphasis on critical inquiry and reflective practice. It supports students in the development and enhancement of research capabilities and professional expertise and practice.

Students may choose between two program options in Curriculum, Teaching and Learning Studies:

Option One

Option Two

In consultation with a faculty advisor, students may choose to design a program speciality which addresses their research interests. Special foci within Curriculum, Teaching, and Learning Studies are numerous and may include technology and web-based education, arts education, rural and multi-age education. Students may alternatively select appropriate courses from other Master of Education program offerings to develop a program to meet their learning goals. Students interested in this option are strongly encouraged to explore and to focus their research and study interests and to discuss these interests with a faculty advisor.

1. Admission Requirements

   In addition to meeting the requirements in the School of Graduate Studies General Regulations,
   - students must have completed a range and number of courses in Education deemed appropriate by the Faculty and Dean of Education.
   - a minimum of two years of teaching or related experience is recommended.
   - for a specialization in special education, a completed Bachelor of Special Education Degree or equivalent is required and enrolment will be limited to applicants articulating a research focus for which appropriate thesis supervision is available.
2. Program Requirements

a. all students in the Master of Education Program (Curriculum, Teaching and Learning Studies) shall be required to complete:
   - 6100 Research Designs and Methods in Education
   - 6300 Teaching and Learning
   - 6602 Curriculum Studies

b. students on the thesis route must complete at least one of the research courses listed below (6100 is prerequisite):
   - 6466 Qualitative Research Methods
   - 6467 Quantitative Research Methods
   - 6468 Critical Approaches to Educational Research
   - 6469 Theoretical and Methodological Foundations of Action Research
   - 6909 Narrative Approaches to Teaching, Learning and Research
   - and at least 2 courses from any university graduate offering provided that those chosen are appropriate to the student's program

c. students choosing Option One on the internship, paper folio, project route, and comprehensive-course route must complete at least 2 courses within one particular specialty area from the list in Core speciality courses in the study of curriculum, teaching and learning areas below.

d. students choosing Option Two must choose courses that have been designated through consultation with faculty advisor during the first semester of studies in this program.

e. students choosing the Mathematics Education specialization within Curriculum, Teaching and Learning Studies must complete 6630 Critical Issues in Mathematics Education prior to completing other Mathematics Education specialty courses.

f. students choosing the Special Education specialization within Curriculum, Teaching and Learning Studies must complete a thesis and at least two of the required Special Education specialty courses.

g. students on the comprehensive-course route must complete one of the following courses: E6390 Research and Development Seminar in Curriculum, Teaching and Learning Studies or E6394 Biographical Explorations of Teaching and Learning or E6913 Practitioner Inquiry/Participatory Action Research. Normally students would be permitted to register for one of these courses only after all other course requirements have been met, or during the student's last semester of studies.

h. to meet total credit hour requirements students may choose electives from any university graduate offering provided that those chosen are appropriate to the student's program:
   - students on the thesis route must complete a total of at least 18 credit hours
   - students on the internship, paper folio, or project route must complete a total of at least 24 credit hours and the appropriate course option 6391 Internship in Curriculum, Teaching and Learning Studies (6 credit hours), 6392 Project in Curriculum, Teaching and Learning Studies (6 credit hours), or 6393 Paper Folio in Curriculum, Teaching and Learning Studies (6 credit hours)
   - students on the comprehensive-course route must complete a total of at least 30 credit hours

i. Core speciality courses in the study of curriculum, teaching and learning areas:
   - **Computers in Education**
     - 6610 Research on Computers in the Curriculum
     - 6620 Issues and Trends in Educational Computing
   - **Language and Literacy Studies**
     - 6106 Reading and Teaching Popular Culture
     - 6108 Literacy and Language Education
     - 6641 Writing in the Primary, Elementary and Secondary Schools
     - 6642 Developmental Reading (K-8)
     - 6643 Contemporary Issues in Intermediate and Secondary English
     - 6645 Literature for Children and Adolescents
     - 6647 Diagnosis and Remediation of Reading and Writing Difficulties
     - 6649 Exploring Multiple Literacies
     - 6693 Literacy for the Young Child in Home and School
   - **Mathematics Education**
     - 6630 Critical Issues in Mathematics Education
     - 6634 Teaching and Learning to Solve Mathematics Problems (prerequisite E6630)
     - 6639 Technology and the Teaching of Mathematics (prerequisite E6630)
   - **Music Education**
     - 6502 Contexts of Music Education
     - 6503 Teaching Music from the Podium
     - 6504 Musicianship, Pedagogy, and Learning
   - **Science Education**
     - 6653 Contemporary Issues in Science Education I
     - 6655 The Nature of Science and Science Education
     - 6658 Teaching and Learning Scientific Concepts, Laws, and Theories
   - **Second Language Education**
     - 6668 Current Issues in Second Language Education
     - 6669 Graduate Seminar in Second Language Teaching and Learning
     - 6673 Second Language Teaching, Learning and Curriculum
   - **Social Justice Education**
     - 6105 Social and Cultural Difference and Education
     - 6106 Reading and Teaching Popular Culture
     - 6440 Family School Relations: Leadership and Policy Implications
     - 6465 School Violence: Leadership and Policy Implications
     - 6468 Critical Approaches to Educational Research
     - 6909 Narrative Approaches to Teaching, Learning and Research
9.8.3 Counseling Psychology

The mission of the program in Counseling Psychology is to prepare highly knowledgeable, skilled, dedicated, and ethical professional practitioners, who will endeavour to enhance human potential throughout the life span and who can effectively practice within a variety of settings.

The Counseling Psychology faculty promotes counseling as an effective, viable means of assisting individuals throughout the life span. The counseling psychologist, regardless of his or her theoretical stance or work setting, functions as a change agent who is sensitive to and knowledgeable about the range of human development reflected in individual differences and cultural and linguistic diversity. Effective and positive change is brought about by assisting clients to: examine and modify their behaviour for more effective living; cope with, adjust to, or otherwise negotiate the environments affecting their psychosocial well-being; and effect change in the larger society.

The practice of Counseling Psychology is based on theory and research, an understanding of ethical practices, and a set of professional and interpersonal skills. It is essential that graduate students study a variety of conceptual frameworks and research findings as preparation for collaborative work with other helping professionals, paraprofessionals, and a variety of self-help groups.

The Counseling Psychology faculty, while representing a range of views, agree that the uniqueness of the individual and his or her personal strengths must be acknowledged and respected. To fully explore professional issues and personal values, a trusting and open atmosphere must be present.

Individuals from a wide variety of personal, social, and educational backgrounds are encouraged to apply to the Counseling Psychology program. The program provides a broad-based sequence of studies and supervised experiences that will prepare graduate students to be knowledgeable and skilled practitioners who can function in a variety of settings. By the time they have completed this program, students will have acquired knowledge and competencies in the following general areas: individual and group counseling theory and techniques, legal and ethical aspects of counseling, human development and learning, social, cultural, and linguistic diversity, career education and counseling, program development and implementation, measurement and appraisal, research and program evaluation, and application of current technology service delivery in rural areas.

1. Admission Requirements

   In addition to meeting the requirements in the School of Graduate Studies General Regulations, students:
   a. must have completed Education 3210, Introduction to Counseling.
   b. should have completed at least one undergraduate course on each of the following topics: statistics (Education 2900), assessment (Education 3280, 3290, 3950, 3955 or 4950), introduction to career education (Education 3211), introduction to exceptionality (Education 3220 or 3230). (Or their equivalent)
   c. should normally have at least one year of teaching (or related work) experience.
   d. must submit a resume that contains a concise rationale for the application (500 words or less) and three letters of recommendation (preferably one from each of the following: previous university instructors, supervisors, or employers).
   e. should note admission is selective and controlled by an admission committee of faculty members involved in the program. An interview may be required if deemed necessary.
   f. should note the Graduate Record Examination may be required.

2. Program Requirements

   a. all students in the Master of Education (Counselling Psychology) program shall be required to complete:
      6100 Research Designs and Methods in Education (Prerequisite: Education 2900)
      6702 Counselling: Theory and Practice (Prerequisite: Education 3210)
      6706 Career Education and Career Counselling (Prerequisite: Education 3211)
      6708 Group Counselling: Theory and Practice (Prerequisite: Education 6702)
      6700 Ethical and Legal Issues in Counselling
      6720 Internship in Counselling Psychology (Prerequisite: Normally completion of all courses) (9 credit hours)
   b. Students on the thesis route must complete the core courses listed above (24 credit hours) as well as a minimum of 6 credit hours from the closed electives indicated below for a total of 30 credit hours.
   c. Students on the comprehensive-course route must complete the core courses listed above (24 credit hours) as well as a minimum of 6 credit hours from the closed electives and 6 credit hours from any university graduate offering provided that those chosen are appropriate to the student’s program for a total of 36 credit hours.
   d. All students in the Counseling Psychology program must complete 6720. The Internship may be fulfilled full-time or part-time and must comprise 600 clock hours with 240 hours of direct service with clients. It cannot be completed as part of your regular employment. It is strongly recommended that students take no other course during the full-time internship.
   e. Closed electives are those listed below:
      6703 Personal and Professional Development Group
      6705 Nature and Development of School Counselling Services
      6707 Assessment for Counsellors
      6709 Assessment of Intelligence and Learning Skills (Prerequisite: 3600 or its graduate equivalent 6707). Normally, students in Counseling Psychology will not enroll in this course until the latter part of their program). Candidates intending to pursue a
career in the K-12 school system in Newfoundland and Labrador are urged to take this course and the prerequisite.
6710 Issues in Development and Implementation of Special Education Policy and Practices
6712 The Nature and Assessment of Behaviour Disorders in Children and Adolescents
6713 Educational Applications of Contemporary Cognitive Psychology
6714 Principles and Practices in Exceptionality
6716 Working with Families and Parents
6717 Counselling Adolescents
6718 Elementary School Counselling
6719 Cultural Issues in Counselling
6802 Adult Learning and Development

Notes: 
1. Student membership in the Canadian Counselling Association (CCA) or other appropriate professional organizations is strongly recommended for all students in the program.
2. Students who plan to work in the school system should be aware of the Department of Education regulations to be eligible to work as a school counsellor.
3. Students who plan to become registered psychologists in Newfoundland and Labrador should review the requirements of the Newfoundland Board of Examiners in Psychology.

9.8.4 Post-Secondary Studies
The graduate programs in Post-Secondary Studies are designed to prepare candidates to function in a variety of roles in informal and formal post-secondary learning environments (including academic, technical, professional, adult education, health professional education, and student services/development). These programs facilitate a study of the post-secondary educational systems through an examination of their foundations, directions, organization and administration; and through curriculum and instructional development options for occupational preparation and adult education.

1. Admission Requirements
In addition to meeting the requirements in the School of Graduate Studies General Regulations,
a. Candidates must have completed an undergraduate course in statistics (Education 2900), and post-secondary education (Education 2720), or have accumulated the equivalent experiences in each of the above two areas as approved by the Head of the Academic Unit;
b. two years of successful experience in working with adult learners is recommended;
c. and for the Graduate Diploma in Post-Secondary Studies (Health Professional Education) program, candidates must have appropriate academic qualifications and work experience in a health-related field.

2. Program Requirements (M.Ed.)
a. Candidates for the Master of Education (Post-Secondary Studies) are required to complete courses that form the program core.
i. 6100 Research Designs and Methods in Education
ii. 6801 Foundations of Post-Secondary Programs
iii. 6802 Adult Learning and Development
iv. 6803 Research in Post-Secondary Education
v. and not fewer than 6 credit hours from closed electives in g. below.
b. Students holding the Graduate Diploma in Post-Secondary Studies (Health Professional Education) and accepted in the Master of Education (Post-Secondary Studies) will complete up to 12 fewer credit hours dependent upon the chosen program route and the completion date of the Graduate Diploma.
c. Students on the comprehensive-course route must complete 6890 Research and Development Seminar in Post-Secondary Studies.
d. Students on the internship route must complete 6891 Internship in Post-Secondary Studies (6 credit hours).
e. Normally, students will be permitted to register for 6890 and 6891 only after all other course requirements have been met.
f. To meet total credit hour requirements students may choose courses from other graduate offerings within the Faculty, the University, or other universities provided the courses chosen are appropriate to the student's program. Students on the thesis route must complete a total of at least 18 credit hours; and those on the internship or comprehensive-course route a total of at least 30 credit hours.
g. Closed electives are those listed below:
   6804 Leadership and Human Resource Development in Post-Secondary Education
   6805 Advanced Human Resource Communications
   6806 Interprofessional Education in the Health Professions
   6807 Economics and Finance of Post-Secondary Education
   6822 Foundations of Instructional Design in Post-Secondary Education
   6823 Principles of Program Design and Development
   6832 Issues and Trends in the Administration of Post-Secondary Education
   6841 Student Development Theory, Services and Programs in Post-Secondary Education
   6840 Administration of Student Services in Post-Secondary Education

3. Program Requirements for Graduate Diploma in Post-Secondary Studies (Health Professional Education)
The Graduate Diploma in post-secondary studies, specialization in health professional education, which was created in collaboration with the Centre for Collaborative Health Professional Education, is designed to enhance health professionals' abilities as educators and leaders in educational program design, development, evaluation and administration. The Graduate Diploma is intended for educators and educational leaders of formal and informal post-secondary health professional education programs.
Participants will engage in an in-depth study of the structure and organization of the post-secondary education system, theories and philosophies of adult learning and development; and through elective courses pursue studies of program development models, instructional design frameworks, evaluation and assessment techniques, teaching methods, and research design principles in post-secondary teaching and learning. Opportunities will exist for the guided study of these topics as they relate to health professional education.
a. Candidates for the Graduate Diploma in Post-Secondary Studies (Health Professional Education) are required to complete courses that form the program core.
i. 6801 Foundations of Post-Secondary Programs
ii. 6802 Adult Learning and Development
iii. 6806 Interprofessional Education in the Health Professions
iv. and not fewer than 3 credit hours from closed electives in 2. g. above or from:
6100 Research Designs and Methods in Education
6803 Research in Post-Secondary Education
b. Students are encouraged to relate their assignments in these courses to health professional education.
c. Students enrolled in the Graduate Diploma program may request transfer to the Master of Education (Post-Secondary Studies). Courses for both the Graduate Diploma and the Degree must be appropriate to the program and chosen in consultation with the student’s advisor.

9.8.5 Information Technology
The graduate program in Information Technology is offered in partnership with Cape Breton University (CBU). It is designed to facilitate the educational use of information technology in a wide variety of settings. The program will be of interest to educators at all levels including K-12 teachers, school administrators, those in the post-secondary system, business and industry, as well as those in most other adult learning situations.

Information technology in this Master of Education program encompasses computer, communications, networking and multi-media applications. The overall intent of the program is to:
- provide educators with skill sets and pedagogical expertise that will enable them to address computer and related information technology in a teaching/learning situation;
- develop potential information technology leaders for the educational system;
- develop instructional designers, for a variety of educational settings, who are able to combine information technology with learning theory to enhance curriculum development and delivery;
- provide a basis for the continued professional development of educators in the area of information technology;
- develop an awareness of the applications of information technology in a wide variety of educational contexts; and
- develop research expertise and potential in the use and application of information technology for teaching and learning purposes.

Candidates for the program will have attained, prior to acceptance, some fundamental knowledge and skills with respect to information technology through pre-requisite experiences, and have attained a recognized undergraduate degree in an appropriate discipline with at least a second class standing (see specific regulations for details). The program components are designed to enable candidates to build on their prior experience through the development of pedagogical links and information technology applications. It is intended that the program be offered primarily as a part-time program through distance delivered courses, with other delivery formats to be considered/ utilised where feasible. Access to specific computer hardware, software, and the Internet is required and will be the responsibility of each candidate.

A steering committee comprised of three members from each of the Faculty of Education at Memorial University of Newfoundland and the Institute for Education at CBU is responsible to the Associate Dean of Graduate Programs and Research, Faculty of Education, for selected aspects of the program. The latter include assessing student applications, recommending approval of instructors who are not regular faculty members at either CBU or Memorial University of Newfoundland, and recommending course or program changes. This committee is to be co-chaired by the Associate Dean of Graduate Programs and Research, Faculty of Education, Memorial University of Newfoundland and the Director of the Institute for Education at CBU, or their designate(s).

CBU courses offered as part of this program are indicated by the prefix “CBU EDU” followed by the specific course number.

1. Admission Requirements
Admission to the program is competitive and selective. In addition to meeting the requirements in the School of Graduate Studies General Regulations, Faculty of Education, Memorial University of Newfoundland, candidates must have successfully completed:

a. one of a diploma or certificate in information technology from an accredited institution; CBU EDU 530; Memorial University of Newfoundland E2751 and E3751; or equivalent as determined by the program steering committee.

Selection into the program is determined by an applicant’s profile which would normally include such criteria as previous academic performance, related work experience, and relevant information technology experience. More detailed information may be found at www.mun.ca/educ/grad/infotech.php.

2. Program Requirements
a. all candidates for the Master of Education (Information Technology) must complete E6100 Research Designs and Methods in Education.

b. candidates on the thesis route must complete:
- three credit hours from:
  6610 Research on Computers in the Curriculum
  6615 Educational Software Prototyping and Evaluation
  6620 Issues and Trends in Educational Computing
- nine credit hours selected from the core elective CBU courses approved for this program:
  CBU EDU 531 Assessment of Software and Information Technology Applications for Education
  CBU EDU 533 Integration of Instructional Design and Information Technology
  CBU EDU 535 Applications of Learning Theory in Educational Multi-media Design
  CBU EDU 537 Designing Web-based Learning
  CBU EDU 539 Technology Planning for Educational Environments
  CBU EDU 541 Information Management for Educational Environments
- three credit hours from: 6822, 6823, 6802, E6426, or from other Memorial University of Newfoundland, Faculty of Education graduate course offerings as deemed appropriate for each candidate’s program and approved by the program steering committee.

c. candidates on the comprehensive-course route must complete:
- six credit hours selected from E6610, E6615, E6620 listed in 2. b. above
- twelve credit hours selected from CBU EDU 531, EDU 533, EDU 535, EDU 537, EDU 539, EDU 541 listed in 2. b. above
- E6590 Research and Development Seminar in Information Technology in Education
- three credit hours from E6822, E6823, E6802, E6426, or from other Memorial University of Newfoundland, Faculty of Education graduate course offerings as deemed appropriate for each candidate’s program and approved by the program steering committee.
School of Graduate Studies 2011-2012

v. additional credit hours appropriate to a candidate's program, and approved by the program steering committee, to be chosen from graduate course offerings at Memorial University of Newfoundland, CBU, or any other university to complete the required 30 credit hours for the comprehensive-course route.

d. normally, candidates will be permitted to register for E6590 only after all other course requirements have been met.

e. candidates who have successfully completed the CBU graduate level Certificate in Education (Technology) will be given advanced standing credit for the 9 CBU EDU course credit requirements for the thesis route or 12 CBU EDU course credit requirements for the comprehensive course-route on this program.

f. candidates who have successfully completed the former CBU EDU 534 and/or EDU 543 with at least a CBU grade of B (70%) toward the CBU graduate level Certificate in Education (Technology) prior to September 2000, will receive up to 12 advanced standing credit hours appropriate to their Degree option (EDU 534 will be considered equivalent to EDU 531 and EDU 533, and EDU 543 equivalent to EDU 535 and EDU 537).

g. thesis-route candidates will be subject to Theses and Reports of the School of Graduate Studies, Memorial University of Newfoundland, supervised by a faculty member at Memorial University of Newfoundland, and where feasible co-supervised by a CBU faculty member.

9.9 Courses

A selection of the following graduate courses shall be offered to meet the requirements of candidates, as far as the resources of the Faculty allow:

- 6100 Research Designs and Methods in Education
- 6105 Social and Cultural Difference and Education
- 6106 Reading and Teaching Popular Culture
- 6107 Arts Education: Creativity in the Classroom
- 6108 Literacy and Language Education
- 6202 Social Context of Educational Leadership
- 6203 Leadership: Theory and Practice
- 6204 Educational Administration: Theory and Practice
- 6205 Educational Policy: Theory and Practice
- 6290 Research and Development Seminar in Educational Leadership Studies
- 6291 Internship in Educational Leadership Studies (6 credit hours)
- 6292 Project in Educational Leadership Studies (6 credit hours)
- 6293 Paper Folio in Educational Leadership Studies (6 credit hours)
- 6300 Teaching and Learning
- 6301 Supervisory Processes in Education
- 6350 Educational Finance
- 6355 Legal Foundations of Educational Administration
- 6390 Research and Development Seminar in Curriculum, Teaching and Learning Studies
- 6391 Internship in Curriculum, Teaching and Learning Studies (6 credit hours)
- 6392 Project in Curriculum, Teaching and Learning Studies (6 credit hours)
- 6393 Paper Folio in Curriculum, Teaching and Learning Studies (6 credit hours)
- 6394 Biographical Explorations of Teaching and Learning
- 6410 Seminar on Philosophical Issues in Educational Leadership Studies
- 6420 Ethical Issues and Perspectives in Educational Practice and Policy
- 6425 Comparative Perspectives in Public Education, Reform, and Leadership
- 6426 Computer Applications in Educational Administration
- 6427 School Community Partnerships
- 6440 Family-School Relations: Leadership and Policy Implications
- 6455 School Violence: Leadership and Policy Implications
- 6460 Qualitative Research Methods
- 6467 Quantitative Research Methods
- 6468 Critical Approaches to Educational Research
- 6469 Theoretical and Methodological Foundations of Action Research
- 6502 Contexts of Music Education
- 6503 Teaching Music from the Pedagogical Perspective
- 6504 Musician ship, Pedagogy, and Learning
- 6590 Research and Development Seminar in Information Technology in Education
- 6600 Learning and Motivation
- 6601 Curriculum Studies
- 6603 Place, Ecology and Education
- 6610 Research on Computers in the Curriculum (Prerequisite: 6620)
- 6615 Educational Software Prototyping and Evaluation
- 6620 Issues and Trends in Educational Computing
- 6630 Critical Issues in Mathematics Education
- 6632 Current Research in Teaching and Learning of Elementary School Mathematics (Prerequisite: 6630)
- 6634 Teaching and Learning to Solve Mathematics Problems (Prerequisite: 6630)
- 6635 Teaching and Learning Geometry
- 6636 Teaching and Learning the Concept of Number and Operations
- 6639 Technology and the Teaching and Learning of Mathematics (Prerequisite: 6630)
- 6641 Writing in the Primary, Elementary and Secondary Schools
- 6642 Developmental Reading (K-8)
- 6643 Contemporary Issues in Intermediate and Secondary English
- 6644 Drama in Education
- 6645 Literature for Children and Adolescents
- 6646 Literature in the Secondary School
- 6647 Diagnosis and Remediation of Reading and Writing Difficulties
- 6649 Exploring Multiple Literacies
- 6653 Contemporary Issues in Science Education I
- 6655 The Nature of Science and Science Education
- 6658 Teaching and Learning Scientific Concepts, Laws, and Theories
- 6660 Information Technology
6661 Applications of Media in Education
6662 Research Seminar in Teacher-Librarianship
6663 The Organization of Learning Resources
6664 Seminar in School Improvement
6668 Current Issues in Second Language Education
6669 Graduate Seminar in Second Language Teaching and Learning
6670 Teaching and Learning Social Studies
6671 Research in Social Studies Education
6672 Issues and Trends in Social Studies
6673 Second Language Teaching, Learning and Curriculum (credit may be obtained for only one of Education 6673, the former 6665 or 6667)
6675 Current Issues in Rural Education
6693 Literacy for the Young Child in Home and School
6700 Ethical and Legal Issues in Counselling
6701 Issues and Methodologies in Learning and Developmental Research
6702 Counselling: Theory and Practice
6703 Personal and Professional Development Group (non-credit)
6705 Nature and Development of School Counselling Services
6706 Career Education and Career Counselling
6707 Assessment for Counsellors
6708 Group Counselling: Theory and Practice
6710 Issues in Development and Implementation of Special Education Policy and Practices
6711 Behaviour Modification in the Educational Setting
6712 The Nature and Assessment of Behaviour Disorders in Children and Adolescents
6713 Educational Applications of Contemporary Cognitive Psychology
6714 Principles and Practices in Exceptionality
6715 The Theory and Practice of Peer Helping Programs
6716 Working with Families and Parents
6717 Counselling Adolescents
6718 Elementary School Counselling
6719 Cultural Issues in Counselling
6720 Internship in Counselling Psychology (9 credit hours)
6755 Nature and Assessment of Learning Disabilities
6801 Foundations of Post-Secondary Programs
6802 Adult Learning and Development
6803 Research in Post-Secondary Education
6804 Leadership and Human Resource Development in Post-Secondary Education
6805 Advanced Human Resource Communications
6806 Interprofessional Education in the Health Professions
6807 Economics and Finance of Post-Secondary Education
6822 Foundations of Instructional Design in Post-Secondary Education
6823 Principles of Program Design and Development
6831 Organization and Administration of Student Services for the Adult Learner
6832 Issues and Trends in the Administration of Post-Secondary Education
6841 Student Development Theory, Services and Programs in Post-Secondary Education
6890 Research and Development Seminar in Post-Secondary Studies
6891 Internship in Post-Secondary Studies (6 credit hours)
6900-6910 Special Topics (excluding 6909)
6909 Narrative Approaches to Teaching, Learning and Research
6911 Multiage Education: An Introduction
6912-6950 Special Topics
6913 Practitioner Inquiry/Participatory Action Research (Prerequisite: 6469 Theoretical and Methodological Foundations of Action Research)
6940 Administration of Student Services in Post-Secondary Education

10 Regulations Governing the Degree of Master of Employment Relations

Professor and Director
T. Brown

The Master of Employment Relations (M.E.R.) is a multi-disciplinary program providing advanced level study of all aspects of the employment relationship.

The M.E.R. program is offered by full-time or part-time study and involves 33 credit hours of course work, including a major supervised paper. Candidates registered on a full-time basis will normally complete the program in one academic year.

The following regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

10.1 Administration

1. The program shall be administered by a Director, who reports to the Dean of Graduate Studies. The Director shall be appointed by the Dean of Graduate Studies on the recommendation of the Deans of Arts and Business Administration. In making this recommendation, the Deans of Arts and Business Administration shall consult with the employment relations community both within and outside the University.

2. An Executive Committee consisting of the Director and Deans of Arts, Business Administration, and Graduate Studies will be established to review administrative, resource, and strategic planning issues related to the program. This committee shall be chaired by the Dean of Graduate Studies.

3. The Director shall consult with the Graduate Committee in Employment Relations (GCER) for the purposes of administering the academic elements of the program. The GCER shall normally consist of 11 members appointed by the Dean of Graduate Studies on
the recommendation of the Director. The GCER will include the Director, who shall Chair the committee, approximately six faculty members from the Faculties of Arts and Business Administration who teach core courses, the Associate Deans or Directors of Graduate Studies from Arts and Business Administration, as well as a one full-time and one part-time student representative.

4. An Advisory Board in Employment Relations (ABER) shall be established for the purposes of consulting with obtaining feedback from the employment relations community. The ABER will consist of a broad cross-section of members from the employment relations community both within and outside the University who shall be appointed by the Dean of Graduate Studies on the recommendation of the Director.

10.2 Qualifications for Admission
1. Admission is limited and competitive.
2. To be considered for admission to the M.E.R. program, an applicant shall have:
   a. An undergraduate degree, with a minimum B standing, from an institution recognized by Senate; and
   b. An undergraduate course in organizational behaviour and microeconomics, from an institution recognized by Senate, with a minimum B standing in each course.
3. In exceptional cases, applicants who have not completed an undergraduate degree, but who meet all other requirements, may be considered for admission. Preference will be given to those who have a minimum of 10 years of full-time professional experience, including demonstrated success in employment relations, and who have successfully completed substantial university course work, including several courses at an advanced undergraduate level from an institution recognized by Senate. Applicants without an undergraduate degree must have completed one or more undergraduate courses in organizational behavioural and microeconomics, from an institution recognized by Senate, with a minimum B standing in each course. Any applicants who do not meet normal admission requirements, may also be required to successfully complete the GMAT or the GRE with an acceptable score and/or additional undergraduate courses before being considered for admission.
4. Applicants are strongly encouraged to complete an introductory course in statistics prior to admission.

10.3 Deadlines for Applications
1. Applications seeking full-time enrolment will normally only be admitted to the program in the Fall (September) semester.
2. Applications must be postmarked no later than February 15 for applicants wishing to enter full-time or part-time studies in the Fall (September) semester.
3. Applications must be postmarked not later than August 15 for applicants wishing to enter part-time studies in the Winter (January) semester.
4. Individuals submitting applications later than the above dates are not assured of consideration for admission to the program in the semester desired; their applications will be processed only if time and resources permit.

10.4 Procedure for Admission
1. Applications for admission to the M.E.R. program must be made on the appropriate form and submitted to the School of Graduate Studies.
2. The following documents must be submitted in support of the official application form:
   a. Letter of appraisal from three referees, at least one of whom is capable of appraising the applicant's academic potential as a graduate student, and at least one of whom is capable of appraising the applicant's professional experience and/or actual or likely success in a career in employment relations.
   b. Two copies of the M.E.R. Employment Experience Information Form.
   c. Two official transcripts from each university or other post-secondary institution previously attended, to be sent directly by its Registrar (or equivalent officer) to the School of Graduate Studies. If not recorded on the transcript, official evidence of completion of undergraduate degree must also be submitted.
3. Application files are normally evaluated after the deadline dates for application noted above and only when all required documentation has been received.
4. Admission shall be by the Dean of Graduate Studies on the recommendation of the GCER. Upon notification from the Dean of the School of Graduate Studies of acceptance into the M.E.R. program, applicants must give written notice to the School of Graduate Studies of their intention to register.

10.5 Program of Study
1. The M.E.R. program consists of 33 credit hours of course work as specified in Table I. These include 27 credit hours of compulsory courses and 6 credit hours of elective courses. The compulsory courses are comprised of 18 credit hours of core courses specified in Table II and 9 credit hours for a research seminar.
2. The compulsory core courses introduce students to the three main areas of study in the program: labour-management relations; human resources management; and labour market and social policy analysis.
3. Electives allow students to specialize in one or more of the three main areas of study. Electives must be chosen from the list of approved electives specified in Table III. Other courses may be approved and added to Table III from time to time by the GCER.
4. Candidates are responsible for fulfilling all pre-requisites and may require special permission from the Department offering an elective to enrol in the course.
5. The Research Seminar in Employment Relations provides students with both quantitative and qualitative research skills and requires the identification of a research problem, the development and execution of a methodology appropriate to addressing the problem, analysis of results, and completion of final report. The Research Seminar involves 3 credit hours of course work in each of the Fall, Winter and Spring semesters.
6. Candidates enrolled in Research Seminar in Employment Relations will normally have completed an introductory course in statistics. If candidates’ records suggest a deficiency in statistics, the GCER reserves the right to require that they complete a foundation course in statistics as part of, and to be completed during, their program.
7. The prerequisites for EMRE 6030 are EMRE 6010 and EMRE 6020. In addition, students will normally complete six M.E.R. courses before registering for EMRE 6030. There are no prerequisites for EMRE 6010 and EMRE 6020 but students are advised to take these courses late in their programs, just before taking EMRE 6030. For the core courses, the prerequisite for BUSI 8210 is BUSI 8210. For the remaining core courses, there are no prerequisites. For the elective courses, Departmental regulations that specify...
particular courses as prerequisites will apply but the Departmental requirement to have completed a number of courses will not apply.

8. A waiver of a core course may be granted by the Dean of Graduate Studies on the recommendation of the GCER if the candidate can demonstrate that the material in the course has been substantially covered by other courses taken at this or another recognized university. In such cases, the course must be replaced by another course offered by Memorial University of Newfoundland in consultation with the candidate, and approved by the GCER. The maximum number of core courses that can be waived is 3 and all replacement courses must be taken during the candidate's period of enrollment in the program.

9. Each student's program of study must be approved by the GCER. The GCER reserves the right to restrict candidates from taking particular courses if it is deemed that those courses do not add sufficient value beyond courses that the candidate has completed at the undergraduate level.

10.6 Evaluation
1. Candidates for the M.E.R. Degree must obtain a grade of B or better in all program courses.
2. Candidates who receive a grade of less than B in a program course will be permitted to remain in the program, provided the course is repeated and passed with a grade of B or better. Alternatively, the candidate may, on the recommendation of the GCER, and with the approval of the Dean of Graduate Studies, substitute another graduate course. Only one course repetition or substitution will be permitted during the candidate's program after which the candidate shall be required to withdraw from the program.

10.7 Courses
The schedule of courses for the M.E.R. program is as follows:

<table>

Note: Students may require special permission from the graduate program prior to enrolling in a course.

11 Regulations Governing the Degree of Master of Engineering
Professor and Dean, Pro Tempore  
J. Quaicoe

Professor and Associate Dean (Graduate Studies)  
L. Lye

The degree of Master of Engineering (M.Eng.) is a research-focused degree and may be obtained either through full-time or part-time studies. The M.Eng. degree can be obtained through programs in Civil Engineering, Computer Engineering, Electrical Engineering, Mechanical Engineering, Ocean and Naval Architectural Engineering, and Oil and Gas Engineering.

11.1 Qualifications for Admission
To be considered for admission, an applicant shall meet the requirements set out in General Regulation, Qualification for Admission, or shall have qualifications and/or engineering experience that is acceptable to the Dean of Graduate Studies and to the Faculty of Engineering and Applied Science.
Admission to the M.Eng. program is limited and competitive. All applicants must meet the minimum qualifications set out in the above paragraph. Decisions on admission, however, will also take into account such things as the applicant's rank in class, referees' assessments, general performance throughout the applicant's undergraduate academic program and the availability of supervisors in the area of the applicant's interest.

Normally applicants will be considered in January for admission to the following September. In special cases applicants may also be considered in April and August. Applications should be made sufficiently far in advance to permit the University to obtain all relevant documents and review the application.

11.2 Program of Study and Research
1. Students enrolled in the Master of Engineering program will work in one of the following areas: Civil Engineering; Computer Engineering; Electrical Engineering; Mechanical Engineering; Ocean and Naval Architectural Engineering; and Oil and Gas Engineering.

2. A program shall normally consist of:
   a. a thesis related to the area of study
   b. 12 credit hours from graduate courses with at least 6 credit hours taken from the list of Core Courses below
   c. Seminar course 9100
   d. such other courses as may be required in an individual's program.

3. The following are Core Courses:
   ENG. 9002, 9015, 9110, 9113, 9114, 9115, 9210, 9411, 9420, 9501, 9505, 9516, 9520, 9550, 9609, 9627, 9816, 9821, 9826, 9827, 9834, 9847, 9861, 9865, 9867, 9871, 9874, 9876, 9901, 9902, 9940.

4. The thesis is to contain the results of a systematic investigation which has been conducted by the candidate under the direction of the Supervisor.

5. With the approval of the Dean of Graduate Studies and on the recommendation of the Faculty of Engineering and Applied Science, credit towards the course requirements may be considered for graduate courses previously taken by the student in accordance with the General Regulations for course credit transfers.

11.3 Supervision
1. Each student shall be assigned to a Supervisor approved by the Dean of Graduate Studies on the recommendation of the Faculty of Engineering and Applied Science.

2. The Supervisor shall propose a tentative program of study and topic of investigation which must be approved by the Dean of Graduate Studies acting on the recommendation of the Faculty of Engineering and Applied Science, before the acceptance of a student in the program.

3. At the end of each semester, the Supervisor shall report on the student's progress to the Dean of Engineering and Applied Science for onward transmission to the Dean of Graduate Studies.

4. A temporary or permanent change of Supervisor for a student already in a program shall be permitted only with the approval of the Dean of Graduate Studies and the Dean of Engineering and Applied Science.

5. The Supervisor shall advise the student in the preparation and presentation of a seminar on the student's topic of investigation as described in Thesis, 2. below.

11.4 Industrial Internship Option
The Faculty encourages graduate students to undertake internships of work in industry. Internships in industry will permit students either (a) to focus on the practicalities of research projects which have been well defined before the student enters an internship, or (b) to develop and define a research project from problems experienced during the internship. Encouragement to undertake an internship will be given only where it is clear that one of these expectations can be met.

Students registered in the Master of Engineering Program may, with the permission of their Supervisor, the Dean of the Faculty of Engineering and Applied Science, and the Dean of Graduate Studies select the Industrial Internship Option. Students approved to pursue this option must satisfy the degree regulations for a Master of Engineering Program. In addition, students in the Industrial Internship Option:
- must take at least 9 credit hours of the courses required for their program on campus; the remaining required courses mayconst be taken on or away from campus; those taken at other universities require pre-approval by the Dean of the School of Graduate Studies on the recommendation of the Faculty of Engineering and Applied Science
- shall normally spend 8 to 12 months of their program at an internship in industry
- shall normally spend at least two semesters on campus on a full-time basis as a graduate student at this university
- shall produce a concise progress report to their supervisors no later than the end of each semester while on an internship

Successful completion of an internship will be indicated by a descriptive notation on the student transcript.

11.5 Fast-Track Option
Students registered in academic term 7 of a Memorial University of Newfoundland undergraduate engineering program are eligible to apply for admission to an M.Eng. fast-track option. The purpose of the option is to encourage students interested in pursuing graduate studies to begin their research-related activities while still registered as an undergraduate student. Normally, to be considered for admission to the option, students must have achieved at least a 70% average over academic terms 1 to 6 of their undergraduate engineering program. While enrolled in the option, a student may complete some of the M.Eng. Degree requirements and, hence, potentially be able to graduate earlier from the M.Eng. program.

Students shall enroll in the M.Eng. fast-track option concurrently with their undergraduate program during the Fall semester prior to academic term 8. Prior to entering the fast-track option, students must apply for and receive an exemption from work term 6. While enrolled in the option a student must be registered in full-time graduate studies during the Fall semester prior to academic term 8; during academic term 8, the student must take a leave of absence from the graduate program. A student enrolled in the fast-track option shall undertake research related to their field of study and shall normally complete at least 3 credit hours from the courses listed for their M.Eng. program in the Fall semester prior to academic term 8.

In the Fall semester following academic term 7, fast-track option students will pay only the graduate fees appropriate to graduate students following plan A of Fees and Charges (i.e., the 6 semester plan). In the succeeding Winter semester, while completing academic term 8 of their undergraduate program, fast-track option students will pay only the appropriate undergraduate fees.
Upon completion of their undergraduate program, students may register in the M.Eng. program on a full-time basis. All courses taken as part of their graduate program while enrolled in the M.Eng. fast-track option are credited towards the M.Eng. Degree course credit hour requirements. Courses taken as credit towards a student's undergraduate degree may not be credited towards a student's graduate degree. Courses credited towards a student's graduate degree may not be credited towards a student's undergraduate degree. Students who do not complete their undergraduate degree within one year of entering the fast-track option will normally be required to withdraw from their M.Eng. program.

11.6 Course Evaluation
1. In order to continue in the program, a student shall obtain an A or B grade in each course taken for credit.
2. The student's achievement in the program must be to the satisfaction of the Dean of Graduate Studies and the Faculty of Engineering and Applied Science. When it has been determined on the basis of consultations with the student, the course instructors and the Supervisor, that a student's work has fallen below satisfactory level, he/she may be required to withdraw from the program.

11.7 Thesis
1. A student who expects to graduate must inform the Dean of Graduate Studies of this intention at least three months before the University Convocation at which the award of the degree is expected.
2. Before the thesis is submitted, the student shall present an open seminar on the topic of investigation to the Faculty of Engineering and Applied Science. Any serious deficiencies noticed at this stage should be carefully considered, in consultation with the Supervisor, for rectification.
3. Three copies of the thesis shall be submitted to the School of Graduate Studies through the Faculty of Engineering and Applied Science, in a form and format as specified in the Thesis Guide issued by the School of Graduate Studies and the Presentation of Theses Guide issued by the Faculty of Engineering and Applied Science. A submission which does not meet the specifications will be returned to the candidate.
4. Examiners shall be appointed by the Dean of Graduate Studies on the recommendation of the Faculty of Engineering and Applied Science soon after the student has expressed an intention to submit the thesis.

11.8 Evaluation of Theses
Theses evaluation shall be carried out in accordance with Theses and Reports of the General Regulations governing all students in the School of Graduate Studies.

11.9 Recommendation for Awarding Degree
When a student has completed all the requirements for the M.Eng. Degree, the Faculty of Engineering and Applied Science shall forward a recommendation to the Dean of Graduate Studies for the award of the Degree.

11.10 Master of Applied Science Programs
The Faculty of Engineering and Applied Science offers the following course-based programs:

11.10.1 Computer Engineering
In addition to the research-focused M.Eng. Degree in Computer Engineering, the Faculty of Engineering and Applied Science offers a course-based program in Computer Engineering leading to a Master of Applied Science Degree in Computer Engineering. For details of program requirements for the M.A.Sc. Degree in Computer Engineering, refer to the regulations governing the Degree of Master of Applied Science.

11.10.2 Environmental Systems Engineering and Management
The Faculty of Engineering and Applied Science offers a course-based program in Environmental Systems Engineering and Management. For the details of the program requirements for the M.A.Sc. Degree in Environmental Systems Engineering and Management refer to the regulations governing the Degree of Master of Applied Science in Environmental Systems Engineering and Management.

11.10.3 Oil and Gas Engineering
The Faculty of Engineering and Applied Science offers a course-based program in Oil and Gas Engineering. For the details of the program requirements for the M.A.Sc. degree in Oil and Gas Engineering refer to the regulations governing the Degree of Master of Applied Science in Oil and Gas Engineering.

11.11 Master of Engineering Management

11.11.1 Engineering Management
See regulations governing the Degree of Master of Engineering Management.

11.12 Courses
A selection of the following graduate courses will be offered to meet the requirements of the candidates, as far as the resources of the Faculty will allow.

Required Courses:
9100 Engineering Graduate Seminar (1 credit hour)

Core Courses:
9002 Ocean Engineering Structures
9015 Ocean Engineering Hydrodynamics
9110 Advanced Petroleum Production Engineering
9113 Phase Behaviour of Petroleum Reservoir Fluids
9114 Advanced Reservoir Engineering
9115 Safety and Risk Engineering
9118 Advanced Drilling Engineering
9121 Advanced Safety, Risk and Reliability Modeling
9411 Probabilistic Methods in Engineering
9420 Engineering Analysis
9496 Modeling and Simulation of Dynamic Systems
9501 Finite Element Analysis with Engineering Applications
9505 Structural Dynamics and Vibrations
9516 Similitude, Modelling and Experimental Data Analysis
9520 Solid and Structural Mechanics
9550 Fatigue, Fracture and Corrosion
9609 Environmental Risk Assessment
9627 Environmental Systems Engineering
9816 Antenna Theory
9821 Digital Signal Processing
9826 Advanced Control Systems
9827 Continuous and Discrete-Event Systems
9834 Advanced Power Electronics
9847 Computer and Control Methods in Power Systems
9861 High-Performance Computer Architecture
9865 Advanced Digital Systems
9867 Advanced Computing Concepts for Engineering
9871 Information Theory and Coding
9874 Software Design and Specification
9876 Advanced Data Networks
9901 Fundamentals of Fluid Dynamics
9902 Advanced Transport Phenomena
9940 Advanced Robotics

Other Courses:
9022 Marine Geotechnical Engineering
9052 Ice Properties and Mechanics
9090/99 Special Topics in Ocean Engineering (excluding 9096)
9096 Marine and Offshore Ice Engineering
9111 Well Testing
9112 Multiphase Flow
9116 Reliability Engineering
9117 Offshore Petroleum Geology and Technology
9119 Compact Process Equipment Design
9120 Advanced Natural Gas Engineering
9150-59 Special Topics in Oil and Gas Engineering
9210 Advanced Engineering Materials
9211 Experimental Methods
9390/94 Special Topics in Engineering Management
9440 Optimization Principles in Engineering
9495/99 Special Topics in Engineering Analysis (excluding 9496)
9540/49 Special Topics in Mechanics, Structures and Materials
9560 Applied Remote Sensing
9601 Environmental Pollution and Mitigation (cross-listed as ENVS 6004)
9603 Environmental Sampling and Pollutant Analysis (cross-listed as ENVS 6005)
9605 Water and Wastewater Treatment
9610/15 Special Topics in Environmental Engineering and Applied Science
9621 Soil Remediation Engineering
9622 Environmental Statistics
9625 Environmental Impacts of Offshore Oil and Gas Operations
9626 Environmental Management System
9628 Environmental Laboratory
9629 Environmental Policy and Regulations
9630 Pollution Prevention
9713 Stochastic Hydrology
9723 Soil Properties and Behaviour (formerly 9720)
9750 Advanced Topics in Analysis and Design of Reinforced Concrete (formerly 9701)
9755 Advanced Topics in Precast and Prestressed Concrete (formerly 9702)
9760/64 Special Topics in Geotechnical Engineering
9790 Subsea Pipeline Engineering
9791/99 Special Topics in Civil Engineering
9802/05 (excluding 9804) Special Topics in Computer Engineering
9804 Industrial Machine Vision
9806/09 Special Topics in Communications Engineering
9815 Electromagnetic Propagation
9822 Nonlinear Digital Image Processing and Analysis
9825 Random Signals (formerly 9830)
9835 Advanced Electric Machines
9848 Power System Stability (formerly 9812)
9849 Power System Protection
9850/53 Special Topics in Power Systems and Controls
9866 Fault-Tolerant Computing (formerly 9846)
9868 ASIC Design
9869 Advanced Concurrent Programming
9872 Digital Communications
9873 Image Communications
9875 Embedded and Real-Time Systems Design
9877 Computer and Communications Security
12 Regulations Governing the Degree of Master of Engineering Management

12.1 Program of Study
1. The Faculty of Engineering and Applied Science in collaboration with the Faculty of Business Administration offers a program in Engineering Management leading to the degree of Master of Engineering Management (M.E.M.). The program is available on a full-time or part-time basis.
2. The program is offered by the Faculty of Engineering and Applied Science and the Faculty of Business Administration and will be administered by a Board of Studies appointed jointly by the Dean of Engineering and Applied Science and the Dean of Business Administration.

12.2 Qualifications for Admission
1. Admission to the program is limited and competitive.
2. To be eligible for consideration for admission, an applicant shall meet the requirements set out in General Regulations - Qualifications for Admission, Master's Program or shall have qualifications and/or engineering experience that is acceptable to the Dean of Graduate Studies and to the Faculty of Engineering and Applied Science.
3. To be eligible for consideration for admission, applicants will meet the English Proficiency Requirements described under General Regulations - Qualifications for Admission, English Proficiency Requirements.
4. Applicants will normally be interviewed by representatives of the Board of Studies as part of the admission process.

12.3 Degree Requirements
The degree program requires the completion of 36 credit hours, 6 of which comprise a project course.
1. Students are normally required to complete Engineering 9395, 9396, and 9397, along with 9 additional credit hours from the Master of Engineering, Core Courses or the Master of Engineering, Other Courses offered for the Master of Engineering program, from which up to 3 credit hours may be taken from undergraduate courses approved for the student's program by the Dean of Graduate Studies on the recommendation of the Faculty of Engineering and Applied Science.
2. Students are normally required to complete Business 8104, 8106, 8109, 8206 and one of the following courses: Business 8103, 8107, 8108, 8204, 8205, 8207, or 8209.
3. Students who have not successfully completed a baccalaureate degree from a recognized university where English is the language of instruction will be required to complete an 8-week English as Second Language course prior to the start of the first regular academic semester and a one semester course covering the Engineering Profession and Communications during the second academic semester.

12.4 Evaluation
Students must obtain a grade of at least 65% in all program courses to receive credit for the course towards their program requirements. Any student who fails to receive 65% or more in a course must repeat the course in the case of required courses, or must either repeat or replace the course with another program course in the case of elective courses. Any student who receives a grade of less than 65% in two courses or in a repeated course will be required to withdraw from the program.

12.5 Courses
12.5.1 Required Courses
Business 8104 Organizations: Behaviour and Structure
Business 8106 Marketing
Business 8109 Accounting for Management
Business 8206 Managerial Finance
Engineering 9395 Engineering Management Project (6 credit hours)
Engineering 9396 Engineering Management Topics
Engineering 9397 Advanced Modelling and Quality Management

12.5.2 Elective Courses from the Faculty of Business Administration
Business 8103 Statistical Applications in Management
Business 8107 Managing Ethics and Responsibility
Business 8108 Economics for Business
Business 8204 Human Resource Management
Business 8205 Information Systems
Business 8207 Operations Management
13 Regulations Governing the Degree of Master of Environmental Science

(see also Master of Science in Environmental Science)

13.1 Program of Study
1. The Environmental Science Program is an interdisciplinary graduate program involving the departments of the Faculty of Science, the Faculty of Arts, the Faculty of Medicine, and the Faculty of Engineering and Applied Science. There are three Environmental Science Graduate Degree streams: the Master of Science (M.Sc., Environmental Science), Master of Environmental Science (M.Env.Sci.), and the Doctor of Philosophy (Ph.D., Environmental Science). The program is available on a full or part-time basis.

2. The program is administered by a Board of Studies appointed by the Dean of Science. Supervisors of graduate students in the program include faculty from the Faculty of Science, the Faculty of Arts, the Faculty of Engineering and Applied Science, the Faculty of Medicine, and the Environmental Science Program at the Grenfell Campus, as well as adjunct appointees to the program (as a co-supervisor).

13.2 Qualifications for Admission
Admission is limited and competitive. To be considered for admission applicants shall normally hold a Bachelor's (Honours) degree in Science, Geography or Environmental Science with at least second class standing, or equivalent, or a Bachelor's degree in Engineering from an institution recognized by the Senate or shall have qualifications and/or environmental experience acceptable to the Dean of Graduate Studies and the Board of Studies. The Board of Studies will make recommendations on admission to the Dean of Graduate Studies.

13.3 Degree Requirements
To the extent that resources permit, individual programs will be developed to suit students' interests and needs. However all programs must be approved by the Board of Studies and by the Dean of Graduate Studies. All General Regulations of the School of Graduate Studies shall apply to these degrees.

1. The Master of Environmental Science (M.Env.Sci.) is a multidisciplinary course-based degree, focussed on environmental issues. The Degree program provides for both multidisciplinary courses and for courses focussed on the student's specific area of interest.

2. The Degree program requires completion of 24 credit hours of either Option A or Option B and a project report. The project report will be evaluated according to procedures outlined in General Regulations, Theses and Reports.

Option A
Students will be required to take a minimum of 15 credit hours in program courses, 9 credit hours of which must be ENVE/ENVS 6000, ENVS 6009 and ENVS 6010 and 6 credit hours from ENVE/ENVS 6001, 6002 and 6003. Students will also be required to take a minimum of 9 credit hours in elective courses approved by the Board of Studies, 6 credit hours of which will normally be selected from graduate courses offered by the Faculty of Science and the Faculty of Engineering and Applied Science. Students are advised to consult with instructors and Faculties regarding necessary prerequisites and availability.

Option B
Students will be required to take a minimum of 15 credit hours in program courses, 9 credit hours of which must be ENVE/ENVS 6000, ENVS 6009, and ENVS 6010 and 6 credit hours from ENVE/ENVS 6001, 6002 and 6003. Students will also be required to take a minimum of 6 credit hours in elective courses approved by the Board of Studies, normally selected from graduate courses offered by the Faculty of Science and Faculty of Engineering and Applied Science. In addition, students will be required to complete
the 3 credit hours course ENVS 601W (work term).

ENVS 601W is a work term of one semester duration. Work term placements are arranged by the Division of Co-operative Education in consultation with the Program Chair and the student’s Supervisor. The on-site employment supervisor and the Memorial University of Newfoundland Co-op Coordinator evaluate the work term based on the student’s performance on the job and on a written work term report submitted by the student. The topic of the work term report must be related to the work experience and will be chosen by the student in consultation with the on-site employment supervisor and the Memorial University of Newfoundland Co-op Coordinator. The student will be permitted to submit a work term report only after the on-site employment supervisor and the Memorial University of Newfoundland Co-op Coordinator determine that the work term has been successfully completed. The work term report may become the basis for the project report for ENVS 6009 (Project) which is required for the M.Env.Sci. Degree. The Program Chair, on the advice of the Memorial University of Newfoundland Co-op Coordinator with input from the on-site employment supervisor, will recommend to the Dean of Graduate Studies a grade of Pass with Distinction, Pass or Fail. In cases where the Memorial University of Newfoundland Co-op Coordinator and the on-site employment supervisor are unable to reach agreement concerning the grade, the final decision lies with the Program Chair. Should a student fail to complete a work term successfully, the graduate student’s M.Env.Sci. Supervisor and the Program Chair may submit to the Memorial University of Newfoundland Division of Co-operative Education a proposal for a different work term placement (only once). Or the student may apply to the Board of Studies for a change to the course-based M.Env.Sci. Option A, or to the thesis-based M.Sc. (Environmental Science).

13.4 Courses
ENVE/ENVS 6000 Environmental Science and Technology
ENVE/ENVS 6001 Earth and Ocean Systems
ENVE/ENVS 6002 Environmental Chemistry and Toxicology
ENVE/ENVS 6003 Applied Ecology
ENVS 6004 Environmental Pollution and Mitigation (cross-listed as ENGI 9601)
ENVS 6007 Environmental Risk Assessment (cross-listed as ENGI 9609)
ENVS 6008 Air Pollution (same as ENGI 9624)
ENVS 6009 Environmental Science Project
ENVS 6010 Environmental Seminar
ENVS 6201-6210 Special Topics in Environmental Science
ENVS 601W Work Term

14 Regulations Governing the Degree of Master of Marine Studies (Fisheries Resource Management)

Executive Director
G. Blackwood

Academic Director
P. Fisher

14.1 Administration
The programs will be administered by an Academic Director appointed by the Executive Director of the Fisheries and Marine Institute, together with an Academic Advisory Committee.

An Academic Advisory committee will be appointed by the Dean of Graduate Studies on recommendation of the Executive Director of the Fisheries and Marine Institute. This committee will consist of the Academic Director as Chair, three members from the Marine Institute and two members from other academic units of the University. Normally, all appointments will be for a period of three (3) years.

A Technical Advisory Committee consisting of a cross-section of members with professional expertise related to the fishery, will provide regular feedback on program content, instruction, and future direction of the Program. Members of this Committee will be appointed by the Dean of Graduate Studies on recommendation of the Executive Director of the Fisheries and Marine Institute. The Academic Director will be an ex officio member and Chair of the Technical Advisory Committee. Normally all appointments will be for a period of three (3) years.

14.2 Programs
There are two graduate programs in Fisheries Resource Management: the Graduate Diploma and the Master of Marine Studies. The Master’s Degree requires successful completion of 8 courses plus a major report. The Graduate Diploma requires completion of 6 courses. The programs are aimed at professionals working in or intending to enter careers in fisheries management.

14.3 Graduate Diploma
The Graduate Diploma in Fisheries Resource Management provides an opportunity for fisheries professionals to enhance their perspective on fishery issues from a variety of disciplines.

1. Admission Requirements
To be admitted to the Graduate Diploma in Fisheries Resource Management, a student must be eligible to register in the Master of Marine Studies program (see Master of Marine Studies, Admission Requirements below).

2. Program of Study
The program consists of 18 credit hours. Students must complete 6001 plus five other courses chosen from 6002, 6003, 6004, 6005, 6006 and 6007.

3. Evaluation
Candidates for the Graduate Diploma in Fisheries Resource Management must obtain a grade of B or better in all program courses.

14.4 Master of Marine Studies
The Degree of Master of Marine Studies (Fisheries Resource Management) (M.M.S.) is a multi-disciplinary program of study that will provide the candidate with exposure to all dimensions of modern fisheries resource management. The program is aimed at professionals working in or intending to enter careers in fisheries management and is available on a full-time or part-time basis. All candidates must take the full complement of 24 credit hours, including a required seminar, plus a major report. Candidates registered on a full-time basis
may complete the program in one academic year. Students who have successfully completed the requirements for the Graduate Diploma may elect to continue their program of study in order to earn the Degree.

### 14.4.1 Admission Requirements

1. Admission to the program is on a competitive basis. To be considered for admission to the program an applicant must normally have an undergraduate degree with a minimum of a high second class standing from an institution recognized by the Senate.
2. In addition to the academic requirements in a, applicants will normally have a demonstrated commitment to fisheries through employment or experience in a sector of the fishery, in a regulatory agency or government Department connected to fisheries, in a non-governmental agency, or through self-employment or consulting activities related to fisheries.
3. Applicants must submit, along with the normal academic application form, a letter outlining their reasons for applying for admission to the program, their expectations of the program and its anticipated impact on their work and career progression.
4. In exceptional cases, persons who do not meet the requirements specified in a, but who have a significant connection to fisheries and demonstrated equivalent experience acceptable to the Academic Advisory Committee may be admitted. Such persons will undergo an interview by the Academic Advisory Committee before being admitted.
5. Applications for admission in September must be received no later than April 30 of the year in which admission is sought.

### 14.4.2 Program of Study

1. The program consists of 24 credit hours made up of the courses numbered 6001-6008 listed below, plus a major report. Courses will normally be offered only once in an academic year with four courses offered in the Fall semester and four, including the Seminar course offered in the Winter. Full-time candidates are expected to undertake and complete the work required for the report during the Spring semester.
2. A waiver of a program course may be granted by the Dean of Graduate Studies on the recommendation of the Academic Advisory Committee if the candidate can demonstrate to the Academic Advisory Committee that the course material has been substantially covered by a course taken at this or another recognized university. In such cases the course must be replaced by another course approved by the Academic Advisory Committee. This replacement course must be taken during the candidate's period of enrolment in the program.

### 14.4.3 Evaluation

1. Candidates for the Master's Degree must obtain a grade of B or better in all program courses and successfully complete the seminar.
2. Candidates who have received a grade less than a B in a program course will be permitted to remain in the program, provided the course is retaken and passed with a grade of B or better. Alternatively the candidate may, on the recommendation of the Academic Advisory Committee, substitute another graduate course. Only one such repeat or substitution will be permitted in the program.
3. The major report is a fundamental component of the program and will normally be undertaken in the final semester of the program. The topic of the report and a faculty Supervisor will be chosen by the candidate in consultation with the Academic Advisory Committee. The report provides an opportunity to synthesise an original perspective on a selected fisheries issue through the examination of appropriate literature and other sources of information. Normally the report will be multi-disciplinary in nature and will result in a document equivalent to a publishable periodical journal article or a consultant's report on a particular issue. It will be assessed in accordance with General Regulation Theses and Reports of the School of Graduate Studies.

### 14.5 Courses

- 6001 Fisheries Ecology
- 6002 Quantitative Methods in Fisheries
- 6003 Fisheries Economics
- 6004 Fisheries Policy
- 6005 Fisheries Planning and Development
- 6006 Business Management for Fisheries
- 6007 Evolution of Fisheries
- 6008 Seminar in Fisheries Management

### 15 Regulations Governing the Degree of Master of Maritime Management

**Executive Director**  
G. Blackwood

**Academic Director**  
J. Parsons

### 15.1 Administration

The Master of Maritime Management (MMM) program will be administered by an Academic Director appointed by the Executive Director of the Fisheries and Marine Institute, together with an Academic Advisory Committee.

An Academic Advisory Committee will be appointed by the Dean of Graduate Studies on recommendation of the Executive Director of the Fisheries and Marine Institute. This committee will consist of the Academic Director as Chair, three members from the Marine Institute, one member from the Faculty of Business Administration and one member from another unit of the University. Normally, all appointments will be for a period of three (3) years.

A Technical Advisory Committee, consisting of a cross-section of members with professional expertise related to the maritime sector, will provide regular feedback on program content, instruction, and future direction of the Program. Members of this Committee will be appointed by the Dean of Graduate Studies on recommendation of the Executive Director of the Fisheries and Marine Institute. The Academic Director will be an ex officio member and Chair of the Technical Advisory Committee. Normally all appointments will be for a period of three (3) years.
15.2 Program
The Master of Maritime Management (MMM) is a comprehensive academic program that provides a broad understanding of the structure and operation of organizations and the factors that influence business decisions in the context of maritime-based organizations. It provides a maritime management focus through the development of knowledge and understanding of the nature of technical operations and the factors that have an impact on their success, as well as the ability to apply these concepts within their organizations.

The program is offered online and requires successful completion of either (i) 24 credit hours of course work, including specialized maritime-management courses, courses from the Faculty of Business Administration's Master of Business Administration program, and a comprehensive project and report (6 credit hours), or (ii) 30 credit hours of course work. Candidates will typically register on a part-time basis, but any who register for full time study may complete the program in three semesters.

15.2.1 Admission Requirements
1. Admission to the program is on a competitive basis. To be considered for admission to the program an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:
   a. a Memorial University of Newfoundland Bachelor of Maritime Studies or Bachelor of Technology, or a comparable undergraduate degree with appropriate maritime sector and business management course work; and
   b. an appropriate technical knowledge and relevant marine sector employment experience.
2. The deadlines for submission of applications for candidates wishing to enter studies are as follows:
   Fall (September) semester: June 15
   Winter (January) semester: October 15
   Spring (May) semester: February 15
   Applications received after listed deadlines will be considered as time and resources permit.

15.2.2 Program of Study
1. Candidates for the Master of Maritime Management shall be required to complete a minimum of either:
   a. Twenty-four credit hours of course work and a major project and report (6 credit hours). Course work includes four compulsory core courses (12 credit hours); and four elective courses (12 credit hours). Students on the project route will complete MSTM 6101 Project in Maritime Management (6 credit hours).
   i. Core Courses (Four to be completed):
      BUSI 8104 Organizations: Behaviour and Structure
      BUSI 8209 Leadership and Interpersonal Skills for Managers (Prerequisite: BUSI 8104)
      MSTM 6041 Marine Policy
      MSTM 6042 Business of Shipping/Transportation of Goods
   ii. Elective Courses (Four to be completed: one course from each of Category A and B and two courses from Category C):
      Category A
      BUSI 8106 Marketing
      BUSI 8107 Managing Ethics and Responsibility
      BUSI 8109 Accounting for Management
      BUSI 8204 Human Resource Management (Prerequisite: BUSI 8104)
      Category B
      MSTM 6023 Strategic Planning, Policy, Participation and Management
      MSTM 6034 Project Management
      MSTM 6038 Sustainability and Environmental Responsibility
      Category C
      MSTM 6027 Coastal and Ocean Environmental Policies
      MSTM 6043 Marine Law
      MSTM 6044 Marine Environment Law and Pollution Control
      MSTM 6045 Port Operations and Management
      MSTM 6046 Information Systems in the Marine Environment
      MSTM 6047 Maritime Security and Event Investigation
      MSTM 6048 Emerging Issues in International Marine Transportation
      MSTM 6049 Maritime Risk Analysis and Management
   iii. Project in Technology Management
      MSTM 6100 Project in Technology Management (6 credit hours)
      Students will choose a topic in consultation with the Academic Director and will work independently to carry out an in-depth study of a problem or application within the area of maritime management and fully document and present their findings. Preferably the problem will be directly related to a workplace situation.
   b. Thirty credit hours on a course-based route. Course work includes four compulsory core courses (12 credit hours); and six elective courses (18 credit hours).
   i. Core Courses (Four to be completed):
      BUSI 8104 Organizations: Behaviour and Structure
      BUSI 8209 Leadership and Interpersonal Skills for Managers (Prerequisite: BUSI 8104)
      MSTM 6041 Marine Policy
      MSTM 6042 Business of Shipping/Transportation of Goods
   ii. Elective Courses (Six to be completed: one course from each of Category A and B and four courses from Category C):
      Category A
      BUSI 8106 Marketing
      BUSI 8107 Managing Ethics and Responsibility
      BUSI 8109 Accounting for Management
      BUSI 8204 Human Resource Management (Prerequisite: BUSI 8104)
      Category B
      MSTM 6023 Strategic Planning, Policy, Participation and Management
MSTM 6034 Project Management
MSTM 6039 Sustainability and Environmental Responsibility

15. Regulations Governing the Degree of Master of Music

Professor and Director
E. Waterman

Associate Professor and Associate Director (Graduate Programs and Research)
M. Cheramy

The Degree of Master of Music (M.Mus.) is offered by full-time study, normally commencing in the Fall semester. Three areas of specialization are offered: Conducting, Performance and Performance pedagogy. The specialization of Ethnomusicology is available through the degrees Master of Arts and Doctor of Philosophy. See the section Regulations Governing the Degree of Master of Arts and the section Regulations Governing the Degree of Doctor of Philosophy, respectively.

Within the three broad areas of specialization offered for the M.Mus., there is considerable flexibility available to further focus the program to meet specific interests and needs. These programs offer the musician the tools to make accelerated advances in comprehension, skills and abilities as a performing musician or conductor while offering at the same time, insights and experience into the métier of the musician/entrepreneur in the modern world. The School of Music has forged active partnerships with many of the professional music organizations and institutions within the arts community in the greater St. John’s region which afford an exceptional range of professional experiences to its graduate students. Included among these partners are the Newfoundland Symphony Orchestra, the Canadian Broadcasting Company, Heritage Canada, the Newfoundland and Labrador Arts Council and many others.

Graduate instruction is offered in instrumental and choral conducting, as well as in the following performance media: voice, piano, organ, flute, clarinet, saxophone, oboe, bassoon, trumpet, euphonium, trombone, tuba, percussion, guitar, violin, viola, cello and double bass.

16. Qualifications for Admission

1. Admission regulations and procedures are outlined in the General Regulations Governing the School of Graduate Studies and apply to the Master of Music Degree. Candidates for admission will normally hold a Bachelor of Music Degree with first-class standing from a recognized university. Applicants with other types of preparation should enquire with the School of Music regarding the likelihood of admission. Entrance auditions are normally held in late February or early March.

2. In addition to meeting the requirements above, admission is further determined by audition and diagnostic examinations.

a. Auditions for September entry will be held in February of each year on the St. John’s campus. Where exceptional circumstances prevail and with the approval of the Director, the audition may be submitted as an audio or video recording. The audition program should display a range of performance styles and repertoire. Prospective Candidates should contact the School of Music for details on length of audition and appropriate repertoire. Applicants to the M.Mus. in Conducting program should submit professional quality video recordings of their work with a minimum of two different types of ensembles. These video recordings should include both rehearsals and performances.

b. Candidates for admission will be required to write diagnostic examinations measuring their skills and knowledge in the standard areas of musical literacy. These include music theory and analysis, aural skills, and music history and literature which includes repertoire knowledge in the performance area. Candidates who display deficiencies in any of these areas may still be considered for admission. Once admitted, they will be required to take remedial course work in addition to the required program. Voice and choral conducting applicants will have language competency assessed during the audition. Students admitted in voice and in choral conducting who lack sufficient background in English, German, French and Italian will be required to take remedial undergraduate course work.

16.2 Program of Study

1. All candidates for the Degree of Master of Music will be required to register for courses which combine course work, performance or work-study internships and which can normally be completed over two years by full-time study. Recital requirements as specified within each specific program option are considered as thesis equivalents. Comprehensive examinations are not administered. The normal residency period in Conducting may, in some instances, be reduced through summer and intersession study or through a reduction of the credit requirements based on prior professional experience. Candidates for the Degree are required to complete the core courses in the first year of the program. Principal and secondary applied course credits make up the largest concentration of
program requirements and are intended to be taken over two years. Courses in secondary concentrations and electives make up the balance of the program.

2. All candidates for the M.Mus. Degree must complete 36 credit hours which include MU 6001 and MU 6002.
   a. All candidates in Conducting (Choral Conducting, Instrumental Conducting or Choral/Instrumental Conducting) must also complete the following courses: 6210, 6310, 6100; one of 6006, 6007 or 6008; and a total of six credits chosen from 6211, 7210, 6212, 6213, 6311, 7310, 6312 or 6313. Of the remaining 12 credit hours in electives, and with the approval of the Associate Director for Graduate Studies in the School of Music, 3 credit hours may be from related disciplines.
   b. All candidates in Performance (solo voice, instrument or chamber music) must also complete 645A/B, 745A/B; 6700, 6750; 6005 or 6009; and 4 credits chosen from 646A/B or 6500-6503. Of the remaining 6 credit hours in electives, and with the approval of the Associate Director for Graduate Studies in the School of Music, 3 credit hours may be from related disciplines.
   c. All candidates in Performance/Pedagogy (solo voice or instrument) must also complete 647A/B, 747A/B, 6400, 6600, 6650 and 4 credits chosen from 646A/B or 6500-6503. Of the remaining 6 credit hours in electives, and with the approval of the Associate Director for Graduate Studies in the School of Music, 3 credit hours may be from related disciplines.
   d. Further courses may be required depending on the background of the individual student.

16.3 Evaluation
The General Regulations on evaluation, continuance and termination of studies of the School of Graduate Studies pertain to the Master of Music Degree. In addition, failure to receive a grade of 75% or higher in any of Music 645A/B, Music 745A/B, Music 647A/B, Music 747A/B, Music 6211, Music 6311, Music 7210 or Music 7310 will lead to termination of the student’s program.

16.4 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the School will allow.

Core Courses
6001 Research Methods
6002 Graduate Seminar

Applied Courses
6210 Instrumental Conducting I
6211 Instrumental Conducting II
6212 Instrumental Conducting Internship I (1 to 3 credit hours)
6213 Instrumental Conducting Internship II (1 to 3 credit hours)
6310 Choral Conducting I
6311 Choral Conducting II
6312 Choral Conducting Internship I (1 to 3 credit hours)
6313 Choral Conducting Internship II (1 to 3 credit hours)
6400 Music Pedagogy
645A/B Principal Applied Study I (6 credit hours)
645A/B Secondary Principal Applied Study (4 credit hours)
647A/B Principal Applied Study I (6 credit hours)
6500 Chamber Music (2 credit hours per semester. Maximum: 8 credit hours)
6501 Chamber Music (3 credit hours per semester. Maximum: 12 credit hours)
6502 Opera Performance (2 credit hours)
6503 Opera Performance (3 credit hours)
6510 Seminar in Performance Issues
6551 Pedagogy Internship II (2 credit hours)
7210 Instrumental Conducting III
7310 Choral Conducting III
745A/B Principal Applied Study II (6 credit hours)
747A/B Principal Applied Study II (6 credit hours)

Complementary Courses and Electives
6005 Performance Practice
6006 Instrumental Ensemble Repertoire
6007 Choral Repertoire
6008 Orchestral Repertoire
6009 Music Literature
6100 Score Study and Analysis
6600 Pedagogy Seminar
6650 Pedagogy Internship I (2 credit hours)
6700 Music Industries Seminar
17 Regulations Governing the Degree of Master of Nursing

Professor and Director
J. McFetridge-Durdle

Professor and Associate Director (Graduate Program and Research)
S. Solberg

17.1 Program
1. The responsibility for the administration of all graduate programs shall reside with the Dean of Graduate Studies.
2. Applicants for the program shall be required to apply for admission to the Dean of the School of Graduate Studies and shall be expected to follow the regulations, policies and practices required of the School. Deadline for receipt of applications should be no later than February 15. If space is available, students who apply after the deadline date may be accepted.
3. The School of Nursing offers a Master of Nursing (M.N.) program with three options: (thesis, non-thesis and nurse practitioner) as well as a Post Masters Nurse Practitioner Graduate Diploma.

17.2 Qualifications for Admission
1. Applicants to the Master of Nursing program in any of the three options listed above must have a baccalaureate Degree in nursing, or an equivalent from an institution recognized by the University and a knowledge of nursing satisfactory to the School of Nursing.
2. Admission to the program is limited and competitive. To be considered for admission, the applicant must have maintained at least a grade B standing in the baccalaureate program.
3. Applicants are also required to have a minimum of one year's experience in nursing practice, and to have completed an undergraduate nursing research course, and a statistics course normally within the last 5 years such as Statistics 2500 or Education 2900 or their equivalents.
4. Applicants must hold a practising licence from the Association of Registered Nurses of Newfoundland and Labrador or must be currently registered as a practising nurse in another Canadian jurisdiction. Applicants from other countries who do not meet the above criteria will be assessed on an individual basis. However, they must submit proof of registration as a practising nurse (or an equivalency) from their country or jurisdiction.
5. In addition to the above requirements, candidates seeking admission to the MN-Nurse Practitioner Degree option must have two years of clinical experience preferably in their chosen specialty area. As well, candidates must have a letter from a health care agency and a clinical preceptor guaranteeing the candidate a preceptored clinical placement for the final semester of their program.
6. In addition to requirements 1 and 4, candidates seeking admission to the Post Masters Nurse Practitioner Graduate Diploma program must have completed a Masters Degree in Nursing or an equivalent degree with a nursing focus and have two years of clinical nursing experience preferably in their chosen specialty area. As well, candidates must have a letter from a health care agency and clinical preceptor guaranteeing the candidate a preceptored clinical placement for the final semester of their program.
7. Only in exceptional circumstances and only on the recommendation of the School of Nursing shall the Dean of Graduate Studies consider applicants who do not meet admission requirements listed above.

17.3 Registration
See School of Graduate Studies General Regulations, Registration.

17.4 Programs of Study
There are three routes offered that lead to a Master of Nursing Degree: 1. Thesis option, 2. Non-thesis option, and 3. Nurse Practitioner option. Normally the program will require two years to complete when taken on a full-time basis.

In addition to the M.N. Degree program, the School of Nursing also offers a Post Masters Nurse Practitioner Graduate Diploma.

17.4.1 Thesis Option
1. Candidates must complete an approved program of study consisting of a minimum of 19 credit hours in graduate program courses and a thesis.

   Required courses:
   6010 Research in Nursing I: Quantitative Methods
   6011 Philosophical and Theoretical Foundations of Nursing
   6100 Research in Nursing II: Qualitative Methods
   Either 6200 Nursing Individuals and Families through Life Transitions, and N6210 Nursing Therapeutics for Individuals and Families
   OR 6220 Concepts for Population-based Nursing, and 6230 Interventions for Population-based Nursing
   One nursing elective

2. Candidates shall submit a thesis on an approved subject on which systematic research has been conducted under the direction of a Supervisor recommended by the Director and approved by the Dean.
3. The program of each candidate shall be approved by the Dean on the recommendation of the Director.

17.4.2 Non-Thesis Option
1. Candidates must complete an approved program of study consisting of a minimum of 28 credit hours in graduate program courses and 6 credit hours in a consolidated practicum.

   Required courses:
   6010 Research in Nursing I: Quantitative Methods
17.4.3 Nurse Practitioner Option

1. Candidates must complete an approved program of studies consisting of a minimum of 32 credit hours in graduate program courses and an integrated clinical practice experience, comprising 15 credit hours.

Required courses:
- 6010 Research in Nursing I: Quantitative Methods
- 6011 Philosophical and Theoretical Foundations of Nursing
- 6020 Program Development in Nursing
- 6200 Nursing Individuals and Families through Life Transitions and 6210 Nursing Therapeutics for Individuals and Families
- 6700 Clinical Decision Making (6 credit hours)
- 6701 Advanced Practice Issues and Role Development (2 credit hours)
- 6702 Advanced Clinical Practicum I (96 hours of clinical practice in various health care settings) (3 credit hours)
- One of: 6800 to 6809 Nursing Specialty Option Courses (3 credit hours)
- 690X Advanced Clinical Practicum II (The integrated practice component will normally consist of a minimum of 500 hours of preceptored specialty clinical practice and biweekly seminars) (15 credit hours)

2. The program of each candidate shall be approved by the Dean on the recommendation of the Director.

17.4.4 Post Masters Nurse Practitioner Graduate Diploma

1. Candidates with a Master's Degree in Nursing or an equivalent Degree with a nursing focus must complete an approved program of study consisting of a minimum of 14 credit hours in graduate program courses and integrated clinical practice experience, comprising 15 credit hours.

Required courses:
- 6700 Clinical Decision Making (6 credit hours)
- 6701 Advanced Practice Issues and Role Development (2 credit hours)
- 6702 Advanced Clinical Practicum I (96 hours of clinical practice in various health care settings) (3 credit hours)
- One of: 6800 to 6809 Nursing Specialty Option Courses (3 credit hours)
- 690X Advanced Clinical Practicum II (The integrated practice component will normally consist of a minimum of 500 hours of preceptored specialty clinical practice and biweekly seminars) (15 credit hours)

2. Programs for some candidates may exceed the above minimum requirements.

3. The program for each candidate shall be approved by the Dean on the recommendation of the Director.

17.5 Evaluation

1. In order to continue in graduate studies and in order to qualify for a Master's Degree, a candidate shall obtain an A or B grade in each program course.

2. If the candidate is in the Non-thesis Option, the candidate must obtain a Pass grade for the practicum component of the program.

3. When the Director of the School of Nursing has determined on the basis of consultation with the candidate, the Associate Director, Graduate Program and Research, and the thesis or practicum Supervisor, that a candidate has fallen below a satisfactory level, the Director may recommend to the Dean that such a candidate be required to withdraw from the program.

4. To remain in good standing candidates are required to maintain professional behaviour consistent with the current Code of Ethics of the Canadian Nurses Association and, when applicable, the Tri-Council Policy Statement: Ethical Conduct for Research Involving Humans. Candidates who fail to meet this requirement will be required to withdraw from the School of Nursing upon recommendation of the Graduate Studies Committee.

17.6 Thesis

See School of Graduate Studies General Regulations, Theses and Reports.

17.7 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the School of Nursing will allow:

- 6010 Research in Nursing I: Quantitative Methods (4 credit hours)
- 6011 Philosophical and Theoretical Foundations of Nursing (3 credit hours)
- 6020 Program Development in Nursing (3 credits hours) (Pre or co-requisite: 6011)
- 6031 Education in Nursing (3 credit hours) (Not required by students who have completed 6030. Credit may not be obtained for both
18 Regulations Governing the Degree of Master of Philosophy

Programs leading to the Degree of Master of Philosophy (M.Phil.) are offered at present in German Language and Literature, Humanities, and in Sociology.

18.1 Qualifications for Admission

1. Admission is limited and competitive. To be considered for admission an applicant shall hold a Bachelor's Degree or its equivalent from an institution recognized by the Senate and shall have a knowledge of his or her proposed field of specialization satisfactory to the Department(s) concerned when interdisciplinary study is intended or to the Board of Studies in the case of the program in Humanities, and to the Dean.

2. Preference will normally be given to applicants who hold an appropriate Honours Degree either from Memorial University of Newfoundland, or from another university whose Honours Degree is of comparable standing. Any other applicant who holds a Bachelor's Degree or its equivalent will be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least grade B in courses in the proposed field of specialization.
   b. the applicant's overall undergraduate record after the first year shows an average of at least grade B in all courses taken, and
   c. the Department or Board of Studies satisfies the Dean that the applicant's work exhibits evidence of academic excellence. Only in exceptional circumstances, and only on the recommendation of the Department or the Board of Studies, will the Dean consider applicants who do not meet the requirements a. and b. Such applicants, however, must meet the requirement c.

3. An applicant may be required to demonstrate a satisfactory knowledge of the proposed field of study in an examination administered by the Department(s), or Board of Studies.

4. Applicants whose mother tongue is not English are reminded that a high degree of literacy in English is required of students at the University. In most cases instruction is in English, and examinations are to be written in English. (Language departments, however, give instruction in the pertinent language and often require examinations to be written in that language. In addition, other departments may permit and even require examinations to be written in a language other than English).

5. An applicant may be required to pass a qualifying examination.

Note: Some Departments have particular regulations in addition to these, and applicants are advised to turn to the relevant parts of this Calendar and acquaint themselves with both the General Regulations and the regulations of the program in which they are interested.

18.2 Program of Study

1. Every candidate shall read at least 30 credit hours in program courses in one subject or in a combination of closely related subjects as recommended by the Department(s) or Board of Studies, and approved by the Dean.

2. A candidate may be required also to take additional credit hours in program courses, which must be recommended by the Department(s) or Board of Studies, and approved by the Dean.

3. Students registered in the program in Humanities will be required to maintain and submit for evaluation a program Journal (See Program of Study, 3. of the Regulations for the Degree of Master of Philosophy in Humanities).

4. No candidate while classified as a part-time student may take more than 6 credit hours in any one semester.

5. No candidate may take more than 9 credit hours in graduate courses in a single semester, nor any credit hours in undergraduate courses at the same time as 9 credit hours in graduate courses; in no case may graduate and undergraduate credit hours combined exceed 12 in any one semester.

6. The course program will culminate in a general comprehensive examination (see Evaluation - General Comprehensive Examination below).

7. Every candidate shall be assigned to a tutor recommended by the Department(s) or Board of Studies and approved by the Dean.

8. The Dean may approve an application to transfer from the M.Phil. to the M.A. only when a new integrated program, acceptable to the Dean, is submitted.
18.3 Period of Study
The period of study for the Master of Philosophy Degree shall not normally exceed three years, during which time the candidate shall spend at least two semesters in full-time attendance as a graduate student at this University.

18.4 Evaluation
See also Evaluation under General Regulations
1. Students registered in undergraduate courses shall satisfy examination requirements in these courses.
2. The academic requirements for the Degree of Master of Philosophy shall be met when the candidate has successfully completed all course requirements of the program and has passed a general examination which consists of both written and oral parts. The Dean, on the recommendation of the Department(s) or Board of Studies, shall determine the times and places for general examinations; and, on the recommendation of the Department(s) or Board of Studies, shall appoint examiners, one of whom shall be from outside the Department(s) concerned. In the M.Phil. in Humanities, a program Journal is also required.

18.5 Evaluation - General Comprehensive Examination
1. Each candidate must pass a general comprehensive examination.
2. The examination committee shall be appointed by the Dean on the recommendation of the Department(s) or Board of Studies. The committee shall consist of either three or five members, at least one of whom must come from outside the Department(s) concerned. The candidate shall be informed of the names of the committee well before the examination.
3. The candidate and the tutor will normally agree when the candidate may sit the general comprehensive examination. However, the Department(s) or Board of Studies must accede to the candidate's request to sit a comprehensive examination, except that in no circumstances may a candidate attempt the general comprehensive examination before his or her course program is completed.
4. The schedule for the examination shall be agreed by the candidate, the tutor, and the examining committee, and shall be promulgated by the Dean.
5. The examination shall consist of a written part and an oral part. The time between the written and the oral parts shall normally be from one to four weeks.
6. The oral examination shall be from one to three hours in length, and shall be conducted by the examining committee, and shall be open to the examination committee and to members of the Department(s) or Board of Studies only.
7. A candidate must satisfy the examining committee in both parts of the examination to obtain a pass.
8. The successful completion of the comprehensive examination is the final academic requirement for the Master of Philosophy Degree.

18.6 Departmental Regulations
Every candidate in a graduate program shall comply with any additional program requirements and with the General Regulations.

18.7 German
Associate Professor and Head of the Department
E. Warkentin

18.7.1 Program of Study
The degrees of Master of Arts and Master of Philosophy are offered in German Language and Literature and may be taken by full-time or part-time study. No graduate work is offered in Russian at this time.
1. In addition to the general requirements, candidates will be expected to have acquired a superior knowledge of the spoken and written language and may, depending on their academic background and field of specialization, be asked to take advanced undergraduate courses.
2. All candidates will complete at least 15 credit hours and a thesis for the M.A. and at least 30 credit hours for the M.Phil., and the entire program of study and research will normally be of two-years' duration.

18.7.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.
6000 German Civilization I
6001 German Civilization II
6100 History of the German Language I
6101 History of the German Language II
6200 Medieval German Literature I
6201 Medieval German Literature II
6300 German Literature, 1500-1700 I
6301 German Literature, 1500-1700 II
6400 German Literature of the Enlightenment and Storm and Stress I
6401 German Literature of the Enlightenment and Storm and Stress II
6500 German Classicism I
6501 German Classicism II
6600 German Romanticism I
6601 German Romanticism II
6700 German Realism I
6701 German Realism II
6800 German Literature, 1880-1933 I
6801 German Literature, 1880-1933 II
6900 Contemporary German Literature I
6901 Contemporary German Literature I
7000 Special Subject or Author I

Kurse
Von den hier aufgeführten Kursen für Graduierte wird jeweils eine Auswahl angeboten, die sowohl den Anforderungen des Studierenden wie den Möglichkeiten der Abteilung gerecht wird.

18.8 Humanities
Assistant Professor and Director, Board of Studies
J. Dyer

The Master of Philosophy in Humanities has been designed for students from any discipline. It is directed to students who hold an Honours bachelor's Degree or its equivalent. The object of the M.Phil. in Humanities program is to provide students with an opportunity to see the historical and logical context of their own disciplinary points of view. The program is based on the interaction of a group of students of varying backgrounds and interests studying a common core of texts in a shared set of courses.

The program draws scholarly participation from faculty members in a range of academic disciplines within the School of Graduate Studies. The program is administered by a Board of Studies with membership appointed by the Dean of Arts, chosen from the participating faculty.

Master of Philosophy
In addition to meeting these regulations students must also meet the General Regulations Governing the Degree of Master of Philosophy.

This program is offered by the Faculty of Arts, and will draw scholarly participation chosen from those appropriately qualified faculty members wishing to participate, regardless of Department or Faculty affiliation.

18.8.1 Qualifications for Admission
1. Admission is limited and competitive. The number of students admitted to the program will be strictly limited to ensure small classes and maximum student-faculty contact. To be considered for admission an applicant will normally hold an Honours Bachelor's Degree (or equivalent) from an institution recognized by the Senate, and will have a breadth of knowledge in one or more of the Humanities disciplines satisfactory to the Board of Studies, and to the Dean.

2. Applicants who do not hold an Honours Degree (or equivalent) will be required to complete, prior to admission, a number of undergraduate courses, the nature and number of which will be determined on the basis of the applicants' undergraduate record by the Director of Studies in consultation with the Board of Studies. Candidates will be required to complete such designated pre-admission courses with a minimum overall average of 70%.

18.8.2 Administration
1. The program will be administered by a Board of Studies, the members of which will be appointed by the Dean of Arts chosen from the participating faculty.
2. There will be a Director of Studies who will be an ex officio of the Board of Studies and will make recommendations to the Dean concerning admission, financial support for students, and all other matters pertaining to the program.
3. Responsibility for the allocation of teaching and the support of related research will be managed by agreement between the Deans
of the appropriate Faculties, the Heads of Departments of participating faculty members, and the Director of Studies, in consultation with the Dean of Graduate Studies.

4. The Board of Studies will be empowered to secure external grant funding where appropriate, and to manage all related administrative and financial matters as necessary.

18.8.3 Program of Study
1. Every candidate shall normally read 30 credit hours in the 10 regulation courses listed below.
2. With permission of the Director of Studies, a candidate may elect to substitute up to two of these courses with courses from other graduate programs in this University. Attendance in other programs requires the permission of the departments involved. (See also School of Graduate Studies General Regulation Program Requirements, Transfer of Course Credits which allows for further transfer of credits already taken but not yet applied to a graduate degree.)
3. Every candidate shall be required to maintain and submit a program Journal which will be monitored and evaluated by the Board of Studies. The Journal will comprise the candidate's critical reflections arising out of analyses of designated key themes common to the several disciplines which constitute the program.

18.8.4 Comprehensive Examination
1. Each candidate must pass a general comprehensive examination.
2. The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Board of Studies. The Committee shall normally consist of three members. One member of the Committee is normally the tutor. The candidate shall be informed of the names of the committee well before the examination.
3. The candidate and the tutor will normally agree when the candidate may sit the general comprehensive examination. However, the Board of Studies must accede to the candidate's request to sit a comprehensive examination, except that in no circumstances may a candidate attempt the general comprehensive examination before his or her course program is completed.
4. The schedule for the examination shall be agreed by the candidate, the tutor, and the Examining Committee, and shall be promulgated by the Dean.
5. The examination shall consist of a written part and an oral part. The time between the written and the oral parts shall normally be from one to four weeks.
6. The program journal is an extended paper or series of linked papers which analyses and reflects critically on issues encountered by the candidate during the course of the program. Papers and/or projects completed during courses may be incorporated into the program journal, but shall not, of themselves, constitute the entire journal.
7. The oral examination shall be from one to three hours in length, shall be conducted by the Examining Committee, and shall be open only to the Examination Committee, members of the Board of Studies and members of the Departments concerned.
8. A candidate must satisfy the Examining Committee in both parts of the examination to obtain a pass.
9. The successful completion of the comprehensive examination is the final academic requirement for the Master of Philosophy Degree.

18.8.5 Courses
- 6000 Speaking and Writing I
- 6001 Speaking and Writing II
- 6010 Readings in History I
- 6011 Readings in History II
- 6020 Readings in Western Literature I
- 6021 Readings in Western Literature II
- 6030 Readings in Philosophy I
- 6031 Readings in Philosophy II
- 6040 Readings in Science and Technology
- 6041 Seminar in Humanities

18.9 Sociology
Associate Professor and Head of the Department
A. Micucci

18.9.1 Program of Study
1. Minimum admission requirements are a B average in undergraduate studies with a good undergraduate record in Sociology.
2. The Master of Philosophy requires the completion of 30 credit hours including the Graduate Seminar (6880) and Methods (6040). Other courses will be selected in consultation with the Chair of the Department's Graduate Studies Committee.

18.9.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:
- 6040 Methods of Sociological Research
- 6090-94 Special Area in Sociology
- 6120 Social Organization
- 6130 Social Stratification
- 6140 The Community
- 6150 Social Theory
- 6160 Theory Construction and Explanation in Sociology
- 6240 Sociology in Medicine
- 6280 Social and Economic Development
- 6300 Maritime Sociology
- 6310 Political Sociology
- 6320 Gender and Society
The Degree of Master of Physical Education (M.P.E.) is offered by full-time and part-time study. Part-time study is available through Internet-based distance education technology.

19.1 Qualifications for Admission

1. Admission is limited and competitive. The deadline for receipt of applications is March 1 for admission into the subsequent Fall semester. To be considered for admission an applicant shall normally hold a Bachelor's Degree in Physical Education, Recreation and Leisure Studies or a related discipline, with at least second class standing, from an institution recognized by Senate. In addition to the above, preference will be given to applicants with work experience, obtained either through Cooperative Education programs or through employment deemed appropriate.

2. Any other applicant who holds a Bachelor of Physical Education or Recreation and Leisure Studies Degree or its equivalent may be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least grade B in physical education and/or recreation and leisure studies courses, OR
   b. the applicant has raised his/her overall academic standing to second class following the completion of the undergraduate degree, through the successful completion of an approved pattern of undergraduate courses.

3. Only in exceptional circumstances and only on the recommendation of the School of Human Kinetics and Recreation shall the Dean of Graduate Studies consider applicants who do not meet these admission requirements.

19.2 Program of Study and Research

1. The Degree of Master of Physical Education is offered under three options:

   Option I. The program shall consist of a minimum of 15 credit hours in graduate courses plus a thesis. The thesis shall be on an approved subject in which systematic research has been conducted by the candidate under the direction of the Supervisor.

   Option II. The program shall consist of a minimum of 15 credit hours in graduate courses plus a project report. The project shall be on an approved subject in which action-research has been conducted by the candidate under the direction of the Supervisor.

   Option III. The program shall consist of a minimum of 24 credit hours in graduate courses plus a comprehensive examination in the candidate's major area of study.

2. The candidate's major area of study shall be Administration, Curriculum and Supervision in Physical Education.

   In conjunction and collaboration with other Faculties and Schools of Memorial University of Newfoundland, students may pursue their special interests through an interdisciplinary course of study. The student's interests may be accommodated through independent reading and research in these special areas.

3. The required courses for the degree shall normally include:

   Option I: HKR 6500, one of 6000 or 6001, 6120, plus two of 6003, 6111, 6121, 6122, 6123, 6124, 6125, 6610-6615 (plus thesis)

   Option II: HKR 6500, one of 6000 or 6001, 6120, plus 2 of 6003, 6111, 6121, 6122, 6123, 6124, 6125, 6610-6615 (plus project)

   Option III: HKR 6500, one of 6000 or 6001, 6120, plus 24 of 6003, 6111, 6121, 6122, 6123, 6124, 6125, 6610-6615 (plus comprehensive examination)

   Equivalent courses may be substituted from other Faculties or Schools subject to the approval of the School of Human Kinetics and Recreation Graduate Studies Committee. In addition, all on-campus candidates shall be required to complete four semester-length seminar courses (HKR 6510-6513). Off-campus or part-time candidates who cannot attend the on-campus seminar series can substitute 24 hours of participation (over their two year tenure) and present once at national, provincial or regional conferences, workshops, professional development seminars or equivalent activities.

19.3 Evaluation

1. Candidates must obtain an A or B grade in each program course. In accordance with General Regulation Evaluation, Evaluation of Graduate Students only one course may be repeated.

2. When the Director has determined, on the basis of consultation with the candidate and the instructors, that a candidate's work has fallen below a satisfactory level, he or she may recommend to the Dean of Graduate Studies that the candidate be required to withdraw from the program.

19.4 Thesis and Project Report

1. Evaluation of the thesis or project report shall be governed by Graduate Studies General Regulation Theses and Reports. The thesis or project report shall normally be evaluated by two examiners approved by the Dean.

2. When the thesis or project report has been completed to the satisfaction of the Dean, the Dean shall recommend that the candidate be awarded the degree.

19.5 Comprehensive Examinations

1. Candidates electing to qualify for the Degree under Option III must write a comprehensive examination. The comprehensive examination shall examine the candidate's ability to integrate and apply material from all course work completed during study for the
Degree. The candidate may be required to appear for an oral examination.

2. The comprehensive examination shall normally be constructed and evaluated by an examining committee of three examiners, at least two of whom shall be faculty members of the School of Human Kinetics and Recreation appointed by the Dean on the recommendation of the Director of the School.

3. A candidate may not write the examination before completing the course work for the Degree.

Note: Every candidate in graduate studies shall comply with the General Regulations, the Degree Regulations and any additional requirements of the Department.

19.6 Courses

6000 Quantitative Methods in Physical Education
6001 Qualitative Research Methods in Physical Education
6002 Scientific and Cultural Foundations of Physical Education
6003 Physical Education, Culture and Society
6110 Physical Education, Recreation and Sport Management
6111 Canadian Delivery Systems in Physical Education, Recreation and Sport
6120 Curriculum Development in Physical Education
6121 Physical Education Leadership
6122 Comprehensive School Health
6123 Coaching and Long-term Athlete Development in the Education System
6124 Adapted Physical Activity for Persons with Physical and Intellectual Disabilities
6125 Evaluation and Testing in Physical Education
6130 Computer Applications in Physical Education
6410 Sport and Society
6420 History of Physical Education and Sport
6500 Introduction to Research in Physical Education
6600 Contemporary Issues and Trends in Physical Education
6510-6513 Graduate Seminar Series (non-credit)
6610-15 Individual Reading and Research in Special Areas

20 Regulations Governing the Degree of Master of Public Health

Professor and Dean
J. Rourke

Professor and Associate Dean
P. Moody-Corbett

Professor and Assistant Dean
D. McKay

The degree of Master of Public Health (M.P.H.) is offered by the Faculty of Medicine, with specializations in Population and Public Health and Nutrition and Dietetics.

The Population and Public Health specialization delivers an advanced program of study for students from various academic fields who are interested in a professional degree that will prepare them for practical work in a variety of public health practice settings. The program is available for full-time and part-time study noting that full-time attendance is required during the Public Health Practicum (or Public Health Capstone Research Project) portion of the program. It is anticipated that full-time students will complete the program in 12 months in accordance with Table I - Master of Public Health Recommended Course Sequence for Full-Time Students in the Population and Public Health Specialization.

The Nutrition and Dietetics specialization provides a research enriched program of study for full-time students who wish to pursue a career in dietetics or community nutrition. This specialization offers an opportunity for advanced academic study in the field of public health. Upon completion of the program, which includes a dietetics internship, students will be eligible to write the qualifying exam of Dietitians of Canada. It is anticipated that full-time students will complete the program in 24 months in accordance with Table II - Master of Public Health Recommended Course Sequence for Full-Time Students in the Nutrition and Dietetics Specialization. The General Regulations of the School of Graduate Studies and the Degree Regulations outlined below will apply.

20.1 Qualifications for Admission

Admission to the Master of Public Health is limited and competitive. The regulations and procedures for admission are as given under the General Regulations of the School of Graduate Studies governing Master’s degrees. In addition, to be considered for admission to the Nutrition and Dietetics specialization applicants must have successfully completed an undergraduate dietetics program accredited by Dietitians of Canada as indicated at www.dietitians.ca.

20.2 Program of Study

20.2.1 Population and Public Health

1. Minimum requirements for the M.P.H. degree in Population and Public Health will include the successful completion of 42 credit hours as follows:

   a. Eight core courses: Public Health Leadership and Management (MED 6725), Epidemiology I (MED 6270), Policy and Decision Making (MED 6288), Communicable Disease Prevention and Control (MED 6724), Biostatistics I (MED 6200), Health Promotion (MED 6723), Environmental Health (MED 6722) and Disease and Injury Prevention (MED 6721).
   
   b. Six additional credit hours in elective courses chosen from the Courses listing below, or other courses as approved by the M.P.H. program coordinator.
   
   c. The Public Health Seminar Series courses (MED 6700 - 6701).
   
   d. Either, the Public Health Practicum (MED 6710) or the Public Health Capstone Research Project (MED 6711) as determined by the Graduate Program Committee depending on the professional background and experience of the candidate.

The Public Health Practicum is a full-time practice experience conducted in a work setting and following the guidelines set forth
by the Public Health Agency of Canada (PHAC) at www.phac-aspc.gc.ca/index-eng.php.
All course work must be completed prior to the initiation of either the Public Health Practicum or the Public Health Capstone Research Project.

20.2.2 Nutrition and Dietetics

1. Minimum requirements for the M.P.H. degree in Nutrition and Dietetics will include the successful completion of the following:
   a. Six core courses: Public Health Leadership and Management (MED 6725), Epidemiology I (MED 6270), Community Health Research Methods (MED 6280), Biostatistics I (MED 6200), Community Nutrition (MED 6731), Professional Practice (MED 6730)
   b. The Public Health Seminar Series courses (MED 6700 - 6701)
   c. The Dietetics Research Project (MED 671A/B)
   d. The Dietetics Internship (MED 6733 - 6736). The Dietetics Internship is a practice experience conducted in a work setting and following the guidelines set forth by the Dietitians of Canada.

   Dietetics Internship I & II (MED 6733 & 6734) are non-credit, mandatory, part-time internship components completed during the first and second academic semesters of the program in accordance with Table II - Master of Public Health Recommended Course Sequence for Full-Time Students in the Nutrition and Dietetics Specialization. A grade of NC (No credit) will be awarded for these two internship components.

   Building on the components of Dietetics Internship I & II, Dietetics Internship III & IV (MED 6735 & 6736) are full-time internship blocks each of which will normally extend beyond the regular semester timeframe. Evaluation of the internship blocks will be on a PASS/FAIL basis.

   All core courses and seminars must be completed prior to the initiation of the Dietetics Internship III (MED 6735) and/or the Dietetics Research Project (MED 671A/B).

20.3 Courses

A selection of the following graduate courses shall be offered to meet the requirements of candidates, as far as the resources of the Faculty allow:
6102 Critical Theory in Health and Society
6200 Biostatistics I
6220 Introduction to Community Health
6247 Chronic Disease Epidemiology
6250 Basic Clinical Epidemiology
6270 Epidemiology I
21 Regulations Governing the Degree of Master of Science

Professor and Dean
M. Abrahams

Professor and Associate Dean (Graduate and Research)
M. Courage

The degree of Master of Science (M.Sc.) is offered at present in Aquaculture, Biochemistry, Biology, Chemistry, Cognitive and Behavioural Ecology, Computational Science, Computational Science (Co-operative), Computer Science, Earth Sciences (Geology), Earth Sciences (Geophysics), Environmental Science, Experimental Psychology, Food Science, Geography, Instrumental Analysis, Marine Biology, Mathematics, Physical Oceanography, Physics, Statistics. Interdisciplinary studies are encouraged; applicants should consult the academic unit concerned.

21.1 Qualifications for Admission

1. Admission is limited and competitive. To be considered for admission an applicant will normally hold at least a high second class Honours Degree, or an M.D. Degree, or the equivalent of either, both in achievement and depth of study, from an institution recognized by the Senate, and shall have knowledge of the proposed field of specialization satisfactory to the Dean.

2. Any other applicant may be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least Grade B in courses in the proposed field of specialization.
   b. the applicant's overall undergraduate record after the first year shows an average of at least Grade B in all courses taken.

   In addition, an applicant may be required to demonstrate a satisfactory knowledge of the proposed field of study in an examination administered by the academic unit concerned.

3. Only in exceptional circumstances, and only on the recommendation of the academic unit concerned, will the Dean consider applicants who do not meet these requirements of Clause 2.

4. Applicants who do not possess the prerequisite academic qualifications should consult the appropriate academic unit about a program of further undergraduate courses. Such a program will be intended to raise their qualifications to a level considered academically equivalent to Honours. Such courses may not be used to fulfill the regulation course requirements of the M.Sc. Degree.

5. A high degree of literacy in English is required of all graduate students in the University.

Note: Some Departments have specific regulations in addition to those outlined above, and prospective applicants are advised to turn to the relevant part of this Calendar and acquaint themselves with the regulations of the Department or appropriate academic unit in which they are interested.

21.2 Program of Study and Research

1. The program of study for the Master of Science Degree shall consist of the successful completion of a program of courses and, in accordance with the specific program regulations, either of a thesis embodying original research or of a project and report.

2. Every candidate shall read at least 6 credit hours in graduate program courses in one subject or in closely related subjects, and such other courses as may be required in an individual program. Undergraduate courses may, if necessary, be included as additional courses.

3. Where Departmental regulations require more than the minimum number of credit hours, the Dean, on the recommendation of the appropriate academic unit, may waive in part the credit hour requirements for a Master's Degree, provided that no student may take less than the 6 required credit hours in graduate program courses.

4. Students may, with the approval of the Dean, augment their studies with 6 credit hours in other courses of their choice. The grading system in non-program courses shall be that appropriate to the particular course, and the final grades in these courses will be recorded on the student's transcripts. However, passing grades are not required in these non-program courses in order to continue in graduate studies or obtain a Master's Degree. (See General Regulation Evaluation, Evaluation of Graduate Students).

5. Every candidate shall submit a thesis or report on an approved subject in which systematic research has been conducted under the direction of a Supervisor recommended by the academic unit concerned and approved by the Dean. The candidate may be required to take an oral examination.

6. The program of courses, the thesis or report topic and the Supervisor, and all changes in these, must be approved by the Dean.
21.3 Evaluation

1. In order to continue in the School of Graduate Studies and in order to qualify for a Master's Degree, a candidate shall obtain an A or B grade in each program course. (See General Regulation Evaluation, Evaluation of Graduate Students).

2. When it has been determined, on the basis of consultation with the candidate, the instructors in graduate courses, and the thesis or report Supervisor, that a candidate's work has fallen below a satisfactory level, the Supervisor or the Head of the appropriate academic unit may recommend to the Dean that such a candidate be required to withdraw from the program.

21.4 Thesis

See General Regulation Theses and Reports

Note: Every candidate in graduate studies shall comply with the General Regulations, the Degree Regulations and any additional requirements of the appropriate academic unit.

21.5 Aquaculture

Administrative Committee

Mr. C. Couturier, Fisheries and Marine Institute - Chair
Dr. K. Gamperl, Ocean Sciences Centre
Dr. L. Hallyard, Fisheries and Marine Institute
Dr. C. Parrish, Ocean Sciences Centre
Dr. F. Shahidi, Department of Biochemistry

The program of study leading to the Master of Science in Aquaculture is designed to instruct students in research using scientific principles derived from a wide range of disciplines including Biology, Biochemistry and Food Science. Research problems may involve field and laboratory studies on various marine and freshwater flora and fauna. The Aquaculture group consists of faculty members from the Fisheries and Marine Institute of Memorial University of Newfoundland, the Ocean Sciences Centre (OSC), and the Departments of Biology and Biochemistry of Memorial University of Newfoundland.

The Aquaculture Administrative Committee is responsible for the program. This Committee is composed of five appointed members, two from the OSC, two from the Fisheries and Marine Institute of Memorial University of Newfoundland, and one member from an appropriate academic unit at Memorial University of Newfoundland. In addition, the Heads of the Departments of Biochemistry and Biology, the Director of the OSC and the Head of the School of Fisheries of the Fisheries and Marine Institute of Memorial University of Newfoundland are ex-officio members. The Committee is appointed by the Dean of Graduate Studies on the recommendation of the appropriate Heads and Directors. The Committee makes recommendations to the Dean of the School of Graduate Studies concerning the academic requirements of the program: admission, course programs of individual students, financial support, composition of supervisory committees, and theses examiners. The Chair of the Committee will also ensure that a supervisory report form for each student in the program is submitted annually to the Dean.

21.5.1 Qualifications for Admission

To be considered for admission to the Master of Science in Aquaculture, an applicant shall normally hold one of the following: at least a second class Honours degree, or an equivalent both in achievement and depth of study, from an institution recognized by the Senate, or successful completion of the Diploma in Aquaculture offered by the Fisheries and Marine Institute of Memorial University of Newfoundland, with academic standing deemed appropriate by the Committee.

21.5.2 Program of Study

1. The Master of Science Degree requires the successful completion of a program of courses and of a thesis embodying original research.

2. All candidates will be required to take 6 credit hours in graduate courses which will normally be Aquaculture 6000 - Shellfish Culture and Enhancement, and Aquaculture 6100 - Finfish Aquaculture.

3. Candidates who do not hold the Diploma in Aquaculture will be required to complete successfully a selection of its component courses.

4. Further courses may be required depending on the background of the individual student.

5. Once in the program, M.Sc. students must achieve a minimum grade of 65% in all required courses.

6. Before the thesis is submitted, the student shall present an open seminar on the topic of investigation to the appropriate academic unit.

7. The student will be required to comply with all other regulations governing the graduate Degree of Master of Science.

21.5.3 Courses

6000 Shellfish Culture and Enhancement
6100 Finfish Aquaculture
6200 Aquaculture and the Environment
6201-6209 Special Topics in Aquaculture (Prerequisite: Permission of Chair of Program)

Note: Consult the Program for a list of titles and information regarding availability.

21.6 Biochemistry

Professor and Head of the Department
M. Milligan

21.6.1 Program of Study

The Degree of Master of Science is offered in Biochemistry or Food Science to full-time and part-time students.

The admission requirements for the graduate programs in Biochemistry and Food Science are as given under Regulations Governing Master of Science Degrees. Depending on the background and/or area of specialization, a candidate's program may include additional courses taken for credit in Biochemistry, Food Science or related subjects.
The program of a candidate for the M.Sc. Degree shall be the responsibility of the supervisory committee, composed of the Supervisor and at least two other faculty members recommended with the concurrence of the Supervisor by the Head of the Department or delegate.

It is the responsibility of the student to arrange regular meetings with his or her supervisory committee. A semi-annual report, prepared by the Supervisor and signed by all members of the supervisory committee, is required to be given to the Head of the Department or delegate.

All graduate students are expected to attend and participate in the Departmental seminars.

A student completing an M.Sc. Degree will be required to present a seminar on his/her research area. The seminar will normally take place during the last semester of the student's program.

Any deficiencies noted during the seminar should be carefully considered by the student and the supervisory committee prior to submission of the thesis for final examination.

### 21.6.2 Courses

A series of advanced courses in the areas outlined below will be offered. Normally only one course will be offered per semester.

- **6200** Current Biochemical Research Topics I
- **6210** Current Biochemical Research Topics II
- **6400** Control of Intermediary Metabolism
- **6410** Molecular Endocrinology
- **6420** DNA: The Structure and Function of Genes (Prerequisite: An introductory course in molecular biology, or its equivalent, at the senior undergraduate level, e.g., Biochemistry 4100)
- **6421** RNA: Structure, Function and Synthesis (Prerequisite: An introductory course in molecular biology, or its equivalent, at the senior undergraduate level, e.g., Biochemistry 4100)
- **6422** Regulation of Protein Synthesis (Prerequisite: An introductory course in molecular biology, or its equivalent, at the senior undergraduate level, e.g., Biochemistry 4100)
- **6430** Bioenergetics
- **6440** Membranes
- **6450** Proteins
- **6500** Enzymology
- **6520** Nutritional Biochemistry
- **6530** Food Biochemistry
- **6590** Molecular Biology I (cross-listed as Biology 6590 and Medicine 6590) Prerequisites: Biology 4241, Biochemistry 4100 (or equivalent)
- **6591** Molecular Biology II (cross-listed as Biology 6591 and Medicine 6591) Prerequisites: Biology 4241, Biochemistry 4100 (or equivalent)
- **6592** Bacterial Genetics (cross-listed as Biology 6592) Prerequisite: Biology 4241 or Biochemistry 4100 (or equivalent)
- **6593** Selected Readings in Molecular Biology (cross-listed as Biology 6593) Prerequisites or Co-requisites: Biology 6590, 6591/ Biochemistry 6590, 6591/Medicine 6590, 6591 (or equivalent)
- **6600** Metabolic Toxicology
- **6610** Comparative Biochemistry
- **6620** Biochemical Adaptation
- **6630** Marine Biochemistry
- **6640** Biochemistry of Cancer
- **6650** Science and Technology of Seafoods
- **6680** Industrial Microbiology
- **6670** Biological Waste Treatment
- **6680** Processing and Quality of Foods

### 21.7 Biology

**Associate Professor and Head of the Department**

P. Marino

The Degree of Master of Science is offered in Biology and Marine Biology to full-time and part-time students. Students interested in animal behaviour should also consult the section in the Calendar describing the Master of Science in Cognitive and Behavioural Ecology program. In addition, a Master of Science Degree is offered in Aquaculture. See appropriate sections of this Calendar.

#### 21.7.1 Biology

1. The program of a candidate shall be the responsibility of a Supervisory Committee composed of the Supervisor and at least two other appropriate members recommended to the Dean by the Head (or delegate) of the Department with the concurrence of the Supervisor.
2. The Supervisory Committee shall interview the student normally within a month of first registration, to discuss the student's program and to explore any areas of weakness in the candidate's biological knowledge, especially where these relate to the intended areas of research.
3. A student will be required to take a minimum of 6 credit hours and Biology 7000 (Graduate Core Seminar).
4. It is the function of a Supervisory Committee to have regular meetings, at least annually, with its graduate student. A meeting report, signed by all members of the Supervisory Committee and student, must be given to the Department. A copy will be sent to the graduate student and to the Dean of Graduate Studies.
5. The candidate will present a tentative outline of the proposed research to the Supervisory Committee, with a copy to the Department by the end of the second semester, and preferably prior to commencement of the research.
6. The student will present a research seminar to the Department, normally by the end of the second semester following admission, to describe the research topic being investigated and the methodologies to be employed. This seminar provides an opportunity for the student to receive constructive input from the broad biological community.
7. The candidate must present a thesis seminar of 30-40 minutes duration to the Department prior to submission of the thesis to the School of Graduate Studies. The candidate will be questioned by a panel approved by the Departmental Graduate Studies Committee, in consultation with the student's Supervisory Committee. All others in attendance will be invited to question the candidate before adjournment. Deficiencies noted at this stage should be carefully considered by the student and the Supervisory Committee prior to submission of the thesis for final examination.
Under exceptional circumstances, this requirement may be waived by the Head of the Department (or delegate).

8. Each Master's candidate shall spend at least one semester in residence as a full-time student within the Department during the program. It is recommended that this semester be at the beginning of the program.

Under exceptional circumstances, this requirement may be waived by the Head of the Department (or delegate).

9. If candidates, in the opinion of the Supervisor, Committee and Department, are not making satisfactory progress, they will be required to withdraw from the program.

10. Theses shall conform to Theses and Reports of the General Regulations of the School of Graduate Studies and to the regulations in the Departmental Guidelines.

21.7.2 Marine Biology
1. A program of study leading to a Degree of Master of Science with a specialization in Marine Biology is governed by the above regulations.

2. Students will be required to take Biology 7000 (Graduate Core Seminar) and an additional 12 credit hours. These 12 credit hours must include Biological Oceanography 7531, and at least two of 6710, 7535, 7540, 7541, 7551, 7560, and 7561. The remaining credit hours may be selected from any other Biology graduate courses or relevant graduate courses in other Departments.

21.7.3 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

6000 Research Topics in Microbiology
6100 Modern Problems in Botany
6110 Advanced Physiology
6120 Mycology
6350 Behavioural Ontogeny (Cross-listed as Psychology 6350)
6351 Behavioural Ecology and Sociobiology (Cross-listed as Psychology 6351)
6355 Field Course in Animal Behaviour (Cross-listed as Psychology 6355)
6400 Parasitic Protozoology
6410 Helminthology
6420 Parasitic Arthropods
6590 Molecular Biology I (Cross-listed as Biochemistry 6590 and Medicine 6590) Prerequisites: Biology 4241, Biochemistry 4100 (or equivalent)
6591 Molecular Biology II (Cross-listed as Biochemistry 6591 and Medicine 6591) Prerequisites: Biology 4241, Biochemistry 4100 (or equivalent)
6592 Bacterial Genetics (Cross-listed as Biochemistry 6592) Prerequisite: Biology 4241 or Biochemistry 4100 (or equivalent)
6593 Selected Readings in Molecular Biology (Cross-listed as Biochemistry 6593) Prerequisites or Co-requisites: Biology 6590, 6591/Biochemistry 6590, 6591/Medicine 6590, 6591 (or equivalent)
6700 Biology of the Molluscs
6710 Marine Benthic Biology
6900 Entomology
6910 Applied Entomology
7000 Graduate Core Seminar
7101 Topics in Marine Biology
7110 Cellular Physiology and Cytology
7140 Physiology of Parasitism
7201 Topics in Cellular and Molecular Biology and Physiology
7210 Arctic and Subarctic Biology
7220 Quantitative Methods in Biology
7250 Topics in Wildlife Biology
7270 Ecology of Newfoundland
7300 Ornithology
7301 Topics in Ecology and Conservation Biology
7520 Advances in Fish Biology
7530 The Molecular Basis of Development
7531 Biological Oceanography
7535 Research Methods in Marine Science
7540 Plankton Dynamics
7541 Physiological Ecology of Phytoplankton
7550 Fishery Biology
7551 Fisheries Resource Management
7560 Physiology of Marine Invertebrates
7561 Physiology of Marine Vertebrates
7570 Marine Benthic Biology
7600 Effect of Organic and Inorganic Pollutants on Biological Systems
7910 Community and Ecosystem Ecology
7920-7960 Special Topics in Biology

21.8 Chemistry
Professor and Head of the Department
P. Pickup

21.8.1 Program of Study
1. The Degree of Master of Science in Chemistry is offered as full-time or part-time study.
   a. Preference for admission will be given to students with a B.Sc. (Honours) Degree in Chemistry from a recognized university.
   b. Students holding a B.Sc. Degree in Chemistry from a university of recognized standing with a minimum overall average of 65% and minimum average of 65% in all Chemistry courses taken after the first year will be considered for admission to the
Chemistry M.Sc. program. Students not admissible under 1.a. may, on the advice of the Supervisory Committee, be required to pass qualifying exams and/or supplementary undergraduate courses with a minimum B grade.

c. Students with a first class B.Sc. in an area other than Chemistry will also be considered for admission. Students not acceptable under 1.a. or 1.b. who have a strong background in an appropriate area of specialization may, on the advice of the Supervisory Committee, be required to pass qualifying exams and/or supplementary undergraduate courses with a minimum B grade.

d. Candidates are normally required to write American Chemical Society (ACS) placement test(s) in the first two weeks of the initial semester of registration in order to determine an appropriate course program.

2. Candidates will be assigned a Supervisory Committee consisting of the Supervisor and at least two other appropriate faculty members appointed by the Dean on the recommendation of the Chemistry Deputy Head (Graduate Studies).

3. The program of a candidate must be arranged by the Supervisor before the second semester of registration in consultation with the Supervisory Committee and the student. It is the responsibility of the Supervisory Committee to meet at least annually with the student, to provide guidance at all stages of the candidate's program, and, in consultation with the student, to prepare written annual progress reports for submission to the Dean of Graduate Studies.

4. Candidates are normally required to successfully complete Chemistry 6001 (Master's Seminar) and a minimum of 6 credit hours of graduate Chemistry courses with a minimum B grade. Additional program courses may be assigned by the Supervisory Committee.

5. Candidates are required to attend Departmental seminars.

6. Candidates must submit a thesis deemed acceptable to two examiners as described under Regulations Governing Master of Science Degrees. An oral defence is not required.

21.8.2 Courses

6001 Master's Seminar
6004 Project Seminar
6110 Analytical Chemistry II
6150 Advanced Spectroscopic Techniques
6151 Analytical Separations and Organic Mass Spectrometry
6152 Electroanalytical Techniques
6153 Techniques in Sampling, Trace Analysis and Chemometrics
6154 Business Management and Good Laboratory Practice
6155 Computers in Instrumental Analysis and Basic Electronics (same as Med 6070)
6160 Laboratory Projects in Sampling, Electroanalysis and Trace Analysis
6161 Laboratory Projects in Analytical Separations and Spectroscopic Techniques
6190-9 Selected Topics in Analytical Chemistry
6201 Bioinorganic Chemistry
6202 Main Group Chemistry
6204 Mechanisms in Catalysis
6205 Photochemistry of Transition Metal Complexes
6210 Organometallic Chemistry
6290-9 Selected Topics in Inorganic Chemistry
6300 Quantum Chemistry I
6301 Quantum Chemistry II
6302 Molecular Spectroscopy
6304 Computational Chemistry I
6310 Electronic Structure Theory
6323 Chemical Thermodynamics I
6324 Chemical Thermodynamics II
6340 Biophysical Chemistry
6350 Electrochemical Kinetics
6356 Solid State Chemistry
6380 Adsorption on Surfaces
6381 Surface and Interface Science
6382-9 Selected Topics in Physical Chemistry
6390-8 Selected Topics in Physical Chemistry
6399 Chemical Kinetics and Dynamics
6401 Organic Spectroscopic Analysis I
6402 Organic Spectroscopic Analysis II
6421 Natural Products Chemistry
6460 Organic Synthesis
6470 Physical Organic Chemistry
6490-9 Selected Topics in Organic Chemistry
6590-9 Selected Topics in Theoretical and Computational Chemistry
6600 Applications of Inorganic and Organometallic Chemistry to Toxicology

21.8.3 Instrumental Analysis

1. Program of Study
   a. The Department of Chemistry in collaboration with other faculty in Science offers a course-based program in instrumental analysis leading to the Degree of Master of Science. The program is available on a full-time or part time basis and will normally require four semesters of study. The program is designed for students who wish to pursue career opportunities in all areas of applied science which require in-depth knowledge and laboratory expertise in analytical instrumentation.
   b. The program will be administered by a Program Committee consisting of the Deputy Head (Graduate Studies) who will be chair, the Program Co-ordinator (Chemistry) and a third faculty member from another science Department. The Program Committee will be responsible for overseeing that a level of standards be maintained.
   c. The Program Co-ordinator will be responsible for coordinating the course offerings and for soliciting student projects for the program to be approved by the Program Committee.

2. Qualifications For Admission
   Admission is limited and competitive. To be considered for admission, applicants shall normally hold a Bachelor's Degree in Science (with at least a minor in Chemistry, and having completed Chemistry 4100 or equivalent) with at least a second class standing from
an institution recognized by the Senate. The Program Committee will make recommendations on admission to the Dean of Graduate Studies.

3. **Program Requirements**
   a. All programs must be approved by the Program Committee and by the Dean of Graduate Studies. All General Regulations of the School of Graduate Studies shall apply to this Degree.
   b. The program requires the completion of the 24 credit hours representing the eight required program courses, one project seminar, and a project report. Normally, completion of the program will require four semesters of study.
   c. A project seminar will be given to the Department of Chemistry at the end of the student's program.
   d. Students will be required to complete a research project, the scope of which will normally require no more than two semesters of full-time effort. The Project Report shall be evaluated according to the procedures outlined in Theses and Reports.

4. **Required Courses**
   - 6004 Project Seminar
   - 6150 Advanced Spectroscopic Techniques
   - 6151 Analytical Separations and Organic Mass Spectrometry
   - 6152 Electroanalytical Techniques
   - 6153 Techniques in Sampling, Trace Analysis and Chemometrics
   - 6154 Business Management and Good Laboratory Practice
   - 6155 Computers in Instrumental Analysis and Basic Electronics (Same as Medicine 6070)
   - 6160 Laboratory Projects in Sampling, Electroanalysis and Trace Analysis
   - 6161 Laboratory Projects in Analytical Separations and Spectroscopic Techniques

**21.9 Cognitive and Behavioural Ecology**

**Administrative Committee**
- Dr. A. Storey, Department of Psychology - Chair
- Dr. R. Anderson, Department of Psychology
- Dr. T. Chapman, Department of Biology
- Dr. I. Fleming, Ocean Sciences Centre
- Dr. E. Miller, Department of Biology
- Dr. W. Montevecchi, Department of Psychology
- Mr. P. Regular, Graduate Student Representative
- Dr. I. Warkentin, Grenfell Campus

21.9.1 **General Information**
1. The Cognitive and Behavioural Ecology Program is interdisciplinary and designed to train students in research that integrates cognitive and behavioural studies at the ecological level. Molecular, developmental and evolutionary aspects of cognition and behaviour are also studies. Supervisors include faculty from the Departments of Biology and Psychology, the Ocean Sciences Centre, the Faculty of Medicine and the Environmental Science Program at Grenfell Campus, as well as adjunct faculty from the Canadian Wildlife Service, Department of Fisheries and Oceans, the Newfoundland and Labrador Forestry and Wildlife Divisions and Parks Canada. The Departments of Biology and Psychology jointly offer the Master of Science and the Doctor of Philosophy degrees in Cognitive and Behavioural Ecology.
2. The Administrative Committee is responsible for the Program. Committee members are appointed by the Dean of Science, on the recommendation of the Chair of the Committee and of the Heads of Biology and Psychology. The Committee Chair is elected by the committee members and appointed by the Dean of Science. The Committee makes recommendations to the Dean of Graduate Studies concerning admissions and academic requirements. In consultation with supervisors, recommendations are made concerning course programs, financial support, thesis committees, comprehensive and thesis topics, examiners and students’ annual progress. Upon program completion, the Committee certifies that all requirements for the appropriate degree have been met. The Department of the Supervisor ensures that adequate facilities are provided for each candidate. Students in the Cognitive and Behavioural Ecology Program are considered for teaching assistantships in the Psychology or Biology Departments.

21.9.2 **Program of Study**
1. Students normally take four courses (12 credit hours) in the first year. Students will be required to take Quantitative Methods in Biology (BIOL 7220) or Advanced Statistics in Psychology (6000) unless they have already passed an equivalent graduate or Honours course. Behavioural Ecology and Sociobiology (CABE 6351), Field and Lab Methods in Animal Behaviour and Behavioural Ecology (CABE 7000) and one elective, in consultation with the Supervisor.
2. Upon completion but before submission of the thesis, the student is required to give a formal thesis presentation.
3. The student will be required to comply with all other regulations governing the graduate Degree of Master of Science.

21.10 Computational Science
Professor and Program Chair
M. Plumer

21.10.1 Administrative Committee
The Administrative Committee, appointed by the Dean of the School of Graduate Studies on the recommendation of the Dean of the Faculty of Science, consists of at least one representative of each participating academic unit, and one member external to the University.

21.10.2 Participating Departments and Organizations
This interdisciplinary program offers the Master of Science Degree in both Computational Science and Computational Science (Co-operative). The departments of Biochemistry, Chemistry, Computer Science, Earth Sciences, Mathematics and Statistics, Physics and Physical Oceanography and the Faculty of Engineering and Applied Science are participants in this program. Other departments and faculties may be involved, depending on the nature of the thesis or project. External organizations may provide placements for co-op students, jointly supervise students, share computing resources and participate in teaching courses.

21.10.3 Admission Criteria and Procedures
1. The criteria for acceptance of an applicant are: his or her anticipated successful and timely completion of the program, and the willingness of a participating faculty member to supervise the applicant.
2. Students will be expected to hold a B.Sc. (Honours) or B.Eng. Degree with honours standing, or equivalent, with a strong computational orientation. At the time of application, the student is expected to provide evidence (for example, transcripts of completed courses) of his or her knowledge of a modern computer language such as Fortran, and/or C and/or C++, and/or Matlab, and/or Python. Evidence of knowledge of differential equations; and/or linear algebra and/or computer graphics would be an asset. Students with an inadequate background may be encouraged to take certain undergraduate courses.
3. Admission decisions will be made by the School of Graduate Studies on the recommendation of the Chair of the Administrative Committee.

21.10.4 Program of Study
1. The goal of Computational Science is to solve technical problems, in science and engineering, using computers and computational methods. Our program is designed to educate students to apply computational, numerical and programming concepts and tools to solve and model complex problems in science and engineering.
2. The Program is offered in thesis and project (non-thesis) versions, with the option of a co-operative education program. It is intended that the overall level of student effort and performance required in each version will be comparable. The normal length of time to complete each option is 24 months.
3. The work for the thesis or project will be carried out under the guidance of a supervisor (or joint supervisors). The home department of the student will be the same as that of the Supervisor. Upon completion of the work for the thesis or project, to be submitted to the School of Graduate Studies for examination, each student is required to present a seminar suitable for the interdisciplinary audience of Computational Science program students.
4. All students are required to complete a minimum of 3 core courses (9 credit hours) selected from the list of Core Courses listing below. All students are also recommended to complete CMSC 6940 (1 credit hour). Additional courses are required in accordance with the program options as outlined below and will normally be selected from the student’s discipline of specialization. The course requirements for each student are approved by the Program Chair on the recommendation of the student’s supervisor(s), and should reflect the interdisciplinary nature of the program. Students are expected to attend research seminars in their home department as well as those relevant to Computational Science, when advertised.
   a. The thesis option requires the completion of a minimum of four graduate courses (12 credit hours) numbered 6000 or higher, which must include three courses (9 credit hours) from the Core Courses listing below. Equivalent courses may be considered for substitution with approval of the Program Chair. CMSC 6940 (one credit hour) is also recommended. The additional course(s) will normally be chosen from the Additional Courses listing below in the same discipline as the thesis work. The submission of an acceptable thesis is required. The thesis is to contain an original scholarly contribution which must be submitted to the School of Graduate Studies for final examination. Each student is also required to present a seminar on their thesis research topic that demonstrates their use of computational techniques to solve a problem in science or engineering.
   b. The project option requires the completion of a minimum of seven graduate courses (21 credit hours) numbered 6000 or higher, which must include at least three courses (9 credit hours) from the Core Courses listing below. Equivalent courses may be considered for substitution with approval of the Program Chair. CMSC 6940 (one credit hour) is also recommended. An acceptable project report is also required which must be submitted to the School of Graduate Studies for final examination. The additional courses will normally be chosen from the Additional Courses listing below in the same discipline as the project work. The project, which will include an in-depth written report, shall require the equivalent of at least one and no more than two semesters of full time work.

21.10.5 Co-operative Education Option
1. A co-operative education option will be available. Students in this option may follow the thesis or non-thesis version of the program. It is expected to take up to 24 months to complete. Students will be asked to indicate if they wish to follow this option at the time of application.
2. Students who are accepted into the M.Sc. program may be provisionally accepted into the co-op option. During their first two semesters, such students will interview with the Co-operative Education Services Centre and with prospective work term employers. Satisfactory performance in this phase of the program will lead to confirmation of acceptance into the co-op option, and allow the student to spend two of the next three terms working in industrial or government settings. Upon completion of each work term, the student must submit an acceptable work report.
3. Following the completion of the two work terms, each student must complete any remaining course requirements and project report or thesis. Assuming that prior written authorization of the employer and the supervisory committee was obtained and submitted to the School of Graduate Studies, students may include material from the work terms in their reports or theses. For students following
the non-thesis version of the program, the two work-term reports may be combined into a single, integrated report for this purpose. All other students must write a thesis on a research project which may be based on research completed during the work terms.

4. Students who are accepted into the co-op option are not guaranteed placements. In the event that a student fails to obtain two semesters of placements, but successfully completes all other requirements of the Degree, he or she will still be eligible for graduation, but without the designation of a co-op degree.

### 21.10.6 Courses

#### Core Courses
- Mathematics 6210 Numerical Solutions of Differential Equations
- Computational Science 6910 Matrix Computations and Applications
- Computational Science 6920 Scientific Computing
- Computational Science 6930 Algorithms for Distributed and Shared Memory Computers
- Computer Science 6731 Topics in Numerical Methods
- Computational Science 6900-6909 Special Topics

#### Additional Courses
The following courses are identified as suitable for students in this program. Other courses may be permitted with the approval of the Program Chair.

#### Biochemistry
- 6420 DNA: The Structure and Function of Genes
- 6421 RNA: Structure, Function and Synthesis
- 6422 Regulation of Protein Synthesis
- 6430 Bioenergetics
- 6440 Membranes
- 6450 Proteins

#### Chemistry
- 6201 Bioinorganic Chemistry
- 6204 Mechanisms in Catalysis
- 6205 Photochemistry of Transition Metal Complexes
- 6210 Organometallic Chemistry
- 6300 Quantum Chemistry I
- 6301 Quantum Chemistry II
- 6302 Molecular Spectroscopy
- 6304 Computational Chemistry I
- 6310 Electronic Structure Theory
- 6323 Chemical Thermodynamics I
- 6324 Chemical Thermodynamics II
- 6340 Biophysical Chemistry
- 6350 Electrochemical Kinetics
- 6360 Solid State Chemistry
- 6380 Adsorption on Surfaces
- 6381 Surface and Interface Science
- 6382-6389 Selected Topics in Physical Chemistry
- 6390-6398 Selected Topics in Physical Chemistry
- 6399 Chemical Kinetics and Dynamics
- 6401 Organic Spectroscopic Analysis I
- 6402 Organic Spectroscopic Analysis II
- 6470 Physical Organic Chemistry
- 6590-6599 Selected Topics in Theoretical and Computational Chemistry
- 6600 Applications of Inorganic and Organometallic Chemistry to Toxicology

#### Computational Science (CMSC)
- 601W Work Term 1
- 602W Work Term 2
- 6900-6908 Special Topics
- 6910 Matrix Computations and Applications
- 6920 Scientific Programming
- 6925 Tools of the Trade for Programming High Performance Computers (2 credit hours)
- 6930 Algorithms for Distributed and Shared Memory Computers
- 6940 Computer Based Research Tools and Applications (1 credit hour)

#### Computer Science
- 6713 Software Engineering
- 6722 Advanced Computer Architectures
- 6728-6729 Special Topics in Computer Systems - Computer Networks
- 6731 Topics in Numerical Methods
- 6738-6739 Special Topics in Numerical Methods
- 6752 Applications of Computer Graphics
- 6756 Digital Image Processing

#### Earth Sciences
- 6141 Rotation of the Earth
- 6142 Theory of Global Geodynamics
- 6171 Advanced Exploration Seismology
- 6172 Borehole Seismic
- 6175 Gravity and Magnetic Methods
- 6177 Mathematical Formulations of Seismic Wave Phenomena
- 6910 Airborne and Borehole Electromagnetic Methods
- 6994 Special Topics in Earth Sciences - Geophysical Inversion and Applications
- 7110 Physics of the Solid Earth
- 7120 Crustal Geophysics
Mathematics and Statistics
6102-6119 Special Topics in Applied Mathematics
6201 Numerical Methods for Partial Differential Equations
6210 Numerical Solution of Differential Equations (required course for Computational Science)
6212 Numerical Methods for Initial Value Problems
6588 Selected Topics in Statistics and Probability - Generalized Additive Models with Applications in Scientific Visualization

Physics and Physical Oceanography
6000Condensed Matter Physics I
6200 Nonlinear Dynamics
6308 Ocean Dynamics I
6309 Ocean Dynamics II
6310 Physical Oceanography
6316 Ocean Measurements and Data Analysis
6317 Ocean Acoustics
6318 Numerical Modelling
6320 Turbulence
6321 Coastal Oceanography
6323 Stability Theory
6400 Statistical Mechanics
6402 Theory of Phase Transitions
6800 Group Theory
6850 Quantum Mechanics I

Engineering and Applied Science
9015 Ocean Engineering Hydrodynamics
9052 Ice Properties and Mechanics
9501 Finite Element Analysis
9713 Stochastic Hydrology
9815 Electromagnetic Propagation
9821 Digital Signal Processing
9826 Advanced Control Systems
9861 High-Performance Computer Architecture
9865 Advanced Digital Systems
9869 Advanced Concurrent Programming
9871 Information Theory and Coding

21.11 Computer Science

Associate Professor and Head of the Department
E. Brown

The degrees of Master of Science and Doctor of Philosophy are offered in Computer Science.

21.11.1 Program of Study

1. Admission into a Master’s program in Computer Science is restricted to candidates holding at least a Bachelor of Arts or Bachelor of Science degree (major in Computer Science or closely related discipline) with a minimum average of 75% overall. When circumstances warrant, this requirement may be waived on the recommendation of the Head of the Department. Applicants should also refer to the Qualifications for Admission given under the Regulations Governing the Degree of Master of Science within the School of Graduate Studies section of the current Calendar. International applicants are strongly encouraged to submit results of the (general) Graduate Record Examination (GRE) test.

2. Candidates are required to complete a minimum of 15 credit hours in graduate program courses, 9 of which must be in computer science.

3. Each candidate is required to submit an acceptable thesis. The thesis project may involve a theoretical investigation and/or the development of an original, practical system. Each candidate is required to present a tentative outline of his/her proposed research to the Supervisor, with a copy to the Department Committee on Graduate Studies, by the end of his/her third semester in the program (sixth semester for part-time students). A fifteen minute oral presentation of the proposal is to be scheduled and given within four weeks of the submission date.

4. Prior to submission of a thesis, normally in the last semester of the program, candidates are required to present a seminar on the thesis topic, methods employed and research results.

5. All candidates are expected to take an active part in seminars and other aspects of the academic life of the Department of Computer Science.

21.11.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

Programming Languages
6711 Syntax and Semantics of Programming Languages
6712 Compiling Techniques
6713 Software Engineering
6714 Functional Programming
6715 Logic Programming
6716 Concurrent Programming
6718-6719 Special Topics in Programming Languages

Computer Systems
6720 Distributed and Parallel Computing
6721 Operating Systems Design
6722 Advanced Computer Architectures
6723 Microprocessor Systems
6724 VLSI Design (same as Engineering 9863)
6725 Computational Aspects of VLSI (same as Engineering 9864)
6726 Modelling and Analysis of Computing Systems
6727 Introduction to High Performance Computer Systems
6728-6729 Special Topics in Computer Systems - Computer Networks

**Numerical Computations**
6731 Topics in Numerical Methods
6732 Matrix Computations
6738-6739 Special Topics in Numerical Methods

**Theoretical Aspects**
6741 Advanced Automata Theory
6742 Theory of Databases
6743 Complexity of Computational Problems
6745 Special Topics - Advanced Computational Geometry
6748-6749 Special Topics in Theoretical Computer Science

**Applications**
6751 Database Technology and Information Retrieval
6752 Applications of Computer Graphics
6753 Artificial Intelligence
6754 Post-Genomic Computational Biology
6755 Knowledge-Based Systems
6756 Digital Image Processing
6758-6759 Special Topics in Computer Applications
6770-6790 Special Topics in Computer Science

---

### 21.12 Earth Sciences

**Professor and Head of the Department**

J.M. Hanchar

The degrees of Master of Science and Doctor of Philosophy are offered in Earth Sciences (Geology) and Earth Sciences (Geophysics) by full-time and part-time study.

#### 21.12.1 Program of Study

1. Admission into a Master’s Degree program in Earth Sciences (Geology) and Earth Sciences (Geophysics) is restricted to candidates holding at least a B.Sc. Degree with second class Honours. When circumstances warrant, this requirement may be waived by the School of Graduate Studies on the recommendation of the Head of the Department.

2. Each candidate will be assigned a multi-member supervisory committee. This committee shall consist of the Supervisor and at least one other member. Within two weeks of the first registration in the M.Sc. Degree program, a candidate will meet with his/her supervisory committee. Within six months, the student and the supervisory committee will agree on a written thesis proposal outlining the objectives, methods, timetable and funding for the project, and provide the proposal (signed by the student and supervisory committee) to the Head for inclusion in the student's file.

3. A candidate for the M.Sc. Degree must complete a minimum of 6 credit hours in program courses. The courses must be selected from the overview and general courses below or with the approval of the supervisory committee and Head of the Department, other graduate level courses including those offered by other departments. Depending on background and/or area of specialization, a candidate also may be required to complete additional courses in earth sciences or related subjects.

4. All course requirements should be completed within one year from the date of first registration in the M.Sc. Degree program.

5. A candidate is required to give an oral presentation to the Department on the results of his/her research. This presentation must be given during the second year of the program.

6. The M.Sc. Degree program will conclude with a thesis examination as prescribed in the **Regulations Governing the Degree of Master of Science**.

7. The Supervisor and the Head of the Department may recommend to the Dean of Graduate Studies that a candidate who is not making satisfactory progress be required to withdraw from the program.

#### 21.12.2 Courses

A selection of courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

**Overview Courses**
7110 Physics of the Solid Earth
7120 Crustal Geophysics
7300 Changes in Global Paleoenvironment
7400 Tectonic Regimes
7410 Engineering and Environmental Geology
7500 Chemical Fluxes in the Earth
7810 Paleoecology (same as the former 6810. Credit may be obtained for only one of 7810 or 6810)

**General Courses**
6070 Quantitative Techniques in Mineralogy and Metamorphic Petrology
6141 Rotation of the Earth
6142 Theory of Global Geodynamics
6152 Paleomagnetism
6171 Advanced Exploration Seismology
6172 Borehole Seismic
6175 Gravity and Magnetic Methods
6177 Mathematical Formulations of Seismic Wave Phenomena
6210 Genesis of Mineral Deposits
6320 Marine Geology
6400 Flow and Transport in Fractured Rock
21.13 Environmental Science
(see also Master of Environmental Science)

Board of Studies
Dr. J. Wroblewski, Ocean Sciences Centre - Chair
Dr. C. Campbell, Division of Science, Grenfell Campus, ex-officio
Dr. N. Catto, Department of Geography
Dr. B. Chen, Faculty of Engineering and Applied Science
Dr. P. Marino, Head, Department of Biology
Dr. W. Montevecchi, Department of Psychology
Dr. L. Tarasov, Department of Physics and Physical Oceanography
Dr. S. Ziegler, Department of Earth Sciences

21.13.1 Program of Study
1. The Environmental Science Program is an interdisciplinary graduate program involving the departments of the Faculty of Science, the Faculty of Arts, the Faculty of Medicine, and the Faculty of Engineering and Applied Science. There are three Environmental Science Graduate Degree streams: the Master of Science (M.Sc., Environmental Science), Master of Environmental Science (M.Env.Sci.), and the Doctor of Philosophy (Ph.D., Environmental Science). The program is available on a full or part-time basis.

2. The program is administered by a Board of Studies appointed by the Dean of Science. Supervisors of graduate students in the program include faculty from the Faculty of Science, the Faculty of Arts, the Faculty of Engineering and Applied Science, the Faculty of Medicine, and the Environmental Science Program at the Grenfell Campus, as well as adjunct appointees to the program (as a co-supervisor).

21.13.2 Qualifications for Admission
Admission is limited and competitive. To be considered for admission applicants shall normally hold a Bachelor's (Honours) degree in Science, Geography, or Environmental Science with at least second class standing, or equivalent, or a Bachelor's degree in Engineering from an institution recognized by the Senate or shall have qualifications and/or experience in environmental science acceptable to the Dean of Graduate Studies and the Board of Studies. The Board of Studies make recommendations on admission to the Dean of Graduate Studies.

21.13.3 Degree Requirements
1. To the extent that resources permit, individual programs will be developed to suit students’ interests and needs. However all programs must be approved by the Board of Studies and by the Dean of Graduate Studies. All General Regulations of the School of Graduate Studies shall apply to these degrees.

2. The Master of Science (Environmental Science) is a research Degree which includes a thesis and course work. The thesis research will focus on environmental topics relevant to the student’s background. The course component has two aims: to broaden the student’s understanding of environmental issues; and to provide further training in areas of research specialization for the thesis.

3. Each student will have a Supervisory Committee normally consisting of a Supervisor and two others. The Supervisory Committee will be appointed by the Dean of Graduate Studies on the recommendation of the Board of Studies for Environmental Science.

4. The program of each student will consist of a minimum of 12 credit hours in program courses which will include ENVE/ENVS 6000 and ENVS 6010. Of the 6 credit hours remaining in program courses, 3 credit hours will be from ENVE/ENVS 6001, 6002 and 6003 and the other 3 credit hours will be related to the student’s specialty and will normally be chosen from graduate courses offered by the Faculties of Science, Arts, Medicine and Engineering and Applied Science.

5. All students will be required to submit a thesis embodying the results of systematic research on an approved topic. The thesis will be evaluated according to procedures outlined in General Regulations, Theses and Reports.

21.13.4 Courses
ENVE/ENVS 6000 Environmental Science and Technology
ENVE/ENVS 6001 Earth and Ocean Systems
ENVE/ENVS 6002 Environmental Chemistry and Toxicology
ENVE/ENVS 6003 Applied Ecology
ENVS 6004 Environmental Pollution and Mitigation (cross-listed as ENGI 9601)
ENVS 6007 Environmental Risk Assessment (cross-listed as ENGI 9609)
ENVS 6008 Air Pollution (same as ENGI 9624)
ENVS 6009 Environmental Science Project
ENVS 6010 Environmental Seminar
ENVS 6201-6210 Special Topics in Environmental Science

21.14 Food Science
See Biochemistry.
21.15 Geography
Associate Professor and Head of the Department
C. Mather

21.15.1 General Information
1. The degrees of Master of Arts and Master of Science are offered in Geography by full-time or part-time study.
2. Admission requirements are set forth in the General Regulations of the School of Graduate Studies and Degree Regulations for Master of Arts and Master of Science.
3. The deadline for submission of applications for admission is January 15. Candidates will normally commence their programs in the Fall semester.
4. An applicant will be admitted to a graduate program only if a faculty member agrees to act as Supervisor. A supervisory committee will be established after admission, normally consisting of the Supervisor and two other individuals, one of whom will normally be a member of the Department.
5. Major research areas for graduate study at the master's level are cultural, political, historical, economic, urban, resource management, community and regional development, geomorphology, Quaternary environments, climatology and geographic information sciences.
6. Candidates will register for the M.A. program if their fields of interest lie in an area of Human Geography or for the M.Sc. if their fields of interest are in Physical Geography or Geographic Information Sciences.
7. It is expected that the program of study and research for the M.A. or M.Sc. will normally be completed in a maximum of two years of full-time work, or three years of part-time work.
8. Candidates must successfully complete a minimum of 12 credit hours of graduate program courses with a minimum grade of B in each. Geography 6000 and 6001 will be required courses for all candidates who have not already completed equivalent courses at the Honours or post-graduate level.
9. Candidates whose undergraduate Degree is not in geography will normally be required to complete some additional undergraduate program courses during their first year of study, in addition to the required graduate program courses. Normally four such undergraduate courses will be required, and a minimum grade of 70% must be obtained in each.
10. Each candidate will be required to present a seminar on their research to the Department.
11. Each candidate must submit a thesis based on their own original research. This thesis will be examined in accordance with the General Regulations of the School of Graduate Studies.

21.15.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow:

- 6000 Development of Geographical Thought and Practice I
- 6001 Development of Geographical Thought and Practice II
- 6002 Directed Readings in Geography
- 6100 Research Techniques in A Selected Field of Geography I
- 6101 Research Techniques in A Selected Field of Geography II
- 6120 Geospatial Modelling and Analysis
- 6150 Environmental Remote Sensing and Image Analysis
- 6200 Economic Geography I
- 6201 Economic Geography II
- 6204 Sustainable Community and Regional Development
- 6250 Conservation and Sustainability of Natural Resources
- 6251 Survey Design, Questionnaire Development and Techniques of Data Collection
- 6300 Problems in Fisheries Geography
- 6400 Fluvial Geomorphology
- 6401 Glacial Geomorphology
- 6402 Coastal Geomorphology
- 6410 Climatology
- 6420 Quaternary Geography
- 6430 Biogeography
- 6500 Cultural Geography
- 6600 Historical Geography
- 6700 Political Geography
- 6800 Urban Geography
- 6821 Advanced Computer Mapping
- 6900 Graduate Seminar in Regional Geography
- 6990-95 Special Topics in Geography

21.16 Geology
See Earth Sciences

21.17 Geophysics
See Earth Sciences

21.18 Instrumental Analysis
See Chemistry
21.19 Mathematics and Statistics

Professor and Head of the Department
C. Radford

The degrees of Master of Applied Statistics (see appropriate calendar entry), Master of Science and Doctor of Philosophy are offered in the Department of Mathematics and Statistics. The Masters' degrees are offered by full-time and part-time studies.

21.19.1 Specific Requirements for the M.Sc. in Mathematics

Every candidate for the M.Sc. in Mathematics is required to complete one of two options.

1. **Option 1:** At least 15 credit hours in graduate courses, at most 3 of which may be from seminar courses (excluding Math 696A/B) and at least 9 of which must be in courses selected from the list below with at least 3 credit hours in three of the indicated subject areas. Remaining course selections to satisfy the total credit hour requirement for this option may be chosen from the departmental course offerings, excluding seminar courses. A thesis is required as per General Regulations, Theses and Reports.
   - Algebra: 6320, 6321
   - Analysis: 6310, 6311, 6312
   - Applied Mathematics: 6100, 6201 or 6212, 6120
   - Combinatorics: 6340, 6341, 6342
   - Topology: 6300 or 6301, 6332

2. **Option 2:** At least 23 credit hours in graduate courses, including Math 696A/B, Math 6299 and at least 9 credit hours in courses selected from the list below with at least 3 credit hours in three of the indicated subject areas. Remaining course selections to satisfy the total credit hour requirement for this option may be chosen from the departmental course offerings, excluding seminar courses.
   - Algebra: 6320, 6321
   - Analysis: 6310, 6311, 6312
   - Applied Mathematics: 6100, 6201 or 6212, 6120
   - Combinatorics: 6340, 6341, 6342
   - Topology: 6300 or 6301, 6332

21.19.2 Specific Requirements for the M.Sc. in Statistics

Every candidate for the M.Sc. in Statistics is required to take at least 18 credit hours in graduate courses, at most 3 credit hours of which may be from seminar courses. A thesis is required.

21.19.3 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

**Mathematics**
- 6100 Dynamical Systems
- 6101 Modern Perturbation Theory
- 6102-6119 Special Topics in Applied Mathematics
- 6104 Infinite Dimensional Dynamical Systems
- 6120 Theoretical Fluid Dynamics
- 6121 Functional Differential Equations
- 6130 Introduction to General Relativity
- 6160 Partial Differential Equations
- 6201 Numerical Methods for Partial Differential Equations
- 6202-6209 Special Topics in Numerical Analysis
- 6210 Numerical Solution of Differential Equations
- 6212 Numerical Methods for Initial Value Problems
- 6299 Master's Project
- 6300 Algebraic Topology I (Homology Theory)
- 6301 Algebraic Topology II (Homotopy Theory)
- 6302 Algebraic Topology III (Theory of Fibre Bundles)
- 6304-6309 Special Topics in Topology
- 6310 Functional Analysis
- 6311 Complex Analysis
- 6312 Measure Theory
- 6313-6319 Special Topics in Analysis
- 6320 Group Theory
- 6321 Ring Theory
- 6322 Nonassociative Algebra
- 6323 Homological Algebra
- 6324-6329 Special Topics in Algebra
- 6330 Analytic Number Theory
- 6331 Algebraic Number Theory
- 6332 Point Set Topology
- 6340 Graph Theory
21.20 Physics and Physical Oceanography

Professor and Head of the Department
B. de Young

Programs leading to the Degree of Master of Science in Physics and in Physical Oceanography are offered to both full and part-time students. Because Oceanography is multidisciplinary in nature, undergraduate students who plan to undertake Physical Oceanography studies are urged to consult the faculty member in charge of Physical Oceanography programs at their earliest opportunity, in order to ensure the appropriateness of their undergraduate course selections. The Degree of Doctor of Philosophy in Physics is offered through both full-time and part-time study in Atomic and Molecular Physics, Condensed Matter Physics, and Physical Oceanography. The following Departmental Regulations are supplementary to the General Regulations governing the M.Sc. and Ph.D. degrees. A thorough familiarity with the latter Regulations should be regarded as the prerequisite to further reading in this section.

The Department of Physics and Physical Oceanography compiles, and regularly reviews, a brochure which contains reasonably detailed descriptions of currently active research projects, as well as a comprehensive listing of recent research publications, and other material which may be of interest to prospective graduate students.

21.20.1 Program of Study

1. Admission to a M.Sc. program in the Department of Physics and Physical Oceanography is normally restricted to candidates holding an Honours B.Sc. Degree in Physics. However, depending on background and area of specialization and with particular reference to Physical Oceanography, other Baccalaureate degrees in science, applied science or mathematics, may be accepted.

2. A program of study for the M.Sc. Degree in Physics or Physical Oceanography shall normally include a minimum of 12 graduate credit hours. However, depending on the student’s background and area of specialization, more or fewer graduate and/or undergraduate courses may be required.

3. Except with the special permission of the Department and the approval of the Dean of Graduate Studies, a candidate may not take any courses in addition to those approved for his/her M.Sc. program.

4. Before submission of the thesis to the School of Graduate Studies for examination, the student must present a seminar on the topic of his/her thesis research.

21.20.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

- 6000 Condensed Matter Physics I
- 6001 Condensed Matter Physics II
- 6002 Superconductivity
- 6003 Path Integral Techniques in Condensed Matter Physics
- 6010-19 Special Topics in Condensed Matter Physics
- 6040 Biophysics
- 6060-69 Special Topics in Interdisciplinary Areas
- 6200 Nonlinear Dynamics
- 6308 Ocean Dynamics I
- 6309 Ocean Dynamics II
- 6310 Physical Oceanography
- 6313 Physical Fluid Dynamics
- 6314 Field Oceanography
- 6315 Polar Oceanography
- 6316 Ocean Measurements and Data Analysis
- 6317 Ocean Acoustics
- 6318 Numerical Modelling
- 6319 Climate Dynamics
- 6320 Turbulence
- 6321 Coastal Oceanography
- 6322 Stratified Fluids
- 6323 Stability Theory
- 6324 Models in Ocean Ecology
- 6360-69 (excluding 6363) Special Topics in Physical Oceanography
Members of the Department carry out research in several areas of experimental and theoretical physics, including atomic and molecular physics, condensed matter physics, physical oceanography, theoretical geophysics and applied nuclear physics. In atomic and molecular physics, there are experimental programs in collision-induced infrared absorption spectroscopy, electron emission spectroscopy of simple molecules, molecular ions and free radicals, laser-induced fluorescence spectroscopy, and Raman spectroscopy, and theoretical work on atomic and molecular collisions. The work in condensed matter physics includes experimental programs in solid state nuclear magnetic resonance on systems of biophysical interest, Raman spectroscopy of lipid bilayers and membranes, studies of phase transitions using Brillouin and Raman spectroscopy, studies of instabilities and pattern formation in simple fluid dynamical systems, and spectroscopic studies of molecular crystals. Theoretical condensed matter physics research involves studies of magnetism, superconductivity, and the statistical mechanics of polymers and lipid bilayers. The physical oceanography group carries out field and laboratory research on several projects which take advantage of Newfoundland’s unique oceanographic environment, using acoustic and other remote sensing techniques. These include studies of circulation on the Newfoundland and Labrador shelves, Labrador current dynamics, fjord dynamics, submarine canyons and sediment transport dynamics in the nearshore zone and on the shelf. Theoretical oceanographic studies involve the modelling of ocean circulation, gravity wave phenomena and other aspects of ocean dynamics. Research in theoretical geophysics is concentrated on whole-Earth dynamics, with special emphasis on the physics of the liquid core (the Earth’s “third ocean”) as inferred from its wave spectrum and the associated momentum transfer to the deformable solid parts of the Earth. In nuclear physics, research is done on the atmospheric concentrations of radioactive elements and on dosimetry for medical applications.

Note: For Geophysics, see Earth Sciences

21.21 Psychology

Professor and Head of the Department
I. Neath

The Degree of Master of Science is offered in Experimental Psychology. The Degree of Doctor of Philosophy is offered in Experimental Psychology. Interested students may wish to consult the sections in the Calendar describing the Master of Applied Social Psychology (Cooperative) and the Master of Science and Doctor of Philosophy in Cognitive and Behavioural Ecology programs.

Applications

All applicants are required to submit results from the General section of the Graduate Record Examinations.

At least one letter of reference should come from someone who is familiar with the applicant’s research capability.

21.21.1 Program of Study

A candidate may be accepted into a program leading to the M.Sc. in Experimental Psychology.

Experimental Psychology

1. The areas of specialization offered are: Animal Behaviour (see Cognitive and Behavioural Ecology Program), Behavioural Neuroscience and Clinical, Cognitive, Developmental and Social Psychology.

2. Candidates shall normally complete 15 credit hours, including: Advanced Statistics in Psychology (6000), Research Design (6001), Core Graduate Seminar in Psychology (699A/B), and 6 credit hours related to their area of specialization. Candidates will also register for the Colloquium Series in Psychology (6010) each Fall and Winter semester of their program for a maximum of four registrations.
3. Every candidate shall submit an original thesis based upon an approved experimental research topic.

21.21.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

- 6000 Advanced Statistics in Psychology
- 6001 Research Design
- 6010 Colloquium Series in Psychology (repeatable, non-credit)
- 6100-6130 Special Topics in Experimental Psychology
- 6200 Learning I
- 6201 Learning II
- 6203 Behavioural Pharmacology
- 6210 Behavioural Analysis of Toxins
- 6351 Behavioural Ecology and Sociobiology (Cross-listed as CABE 6351)
- 6400 Theory and Methods in Social Psychology
- 6401 Social Cognition
- 6402 Group Processes
- 6403 Program Evaluation and Applied Research
- 6404 Project in Applied Social Psychology (Note: This course is open only to students in the Master of Applied Social Psychology)
- 6500 Developmental Psychology I
- 6501 Developmental Psychology II
- 6502 Developmental Changes During Old Age
- 6700 Perception
- 6710 Human Information Processing
- 6720 Human Memory
- 6800 Behavioural Neuroscience I
- 6801 Behavioural Neuroscience II
- 6810 Psychometrics
- 6910 Personality
- 699A/B Core Graduate Seminar in Psychology (3 credit hours).

22 Regulations Governing the Degree of Master of Science in Kinesiology

Associate Professor and Director
A. Card

The Degree of Master of Science in Kinesiology (M.Sc. (Kinesiology)) is offered to qualified full-time and part-time students by the School of Human Kinetics and Recreation. The General Regulations of the School of Graduate Studies of Memorial University of Newfoundland outlined in the current Calendar, and the Degree Regulations of the School of Human Kinetics and Recreation outlined below will apply to the Master of Science in Kinesiology program.

22.1 Qualifications for Admission
1. The admission requirements for the Master of Science in Kinesiology are as given under the General Regulations of the School of Graduate Studies. Admission is limited and competitive. Preference for admission may be given to students with undergraduate degrees in relevant disciplines, with a minimum overall B average. Applications submitted through the School of Graduate Studies will be evaluated by the Graduate Studies Committee of the School of Human Kinetics and Recreation. Admission of a candidate to the program shall be made by the Dean of Graduate Studies.

2. Only in exceptional circumstances, and only on the recommendation of the Director of the School of Human Kinetics and Recreation, shall the Dean of Graduate Studies consider applicants who do not meet the requirements above.

22.2 Program and Degree Requirements
1. The Degree of Master of Science in Kinesiology is offered in the areas of Exercise and Work Physiology, Biomechanics/Ergonomics and Sport Psychology.

2. The program of a candidate for the Master of Science in Kinesiology shall be the responsibility of the Supervisory Committee, composed of the Supervisor and at least one other faculty member recommended with the concurrence of the Supervisor by the Director of the School, or delegate.

3. Candidates for the Master of Science in Kinesiology shall be required to complete a minimum of 15 credit hours plus a thesis. HKR 6000 is normally required for all candidates. In addition, all on-campus candidates shall be required to complete four semester-length seminar courses (HKR 6510-6513). Off-campus or part-time candidates who cannot attend the on-campus seminar series can substitute 24 hours of participation in (over their two year tenure) and one presentation at national, provincial or regional conferences, workshops, professional development seminars or equivalent activities. The remaining course requirements will be selected, in agreement with the Supervisory Committee, to reflect the kinesiology areas of specializations offered with the School.

4. It is the responsibility of the student to arrange regular meetings with their supervisory committee. An annual report, prepared by the Supervisor and signed by all members of the Supervisory Committee and the student, is submitted to the Director of the School of Human Kinetics and Recreation (or delegate) as required by the School of Graduate Studies.

5. Depending on the background of the candidate or his/her area of intended specialization, a candidate's program may be modified. Such modifications may include a reduction in course requirements where a student demonstrates that he or she brings graduate level competency to their program in specific areas, or may include additional graduate or undergraduate courses, as specified by the student's Supervisory Committee. A minimum of three courses or 9 credit hours completed in the School of Human Kinetics and Recreation is mandatory.

6. A student completing a Master of Science in Kinesiology will be required to present a thesis proposal for his or her proposed thesis normally by the end of the third semester of study. Candidates will be questioned on their proposal by a three-member panel appointed by the Director in consultation with the Supervisory Committee. Any deficiencies noted during the proposal should be carefully considered by the student and the Supervisory Committee prior to approval of the thesis topic.

7. All graduate students are expected to attend and participate in the School of Human Kinetics and Recreation seminars and thesis
8. In conjunction and collaboration with other Faculties and Schools of Memorial University of Newfoundland, students may pursue their special interests through electives from departments/schools outside the School of Human Kinetics and Recreation. These courses must be approved by the Graduate Studies Committee and the Dean of Graduate Studies in the preceding semester.

9. Candidates may apply for transfer course credits. All course transfers require the approval of the Dean of Graduate Studies, on the recommendation of the Director of the School of Human Kinetics and Recreation, and are subject to General Regulation Program Requirements, Transfer of Course Credits of the School of Graduate Studies.

22.3 Evaluation
1. In order to continue as a candidate for a Master of Science in Kinesiology Degree, a candidate who receives a final grade of 'C' or less in a program course must repeat that course and obtain a minimum grade of 'B'. In the case of an elective course a suitable replacement course, acceptable to the Graduate Studies Committee of the School of Human Kinetics and Recreation, may be substituted for the failed course. Only one such repetition/replacement shall be permitted in the candidate's graduate program. Should a grade of lower than 'B' be obtained in the repeated course/replacement course, or any other program course, the candidate shall be required to withdraw from the program.

2. When the Graduate Studies Committee of the School of Human Kinetics and Recreation has determined, through consultation with the candidate, the instructors of graduate courses and the program advisor or thesis Supervisor that the candidate's work has fallen below satisfactory level, it may request that the Director of the School of Human Kinetics and Recreation recommend to the Dean of Graduate Studies that the candidate's program be terminated.

22.4 Period of Study
The period of study for a graduate program shall not normally exceed seven years beyond first registration.

1. A candidate in full-time attendance may register for a maximum of 12 credit hours in any regular semester and a maximum of 6 credit hours in intersession or summer session.

2. A candidate in part-time attendance may register for a maximum of 3 credit hours in any semester, including intersession or summer session.

22.5 Thesis
The School of Graduate Studies General Regulation describes the requirements in Theses and Reports.

22.6 Courses
6000 Quantitative Methods in Physical Education
6001 Qualitative Research Methods in Physical Education
6100 Computer Applications in Physical Education
6201 Foundations of Sport Psychology and Mental Training Techniques
6202 Intervention and Enhancement Techniques in Mental Training Consultation
6203 Sport Psychology Consulting
6310 Exercise Physiology I
6320 Exercise Physiology II
6330 The Application and Implementation of Kinesiology Technologies
6340 Occupational Biomechanics
6350 Human Error in Complex Work Systems
6360 Knowledge Translation: Applications to Ergonomics and Occupational Health and Safety
6510-6513 Graduate Seminar Series (non-credit)
6610-15 Individual Reading and Research in Special Areas

23 Regulations Governing the Degree of Master of Science in Medicine
Professor and Dean
J. Rourke

Professor and Associate Dean
P. Moody-Corbett

Professor and Assistant Dean
D. McKay

The Faculty of Medicine offers the degree of Master of Science in Medicine in eight program areas: Applied Health Services Research, Cancer and Development, Cardiovascular and Renal Sciences, Clinical Epidemiology, Community Health, Human Genetics, Immunology and Infectious Diseases, and Neurosciences. Each program area has a Co-ordinator who is responsible for communicating the interests of the programs to the Faculty of Medicine Graduate Studies Committee and participates in the admission of graduate students into the program in Medicine. The Faculty of Medicine also offers the degree of Master of Public Health.

The Degree of Master of Science in Medicine (in all of the programs excluding the Applied Health Services Research Program) is offered in the Faculty of Medicine to full-time and part-time students. The Applied Health Services Research program is offered by full-time study only. The graduate diploma programs in Community Health and Clinical Epidemiology are offered by part-time study only.

The following regulations will apply in conjunction with the General Regulations of the School of Graduate Studies.

23.1 Master of Science in Medicine
23.1.1 Qualification for Admission
The admission requirements for each of the M.Sc. Program areas in Medicine are described under Programs of Study.

23.1.2 General Program Requirements
1. The program of study for the M.Sc. in Medicine Degree is the responsibility of the Supervisory Committee composed of a Supervisor
and at least two other faculty members.

2. It is the responsibility of the supervisory committee to meet regularly (at least annually) with the student and to provide guidance at all stages of the candidate’s program. An annual report prepared by the Supervisor and signed by the student and all members of the committee is required to be submitted to the Assistant Dean of Research and Graduate Studies (Medicine).

3. Course requirements are set by each of the program areas and are described under Programs of Study. In addition, all students will be required to complete GRAD 9991 (Graduate Research Integrity Program).

4. In addition to courses and research, graduate students are expected to participate in Faculty of Medicine seminars and journal clubs.

5. The M.Sc. in Medicine requires the successful completion of a research project and a written thesis.

23.1.3 Program Areas

23.1.3.1 Applied Health Services Research

The Applied Health Services Research program is jointly offered by the University of New Brunswick (UNB), Memorial University of Newfoundland (MUN), Dalhousie University (Dal), and the University of Prince Edward Island (UPEI). Students will be educated in an interdisciplinary environment and will develop a substantive understanding of: the Canadian health system, the conduct of ethical research, critical appraisal, appropriateness of research design for particular policy questions and determinants of health models. They will also gain first-hand exposure in a decision-making/policy environment and learn how to conduct research through completion of a thesis. Access to specific computer software and the Internet is required and will be the responsibility of each student.

1. Administration
   a. An Advisory Board, consisting of the Deans of Graduate Studies, the Principals from each site, plus student representation as well as health care decision makers and stakeholders from the Atlantic Region will oversee the academic program across the Universities and ensure program integrity.
   b. A Program Management Committee, consisting of the Principals and Site Co-ordinators from UNB, Memorial University of Newfoundland, Dal and UPEI will oversee the operation of the program.
   c. At Memorial University of Newfoundland, the program shall be administered through the Office of Research and Graduate Studies (Faculty of Medicine) by a Principal who shall be appointed by the Dean of Graduate Studies on the recommendation of the Dean, Faculty of Medicine.

2. Qualifications for Admission
   a. Admission is limited and competitive. To be considered for admission to the program, an applicant shall normally have a bachelor’s degree with a minimum 75% average (or equivalent) from an institution recognized by the Senate. Normally, students should have completed an undergraduate course in statistics.
   b. Students are normally admitted to the Fall semester (September). The deadline for receipt of applications is March 1. Late applications will only be considered if admissions decisions have not yet been made.

3. Program Requirements
   a. All students will be required to successfully complete eight core courses, the Graduate Research Integrity Program, a four-month residency placement and a thesis. In addition, candidates must participate in five conference workshops each of one week duration.
   b. Prior to submission of the thesis to the School of Graduate Studies for examination (see General Regulation Thesis and Reports), candidates shall present an open seminar.
   c. Outline of program of study:

23.1.3.2 Cancer and Development
The graduate program in Cancer and Development offers study in fundamental cell and molecular biological areas including viral oncogenesis, growth factors and oncogenes in developmental models, programmed cell death and drug resistance.

1. Qualifications for Admission
The admission requirements are as given under the General Regulations governing Master's degrees. All courses in the program have as a prerequisite, successful completion of an advanced, upper-level biochemistry, biology or medical course, with an emphasis on molecular biology or medicine.

2. Program Requirements
All students are required to attend, for credit, and participate in the Cancer and Development Journal Club (Cancer, Seminars, MED 6400-6403). One other graduate course (chosen from MED 6580, 6590, 6591, 6340, 6341 or 6342) is required for M.Sc. Medicine students although other courses may be required in individual cases.

23.1.3.3 Cardiovascular and Renal Science
The graduate program in Cardiovascular and Renal Sciences enables students to pursue research and academic studies in selected topics including hypertension and stroke, neural and endothelial control of vasculature and blood pressure as well as physiological mechanisms promoting heart failure. The faculty participating in the program consists of basic cardiovascular scientists and renal clinicians. Teaching within the program is integrated with the M.D. program.

1. Qualifications for Admission
The admission requirements are as given under the General Regulations governing Master's degrees.

2. Program Requirements
Students will be required to take a minimum of two graduate courses. Basic Cardiovascular and Renal Physiology (MED 6140) is required and must be taken within 1.5 years after entry into the program. Students will choose a second course from MED 6141, 6142, 6143, 6144 or 6194 or any other graduate course approved by the student's supervisory committee.

23.1.3.4 Clinical Epidemiology
The program in Clinical Epidemiology is aimed at university graduates intending a career in health services, faculty members seeking advanced training in clinical epidemiology, medical doctors and health care professionals interested in health care delivery research.

1. Qualifications for Admission
The admission requirements are as given under the General Regulations governing Master's degrees. In exceptional circumstances, a professional equivalent qualification will be considered for admission.

2. Program Requirements
a. Students are required to take: Biostatistics I (MED 6200), Basic Clinical Epidemiology (MED 6250), Clinical Research Design (MED 6255) and Applied Data Analysis for Clinical Epidemiology (MED 6260) plus one or more additional course(s) as recommended by the supervisory committee. In addition students are required to take the Seminar Series (MED 6400-6403).

b. Students are expected to give an oral presentation of their thesis research.

23.1.3.5 Community Health
The graduate program in Community Health enables students to pursue research and academic studies in selected topics including community health, epidemiology, socio-behavioural health, biostatistics, health services utilization, health policy and health promotion.

1. Qualifications for Admission
The admission requirements are as given under the General Regulations governing Master's degrees. In exceptional circumstances, a professional equivalent qualification will be considered. Students are expected to have successfully completed at least one basic university-level statistics course.

2. Program Requirements
Students are required to take three core courses: Introduction to Community Health (MED 6220), Epidemiology I (MED 6270) and Community Health Research Methods (MED 6280). 2 core stream courses: either the quantitative stream, consisting of Biostatistics I (MED 6200) and Epidemiology II (MED 6275) or the qualitative stream, consisting of Advanced Qualitative Methods (6294) and Critical Theory in Health and Society (MED 6102); and 1 elective; and to attend, for credit, and participate in four semester-length seminar courses (MED 6400-6403).

23.1.3.6 Human Genetics
The graduate program in human genetics will enable students to pursue academic studies and research in a number of areas of genetics including cancer genetics, genetic epidemiology, gene mapping, medical genetics, birth defects and population genetics. Faculty members from all three divisions of the Faculty of Medicine (Basic Sciences, Community Health and Clinical Sciences) participate in the program.

1. Qualifications for Admission
The admission requirements are as given under the General Regulations governing Master's degrees. Applicants with backgrounds in the fields of genetics, biochemistry and biology are preferred.

2. Program Requirements
a. Students will be required to complete a minimum of two graduate courses. Within the Human Genetics program the following courses are offered: Human Molecular Genetics (MED 6393), Human Population Genetics (MED 6390), Applied Human Genetics (MED 6392) and Selected Topics in Human Genetics (MED 6391). In addition, there are a number of courses in other graduate programs which could be suitable for some students in this program, including Epidemiology I (MED 6270), Molecular Biology of Cancer (MED 6580), Molecular Biology I (MED 6590) and Molecular Biology II (MED 6591). Course selection for each student is determined by the supervisory committee in consultation with the student and is based on the area of study and past course credits.

b. Students are expected to participate in the activities of the genetics group. These include the weekly Journal Club/Research Discussion Group and the Genetics Seminar Series (MED 6400-6403).

23.1.3.7 Immunology and Infectious Diseases
The Immunology and Infectious Diseases group has an interdisciplinary character and consists of faculty from biomedical science
oncology research. The graduate programs are designed to provide individualized training oriented towards basic research and a solid and scientific background in the discipline of immunology and infectious diseases.

1. Qualifications for Admission
   The admission requirements are as given under the General Regulations governing Master's degrees. A Bachelor of Science Degree or equivalent is required.

2. Program Requirements
   Students in the program are required to take three core courses: Immunology I (MED 6127), Immunology II (MED 6128), and Advanced Immunological Methods (MED 613A/B). Some students may be required to take additional courses depending upon their thesis topic. All students are required to attend, for credit, and participate in the Immunology and Infectious Diseases Seminar Series (MED 6400-6403) for a minimum of three semesters.

23.1.3.8 Neurosciences
The Neuroscience Program offers graduate studies in an interdisciplinary setting including faculty from biomedical science within the Faculty of Medicine and Department of Psychology in the Faculty of Science. Graduate students may pursue research in a number of specialty areas including the physiological basis of learning and memory, stroke and neuroplasticity, neuroregeneration, signal transduction mechanisms, neuronal circuitry and membrane physiology. The Neuroscience Program is a Chapter of the Society for Neuroscience.

1. Qualifications for Admission
   The admission requirements are as given under the General Regulations governing Master's degrees. It is expected that the students will have had courses in biochemistry, biology and/or psychology with some exposure to basic university-level statistics.

2. Program Requirements
   a. Students in the program are required to take Systems Neuroscience (MED 6196) and one other graduate level course. Additional courses may be required based on the recommendation of the supervisory committee.
   b. Students are expected to attend and participate in the activities of the neuroscience group including the weekly seminar and journal club.

23.2 Graduate Diploma
The Faculty of Medicine offers a Graduate Diploma providing an opportunity for professionals and individuals within the health sector to obtain or upgrade their training in Community Health and Humanities or Clinical Epidemiology.

23.2.1 Qualifications for Admission
To be admitted to the graduate diploma program a student must be eligible to register as a graduate student, as given under the General Regulations governing M.Sc. degrees. In special circumstances, and upon the recommendation of the Community Health and Humanities, or Clinical Epidemiology Co-ordinator, a suitable combination of training and professional experience relevant to the program may be acceptable for admission.

23.2.2 Program Requirements
A graduate diploma in Community Health and Humanities requires successful completion of Introduction to Community Health (MED 6220), Epidemiology I (MED 6270), 3 electives, and 2 semester-length seminar courses (MED 6400-6401).

A graduate diploma in Clinical Epidemiology requires successful completion of Medicine 6200, 6250 and 6255 and the completion of a minimum of two of the Clinical Epidemiology seminar courses: Medicine 6400-6403 Research Seminars for M.Sc. Students I-IV.

23.2.3 Graduate Courses
6070 Seminars in Physiological Instrumentation
6075 Human Physiology, Performance and Safety in Extreme Environments (HSPE)
6090-6101 Special Topics
6102 Critical Theory in Health and Society
6103-6119 Special Topics
6127 Immunology I
6128 Immunology II (Prerequisite Medicine 6127)
613A/B Advanced Immunological Methods (same as the former 6130)
6131-6139 Special Topics
6140 Basic Cardiovascular and Renal Physiology
6141 Cardiovascular/Renal Techniques
6142 Selected Topics in Cardiovascular and Renal Physiology
6143 Cardiovascular Anatomy
6144 Current Concepts in Cardiovascular and Renal Pathophysiology
6180 Structure, Function and Pharmacology of Muscle
6190 General Pharmacology
6192 Pharmacology of Receptors and Receptor Effector Coupling Processes
6193 Advanced Topics in Neuroscience
6194 Advanced Topics in Physiology
6195 Neurobiology of Nervous System Diseases
6196 Systems Neuroscience
6197 Cellular Neuroscience
6198 Neuroanatomy for Graduate Students (accelerated format)
6199 Health Sciences: Writing and Grantsmanship
6200 Biostatistics I
6201 Elementary Statistics (one-credit hour)
6202 Univariate Inference (Prerequisite: 6201) (one-credit hour)
6203 Multivariate Inference (Prerequisite: 6202) (one-credit hour)
6220 Introduction to Community Health
6221 Concepts of Public Health (one-credit hour)
6222 Health Protection and Disease Prevention (Prerequisite: 6221) (one-credit hour)
6223 Health Promotion (Prerequisite: 6222) (one-credit hour)
Regulations Governing the Degree of Master of Science in Pharmacy

24.1 Qualifications for Admission

Admission to the M.Sc. (Pharm.) program will be offered on the basis of academic excellence. The basic requirements for admission are those established by the School of Graduate Studies of Memorial University of Newfoundland. The minimum qualification for admission is a recognized four-year undergraduate degree in Pharmacy, or a recognized four-year undergraduate degree in physical, chemical or biological science, or equivalent, with an overall B average.

Applications submitted through the School of Graduate Studies will be evaluated by the Graduate Studies Committee of the School of Pharmacy. No candidate will be admitted to the program without a recommendation of acceptance by the Graduate Studies Committee. Admission of a candidate to the M.Sc. (Pharm.) program shall be made by the Dean of Graduate Studies.

24.2 Formulation of Program of Study

Upon acceptance to the program, the Supervisor will assess the student's research interests, background, strengths and weaknesses. The Supervisor will formulate a program of study (see below) and select a supervisory committee for the student. The program of study will be selected on the basis of the thesis research, the background of the student, and the perceived need for specific graduate courses that will complement the student's working knowledge in his/her area of research. The supervisory committee will include the Supervisor, one other academic staff person from the School of Pharmacy, and one external academic staff person from Memorial University of
24.3 Program of Study

1. Minimum requirements for the M.Sc. (Pharm.) Degree will be the successful completion of:
   a. Six credit hours in program graduate courses chosen from those available in Pharmacy, Medicine or Biochemistry.
   b. Pharmacy Seminar
   c. A thesis embodying original research

2. Graduate courses will be chosen based on the academic background of the student and the area of his/her thesis research.
   Note: Qualified students accepted into the program who are considered to have an insufficient background for their thesis research may be required to successfully complete additional courses as selected by their Supervisor.

3. Pharmacy Seminar: All candidates for the Degree of M.Sc. (Pharm.) will be required to participate in the Pharmacy Seminar during the first two years of their program. Selected topics in pharmaceutical sciences will be presented and discussed by faculty, students and visiting speakers. Graduate students will be required to present one seminar each year. In the second year of study, the graduate student will present a progress report of his/her research in the seminar. Upon successful completion of the seminar the Chair of the Graduate Studies Committee will so notify the Dean of Graduate Studies.

24.4 M.Sc. (Pharm.) Thesis

Every candidate shall submit a thesis to the School of Graduate Studies. The thesis shall contain original research conducted by the candidate and approved by the supervisory committee.

In preparation for the thesis examination, the candidate will provide a copy of the thesis to each member of the supervisory committee. Each member of this committee will submit a written report to the Chairman of the Graduate Studies Committee.

Before the thesis is submitted, the student shall present an open seminar on the topic of investigation to the School of Pharmacy. Any serious deficiencies noticed at this stage should be carefully considered, in consultation with the supervisory committee, for revision.

Three copies of the thesis shall be submitted to the School of Graduate Studies through the School of Pharmacy in a form and format as specified by the School of Graduate Studies.

As specified in General Regulation Theses and Reports of the School of Graduate Studies, the written thesis will be reviewed by examiners appointed by the Dean of Graduate Studies on the recommendation of the Director of the School of Pharmacy or the Chairman of the Graduate Studies Committee.

24.5 Courses

Permission of the instructor and the Graduate Studies Committee of the School of Pharmacy is required for admission to any of the graduate Pharmacy courses.

6000 Medicinal Chemistry
6001 Advanced Physical Pharmacy
6002 Dosage Form Design and Novel Drug Delivery Systems
6003 Pharmacokinetic Modelling
6004 Principles of General Pharmacology
6005 Toxicology of Therapeutic Agents and Chemicals
6100-6104 Special Topics in Pharmacy

25 Regulations Governing the Degree of Master of Social Work

Professor and Director
A. Al-Krenawi

The degrees of Master of Social Work and Doctor of Philosophy are offered in social work.

The Master of Social Work (M.S.W.) may be completed by part-time or full-time study. All program components, with the exception of on-campus institutes, are offered by distance format and not in a regular classroom format.

The focus of the M.S.W. program is creative approaches to critical thinking for leadership in diverse social work practice. The program allows professionally qualified social workers holding the Degree of B.S.W. or an equivalent professional undergraduate degree in Social Work to undertake intensive advanced work in a specialized area of social work knowledge and practice.

The program is designed to be accessible to students in remote and rural areas, and assumes that: (1) students will have a computer and Internet access; and (2) can travel to St. John’s for the institute portion of the three practice courses. Students will be expected to incur charges for Internet services, long distance telephone charges, and travel and accommodation expenses.

Entrance into all courses and the offering of any course in an academic year is by approval of the School, consistent with the student’s program. Students are admitted only into a designated program of studies.

The School of Social Work may deliver special offerings of the M.S.W. and/or other programs of the School to identified groups of out-of-province students where numbers warrant. These offerings will be self-supporting, and therefore subject to an additional one-time non-refundable tuition fee as approved by the Board of Regents and payable on first registration following formal admission to the program. Students will also pay appropriate tuition fees for each semester during their tenure in the program.

Admission to the special offerings of these programs will be competitive, using the same procedures and standards that are in place for students applying to the St. John’s campus program(s).

Subject to approval by the Graduate Studies Committee of the School of Social Work, students admitted to an out-of-province program offering may apply to transfer to the equivalent program on the St. John’s campus. In such instances, the fee structure under which the student was admitted will not change. Subject to approval by the Graduate Studies Committee of the School of Social Work, students admitted to a St. John’s based program may apply to transfer to the equivalent out-of-province program. In these instances, students transferring from the St. John’s based program offerings to an equivalent out-of-province offering will be required to pay a pro-rated one-time fee upon formal transfer to the special offering.
25.1 Qualifications for Admission

1. Admission to the M.S.W. program is limited, selective, and competitive. Meeting the minimum criteria for admission does not guarantee acceptance to the program.

2. To be considered for admission, an applicant shall hold a Bachelor of Social Work (B.S.W.) degree (or an equivalent professional undergraduate degree in social work approved by the Graduate Studies Committee of the School of Social Work for recommendation to the Dean) from an institution recognized by the Senate, with at least second class standing, and an average of at least 70% in the last 60 undergraduate credit hours.

3. In addition to the stated academic requirements, the applicant must have completed, subsequent to obtaining the B.S.W. degree, at least two years employment in professional social work practice or in a comparable human service discipline or activity. Extensive relevant experience prior to undergraduate degree work may be recognized in full or partial fulfillment of this requirement.

4. For ten percent of seats per year, priority is given to applicants of First Nations/Aboriginal ancestry who meet the minimum criteria for admission. When the number of eligible applicants wishing to be considered under this clause exceeds the number of seats available, priority will normally be given to bona fide residents of Newfoundland and Labrador (see Qualifications for Admission). Applicants wishing to be considered under this clause shall complete the Educational Equity section of the Supplementary Information form at the time of application.

5. For an additional ten percent of seats per year, priority is given to applicants from other equity groups, based on a person’s sexual orientation, gender identity, race, ethnicity, disability and/or being disadvantaged by their economic position/background and who meet the minimum criteria for admission. When the number of eligible applicants wishing to be considered under this clause exceeds the number of seats available, priority will normally be given to bona fide residents of Newfoundland and Labrador (see Qualifications for Admission). Applicants wishing to be considered under this clause shall complete the Educational Equity section of the Supplementary Information form at the time of application.

6. Notwithstanding the above, and in keeping with the School’s commitment to achieving equitable representation in the student body, the Graduate Studies Committee of the School of Social Work, at its discretion, may give preference to additional applicants of First Nations/Aboriginal ancestry and/or members of other equity groups who meet the minimum criteria for admission.

7. Notwithstanding the above, and in keeping with the University’s special obligation to educate the citizens of Newfoundland and Labrador, when the number of eligible applicants exceeds the number of seats available, priority will normally be given to bona fide residents of Newfoundland and Labrador (see Qualifications for Admission).

8. Applicants will be deemed bona fide residents of Newfoundland and Labrador if at the time of application they are currently residing or have a permanent address in the province.

25.2 Procedure for Admission

1. Applicants must submit an application for admission with supporting documentation to the School of Graduate Studies, which approves recommendations for admission made by the Graduate Studies Committee of the School of Social Work. The supporting documentation will consist of: an official transcript of the applicant’s previous academic record submitted directly from the institution(s) attended; a statement of previous professional employment; a list of any published or unpublished works, a declaration of program emphasis and educational objectives; and two letters of appraisal, to be submitted by two referees, one assessing the applicant’s previous academic performance and one assessing the applicants’ previous practice performance. Letters of appraisal are to be submitted directly to the School of Graduate Studies by the referees.

Note: Independent of admission to the program, agencies providing the mandatory field internship may have a range of additional requirements such as Criminal Record Check, Child Protection Records Check, or Health Check.

2. The deadline date for receipt of applications for admission in September of each year is January 15 of the same year. All application forms and supporting documentation for admission to the program must be submitted to the School of Graduate Studies on or before the deadline of January 15. Under special circumstances, late applications and admissions in other semesters may be considered.

3. The Graduate Studies Committee of the School of Social Work may require the applicant to appear for a personal interview with one or more faculty members.

4. A person who meets the basic admission requirements under Qualifications for Admission, may, space permitting, take SCWK 6012 without applying for and being admitted to the M.S.W. program. Persons wishing to take a course under this provision must contact the M.S.W. Student Services Coordinator at least two months prior to the semester in which the course is scheduled. If there are available seats in the course, the applicant will need to submit to the School of Social Work the appropriate form requesting permission to register in a graduate course with evidence of B.S.W. graduation, academic transcripts, and a brief professional resume, and apply or reapply for admission to Memorial University of Newfoundland as an undergraduate.

5. A person who has completed an M.S.W. degree is eligible to register in any M.S.W. course offering, space permitting.

25.3 Plan of Study

1. A student’s plan of study will be developed cooperatively by the student and the M.S.W. Student Services Coordinator.

2. Specified supplementary studies may be required to ensure requisite knowledge pertinent to the requirements for the degree.

3. A student electing a thesis program shall be assigned a Supervisor by the Director of the School in consultation with the student. It is recommended that a thesis Supervisor be assigned as early in the program as possible. The thesis Supervisor, when assigned, shall normally assume the duties of faculty advisor and Pathway mentor.

4. a. Students who choose the thesis route, must complete a thesis, and a minimum of 21 credit hours consisting of SCWK 6012 (or the former 6011), 6013, 6014, 6413, 6917, and at least two of SCWK 6313, 6314, and 6315. Course route students must complete a minimum of 27 credit hours consisting of SCWK 6012 (or the former 6011), 6013, 6014, 6313, 6314, 6315, 6413, 6417 and 6917. Students in either route may be required to take additional courses.

b. In addition to the above, students will be required to register for SCWK 6000 during each of the relevant semesters as prescribed below, in accordance with their plan of study. This course comprises the academic mentorship component of the revised program and is designed to provide students with the opportunity to integrate curriculum with their individual academic and practice interests throughout their time in the program. For course route students, SCWK 6000 serves as a foundation for SCWK 6417. For thesis route students, SCWK 6000 serves as a foundation for their thesis.

i. Full-time students will register for SCWK 6000 beginning in the Fall of their first year and in each subsequent semester in which they are actively completing course work in the M.S.W. program.

ii. Part-time students will register for SCWK 6000 beginning in the Fall of their second year and in each subsequent semester in which they are actively completing course work in the M.S.W. program.

iii. By the end of the sixth week of the first semester in which students are registered in SCWK 6000, they are required to
submit a paper to their mentor, which, once agreed upon, will serve as an individual learning contract. The paper will outline: particular areas of interest, research, or study concentration; proposed goals, objectives, outcomes, and time frame; proposed list of readings; plan of study demonstrating how work in the various courses might be integrated or connected to their area of interest; and expectations of the mentor.

Students are also required to submit a written progress report due the last day of classes of each semester, beginning with the first semester in which they are registered in SCWK 6000. Students are also required to submit a written final report summarizing their experiences and accomplishments and learning contact. This report is due the last day of classes of the final semester in which students are registered in 6000.

iv. A grade of NC (No Grade Expected) will be awarded in all semesters of the course prior to the final Semester. The final grade in this non-credit course will be either Pas or Fal.

25.4 Field Internship SCWK 6917

Each M.S.W. student is required to complete a 500 hour field internship that is to be conducted in a setting and supervised by a qualified field instructor approved by the School of Social Work. The M.S.W. Field Education Coordinator is responsible for facilitating appropriate matches among the student, field instructor, and field internship setting.

At least four months prior to the commencement of the semester in which they intend to begin SCWK 6917, all students shall submit a completed Intent to Register in M.S.W. Field Internship form and a current resume to the M.S.W. Field Education Coordinator. At least six weeks before the internship commences, students shall submit an M.S.W. Field Internship Proposal to the Coordinator. Evaluation of the internship will be on a PAS/FAL basis.

The School of Social Work depends on the cooperation of community agencies external to the University to provide field internships and instruction to its students. Many of these agencies have a range of requirements, such as Criminal Record Check, Child Protection Records Check, or Health Check, which must be completed before starting the internship. Students unable to meet the agency’s requirements may be delayed in their program or prevented from completing their program of study. Students are required to complete and update these requirements in a timely fashion and at their own expense. The procedures of any given agency may change from time to time and are beyond the control of the University.

Students are responsible for their own financial support during the field internship. Part-time field internships of two semesters will require approval from the proposed agency, field instructor, and the M.S.W. Field Education Coordinator. Field instructors must have as a minimum a qualification an M.S.W. Degree and a minimum of two years post-M.S.W. social work employment. Although consideration will be given to all factors affecting the location and type of social work field internships, final approval of field internship rests with the School of Social Work. The School cannot guarantee the availability of M.S.W. field instruction in all communities and at all times.

Students who voluntarily withdraw from the field internship without prior approval of the M.S.W. Field Education Coordinator and the Graduate Officer, or who conduct themselves in such a manner as to cause the agency and the M.S.W. Field Education Coordinator to terminate the placement, will normally be awarded a grade of Fal in the field internship.

Students who voluntarily withdraw from the field internship with the prior approval of the M.S.W. Field Education Coordinator and the Graduate Officer cannot be guaranteed a second internship during that semester. In this case, the student will be awarded a grade of INC for the field internship. The student shall normally complete a field internship the following semester.

25.5 Course Format

To increase accessibility for students in remote and rural areas, we offer courses in the following formats:

1. SCWK 6012, 6013, 6014, and 6413 will be offered by distance delivery; that is, not in a regular classroom format.
2. SCWK 6313, 6314, and 6315 will be offered by on-campus institute consisting of 36 hours of classroom instruction. These courses also include home-study, conference calling, and/or Internet components scheduled prior to and/or following the institute. Students must be available on a full-time basis to attend classes and complete assignments and group projects during the institute portion of these courses. It is recommended that students take leave from their employment for the duration of an on-campus institute, which may be scheduled in a combination of weekday, evening, and weekend hours within a two week time period. The final decision regarding the on-campus institute schedule rests with the School of Social Work.
3. SCWK 6917 can be completed in St. John’s, or in a student’s home community, where appropriate supervision is available.
4. SCWK 6000 and 6417 can be completed in St. John’s or in a student’s home community.
5. In exceptional circumstances, and contingent upon student numbers and school resources, additional course sections may be offered in a regular classroom format.

25.6 Period of Study

For students admitted to the program under Plan of Study above:

1. For part-time students, the program is designed to permit completion of all degree requirements within three academic years (nine semesters) or two academic years (six semesters). The following is a sample program of study for nine semesters:

   **Fall Semester:**
   - SCWK 6012 in Year 1;
   - SCWK 6000, 6313, 6315, or 6413 in Year 2;
   - SCWK 6000; SCWK 6313, 6315, or 6413 in Year 3

   **Winter Semester:**
   - SCWK 6013 in Year 1;
   - SCWK 6000; SCWK 6313, 6314, or 6413 in Year 2

   **Spring Semester:**
   - SCWK 6014 in Year 1; SCWK 6000; SCWK 6314 or 6315 in Year 2
   - SCWK 6917 (Field Internship) may be completed in Fall/Winter/Spring of Year 3
   - SCWK 6417 (Pathway Scholarship) is the final requirement to be completed and may be completed in the same semester as SCWK 6917 (Field Internship). Students are required to register for SCWK 6000 concurrently with SCWK 6917 and 6417.

2. For full-time students, course route, the program is designed to permit completion of all degree requirements within one academic year (three semesters), as follows:

   **Fall Semester:**
   - SCWK 6000, 6012, 6013, and 6313 (institute)
25.7 Evaluation

1. Failure to attain a final passing grade of A or B in a program course, or PAS in a PASS/FAIL course, shall lead to termination of the student’s program, unless a re-read has been requested. Failure to obtain the required grades in the re-read shall lead to termination of the student’s program.

2. To remain in good standing students are required to maintain professional behaviour consistent with the current Code of Ethics of the Canadian Association of Social Workers (www.casw-acts.ca/practice/code3_e.html). Students who are registered in their home province are required to comply with the current Code of Ethics of their provincial association of social workers. Students who are not registered in their home province are required to comply with the current Code of Ethics of the Canadian Association of Social Workers (www.casw-acts.ca/practice/code3_e.html). Students who fail to meet this requirement will be required to withdraw from the School upon the recommendation of the Graduate Studies Committee.

25.8 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the School will allow.

Program Courses

6000 Pathway (mandatory repeatable non-credit course)
6012 Critical Thinking and Reflection (credit may not be obtained for both 6012 and the former 6011)
6013 Leadership for Social Justice (Prerequisite/Co-requisite 6012) (credit may not be obtained for both 6013 and the former 6540)
6014 Leadership in Social Policy and Programs (Prerequisite/Co-requisite 6012) (credit may not be obtained for both 6014 and the former 6530)
6313 Perspectives with Individuals and Families (Prerequisite/Co-requisite 6012) (credit may not be obtained for both 6313 and the former 6312 or 6322)
6314 Perspectives with Diverse Communities (Prerequisite 6012) (credit may not be obtained for both 6314 and the former 6230)
6315 Perspectives with Groups (Prerequisite 6012) (credit may not be obtained for both 6315 and the former 6332)
6413 Research Theory, Design, and Analysis (Prerequisite/Co-requisite 6012) (credit may not be obtained for both 6413 and the former 6412 or 6422)
6417 Pathway Scholarship (following completion of all other program components) (credit may not be obtained for both 6417 and the former 6432 or 6442)
6913 Field Internship (Prerequisites 6012; 6013; 6014; 6313; and 6413 and Prerequisite/Co-requisite 6314 and 6315) (credit may not be obtained for both 6913 and the former 6912)

Graduate Research Integrity Program (refer to Graduate Research Integrity Requirement)

Program Core Courses for Students Admitted Prior to Fall 2011
6011 Critical Thinking and Ethical Evaluation for Assessment and Intervention
6312 Crisis Intervention, Brief and Integrated Therapies for Diverse Individuals (Prerequisite/Co-requisite 6011) (credit may not be obtained for both 6312 and 6313)
6322 Family Therapy: Promotion of Strengths and Prevention of Violence in Diverse Families (Prerequisite 6011) (credit may not be obtained for both 6322 and 6313)
6332 Social Work Perspectives in Interdisciplinary Team Development and Group Therapy (Prerequisite 6011) (credit may not be obtained for both 6332 and 6315)
6412 Research Design for Social Work Assessment and Evaluation (Prerequisite/Co-requisite 6011) (credit may not be obtained for both 6412 and 6413)
6422 Data Analysis for Social Work Assessment and Evaluation (Prerequisite 6011 and 6412) (credit may not be obtained for both 6422 and 6413)
6432 Research Internship (2 credit hours) (Prerequisite 6011, 6412 and 6422)
6442 Colloquium Presentation Integrating Theory and Research in Advanced Clinical Practice (1 credit hour) (following completion of all other program components)
6912 Advanced Clinical Practice Internship (Prerequisites 6011, 6312, 6322 and Prerequisite/Co-requisite 6332) (credit may not be obtained for both 6912 and 6917)

Graduate Research Integrity Program (refer to Graduate Research Integrity Requirement) *Thesis students are required to complete only two of the three institute courses.

Program Elective Courses for Students Admitted Prior to Fall 2011
6230 Seminar in Community Development (credit may not be obtained for both 6230 and 6314)
6530 Seminar in Social Administration: Evaluation of Policies and Programs (credit may not be obtained for both 6530 and 6014)
6540 Supervision in Professional and Clinical Practice (credit may not be obtained for both 6540 and 6013)
6550 Feminist Therapy in Social Work Practice

Although the School does not currently offer a program in Social Policy and Administration, it has faculty expertise in these areas and, in the future, may offer the following courses:

6210 Seminar in Social Planning and Social Development
6225 Seminar in Organization Development
6510 Seminar in Social Administration: Social Policy Analysis, Development and Administration
6520 Seminar in Social Administration: Program Design and Development
6820-29 Individual Reading and Research in Special Areas
Regulations Governing the Degree of Master of Technology Management

26.1 Administration
The Program will be administered by an Academic Director appointed by the Executive Director of the Fisheries and Marine Institute, together with an Academic Advisory Committee.

An Academic Advisory Committee will be appointed by the Dean of Graduate Studies on recommendation of the Executive Director of the Fisheries and Marine Institute. This committee will consist of the Academic Director as Chair, three members from the Marine Institute and one member from each of the Faculty of Business Administration and the Faculty of Engineering and Applied Science. Normally, all appointments will be for a period of three (3) years.

A Technical Advisory Committee consisting of a cross-section of members with professional expertise related to the technology sector, will provide regular feedback on program content, instruction, and future direction of the Program. Members of this Committee will be appointed by the Dean of Graduate Studies on recommendation of the Executive Director of the Fisheries and Marine Institute. The Academic Director will be an ex officio member and Chair of the Technical Advisory Committee. Normally all appointments will be for a period of three (3) years.

26.2 Program
The Master of Technology Management (MTM) is a comprehensive academic program that provides a broad understanding of the structure and operation of organizations and the factors that influence business decisions in the context of technology-based organizations. It provides a technology management focus through the development of knowledge and understanding of the nature of technical operations and the factors that have an impact on their success, as well as the ability to apply these concepts within their organizations.

The program consists of two Options:
- Engineering and Applied Science Technology Option
- Aquaculture Technology Option

The program is offered online and requires successful completion of either (i) 24 credit hours of course work, including specialized technology-management courses, courses from the Faculty of Business Administration M.B.A. program, and a comprehensive project and report (6 credit hours), or (ii) 30 credit hours of comprehensive course work. Candidates will typically register on a part-time basis, but any who register for full-time study will normally complete the program in one academic year.

26.2.1 Admission Requirements
Admission to the program is on a competitive basis.

1. The deadlines for submission of applications are as follows:
   - Fall (September) semester: June 15
   - Winter (January) semester: October 15
   - Spring (May) semester: February 15
   Applications received after listed deadlines will be considered as time and resources permit.

2. To be considered for admission to the Engineering and Applied Science Technology Option an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:
   - a Memorial University of Newfoundland Bachelor of Technology, Bachelor of Maritime Studies, or a comparable undergraduate degree with appropriate technology sector and business management course work; and
   - a minimum of two (2) years relevant employment experience.

3. To be considered for admission to the Aquaculture Technology Option an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:
   - a post-graduate aquaculture credential or an aquaculture focus in their undergraduate degree; or significant professional experience in the aquaculture industry; and
   - a minimum of two (2) years relevant employment experience.

4. Upon acceptance into the program, students will be admitted to one of the two Options: the Engineering and Applied Science Technology Option or the Aquaculture Technology Option.

26.2.2 Program of Study

26.2.2.1 Master of Technology Management - Engineering and Applied Science Technology Option
1. Candidates for the Master of Technology Management (Engineering and Applied Science Technology Option) shall be required to complete a minimum of either:
   a. 24 credit hours of course work and a major project and report (6 credit hours). Course work includes two compulsory core courses (6 credit hours); and six elective courses (18 credit hours). Students on the project route will complete MSTM 6100: Project in Engineering and Applied Science Technology Management (6 credit hours).
      i. Core Courses (Two to be completed):
         MSTM 6031 Overview of Technical Operations
MSTM 6032 Managing Technological Innovation

ii. Elective Courses (Six to be completed: three from Category A and three from Category B):
   Category A
   BUSI 8104 Organizations: Behaviour and Structure
   BUSI 8106 Marketing
   BUSI 8107 Managing Ethics and Responsibility
   BUSI 8109 Accounting for Management
   BUSI 8204 Human Resource Management (Prerequisite: BUSI 8104)
   Category B
   MSTM 6022 Communication and Conflict Resolution in a Technical Environment
   MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
   MSTM 6033 Quality Systems
   MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
   MSTM 6035 Information Technology Applications in the Health and Engineering Technology Environments
   MSTM 6036 Supply Chain Management and Advanced Engineering Technology Operations
   MSTM 6037 Risk Analysis and Operations in the Engineering Technology Sector
   MSTM 6038 Manufacturing and Engineering Technology Management
   MSTM 6039 Sustainability and Environmental Responsibility

Project in Engineering and Applied Science Technology Management
MSTM 6100 Project in Engineering and Applied Science Technology Management (6 credit hours). Students will choose a topic in consultation with the Academic Director and will work independently to carry out an in-depth study of a problem or application within the area of technology management and fully document and present their findings. Preferably the problem will be directly related to a workplace situation.

b. 30 credit hours on a comprehensive-course route. Course work includes two compulsory core courses (6 credit hours); and eight elective courses (24 credit hours).
   i. Core Courses (Two to be completed):
      MSTM 6031 Overview of Technical Operations
      MSTM 6032 Managing Technological Innovation
   ii. Elective Courses (Eight to be completed: three from Category A and five from Category B):
      Category A
      BUSI 8104 Organizations: Behaviour and Structure
      BUSI 8106 Marketing
      BUSI 8107 Managing Ethics and Responsibility
      BUSI 8109 Accounting for Management
      BUSI 8204 Human Resource Management (Prerequisite: BUSI 8104)
      Category B
      MSTM 6022 Communication and Conflict Resolution in a Technical Environment
      MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
      MSTM 6033 Quality Systems
      MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
      MSTM 6035 Information Technology Applications in the Health and Engineering Technology Environments
      MSTM 6036 Supply Chain Management and Advanced Engineering Technology Operations
      MSTM 6037 Risk Analysis and Operations in the Engineering Technology Sector
      MSTM 6038 Manufacturing and Engineering Technology Management
      MSTM 6039 Sustainability and Environmental Responsibility

2. Up to three relevant elective courses (6 credit hours) may be transferred from other graduate programs within the School of Graduate Studies or from other post-secondary institutions recognized by Senate, subject to the approval of the Dean of Graduate Studies on the recommendation of the Academic Director.

3. Those having already completed an M.B.A. degree at this University, or a degree recognized as equivalent by the Dean of Graduate Studies, may be granted advanced standing and fulfill the requirements for Engineering and Applied Science Technology Option by completing either (i) the two required MSTM courses, three electives chosen from Category B, and the Project in Engineering and Applied Science Technology Management (MSTM 6100) or (ii) the two required MSTM courses and five electives from Category B.

26.2.2.2 Master of Technology Management - Aquaculture Technology Option

1. Candidates for the Master of Technology Management (Aquaculture Technology Option) shall be required to complete a minimum of either:
   a. 24 credit hours of course work and a major project and report (6 credit hours). Course work includes two compulsory core courses (6 credit hours); and six elective courses (18 credit hours). Students on the project route will complete MSTM 6102: Project in Aquaculture Technology Management (6 credit hours).
      i. Core Courses (Two to be completed):
         MSTM 6031 Overview of Technical Operations
         MSTM 6032 Managing Technological Innovation
      ii. Elective Courses (Six to be completed: two from Category A, two from Category B, and two from Category C):
          Category A
          BUSI 8104 Organizations: Behaviour and Structure
          BUSI 8106 Marketing
          BUSI 8107 Managing Ethics and Responsibility
          BUSI 8109 Accounting for Management
          BUSI 8204 Human Resource Management (Prerequisite: BUSI 8104)
          Category B
          MSTM 6022 Communication and Conflict Resolution in a Technical Environment
          MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
          MSTM 6033 Quality Systems
          MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
          MSTM 6037 Risk Analysis and Operations in the Engineering Technology Sector
          Category C
          MSTM 6038 Manufacturing and Engineering Technology Management
          MSTM 6039 Sustainability and Environmental Responsibility

Archived Previous Calendar
Current University Calendar available at mun.ca/university-calendar
MSTM 6039 Sustainability and Environmental Responsibility
MSTM 6056 Management of International Development

Category C
MSTM 6071 Management of Aquaculture Technology
MSTM 6072 Animal Husbandry Management
MSTM 6073 Aquaculture Environmental Management
MSTM 6074 Aquaculture Site and Operational Assessment
MSTM 6075 Aquaculture Engineering Technology Management

Project in Aquaculture Technology Management
MSTM 6102 Project in Aquaculture Technology Management (6 credit hours).
Students will choose a topic in consultation with the Academic Director or designate and will work independently to carry out an in-depth study of a problem or application within the area of aquaculture technology management and fully document and present their findings. Preferably the problem will be directly related to a workplace situation.

b. 30 credit hours on a comprehensive-course route. Course work includes two compulsory core courses (6 credit hours); and eight elective courses (24 credit hours).
   i. Core Courses (Two to be completed):
      MSTM 6031 Overview of Technical Operations
      MSTM 6032 Managing Technological Innovation
   ii. Elective Courses (Eight to be completed: two from Category A, three from Category B, and three from Category C):
      Category A
      BUSI 8104 Organizations: Behaviour and Structure
      BUSI 8106 Marketing
      BUSI 8107 Managing Ethics and Responsibility
      BUSI 8109 Accounting for Management
      BUSI 8204 Human Resource Management (Prerequisite: BUSI 8104)
      Category B
      MSTM 6022 Communication and Conflict Resolution in a Technical Environment
      MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
      MSTM 6033 Quality Systems
      MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
      MSTM 6037 Risk Analysis and Operations in the Engineering Technology Sector
      MSTM 6039 Sustainability and Environmental Responsibility
      MSTM 6056 Management of International Development
      MSTM 6071 Management of Aquaculture Technology
      MSTM 6072 Animal Husbandry Management
      MSTM 6073 Aquaculture Environmental Management
      MSTM 6074 Aquaculture Site and Operational Assessment
      MSTM 6075 Aquaculture Engineering Technology Management

2. Up to three relevant elective courses (9 credit hours) may be transferred from other graduate programs within the School of Graduate Studies or from other post-secondary institutions recognized by Senate, subject to the approval of the Dean of Graduate Studies on the recommendation of the Academic Director.

26.2.3 Evaluation
1. Candidates for the Master of Technology Management Degree must obtain a grade of B or better in all program courses.
2. Candidates who receive a grade of less than B in any course will be permitted to remain in the program provided the course is repeated and passed with a grade of B or better. Alternatively, the candidate may, on the recommendation of the Academic Director, and with the approval of the Dean of Graduate Studies, substitute another graduate course. Only one course repetition or substitution will be permitted during the candidate’s program after which the candidate shall be required to withdraw from the program.

27 Regulations Governing the Degree of Master of Women's Studies
Associate Professor and Head of the Department
K. Side

27.1 General Information
The Master of Women’s Studies degree allows students to examine critically - at an advanced level - how gender shapes our identities, our social interactions and our world. Students will incorporate, into their study, frameworks for thinking about power relations and the ways those relations are shaped and challenged by intersecting constructions of gender, race, class, sexuality, age, ability and nationality.
Faculty members in the Department of Women’s Studies bring research expertise and interests in a range of fields, including: citizenship and human rights; corporeal feminism; reproductive rights, auto-biography and life writing; postcolonial and transnational feminisms; and First Nations studies. This master’s program offers a thriving environment that draws on the expertise of scholars from a wide range of academic disciplines.
The program is administered by the Department of Women's Studies and the Graduate Studies Advisory Committee.
The Graduate Co-ordinator, on behalf of the Department of Women’s Studies, Graduate Studies Advisory Committee, makes recommendations to the Dean of Graduate Studies concerning admission, and financial support for students, and administers all other matters pertaining to the graduate program.
The Master of Women's Studies Degree offers, by full or part-time study, three degree options: thesis, project or internship.

27.2 Qualifications for Admission
1. Admission is limited and competitive. To be considered for admission, an applicant will normally hold an Honours Degree or
2. Applicants who do not have an adequate background in Women's Studies may be required to complete Women's Studies 4000 or equivalent normally with a grade of 75% or higher.

27.3 Program of Study

1. Upon admission, each graduate student in the thesis program will be assigned an academic advisor for one year. The supervisory committee, formed prior to the development of the thesis project proposal, will include two supervisors, normally from different disciplinary units. For students selecting the non-thesis option, one Supervisor will be selected.

2. All candidates are required to complete Women's Studies 6000, 6100, and 6200.

3. Six to 9 additional elective credit hours approved by the Graduate Studies Advisory Committee and the student's supervisor(s) will be required. These elective credit hours will comprise courses selected from graduate courses in cognate academic units, and/or Women's Studies 6300, 6380, 6500 and/or from the block of special topics courses in Women's Studies 6400-6420.

4. Each student will be required to give a public seminar on her/his thesis research, project or internship after the thesis proposal has been approved and before submission of her/his final thesis/project/internship report.

27.4 Thesis

1. Candidates for the Degree of Master of Women's Studies (thesis option) will be required to complete a minimum of 15 credit hours. Candidates will also be required to complete a thesis.

2. A thesis proposal, approved by the student's supervisors, will be presented to the Graduate Studies Advisory Committee for its approval. The thesis proposal must normally be approved by the Graduate Studies Advisory Committee no later than the end of the candidate's third semester in the program.

3. The thesis will be evaluated in accordance with the procedures outlined in General Regulation Theses and Reports of the School of Graduate Studies.

27.5 Project

1. Candidates for the Degree of Master of Women's Studies (project option) will be required to complete a minimum of 18 credit hours. Candidates will also be required to complete a project.

2. The Master's project must be interdisciplinary in nature and aimed at linking theoretical and practical knowledge by recognizing and articulating a problem relevant to Women's Studies and by developing and justifying theoretical and practical approaches. The project report should consist of the project (e.g. a film or video; a computer project; a website; a manual or guidebook; a kit of learning resources; photographs; audio or videotape, etc.) as well as a literature-based rationale, theoretical basis and justification for its use. The length of the written portion of the project should be 50-70 pages. Regardless of the form that the project takes (e.g. a film or video) a computer project; a website; a manual or guidebook; a kit of learning resources; photographs; audio or videotape, etc.) there must be a written project report.

3. A project proposal, approved by the student's supervisor, will be presented to the Graduate Studies Advisory Committee for its approval. The project proposal must normally be approved by the Graduate Studies Advisory Committee no later than the end of the candidate's third semester in the program.

4. The project will be evaluated in accordance with procedures outlined in General Regulation Theses and Reports of the School of Graduate Studies.

27.6 Internship

1. Candidates for the Degree of Master of Women's Studies (internship option) will complete a minimum of 18 credit hours. Candidates will also be required to complete an internship.

2. Internship placements shall be for one semester. Part-time internships of two semesters will require approval from the proposed agency or institution and the Graduate Studies Advisory Committee.

3. Students, in consultation with their supervisor and the Women's Studies Graduate Co-ordinator, will explore internship options and locate an eligible person to provide field instruction during their internship. Although consideration will be given to all factors affecting the location and type of all Women's Studies internships, the final decision regarding internship rests with the Head, Department of Women's Studies and the Dean of Graduate Studies.

4. Factors affecting the type and location of the internship include: the number of immersion hours per week; the extent to which the intern takes up a training, supervisory and/or research role and whether the intern would be working directly or indirectly with clients of the agency or institution.

5. Each internship shall be supervised by a Supervisory Committee of at least three members, including the candidate's supervisor, the field supervisor and Women's Studies Graduate Co-ordinator or her/his delegate.

6. The Supervisory Committee will meet with the intern and field supervisor at least once during the internship period to make an assessment of the nature and quality of the intern's progress, and to approve any modifications to the internship.

7. The internship proposal, approved by the student's supervisor, will be presented to the Graduate Studies Advisory Committee for its approval. The proposal must normally be approved by the Graduate Studies Advisory Committee no later than the end of the candidate's third semester in the program.

8. Regardless of the form that the internship takes, there must be a written internship report (35-50 pages). When the candidate completes the internship report, the Supervisory Committee will recommend to the Dean of Graduate Studies a grade of pass or fail. A candidate will be permitted to submit an internship report only after the Supervisory Committee has determined that the internship placement has been fully completed.

9. Should the Head, Department of Women's Studies, on the recommendation of the Supervisory Committee, terminate the internship prior to its completion, it may recommend to the Dean of Graduate Studies one of the following:
   a. submission of a new internship proposal for a different field setting (once only);
   b. selection of the thesis or project option;
   c. termination of the student's program.
27.7 Courses
6000 Feminist Theory
6100 Epistemological and Methodological Approaches to Women's Studies
6200 Graduate Seminar in Women's Studies
6300 Feminism as Community
6380 Women, Nature, Science and Technology (cross-listed as Sociology 6380)
6400-6420 Special Topics in Women's Studies
6500 Women and Communication Studies

28 Regulations Governing the Degree of Doctor of Philosophy

In this and following regulations and notes, "Head" and "Department" shall be understood to mean "Dean or Director" and "Faculty or School" respectively, applying the regulations to a Faculty or School in which there are no Departmental divisions.

Students should consult the General Information and Regulations Governing All Graduate Students for information concerning the Degree of Doctor of Philosophy. For information concerning the number of courses required for specific programs, students should consult the following listing for the appropriate Department.

The degree of Doctor of Philosophy (Ph.D.) is offered in selected areas in Anthropology, Archaeology, Atomic and Molecular Physics, Biochemistry, Biology, Chemistry, Cognitive and Behavioural Ecology, Computer Science, Condensed Matter Physics, Earth Sciences (Geology), Earth Sciences (Geophysics), Education, Engineering, English Language and Literature, Environmental Science, Ethnomusicology, Experimental Psychology, Folklore, Food Science, Geography, History, Interdisciplinary, Linguistics, Management, Marine Biology, Mathematics, Medicine, Pharmacy, Physical Oceanography, Social Work, Sociology, Statistics and Theoretical Physics.

28.1 Anthropology

Associate Professor and Head of the Department
M. Tate

28.1.1 Program of Study

1. The Ph.D. in Anthropology is offered in historic anthropology and ethnography of Newfoundland and Labrador, and Western Europe.
2. An applicant must normally hold a Master’s Degree with a specialization in social and cultural anthropology. In exceptional circumstances, a student who has spent three semesters in the M.A. program may be recommended for transfer into the Ph.D. stream.
3. Residency: the Department requires a minimum residency of two years for Ph.D. students.
4. A supervisory committee will be established for each student as per General Regulations, Supervision, Ph.D. and Psy.D. Candidates.
5. Students will normally be required to successfully complete two courses during their first three semesters in the program: Anthropology 8300 and 6890. The supervisory committee may require the candidates to complete additional graduate courses.
6. All candidates must demonstrate a reading knowledge of a second language to be determined in consultation with the supervisory committee. This language will normally be a language in which there is a substantial body of literature in Social and Cultural Anthropology. It could also be a field language pertinent to the candidate’s project. The exam will be set and marked by an authority determined by the Head of the Department and the Dean of Graduate Studies as per General Regulations, Evaluation, Evaluation of Graduate Students, 4., and will normally be completed before the Comprehensive Examination is undertaken.
7. The Ph.D. Comprehensive Examination shall be administered in accordance with General Regulations, Comprehensive Examinations. The examination may be oral, written or both, and shall consist normally of three sessions, each of up to three hours duration, within a one week period, or three (3) one week take home examinations. Candidates will prepare for these examinations by undertaking supervised readings in three fields prescribed by the three members of the comprehensive exam committee. The examination will deal with specified areas of social/cultural anthropology. The examination will normally be scheduled in the third week of November each year in the second year of the candidate’s program.
8. The candidate must submit a written thesis proposal for presentation to the Department two months following completion of his/her comprehensive examination.
9. As stated in the General Regulations for Graduate Studies, the time limit for completion of the Degree is 7 years.

28.1.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.
6010 Cultural Ecology
6071 Health and Illness: Cultural Contexts and Constructions
6081 Anthropology of Gender
6089 Anthropology of Underclass Life
6100 Social Organization
6110 Culture and Personality
6140 The Community
6210 Language and Culture
6240 Atlantic Regional Studies
6260 Social and Economic Development
6280 Newfoundland Ethnography
6281 Labrador Ethnography
6282 Ethnography of a Single Region
6300 Fieldwork and Interpretation of Culture
6400 Current Themes in Cultural Anthropology
6410 History of Anthropology
6412 Anthropological Theory
6413 Applied Anthropology
28.2 Archaeology
Professor and Interim Head of the Department
S. Brown

28.2.1 Program of Study
1. The Ph.D. in Archaeology is offered in prehistoric and historic archaeology of Northeastern North America and the Arctic.
2. An applicant must normally hold a Master's Degree with a specialization in archaeology.
3. The Department requires a minimum residency of six semesters for Ph.D. students.
4. A supervisory committee will be established for each student as per General Regulations, Supervision, Ph.D. and Psy.D. Candidates, 2.
5. Students will normally be required to successfully complete two courses during their first three semesters in the program: Archaeology 6700 and 6411. The supervisory committee may require the candidates to complete additional graduate courses.
6. All candidates must demonstrate a reading knowledge of a second language to be determined in consultation with the supervisory committee. This language will normally be a language in which there is a substantial body of literature in Archaeology. The exam will be set and marked by an authority determined by the Head of the Department and the Dean of Graduate Studies (see General Regulations, Evaluation, Evaluation of Graduate Students, 4.) and will normally be completed before the Comprehensive Examination is undertaken.
7. The Ph.D. Comprehensive Examination shall be administered in accordance with General Regulations, Comprehensive Examinations. The examination may be oral, written or both, and shall consist normally of three sessions, each of up to three hours duration, within a one week period, or three (3) one week take home examinations. Candidates will prepare for these examinations by undertaking supervised readings in three fields prescribed by the three members of the comprehensive exam committee. The examination will deal with specified areas of archaeology. The examination will normally be scheduled in the third week of November each year in the second year of the candidate’s program.
8. The candidate must submit a written thesis proposal for presentation to the Department two months following completion of his/her comprehensive examination.
9. As stated in the General Regulations for Graduate Studies, the time limit for completion of the Degree is 7 years.

28.2.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:
6020 Bioarchaeology
6040 Human Osteology
6095 Advanced Studies in Ethnohistory (same as History 6095)
6151 Palaeoethnobotany
6181 Palaeoeskimo Cultures of the Eastern Arctic
6182 Advances in Material Culture Analysis
6187 Readings in Maritime Provinces Prehistory
6189 Palaeopathology
6191 Approaches to Early Modern Material Culture
6192 Conservation Method and Theory
6290 Newfoundland and Labrador Prehistory
6310 Economic Analyses in Archaeology
6320 Ethnoarchaeology
6330 Archaeological Field Conservation
6409 History of Archaeology
6411 Theory and Method in the Study of Archaeology and Prehistory
6500 Special Topics in Historical Archaeology (Prerequisite 6191)
6680-6699 Special Topics in Archaeology and Prehistory
6700 Interpretative Methods in Archaeology
6701 Interpretative Methods in Historical Archaeology
6890 Graduate Seminar

28.3 Biochemistry
Professor and Head of the Department
M. Mulligan

28.3.1 Program of Study
1. The Degree of Doctor of Philosophy is offered in Biochemistry or Food Science to full-time and part-time students.
2. The admission requirements for the graduate programs in Biochemistry and Food Science are as given under General Regulations. Depending on the background and/or area of specialization, a candidate's program may include additional courses taken for credit in Biochemistry, Food Science or related subjects.
3. The program of a candidate for the Ph.D. Degree shall be the responsibility of the supervisory committee, composed of the Supervisor and at least two other faculty members recommended with the concurrence of the Supervisor by the Head.
4. It is the responsibility of the student to arrange regular meetings with his or her graduate supervisory committee. A semi-annual
report, prepared by the Supervisor and signed by all members of the supervisory committee, is required to be given to the Head of the Department or delegate.

5. All candidates for the Ph.D. Degree shall be required to attend and participate in Departmental seminars.

6. A candidate for the Ph.D. will be required to present a seminar on his/her research area within 18 months of starting the program and again immediately prior to the submission of thesis.

Additional Regulations for Each Program

Biochemistry (Additional)

7. A candidate for the Ph.D. in Biochemistry shall normally take the Comprehensive Examination within the first seven semesters of his or her program. The examination will have two components: the preparation of a grant proposal on a topic related to the student’s research specialization followed by an oral examination of the proposal. Failure of this examination will result in the termination of the candidate’s program.

Food Science (Additional)

8. A candidate for the Ph.D. Degree in Food Science shall be required to take the comprehensive examination normally within three semesters of his/her enrolment in the doctoral program and under no circumstances later than six semesters. The examination shall consist of two parts:

a. A written examination covering the following areas of food science.
   Food Chemistry
   Food Processing
   Food Microbiology and Biotechnology
   Biochemical and Food Engineering
   Food Analysis
   Nutrition Fundamentals

b. The candidate shall be required to defend orally an assigned research topic that may be related to his/her area of concentration. The candidate shall be required to provide a written submission of the research topic to the examination committee at least three weeks before the date of the oral examination. The comprehensive examination committee shall examine the candidate orally on any or all aspect(s) of the research topic and the written examination.

c. In order to pass the comprehensive examination, the candidate is required to pass both the written and oral segments.

28.3.2 Courses

A series of advanced courses in the areas outlined below will be offered. Normally only one course will be offered per semester.

6200 Current Biochemical Research Topics I
6210 Current Biochemical Research Topics II
6400 Control of Intermediary Metabolism
6410 Molecular Endocrinology
6420 DNA: The Structure and Function of Genes (Prerequisite: An introductory course in molecular biology, or its equivalent, at the senior undergraduate level, e.g., Biochemistry 4100)
6421 RNA: Structure, Function and Synthesis (Prerequisite: An introductory course in molecular biology, or its equivalent, at the senior undergraduate level, e.g., Biochemistry 4100)
6422 Regulation of Protein Synthesis (Prerequisite: An introductory course in molecular biology, or its equivalent, at the senior undergraduate level, e.g., Biochemistry 4100)
6430 Bioenergetics
6440 Membranes
6450 Proteins
6500 Enzymology
6520 Nutritional Biochemistry
6530 Food Biochemistry
6590 Molecular Biology I (cross-listed as Biology 6590 and Medicine 6590) Prerequisites: Biology 4241, Biochemistry 4100 (or equivalent)
6591 Molecular Biology II (cross-listed as Biology 6591 and Medicine 6591) Prerequisites: Biology 4241, Biochemistry 4100 (or equivalent)
6592 Bacterial Genetics (cross-listed as Biology 6592) Prerequisite: Biology 4241 or Biochemistry 4100 (or equivalent)
6593 Selected Readings in Molecular Biology (cross-listed as Biology 6593) Prerequisites or Co-requisites: Biology 6590, 6591/Medicine 6590, 6591 (or equivalent)
6600 Metabolic Toxicology
6610 Comparative Biochemistry
6620 Biochemical Adaptation
6630 Marine Biochemistry
6640 Biochemistry of Cancer
6650 Science and Technology of Seafoods
6660 Industrial Microbiology
6670 Biological Waste Treatment
6680 Processing and Quality of Foods

28.4 Biology

Associate Professor and Head of the Department
P. Marino

The Degree of Doctor of Philosophy is offered in Biology to full-time and part-time students in Biology and Marine Biology. Students interested in animal behaviour should also consult the section in the Calendar describing the Doctoral programs Cognitive and Behavioural Ecology.

28.4.1 Program of Study - Biology

1. A student will be required to take Biology 7000 (Graduate Core Seminar).

2. Admission to a Ph.D. program in Biology shall not normally take place until after the completion of the course requirements and the submission of the thesis for the M.Sc. Degree. However, on the recommendation of the Department, this requirement may be
3. The program of a candidate shall be the responsibility of a Supervisory Committee composed of the Supervisor and at least two other appropriate members recommended to the Dean by the Head (or delegate) of the Department with the concurrence of the Supervisor.

4. The Supervisory Committee shall interview the student normally within a month of first registration, to discuss the student's program and to explore any areas of weakness in the candidate's biological knowledge, especially where these relate to the intended areas of research. The Supervisory Committee will recommend a student's subdiscipline within Biology to the Department in writing after this meeting.

5. It is the function of a Supervisory Committee to have regular meetings, at least annually, with its graduate student. A meeting report, signed by all members of the Supervisory Committee and student, must be given to the Department. A copy will be sent to the graduate student and to the Dean of Graduate Studies.

6. The candidate will present a tentative outline of the proposed research to the Supervisory Committee, with a copy to the Department by the end of the second semester, and preferably prior to commencement of the research.

7. The student will present a research seminar to the Department, normally by the end of the second semester following admission, to describe the research topic being investigated and the methodologies to be employed. This seminar provides an opportunity for the student to receive constructive input from the broad biological community.

8. When the Supervisory Committee deems it necessary, a working knowledge of a language other than English may be required.

9. Comprehensive Examination
   a. Timing of Examination
      i. Timing of the comprehensive examination shall follow General Regulation, 1. under Comprehensive Examination, Ph.D. Comprehensive Examination, governing the Degree of Doctor of Philosophy. A candidate registered in a full-time Ph.D. program in the Faculty of Science, Department of Biology shall normally take the comprehensive examination during the first year of the program, and no later than one year after completion of the prescribed courses.
      ii. The procedure shall be initiated by the candidate's Supervisor who will notify the Department of Biology, in writing, of the candidate's readiness. Failure to meet the above requirement can result in the candidate being required to withdraw from the program.
   b. Examination Committee
      The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Department of Biology according to Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination, 2. of the General Regulations of the School of Graduate Studies. No more than two members of the Examination Committee may be members of the candidate's Supervisory Committee. The committee shall meet and recommend to the Department in writing an examination seminar topic within the student's previously determined subdiscipline.
   c. Examination Procedure
      The Department shall provide the student the examination date and the seminar topic in writing not more than six nor less than four weeks prior to the examination. The student shall provide each member of the Examination Committee a written paper on the seminar topic one week prior to the examination. The Examination Committee shall evaluate the candidate's presentation and response to questions put to him/her during the Oral Examination both on the seminar and within the student's subdiscipline of Biology.
   d. Subsequent Action
      The Examination Committee will meet in camera to arrive at its conclusions. The Chair shall report the results of the Examination to the Head and the Dean of Graduate Studies for transmission to the candidate. The report will include one of the following decisions: a) the student passed with distinction, passed or failed. b) if failed and it is the first examination whether the student may be re-examined.
   e. Re-examination
      Comprehensive Re-examination if permitted will occur not sooner than one month and not more than six months after the first. The candidate and his or her Supervisory Committee shall be informed of the deficiencies found. The format for the second examination will be determined by the Examination Committee with the approval of the Biology Graduate Studies Committee. The candidate will be informed of the topic and format four to six weeks prior to the examination. The examination will follow the procedure outlined in b, c and d above. A failure will require the student to withdraw from the program.

10. Theses shall conform to Theses and Reports of the General Regulations of the School of Graduate Studies and the Departmental Guidelines.

28.4.2 Program of Study - Marine Biology
1. A program of study leading to a Doctor of Philosophy with a specialization in Marine Biology is governed by the above regulations.
2. To be considered for admission, applicants must have a background equivalent to that provided by the M.Sc. specialization in Marine Biology.
3. A student will be required to take Biology 7000 (Graduate Core Seminar) and 6 credit hours in Biology courses from the following group: 6710, 7531, 7535, 7540, 7541, 7551, 7560, and 7561.
4. Normally students will be required to take 6 credit hours in Biology courses from the following group: 6710, 7531, 7535, 7540, 7541, 7551, 7560 and 7561.
5. Depending on the student's area of research and background additional courses may be required.

28.4.3 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:
6000 Research Topics in Microbiology
6100 Modern Problems in Botany
6110 Advanced Phycology
6120 Mycology
6350 Behavioural Ontogeny (Cross-listed as Psychology 6350)
6351 Behavioural Ecology and Sociobiology (Cross-listed as Psychology 6351)
6355 Field Course in Animal Behaviour (Cross-listed as Psychology 6355)
Candidates must submit and successfully defend a thesis deemed acceptable by two internal and one external examiner as outlined in the General Regulations, according to one of the following descriptions:

a. A 3 hour written part covering topics in Organic Chemistry, and, subsequent to the written examination at the discretion of the comprehensive examination committee, an oral exam designed to explore areas of perceived deficiency.

b. A 1.5 hour written part covering topics in Inorganic Chemistry, and, subsequent to the written exam, an oral examination designed to further explore areas of Inorganic Chemistry.

c. A paper on a research topic selected by the student in consultation with his/her supervisor and the examination committee, and subsequently, an oral examination designed to explore general areas of Analytical and/or Physical Chemistry and areas of chemistry related to the research topic.

7. Candidates must submit and successfully defend a thesis deemed acceptable by two internal and one external examiner as outlined

28.5 Chemistry

Professor and Head of the Department
P. Pickup

28.5.1 Program of Study

The Degree of Doctor of Philosophy in Chemistry is offered as full-time or part-time study. A Master's Degree in Chemistry or related area from a recognized university is normally required for entry into the Ph.D. program. Students holding a Bachelor's Degree (Honours or equivalent) in Chemistry may be considered for direct admission into the Ph.D. program. Students currently registered in the Memorial University of Newfoundland's Chemistry M.Sc. program for a minimum of three semesters may request transfer into a Ph.D. program. The transfer should be supported by the Supervisor and the Supervisory Committee and subsequent to satisfactory presentation of a written progress report and Ph.D. research proposal.

1. Candidates are normally required to write American Chemical Society (ACS) placement test(s) in the first two weeks of the initial semester of registration in order to determine an appropriate course program.

2. Candidates will be assigned a Supervisory Committee consisting of the Supervisor and at least two other appropriate faculty members appointed by the Dean on recommendation of the Chemistry Deputy Head (Graduate Studies).

3. The program of a candidate must be arranged by the Supervisor in consultation with the Supervisory Committee and the student before the second semester of registration. It is the responsibility of the Supervisory Committee to meet at least annually with the student, to provide guidance at all stages of the candidate's program, and, in consultation with the student, to prepare annual written progress reports for submission to the Dean of Graduate Studies.

4. Candidates holding a Master's Degree from a recognized university are normally required to successfully complete a minimum of 6 credit hours of graduate Chemistry courses with a minimum grade of B and to present a Departmental seminar on a topic not directly related to the candidate's research (Chemistry 6002) as well as a seminar describing the candidate's research (Chemistry 6003). Courses taken towards a Master's Degree may not be repeated. Candidates not holding a Master's Degree must successfully complete at least 12 credit hours of graduate Chemistry courses with a minimum grade of B in addition to Chemistry 6002 and 6003.

5. Candidates are required to attend Departmental seminars.

6. Candidates must pass a comprehensive examination, as described in the General Regulations, according to one of the following descriptions:

a. A 3 hour written part covering topics in Organic Chemistry, and, subsequent to the written examination at the discretion of the comprehensive examination committee, an oral exam designed to explore areas of perceived deficiency.

b. A 1.5 hour written part covering topics in Inorganic Chemistry, and, subsequent to the written exam, an oral examination designed to further explore areas of Inorganic Chemistry.

c. A paper on a research topic selected by the student in consultation with his/her supervisor and the examination committee, and subsequently, an oral examination designed to explore general areas of Analytical and/or Physical Chemistry and areas of chemistry related to the research topic.
28.5.2 Courses
6002 Doctoral Seminar
6003 Doctoral Research Seminar
6110 Analytical Chemistry II
6150 Advanced Spectroscopic Techniques
6151 Analytical Separations and Organic Mass Spectrometry
6152 Electroanalytical Techniques
6153 Techniques in Sampling, Trace Analysis and Chemometrics
6154 Business Management and Good Laboratory Practice
6155 Computers in Instrumental Analysis and Basic Electronics (same as Med 6070)
6160 Laboratory Projects in Sampling, Electroanalysis and Trace Analysis
6161 Laboratory Projects in Analytical Separations and Spectroscopic Techniques
6190-9 Selected Topics in Analytical Chemistry
6201 Bioinorganic Chemistry
6202 Main Group Chemistry
6204 Mechanisms in Catalysis
6205 Photochemistry of Transition Metal Complexes
6210 Organometallic Chemistry
6290-9 Selected Topics in Inorganic Chemistry
6300 Quantum Chemistry I
6301 Quantum Chemistry II
6302 Molecular Spectroscopy
6304 Computational Chemistry I
6310 Electronic Structure Theory
6323 Chemical Thermodynamics I
6324 Chemical Thermodynamics II
6340 Biophysical Chemistry
6350 Electrochemical Kinetics
6360 Solid State Chemistry
6380 Adsorption on Surfaces
6381 Surface and Interface Science
6382-9 Selected Topics in Physical Chemistry
6390-8 Selected Topics in Physical Chemistry
6399 Chemical Kinetics and Dynamics
6401 Organic Spectroscopic Analysis I
6402 Organic Spectroscopic Analysis II
6421 Natural Products Chemistry
6422 Organic Synthesis
6423 Chemical Thermodynamics II
6470 Physical Organic Chemistry
6490-9 Selected Topics in Organic Chemistry
6590-9 Selected Topics in Theoretical and Computational Chemistry
6600 Applications of Inorganic and Organometallic Chemistry to Toxicology

28.6 Cognitive and Behavioural Ecology

Administrative Committee
Dr. A. Storey, Department of Psychology - Chair
Dr. R. Anderson, Department of Psychology
Dr. T. Chapman, Department of Biology
Dr. I. Fleming, Ocean Sciences Centre
Dr. E. Miller, Department of Biology
Dr. W. Montecucchi, Department of Psychology
Mr. P. Regular, Graduate Student Representative
Dr. I. Warkentin, Grenfell Campus

28.6.1 Program of Study
1. The Cognitive and Behavioural Ecology Graduate Program focuses on interdisciplinary animal behaviour research. Research integrates mechanistic, developmental, evolutionary and ecological perspectives on behaviour through molecular, individual and population levels of analysis. Supervisors include faculty from the Departments of Biology and Psychology, the Ocean Sciences Centre, the Faculty of Medicine and the Environmental Science Program at Grenfell Campus, as well as adjunct faculty from the Canadian Wildlife Service, Department of Fisheries and Oceans, the Newfoundland and Labrador Forestry and Wildlife Divisions and Parks Canada. The Departments of Biology and Psychology jointly offer the Master of Science and the Doctor of Philosophy degrees in Cognitive and Behavioural Ecology.

2. The Administrative Committee is responsible for the Program. Committee members are appointed by the Dean of Science, on the recommendation of the Chair of the Committee and of the Heads of Biology and Psychology. The Committee Chair is elected by the committee members and appointed by the Dean of Science. The Committee makes recommendations to the Dean of Graduate Studies concerning admissions and academic requirements. In consultation with supervisors, recommendations are made concerning course programs, financial support, thesis committees, comprehensive and thesis topics, examiners and students’ annual progress. Upon program completion, the Committee certifies that all requirements for the appropriate degree have been met. The Department of the Supervisor ensures that adequate facilities are provided for each candidate. Students in Cognitive and Behavioural Ecology are considered for teaching assistantships in the Psychology or Biology Departments.

28.6.2 Regulations
1. There are no required courses for the doctoral program. However, the Doctoral Seminar (CABE 6992) and/or other courses tailored for individual students may be included in the student's program by the Dean of Graduate Studies on the recommendation of the Chair of the Committee.
2. The comprehensive examination should be taken during the first year of the program. An Examination Committee will be struck in accordance with General Regulations. At least one member of the Department of Biology and of the Department of Psychology (other than the Supervisor) must be on the Examination Committee. The candidate's Supervisor will be on the Examination Committee and will be the only examiner from the candidate's Thesis Supervisory Committee. The Head of the Department of the Supervisor or his/her delegate is invited to serve on the Comprehensive Examination Committee. The Examination Committee is chaired by the Chair of the Cognitive and Behavioural Ecology Committee. The examination will include a comprehensive, integrative review paper on a research topic in Animal Behaviour. The review topic is assigned by the Examination Committee, which also determines the submission date for the paper, and the date of the examination. Normally, the student will write the paper in four months, and the oral examination will occur within six weeks of the paper's submission. This paper will form the basis of a public seminar. The Examination Committee will question the candidate about the paper, the topic and its broader relationship with Cognitive and Behavioural Ecology.

28.6.3 Courses
Biology 7220 Quantitative Methods in Biology
Cognitive and Behavioural Ecology 6240 Special Topics
Cognitive and Behavioural Ecology 6350 Behavioural Ontogeny
Cognitive and Behavioural Ecology 6351 Behavioural Ecology and Sociobiology
Cognitive and Behavioural Ecology 6992 Doctoral Seminar
Cognitive and Behavioural Ecology 7000 Field and Lab Methods in Animal Behaviour and Behavioural Ecology
Psychology 6000 Advanced Statistics in Psychology

Table of Credit Restrictions - Doctor of Philosophy in Cognitive and Behavioral Ecology

28.7 Computer Science
Associate Professor and Head of the Department
E. Brown

The degrees of Master of Science and Doctor of Philosophy are offered in Computer Science.

28.7.1 Program of Study
1. Admission into the Ph.D. program in Computer Science is normally restricted to candidates holding a Master's Degree (or equivalent) in Computer Science or a closely related area. Others may be considered for admission. See Qualifications for Admission of the General Regulations. International applicants are strongly encouraged to submit results of the (general) Graduate Record Examination (GRE) Test.
2. Each candidate for the Ph.D. shall complete a program of graduate courses prescribed by the supervisory committee. The normal minimum will be 9 credit hours.
3. The candidate shall take the Comprehensive Examination within the time limits specified in Comprehensive Examinations of the General Regulations. Students should consult the Departmental guidelines for a detailed description of the content of the Comprehensive Examination.
4. The Ph.D. Degree program will conclude with an oral defence of the thesis as described in Theses and Reports of the General Regulations.

28.7.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

Programming Languages
6711 Syntax and Semantics of Programming Languages
6712 Compiling Techniques
6713 Software Engineering
6714 Functional Programming
6715 Logic Programming
6716 Concurrent Programming
6718-6719 Special Topics in Programming Languages

Computer Systems
6720 Distributed and Parallel Computing
6721 Operating Systems Design
6722 Advanced Computer Architectures
6723 Microprocessor Systems
6724 VLSI Design (same as Engineering 9863)
6725 Computational Aspects of VLSI (same as Engineering 9864)
6726 Modelling and Analysis of Computing Systems
6727 Introduction to High Performance Computer Systems
6728-6729 Special Topics in Computer Systems - Computer Networks

Numerical Computations
6731 Topics in Numerical Methods
6732 Matrix Computations
28.8 Earth Sciences

Professor and Head of the Department
J.M. Hanchar

The degrees of Master of Science and Doctor of Philosophy are offered in Earth Sciences (Geology) and Earth Sciences (Geophysics) by full-time and part-time study.

28.8.1 Program of Study

1. Admission into a Ph.D. program in Earth Sciences (Geology) and Earth Sciences (Geophysics) is normally restricted to candidates holding a Master's Degree or its equivalent. Candidates holding B.Sc. (Honours) degrees who show evidence of exceptional ability may be considered for a direct entry into a Ph.D. program. In exceptional circumstances, a candidate with a B.Sc. (Honours) Degree who has spent not less than 12 months in an M.Sc. Degree program may be recommended for transfer into a Ph.D. program, provided that the candidate can demonstrate, to the satisfaction of the Department of Earth Sciences, his/her ability to pursue research at the doctoral level.

2. A candidate for the Ph.D. Degree is normally required to complete 6 credit hours in addition to the credit hours required for the M.Sc. Degree. The courses must be selected from the overview and general courses below or with the approval of the supervisory committee and Head of Department, other graduate level courses including those offered by other departments. Depending on background and/or area of specialization, a candidate also may be required to complete additional courses in earth sciences or related subjects. All course requirements should be completed within 12 months from the date of the first registration in the Ph.D. program.

3. The Ph.D. Comprehensive Examination shall normally be taken in the first semester of registration in the Ph.D. program.

Note: Detailed descriptions of the Ph.D. Comprehensive Examination are available upon request from the General Office of the Department of Earth Sciences.

4. The Ph.D. Thesis Proposal Examination shall normally be taken in the second semester of registration in the Ph.D. program.

Note: Detailed descriptions of the Ph.D. Thesis Proposal Examination are available upon request from the General Office of the Department of Earth Sciences.

5. The Ph.D. Degree program will conclude with a thesis examination and an oral defense of thesis as prescribed in the General Regulations, Theses and Reports.

6. The Supervisor and the Head of the Department may recommend to the Dean of Graduate Studies that the program of a candidate who is not making satisfactory progress be terminated, in accordance with General Regulation, Termination of a Graduate Program.

7. A candidate is required to give an oral presentation to the Department on the results of his/her research. The presentation must be given during the second or third year of the program.

28.8.2 Courses

A selection of courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

Overview Courses

7110 Physics of the Solid Earth
7120 Crustal Geophysics
7300 Changes in Global Paleoenvironment
7400 Tectonic Regimes
7410 Engineering and Environmental Geology
7500 Chemical Fluxes in the Earth
7610 Paleocology (same as former 6810. Credit may be obtained for only one of 7610 or 6810)

General Courses

6070 Quantitative Techniques in Mineralogy and Metamorphic Petrology
6141 Rotation of the Earth
6142 Theory of Global Geodynamics
6152 Paleomagnetism
6171 Advanced Exploration Seismology
6172 Borehole Seismic
6175 Gravity and Magnetic Methods
6177 Mathematical Formulations of Seismic Wave Phenomena
6210 Genesis of Mineral Deposits
6320 Marine Geology
6400 Flow and Transport in Fractured Rock
6410 Advanced Engineering and Environmental Geology
6420 Deformation Mechanisms
The degrees of Master of Education and Doctor of Philosophy are offered in Education. The Degree of Doctor of Philosophy in Education is offered to qualified candidates, normally by full-time study. The General Regulations of the School of Graduate Studies of Memorial University of Newfoundland outlined in the current Calendar, and the Degree Regulations of the Faculty of Education outlined below will apply.

### 28.9.1 Admission to the Ph.D. Program

General qualifications for admission to the Ph.D. Programs at Memorial University of Newfoundland are set out in the University Calendar under School of Graduate Studies, General Regulation Qualifications for Admission, Ph.D. Program. In addition, the following admission requirements apply:

1. an 'A' standing in a Master's Degree in Education or in an equivalent Master's Degree from an accredited university;
2. evidence of scholarly work, such as a master's thesis, directed research project, or qualifying research paper;
3. normally, completion of two years of professional experience in an educational setting.

### 28.9.2 Supervisory Committee

Each candidate will have a supervisory committee comprised of a minimum of three members, at least two of whom shall be members of the Faculty of Education. The thesis Supervisor shall be a faculty member in the Faculty of Education, Memorial University of Newfoundland.

### 28.9.3 Program of Study

1. **Courses**
   a. Students are required to successfully complete two courses on the doctoral program.
      - Education 7001 - Doctoral Seminar in Education: Area of Specialization
      - Education 7002 - Advanced Educational Research
   b. Based on a consideration of educational background and research interest, students may be required to complete (or have completed at the masters level) as many as two (2) additional courses in research related to their program focus and specialty.
   c. Normally, no more than four courses may be undertaken on a candidate's program.
   d. Education 7003-30 - Special Topics (offered as required)

2. **Comprehensive Examination**

   The candidate shall undertake a written and an oral comprehensive examination, which will follow General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination which sets out the procedures for the comprehensive examinations:
   a. A candidate in a Ph.D. program in Education shall normally take the written Comprehensive Examination prior to the seventh semester of the program. The candidate will have completed required courses prior to taking the Comprehensive Examination. In preparation for the Comprehensive Examination, the doctoral candidate, with the guidance of the candidate's Supervisor, will undertake study of the sub-disciplines/areas of concentration identified by the candidate and supervisory committee and approved by the Doctoral Committee. Normally, these will include the candidate's area of concentration and two additional sub-disciplines/areas of concentration.
   b. Such study of sub-disciplines will normally include but not be limited to developing a reading list of important historical and current publications within the sub-disciplines, identifying emerging research emphases within the sub-disciplines, and writing scholarly review papers of these publications.
   c. In preparation for the written comprehensive examination, the doctoral candidate and the supervisory committee will agree on the topics to be examined. The examination will be written over a two day period.
   d. Normally, the oral comprehensive examination will occur within six weeks of the written examination, which if judged to be successful by the Comprehensive Examination Committee, will form the basis of an oral comprehensive examination.
   e. The procedure for scheduling the Comprehensive Examination shall be initiated by the candidate's Supervisor who will notify, in writing, the Dean of Education of the candidate's readiness. The date of both the written examination and the oral examination will be determined by the Dean of Education. The candidate will receive a written notice of the scheduled date for both examinations from the Dean of Education.
   f. The Comprehensive Examination Committee shall be appointed by the Dean of Graduate Studies in accordance with School of Graduate Studies General Regulation Comprehensive Examination, Ph.D. Comprehensive Examination on the recommendation of the Dean, Faculty of Education. There will be six members of the Comprehensive Examination Committee as follows:
      - Dean of Education or delegate (Chair)
      - Chair of the Doctoral Committee of the Faculty Council of Education
Candidate’s Supervisor  
Second member of candidate’s supervisory committee  
Dean of School of Graduate Studies or delegate (non-voting)  
Member of the Faculty of Education or educational community selected by the Dean of Education.  

In the event that the Chair of the Doctoral Committee is the candidate’s Supervisor, the Dean of Education shall appoint an additional member.

3. Ph.D. Thesis Regulations  
a. The candidate must submit a thesis proposal based on his/her own research interest to all members of the Supervisory Committee for critical evaluation. Normally, the proposal must be approved prior to the eighth semester of the program. The Chairperson of the Supervisory Committee will inform the candidate within one month of its acceptance, rejection or acceptance with recommended changes.  
b. If the proposal is not acceptable, the candidate will normally be permitted a second attempt. The revised proposal must be submitted and deemed acceptable by the Supervisory Committee within a semester. Failure to resubmit within this time period will lead to termination of the candidate’s program.  
c. The thesis shall give evidence of the candidate’s ability to carry out independent and original research, develop the necessary theoretical and methodological framework and analyses, and present the findings in a scholarly manner.  
d. Each candidate will be required to present a seminar on her/his thesis research to the Faculty.  
e. Ph.D. program will conclude with the examination and oral defence of the completed thesis in accordance with the appropriate sections of the General Regulation Theses and Reports, Evaluation of Ph.D. Theses governing the School of Graduate Studies.

28.9.4 Courses  
7001 Doctoral Seminar in Education: Area of Specialization  
7002 Advanced Educational Research  
7003-30 Special Topics

28.10 Engineering and Applied Science  
Professor and Dean, Pro Tempore  
J. Quaicoe  
Professor and Associate Dean (Graduate Studies)  
L. Lyé  
The degree of Doctor of Philosophy (Ph.D.) is offered in the Faculty of Engineering and Applied Science and may be obtained either through full-time or part-time studies. The Ph.D. degree can be obtained through programs in Civil Engineering, Computer Engineering, Electrical Engineering, Mechanical Engineering, Ocean and Naval Architectural Engineering, and Oil and Gas Engineering.

28.10.1 Qualifications for Admission  
Admission to the Ph.D. program is limited and competitive. All applicants must meet the minimum qualifications described in the General Regulations for the School of Graduate Studies. Admission is normally restricted to candidates holding a Master's Degree in Engineering or a related area. Decisions on admission, however, will also take into account such things as the applicant's rank in class, referees' assessments, general performance throughout the applicant's previous academic programs, and the availability of supervisors in the area of the applicant's interest. In cases of demonstrated ability, a student enrolled in the M.Eng. program may be allowed to transfer to the Ph.D. program without the completion of all the M.Eng. degree requirements. As well, in exceptional cases, direct entry to the Ph.D. program, after completion of a Bachelor's Degree in Engineering or a related area, is possible. Normally, applicants will be considered in January for admission for the following September. In special cases, applicants may also be considered in April and August. Applications should be made sufficiently far in advance to permit the University to obtain all relevant documents and review the application.

28.10.2 Program of Study and Research  
A Ph.D. program shall normally consist of three components:  
1. a minimum of 6 credit hours consisting of graduate courses recommended by the student's supervisory committee  
2. a comprehensive examination as detailed in Regulations for Ph.D. Comprehensive Examination.  
3. a thesis satisfying the requirements of the General Regulations for the School of Graduate Studies.  

In cases of direct entry after a Bachelor's Degree or promotion from a Master's program before completion of the Master's course requirements, it is likely that the student will be required to take more credit hours than the normally required minimum. In such cases, the requirements for the course component of the student's program will be reviewed on an individual basis by the student's supervisory committee and the Dean of the Faculty of Engineering and Applied Science.

28.10.3 Regulations for Ph.D. Comprehensive Examination  
Timing  
The Comprehensive Examination for Ph.D. candidates in the Faculty of Engineering and Applied Science shall be conducted in two parts: I) General Examination and II) Examination of the Research Proposal. A candidate registered full-time in the Ph.D. Program shall normally take Part I of the exam within four semesters of the start of their program and Part II within six semesters. Part-time students will normally take Part I of the exam within four semesters of the start of their program and Part II within seven semesters. Students transferring from a Master of Engineering program will normally complete both parts within seven semesters of the start of their Master of Engineering program.  
The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Dean of Engineering and Applied Science, normally within three semesters of the start of the student’s program.  

Examination Procedure  
Part I General Examination is an oral examination of the candidate’s mastery of selected sub-disciplines of Engineering and Applied Science related to their area of research. The candidate will be apprised of the sub-disciplines in writing no later than three months prior to the examination. The examination is open to the University community; however, only members of the Committee are permitted to ask
questions. The Committee may make four recommendations following this examination: i) the candidate may proceed to Part II of the Comprehensive Examination, ii) the candidate may proceed to Part II but will be assigned additional course work to their program of study, iii) the candidate will be assigned additional study materials and redo Part I in 2 to 8 weeks, iv) the candidate fails. Part I may only be redone once and failing Part I means that the Comprehensive Examination is failed without proceeding to Part II.

Part II Examination of the Research Proposal shall consist of i) a research proposal, normally of no more than 10,000 words, that should clearly define the research problem, survey literature, present the research method or experimental design, and may include a summary of results already obtained, and ii) a 20 to 30 minute presentation. The candidate should submit the written proposal at least one month prior to the presentation which is open to the University community and will be followed by questions from the Committee and the audience.

Committee Recommendations

Following Part II, the Examination Committee will meet in camera to decide a final recommendation for the Committee Chair to forward to the Dean of Graduate Studies. The possible recommendations in accordance with General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination are "pass with distinction", "pass", "re-examination" or "fail".

28.10.4 Courses

For a list of graduate courses offered by the Faculty of Engineering and Applied Science refer to the list of "Core Courses" and the list of "Other Courses" offered for the Master of Engineering program.

28.11 English Language and Literature

Associate Professor and Head of the Department
D. Walsh

The degrees of Master of Arts and Doctor of Philosophy are offered in English Language and Literature.

Candidates for the M.A. in English may complete the program as either part-time or full-time students. Candidates for the Ph.D. in English must be in attendance as full-time students for at least three semesters of the program.

28.11.1 Program of Study

1. Admission to the Ph.D. in English is limited and competitive. Applicants should have a Master's Degree in English or its equivalent from a recognized university and should have an outstanding academic record.

2. All candidates will be required to complete 15 credit hours in graduate courses. These courses will be selected by the candidate in consultation with the candidate's Supervisory Committee.

While candidates will normally be free to choose graduate courses of interest to them, it will be a primary responsibility of their Supervisory Committees to ensure that any serious deficiencies in their record of previous courses, graduate and undergraduate, are remedied, particularly in the area of proposed thesis research.

3. Candidates who have not previously taken English 7003 or its equivalent will take English 7003, which will count as one of the required courses for the Ph.D. Students who have taken English 7003 or its equivalent before entering the Ph.D. program must still complete 15 credit hours.

4. Candidates who have not completed English 4900 or English 5900 or an equivalent course will be required to complete English 5900, which will not count as one of the required courses for the Ph.D. The course will be graded "pass" or "fail". As in other graduate courses a grade of 65B or above is considered a pass.

5. Candidates must submit a thesis proposal which includes a statement of topic, a working title, a plan of research and a preliminary bibliography. The thesis proposal should be approved by the Supervisory Committee and submitted to the Departmental Graduate Studies Committee for its approval before the Comprehensive Examination and before the end of the fifth semester. The Departmental Graduate Studies Committee shall return the thesis proposal to the candidate no later than one month after receiving it.

6. Reading knowledge of a second language will be required of all candidates. Reading knowledge is defined as a minimum B grade in a second-year language course taken within the previous five years, a passing grade in an approved second-language course for graduate students, or performance satisfactory to the Department in an arranged reading proficiency test (in which a dictionary may be used).

The language requirement should be completed before the Comprehensive Examination is taken.

The second language will normally be French. In exceptional circumstances, and on the recommendation of the Supervisory Committee and the Departmental Graduate Studies Committee, a language other than French may be substituted.

The Supervisory Committee may also require a demonstrated reading knowledge of an additional language (other than French or the substituted language) if such knowledge is deemed necessary for the student's research interests.

7. The Ph.D. Comprehensive Examination in English is a written examination prepared by the candidate's Comprehensive Examination Committee.

In accordance with General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination, the candidate's Comprehensive Examination Committee will include the Head (or the Head's delegate, usually the Graduate Co-ordinator), the candidate's Supervisor, and three other members of the Department.

The written examination shall consist of three parts: a four-hour examination in the student's area of concentration and two three-hour examinations in two other specified areas. In accordance with General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination, the examination shall take place before the end of the seventh semester.

Candidates will be graded "pass with distinction", "pass", "re-examination", or "fail", in accordance with General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination. Candidates who are marked for "re-examination" will be re-examined in the area or areas in which the Comprehensive Examination Committee has determined that the candidate's performance is deficient. The nature of this re-examination (and whether it will be written or oral) is left to the discretion of the Comprehensive Examination Committee.

28.11.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

Notes: 1. Since it is impossible to list in detail the many topics that may from time to time be offered, the titles below refer only to the major periods and general subject areas in which specific courses may be available. The content and approach in specific courses will vary according to the
Students should consult the Department's annual Graduate Student Guide (or the Graduate Co-ordinator) for detailed descriptions of specific course offerings. Normally, no fewer than 30 credit hours in graduate courses are offered in any given academic year.

2. English 5900 cannot be counted as one of the required graduate courses in any program.
3. All students will normally take English 7003 - Trends in Contemporary Literary Theory, usually in their first semester.
4. Students who took graduate courses in English at Memorial University of Newfoundland before 1997 should consult with the Department before selecting further courses.

**28.12 Environmental Science**

**Board of Study**
Dr. J. Wroblewski, Ocean Sciences Centre - Chair
Dr. C. Campbell, Division of Science, Grenfell Campus, ex-officio
Dr. N. Catto, Department of Geography
Dr. B. Chen, Faculty of Engineering and Applied Science
Dr. P. Marino, Head, Department of Biology
Dr. W. Montevecchi, Department of Psychology
28.12.1 General Information

1. The Environmental Science Program is an interdisciplinary graduate program involving the departments of the Faculty of Science, the Faculty of Arts, the Faculty of Medicine and the Faculty of Engineering and Applied Science. There are three Environmental Science Graduate Degree streams: the Master of Science (M.Sc., Environmental Science), Master of Environmental Science (M.Env.Sci.), and the Doctor of Philosophy (Ph.D., Environmental Science). The program is available on a full or part-time basis.

2. The program is administered by a Board of Studies appointed by the Dean of Science. Supervisors of graduate students in the program include faculty from the Faculty of Science, the Faculty of Arts, the Faculty of Engineering and Applied Science, the Faculty of Medicine, and the Environmental Science Program at the Grenfell Campus, as well as adjunct appointees to the program (as a co-supervisor).

28.12.2 Program of Study

1. The Doctor of Philosophy (Ph.D., Environmental Science) is a research degree which includes a doctoral dissertation and coursework. Normally, students entering the Ph.D. program in Environmental Science will have a M.Sc. degree from an institution recognized by the Senate. Students in the Master of Science (Environmental Science) program, after a minimum of 12 months in their program of studies, may request a transfer to the Ph.D. program. Final decision for transfer from the M.Sc. program to the Ph.D. program rests with the Dean of the School of Graduate Studies. There are two courses (6 credit hours) required for the doctoral program. All students take ENVS 6010 and those with a disciplinary M.Sc. degree in Science from a recognized university also take ENVS 6000. Other courses tailored for individual students are included in the student's program by the Dean of Graduate Studies on the recommendation of the Chair of the Board of Studies.

2. The comprehensive examination should be taken on completion of all course work. An Examination Committee will be struck in accordance with the General Regulations. At least two members of the Board of Studies must be on the Examination Committee. The candidate's Supervisor will be on the Examination Committee and will be the only examiner from the candidate's Thesis Supervisory Committee. The Head of the Department of the Supervisor or his/her delegate is invited to serve on the Comprehensive Examination Committee. The Examination Committee is chaired by the Chair of the Environmental Science Program. The examination will be both written and oral. The topic is assigned by the Examination Committee, which also determines the submission date for the paper, and the date of the examination. Normally, the student will write the paper within four months, and the oral examination will occur within six weeks of the paper's submission. This paper will form the basis of a public seminar. The Examination Committee will question the candidate about the paper, the topic and its broader relationship with Environmental Science.

3. The doctoral thesis is based on the results of systematic, independent research on an approved scientific topic. To ensure the research is interdisciplinary, the supervisory committee must be made up of members from at least two different departments. The candidate will be required to present a Ph.D. research proposal to the supervisory committee. The completed thesis will be evaluated according to the General Regulations of the School of Graduate Studies. It must contribute significantly to knowledge in the field of Environmental Science.

28.12.3 Courses

ENVE/ENVS 6000 Environmental Science and Technology
ENVE/ENVS 6001 Earth and Ocean Systems
ENVE/ENVS 6002 Environmental Chemistry and Toxicology
ENVE/ENVS 6003 Applied Ecology
ENVE 6004 Environmental Pollution and Mitigation (cross-listed as ENGI 9601)
ENVE 6007 Environmental Risk Assessment (cross-listed as ENGI 9609)
ENVE 6008 Air Pollution (cross-listed as ENGI 9624)
ENVS 6010 Environmental Seminar
ENVS 6201-6210 Selected Topics in Environmental Science

28.13 Ethnomusicology

Professor and Director
E. Waterman

Associate Professor and Associate Director (Graduate Programs and Research)
M. Cheramy

The Doctor of Philosophy program in Ethnomusicology is administered by the School of Music in consultation with the Department of Folklore, and generally in response to recommendations from an Interdisciplinary Advisory Committee with representation from both academic units, chaired by the Program Coordinator.

The Degree of Ph.D. in Ethnomusicology is offered by part-time and full-time study. This program is a research degree, generally involving extended fieldwork. The resources of the Memorial University of Newfoundland Folklore and Language Archive are available to graduate students in Ethnomusicology.

28.13.1 Qualifications for Admission

Applicants may be admitted to the program if they have at least a B+ average in a M.A. Degree in Ethnomusicology, another field of Music, or other relevant discipline in the Humanities or Social Sciences with evidence of specialization in music. Applicants from a discipline other than Music will be expected to demonstrate the following skills:

- Competent performance in any musical tradition, as judged by a musician knowledgeable about that tradition.
- Knowledge of culturally appropriate language for discussion of performance techniques in that tradition.
- Ability to discuss musical details on the basis of aural and/or written sources, as appropriate to that tradition.

Candidates for admission may, at the discretion of the Interdisciplinary Advisory Committee, be required to write diagnostic examinations measuring skills and knowledge in music literacy, theory, or aural perception. Candidates with deficiencies in any of these areas may be required to take remedial course work prior or in addition to the required program.

Upon completion of M.A. course work, students who have attained an A average may wish to be considered for transfer to the Ph.D. program. Students who seek this option must apply to the Interdisciplinary Advisory Committee to be considered for transfer one month prior to the completion of their M.A. courses or by the end of the 5th semester (see General Regulation Qualifications for Admission,
28.13.2 Program of Study

The Ph.D. program may be completed within twelve to fifteen consecutive semesters of full-time study, depending on fieldwork requirements. The Degree is normally taken by completing course work, comprehensive examinations, a language proficiency requirement, and a Ph.D. thesis, defended in accordance with General Regulation Theses and Reports of the School of Graduate Studies.

1. Students must complete a minimum of 21 credit hours of course work. If required courses have been completed at the M.A. level, electives may be substituted (with approval of the Interdisciplinary Advisory Committee). The required courses are:
   a. Music 8001; Folklore 6010, 6030.
   b. ONE of Music 6002 or Folklore 7100.
   c. Nine credit hours of electives selected from courses listed below or from relevant courses offered in another discipline (with the approval of the Interdisciplinary Advisory Committee). Ph.D. students may take up to two courses (6 credit hours) in a cognate discipline.
   d. Reading proficiency in one language other than English, relevant to the research area, demonstrated to the satisfaction of the Interdisciplinary Advisory Committee. The choice of language must be approved by the Interdisciplinary Advisory Committee. The language exam should normally be completed before the comprehensive exams.

2. Comprehensive examinations will be administered in a major area, minor area, and theoretical interdisciplinary area; a component of the comprehensive examination will test audio-visual skills. Bibliographies and discographies for several focused topics will be developed by the student in consultation with his/her supervisory committee and will be the basis of examination questions. The written portion of the examination will be scheduled over a one-week period. The Comprehensive Examination Committee will normally schedule a consultation with the student to discuss the written essays within one month following the completion of the written examination. For further information see General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination.

3. Students must complete a thesis, examined and defended in accordance with General Regulation Theses and Reports of the School of Graduate Studies. A thesis proposal, including a working title, statement of purpose and research scope, outline of theoretical and methodological approach, working plan, and preliminary bibliography, together with proposed membership of the supervisory committee, must be submitted to the Interdisciplinary Advisory Committee no later than the fifth semester of study. The thesis shall demonstrate the candidate’s ability to carry out original and independent research, develop the necessary theoretical and methodological framework, and present the findings in a scholarly manner.

28.13.3 Courses

Theories and Methods:
Music 6001 Research Methods
Music 6002 Graduate Seminar
Music 7001 Research Problems and Methods in Ethnomusicology
Music 8001 Theoretical Issues in the Study of Music
Folklore 6010 Survey of Folklore Genres and Processes
Folklore 6020 Field and Research Methods
Folklore 6030 Folklore Theories
Folklore 6040 Feminist Theories: Perspectives and Issues
Folklore 6080 Vernacular Theories
Folklore 6090 Ethnology
Folklore 7100 Advanced Folkloristics II: Research and Ethnography

Form and Performance:
Music 7005 Performance Option
Folklore 6100 Song and Music
Folklore 6120 Ballad
Folklore 6130 Folk Music Canons and Documentary Sound Recordings
Folklore 6200 Folktale
Folklore 6210 Legend
Folklore 6220 Personal Experience Narrative
Folklore 6250 Language and Play
Folklore 6260 Ethnography of Communications
Folklore 6300 Ethnography of Belief
Folklore 6310 Health Systems
Folklore 6350 Custom
Folklore 6360 Traditional Drama
Folklore 6400 Material Culture
Folklore 6410 Vernacular Architecture
Folklore 6420 Art and the Artifact
Folklore 6430 Food and Culture
Folklore 6720 Folklore and Literature

Area and Genre Studies:
Music 7010 World Music: Music of Asia and Oceania
Music 7011 World Music: Music of Africa and the Americas
Music 7012 Canadian Musical Traditions
Music 7013 Music and Culture
Music 7017 Folksong
Music 7018 Jazz and Blues: The Roots of Popular Music
Folklore 6120 Ballad
Folklore 6600 Folklore of Newfoundland
Folklore 6610 Folklore of Canada
Folklore 6620 Folklore of the United States
Folklore 6630 Folklore of the British Isles
Folklore 6770 The Global and the Local
Social Identities:
Music 7006 Urban Ethnomusicology
Music 7007 Music in the Study of Gender, Race and Class
Music 7009 Music and Place
Folklore 6510 Occupational Folklore
Folklore 6551 Indigenous Expressive Cultures in Cross-cultural Encounter
Folklore 6730 Folklore and Gender
Folklore 6780 Ethnicities

Independent Study:
Music 7026-29 Directed Reading in Ethnomusicology
Folklore 6570-79 Reading Course in Folklore

Special Topics:
Music 6800-09 Special Topics in Music
Music 7800-09 Special Topics in Music
Folklore 6510-29 Special Topics in Folklore
Folklore 6570-79 Reading Course in Folklore

Public and Applied Ethnomusicology and Folklore:
Music 6700 Music Industries Seminar
Music 6750 Music Industries Internship (2 credit hours)
Folklore 6740 Public Sector Folklore
Folklore 6760 Archiving
Folklore 6790 Museums: Perspectives and Practices
Folklore 6800 Applied Folklore

Interdisciplinary Perspectives:
Music 7008 Media Studies
Folklore 6700 Folklore and Culture
Folklore 6710 Oral Tradition and Oral History
Folklore 6750 Popular Culture: Theory and Debate

28.14 Folklore
Associate Professor and Interim Head of the Department
M. Lovelace

The Degree of Doctor of Philosophy in Folklore is offered by part-time and full-time study and is primarily a research Degree. The program normally requires extensive fieldwork research in Newfoundland and the Maritimes. Integral to the teaching of the Department of Folklore is the work of the Memorial University of Newfoundland Folklore and Language Archive; see section under Master of Arts, Folklore.

28.14.1 Program of Study
1. An applicant for admission to the Ph.D. program in Folklore must hold an M.A. Degree in Folklore, or its equivalent as determined by the Head of the Department and the Dean, with an average grade in M.A. courses of not less than 80%.
2. All Ph.D. students in the Folklore program must complete at least 18 credit hours in program graduate courses which shall include Folklore 7000 and 7100. Candidates will normally be free to choose graduate courses of interest to them in Folklore or related disciplines, though it will be a primary responsibility of their committees to ensure that any serious deficiencies are made good. At the end of the second semester the program and further status of the candidate will be reviewed.
3. Second Language Requirements:
   a. All Ph.D. candidates are required to demonstrate an adequate reading knowledge of a second language - normally a common, modern language.
   b. Reading knowledge is defined as a minimum B grade in a second-year language course taken within the previous five years, or performance satisfactory to the Department in an arranged reading proficiency test.
   c. The selection of a second language can be based on the student's research requirements.
   d. The selection of a second language must be made in consultation with the student's faculty advisor or Supervisor. Confirmation that the choice is acceptable must be obtained from the Department.
   e. The language requirement must normally be fulfilled before a student takes the Ph.D. Comprehensive Examination.
4. Comprehensive Examination for the Ph.D.:
   a. The Ph.D. Comprehensive Examination shall be administered in accordance with General Regulations, Comprehensive Examinations. Candidates will prepare for three examinations by undertaking supervised readings in three fields decided by the Comprehensive Examinations Committee. The basic principle is to integrate knowledge within specific areas of folklore and folklife scholarship. The examination normally will be written with the format to be determined by the Comprehensive Examination Committee in consultation with the student. Assessment will be based on the examination of three papers each of one week duration or three closed book examinations each of eight hours duration. The Committee will recommend to the Dean of Graduate Studies a grade of PAS (pass), FAL (fail), or PWD (pass with distinction).
   b. Examination normally will take place only upon the completion of the second language requirements and no earlier than the end of the first year after admission to candidacy but no later than one year after the completion of the program courses. The examination normally will be scheduled in the second semester following the candidate's completion of courses.
5. Ph.D. Thesis:
   a. The candidate will normally submit a thesis proposal based on his/her own interests no later than the end of the semester following the completion of comprehensive examinations. The thesis proposal will include a working title, names of preferred Supervisor and two other Committee members, statement of topic, plan of research, statement of methodological and theoretical approach, a brief review of the literature and a preliminary bibliography. The proposal will be circulated to the Department for critical evaluation on the basis of which the candidate will be informed, within one month, by the Supervisor, of its acceptance, rejection, or acceptance with recommended changes.
   b. The thesis shall give evidence of the candidate's ability to carry out independent and original research, develop the necessary
theoretical and methodological framework and present the findings in a scholarly manner.

28.14.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, normally after consultation with the Head of the Department or the Graduate Studies Administrator, and as far as the resources of the Department will allow. Courses are structured according to the categories of: Theories and Methods, Issues, Form and Performance, Special Topics, Regional, National and International Heritage, Social Identities, Public and Applied Folklore, Interdisciplinary Perspectives and Required (Ph.D.):

Theories and Methods
- 6010 Survey of Folklore Genres and Processes
- 6020 Field and Research Methods
- 6030 Folklore Theories
- 6040 Feminist Theories: Perspectives and Issues
- 6080 Vernacular Theories
- 6090 Ethnology

Issues
- 6050 Issues in Folkloristics
- 6060 Issues in Folk Literature
- 6070 Issues in Folklife

Form and Performance
- 6100 Song and Music
- 6120 Ballad
- 6130 Folk Music Canons and Documentary Sound Recordings
- 6200 Folktale
- 6210 Legend
- 6220 Personal Experience Narrative
- 6250 Language and Play
- 6260 Ethnography of Communications
- 6300 Ethnography of Belief
- 6310 Health Systems
- 6350 Custom
- 6360 Traditional Drama
- 6370 Ritual, Festival and Public Display
- 6400 Material Culture
- 6410 Vernacular Architecture
- 6420 Art and the Artifact
- 6430 Food and Culture
- 6720 Folklore and Literature

Special Topics
- 6511-29 Special Topics in Folklore
- 6550 Special Research in Folklore
- 6551 Indigenous Expressive Cultures in Cross-Cultural Encounter
- 6552-69 Special Research in Folklore
- 6570-79 Reading Course in Folklore

Regional, National and International Heritage
- 6600 Folklore of Newfoundland
- 6610 Folklore of Canada
- 6620 Folklore of the United States
- 6630 Folklore of the British Isles
- 6640 Traditional Culture of Scotland
- 6650 Culture and Traditions of Ireland
- 6660 Folklore of the Francophone Regions
- 6690 International Folklore

Social Identities
- 6510 Occupational Folklore
- 6730 Folklore and Gender
- 6770 The Global and the Local
- 6780 Ethnicities

Public and Applied Folklore
- 6740 Public Sector Folklore
- 6760 Archiving
- 6790 Museums: Perspectives and Practices
- 6800 Applied Folklore

Interdisciplinary Perspectives
- 6700 Folklore and Culture
- 6710 Oral Tradition and Oral History
- 6750 Popular Culture: Theory and Debate

Required (Ph.D.)
- 7000 Advanced Folkloristics I
- 7100 Advanced Folkloristics II Research and Ethnography

Credit may not be obtained for both 6010 and the former 6110; 6020 and the former 6111; 6030 and the former 6112; 6100 and the former 6430; 6120 and the former 6445; 6300 and the former 6230; 6350 and the former 6230; 6400 and the former 6501; 6720 and the former 6460.

28.15 Food Science

See Biochemistry.
28.16 Geography

Associate Professor and Head of the Department
C. Mather

28.16.1 Program of Study

1. To be admitted to the program, an applicant must have completed either a Master of Arts or a Master of Science Degree, or its equivalent, in Geography or a related discipline. In exceptional circumstances, a candidate who has completed either a B.A. (Honours) or B.Sc. (Honours) Degree, and who has spent not less than 12 months in a M.A. or M.Sc. Degree program may apply for transfer into a Ph.D. program. A successful application for transfer will require that the candidate demonstrate to the satisfaction of the Department an ability to pursue research at the doctoral level.

2. The deadline for submission of applications for admission is January 15. Candidates will normally commence their programs in the Fall semester.

3. Research areas for graduate study at the Doctoral level are cultural, political and historical geography, economic geography, resource management, community and regional development, physical geography and geographic information sciences.

4. An applicant will be admitted to a doctoral program only if a faculty member agrees to act as Supervisor, and at least two other individuals are willing to serve on the supervisory committee.

5. All candidates must successfully complete Geography 6000 and 6001 if these courses, or equivalent courses, have not been included in their Master's program. In addition, all candidates are required to successfully complete a minimum of 3 credit hours in graduate program courses.

6. The supervisory committee may decide that a candidate successfully completes an examination for reading or speaking a language other than English.

7. After the successful completion of all required courses, candidates must take a comprehensive examination which will have both a written and an oral component.

8. Following successful completion of the comprehensive examination the candidate will submit a written research proposal to the supervisory committee. The proposal must then be approved by the Committee prior to the commencement of research by the candidate.

9. Each candidate will be required to present a seminar on their research to the Department.

10. The Ph.D. program will conclude with the examination and oral defence of the completed thesis in accordance with the appropriate sections of the General Regulations governing the School of Graduate Studies.

28.16.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow:

6000 Development of Geographical Thought and Practice I
6001 Development of Geographical Thought and Practice II
6002 Directed Readings in Geography
6100 Research Techniques in A Selected Field of Geography I
6101 Research Techniques in A Selected Field of Geography II
6120 Geospatial Modelling and Analysis
6150 Environmental Remote Sensing and Image Analysis
6200 Economic Geography I
6201 Economic Geography II
6204 Sustainable Community and Regional Development
6250 Conservation and Sustainability of Natural Resources
6251 Survey Design, Questionnaire Development and Techniques of Data Collection
6300 Problems in Fisheries Geography
6400 Fluvial Geomorphology
6401 Glacial Geomorphology
6402 Coastal Geomorphology
6410 Climatology
6420 Quaternary Geography
6430 Biogeography
6500 Cultural Geography
6600 Historical Geography
6700 Political Geography
6800 Urban Geography
6821 Advanced Computer Mapping
6900 Graduate Seminar in Regional Geography
6990-95 Special Topics in Geography

28.17 Geology

See Earth Sciences.

28.18 Geophysics

See Earth Sciences.

28.19 History

Professor and Head of the Department
S. Cadigan

The degrees of Doctor of Philosophy and Master of Arts are offered in History by full-time or part-time study.
28.19.1 Program of Study
1. The Ph.D. Degree in History is offered in the following areas:
   a. Canadian History
   b. Maritime History
   c. Newfoundland History
2. An applicant must hold either a Master's Degree in History or a Bachelor's Degree in History with first-class Honours or their equivalents as determined by the Head of the Department and the Dean.
3. All candidates must successfully complete History 7000 and 7001 in the first year of the program. The Supervisory Committee may require the candidate to complete additional graduate courses.
4. All candidates must demonstrate in accordance with regulations established by the School of Graduate Studies a reading knowledge of French before taking the comprehensive examination. On the recommendation of the Supervisory Committee a modern language other than French may be substituted. In addition, the Supervisory Committee may require a demonstrated reading knowledge of a second language other than French or English (or the substitute language).
5. Candidates will undertake supervised reading in fields prescribed by the Department. The Supervisors of these programs of reading, along with the thesis Supervisor, will comprise the student's Supervisory Committee. This reading will prepare the student for the comprehensive oral examination.
6. Candidates must submit a thesis proposal, deemed acceptable by the Supervisory Committee, to the Department before sitting the comprehensive examination.
7. Candidates will normally sit the comprehensive oral examination in the second year of the program.
8. Interested applicants are urged to consult with the Head of the Department on these prerequisites and other requirements before filing an application for admission.

28.19.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow:
6000 Advanced Studies in Newfoundland History
6010 Advanced Studies in Canadian History
6020 Advanced Studies in the History of the United States
6030 Advanced Studies in French History
6040 Advanced Studies in British History
6050 Advanced Studies in German History
6060 Advanced Studies in North Atlantic History
6070 Advanced Studies in Social History
6075 Advanced Studies in Labour and Working Class History
6080 Advanced Studies in Intellectual History
6090 Advanced Studies in Women's History
6095 Advanced Studies in Ethnography
6100 Advanced Studies in Military History
6105 Advanced Studies in Diplomatic History
6110 Advanced Studies in Maritime History
6120 Advanced Studies in Economic and Business History
6125 Medical Science and Social Responsibility in Health Care: Aspects of Medical History (Cross-listed as Medicine 6420)
6130 Quantification and Measurement in History
6140-59 Research in Special Topics
6160-79 Reading Courses (Special Topics)
6190 Theory and Method
6200 Masters Seminar I
6999 Masters Research Paper (12 credit hours)
7000 Ph.D. Seminar I
7001 Ph.D. Seminar II

28.20 Interdisciplinary
Professor and Director
S. MacKinnon
The Degree of Doctor of Philosophy (Interdisciplinary) is offered by part-time and full-time study.
The General Regulations of the School of Graduate Studies and the regulations outlined below will apply.

28.20.1 Administration
1. The program shall be administered by a Director, together with the School of Graduate Studies Interdisciplinary Ph.D. Committee (ID Ph.D. Committee).
2. The program of study of each student will be guided for the duration of the program by a Supervisory Committee of either three (3) or five (5) faculty members, appointed by the Dean of Graduate Studies on the recommendation of the ID Ph.D. Committee at the time of admission.
   In addition, the Director shall be an ex officio member of each Interdisciplinary Ph.D. Supervisory Committee.
   Duties of this Committee shall involve supervising the overall program of study, including the recommendation of appropriate courses, the setting and scheduling of comprehensive examinations, the development of a research proposal, and the thesis-writing and final examination.
   The Supervisory Committee is also responsible for recommending fellowship support to the ID Ph.D. Committee and to the Dean of Graduate Studies at the time of admission and throughout the student's program.
3. Normally, the “academic home” for the student is in the Department or faculty/school of the primary Supervisor.
28.20.2 Deadlines for Applications
1. The deadline for Fall admission is March 1 for commencement in September, October 1 for commencement in January, and February 1 for commencement in May. Students seeking admission to the program should start preparing their admission file well in advance of the application deadline.

Admissions shall be considered by the ID Ph.D. Committee and recommendations shall be made to the Dean of Graduate Studies.

28.20.3 Admission
1. Prospective students should normally hold a Master’s Degree and have an excellent academic record. Applications for admission must include:
   a. Three letters of reference
   b. A detailed research proposal
   c. Letters expressing a commitment to the research project and to supervisory duties from three Memorial University faculty members, one of whom is prepared to assume the role of academic Supervisor or co-supervisor and at least one whose unit of primary responsibility is a Ph.D. granting Department.
   d. Letters of endorsement from the administrative heads of each of the units involved in the proposed program.
   e. A statement from the University Librarian indicating the adequacy of Library resources to satisfy the demands of the research program.

28.20.4 Program of Study
1. a. Students will normally be required to take 12-18 credit hours of courses to be determined by the Supervisory Committee. These must include at least one course from each participating discipline. Directed reading courses may be included to support the development of the thesis work.
   b. Where appropriate, extra language and/or methodology courses may be prescribed. See Evaluation, Evaluation of Graduate Students, 4. concerning language(s) requirement.

2. Comprehensives
   The scope, format, and number of required comprehensive examinations shall be determined by the Supervisory Committee in consultation with the student and in accordance with the needs of his/her particular program of study. Students will be required to take a comprehensive examination after the completion of all required course work, which can be no later than the end of the seventh semester of study. Comprehensive examinations shall follow procedures in accordance with General Regulation, Comprehensive Examinations, Ph.D. Comprehensive Examination, with the exception of 2.

3. Thesis
   a. A thesis proposal, including a working title, statement of purpose and research scope, outline of theoretical and methodological approach, working plan and preliminary bibliography must be submitted to the Supervisory Committee no later than the end of the fifth semester of study. If approved by the Committee, the proposal shall be recommended to the ID Ph.D. Committee for final approval.
   b. Students must complete a thesis, examined and defended in accordance with General Regulation, Theses and Reports of the School of Graduate Studies. The thesis shall give evidence of the candidate’s ability to develop independent and original research.

28.21 Linguistics
Professor and Head of the Department
M. MacKenzie

The degrees of Master of Arts and Doctor of Philosophy are offered in Linguistics.

28.21.1 Program of Study
1. The Degree of Doctor of Philosophy is offered in the following areas:
   a. Languages in which the Department has demonstrated expertise, especially languages of the Newfoundland and Labrador Area.
   b. Historical and Comparative Linguistics.
   c. Language Variation and Language Contact.

2. In order to be admitted to the Ph.D. in Linguistics, a student shall normally hold a Master’s Degree in Linguistics. In the case of a student who does not meet the above requirement but who holds a language-oriented Master’s Degree, a program of additional linguistics courses, supplementary to those normally considered to be required in the Ph.D. program, may be required.

3. The program of each candidate must be approved by the Dean of Graduate Studies upon the recommendation of the Supervisory Committee in consultation with the Head of the Department.

4. Candidates who fulfill the requirement in Clause 2 and who otherwise possess the qualifications of Ph.D. candidates will embark on a program approved on an individual basis. This will normally include not less than 18 credit hours in graduate courses, at least 6 credit hours of which must be at the 7000-level.

5. Where needed, each program will include appropriate courses to ensure that the student will have completed 9 credit hours from graduate courses in each of two required fields selected from the following:
   a. Phonetics and Phonology
   b. Morphology and Syntax
   c. Comparative and Historical Linguistics
   d. Dialectology and Sociolinguistics

6. The comprehensive examination (see Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination of the General Regulations) includes two written and two oral examinations. Students must meet all language requirements prior to undertaking their comprehensive examination.

a. The written examinations consist of two separate research papers. These papers will be submitted to the Examination Committee. At least one of the papers must be in one of the core areas of phonetics/phonology, morphology, syntax or
28.21.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of students, as far as the resources of the Department will allow. Full information is to be found in the Department's Graduate Brochure.

6050-54 Structure of a North American Aboriginal Language (Credit restriction: Except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6050-54 series.)
6055-59 Structure of an Uncommonly-Taught Language (Credit restriction: Except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6055-59 series.)
6100 Issues in Morphosyntax (Credit may not be obtained for both Linguistics 6100 and the former 6001)
6110 Selected Topics in Transformational Grammar
6115 Topics in the Syntax of a Selected Language (Prerequisite: 6001 or 6110)
6150 Principles of Language Acquisition
6151 Selected Topics in Language Acquisition (Prerequisite: 6150)
6200 Generative Phonology
6201 Selected Topics in Phonology (Prerequisite: 6200)
6210 Sociolinguistics (Credit restriction: A student may not obtain credit for both 6210 or the former 6211)
6212 Selected Topics in Language and Gender
6220 Areal and Temporal Variations in Language
6300-09 Special Subjects
6350 General Romance Linguistics
6390 Franco-Canadian
6400 Comparative and Historical Linguistics
6401 Morphosyntactic Change (Prerequisite: 6400)
6403 Etymology (cross-listed as English 6403)
6410 Comparative Structure of a Selected Language Family (Prerequisite: 6011 or 6031 or 6403)
6420 English Dialectology I
6421 English Dialectology II
6430 Selected Topics in Linguistic Variation (Prerequisite: 6220 or the former 6211)
6500 Field Methods
6601 Modern Linguistic Theories
6700 Experimental Phonetics
6701 Selected Topics in Experimental Phonetics (Prerequisites: 6200, 6700)
6800 Selected Topics in Morphology
6880 Selected Topics in Semantics
7000 Seminar in Research Methods
7001 Analytical Issues in Linguistics
7100 Topics in North American Native Languages (Prerequisites: a course from series 6050-6054 or the former 6011, 6031, 6041)
7200 Advanced Topics in Syntax (Prerequisites: 6110, plus either 6001 or 6115)
7400 Seminar in Comparative and Historical Linguistics (Prerequisite: 6400 or 6410)
7430 Seminar in Linguistic Variation (Prerequisite: 6430)
7800 Seminar in Morpho-semantics (Prerequisite: 6800)
7900-03 Special Topics in Linguistics

Note: Appropriate equivalent credits may be given for courses taken at the Summer Institute of the Linguistic Society of America, or a similar institute. Students are encouraged to attend these institutes. They should, however, consult the Head of the Department as to what courses may be appropriate for credit.

28.22 M.D.-Ph.D.

1. The M.D.-Ph.D. program is offered by full-time study to highly motivated students with an excellent academic record who wish to obtain an M.D. and a Ph.D., and whose academic excellence, research potential, and the suitability of the proposed research training environment is acceptable to the Program Admissions and Advisory Committee.

2. The purpose of the M.D.-Ph.D. program is to provide medical education, including clinical skills and training in health research.

3. The M.D.-Ph.D. program will be overseen by the Program Admissions and Advisory Committee (P.A.A.C.). The P.A.A.C. will be responsible for the recruitment and oversight of the program of highly qualified trainees.
4. The P.A.A.C. is composed of the M.D.-Ph.D. Program Director(s), a representative from the Faculty of Medicine, one or more faculty members representing the School of Graduate Studies and a senior M.D.-Ph.D student.

5. M.D.-Ph.D students are jointly enrolled in the M.D. program and the Ph.D. program. The student’s Ph.D. program is overseen by the administrative head of the appropriate academic unit in which the student is enrolled. The M.D. program is overseen by the Assistant Dean, Undergraduate Medical Education, Faculty of Medicine.

28.22.1 Qualifications for Admission

1. To be admitted into the M.D.-Ph.D. program, applicants must first meet the admission requirements of both the M.D. and Ph.D. programs. Admission to the Ph.D. program shall be by the Dean of Graduate Studies on the recommendation of the head of the appropriate academic unit. Admission to the M.D. program is by the Dean of Medicine on the recommendation of the Assistant Dean, Admissions, Faculty of Medicine.

2. Normally, students will enter the M.D.-Ph.D. program from the M.D. program after successful completion of the pre-clerkship phase or from the Ph.D. program after one or two years of the graduate program and acceptance into the M.D. program.

28.22.2 Program of Study and Research

1. The program of study for the Ph.D. is described in the University Calendar entry for the student’s chosen discipline. For the purposes of timing of the comprehensive examination, only the semesters in the Ph.D. component of the program will be counted.

2. The program of study for the M.D. follows the General Regulations governing the M.D. Degree.

3. During the Ph.D. component, students are expected to maintain clinical skills by arrangement with the Assistant Dean, Undergraduate Medical Education, Faculty of Medicine, and will be required to demonstrate competency in clinical skills before resuming full-time studies in the clerkship phase of the M.D. component.

4. During the M.D. component (including the clerkship phase), students, where required, are expected to participate in seminars and journals clubs in their area of research specialization.

5. The Ph.D. will be awarded to students in the M.D.-Ph.D. program on completion of all academic requirements appropriate to the Ph.D. Degree. The M.D. will be awarded to students in the M.D.-Ph.D. program on completion of all academic requirements appropriate to the M.D. Degree.

28.22.3 Evaluation

Failure to maintain academic standing in either the Ph.D. or M.D. components will lead to termination of the M.D.-Ph.D. program which will be annotated on the student’s transcript. On failure of the M.D. component, the Dean of Graduate Studies may approve transfer to a Ph.D. program on the recommendation of the administrative head of the appropriate academic unit. On failure of the Ph.D. component, the Dean of Medicine may approve transfer to a M.D. program on the recommendation of the Assistant Dean of Undergraduate Medical Education.

28.22.4 Courses

See course listing under the regulations for the relevant Ph.D. program and also for the M.D. program in the General Regulations governing the M.D. degree.

28.23 Management

Professor and Dean
W. Zerbe

Associate Professor and Associate Dean (Academic Programs)
L. Bauer

Professor and Associate Dean (Research)
J. Parsons

The Degree of Doctor of Philosophy in Management is offered in the Faculty of Business Administration. The designation refers to management in the broad context. The Degree will offer specializations corresponding to functional areas in management. The Degree currently is offered with specializations in: (i) operations and information management, and (ii) organizational behaviour and human resources management.

The Degree of Doctor of Philosophy in Management is offered by full-time study to qualified candidates. The General Regulations of the School of Graduate Studies and the Degree Regulations of the Faculty of Business Administration outlined below, will apply.

28.23.1 Admission to the Ph.D. Program

Admission is limited and competitive. General qualifications for admission to the Ph.D. Programs at Memorial University of Newfoundland are set out under General Regulations, Qualifications for Admission. Applicants from all disciplines will be considered.

In addition, applicants must have completed the GMAT with a minimum score of 600 (or GRE with a combined score of 1100).

28.23.2 Supervisory Committee

Until a supervisory committee has been formed, the Ph.D. Program Director will be the designated advisor of each Ph.D. student. Each candidate will have a supervisory committee consisting of three or more members, at least two of whom shall be members of the Faculty of Business Administration. The thesis Supervisor shall be a doctorally qualified faculty member in the Faculty of Business Administration, Memorial University of Newfoundland, having a recent (past five years) research track record suitable to provide research supervision at the Ph.D. level. The supervisory committee will be appointed no later than the end of the first year of studies.

Students are encouraged to find a Supervisor within the first year of the program and, together with the Supervisor, find the remaining committee members by the time all required courses are completed.
28.23.3 Components of Study

28.23.3.1 Courses

Students are required to complete successfully a program of courses, normally over the first two years of the program. Students without an adequate background in the functional areas of business may be required to take additional breadth courses. Such determination will be made by the Ph.D. Admission Committee when a student is accepted into the program.

1. **Required for all Specializations**
   - Philosophy 6015 Theory of Knowledge
   - Business 9901 Approaches to Management Research

2. **One of**
   - Business 9902 Modelling Methods in Management Research
   - Business 9903 Quantitative Methods in Management Research*
   - Business 9904 Qualitative Methods in Management Research**
   - Business 9901 is to be completed before any of Business 9902, 9903, 9904 is attempted.

3. **Graduate Research Integrity Program (non-credit)**
   - Alternatively, students may elect to take Education 6467 if Business 9903 is not offered in a particular year, on the approval of the Ph.D. Program Director.
   - Alternatively, students may elect to take Education 6466 if Business 9904 is not offered in a particular year, on the approval of the Ph.D. Program Director.

### Operations and Information Management (OIM) Specialization Courses

In addition to the above-noted courses required for all specializations, the following courses are required for the Operations and Information Management specialization:

- Business 9910 Optimization
- Business 9911 Data and Process Models in Information Systems Development
- Business 9912 Probabilistic Models
- Business 9913 Human-Computer Interaction and Decision Support Systems
- Business 9914 Supply Chains: Models and Management
- Business 9915 Electronic Commerce
- Business 991A/B Seminar in Operations and Information Management Research A/B
- Business 9917 Special Topics in Operations Management
- Business 9918 Special Topics in Information Systems

### Organizational Behaviour and Human Resources Management Specialization Courses

In addition to the above-noted courses required for all specializations, the following courses are required for the Organizational Behaviour and Human Resources Management specialization.

1. **Required courses:**
   - Business 9920 Foundations in Organizational Behaviour
   - Business 9921 Foundations in Human Resources Management
   - Business 9922 Foundations in Industrial Relations
   - Business 9923 Foundations in Organization Theory

   **Note:** Waivers shall not be granted in the Ph.D. program for previously completed course work at either the undergraduate or master’s level.

2. **Four of:**
   - Business 9924 Current Issues in Organizational Behaviour
   - Business 9925 Current Issues in Human Resources Management
   - Business 9926 Current Issues in Industrial Relations
   - Business 9927 Current Issues in Organizational Theory
   - Business 9928 Special Topics in Organizational Behaviour/Organization Theory
   - Business 9929 Special Topics in Human Resources Management/Industrial Relations
   - Any other graduate course subject to the approval of the Supervisor

** Offerings subject to scheduling

28.23.3.2 Summer Research Project

During the first summer in the program, students will complete a research project under the supervision of a qualified faculty member in the area of specialization. Projects must be presented in the course BUSI 991B Seminar in Operations and Information Management Research during the second year of the program or an equivalent course in other specializations.

28.23.3.3 Comprehensive Examination

Students shall undertake a mandatory written comprehensive examination, following General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination, which sets out the procedures for the comprehensive examination. In addition:

1. A candidate in the Ph.D. Program in Management shall normally take the written Comprehensive Examination by the end of the seventh semester of the program. The candidate must have successfully completed all required courses prior to writing the Comprehensive Examination. The scope of the Comprehensive Examination will be determined by the Examining Committee (as defined in General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination) under the guidance of the Supervisory Committee.
2. A list of topics/areas for the Comprehensive Examination will be provided to the student no later than three months prior to the date of the examination.
3. The written examination will take place in three phases over a one-week period.
4. Based on the results of the written examination, the Examining Committee may schedule a supplementary oral examination on any topics covered on the written examination. The oral examination request must be made to the Dean within two weeks of completion of the written examination. The oral examination, if any, must take place within six weeks of completion of the written examination.
5. The scheduling of the Comprehensive Examination will be initiated by the student's Supervisor who will notify the Dean of the Faculty of Business Administration. The date of the written examination will be determined by the Dean of the School of Graduate Studies. The student will be provided with written notice of the scheduled dates of the written examinations. In the case of oral examinations, requests will be initiated by the Examining Committee or the student (as described above in 4.) through the School of Graduate Studies.

28.23.3.4 Ph.D. Thesis Regulations

1. The candidate must submit a thesis proposal to all members of the Supervisory Committee for evaluation and approval by the end of the eighth semester of the program. Within one month of submitting the proposal, the Candidate will give a public oral presentation of the proposal, attended by the Committee. The presentation will provide the Committee and others in attendance with an opportunity to raise questions about the proposal research. Immediately following the presentation, the Supervisory Committee will meet to assess the proposal. Assessment will result in one of the following three outcomes: (1) accept; (2) accept with changes; or (3) reject. The results of this assessment will be provided to the student following the meeting. Assessments of accept with changes or reject will be accompanied by written comments within one week of the proposal presentation.
2. If the proposal is rejected, the candidate will be permitted a second proposal. This proposal must be submitted and deemed acceptable by the Supervisory Committee within four months of the original proposal presentation. Failure to resubmit within this time period will lead to termination of the candidate's program.
3. The Ph.D. thesis will constitute an independent and original research contribution.
4. The Ph.D. thesis will be evaluated according to the process established in General Regulation Theses and Reports, Evaluation of Ph.D. Theses governing the School of Graduate Studies.

28.24 Mathematics and Statistics

Professor and Head of the Department
C. Radford

The degrees of Master of Applied Statistics (see appropriate calendar entry), Master of Science and Doctor of Philosophy are offered in the Department of Mathematics and Statistics. The Masters' degrees are offered by full-time and part-time studies. The Department also participates in the interdisciplinary Ph.D. Program in Theoretical Physics.

28.24.1 Program of Study

The following regulations should be read in conjunction with the General Regulations of the School of Graduate Studies.
1. Candidates shall be assigned a supervisory committee consisting of the Supervisor (or Co-Supervisors) and at least two other members of faculty appointed by the Dean on the recommendation of the Head.

2. A candidate shall complete at least 6 credit hours in graduate courses in the area of specialization. Candidates not holding a Masters Degree shall, in addition, complete, or have already completed successfully, the course requirements for a Memorial University of Newfoundland Master's Degree in mathematics or in statistics, as appropriate. Any candidate may be required to take additional courses.

3. The Comprehensive Examination consists of two parts, called the “qualifying review” and the “intermediate review”. Successful completion of both the qualifying and intermediate reviews constitutes successful completion of the Comprehensive Examination in the sense of General Regulation Comprehensive Examinations.
   a. The qualifying review consists of written examinations and takes place as soon as the Supervisory Committee deems appropriate, but not later than the end of the candidate’s third semester in the doctoral program. Its main purpose is to ensure that the candidate has a reasonably broad general knowledge of mathematics or of statistics, as appropriate.
   b. The intermediate review consists of an oral presentation on the candidate’s thesis topic followed by an oral examination based on the presentation although questions of a general nature relating to the field of specialization are also permitted. It must take place no later than the end of the candidate’s seventh semester in the doctoral program. Its purpose is to ensure that the candidate has specialized knowledge in his/her chosen area sufficient to do original research of a high level.

More details concerning the Department’s comprehensive examinations can be obtained from the Department.

28.24.2 Specific Regulations for the Ph.D. in Mathematics
A Master’s Degree in mathematics or related area from a recognized university is normally required for entry into the Ph.D. program. Students holding a Bachelor’s Degree (Honours or equivalent) in mathematics may be considered for direct admission into the Ph.D. program. Students currently registered in Memorial University of Newfoundland’s M.Sc. program in mathematics may request a transfer into a Ph.D. program. Such transfer must be supported by the intended Ph.D. supervisory committee and the Graduate Studies Committee.

28.24.3 Specific Regulations for the Ph.D. in Statistics
A Master’s Degree in statistics from a recognized university is normally required for entry into the Ph.D. program. Students currently registered in Memorial University of Newfoundland’s MAS or M.Sc. program in statistics may request a transfer into a Ph.D. program. Such transfer must be supported by the intended Ph.D. supervisory committee and the Graduate Studies Committee.

In addition to general Departmental requirements, each candidate for the Ph.D. in statistics will be required to present at least one paper at a graduate seminar on a topic to be approved by his or her Supervisor.

28.24.4 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

Mathematics
6100 Dynamical Systems
6101 Modern Perturbation Theory
6104 Infinite Dimensional Dynamical Systems
6102-6119 Special Topics in Applied Mathematics
6120 Theoretical Fluid Dynamics
6121 Functional Differential Equations
6130 Introduction to General Relativity
6160 Partial Differential Equations
6201 Numerical Methods for Partial Differential Equations
6202-6209 Special Topics in Numerical Analysis
6210 Numerical Solution of Differential Equations (for Computational Science students only - required core course)
6212 Numerical Methods for Initial Value Problems
6300 Algebraic Topology I (Homology Theory)
6301 Algebraic Topology II (Homotopy Theory)
6302 Algebraic Topology III (Theory of Fibre Bundles)
6304-6309 Special Topics in Topology
6310 Functional Analysis
6311 Complex Analysis
6312 Measure Theory
6313-6319 Special Topics in Analysis
6320 Group Theory
6321 Ring Theory
6322 Nonassociative Algebra
6323 Homological Algebra
6324-6329 Special Topics in Algebra

Archived Previous Calendar, available at mun.ca/university-catalogue
6330 Analytic Number Theory
6331 Algebraic Number Theory
6332 Point Set Topology
6340 Graph Theory
6341 Combinatorial Design Theory
6342 Advanced Enumeration
6343-6349 Special Topics in Combinatorics
6351 Advanced Linear Algebra
6910 Topology Seminar
6940 Analysis Seminar
6950 Algebra Seminar

Statistics
6503 Stochastic Processes
6505 Survival Analysis
6510 Mathematical Statistics
6520 Linear Models
6530 Generalized Linear Longitudinal Mixed Models
6540 Time Series Analysis
6545 Statistical Computing
6550 Nonparametric Statistics
6560 Continuous Multivariate Analysis
6561 Categorical Data Analysis
6570-6589 Selected Topics in Statistics and Probability
6590 A Course in Statistical Consulting
6930 Statistics Seminar

28.24.5 Specific Regulations for the Ph.D. in Theoretical Physics

The Ph.D. in Theoretical Physics is an interdisciplinary program offered jointly with the Department of Physics and Physical Oceanography. The regulations for this program are described under the Regulations Governing the Degree of Doctor of Philosophy - Theoretical Physics

28.25 Medicine

Professor and Dean
J. Rourke

Professor and Associate Dean
P. Moody-Corbett

Professor and Assistant Dean
D. McKay

The Faculty of Medicine offers the degree of Doctor of Philosophy in seven program areas: Cancer and Development, Cardiovascular and Renal Sciences, Clinical Epidemiology, Community Health, Human Genetics, Immunology and Infectious Diseases and Neurosciences. Each program area has a Co-ordinator who is responsible for communicating the interests of the program to the Faculty of Medicine Graduate Studies Committee and participate in the admission of graduate students into the graduate program in Medicine. The Faculty of Medicine also offers the opportunity for students registered in the Doctor of Medicine (M.D.) program to obtain a Ph.D. in a combined and integrated M.D.-Ph.D. program.

28.25.1 Qualifications for Admission

The admission requirements for the Ph.D. are as given under the General Regulations governing Ph.D. degrees.

28.25.2 Program of Study and Research

1. The program of study for a Ph.D. Degree is the responsibility of the supervisory committee composed of a Supervisor and at least two other faculty members.
2. It is the responsibility of the supervisory committee to meet regularly (at least annually) with the student and to provide guidance at all stages of the candidate's program. An annual report prepared by the Supervisor and signed by the student and all members of the committee is required to be submitted to the Assistant Dean of Research and Graduate Studies (Medicine).
3. Graduate Students are expected to participate in Faculty of Medicine seminars and journal clubs, for some of the program areas these are available as required courses.
4. Course requirements are set by each of the program areas and are described under Program Requirements. Some supervisory committees may require some students to successfully complete specified course work.
5. Graduate Students in the Ph.D. degree are required to successfully complete the comprehensive examination before the end of the seventh semester. The comprehensive examination consists of both written and oral components and is in accordance with the General Regulations governing Ph.D. degrees.
6. Graduate students in the Ph.D. degree must complete an original piece of research, a written dissertation which must be successfully defended in an oral examination in accordance with the General Regulations governing Ph.D. degrees.

28.25.2.1 Program Areas

1. Cancer and Development
   a. The graduate program in Cancer and Development offers study in fundamental cell and molecular biological areas including viral oncopogenesis, growth factors and oncogenes in developmental models, programmed cell death and drug resistance.
   b. Program Requirements: Students are required to participate in the Seminar Series (MED 6410-6413).
2. Cardiovascular and Renal Sciences
   a. The graduate program in Cardiovascular and Renal Sciences enables students to pursue research and academic studies in selected topics including hypertension and stroke, neural and endothelial control of vasculature and blood pressure as well as
The Degree of Doctor of Philosophy in Pharmacy is offered to qualified candidates normally by full-time study. The program is designed to provide an academic and research environment for students who wish to pursue advanced study and research in the field of pharmacy.

L.R. Hensman
Associate Professor and Director

28.26 Pharmacy

The Degree of Doctor of Philosophy in Pharmacy is offered to qualified candidates normally by full-time study. The program is designed to provide an academic and research environment for students who wish to pursue advanced study and research in the field of pharmacy.

3. Clinical Epidemiology

a. The program in Clinical Epidemiology is aimed at university graduates intending a career in health services, faculty members seeking advanced training in clinical epidemiology, medical doctors and health care professionals interested in health care delivery research.

b. Program Requirements: Students are required to successfully complete all of the following courses if they have not been previously completed: Special Topics in Health Technology Assessment (MED 6095), Biostatistics I (MED 6200), Basic Clinical Epidemiology (MED 6250), Clinical Research Design (MED 6255) and Applied Data Analysis for Epidemiology (MED 6260). Students are required to take the Ph.D. Seminar Series (MED 6410-6413).

4. Community Health

a. The graduate program in Community Health enables students to pursue research and academic studies in selected topics. Students may specialize in one of the following three streams: epidemiology and biostatistics, health services and policy research; or social justice and equity in health.

b. Program Requirements: Coursework as defined by the Supervisory Committee and this would normally include the Ph.D. Seminar Series (MED 6410-6413).

5. Human Genetics

a. The graduate program in Human Genetics will enable students to pursue academic studies and research in a number of areas of genetics including cancer genetics, genetic epidemiology, gene mapping, medical genetics, birth defects and population genetics. Faculty members from all three divisions of the Faculty of Medicine (Biomedical Sciences, Community Health and Clinical Sciences) participate in the program.

b. Program Requirements: Students are required to take the Genetics Seminar Series (MED 6410-6413).

6. Immunology and Infectious Diseases

a. The Immunology and Infectious Diseases group has an interdisciplinary character and consists of faculty from biomedical science and oncology research. The graduate programs are designed to provide individualized training oriented towards basic research and a solid scientific background in the discipline of immunology and infectious diseases.

b. Program Requirements: Students are required to successfully complete three core courses if they have not been previously completed: Immunology I (MED 6127), Immunology II (MED 6128) and Advanced Immunological Methods (MED 6130). Students are required to attend, for credit, and participate in the Immunology and Infectious Diseases Seminar Program (MED 6410-6413).

7. Neurosciences

a. The Neuroscience Program offers graduate studies in an interdisciplinary setting with the core faculty in the Division of BioMedical Sciences but also including faculty from the Department of Psychology in the Faculty of Science. Graduate students may pursue research in a number of specialty areas including the physiological basis of learning and memory, stroke and neuroplasticity, neuroregeneration, signal transduction mechanisms, neuronal circuitry and membrane physiology. The Neuroscience Program is a Chapter of the Society for Neuroscience.

b. Program Requirements: Normally students in the Ph.D. program are required to complete two graduate level courses in Neuroscience, one of which is to be Systems Neuroscience (MED 6196). Course selection is made on the recommendation and advice of the supervisory committee. Students are expected to attend and participate in the activities of the neuroscience group including the weekly seminar and journal club.

28.25.2.2 Courses

For a list of courses offered by the Faculty of Medicine refer to Courses offered for the Master of Science in Medicine.

28.26 Pharmacy

Associate Professor and Director
L.R. Hensman

The Degree of Doctor of Philosophy in Pharmacy is offered to qualified candidates normally by full-time study. The General Regulations of the School of Graduate Studies of Memorial University of Newfoundland outlined in the current Calendar, and the Degree Regulations of the School of Pharmacy outlined below will apply. Every candidate in graduate studies shall comply with the General Regulations, Degree Regulations and all additional requirements of the School of Pharmacy.

28.26.1 Qualifications For Admission

1. Admission to the Ph.D. program is limited and competitive. Applicants must have completed an M.Sc. Degree in Pharmacy, or its equivalent in a related discipline, from a university of recognized standing.

2. Other students may be considered for admission to a Ph.D. program if they have been registered in a M.Sc. Pharmacy program for a minimum of 12 months, and have demonstrated to the satisfaction of the Graduate Studies Committee of the School of Pharmacy an ability to pursue research at the doctoral level. Students wishing to transfer from the M.Sc. to the Ph.D. will have completed 6 credit hours. Prior to admittance to the Ph.D. program, a written thesis proposal will be submitted for assessment by the Supervisory Committee plus one additional faculty member. The recommendation of this Committee will be forwarded to the Graduate Studies Committee of the School of Pharmacy.

3. On admission to the program, a Supervisory Committee shall be appointed in accordance with General Regulation Supervision governing the School of Graduate Studies.

28.26.2 Program of Study and Research

1. As a minimum, each candidate shall successfully complete 6 credit hours as well as Pharmacy 6999 (Pharmacy Research Seminar). A minimum grade of 65% will be required in each course. Candidates shall complete additional undergraduate courses in Pharmacy or other related areas where the Supervisory Committee considers there to be a deficiency in the academic record. Candidates may select these courses in consultation with the Supervisory Committee. However, it will be the primary responsibility of the Supervisory Committee to ensure that deficiencies in the academic record are rectified.
2. All candidates must submit a thesis proposal to the Supervisory Committee for approval no later than the second semester of study after admission to the program.

3. All candidates must complete a comprehensive examination on or before the end of the sixth semester of study after admission to the program. The comprehensive examination will consist of two components: a written examination and an oral examination. The oral examination will normally be held no later than two weeks after successful completion of the written examination.

4. A Comprehensive Examination Committee shall be appointed in accordance with General Regulation Comprehensive Examination. The Committee will be responsible for preparing the questions for the written and oral examinations and evaluating the candidate's performance in the subject area. The Committee will consist of the Dean of Graduate Studies (or delegate), the Supervisor, and three other members, one of whom may be a member of the Supervisory Committee. All shall be voting members of the Committee except the Dean of Graduate Studies (or delegate).

5. Successful completion of the Ph.D program will require formal examination of the written thesis and an oral defence of the research, as prescribed in the General Regulation Theses and Reports. Final approval of the thesis shall be the responsibility of the School of Graduate Studies.

28.26.3 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the School will allow. Permission of the instructor and the Graduate Studies Committee of the School of Pharmacy is required for admission to any graduate Pharmacy course.

- 6000 Medicinal Chemistry
- 6001 Advanced Physical Pharmacy
- 6002 Dosage Form Design and Novel Drug Delivery Systems
- 6003 Pharmacokinetic Modelling
- 6004 Principles of General Pharmacology
- 6005 Toxicology of Therapeutic Agents and Chemicals
- 6100-6104 Special Topics Courses
- 6999 Pharmacy Research Seminar

28.27 Physics and Physical Oceanography
Professor and Head of the Department
B. de Young

The following Departmental Regulations are supplementary to the General Regulations governing the M.Sc. and Ph.D. degrees. A thorough familiarity with the latter Regulations should be regarded as the prerequisite to further reading in this section.

The Department of Physics and Physical Oceanography compiles, and regularly reviews, a brochure which contains reasonably detailed descriptions of currently active research projects, as well as a comprehensive listing of recent research publications, and other material which may be of interest to prospective graduate students.

28.27.1 Program of Study
The Degree of Doctor of Philosophy (Ph.D.) is offered in Atomic and Molecular Physics, in Physical Oceanography, in Condensed Matter Physics and in Theoretical Physics.

1. A program of study for the Ph.D. Degree in Atomic and Molecular Physics, Condensed Matter Physics or Physical Oceanography shall normally include a minimum of 9 graduate credit hours, beyond those required for the M.Sc. Degree. However, depending on the student's background and area of specialization, more or fewer graduate and/or undergraduate courses may be required.

2. A Comprehensive Examination (as prescribed under General Regulation Comprehensive Examinations) shall be an oral one, and may include the presentation of a written research proposal.

3. The Ph.D. Program in Theoretical Physics is an interdisciplinary program offered jointly with the Department of Mathematics and Statistics. The regulations for this program are described under the Regulations Governing the Degree of Doctor of Philosophy - Theoretical Physics

28.27.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

- 6000 Condensed Matter Physics I
- 6001 Condensed Matter Physics II
- 6002 Superconductivity
- 6003 Path Integral Techniques in Condensed Matter Physics
- 6010-19 Special Topics in Condensed Matter Physics
- 6040 Biophysics
- 6060-69 Special Topics in Interdisciplinary Areas
- 6200 Nonlinear Dynamics
- 6308 Ocean Dynamics I
- 6309 Ocean Dynamics II
- 6310 Physical Oceanography
- 6313 Physical Fluid Dynamics
- 6314 Field Oceanography
- 6315 Polar Oceanography
- 6316 Ocean Measurements and Data Analysis
- 6317 Ocean Acoustics
- 6318 Numerical Modelling
- 6319 Climate Dynamics
- 6320 Turbulence
- 6321 Coastal Oceanography
- 6322 Stratified Flows
- 6323 Stability Theory
- 6324 Models in Ocean Ecology
- 6360-69 (excluding 6363) Special Topics in Physical Oceanography
6363 Laboratory Experiments in Geophysical Fluid Dynamics
6400 Statistical Mechanics
6402 Theory of Phase Transitions
6403 Stochastic Processes, Time-Dependent and Non-Equilibrium Statistical Mechanics
6502 Electrodynamics
6720 Theory of Molecules
6721 Molecular Spectroscopy
6722 Light Scattering Spectroscopy
6730 Molecular Theory of Liquids and Compressed Gases
6740 Physics of Atomic Collisions
6760-69 Special Topics in Atomic and Molecular Physics
6800 Group Theory
6810-19 Special Topics in Theoretical and Mathematical Physics
6850 Quantum Mechanics I
6851 Quantum Mechanics II
6900 Techniques in Experimental Condensed Matter Physics
6910-19 Special Topics in Experimental and Applied Physics

Table of Credit Restrictions - Physics and Physical Oceanography
(Credit may be obtained for only one course from each of the pairs of courses listed in this table.)

Members of the Department carry out research in several areas of experimental and theoretical physics, including atomic and molecular physics, condensed matter physics, physical oceanography, theoretical geophysics and applied nuclear physics. In atomic and molecular physics, there are experimental programs in collision-induced infrared absorption spectroscopy, electron emission spectroscopy of simple molecules, molecular ions and free radicals, laser-induced fluorescence spectroscopy, and Raman spectroscopy, and theoretical work on atomic and molecular collisions. The work in condensed matter physics includes experimental programs in solid state nuclear magnetic resonance on systems of biophysical interest, Raman spectroscopy of lipid bilayers and membranes, studies of phase transitions using Brillouin and Raman spectroscopy, studies of instabilities and pattern formation in simple fluid dynamical systems, and spectroscopic studies of molecular crystals. Theoretical condensed matter physics research involves studies of magnetism, superconductivity, and the statistical mechanics of polymers and lipid bilayers. The Physical Oceanography group carries out field and laboratory research on several projects which take advantage of Newfoundland’s unique oceanographic environment, using acoustic and other remote sensing techniques. These include studies of circulation on the Newfoundland and Labrador shelves, Labrador current dynamics, fjord dynamics, submarine canyons and sediment transport dynamics in the nearshore zone and on the shelf. Theoretical oceanographic studies involve the modelling of ocean circulation, gravity wave phenomena and other aspects of ocean dynamics. Research in theoretical geophysics is concentrated on whole-Earth dynamics, with special emphasis on the physics of the liquid core (the Earth’s “third ocean”) as inferred from its wave spectrum and the associated momentum transfer to the deformable solid parts of the Earth. In nuclear physics, research is done on the atmospheric concentrations of radioactive elements and on dosimetry for medical applications.

Note: For Geophysics, see Earth Sciences.

28.28 Psychology
Professor and Head of the Department
I. Neath

The Degree of Master of Science (M.Sc.) is offered in Experimental Psychology. Interested students should also see the Master of Science in Cognitive and Behavioural Ecology. The Degree of Doctor of Philosophy is offered in Experimental Psychology. Interested students may wish to consult the section in the Calendar describing the Doctor of Philosophy in Cognitive and Behavioural Ecology program.

28.28.1 Admission
1. All applicants are required to submit results from the General section of the Graduate Record Examinations.
2. At least one letter of reference should come from someone who is familiar with the applicant’s research capability.

28.28.2 Program of Study
1. An applicant must hold either a Master’s Degree or an Honours Bachelor’s Degree with first class standing to be considered for admission. The program of study will be specified at the time of admission. Decisions on (a) whether to include courses in the program, and if so, (b) which specific courses are to be included will be based on the student’s background and the proposed thesis topic.
2. Comprehensive Examination
The Ph.D. comprehensive in Experimental Psychology shall be taken during the first year of the student's program. The examination
will consist of two parts: (1) an essay, the topic of which is different from the subject of the thesis, and (2) an oral examination which
tests the candidate's ability to integrate the essay into the broad area of Psychology. The essay topic will be assigned by the
Examining Committee in consultation with the student and Supervisor. The essay should not be a précis of the literature, but a
critical appraisal of a subject. This should identify important unresolved issues, and where possible suggest solutions to them.

28.28.3 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the
Department will allow:
6000 Advanced Statistics in Psychology
6001 Research Design
6010 Colloquium Series in Psychology (repeatable, non-credit)
6100-6130 Special Topics in Experimental Psychology
6200 Learning I
6201 Learning II
6203 Behavioural Pharmacology
6210 Behavioural Analysis of Toxins
6351 Behavioural Ecology and Sociobiology (Cross-listed as CABE 6351)
6400 Theory and Methods in Social Psychology
6401 Social Cognition
6402 Group Processes
6403 Program Evaluation and Applied Research
6404 Project in Applied Social Psychology NOTE: This course is open only to students in the Master of Applied Social Psychology
6500 Developmental Psychology I
6501 Developmental Psychology II
6502 Developmental Changes During Old Age
6700 Perception
6710 Human Information Processing
6720 Human Memory
6800 Behavioural Neuroscience I
6801 Behavioural Neuroscience II
6810 Psychometrics
6910 Personality
6990 Doctoral Seminar I
6991 Doctoral Seminar II
6992 Doctoral Seminar in Cognitive and Behavioural Ecology (Cross-listed as CABE 6992)
699A/B Core Graduate Seminar in Psychology (3 credit hours).

28.29 Social Work
Professor and Director
A. Al-Krenawi

28.29.1 Program of Study
The degrees of Master of Social Work and Doctor of Philosophy are offered in Social Work.
Course work commences in the Spring Semester and is completed over five semesters. The program includes two Spring Semester
residencies, at which time students must attend on a full-time basis, and Fall and Winter semester courses which can be taken on or
away from campus.
1. An applicant for admission to the Ph.D. program in Social Work must hold a Master's Degree in social work, or equivalent
professional social work Degree as determined by the Graduate Studies Committee of the School of Social Work. All applicants
should also have a minimum of three years post-B.S.W. practice experience.
2. All Ph.D. students in the social work program must complete at least 24 credit hours in regulation graduate courses. These include:
a. 6 credit hours in foundation courses (7010 and 7020)
b. 6 credit hours in advanced practice courses (7310, 7320); or 3 credit hours in advanced practice courses (7310) and 3 credit
hours on social work education (7510)
c. 9 credit hours on research (7411, 7421 and 7431)
d. 1 internship chosen from the Internships on Advanced Social Work Practice (7910), Social Work Education (7920) or Applied
Social Work Research (7930).
3. Comprehensive Examination
a. A candidate registered in a Ph.D. program in Social Work shall normally take the Comprehensive Examination no later than the
seventh semester in the program. Prior to proceeding to the Comprehensive Examination, candidates must have completed all
required course work and the internship.
b. The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Director (School
of Social Work). It shall consist of:
i. the Ph.D. Program Co-ordinator who will serve as representative of the Director of the School of Social Work and who shall
occupy the Chair
ii. the candidate's Supervisor
iii. the Dean of Graduate Studies or delegate
iv. three other members recommended by the Director of the School of Social Work. One of these normally will be on the
candidate's Supervisory Committee.
Including the Supervisor, no more than two members of the Examination Committee may be nominated from the candidate's
Supervisory Committee. All members of the Examination Committee, including the Chair, but excluding the Dean of Graduate
Studies or delegate, shall be voting members.
3. All Ph.D. candidates must complete a minimum of 6 credit hours in graduate courses in sociology, including Sociology 6150 Social Theory and Sociology 6040 Methods of Sociological Research, if these or equivalent courses have not been taken previously.

4. Proficiency in a second language will be required when the candidate's supervisory committee determines that knowledge of this second language is necessary for the purpose of the proposed doctoral research.

4. Ph.D. Thesis

a. A Supervisory Committee will be appointed for each student as indicated under the General Regulation Supervision.

b. The candidate must submit a thesis proposal to the Supervisory Committee based on her/his own interest, and normally the proposal must be approved by the end of the eighth semester of the program. The proposal will be circulated to the Supervisory Committee for critical evaluation. The Chairperson of the Supervisory Committee will inform the candidate within one month of its acceptance, rejection, or acceptance with recommended changes.

c. If the proposal is not acceptable, the candidate will normally be permitted a second attempt. The revised proposal must be submitted within a semester. Failure to resubmit within this time period will lead to termination of the candidate's program.

d. The thesis shall give evidence of the candidate's ability to carry out independent and original research, develop the necessary theoretical and methodological framework and analyses and present the findings in a scholarly manner.

28.29.2 Courses

The following courses that are offered during the spring semester residency will be offered every other year, as far as the resources of the School will allow:

<table>

28.30 Sociology

Associate Professor and Head of the Department
A. Micucci

The Doctor of Philosophy (Ph.D.) is offered in Sociology by full-time and part-time study. Graduate courses are taught as tutorials or small seminars.

28.30.1 Program of Study

1. The Ph.D. degree in Sociology is offered in accordance with General Regulations and current department strengths.

2. To be admitted to the program an applicant must have completed either a Master of Arts or Master of Philosophy Degree or hold an equivalent qualification.

3. All Ph.D. candidates must complete a minimum of 6 credit hours in graduate courses in sociology, including Sociology 6150 Social Theory and Sociology 6040 Methods of Sociological Research, if these or equivalent courses have not been taken previously. The supervisory committee in consultation with the Head or Graduate Officer will determine which additional courses, if any, may be required to ensure that candidates undertake appropriate course work in their area of research.

4. Proficiency in a second language will be required when the candidate's supervisory committee determines that knowledge of this second language is necessary for answering the research question and a critical compare and contrast that leads to an argument for one design over the other.

5. A written comprehensive examination, which may be followed by a supplementary oral examination, shall be completed by full-time students no later than the end of the second year of the program. Normally, part-time students shall take the examination within one year of the completion of prescribed courses. In accordance with General Regulations, candidates must demonstrate knowledge of their special areas of research within the context of the discipline.
of Sociology. The examination shall consist of three parts: social theory, research methods, and a special area.

6. No more than two years after having been admitted to the program the candidate must submit a thesis proposal that is considered satisfactory by the Supervisory Committee.

28.30.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow:

- 6040 Methods of Sociological Research
- 6090-94 Special Area in Sociology
- 6120 Social Organization
- 6130 Social Stratification
- 6140 The Community
- 6150 Social Theory
- 6160 Theory Construction and Explanation in Sociology
- 6240 Sociology in Medicine
- 6280 Social and Economic Development
- 6300 Maritime Sociology
- 6310 Political Sociology
- 6320 Gender and Society
- 6330 Science and Technology
- 6340 Comparative North Atlantic Societies
- 6350 Environmental Sociology
- 6360 Sociology of Work
- 6370 Feminist Theory and Methods
- 6380 Women, Nature, Science and Technology (cross-listed as Women's Studies 6380)
- 6390 Sociology of Culture
- 6610 Socialization
- 6620 Current Topics in Social Behaviour
- 6880 Sociology Graduate Seminar

28.31 Theoretical Physics
Board of Studies
Dr. I. Booth, Department of Mathematics and Statistics - Chair
Dr. C. Radford, Department of Mathematics and Statistics
Dr. J. Whitehead, Department of Physics and Physical Oceanography
Dr. I. Afanassiev, Department of Physics and Physical Oceanography

28.31.1 General Information
1. The Theoretical Physics Program is an interdisciplinary Doctor of Philosophy program offered jointly by the Department of Mathematics and Statistics and the Department of Physics and Physical Oceanography. It is broadly based and includes several subdisciplines with the common denominator that each applies advanced mathematical techniques to the study of physical problems. The subdisciplines include, though are not necessarily limited to, theoretical astrophysics, general relativity, partial differential equations of mathematical physics, quantum mechanics, classical and quantum field theory, theoretical condensed matter physics, many-body theory, advanced classical mechanics and non-linear processes, and theoretical and geophysical fluid mechanics.

2. The program is administered by the Board of Studies which is appointed by the Dean of Science in consultation with those faculty members active in the program. The Board of Studies will consist of two members from the Department of Physics and Physical Oceanography and two members from the Department of Mathematics and Statistics. The Program Chair is elected by the Board of Studies and appointed by the Dean of Science. Responsibilities of the Board include making recommendations to the School of Graduate Studies concerning admissions to the program, determining course requirements, and administering comprehensive exams. It also determines minimum levels of funding, administers the School of Graduate Studies and Graduate Teaching Assistant budgets, and monitors' students’ annual progress through the submission of annual supervisory committee reports.

28.31.2 Program of Study
The following regulations should be read in conjunction with the General Regulations:

1. A program of study for the Ph.D. Degree in Theoretical Physics shall normally include a minimum of 9 graduate credit hours in courses offered by the Department of Mathematics and Statistics and/or the Department of Physics and Physical Oceanography. The courses will be determined by the student’s supervisory committee in consultation with the Program Chair and approved by the Board of Studies. In special circumstances more or fewer graduate courses and/or undergraduate courses may be required.

2. Students are required to pass a single Comprehensive Examination as prescribed under Comprehensive Examinations, Ph.D. Comprehensive Examination. This shall be an oral one, and may include the presentation of a written research proposal.

3. The most important requirement is the writing of a doctoral thesis which demonstrates the student’s ability to independently and originally attack and solve a significant problem in theoretical physics. The thesis must definitively advance the subject which it treats.

29 Regulations Governing the Degree of Doctor of Psychology
Administrative Committee
Dr. K. Hadden, Department of Psychology - Director
Dr. C. Arlett, Department of Psychology
Ms. P. Button, Graduate Student Representative
Ms. B. Cater, Eastern Health
Dr. O. Heath, University Counselling Centre
Dr. G. Hurley, University Counselling Centre
Dr. J. Spiegel, Association of Newfoundland Psychologists
The Doctor of Psychology (Psy.D.) degree in clinical psychology is offered by the Department of Psychology in partnership with the University Counselling Centre. This program is designed to prepare clinical psychologists to provide a variety of psychological services to individuals, families and communities.

29.1 Administration
1. The Director is appointed by the Head of the Psychology Department following a consultative process that includes the faculty most directly associated with the Psy.D. program.
2. The Psy.D. Administrative Committee consists of the Director, representatives from academic units involved in the program, and a representative from the Association of Newfoundland Psychologists. The Psychology Department Head, on the recommendation of the Director, appoints Committee members.
3. The Psy.D. Administrative Committee is chaired by the Director, and is the main body for developing and monitoring policy, procedures, and program content. The administrative committee makes recommendations concerning admission and termination, financial support, thesis and comprehensive committees, and thesis topics and examiners. The Committee oversees individual student programs of study and monitors their annual progress.

29.2 Admission Criteria
1. Students with Master’s level degrees who wish to be considered for the program must have completed the undergraduate degree in Psychology and the undergraduate course requirements described below.
2. Applicants are required to have an undergraduate Honours degree in psychology that includes senior courses in each of the following areas: biological bases of behaviour, cognitive-affective bases of behaviour, social bases of behaviour, individual behaviour, and historical foundations of psychology, as well as an Honour's thesis. Students will only be admitted on a full-time basis and must start their program in the Fall semester.
3. Admission to the program is competitive. Applicants will be ranked according to academic aptitude, personal and interpersonal competence, clinical and professional potential, and availability of a supervisor. The application shall include academic transcripts, results of the Graduate Record Examination (verbal, quantitative and analytical subtests), three letters of recommendation and a statement of interests and objectives. One letter of recommendation must specifically address the suitability of the applicant for clinical work. Applicants who are short-listed will be interviewed, either in person or via telephone. Work experience, research experience, extra-curricular activities, and clinically relevant public service will be taken into consideration.

29.3 Program of Study
29.3.1 Comprehensive Examination
The Psy.D. comprehensive exam, consisting of a written and an oral component, shall be taken during the third year of the program. The exam is intended to demonstrate clinical application of the knowledge acquired through course work and practica. The comprehensive exam will be administered according to the guidelines prescribed in the University Calendar for Ph.D. comprehensive examinations.

29.3.2 Thesis
Students will complete a thesis that is applied in nature and relevant to the practice and science of clinical psychology and the communities it serves. The School of Graduate Studies General Regulations concerning evaluation of Ph.D. theses will be followed.

29.3.3 Predoctoral Internship
All students will be required to complete a twelve-month, 1750 clock-hour predoctoral internship.

1 The Memorial University of Newfoundland Code

The attention of all members of the University Community is drawn to the section of the University Calendar titled The Memorial University of Newfoundland Code, which articulates the University's commitment to maintaining the highest standards of academic integrity.

2 General Information

Various types of awards are available to students of Memorial University of Newfoundland. Included are scholarships, bursaries, fellowships, studentships, prizes, medals and loans.

A scholarship is based on academic performance and is awarded to the student with the highest average meeting the conditions of the scholarship. Scholarship standing is required for all scholarships.

A bursary is based primarily on financial need and may be awarded to full-time students who have a minimum GPA of 2 (out of a possible 4) and meet the other conditions of the bursary.

An award is offered to recognize special achievements or to assist with special projects or travel. Awards may be given to students with a minimum of clear standing (as defined by the University) and meeting the other conditions of the award.

A grant is an award for which need is a prime consideration, normally with the provision that the recipient be, or remain, in good academic standing. Grants are issued at the discretion of the Director of Student Success Programs, Student Affairs and Services.

Loans are granted to students on an "ad hoc" basis with need being the prime consideration. Loans are normally repaid before the commencement of subsequent semester. Interest is charged on outstanding loans. Administration of loans is at the discretion of the Director of Student Success Programs, Student Affairs and Services.

Some scholarships and awards may be held for more than one year, but are renewable only if the student maintains scholarship standing and first class standing.

Entrance scholarships are awarded for the Fall Semester.

Unless otherwise noted, entrance scholarships are open to Canadian citizens and permanent residents graduating from secondary school who are admitted to Memorial University of Newfoundland on the basis of high school grades and current entrance standards and who meet the current definition of scholarship standing. They are also open to students in the above category who may not be coming directly from high school. This is limited to those who have previously graduated from high school, are admitted to the University on the basis of high school grades and current entrance standards and who meet the current definition of scholarship standing.

Distinct undergraduate entrance scholarships are available for international students. The values will vary but will not exceed $3,000 each. To be considered for these scholarships, a student must be eligible to pay international undergraduate tuition fees, must register for a minimum course load of 9 credit hours in each of two semesters in their first academic year at Memorial University of Newfoundland and normally have fewer than 31 credit hours of transfer credits. These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Director, Office of Student Recruitment.

The selection of candidates for international entrance scholarships will be based on a number of criteria, including academic standing (comparable to that prescribed for Newfoundland and Labrador and Canadian applicants), principals' and teachers' letters of recommendation and school and community activities.

Scholarship standing for undergraduate entrance students (who are Canadian citizens or permanent residents graduating from secondary schools within Canada) is defined as a 75% average compiled from the final grades received in secondary school courses required for University admission. Students in level three who, have a 90% or higher average on 3000 level credits from the list of courses covered under UNIVERSITY REGULATIONS - Admission/Readmission to the University (Undergraduate), Applicants Who Have Followed the High School Curriculum of the Newfoundland and Labrador, may be provisionally offered scholarships. Students graduating from High Schools in other provinces in Canada may be eligible based on corresponding criteria from their provincial secondary program. The provisional offer will remain in effect until University admission averages are determined.

Scholarship standing for undergraduate students is defined as a 75% average at the end of two out of the last three semesters in the previous scholarship year and the successful completion of not less than 30 credit hours in those two semesters. In considering students who complete more than 30 credit hours in those two semesters, the average on the actual number of credit hours taken will be reviewed. Students who fail one or more courses during the scholarship year, regardless of the number of courses completed, will not be eligible for scholarships.

For Co-op students who do not meet the above definition because of scheduled work terms, scholarship standing is defined as a 75% average over the most recent two academic semesters in the preceding four semesters in which they must have been enrolled as regular full-time Co-op students. Those who fail an academic course or work term during the four semester period will not be eligible for scholarships.

Not all students who meet the above definitions of scholarship standing will receive a scholarship.

Students transferring to Memorial University of Newfoundland from Universities/Colleges in Canada which are members of the Association of Universities and Colleges of Canada (AUCC) and who meet scholarship standing as defined by Memorial University of Newfoundland will be eligible for undergraduate scholarships in the year in which they transfer. Such students must notify the Scholarships, Bursaries and Awards Office in writing of their intention to transfer and provide a complete transcript for the year in question.

Awards must be taken during the scholarship year for which they are awarded and the student must be registered full time or in a recognized work term in order to receive their scholarship, unless stated otherwise in the terms of reference. The scholarship year runs from May 1st - April 30th.

A student may receive in any one scholarship year one general award of any value administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards or more than one award to a combined value of 1.5 times the per semester tuition for 15 credit hours. In addition, students may receive, upon recommendation of the appropriate academic unit, awards administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards such that the total of general and academic unit specific
awards does not exceed three times the per semester tuition for 15 credit hours.

Students who have obtained scholarship standing as defined above need not apply for general scholarships. Inquiries from students with special circumstances and/or concerning scholarships with special terms should be referred to the Scholarships, Bursaries and Awards Office, University Centre, Room 4018, or by telephone to (709) 864-3956.

Students attending the Grenfell Campus in Corner Brook are eligible for all General Scholarships. You may make scholarship inquiries at the Student Affairs Office on that campus or the Scholarships, Bursaries and Awards Office.

Students wishing to apply for awards administered by other authorities should consult the appropriate section of the Scholarships, Bursaries and Awards portion of the Calendar and/or the Scholarships, Bursaries and Awards Office.

In addition to undergraduate awards listed herein, limited information is included concerning Studentships, Fellowships and Graduate Awards. Further inquiries may be made to the Scholarship Committee, though students are advised to consult the Heads of their Departments, the Dean of the Faculty or the Dean of Graduate Studies concerning these particular awards.

If you would like access to information on these and other post-secondary scholarships, awards, and bursaries available through the Internet, visit the Scholarships Office website at www.mun.ca/scholarships.

2.1 Government Assistance

Students who have demonstrated financial need may, upon application, receive financial support from the Canada Student Loan Plan and if they so qualify, from the Provincial Government Student Assistance Program. A single application form for both sources of support is available in writing to The Student Aid Division, Department of Education, Government of Newfoundland and Labrador, Box 8700, St. John's, NL, A1B 4J6 or by telephone to (709) 729-4244.

3 Scholarships, Bursaries, and Awards Administered By the Senate Committee on Undergraduate Scholarships, Bursaries and Awards for Which Entrance Students May Qualify

Aboriginal Undergraduate Entrance Scholarship

The University will award up to four entrance scholarships valued at $1,000 each to Aboriginal residents of Newfoundland and Labrador. Eligible students must be in scholarship standing, have not received another University-administered entrance scholarship of equal or greater value, be enrolled as a full-time undergraduate student at Memorial University of Newfoundland and provide confirmation of their Aboriginal status. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. An application may be obtained in writing or in-person to Scholarships and Awards Office, Room 4018, Smallwood Centre, Memorial University of Newfoundland, St. John's, NL A1B 5S7 or by telephone to (709) 864-3956.

Anthony Insurance Entrance Scholarship

This scholarship is the result of a generous endowment to Memorial University of Newfoundland by Anthony Insurance in memory of Robert C. Anthony, B founder of Anthony Insurance Inc., and the Insurance Corporation of Newfoundland. Mr. Anthony, an inductee of the Newfoundland and Labrador Business Hall of Fame, started his career as a teacher in rural Newfoundland and placed great emphasis on the value of education. The scholarship is intended to help a deserving, high-school graduate attend Memorial University of Newfoundland who would otherwise find it difficult due to financial considerations. The value of the scholarship is full-time tuition for one semester. Eligible candidates must have graduated from a Newfoundland and Labrador high school with a minimum of 75% in Level III courses and must intend to enroll at Memorial University of Newfoundland on a full-time basis. Additional scholarships may be awarded annually as endowment fund growth permits. These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Arnold's Cove, Come By Chance, North Harbour Fishers and Newfoundland Trawlinghipment Scholarship

This scholarship is established by The Newfoundland Trawling Limited (NTL) as part of an agreement between them and the Fishers Liaison Committee (FLC) of the Arnold's Cove, Come By Chance and the North Harbour area. This scholarship, valued at the annual interest on the initial endowment to a maximum of $500 per student, will be awarded on the basis of scholarship standing to a Fisher or his/her descendant(s) who is registered as a full-time student at Memorial University of Newfoundland in any year or field of study. In the event that no applicants are received from Fishers or Fishers' descendants in a given year, the scholarship may be awarded to another student from above noted geographic areas. Eligibility is determined by the Fisheries, Liaison Committee (FLC). Memorial University of Newfoundland is encouraged to ensure that the scholarship is alternated between communities and their eligible students. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which may be obtained from the Scholarships, Bursaries and Awards Office, Rm. 4018, Smallwood Centre, Memorial University of Newfoundland, A1B 5S7. Completed applications must be returned to the FLC for appropriate verification.

The Atlantic Canada Marine Biodiversity Essay Contest Tuition Scholarship

Memorial University of Newfoundland is a participant in the Atlantic Canada Marine Biodiversity Essay Contest which is operated by the Centre for Marine Biodiversity. This contest is open to Grade 12 students from across Atlantic Canada. The first prize winner receives a waiver of tuition fees for two semesters if he or she attends Memorial University of Newfoundland. The two runners up receive partial waiver of tuition fees if they attend Memorial University of Newfoundland. Students are notified of their status in the Essay Contest by the Centre for Marine Biodiversity and the successful candidates are informed of their tuition scholarship by the university, after the Centre for Marine Biodiversity informs the university of the contest winners. Further information can be found on the web site of the Centre www.marinebiodiversity.ca. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Dean, Faculty of Science.

The Mary L. (Mollie) and Peter T. Bailey Memorial Scholarship

This scholarship, donated by the family of the late Mary L. (Mollie) and Peter T. Bailey, has a value of at least $500.00. It is open to students entering first-year studies who are required to move away from home to attend Memorial University of Newfoundland. In making the award, scholarship standing and need will be considered.

The Baird-Stephenson Scholarship

This Scholarship, valued at $1,000.00 is to be awarded annually to a Memorial University of Newfoundland student in any year or field of study. It is named for Mrs. Edna Baird-Stephenson and her late husband, both of whom were former members of Memorial University of Newfoundland's faculty. The Scholarship will be awarded on the basis of academic excellence.

The Warren and Catherine Ball Memorial Entrance Scholarship

This scholarship was established in 2005 by a generous donation from the estate of Dr. and Mrs. Ball. The endowment will provide scholarships at the value of $7,500.00 per annum for up to four years of study to students entering Memorial University of Newfoundland for the first time. The number of the annual scholarships will be based on a portion of the annual income, as per the Awards Program.
Spending Policy. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing.

The Donald M. Balsom Award
The Newfoundland Brain Injury Association (NBLA) has established this award to honour Donald M. Balsom, former Associate Director of Memorial University of Newfoundland's School of Continuing Education and brain injury survivor. Valued at $500.00, it will be awarded annually to a brain injured undergraduate student who is registered either part-time or full-time, in any year or field of study at Memorial University of Newfoundland, who has some volunteer experience with the NBLA and who is in clear academic standing at the University. In the event that no applications are received from brain injured students the award may be given to a student who has made a significant contribution as a volunteer to the Brain Injured Association. In special circumstances, the award may be held for more than one year. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in consultation with NBLA as needed.

Bank of Montreal Scholarship
These scholarships are the result of a generous endowment to Memorial University of Newfoundland by the Bank of Montreal. Interest on the fund will provide several scholarships to full-time students entering Memorial University of Newfoundland in any field of study who have scholarship standing and demonstrated need. These scholarships will be awarded at two semesters tuition for five courses. They are renewable for up to four years provided the candidate(s) maintains first class and scholarship standing.

The Birks Family Foundation Bursaries
The Birks Family Foundation has established a plan of annual contributions to the student aid funds of recognized Canadian universities for the creation of the Birks Family Foundation Bursaries. The Bursaries are awarded by the Foundation on the recommendation of the Senate Committee on Undergraduate Scholarships, Bursaries and Awards and are not restricted to faculty or year and may be renewed. The number and amount of such awards may vary annually, depending upon the funds available for the purpose from the Foundation.

The Glenn Roy Blundon Memorial Scholarship
This scholarship, valued at $500.00, has been established by the family, friends and fellow students of the late Glenn Roy Blundon, a former student of Memorial University of Newfoundland who, despite his severe physical disability, succeeded in his studies and made a significant contribution to student life. In the awarding of this scholarship, preference will be given to academically qualified students with disabilities but those enrolled in the Special Education Program may be considered when no candidates are available from the first group. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Gary Bourne Memorial Scholarship
This scholarship is the result of an endowment to the University funded largely by donations resulting from fundraising efforts of Gary's colleagues at the Office of Financial and Administrative Services. Valued at a portion of the annual accrued interest on the endowment it will be awarded on the basis of scholarship standing to an undergraduate student who is a dependent of a current, retired or deceased staff member of Memorial University of Newfoundland. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Edward Patrick Browne Memorial Scholarships
In his will, Edward Browne, a distinguished and beloved member of the University community, and a life-long supporter of the growth and development of the sport of basketball at provincial and national levels, left a bequest to Memorial University of Newfoundland for the awarding of scholarships to students. These scholarships are awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the advice of the Director of the School of Human Kinetics and Recreation.

The Jo Anne Butler Entrance Scholarship
This scholarship has been made available to the Memorial University Of Newfoundland, through the generosity of Fairfax Financial Holdings Limited in honour of Jo Anne Butler. This scholarship will be awarded annually to an undergraduate student entering the first year of an academic program at Memorial University of Newfoundland. It will be valued at $5,000.00 per year. Eligible students must be Canadian citizens or permanent residents, graduating from a Canadian secondary school or CEGEP, who demonstrate financial need and have achieved a minimum final admission average of 80%. Outstanding achievements or commitments in community and/or other extracurricular activities may also be considered. The scholarship is renewable for up to four additional years if scholarship standing is maintained. Renewal will also be dependent on continuation of full-time enrolment in the undergraduate program in which the recipient began and he/she must not already have received a degree. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Calgary Affinity Dinner Entrance Scholarship
This scholarship was established by the Calgary Affinity Dinner Committee from proceeds of the annual Calgary Affinity Dinner. One or more scholarships, valued at a portion of the income on the endowment, will be awarded annually to students who meet the minimum academic requirements for an entrance scholarship as defined by the University. The scholarship will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Greg Campbell Memorial Entrance Scholarship
These scholarships are the result of a generous donation by Eleanor Swanson to commemorate the memory of her late husband, J. Gregory Campbell. Interest on the fund will provide two scholarships to full-time undergraduate students entering first year of any faculty or school at Memorial University of Newfoundland. The scholarships will be awarded on the basis of scholarship standing and financial need.

The William Campbell Memorial Alumni Scholarship
This scholarship, valued at a portion of the income on the investment, will be awarded annually to a student entering any first year program offered at Memorial University of Newfoundland. The recipient must be a graduate of Menihek High School. If the selected candidate pursues the College Transfer Program at the Labrador West Campus of the College of the North Atlantic, the scholarship may be deferred for one year on the condition that the student enters Memorial University of Newfoundland the following year. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on scholarship standing as defined by the University.

The Canadian Federation of University Women St. John's Bursaries
Two bursaries, valued at $1500.00 each, are offered annually by the Canadian Federation of University Women (CFUW) St. John's to female students in full-time or part-time studies. The awards are made on the basis of scholarship standing and financial need and are not restricted to any particular faculty or year of study. The first of these bursaries is named in memory of Dr. Edith M. Manuel, well-known Newfoundland educator and charter member of CFUW St John's who died in 1984. The second is named for Olga Anderson, a long-time member of CFUW St. John's. Further information regarding the CFUW is available at www.cfuw.org.

The William J. and Florence Carew Labrador Student Scholarship/Bursary
A Scholarship/Bursary, established in 1975 by Miss Helen F. Carew, was renamed in 1990 in memory of her parents William J. and Florence Carew and is valued at $600.00 annually. The award shall be made to a student from Labrador entering Memorial University of
Newfoundland. In making the award, need as well as academic standing, will be considered.

The Daniel Cleary Entrance Scholarship
Daniel Cleary is a native of Harbour Grace, NL and a NHL hockey player who played with the Detroit Red Wings when they won the Stanley Cup in 2008. Mr. Cleary is the first resident of the province to have played on a Stanley Cup winning team. The Daniel Cleary Entrance Scholarship is established as the result of funds raised from an event, and sale of merchandise, celebrating Mr. Cleary and the Red Wings’ victory. The scholarship will be awarded annually to an entering full-time undergraduate male or female student in any program of study at Memorial University of Newfoundland. To be eligible, candidates must demonstrate scholarship standing and have participated in the highest level of minor hockey in Newfoundland and Labrador in their graduating year. The scholarship is valued at a portion of the income on the endowment or $1000, whichever is greater, and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Construction Labour Relations Association of Newfoundland and Labrador Inc. (CLRA) Scholarship
These five scholarships, valued at $1,000 each, were established through a donation from the Construction Labour Relations Association of Newfoundland and Labrador (CLRA). Three of the five scholarships are entrance scholarships and two scholarships will be available to full-time students in any year of any program. They will be available to dependents (sons, daughters or wards), of employees of CLRA member companies. Students must complete an application form provided by CLRA. Based on scholarship standing, it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Clayton and Alice Cook Scholarship
This scholarship has been established by Mr. Clayton D. Cook, retired Newfoundland/CN Railway Trainman. The scholarship will be valued at a portion of the income on the endowment and awarded annually. To be eligible, candidates must be enrolled full-time in an undergraduate program at Memorial University of Newfoundland, be residents of Newfoundland and Labrador (as defined by the University) and have scholarship standing. First preference will be given to candidates who are sons, daughters, grandchildren, great-grandchildren or wards of the Newfoundland/CN Railway Trainmen. When an eligible student meeting these criteria cannot be identified, second preference will be given to students enrolled in the Newfoundland Studies program. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. A special application is required and may be obtained from the Scholarships and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

Country Ribbon Scholarship
This scholarship is available to dependents (sons, daughters or wards) of employees of Country Ribbon. Valued at $1,000.00 annually it will be awarded, with first preference, to an entrant registered in the first year of any undergraduate program at Memorial University of Newfoundland. If no suitable candidate can be identified from the first group the scholarship may be awarded to an undergraduate student registered for full-time studies at Memorial University of Newfoundland. Based on scholarship standing it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. A special application is required and may be obtained from the Scholarships and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Dr. Clarence B. Crummey Memorial Entrance Scholarship
This scholarship is in memory of the late Dr. Clarence Crummey, Jubilee Scholar of the first graduating class of Memorial University College 1927. It is valued at a minimum of $1,000.00 annually and will be awarded to an entering student to Memorial University of Newfoundland from the Bonavista Bay area. It will be awarded based on scholarship standing.

The Reverend Doctor Levi Curtis Bursary
This bursary has a value of at least $200.00 and is awarded each year to a student who is a candidate for the ministry of the United Church, a child of a minister of the United Church, or the child of a needy United Churchman. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Charlotte Penwell Doliment Memorial Scholarship
The scholarship is valued at $5,000, and is provided via a contribution to Memorial University of Newfoundland by Mr. Darryl Fry. It will be awarded on the basis of scholarship standing to graduates of high schools in Grand Bank and Fortune. Where possible preference will be given to students planning to do a Bachelor of Education at Memorial University of Newfoundland.

Eastlink Entrance Scholarship
Each year, Eastlink awards two entrance scholarships valued at $4,000.00 each to students planning to attend Memorial University of Newfoundland in the Fall. In order to qualify for these awards, candidates must be dependants or spouses of subscribers of Eastlink, residing in the communities served by Eastlink. Based on scholarship standing, the scholarship will be awarded by the University, and hold no other concurrent scholarship. In deciding on candidates of equal academic attainment, need will be the determining factor. A special application is required and is available in writing to Eastlink, 17 Duffy Place, P.O. Box 12155, Station A, St. John's, NL, A1B 4L1.

The Fraser Edison Scholarship
This scholarship is the result of a donation to the Opportunity Fund in 1999 by Mr. Fraser Edison. It will be valued at the annual interest on the endowment and will be awarded to an undergraduate student who has a recognized physical disability. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956. The scholarship will be awarded on the basis of scholarship standing to a student in any year or field of study.

The Facilities Management Undergraduate Scholarship
This scholarship is the result of an endowment which began in 1996 as part of the Opportunity Fund Campaign. The fund will provide one or more scholarships valued at a minimum of $500 each to students who are children, grandchildren, nieces, nephews, brothers, sisters or spouses of current or retired employees of the Department of Facilities Management, Memorial University of Newfoundland. Preference in awarding the scholarship(s) will be given to students but undergraduates may also qualify. The scholarship(s) will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, telephone(709) 864-3956.

The Fairfax Financial Holdings Limited Entrance Scholarship
This scholarship has been made available to Memorial University of Newfoundland through the generosity of Fairfax Financial Holdings Limited. Valued at $5000 annually, this renewable scholarship will be awarded annually to an undergraduate student entering the first year of any academic program at Memorial University of Newfoundland. Eligible students must be Canadian citizens or permanent residents, graduating from a Canadian secondary school or CEGEP, who demonstrate financial need and who have met the minimum academic standing for a scholarship. They must not have previously received a scholarship from Fairfax Financial Holdings. Outstanding achievements or commitments in community and/or other extracurricular activities may also be considered. The scholarship is renewable for up to four additional years if scholarship standing is maintained and the student continues full-time enrolment in the undergraduate program in which they began. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.
Flight 491 Legacy Fund Bursary
The Flight 491 Legacy Fund Bursary is established to honour the memory of the victims of the crash of helicopter Flight 491 on March 12, 2009. The bursary, valued at a portion of the income on the endowment, is open to full-time undergraduate students with demonstrated financial need who are entering their first year of study at Memorial University of Newfoundland. It is subsequently renewable for up to three additional years of consecutive full-time study providing the recipient continues to maintain clear academic standing. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Flight 491 Legacy Fund Scholarship
The Flight 491 Legacy Fund Scholarship is established to honour the memory of the victims of the crash of helicopter Flight 491 on March 12, 2009. The scholarship, valued at a portion of the income on the endowment, will be awarded on the basis of scholarship standing and is open to full-time undergraduate students entering their first year of study at Memorial University of Newfoundland. It is renewable for up to three additional years of consecutive full-time study providing the recipient continues to maintain scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Daniel Fraad Jr. Memorial Entrance Scholarship
This scholarship was established by Jack and Susan Rudin in memory of Mr. Fraad who ran Allied Aviation at Gander International Airport for many years before his death. Valued at a minimum of $3,000, it will be awarded annually to an entrance student(s) on the basis of scholarship standing.

The Dr. G.A. Frecker Memorial Alumni Bursaries
The Memorial University of Newfoundland Alumni Association has established, from its Annual Fund, five bursaries named in honour of the late Dr. G.A. Frecker, Chancellor, Memorial University of Newfoundland, 1971-79, and valued at $500.00 each. Four of the bursaries are tenable at the St. John's campus and one at the Grenfell Campus at Corner Brook. The bursaries will be awarded annually to full-time students in any faculty or year on the basis of academic standing and financial need.

The Clarice Diamond Fry Memorial Scholarship
The scholarship is valued at $5,000, and is provided via a contribution to Memorial University of Newfoundland by Mr. Darryl Fry. It will be awarded on the basis of scholarship standing to graduates of high schools in Glovertown and Eastport. However, preference will be given to students who are residents of Glovertown. Where possible preference will be given to students planning to do a Bachelor of Education degree at Memorial University of Newfoundland.

The Fry Family Foundation Junior Leadership Award
This award is the result of the generosity of the Fry Family Foundation. Valued at $1,200.00, it is awarded annually to Grade Nine students from Newfoundland and Labrador schools. Award recipients will receive $200.00 immediately (i.e. at the end of grade nine) and the remainder of the $1,000.00 upon entry to Memorial University of Newfoundland at the end of Level III. The award will also provide the student with opportunities for involvement in leadership development and community services activities. Schools with grade nine graduating classes of forty-five (45) or more student are eligible to nominate candidates. This award will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the school Guidance Councilor or Principal.

Fry Family Foundation St. John Bosco Scholarship
One or more scholarships valued up to $5,000.00 annually, will be awarded to Level III students from Shea Heights or Blackhead, NL. In awarding the scholarship academic standing will be considered. The scholarship will be awarded to students who plan to attend Memorial University of Newfoundland in the fall semester immediately following their completion of high school. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The General Motors Undergraduate Scholarship
This scholarship was established by General Motors of Canada Limited with contributions to the University's Opportunity Fund Campaign. Interest from the fund will provide one or more scholarships to support individuals who qualify as Native People, members of a Visible Minority and/or Physically Disabled. It will be awarded to students in any year or faculty or school at Memorial University of Newfoundland. It will be awarded on the basis of scholarship standing. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

Raymond Gushue Memorial Bursary
This bursary was established in memory of Raymond Gushue, born in Whitbourne and the first Newfoundlander appointed to the Order of Canada. Dr. Gushue left a lasting legacy of his achievements as a Past President of Memorial University of Newfoundland from 1952 to 1966. To be eligible for this bursary a student must be graduating from Crescent Collegiate in South Dildo and be entering the first year of any program at Memorial University of Newfoundland. Selection is based on demonstrated financial need as well as academic merit. Valued at a portion of the income on the investment, the bursary is renewable for up to three additional years of consecutive full-time study providing the recipient meets the minimum academic requirement for a bursary. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Joan Haire Memorial Scholarship
This scholarship is the result of an endowment which began in 1997 as a part of the Opportunity Fund Campaign. The fund will provide a scholarship valued at a minimum of $500 to students who are children, grandchildren, nieces, nephews or spouses of current, retired or deceased employees or former employees with a minimum of five years service in the Department of Technical Services, Memorial University of Newfoundland. Preference in awarding the scholarship will be given to entrance students but undergraduates may also qualify. The scholarship will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, telephone(709) 864-3956.

The Frank & Margaret Hamilton Gander Collegiate Entrance Scholarship
This scholarship is funded annually through the Frank and Margaret Hamilton Memorial Fund at the Canadian Medical Foundation in support of high school graduates from Gander Collegiate. It will be awarded at $1,750 annually to a student entering their first year of undergraduate study at Memorial University of Newfoundland and is open to any discipline. The student must be in scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Frederick J. Hancock Scholarship
This scholarship is the interest on a sum of money donated to the University by Frederick J. Hancock, former Sergeant of the Newfoundland Constabulary who served as a member of the Force for twenty-five years until his retirement in 1963. Preference in the awarding of this scholarship will be given to sons and daughters of active, retired or deceased members of the Royal Newfoundland Constabulary. Candidates must be enrolled in full-time studies at the University and possess scholarship standing. When no candidates can be found from the above category, the scholarship may be awarded to any full-time student on the basis of academic merit. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.
The Dr. Leslie Harris Memorial University Alumni Association Scholarships
Memorial University of Newfoundland and its Alumni Association have established these scholarships to honour former University President, Dr. Leslie Harris, and to recognize excellence. Several scholarships, valued at a minimum of $16,000.00 ($4,000.00 annually for up to 4 years) will be awarded annually and may be renewed if first class and scholarship standing are maintained. These scholarships are tenable in all undergraduate programs at the University and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The A. Harvey & Company Limited Scholarship Program
On the occasion of its 125th anniversary, A. Harvey & Company Limited established this scholarship tenable at Memorial University of Newfoundland and valued at $1,500.00. The deadline date for applying is the last Friday in July. In order to qualify candidates must:

a. Be a dependent or spouse of employees of the company;
b. Be enrolled as a full-time student;
c. Posses scholarship standing as defined by the University; and
d. Hold no other concurrent scholarship.

Preference will be given to entrance students; however, if there is no eligible candidate enrolled in first year studies, then the scholarship may be awarded to a senior undergraduate student attending Memorial University of Newfoundland who fulfills the above criteria. In deciding between candidates of equal academic attainment need will be the determining factor. Further information and application forms are available in writing from A. Harvey & Company Limited, 87 Water Street, P.O. Box 5128, St. John’s, NL, A1C 5V6

The Judge Higgins Memorial Entrance Scholarship
This scholarship was established in memory of the late Judge William Higgins and is valued at a portion of the annual interest on the endowment. It will be open to all students entering first-year studies at Memorial University of Newfoundland. In making the award, scholarship standing and financial need will be considered. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Imperial Tobacco Canada Entrance Scholarship
This scholarship was made possible by a donation in 1998 to Memorial University of Newfoundland by Imperial Tobacco Canada in support of the Opportunity Fund Campaign. The scholarship is valued at a minimum of $2,000.00 annually. It will be awarded to an entrance student on the basis of scholarship standing.

The Irving Oil Limited Scholarships
These scholarships are the result of a generous endowment to Memorial University of Newfoundland by Irving Oil Limited in 1999 as a part of the Opportunity Fund Campaign. Interest on the endowment will provide several scholarships to full-time students entering Memorial University of Newfoundland in any field of study who have scholarship standing. Where two or more students are tied academically, financial need will be the determining factor. Two scholarships, valued at $6,000.00 each, will be awarded annually to the general entering student population and, as funds permit, one or more scholarships valued at approximately $3,000.00 each will be awarded with preference to students who are dependents of full-time permanent employees of Irving Oil Limited. The latter will be split equally between the Eastern and Western regions of the province with Grand Falls-Windsor providing the boundary line. Communities west of the boundary of Grand Falls-Windsor (including Labrador) will be considered part of the western region and those east and south of Grand Falls-Windsor (including Grand Falls-Windsor itself) will be considered part of the eastern region. If in a given year there are not enough eligible candidates from the employees’ dependant pool, these scholarships will also be open to the general entrance student population. All candidates must be residents of Newfoundland and Labrador (a person who has maintained permanent residence in the province for a period of 12 months immediately prior to enrolment at Memorial University of Newfoundland).

The P.F. Kearney Memorial Scholarship
A minimum of two scholarships will be provided annually from the interest on a bequest to the University in memory of Mr. P.F. Kearney. The scholarships will be awarded to students attending Memorial University of Newfoundland from schools within geographic boundaries of the Exploits Valley Integrated and Exploits White Bay Roman Catholic School Boards. Preference will be given to entering students, but in the event that no entering students are eligible in a given year they may be awarded to undergraduates in any year or field of study on the basis of scholarship standing.

Key Tag Scholarships
Up to three scholarships, valued at $500.00 per annum, are donated by the Newfoundland Branch of the War Amputees of Canada, and are to be known as the Key Tag Scholarships. These scholarships are awarded annually to amputee students in any year or field of study at Memorial University of Newfoundland. In the event that no applications are received from amputee students, the Committee may consider other physically disabled students. In making the awards, financial need, initiative and scholastic achievement will be considered. In certain circumstances, one scholarship may be held for more than one year. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Killam American Undergraduate Scholarship
This scholarship fund is the result of gifts to Memorial University of Newfoundland in memory of Isaac Walton Killam of Nova Scotia made by the charitable trusts of his sisters in Massachusetts. The fund will provide one or more non-renewable entrance scholarships, valued up to $3,000.00 (Canadian), to undergraduate students from the United States wishing to study at Memorial University of Newfoundland. Eligible candidates will be citizens of the United States who meet current admission requirements to Memorial University of Newfoundland and demonstrate scholarship standing comparable to that prescribed for Newfoundland and Labrador and Canadian applicants. Students will normally have fewer than 31 credit hours of transfer credits and to register at Memorial University of Newfoundland as full-time undergraduate students for at least four courses in each of two semesters in their first academic year at Memorial University of Newfoundland. The scholarship(s) will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Director of Student Recruitment.

The Iris Kirby Memorial Scholarship
This award, valued at $650.00 annually, has been established by the friends and colleagues of the late Iris Kirby. Iris was an active feminist and advocate of encouraging women to develop their fullest potential. The scholarship is open to women enrolling in full-time undergraduate studies at Memorial University of Newfoundland who are entering or returning after at least five years out of full-time study. Applicants should have been resident in Newfoundland for at least one year before applying. The scholarship will be awarded in the Winter semester on the basis of the Fall semester’s results. In deciding on candidates of equal academic attainment, a commitment to the goal of an equal status for women in our society will be considered. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

Korea Veterans’ Association Scholarship
Twenty-six thousand, seven hundred and ninety-one (26,791) Canadians served in the Korean Theatre between the beginning of hostilities in 1950 and the signing of the cease-fire in 1953. Another 7,000 served between the cease-fire and the end of 1955. This scholarship was established to honour the men and women of the various Canadian Military Units that served in the United Nations Forces during that period of time. One scholarship of $500 is awarded annually to a student who meets the following criteria: A full-time
first year student at Memorial University of Newfoundland who is the child or grandchild of a Canadian Korea War Veteran and who has scholarship standing. In a year when there is no eligible child or grandchild in first year, the scholarship may be awarded to a child or grandchild beyond first year studies. If there is still no eligible student, the scholarship may be awarded to any first year student at Memorial who has scholarship standing. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which is available from the Scholarships, Bursaries and Awards Office, Rm. 4018, University Centre.

The Labrador Fishermen’s Union Shrimp Company Memorial Scholarship
These scholarships, two valued at $2,500.00 each annually, were created in honour of the six crew members who died in the 1990 airplane crash in Greenland. They will be awarded to entrance students from Coastal Labrador on the basis of scholarship standing. The first scholarship will be to a student from the Red Bay to Lance au Clair area and the second one to a student from the Lodge Bay to Cartwright area.

The Thelma Marsh Scholarship
This scholarship has been established in memory of Mrs. Thelma Marsh of St. John’s. The scholarship, valued at $2,000.00 annually, is to be awarded to an entrance student from Newfoundland and Labrador. It will be awarded on the basis of scholarship standing and financial need.

The Memorial University of Newfoundland 50th Anniversary Scholarships
These scholarships are a result of donations made to the Memorial University of Newfoundland Opportunity Fund Campaign. Established in 1999, they are awarded annually to students entering the University in Fall semester who have received a provincial government scholarship. The University will offer a scholarship of matching value to students who receive The Junior Jubilee, The Constable W. C. Moss, The Centenary of Responsible Government and the Provincial Electoral District Scholarships.

The Memorial University of Newfoundland Alumni Entrance Scholarship
This scholarship is made possible by a donation from the Memorial University of Newfoundland Alumni Association. The scholarship is valued at $5,000.00 per year and is renewable to a maximum of an additional four years provided first class and scholarship standing are maintained. The scholarship is tenable in all undergraduate programs at this University.

Memorial University of Newfoundland CAUBO Conference 2010 Bursary
This bursary has been established by the Memorial University of Newfoundland planning committee members for the Canadian Association of University Business Officers’ (CAUBO) annual conference hosted by Memorial University of Newfoundland in June 2010. The Committee members volunteered a considerable amount of their time and talent over the twelve months leading up to the conference to ensure the success of this event. Memorial University of Newfoundland’s share of the surplus generated by the conference has enabled the Committee to endow this entrance bursary. The bursary will be awarded at a portion of the income on the endowment and will be awarded annually. The recipient will be an entrance student enrolled in any program at Memorial University of Newfoundland and who is a dependent of a current, retired or deceased staff member of Memorial University of Newfoundland. The recipient must have demonstrated financial need and must meet the minimum academic requirements for a bursary as defined by the University. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. A special application is required and may be obtained from the Scholarship and Awards Office Rm. 4018, University Centre or by calling (709) 864-3956.

Memorial University of Newfoundland CAUBO Conference 2010 Scholarship
This scholarship has been established by the Memorial University of Newfoundland planning committee members for the Canadian Association of University Business Officers (CAUBO) annual conference hosted by Memorial University of Newfoundland in June 2010. The Committee members volunteered a considerable amount of their time and talent over the twelve months leading up to the conference to ensure the success of this event. Memorial University of Newfoundland’s share of the surplus generated by the conference has enabled the Committee to endow this entrance scholarship. The scholarship will be valued at a portion of the income on the endowment and will be awarded annually. The recipient will be an entrance student enrolled in any program at Memorial University of Newfoundland and who is a dependent of a current, retired or deceased staff member of Memorial University of Newfoundland. The recipient must meet the minimum academic requirements for a scholarship as defined by the University. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. A special application is required and may be obtained from the Scholarship and Awards Office Rm. 4018, University Centre or by calling (709) 864-3956.

Memorial University of Newfoundland Endowment Scholarships
These scholarships, established by Memorial University of Newfoundland, are awarded annually to students in any year or faculty with approximately 50% of those awarded in a given year allocated for Entrance Students. The number and value of the annual scholarships vary depending on the interest earned. They are awarded on the basis of scholarship standing.

The Memorial University of Newfoundland Faculty Association Scholarship Fund
The Memorial University of Newfoundland Faculty Association (MUNFA) has established a trust fund to provide scholarships and bursaries to needy students in good academic standing. Assistance from this fund is available to entering students as well as to those further along in their studies and may be re-applied for in subsequent years. The first of the MUNFA Scholarships awarded each year is the Ditte Koster Memorial Scholarship. This award honours the late Ditte Koster who, up to the time of her death, was a professional librarian at the University. As a contribution to the Opportunity Fund in 1999, the Faculty Association pledged to pay the University the interest from their trust for the period January 1, 2000 to March 31, 2004. The matching money from this pledge will be contributed to the University’s general Scholarship Endowment Fund allowing the University to award additional general scholarships.

The Memorial University of Newfoundland International Entrance Scholarship
These scholarships have been established by Memorial University of Newfoundland as part of an agreement by the Board of Regents, in May 2003, that a portion of the tuition fees for international undergraduate students would be set aside for International Scholarships. The values will vary but will not exceed $3,000.00 each annually. To be considered for these scholarships, a student must be eligible to
pay the full international undergraduate fee, must register for at least 9 credit hours in each of two semesters in their first academic year at Memorial University of Newfoundland, should normally have fewer than 31 credit hours of transfer credits and meet scholarship standing (comparable to that prescribed for Newfoundland and Labrador and Canadian applicants). These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Director, Office of Student Recruitment.

**The G.H. Morgan and Son Scholarship**
This scholarship is the interest on a sum donated by a member of the Morgan Printing Co., Ltd., in memory of the founders of the firm, the late G.H. Morgan, Esq., and his son, the late Albert MacGregor Morgan, Esq. At the request of the donor, it is awarded annually based on the University final admission average. It will be awarded with first preference to a student from Coley's Point. If no eligible student from Coley's Point can be identified, preference will be given to students from (a) Bay Roberts, (b) the entire district of Port-de-Graze.

**The Jacob and Floral Morgan Scholarship Fund**
This fund has been established by relatives and friends of the late Jacob Morgan, a teacher for thirty years in the outports of this province, and of his wife Floral. One or more scholarships, valued at not less than $2,500.00 each will be awarded annually. Preference will be given to students from the smaller outports, primarily to those who are entering Memorial University of Newfoundland for the first time.

**The Julia E. Morgan Scholarship Fund**
This fund has been established by relatives and friends of the late Julia E. Morgan, school teacher and University Extension Services field worker. One or more scholarships, valued at not less than $2,500.00 each will be awarded annually. Preference will be given to students from the smaller outports, primarily to those who are entering Memorial University of Newfoundland for the first time.

**The M.O. Morgan Entrance Scholarships**
These scholarships, tenable at Memorial University of Newfoundland and valued at a minimum of $2,000.00 each, are open to entrance students. They have been funded in part by a donation received from the Albatross Hotel of Gander and the Mount Peyton Hotel of Grand Falls. They will be awarded on the basis of academic excellence.

**The Edward G. Mullins Memorial Scholarship**
This scholarship valued at $500.00 annually has been established by the Newfoundland and Labrador Branch of the Kidney Foundation of Canada. It honours the memory of the late Edward G. Mullins who had kidney disease and was a dedicated volunteer of the Foundation. Preference will be given to applicants who have kidney disease, who have completed a minimum of 16 credit hours over two semesters in the previous scholarship year with a minimum average of 75% in the courses which comprise those credit hours and are enrolled full time at the University. However, if in a given year such an applicant(s) is not available, dependents of someone who has/had kidney disease may qualify. Such applicants must be enrolled full time at Memorial University of Newfoundland and have scholarship standing. In deciding on candidates of equal academic attainment from the latter group, need may be the determining factor. In some cases the scholarship may be held for more than one year. A special application is required and must be submitted to the scholarship office. Applications may be obtained in writing to The Kidney Foundation of Canada, Scholarships, Bursaries and Awards Office, Newfoundland & Labrador Branch, Newfoundland & Labrador, St. John's, NL, A1E 3Y5, or by telephone to (709) 753-8999 or (709) 864-3956.

**The MUNSU Undergraduate Scholarship**
This scholarship fund is the result of an endowment which began in 1996 as a part of the Opportunity Fund Campaign. The fund will provide a scholarship valued at the annual interest on the endowment, to students who are children, grandchildren, or spouses of current (worked a minimum of 15 of the last 24 months) or retired employees of MUNSU, Memorial University of Newfoundland or of previous employees who had a minimum of ten years of service to MUNSU. In the event that there are no eligible candidates from the above group in a given year the scholarship will be open to nieces or nephews of current, retired or previous employees of MUNSU (as per above). It will be open to entrance students as well as undergraduates. The scholarship is not renewable and individuals will not normally hold the scholarship more than once unless an eligible candidate is not available in a given year. The scholarship will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, telephone (709) 864-3956.

**Harvey and Doris Murcell Scholarship**
This scholarship has been established from funds donated by Harvey and Doris Murcell. Scholarships of at least $1,000.00 shall be awarded under the following conditions:

a. A scholarship to two entrance students who are residents of Harbour Grace who attended High School in Conception Bay North.

b. Four scholarships to students of any year from high schools in the Conception Bay North area.

c. Other scholarships as the fund will bear.

The scholarships shall be awarded based on scholarship standing.

**Newfoundland Ranger Force (1935-50) Scholarship**
This scholarship is made possible by a generous donation to Memorial University of Newfoundland by the Newfoundland Ranger Force (1935-49) Association. Valued at a portion of the income on the investment the Scholarship will be awarded to students entering first year of studies at Memorial University of Newfoundland. All candidates must be residents of Newfoundland and Labrador (a person who has maintained permanent residence in the province for approximately 12 months prior to enrolment at Memorial University of Newfoundland). The Scholarship shall be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

**The Florence O'Neill Scholarships**
An endowment donated to the University by Florence O'Neill, Ed.D., C.M., LL.D., honorary graduate of Memorial University of Newfoundland, distinguished for her contribution to the fields of adult education and community development, will fund annual scholarships valued up to $1,000.00 each. These awards will be made available to full-time undergraduate students, preferably to those from rural Newfoundland and Labrador, on the basis of scholarship standing. One shall be given annually to a student attending the Grenfell Campus in Corner Brook.

**The Dr. Hugh O'Neill Entrance Scholarship**
These scholarships are the result of a generous donation to Memorial University of Newfoundland by The O'Neill Foundation. Four scholarships valued at $1,000.00 each will be awarded annually to full-time undergraduate students entering first year of any faculty at Memorial University of Newfoundland. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and financial need.

**The R.A. Parsons Scholarship Fund**
The purpose of this fund is to provide scholarships to students in good academic standing and in proven financial need. There are no restrictions as to year or field of study.
The Selby Parsons Memorial Scholarship
This scholarship, awarded annually in memory of the late Mr. Selby Parsons, an early graduate of Memorial University of Newfoundland, is under the sponsorship of the family and friends of the late Mr. Parsons. It is open to outport students in their first year. Academic standing as well as financial need will be taken into consideration in making the award. The value of the award will be based on the income accruing from the fund during the period of tenure of the scholarship.

The John Lewis Paton Entrance Scholarship
This scholarship is the result of an endowment left to the University from the estate of the late Dr. John Lewis Paton. Valued at a minimum of $2,500.00 annually, the scholarship will be awarded on the basis of scholarship standing to students entering Memorial University of Newfoundland.

The Howard and Amelia Patten Memorial Bursary
The Howard and Amelia Patten Memorial Bursary has been established by a gift from Dr. Eugene Nurse in memory of Howard Patten, a pharmacist in Grand Bank, and his wife Amelia, whose encouragement and financial support enabled Dr. Nurse to attend Medical School. It will be given annually to an entrance student at Memorial University of Newfoundland who is a graduate of John Burke High School in Grand Bank, who is in financial need and who meets the minimum academic requirement for a bursary as defined by the University. In the event that a qualified student from John Burke High School in Grand Bank is not available in a given year, the bursary may be given under the same terms to a student graduating from a high school in the district that serves Grand Bank. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Rose Patten Single Mother Scholarship
This scholarship has been established by Ms. Patten to encourage and assist women to develop their full academic potential. Valued at the interest on the endowment, it is open to single mothers who are enrolled in full-time undergraduate studies at Memorial University of Newfoundland. It will be awarded taking into consideration financial need as well as scholarship standing. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Elaine Pitcher Memorial Scholarship
This scholarship is the result of an endowment to the University from a bequest left by Elaine Pitcher, a donation from Xerox Canada and donations from family, friends and colleagues of Elaine. Valued at a portion of the annual accrued interest on the endowment, it will be awarded on the basis of scholarship standing to an undergraduate student who is a child of a current or retired staff member of Memorial University of Newfoundland. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Poole Family Scholarship
The Poole Family Scholarship, valued at $5,000.00 per year and renewable for up to three additional years, is funded by a generous annual gift from the charitable trust established by Mr. Terry Poole who attended high school in Corner Brook and now resides in Calgary, Alberta. The scholarship will be awarded annually to a full-time undergraduate student entering into their first year of study in any program at Memorial University of Newfoundland (at any campus). To be eligible, candidates must demonstrate financial need and scholarship standing. Preference will be given to candidates who graduated from a high school in western Newfoundland. Recipients may attend any of Memorial University of Newfoundland’s campuses. The scholarship is renewable for up to three additional years as long as candidates maintain scholarship standing, and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Quebec-Labrador Foundation Scholarships
The Quebec-Labrador Foundation offers three scholarships at $500.00 each to students enrolled in studies at Memorial University of Newfoundland. The first award, which is funded from the Larry Shields Fund of the Foundation, is awarded annually on the basis of academic performance and financial need to undergraduate students who are (a) born to Newfoundland and Labrador; and (b) planning to study, or currently studying, Native American and/or Inuit cultures. In the event that a candidate who meets this specific criteria cannot be found in a particular year, the award may be given to a student in any year from one of the study fields and geographic locations indicated below for the second and third awards.

The second and third awards will be awarded annually on the basis of academic performance and financial need to students in any year providing that they come from one of the following areas: the Northern Peninsula, Fogo, Labrador South, or the Lower North Shore of Quebec (from Natashquan to Blanc Sablon). In awarding these two scholarships, special consideration will be given to those applicants studying in the fields useful to the development of the regions served by the Foundation, e.g. Education, Business, Nursing and Health, Forestry, Fisheries, Engineering and Natural Resources.

Robert Gillespie Reid Memorial Scholarships
These scholarships are the result of the annual interest from a bequest left to Memorial University of Newfoundland by Mr. Reid. Scholarships valued at two semesters tuition for a full course load, will be awarded annually to students of scholarship standing. These scholarships are open to both Entrance and Undergraduate students.

Rotary Club of St. John's Entrance Scholarships
These scholarships, valued at a minimum of $1,000.00 each, were established by the Rotary Club of St. John's, Newfoundland, to assist qualified students entering first year of studies at the University. Scholarship standing, as well as financial need, are to be considered in making the awards. The number of awards to be made is contingent on the annual interest on the capital investment.

The Royal Canadian Legion Branch No. 1 Memorial Bursaries
Two awards, the first known as the W.R. Dawe Memorial Bursary and the second known as the Walter E. Williams Memorial Bursary, are sponsored by the St. John's Branch No. 1 of the Royal Canadian Legion. These are valued at $750.00 each and are tenable only at Memorial University of Newfoundland. The awards recognize the contributions of Mr. Dawe and Mr. Williams to the province of Newfoundland and to the Royal Canadian Legion, St. John's Branch No. 1. They are open to Branch No. 1 members' children and grandchildren upon entrance to first year studies at the University. A special application, available from the Branch office or the University's Awards Office, must be completed and returned by August 31 of each year. The awards will be made on the basis of academic standing and need.

Royal Canadian Legion (St. John's Branch No. 1) Memorial Wall Scholarships
These scholarships, three at $1,000.00 each, have been donated by St. John's Branch No. 1 of the Royal Canadian Legion. They were made possible through funds raised in the construction of a Memorial Wall located at the Branch's club rooms. The scholarships are tenable only at Memorial University of Newfoundland to undergraduate students in any faculty, school or year and will be awarded on the basis of scholarship standing and financial need.

The Saval Scholarship Fund in Memory of the Honourable Walter Stanley Monroe
This scholarship is the result of an endowment left to the University from the estate of Maurice H. Saval, at least two scholarships, valued at $1,000.00 each, will be awarded annually to students entering Memorial University of Newfoundland in full-time undergraduate studies. These scholarships are in memory of the Honourable Walter Stanley Monroe. The scholarships will be awarded on the basis of academic...
The Dr. Maurice Saval Scholarship/Bursary Fund
This fund has been established through the generosity of Dr. Maurice Saval, one of the co-founders in St. John's of the Newfoundland American Insurance Company. From the interest accruing on the fund, a number of scholarships/bursaries will be awarded annually to financially needy and academically deserving undergraduate students. The awards will be open to full-time students in first and second year.

The September 11, 2001 International Scholarship
As a result of the tragic events in New York, USA on September 11, 2001, nearly 13,000 air travellers were diverted to airports in Newfoundland to ensure their safety. In St. John's, 475 of them were housed on Memorial University of Newfoundland's St. John's campus for several days. Some of the passengers have shown their gratitude to Memorial University of Newfoundland by making donations to establish a fund which will assist students from other countries to attend Memorial University of Newfoundland. This fund will be a perpetual memorial to those who died in the tragic events of that day, while also providing both international students and our community with the opportunity for enrichment through exposure to new cultures and ways of life. To be considered for these scholarships, a student must be eligible to pay the full international undergraduate fee, must register for at least four courses in each of two semesters in their first academic year at Memorial University of Newfoundland, should normally have fewer than 31 credit hours of transfer work from another institution, and meet scholarship standing for Newfoundland and Labrador and Canadian applicants. These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Director, Office of Student Recruitment.

Shad Valley Scholarships
Three renewable scholarships, valued at $12,000 each ($3000 a year for up to 4 years), are available to high school students who have applied to Memorial University of Newfoundland. The scholarships are open to students who are either current participants or have previously participated in Shad Valley. The scholarships cannot be held in conjunction with any other scholarship awarded by the University. A minimum of scholarship standing is required and the process is very competitive. Applications for the scholarship may be obtained from the Scholarships and Awards Office, Room 4018, University Centre, or by telephone to (709) 576-3956 or through the website at www.mun.ca/scholarships. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Desmond and Annie Single Scholarships
These two scholarships were established as a result of a generous contribution from Ralph (B.Sc. '68) and Marsha Single in memory of Ralph's parents, Desmond and Annie Single. The available funds will be split evenly between the two awards. Both scholarships will be awarded to first year full-time undergraduate students in any area of study, and selection will be made based on a combination of academic merit (scholarship standing) and demonstrated financial need. For one scholarship, preference will be given to students from the west coast (ideally the Bay of Islands region); for the other, preference will be given to students from the Conception Bay South region. For both scholarships the award will be paid out over two years, with one third of the award in the candidates' first (entering) year and two thirds in the candidates' second year as long as the candidate maintains scholarship standing. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Wesley and Daisy Snelgrove Memorial Scholarship
This scholarship fund is established through a generous gift from members of the family of Wesley and Daisy Snelgrove and will provide two scholarships annually, valued at a portion of the income from the endowment. To be eligible, students must be Level III graduates from Baccalieu Collegiate in Old Perlican and must enter full-time studies at Memorial University of Newfoundland (including the Fisheries and Marine Institute), pursuing an undergraduate degree and have scholarship standing. One scholarship, valued at 60% of the spendable earnings, will be awarded to the eligible student with the highest academic average. The second scholarship, valued at 40% of the spendable earnings, will be awarded to the eligible student with the second highest average. Both of the scholarships should be awarded even if the students have received another entrance scholarship from the University. In the event that there are no entering students from Baccalieu Collegiate in a given year, successful recipients from previous years who are currently enrolled at Memorial University of Newfoundland will be considered based on scholarship standing. In the event that no such students are entering or attending the University, the scholarships will be awarded to students from the Federal Electoral District in which Grates Cove is located. In the latter case, if possible, the first scholarship will be awarded to the student who is entering the School of Nursing with the highest academic average and the second to a student entering in their first year in the Faculty of Education with the highest academic average. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Marie Sullivan (1917-2003) Scholarship
This scholarship, valued at a minimum of $2,500.00, has been established by Mrs. Sullivan's eleven children. All attended Memorial University of Newfoundland after completing high school in Baie Verte. The scholarship is in recognition of and appreciation for their mother's unwavering commitment to her family and her encouragement to pursue a higher education. It will be awarded to an entrance student on the basis of scholarship standing and financial need.

The Swimming Newfoundland and Labrador Entrance Scholarship
This scholarship, valued at $1,000.00 annually, is available to a first year student who will attend Memorial University of Newfoundland and be a member of the Memorial University Newfoundland Seahawks Varsity Swim Team. The scholarship recipient will have been a competitive swimmer in the Province of Newfoundland and Labrador for a minimum of three years and be a swimmer in good standing with Swimming Newfoundland and Labrador. This scholarship will be awarded on the basis of scholarship standing, however, in deciding on candidates of equal academic standing, financial need may be used as a determining factor. Applications may be obtained in writing to the Swimming Newfoundland and Labrador office, RPO MacDonald Drive, Box 21248, St. John's, NL, A1A 5B2, or telephone to (709) 576-7946, or by fax to (709) 576-7943.

The TD Bank Financial Group Bursary
The TD Bank Financial Group has established this bursary as part of their commitment to helping students succeed in their post-secondary studies. The bursary is available to part-time or full-time students at Memorial University of Newfoundland who demonstrate financial need. Recipients may be residents of any province or territory in Canada. Valued at the interest on the endowment, the bursary will be awarded to entrance students in any field of study.

Arthur W. Toms Scholarship
This Scholarship was established by the family of the late Arthur W. Toms who was a farmer, fisherman, Co-op Field Officer, Rural Development Officer, Mayor, and Justice of the Peace, and who played a significant and leading role in the development of La Scie and other communities along the northeast coast of Newfoundland. Valued at a portion of the income on the investment, this scholarship will be awarded based on scholarship standing to a student entering Memorial University of Newfoundland as a full-time student. The scholarship will be open to students from Cape John Collegiate, La Scie, NL. If no suitable candidate is available from Cape John Collegiate preference will be given to students from the Baie Verte Peninsula. If no suitable candidate is available from the Baie Verte Peninsula preference will be given to students from Newfoundland and Labrador. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.
The James Tucker Memorial Scholarship
This scholarship is the result of an endowment which began in 1997 as a part of the Opportunity Fund Campaign. The fund will provide a scholarship valued at a minimum of $500 to students who are children, grandchildren, nieces, nephews or spouses of current, retired or deceased employees or former employees with a minimum of five years service in the Department of Technical Services, Memorial University of Newfoundland. Preference in awarding the scholarship will be given to entrance students but undergraduates may also qualify. The scholarship will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, telephone (709) 864-3956.

The George Weston Entrance Bursary
This bursary, valued at a minimum of $1,000.00, will be awarded annually to a Memorial University of Newfoundland entrance student on the basis of scholarship standing and need. It will be renewable for up to four years (initial + 3) providing first class and scholarship standing is maintained and the recipient continues his/her studies in a Bachelor of Arts or a Bachelor of Science. This bursary will be awarded to a student who was born in one of the Atlantic Provinces.

The Women's Association of Memorial University of Newfoundland Faculty/Staff Scholarship
The Women's Association of Memorial University of Newfoundland (WAMUN) has established a $1,200.00 annual scholarship available to students in any faculty or year at Memorial University of Newfoundland, providing they are either:
a. children of full-time faculty or staff; or
b. children of deceased or retired faculty or staff, who at the time of death or retirement, were employed full-time.
This scholarship is based on scholarship standing. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Women's Association of Memorial University of Newfoundland Single Parent Undergraduate Scholarship
This scholarship, valued at $1,200.00, is awarded annually from funds donated by the Women's Association of Memorial University of Newfoundland. It is restricted to single parents enrolled in any faculty, school or year of study at Memorial University of Newfoundland. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of financial need and scholarship standing. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Marjorie Wyght-Barre Memorial Scholarship
This scholarship, named in memory of Mrs. Marjorie Wyght-Barre (1907-1965) of Montreal, is the result of an endowment created by her husband, Major P.H. Barre. This scholarship, valued at the annual accrued interest on the initial endowment, is to be awarded annually to a Memorial University of Newfoundland entrance student from Newfoundland and Labrador. It will be awarded on the basis of scholarship standing and financial need.

The James W. Youden Bursary
This bursary, valued at a portion of the income from the endowment, is a result of a generous donation by James W. Youden from Chamberlains, NL. Though not a graduate of Memorial University of Newfoundland, Mr. Youden's children are all alumni, and Mr. Youden holds a firm belief in the value and power of a university education to transform lives. The bursary recipient will be a full-time undergraduate student in his or her first year of study, with demonstrated financial need and in good academic standing. Preference will be given to students entering either the Faculty of Arts or Education. The recipient must reside in an area of Newfoundland and Labrador outside of metropolitan St. John's and Corner Brook. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

4 Scholarships, Bursaries, and Awards Administered By the Senate Committee on Undergraduate Scholarships, Bursaries and Awards for Which Undergraduate Students Already in Attendance at the University May Qualify

4.1 General
The following are not specific to an academic discipline.

Affinity NL Scholarship
This scholarship is made possible by the fund raising efforts of the Ottawa Affinity Newfoundland and Labrador group and is valued at a portion of the income on the investment according to Memorial University of Newfoundland's Awards Program Spending Policy. Based on scholarship standing (academic excellence), it will be awarded in an alternating fashion to a first year undergraduate student (entering their second year) and then a first year graduate student (entering the first year of either a Master's or Ph.D. program). The student must be from a rural community in Newfoundland and Labrador, express an interest in returning to work in rural Newfoundland, and be registered for full-time studies at Memorial University of Newfoundland. Rural is defined as outside St. John's and Corner Brook as determined by the Centre for Institutional Analysis and Planning, or an equivalent Centre for Trinity or Government body. When awarded to an undergraduate student, the Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. When awarded to a graduate student, it will be awarded by the Dean of Graduate Studies upon the recommendation of the Awards and Medals Committee.

The Arnold's Cove, Come By Chance, North Harbour Fishers and Newfoundland Transshipment Scholarship
This scholarship was established by Newfoundland Transshipment Limited (NTL) as part of an agreement between them and the Fishers Liaison Committee (FLC) of the Arnold's Cove, Come By Chance and the North Harbour area. This scholarship, valued at the annual interest on the initial endowment to a maximum of $500 per student, will be awarded on the basis of scholarship standing to a Fishers or Fishers’s descendant(s) who is registered as a full-time student at Memorial University of Newfoundland in any year or field of study. In the event that no applicants are received from Fishers or Fishers’ descendants in a given year, the scholarship may be awarded to another student from above noted geographic areas. Eligibility of applicants under the above criteria will be verified by the Fisheries Liaison Committee (FLC). Memorial University of Newfoundland is encouraged to ensure that the scholarship is alternated between communities and their eligible students. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956. Completed applications must be returned to the FLC for appropriate verification.

The Ashbridge Scholarships/Bursaries
These awards, at least three at $500.00 each, are tenable to students beyond the first-year level of undergraduate programs. They are awarded on the basis of need and scholarship standing.
Baccalieu Trail Scholarship
This scholarship, valued at a portion of the income on the endowment, is made possible by the fund raising efforts of the Baccalieu Trail Chapter of the Alumni Association of Memorial University of Newfoundland. Based on scholarship standing the scholarship will be awarded to a student who is a resident of the Baccalieu Trail Region or has been a permanent resident of the region for the completion of their secondary education. The student must have completed their first year of study and be entering second year of full-time study at Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Baird-Stephenson Scholarship
This Scholarship, valued at $1,000.00 is to be awarded annually to a Memorial University of Newfoundland student in any year or field of study. It is named for Mrs. Edna Baird-Stephenson and her late husband, both of whom were former members of Memorial University of Newfoundland's faculty. The Scholarship will be awarded on the basis of academic excellence.

The Donald M. Balsom Award
The Newfoundland Brain Injury Association (NBIA) has established this award to honour Donald M. Balsom, former Associate Director of Memorial University of Newfoundland's School of Continuing Education and brain injury survivor. Valued at $500.00, it will be awarded annually to a brain injured undergraduate student who is registered either part-time or full-time, in any year or field of study at Memorial University of Newfoundland, who has some volunteer experience with the NBIA and who is in clear academic standing at the University.

In the event that no applications are received from brain injured students the award may be given to a student who has made a significant contribution as a volunteer to the Brain Injury Association. In special circumstances, the award may be held for more than one year. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in consultation with NBIA as needed.

Barnes House Bursaries
Two bursaries of $600.00 each have been donated by Dr. Charles Loader former Proctor of Barnes House and are tenable only by residents of Barnes House, Paton College, who have resided in the House for at least one semester prior to application. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the advice of a committee established by the Proctor of Barnes House. In making the awards, financial need and academic performance in the previous year will be taken into consideration. The bursaries will not be given to students who hold other major awards and will be paid in two equal installments over two semester, payment in the second semester being dependent upon the recipients maintaining at least a “B” average. If there are no suitable candidates, the bursaries will not be awarded.

Applications are available from the Residence Assistants, the Proctor or the Paton College Office. The deadline date for application is March 15.

The Birks Family Foundation Bursaries
The Birks Family Foundation has established a plan of annual contributions to the student aid funds of recognized Canadian universities for the creation of the Birks Family Foundation Bursaries. The Bursaries are awarded by the Foundation on the recommendation of the Senate Committee on Undergraduate Scholarships, Bursaries and Awards and are not restricted to faculty or year and may be renewed. The number and amount of such awards may vary annually, depending upon the funds available for the purpose from the Foundation.

The Glenn Roy Blundon Memorial Scholarship
This scholarship, valued at $500.00, has been established by the family, friends and fellow students of the late Glenn Roy Blundon, a former student of Memorial University of Newfoundland who, despite his severe physical disability, succeeded in his studies and made a significant contribution to student life. In the awarding of this scholarship, preference will be given to academically qualified students with disabilities but those enrolled in the Special Education Program may be considered when no candidates are available from the first group. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Gary Bourne Memorial Scholarship
This scholarship is the result of an endowment to the University funded largely by donations resulting from fundraising efforts of Gary’s colleagues in the Office of Financial and Administrative Services. Valued at a portion of the annual accrued interest on the endowment, it will be awarded on the basis of scholarship standing to an undergraduate student who is a dependent of a current, retired or deceased staff member of Memorial University of Newfoundland. An application is required and may be obtained from the Scholarships, Bursaries and Awards Office. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Doctor William Boyle Scholarships
Under the will of the late Dr. Robert William Boyle, the University, in 1956, received bequests establishing two scholarships, one in memory of the testator’s mother, Sophie (Maddock) Boyle, to be awarded to a female student attending the University; and the other in memory of his father, Albert Desbrisay Boyle, to be awarded to a male student attending the University. The scholarships are to be awarded to the students who, having attended the University for a period of at least two years, are, in the opinion of the governing body of the University, best qualified in virtue of all-round attainment. Each scholarship will be tenable for two years and the emolument will be the income accruing from the bequest during the period of tenure of the scholarship.

The Burke House Scholarship
One bursary of $700.00 is tenable by a resident of Burke House, Paton College, who has resided in the House for at least two semesters prior to application. In making the award, financial need, academic performance, and leadership contribution will be taken into consideration. The bursary will be awarded to a student who does not hold a concurrent major award and will be paid in two equal installments over a two-semester period, payment in the second semester being dependent upon the recipient maintaining at least a “B” average. If in any year there is no suitable candidate, the bursary will not be awarded for that year. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the advice of a committee established by the Proctor of Burke House. Application forms are available from the Academic Don, the Proctor, or the Paton College Student Housing Office.

The Calgary Alumni Scholarship
This scholarship is being established through the fund raising efforts of the Calgary Alumni Branch of the Memorial University of Newfoundland Alumni Association. The scholarship, valued at a portion of the income on the investment, will be available to an undergraduate student, beyond first year, in any field of study who is a resident of Newfoundland and Labrador (a person who has maintained permanent residence in the province for a minimum of twelve months immediately prior to entering the University) and who demonstrates academic excellence. Based on scholarship standing it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Canadian Federation of University Women St. John's Bursaries
Two bursaries, valued at $1500.00 each, are offered annually by the Canadian Federation of University Women (CFUW) St. John’s to female students in full-time or part-time studies. The awards are made on the basis of scholarship standing and financial need and are not restricted to any particular faculty or year of study. The first of these bursaries is named in memory of Dr. Edith M. Manuel, well-
known Newfoundland educator and charter member of CFUW St John's who died in 1984. The second is named for Olga Anderson, a long-time member of CFUW St. John's. Further information regarding the CFUW is available at www.cfuw.org.

The Canadian Institute of Mining, Metallurgy and Petroleum (Newfoundland Branch) Golden Jubilee Scholarship

This scholarship valued at a portion of the income on the investment, will be awarded to a student entering the final year of undergraduate studies at Memorial University of Newfoundland. Based on scholarship standing, the scholarship will be available to a student majoring in a field of study that is covered by the fields of interest of the Canadian Institute of Mining, Metallurgy and Petroleum specifically; Earth Sciences, Geophysics, Geography, Economics, Environmental Science, Engineering, Business and Commerce. Financial need may be taken into consideration. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Chow-Fagan Scholarship for Single Mothers

This scholarship, valued at $1,000 annually was established by Deborah Chow-Fagan. To be eligible, candidates must be single mothers who are full-time undergraduate students; preference will be given to students who have scholarship standing. If no full-time students are eligible in a given year, second preference will be given to a part-time student who is a single mother. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a special application which may be obtained from the Scholarships and Awards Office, Room 4018, University Centre, or by calling (709) 864-3992.

The Marion (Ward Hue) Christian Memorial Scholarship

This scholarship, valued at a portion of the income from the endowment, is the result of a generous donation by Dr. David Ward, and is established in memory of his mother, Marion (Ward Hue) Christian. Originally from Trinity, Trinity Bay, Marion worked with the Department of Public Health helping elderly adults learn to read before going on to Columbia University and Emory College to study special education and geriatrics. She later served as the Deputy Director of the Hoyles Home, St John's until her retirement. The scholarship recipient will be a full-time undergraduate student beyond first year who must demonstrate financial need as well as scholarship standing. The student must be from an area of Newfoundland and Labrador outside of metropolitan St John's and Corner Brook. Although students in all areas of study are eligible, preference will be given to those studying in the sciences. The Scholarship will be awarded by the Committee on Undergraduate Scholarships, Bursaries and Awards.

The Coca-Cola Scholarship for International Studies

This scholarship, valued at the annual interest on its endowment, has been established from contributions to the University's Opportunity Fund by The Coca-Cola Foundation. It will be awarded to a student who has completed at least two years of a degree program at Memorial University of Newfoundland and who has been accepted to attend a recognized university outside Canada for one or two semesters of study for transfer credit to Memorial University of Newfoundland towards completion of his/her undergraduate degree.

The Compass Group Canada Scholarship

From a sum of money donated by Compass Group Canada, a scholarship fund has been established for students who reside in Paton College, who have completed their second year of studies while in residence and who will return to residence for their third year. The awards, valued at a minimum of $1,000.00, will be made annually on the basis of academic excellence. The purpose of the scholarship is to encourage senior students of high academic calibre to live in residence.

The Computing and Communications Scholarship

This scholarship has been established by the Department of Computing and Communications (C&C) at Memorial University of Newfoundland in support of the dependants of its staff members. To be eligible the recipient must have scholarship standing, be a full-time undergraduate student and be a dependant of a current, retired, deceased, or former (having worked in the unit for a minimum of 5 years) employee of C&C or be a current student employee of the Department. One or more scholarships may be awarded in any given year. In the absence of a candidate meeting the above criteria, the scholarship will be awarded to a student beyond first year majoring in Computer Science in the Faculty of Science or a student in the Faculty of Business Administration. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, or by telephone to (709) 864-3956. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Raymond J. Condon Memorial Alumni Scholarship

This scholarship, valued at $1,000.00, will be awarded to a student who has completed the first year College Transfer Program at the Labrador West Campus of the College of the North Atlantic and is transferring to Memorial University of Newfoundland the following year. The recipient must be of scholarship standing as defined by the University. The Senate Committee on Undergraduate Scholarships, Bursaries and Awards will award the scholarship upon recommendation of the Principal, Labrador West Campus.

Construction Labour Relations Association of Newfoundland and Labrador Inc. (CLRA) Scholarship

These five scholarships, valued at $1,000 each, were established through a donation from the Construction Labour Relations Association of Newfoundland and Labrador (CLRA). Three of the five scholarships are entrance scholarships and two scholarships will be available to full-time students in any year of any program. They will be available to dependents (sons, daughters or wards), of employees of CLRA member companies. Students must complete an application form provided by CLRA. Based on scholarship standing, it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Clayton and Alice Cook Scholarship

This scholarship has been established by Mr. Clayton D. Cook, retired Newfoundland/CN Railway Trainman. The scholarship will be valued at a portion of the income on the endowment and awarded annually. To be eligible, candidates must be enrolled full-time in an undergraduate program at Memorial University of Newfoundland, be residents of Newfoundland and Labrador (as defined by the University) and have scholarship standing. First preference will be given to candidates who are sons, daughters, grandchildren, great-grandchildren or wards of the Newfoundland/CN Railway Trainmen. When an eligible student meeting these criteria cannot be identified, second preference will be given to students enrolled in the Newfoundland Studies program. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. A special application is required to identify students in the first category and may be obtained from the Scholarships and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

Country Ribbon Scholarship

This scholarship is available to dependants (sons, daughters or wards) of employees of Country Ribbon. Valued at $1,000.00 annually it will be awarded, with first preference, to an entrance student registered for full-time studies at Memorial University of Newfoundland. If no suitable candidate can be identified from the first group the scholarship may be awarded to an undergraduate student registered for full-time studies at Memorial University of Newfoundland. Based on scholarship standing it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. A special application is required and may be obtained from the Scholarships and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Crowley Bursaries

These bursaries, one or more valued at a minimum of $1,000.00 each annually, are the result of the interest on an endowment to the University by Mr. Ronald Crowley. In awarding these bursaries preference will be given to undergraduate sons or daughters of...
fisherpersons whenever possible. However, when such candidates cannot be identified the bursaries will be awarded to other eligible undergraduate students at Memorial University of Newfoundland. In both cases candidates may be in any year or field of study. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and financial need as defined by the University.

The Reverend Doctor Levi Curtis Bursary
This bursary has a value of at least $200.00 and is awarded each year to a student who is a candidate for the ministry of the United Church, a child of a minister of the United Church, or the child of a needy United Churchman. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Donald W.K. Dawe Memorial Scholarship
This annual scholarship, valued at $500.00, has been established by the family, friends and associates of the late Donald W.K. Dawe, O.C., who attended the Memorial University College in 1933-34. In making the award, preference may be given in the first instance to a needy and academically qualified student beyond the first year from outport Newfoundland and Labrador.

Director’s Award for Exemplary Work Terms
Four awards will be offered annually to students enrolled in full-time co-operative education programs at Memorial University of Newfoundland. One award for each of the Engineering, Business, Human Kinetics and Recreation programs, and one award for the programs in Applied Social Psychology, Computer Industry Internship Option and Economics. The recipients will receive a framed certificate and their names will be inscribed on a permanent plaque mounted in the Division of Co-operative Education. Nominations will be made by the co-operative education co-ordinators of the students’ respective Faculty or School to the Director of Co-operative Education. Nominations may also be made by employers. The deadline for nominations is January 30. The awards will be presented during National Co-operative Education Week. Only students who have completed a work term in the previous calendar year and have obtained a pass with distinction (P+W) in both the work performance evaluation and the communication component of the work term are eligible. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director of Co-operative Education.

The Vivian Douglas Memorial Scholarship
This scholarship has been established from a donation to the University by Mrs. Edna Baird-Stephenson in honour of her housekeeper Mrs. Vivian Douglas from Grand Bank. It is valued at the annual accrued interest on the initial donation and will be awarded to a student beyond first year in any field of study. It will be awarded annually on the basis of scholarship standing and financial need.

The Doyle House Awards
These awards are the result of fundraising by the Doyle House Academic Committee. Three, valued at $100.00 each, will be awarded annually to residents of Doyle House. They will be awarded in the Winter semester of each year as follows:

a. Highest senior resident average; to a resident of Doyle House who has resided there two consecutive semesters prior to receiving the award and who has a minimum of 70% average.

b. Highest freshman resident average; to a student who had resided in Doyle House for the current and previous semester and who had a minimum of 70% average in the Fall Semester.

c. Most improved average: to a student who has shown the greatest academic improvement during the most recent two semesters, who has been a resident of Doyle house for two consecutive semesters prior to receiving the award and who has a minimum of 70% average in the most recent semester he/she must have achieved at least a 50% average.

These awards will be made by the Committee in Undergraduate Scholarships, Bursaries and Awards acting upon a recommendation from a committee representing Student Housing, Food and Conference Services and Doyle House. Additional information can be obtained from the Residence Assistants, Academic Don or Proctor of Doyle House.

The Dr. J. Douglas Eaton Scholarships
Upon the retirement of Dr. J. Douglas Eaton from the position of Vice-President (Student Affairs & Services) in 1983, the student body of Memorial University of Newfoundland donated a sum of money to fund two undergraduate scholarships in his honour, valued at $500.00 each. These awards, tenable to students beyond first year will be made on the basis of academic standing and demonstrated active participation in student life. In cases of competition between students of equal standing, need shall be the determining factor in awarding the scholarships. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of a special selection committee, consisting of members of MUNSU and the Office of Student Affairs & Services.

The Fraser Edison Scholarship
This scholarship is the result of a donation to the Opportunity Fund in 1999 by Mr. Fraser Edison. It will be valued at the annual interest on the endowment and will be awarded to an undergraduate student who has a recognized physical disability. An application is required and the scholarship will be awarded on the basis of scholarship standing to a student in any year or field of study. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Facilities Management Undergraduate Scholarship
This scholarship fund is the result of an endowment which began in 1996 as a part of the Opportunity Fund Campaign. The fund will provide one or more scholarships valued at a minimum of $500 each to students who are children, grandchildren, nieces, nephews, brothers, sisters or spouses of current or retired employees of the Department of Facilities Management, Memorial University of Newfoundland. Preference in awarding the scholarship(s) will be given to entrance students but undergraduates may also qualify. The scholarships will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, telephone (709) 864-3956.

The Ralph L. Finley Scholarships
Under the will of the late Mr. Ralph L. Finley, the University in 1987 received a bequest establishing two scholarships. The awards are to be tenable to needy undergraduate students, residing in the University residences during the academic year, who attain a minimum average of 70%. The value of the awards will depend on the income accruing from the bequest during the period of tenure of the scholarships. The amounts to be awarded are to be applied to the recipients’ tuition and/or residence fees.

The Charlie (Moo Sic) Fong Memorial Scholarship
This scholarship, valued at the annual interest (approximately $600.00 - $700.00 annually), is the result of an endowment by the Fong family in memory of their great-grandfather, Mr. Charlie (Moo Sic) Fong. It was established to commemorate the 100th anniversary of the first Chinese settler in Newfoundland and to promote an awareness of the Chinese Cultural and Historical background in the province. It will be awarded on the basis of scholarship standing and financial need to an undergraduate student at Memorial University of Newfoundland with a Chinese heritage. The scholarship will be given early in Winter semester and presented to the student at a local function held to celebrate the Chinese New Year. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.
The Dr. G.A. Frecker Memorial Alumni Bursaries
The Memorial University of Newfoundland Alumni Association has established, from its Annual Fund, five bursaries named in honour of the late Dr. G.A. Frecker, Chancellor, Memorial University of Newfoundland, 1971-79, and valued at $500.00 each. Four of the bursaries are tenable at the St. John's campus and one at the Grenfell Campus at Corner Brook. The bursaries will be awarded annually to full-time students in any faculty or year on the basis of academic standing and financial need.

Friends of India Association Scholarship
This award, valued at $500.00, is awarded annually from funds donated by the Friends of India Association. The scholarship is open to any student registered at Memorial University of Newfoundland who is beyond first year studies. This scholarship will be awarded on the basis of scholarship standing.

The General Motors Undergraduate Scholarship
This scholarship was established by General Motors of Canada Limited with contributions to the University's Opportunity Fund Campaign. Interest from the fund will provide one or more scholarships to support individuals who qualify as Native People, members of a Visible Minority and/or Physically Disabled. It will be awarded to students in any year or faculty at Memorial University of Newfoundland. It will be awarded on the basis of scholarship standing and an application may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Joan A. Haire Memorial Scholarship
This scholarship is the result of an endowment which began in 1997 as a part of the Opportunity Fund Campaign. The fund will provide a scholarship valued at a minimum of $500 to students who are children, grandchildren, nieces, nephews or spouses of current, retired or deceased employees of the Eastern Regional Service in the Department of Technical Services, Memorial University of Newfoundland. Preference in awarding the scholarship will be given to entrance students but undergraduates may also qualify. The scholarship will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Frederick J. Hancock Scholarship
This scholarship is the interest on a sum of money donated to the University by Frederick J. Hancock, former Sergeant of the Newfoundland Constabulary who served as a member of the Force for twenty-five years until his retirement in 1963. Preference in the awarding of the scholarship will be given to sons and daughters of active, retired or deceased members of the Royal Newfoundland Constabulary. Candidates must be enrolled in full-time studies at the University and possess scholarship standing. When no candidates can be found from the above category, the scholarship may be awarded to any full-time student on the basis of academic merit. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The A. Harvey & Company Limited Scholarship Program
On the occasion of its 125th anniversary, A. Harvey & Company Limited established this scholarship tenable at Memorial University of Newfoundland and valued at $1,500.00. In order to qualify candidates must:

- a. Be a dependent or spouse of employees of the company;
- b. Be enrolled as a full-time student;
- c. Posses scholarship standing as defined by the University; and
- d. Hold no other concurrent scholarship.

Preference will be given to entrance students; however, if there is no eligible candidate enrolled in first year studies, then the scholarship may be awarded to a senior undergraduate student attending Memorial University of Newfoundland who fulfills the above criteria. In deciding between candidates of equal academic attainment need will be the determining factor. The deadline date for applying is the last Friday in July. Further information and application forms are available in writing to A. Harvey & Company Limited, 87 Water Street, P.O. Box 5129, St. John's, NL, A1C 8G6.

The C.D. Howe Memorial Foundation Scholarship
These scholarships result from a contribution by the C.D. Howe Memorial Foundation. The Annual income from this endowment will be utilized to fund up to six scholarships valued at the cost of one year's tuition for full-time students, the amount varying depending on the number of courses taken. The scholarships will be awarded to undergraduate students entering second, third, fourth or fifth years of study in any undergraduate program. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing, financial need, and a recommendation from the appropriate Dean or academic Director.

The Kathleen Huckabone Bursary
This bursary was established by the family of Kathleen Huckabone in August, 2004 as a special tribute, on the occasion of her 70th birthday. Valued at $2,000.00 and awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, it is given to a first year student at Memorial University of Newfoundland who is a graduate of a high school in the Eastport/Salvage area, is in need of financial assistance and has completed one semester of full-time studies with satisfactory standing. If no candidates meet the foregoing criteria, the bursary may be awarded to an undergraduate student from the Eastport/Salvage area in any year of study at Memorial University of Newfoundland.

The Bishop Jones Memorial Hostel Group Scholarship
This scholarship was established by the Bishop Jones Hostel Group. The scholarship, valued at a portion of the income from the endowment, will be awarded annually to a female student who meets the minimum academic requirements for a scholarship and is enrolled full-time in her second year of study at Memorial University of Newfoundland. It is open to residents of Newfoundland and Labrador whose permanent address is outside the metro region of the campus they are attending. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Ethel H. Judson Memorial Scholarship
This scholarship, valued at the annual interest on the endowment, has been established by Mrs. Edna Baird-Stephenson in memory of her late sister Ethel. It will be awarded annually to a Memorial University of Newfoundland student in any year or field of study. The scholarship will be awarded on the basis of academic excellence.

Key Tag Scholarships
Up to three scholarships, valued at $500.00 per annum, are donated by the Newfoundland Branch of the War Amputees of Canada, and are to be known as the Key Tag Scholarships. These scholarships are awarded annually to amputee students in any year or field of study at Memorial University of Newfoundland. In the event that no applications are received from amputee students, the Committee may consider other physically disabled students. In making the awards, financial need, initiative and scholastic achievement will be considered. In special circumstances, the scholarships may be held for more than one year. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.
The Iris Kirby Memorial Scholarship
This award, valued at $650.00 annually, has been established by the friends and colleagues of the late Iris Kirby. Iris was an active feminist and advocate of encouraging women to develop their fullest potential. The scholarship is open to women enrolling in full-time undergraduate studies at Memorial University of Newfoundland who are entering or returning after at least five years out of full-time study. Applicants should have been resident in Newfoundland for at least one year before applying. The scholarship will be awarded in the winter semester on the basis of the Fall semester's results. In deciding on candidates of equal academic attainment, a commitment to the goal of an equal status for women in our society will be considered. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

Korea Veterans’ Association Scholarship
Twenty-six sixty, seven hundred and ninety-one (26,791) Canadians served in the Korean Theatre between the beginning of hostilities in 1950 and the signing of the cease-fire in 1953. Another 7,000 served between the cease-fire and the end of 1955. This scholarship was established to honour the men and women of the various Canadian Military Units that served in the United Nations Forces during that period of time. One scholarship of $500 is awarded annually to a student who meets the following criteria: A full-time first year student at Memorial University of Newfoundland who is the child or grandchild of a Canadian Korea War Veteran and who has scholarship standing. In a year when there is no eligible child or grandchild in first year, the scholarship may be awarded to a child or grandchild beyond first year studies. If there is still no eligible student, the scholarship may be awarded to any first year student at Memorial who has scholarship standing. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application which is available from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre.

Law Foundation of Newfoundland and Labrador Legal Research Awards for Students of Memorial University
The Law Foundation of Newfoundland and Labrador annually offers up to five Legal Research Awards valued at $500 each to students at Memorial University of Newfoundland. The Awards are for outstanding research papers on one or more legal issues, or topics treated in a legal context, in a senior level course in any discipline at the undergraduate level and in any graduate course for students at the graduate level. The papers submitted by and with endorsement of course professor or lecturer will be judged initially by the Dean, Director, or Department Head who will make a recommendation to a special selection committee comprised of appointees of Memorial University of Newfoundland and the Law Foundation. Undergraduate students will receive a minimum of two and graduate students will receive one of the five Awards. The decisions of the selection committee will be final. The Awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduate students the Awards will be made by the Dean, School of Graduate Studies. In both cases they will act upon the recommendation of the Foundation’s selection committee. Please note that papers, if available on computer, must also be submitted in electronic format. An additional $500 will be provided annually by the Law Foundation to Queen Elizabeth II Library for the purchase of research materials and resources. Total Awards $3,000.

The Locke's Electrical Limited 50th Anniversary Scholarship
This scholarship is the result of an endowment established by Locke's Electrical Limited, Corner Brook; on the occasion of their 50th anniversary. Valued at the interest on the endowment, it will be awarded on the basis of scholarship standing to an undergraduate student in any year of study who is a current or retired staff member of Locke’s Electrical Limited or one of its affiliates. If the scholarship is not awarded in one year then two may be awarded the following year. An application is required and may be obtained from, and returned to, Locke’s Electrical Limited, Corner Brook.

The Dr. Wayne E. Ludlow Scholarship
This scholarship is the result of an endowment made by the undergraduate students of Memorial University of Newfoundland in honour of Dr. Wayne E. Ludlow on his retirement, in 1999, from the position of Dean of Student Affairs and Services. Valued at a portion of the income on the endowment, this scholarship is tenable to students beyond second year, based on scholarship standing and demonstrated active participation in student life. Factors to be considered will include but not be limited to involvement in student government, University clubs and societies and student media. Financial need may also be considered. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of a selection committee of members of MUNSU and the Office of Student Affairs and Services.

The Arthur and Sonia May Scholarship
The scholarship, which is expected to be between $4,000 and $5,000 (based on the annual interest on its endowment), has been established by Arthur and Sonia May on the occasion of the University’s 50th Anniversary as a degree-granting institution, and in gratitude for the outstanding experience they enjoyed as students. It will be awarded to a student who has completed at least two years of a degree program at Memorial University of Newfoundland and who has been accepted to attend a recognized university outside Canada for one or two semesters of study for transfer credit to Memorial University of Newfoundland towards completion of his/her undergraduate degree. Applications may be made to the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or before March 31.

The Hector and Fanny McNeil Memorial Trust Fund Scholarships
From the interest accruing from this fund, at least two scholarships, at $500.00 each, will be awarded annually to academically deserving students at Memorial University of Newfoundland beyond first year.

The Memorial University Golf Tournament Scholarship
This scholarship fund was established in 1998 as a result of entry fees and donations from corporate and individual participants in the Annual Memorial University Scholarship Golf Tournament. Proceeds from this tournament have developed an endowment that supports scholarships valued at a portion of the annual income on the investment. These scholarships will be awarded to second and third year undergraduate students based on scholarship standing, with the exact number of awards to be decided by the Golf Tournament Operations Committee each year. In an effort to ensure that, over time, awards are dispersed throughout the University’s various academic units, only one scholarship per year will be awarded within an academic unit and none will be awarded in a given year to students from an academic unit that has been represented by a recipient in the past three years. Recipients may not be simultaneously in receipt of a general scholarship of equal or higher value at the time of the awarding of this scholarship. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Memorial University of Newfoundland Endowment Scholarships
These scholarships, established by Memorial University of Newfoundland are awarded annually to students in any year or faculty with approximately 50% of those awarded in a given year allocated for Entrance Students. The number and value of the annual scholarships vary depending on the interest earned. They are awarded on the basis of scholarship standing.

The Memorial University of Newfoundland Faculty Association Scholarship Fund
The Memorial University of Newfoundland Faculty Association has established a trust fund to provide scholarships and bursaries to needy students in good academic standing. Assistance from this fund is available to entering students as well as those further along in their studies and may be re-applied for in subsequent years. The first of the MUNFA Scholarships awarded each year is the Ditte Koster Memorial Scholarship. This award honours the late Ditte Koster who, up to the time of her death, was a professional librarian at
the University. As a contribution to the Opportunity Fund in 1999, the Faculty Association pledged to pay the University the interest from their trust for the period January 1, 2000 to March 31, 2004. The matching money from this pledge will be contributed to the University’s general Scholarship Endowment Fund allowing the University to award additional general scholarships.

The Elsa S. Morgan Memorial Scholarship
This scholarship, valued at $500.00, was donated by the late Dr. John M. Morgan, B.Sc., M.D., in memory of his wife, Elsa S. Morgan. Dr. Morgan was born at Port-de-Grave, Conception Bay, Newfoundland and spent all of his professional life in the United States. The scholarship is awarded to a deserving student of scholarship standing who has completed the first year of studies and is proceeding to the second year. Preference will be given to students from the district of Port-de-Grave.

The Jacob and Floral Morgan Scholarship Fund
This fund has been established by relatives and friends of the late Jacob Morgan, a teacher for thirty years in the outports of this province, and of his wife Floral. One or more scholarships, valued at not less than $2,500.00 each will be awarded annually. Preference will be given to students from the smaller outports, primarily to those who are entering the University for the first time.

The John Thomas and Amy Susannah Morgan Memorial Scholarship
This scholarship, valued at $500.00, was donated by the late Dr. John M. Morgan, B.Sc., M.D., in memory of his parents, John Thomas and Amy Susannah Morgan. The scholarship is awarded to a deserving student of scholarship standing, who has completed his or her first year of studies and is proceeding to second year. Preference will be given to students from the district of Port-de-Grave/Harbour Grace.

The M.O. Morgan Alumni Scholarships
At least three scholarships valued at a minimum of $1000.00 each, gifts of the Memorial University of Newfoundland Alumni Association, are awarded annually to students beyond first year on the basis of academic excellence.

The Rick Morris Memorial Bursary
This bursary was established in memory of Rick Morris by his family and friends. Rick was a caring individual who was deeply committed to Newfoundland and worked with a variety of individuals, organizations, and government. He was a mentor to many helping professionals, who regularly sought his counsel on personal and professional issues. He was deeply concerned with violence against individuals, particularly women, children, and the survivors of Mount Cashel. He was involved in the establishment of Unified Family Court’s mediation services and frequently collaborated with the aboriginal and senior’s communities. The bursary, valued at a portion of the income from the endowment, will be awarded annually to a student who is in financial need and meets the minimum academic requirements for a bursary. It will be awarded on a rotating basis to a student enrolled in one of the following academic areas: Year 1- School of Social Work, Year 2- Faculty of Education, Year 3- School of Human Kinetics and Recreation, Year 4- Department of Workforce Development and Year 5- School of Nursing. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head of the Unit for which the bursary is being awarded.

The Edward G. Mullins Memorial Scholarship
This scholarship valued at $500.00 annually has been established by the Newfoundland and Labrador Branch of the Kidney Foundation of Canada. It honours the memory of the late Edward G. Mullins who had kidney disease and was a dedicated volunteer of the Foundation. Successful applicants must be residents of Newfoundland and Labrador (a person who has maintained permanent residence in the province for a minimum of twelve months immediately prior to entering the University). Preference will be given to applicants who have kidney disease, who have completed a minimum of 18 credit hours over two semesters in the previous scholarship year with a minimum average of 75% in the courses which comprise those credit hours. However, if in a given year such an applicant(s) is not available, dependents of someone who has/had kidney disease may qualify. Such applicants must be enrolled full time at Memorial University of Newfoundland and have scholarship standing. In deciding on candidates of equal academic attainment from the latter group, need may be the determining factor. In some cases the scholarship may be held for more than one year. A special application is required and must be submitted to the scholarship office. Applications may be obtained from The Kidney Foundation of Canada, Newfoundland & Labrador Branch, 59 Kenmount Rd. St. John’s, N.L. A1B 1W2, or by telephone to (709) 755-8955, or from the Scholarships and Awards Office, Room 4018, University Centre, Memorial University of Newfoundland or by telephone to (709) 864-3956.

The MUNSU Undergraduate Scholarship
This scholarship fund is the result of an endowment which began in 1996 as a part of the Opportunity Fund Campaign. The fund will provide a scholarship valued at the annual interest on the endowment, to students who are children, grandchildren, or spouses of current (worked a minimum of 15 of the last 24 months) or retired employees of MUNSU, Memorial University of Newfoundland or of previous employees who had a minimum of ten years of service to MUNSU. In the event that there are no eligible candidates from the above group in a given year the scholarship will be open to nieces or nephews of current, retired or previous employees of MUNSU (as per above). It will be open to entrance students as well as undergraduates. The scholarship is not renewable and individuals will not normally hold the scholarship more than once unless there is no other eligible candidate in a given year. The scholarship will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, Memorial University of Newfoundland or by telephone to (709) 864-3956.

The MUNSU 25th Anniversary Scholarship
This scholarship is the result of an endowment established by MUNSU (1994) and is valued at the annual accrued interest. It will be awarded to a student who has completed at least one year at Memorial University of Newfoundland. Based on scholarship standing and active participation in student life, it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the President, MUNSU.

Harvey and Doris Murcell Scholarships
These scholarships have been established from funds donated by Harvey and Doris Murcell. Scholarships of at least $1,000.00 shall be awarded under the following conditions:

a. A scholarship to two entrance students who are residents of Harbour Grace who attended High School in Conception Bay North.

b. Four scholarships to students of any year from high schools in the Conception Bay North area.

c. Other scholarships as the fund will bear.

The scholarships shall be awarded based on scholarship standing.

The Newfoundland and Labrador Neurotrauma Initiative Award
This award, valued at a portion of the income on the investment, is made possible by a generous endowment from the Newfoundland and Labrador Neurotrauma Initiative Program, a partnership between the Rick Hansen Man in Motion Foundation, the Canadian Paraplegic Association, the Brain Injury Association and the Government of Newfoundland and Labrador. The award will be available on an annually rotating basis between undergraduate and graduate students, with first preference given to a student who has been identified with a brain or spinal cord injury. For undergraduate students applications are available from the Scholarships, Bursaries and Awards Office, Room UC4018, University Centre, (709) 864-3956. Graduate Students are required to apply specifically to the School of
Graduate Studies, Room IIC 2021, Inco Innovation Centre, (709) 864-2600. If no candidate is available with a brain or spinal cord injury, preference will be given to a student who is studying in any field related to neurotrauma. If it is not awarded at the level of study (i.e. graduate/undergraduate) on rotation in a given year, it may be awarded to a student studying at the other level for that year. In the case of undergraduates, the award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates it will be awarded by the Dean, School of Graduate Studies on the recommendation of the Awards and Medals Committee. This award is open to part-time or full-time students with clear academic standing.

The Elsie and Stephen O'Neill Bursary
The children of Elsie and Steve O'Neill established this bursary in appreciation of their parents’ support and encouragement toward their higher education. The bursary, which will be valued at $1000 annually, will be awarded to a single mother with first preference to a current part-time undergraduate student. She must also have been enrolled part-time for two or more semesters prior to the semester in which the scholarship is awarded, and have maintained a “B” average in those semesters. If no student meeting the above criteria can be identified, the bursary will be awarded to an undergraduate single mother who is currently registered at the university (part-time or full-time) who has maintained a “B” average in the courses completed in the previous scholarship year and has financial need. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Florence O’Neill Scholarships
An endowment donated to the University by Florence O’Neill, Ed.D., C.M., LL.D., honorary graduate of Memorial University of Newfoundland, distinguished for her contribution to the fields of adult education and community development, will fund annual scholarships valued up to $1,000.00 each. These awards will be made available to full-time undergraduate students, preferably to those from rural Newfoundland and Labrador, on the basis of scholarship standing. One shall be given annually to a student attending the Grenfell Campus in Corner Brook.

Dermot O’Reilly Legacy Award
The award, valued at a portion of the income on the investment, is established through funds raised by family, friends and music lovers, in Dermot’s memory after his untimely passing in 2007. Dermot chose to make Newfoundland his home in 1971 where he found here a kinship to the Dublin of his youth in the people, music and songs. Here, his life was music. He delighted in sharing music with others and was a mentor to many aspiring musicians. Dermot’s friends and family carry on his legacy by creating this award to encourage and support the promotion of traditional music, oral tradition and dance in Newfoundland and Labrador. It will be given annually to a part-time or full-time student at Memorial University of Newfoundland enrolled in any year of any program of study that meets the academic requirements for an award as outlined by the University. Eligibility should be based on established support of traditional Newfoundland and Labrador tradition or success amongst Newfoundlanders and Labradorians. The successful candidate will be determined at the discretion of the Dermot O’Reilly Legacy Award Selection Committee and will have made evident, either through actions or creative undertakings, contributions to the province by demonstrating leadership and creativity in the tradition-bearer community. To be considered, candidates must apply no later than February 1. Applications are available at the Undergraduate Scholarships and Awards Office and the School of Graduate Studies and must be accompanied by a resume of all relevant information including but not limited to: publications, research, recordings, projects, performances, etc. It will be awarded by either the Senate Committee on Undergraduate Scholarships, Bursaries and Awards or the Dean, School of Graduate Studies as appropriate based on the recommendation from the Committee.

Oil and Gas Week Scholarship
Valued at $1,000 each, these undergraduate scholarships are established by a gift over three years from the organizers of Oil and Gas Week, a program of events held annually in St. John’s, NL for the purpose of promoting the oil and gas industry. Two scholarships will be awarded each year. To be eligible, students must be enrolled full-time beyond the first year of an undergraduate program in the Department of Earth Sciences, the Faculty of Engineering and Applied Science, or the Faculty of Business Administration. Eligible candidates must also have scholarship standing and preference will be given to students who graduated from a high school in Newfoundland and Labrador outside of the metropolitan St. John’s area. Each year the two recipients must be from different faculties, with each identified academic unit to be represented no more than twice in the three year period of the term of the fund. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on a recommendation from the appropriate academic discipline.

The R.A. Parsons Scholarship Fund
The purpose of this fund is to provide scholarships to students in good academic standing and in proven financial need. There are no restrictions as to year or field of study.

The John Lewis Paton Scholarship
This scholarship is awarded out of the income from the Fund established in 1926 by John Lewis Paton to enable graduates of the Memorial University College to continue university training. Known until 1946 as the Memorial University College Scholarship, it has been re-named to honour the memory of the first President of the College. This scholarship has a value of at least $300.00. It is awarded annually to a student who has successfully completed three years of a degree course. In making the award, scholastic achievement and promise, qualities of character, economic need and other relevant factors will be taken into account.

The Rose Patten Single Mother Scholarship
This scholarship has been established by Ms. Patten to encourage and assist women to develop their full academic potential. Valued at the interest on the endowment, it is open to single mothers who are enrolled in full-time undergraduate studies at Memorial University of Newfoundland. It will be awarded taking into consideration financial need as well as scholarship standing. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Elaine Pitcher Memorial Scholarship
This scholarship is the result of a endowment to the University from a bequest left by Elaine Pitcher, a donation from Xerox Canada and donations from family, friends and colleagues of Elaine. Valued at a portion of the annual accrued interest on the endowment, it will be awarded to a student who is a child of a current or retired staff member of Memorial University of Newfoundland. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Pro Vice-Chancellor’s Prize
The Strategic Framework for Memorial University of Newfoundland states that Memorial will enrich undergraduate education by helping students to experience the excitement of intellectual discovery, introducing undergraduates more effectively to the wider academic enterprise. In encouragement of this objective and in recognition of superior writing and scholarship by undergraduate students that deserves a wider audience, the Vice-President (Academic) and Pro Vice-Chancellor has established a series of prizes for the best undergraduate scholarship done each year at the University.

Instructors are invited to nominate examples of their undergraduate students’ course work for the Pro Vice-Chancellor’s Prize. The professor will certify that the work is original and the student’s own work, and submit it to his/her head/director who will transmit it to the
committee. Students may also submit their own course work for consideration. Instructors’ comments should not appear. In accepting nomination or making application, students agree to publication. Nominations and applications will be assessed by a selection committee consisting of five academic staff members and chaired by the Associate Vice-President (Academic). The committee will adjudicate entries for their intellectual originality, cogency, facility of expression, and adherence to principles of scientific inquiry and critical thinking. The value of the prize is $500 cash or a $1000 scholarship tenable in any graduate program at Memorial University of Newfoundland. Up to five prizes will be awarded each year. At the discretion of the selection committee, Honourable mention may be accorded to entries beyond the available number of prizes.

Project Hero Tuition Bursary
Project hero is an initiative started by Kevin Reed, honorary lieutenant-colonel of 31 Service Brigade, an army reserve unit in London, Ontario. Mr. Reed was inspired by the work of former Chief of Defense Staff, General Rick Hillier, now Chancellor of Memorial University of Newfoundland, and approached him about starting a program to support children of Canadian Forces staff who were killed while on active duty. The bursary provides tuition costs (maximum of 5 courses per semester) for up to four years of study and is available to full-time students in undergraduate degree programs. The bursary is renewable on the basis of continuing full-time enrollment and a minimum GPA of 2. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

To be eligible students must be:
1. Canadian Citizens or Permanent Residents;
2. 26 years old or younger; and
3. dependents of Canadian Forces personnel who died while serving on an active mission (students are required to provide sufficient proof from the Canadian Forces that they are dependents of the deceased soldier and that the individual died while on an active mission).

Candidates wishing to be considered for this bursary must contact the Scholarships and Awards Office, UC4018, Smallwood Centre, Memorial University of Newfoundland, St. John’s, NL A1B 5S7 or by telephone to (709) 864-9565.

The Quebec-Labrador Foundation Scholarships
The Quebec-Labrador Foundation offers three scholarships at $500.00 each to students enrolled in studies at Memorial University of Newfoundland. The first award, which is funded from the Larry Shields Fund of the Foundation, is awarded annually on the basis of academic performance and financial need to undergraduate students who are (a) native born to Newfoundland and Labrador; and (b) planning to study, or currently studying, Native American and/or Inuit cultures. In the event that a candidate who meets this specific criteria cannot be found in a particular year, the award may be given to a student in any year from one of the study fields and geographic locations indicated below for the second and third awards.

The second and third awards will be awarded annually on the basis of academic performance and financial need to students in any year provided that they come from one of the following areas: the Northern Peninsula, Fogo, Labrador South, the Lower North Shore of Newfoundland and Labrador (PEGNL). Recipients from Psychology must be undergraduate students majoring in Behavioural Neuroscience and beyond their second year of study. They may demonstrate an interest in the psychology or physiology of communication. The students must meet the minimum academic requirements for an award as defined by the university. The award will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science and the Head of Psychology, Faculty of Science, respectively.

150 RCAF Wing Memorial Scholarship
This Scholarship, valued at a portion of the annual accrued interest on the endowment, will be tenable only at Memorial University of Newfoundland to a full time undergraduate student in any year or field of study, based on scholarship standing. Consideration may be given to students demonstrating financial need. The Scholarship will be awarded to: (i) a Wing member (as defined by the Constitution) or “relative of a Wing member; (ii) an Air Force Veteran or a “relative of an Air Force Veteran; (iii) an Air Cadet or Air Cadet of the 515 North Atlantic Squadron (defined as any person who has served for two years and is in good standing at present or at the time of departure from his/her Air Cadet Unit). *Note: Relative is defined as son/daughter; grandson/daughter; great-grandson/daughter; brother/sister; nephew/niece. The Scholarship may be awarded to the same applicant more than once. If in any given year, there is no eligible candidate, two scholarships may be awarded in the following year at the discretion of the trustees. The Scholarship will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. Applications are available at 150 RCAF Wing or from the Scholarships, Bursaries and Awards Office, Room 4018, Scholarships, Bursaries, and Awards Office, Memorial University of Newfoundland. Applicants will be required to submit a personal letter of application, stating goals, personal achievements and financial need. Applications are to be submitted in writing to 150 RCAF Wing - Memorial Scholarship Committee, 565 Roosevelt Avenue, Pleasantville, St. John's, NL A1A 5B2. You may contact us by telephone to (709) 753-8970.

Robert Gillespie Reid Memorial Scholarships
These scholarships are the result of the annual interest from a bequest left to Memorial University of Newfoundland by Mr. Reid. Scholarships valued at two semesters tuition for a full course load, will be awarded annually to students of scholarship standing. These scholarships are open to both Undergraduate and Graduate students.

The Charlie Riggs and Cathy MacDonald Riggs Memorial Award
This award has been established in memory of Charlie Riggs (Bachelor of Engineering- Mechanical, 1988) and Cathy Macdonald Riggs (Bachelor of Science – Psychology, 1984) by AMEC Earth & Environmental (a division of AMEC Americas Limited). The award will be valued at a portion of the income on the endowment and will be awarded annually on a rotating basis between the Faculty of Engineering and Applied Science and the Department of Psychology. Recipients from Engineering can be enrolled in any year of the undergraduate program. Preference will be given to students involved in environmental organizations such as the Newfoundland Environmental Industry Association (NEIA) or environmental initiatives supported by the Professional Engineers and Geoscientists Newfoundland and Labrador (PEGNL). Recipients from Psychology must be undergraduate students majoring in Behavioural Neuroscience beyond their second year of study. They must demonstrate an interest in the psychology or physiology of communication. The students must meet the minimum academic requirements for an award as defined by the university. The award will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science and the Head of Psychology, Faculty of Science, respectively.

The Russell and Pearl Rose Bursary Fund
The Russell and Pearl Rose Bursary Fund has been established through a generous bequest to the University set forth in the Last Will and Testament of Anita Pearl Rose. Valued at a portion of the income on the investment, it will be awarded to a full-time undergraduate student at Memorial University of Newfoundland beyond the first year and in any field of study who is a graduate of a high school in Newfoundland and Labrador. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of financial need and scholarship standing.

Royal Canadian Legion Ladies’ Auxiliary Scholarships
Two scholarships to the value of $300.00 each, tenable only at Memorial University of Newfoundland, will be awarded to children or grandchildren of veterans. These awards will be made to applicants with the highest scores in any year, providing they have resided in Newfoundland for a period of five years and have completed at least one year at Memorial University of Newfoundland. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.
Royal Canadian Legion (St. John's Branch No. 1) Memorial Wall Scholarships
These scholarships, three at $1,000.00 each, have been donated by St. John's Branch No. 1 of the Royal Canadian Legion. They were made possible through funds raised in the construction of a Memorial Wall located at the Branch's club rooms. The scholarships are tenable only at Memorial University of Newfoundland to undergraduate students in any faculty, school or year and will be awarded on the basis of scholarship standing and financial need.

R.S.V.P. Residence Scholarship
This scholarship is the result of fundraising by the Residence Scholarship and Volunteer Program (RSVP) Committee during the early 1990s. Of earnings, these scholarships will be awarded annually from the interest earned on the initial endowment. The scholarship(s) will be awarded to full-time undergraduate students who are beyond first year, residing in residence the previous year and are returning to residence for another year. To be considered candidates must have scholarship standing and must have been actively involved in various aspects of residence life. The scholarship(s) will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Director, Student Housing and Food Services.

The St. John's Port Authority Scholarship
This scholarship, valued at $2,500.00, was established by the St. John's Port Authority. It will be awarded annually to a student who has lived at least twelve months in Newfoundland before commencing his or her post-secondary studies and who is entering third year or beyond in a marine related field. The scholarship shall be awarded on the basis of academic excellence.

The Jeanne F. Sanger Memorial Scholarship
This scholarship, awarded annually in memory of Jeanne F. Sanger, former student and library staff member of Memorial University of Newfoundland, is under the sponsorship of the family and friends of the late Mrs. Sanger. It is awarded on the basis of scholarship standing and need to a second-year student upon completion of first-year studies. The value of the award will be based on income accruing from the fund during the period of tenure of the scholarship.

The Dr. Maurice Saval Scholarship/Bursary Fund
This fund has been established through the generosity of Dr. Maurice Saval, one of the co-founders in St. John's of the Newfoundland American Insurance Company. From the interest accruing on the fund, a number of scholarships/bursaries will be awarded annually to financially needy and academically deserving undergraduate students. The awards will be open to full-time students in first and second year.

Sceptre Investment Counsel Limited Bursary
Sceptre Investment Counsel, one of Canada's leading pension and mutual fund managers and an important partner to Memorial University of Newfoundland for several years, has established this bursary as a demonstration of its commitment to community support. Valued at the accrued interest on their endowment, one or more bursaries will be awarded annually on a rotating basis between undergraduate and graduate students in any field of study. Successful candidate(s) must be Newfoundland residents demonstrating financial need and displaying qualities of leadership. In the case of undergraduates, it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards using scholarship standing as the primary determinant. Graduate students can make application in writing to the Dean of Graduate Studies. The award will be made by the Dean on the recommendation of the Awards and Medals Committee.

Sodexho Scholarship
This scholarship, valued at the annual interest, is the result of a donation to the University from Sodexho. It will be awarded on the basis of scholarship standing to a full-time undergraduate student in any year or field of study.

The Toronto Alumni Scholarship
This scholarship is being established through the fund raising efforts of the Toronto Alumni Branch of the Memorial University Newfoundland Alumni Association. The scholarship, valued at a portion of the income on the investment, will be available to an undergraduate student, beyond first year, in any field of study who is a resident of Newfoundland and Labrador (a person who has maintained permanent residence in the province for a minimum of twelve months immediately prior to entering the University) and who demonstrates both academic excellence and leadership qualities. Based on scholarship standing it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Student Affairs and Services.

The James Tucker Memorial Scholarship
This scholarship is the result of an endowment which began in 1997 as a part of the Opportunity Fund Campaign. The fund will provide a scholarship valued at a minimum of $500 to students who are children, grandchildren, nieces, nephews or spouses of current, retired or deceased employees or former employees who have worked in the Department of Technical Services, Memorial University of Newfoundland. Preference in awarding the scholarship will be given to entrance students but undergraduates may also qualify. The scholarship will be awarded on the basis of scholarship standing but in the case of ties between candidates, need may be used as a determining factor. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, telephone (709) 864-3956.

VendaWash Residence Award
The VendaWash Residence Award is valued at $1,000.00 annually. The award will be given to a student currently residing in University residence (Winter Semester) who also lived in residence the previous Fall semester and who has shown exceptional leadership in raising environmental awareness and in participation in environmental projects and activities. The recipient must have a minimum of a 70% cumulative average, be in clear academic standing and must be nominated for the award. Students may nominate themselves or may be nominated by another student or a member of Housing, Food and Conference Services staff. The Award will be conferred by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Director of Housing, Food and Conference Services in consultation with the Manager of Residence Life.

The James J. Walsh Memorial Scholarships
These two scholarships, established by the Walsh family to commemorate the memory of a dear husband and father, James J. Walsh, are tenable at Memorial University of Newfoundland and are valued at $500.00 each. One scholarship will be tenable in the Faculty of Business Administration. (Refer to Faculty of Business Administration). The second scholarship will be open to any student enrolled full-time at Memorial University of Newfoundland who has scholarship standing and demonstrates financial need.

The William and Elizabeth (Burdett) Walsh Memorial Bursary
The William and Elizabeth (Burdett) Walsh Memorial Bursary has been established by a gift of $15,000 from Mr. and Mrs. Walsh's family, Billie and Lizzie (Burdett) Walsh, as they were known, were Labradorians from ‘Mary’s Harbour’ and ‘Sandy Hills’ who settled in Cartwright. Both of them were keenly interested in the education of their children. It will be awarded to a Labrador student registered in any faculty or year at Memorial University of Newfoundland who is a graduate of a high school in Labrador and consideration will be accorded the following priority: 1) Cartwright, 2) Mary’s Harbour, 3) the remainder of the Labrador coast and straits, and 4) all of Labrador. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards with preference given to financial need.
The War Veterans Family Award
This award has been established to give financial assistance to Canadian and Newfoundland War Veterans who served overseas and their families. It is valued at $2500 annually and is renewable for up to three additional years provided the recipient maintains the minimum academic requirements for an award and continues as a full-time undergraduate student at the University. To be eligible for this award, students must show that they are the child, grandchild, spouse or other dependant of a Canadian or Newfoundland War Veteran, or are themselves a Canadian or Newfoundland War Veteran. The applicant must provide the war veteran's name, service branch and service number. The recipients will be enrolled in any year of study at Memorial University of Newfoundland and would have graduated from a high school in Newfoundland and Labrador. Preference will be given to applicants who have demonstrated financial need. Recipients must meet the minimum academic requirements for an award as defined by the University. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018 University Centre or by telephone to (709) 864-3956. The award will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Women's Association of Memorial University of Newfoundland Faculty/Staff Scholarship
The Women's Association of Memorial University of Newfoundland (WAMUN) has established a $1,200.00 annual scholarship available to students in any faculty or year at Memorial University of Newfoundland, providing they are either:

a. children of full-time faculty or staff; or
b. children of deceased or retired faculty or staff, who at the time of death or retirement, were employed full-time.

This scholarship is based on scholarship standing. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Women's Association of Memorial University of Newfoundland Mature Student Undergraduate Scholarship
This scholarship, valued at $1,200.00, is awarded annually from funds donated by the Women's Association of Memorial University of Newfoundland. It is restricted to women enrolled in full-time undergraduate studies at Memorial University of Newfoundland who are entering or returning, having been away from full-time study for a period of three years or more. They must have been residents of Newfoundland and Labrador for at least a year prior to enrolling. This scholarship is awarded in Winter semester based on Fall semester results in which a minimum average of 75% will be required. Financial need will be considered. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

The Women's Association of Memorial University of Newfoundland Single Parent Undergraduate Scholarship
This scholarship, valued at $1,200.00, is awarded annually from funds donated by the Women's Association of Memorial University of Newfoundland. It is restricted to single parents enrolled in any faculty, school or year of study at Memorial University of Newfoundland. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of financial need and scholarship standing. A special application is required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

Dr. James A. Wright Memorial Scholarship
One annually funded scholarship is established by a gift from Leprechaun Resources Ltd. in memory of Dr. James A. Wright, former professor in the Department of Earth Sciences. The scholarship, valued at $1,000, is available to full time undergraduate students in their second year of study at Memorial University of Newfoundland with a preference for students enrolling at Grenfell Campus. To be eligible, students must meet the minimum academic requirements for a scholarship and must have graduated from a high school on the West Coast of Newfoundland, as defined by the University. Preference will be given to students pursuing any area of study within the Faculty of Science or the Faculty of Engineering and Applied Science. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing.

The Zonta Club Scholarship
This scholarship has been established by members of the Zonta Club to encourage and assist women to develop their full academic potential. Valued at a minimum of $1,000.00, it is open to women enrolled in full-time undergraduate studies at Memorial University of Newfoundland who are entering or returning, having been away from full-time study for a period of five years or more. It will be awarded in Winter semester based on Fall semester's results whereby a minimum average of 75% will be required. In deciding on candidates of equal academic attainment, financial need may be considered.

4.2 Faculty of Arts
The following are available to Faculty of Arts students based on a recommendation from the Dean, Faculty of Arts or the appropriate Director or Department Head.

The Atreya-Haritha Scholarship in Mathematics
This scholarship is the result of a generous donation by Dr. K.R. and Nandinin Kothandaraman. Valued at $1000 annually, it will be awarded on the basis of scholarship standing to a full-time student, either a senior level undergraduate or a graduate student in Mathematics and/or Statistics. In the case of an undergraduate student, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Mathematics and Statistics. In the case of a graduate student, it will be awarded by the Dean, School of Graduate Studies, also upon recommendation of the head, Department of Mathematics and Statistics.

Avalon Classics Award
The Avalon Classics Award was established in order to encourage students to explore the revolutionary civilizations of ancient Greece and Rome, from their rich material culture to the brilliant thinkers and captivating languages. Valued at $500, it will be awarded annually to a Classics student (Major or Minor) who receives the highest mark in the course Science and Technology in the Ancient World. The Classics course Greek and Roman Medicine will be substituted in any year where Science and Technology is not offered; in any year where neither is offered the award will be given to the Classics student who received the highest mark in a course deemed by the Head, Department of Classics, to cover similar material. The Award will be conferred by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Classics.

The Edna Baird-Stephenson Scholarship in Women's Studies
This scholarship, valued at $500.00, has been established by the Memorial University of Newfoundland Alumni Association, through its Annual Fund. It honours distinguished alumna Edna Baird-Stephenson, B.A., B.H.S., one of the first female graduates of Memorial University College and long-time employee of Memorial University of Newfoundland, now retired. The scholarship is open to full or part-time students enrolled in the Women's Studies Program at Memorial University of Newfoundland who have successfully completed a
minimum of 21 credit hours in two of the three semesters in the previous scholarship year and achieved a minimum 75% average at the end of those two semesters. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on a recommendation from the Head, Department of Women's Studies.

Marcella M. Besaw Memorial Volunteer Award
This award has been established by the family of Marcella M. Besaw (1953-2010). Mrs. Marcella Besaw was known for her generosity to others and her service to her community. This scholarship is valued at $200.00 annually and will be awarded to a student entering the Bachelor of Social Work (BSW) as a Second Degree program. The recipient must have demonstrated outstanding commitment to the service of humanity through relevant volunteer work. The recipient must meet the minimum academic requirements for an award as defined by the University. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Social Work.

The E.A. Bishop (1889-1953) Memorial Scholarship
This scholarship, established to honour the memory of E.A. Bishop, a teacher in Newfoundland and Labrador, is the result of a generous donation to Memorial University of Newfoundland by his son, John. Interest on the fund will provide a scholarship to full-time undergraduate students after completion of their first year at Memorial University of Newfoundland who are dependants of teachers in the public school system of Newfoundland and Labrador. Applicants must be students in the Faculties of Arts or Science and be of scholarship standing. The scholarship is valued at approximately two semesters tuition for five courses. If, in any year, there is no eligible candidate, the scholarship will not be awarded; however, a student may be awarded the scholarship more than once. It will be awarded on the basis of a special application which may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

Bishop Spencer College Alumni Association Bursary
This bursary was established by the Bishop Spencer College Alumni Association. The bursary will be awarded at a portion of the income from the endowment and will be awarded annually to a female student who is enrolled in the fourth year of any undergraduate degree program in the Faculty of Arts. The recipient must meet the minimum academic and financial requirements for a bursary as defined by the University. The Bursary will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the basis of a recommendation from the Dean, Faculty of Arts.

The Dr. Jim Black Award in Linguistics
This prize, valued at $250, is made possible through an annual donation from Jim Black, a retired faculty member in the Department of Linguistics. It will be awarded to a first or second year student who receives the highest combined marks in both Linguistics 1103 or 2103 and Linguistics 1104 or 2104 within the same academic year. The recipient must have declared a major in Linguistics by the end of the academic year in which the courses were completed. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head of the Department of Linguistics.

W.J. Blundon Scholarship
The W.J. Blundon Scholarship, in memory of Professor W.J. Blundon, Head of the Department of Mathematics and Statistics from 1948 to 1976, will be awarded on the basis of academic excellence to students majoring in Mathematics and/or Statistics. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head of the Department of Mathematics and Statistics.

The Marion and Rod Browne Family Memorial Scholarship
This scholarship established by Mr. Rod Browne and his wife Marion in memory of deceased members of the Browne family is tenable at Memorial University of Newfoundland and is valued at a portion of the income on the investment. It is based on academics and awarded to a student majoring in French. Selection will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of French & Spanish.

The Maurice J. Burke Memorial Scholarship
This scholarship, valued at a portion of income on the investment, was established by the family of the late Maurice Burke. Mr. Burke served in the Provincial Department of Education in the Teacher Certification Division for thirty-five years. He was also a columnnist and author with a personal and professional interest in Newfoundland culture and folklore celebrating the uniqueness of Newfoundland outport life. It will be awarded alternately to a full-time graduate or undergraduate student in the Folklore Department on the basis of scholarship standing. In the case of undergraduates it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates it will be awarded by the Dean, School of Graduate Studies. In both cases the scholarship will be awarded on the basis of a recommendation from the Head, Department of Folklore.

CFUW St. John’s Scholarship for Women’s Studies
This scholarship has been established by The Canadian Federation of University Women (CFUW) St. John’s. One scholarship, valued at $2000, may be awarded annually to a woman enrolled full-time in the Master’s program in the Department of Women’s Studies. To be eligible, candidates must have scholarship standing. The scholarship will be awarded by the Dean, School of Graduate Studies on the recommendation of the Head, Department of Women’s Studies.

The Canadian Tire Scholarships
These scholarships are the result of an endowment to the University by Canadian Tire Corporation Limited as part of their commitment to community service and to Memorial University of Newfoundland via the Opportunity Fund Campaign. The endowment will fund three scholarships in the Faculty of Arts, valued at the annual interest on the initial endowment. The scholarships will be awarded to undergraduate students entering third or fourth year in the Faculty of Arts - one each to students majoring in Economics, Linguistics, and Sociology. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head of each of the three academic departments.

Reverend Professor A.C. Cheyne Scholarship in Religious Studies
This fund has been established by the estate of the late Reverend Professor A.C. Cheyne. It is based on scholarship standing and is awarded to a full-time undergraduate student in any year of study who is majoring in Religious Studies. The scholarship will be valued at a portion of the income on the investment. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head of the Department of Religious Studies.

The Captain James Cook Memorial Scholarship
A fund was established in 1979 by members of the Department of Geography to honour the memory of Captain James Cook (1728-79), explorer, navigator and cartographer, whose years of painstaking mapping of the coasts of Newfoundland and Labrador laid the basis for a comprehensive and scientific knowledge of the geography of the province. One or more scholarships, valued at not less than $600.00, will be awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Department of Geography to a student or students demonstrating particular merit in Geography.

The Clayton and Alice Cook Scholarship
This scholarship has been established by Mr. Clayton D. Cook, retired Newfoundland/CN Railway Trainman. The scholarship will be valued at a portion of the income on the endowment and awarded annually. To be eligible, candidates must be enrolled full-time in an
undergraduate program at Memorial University of Newfoundland, be residents of Newfoundland and Labrador (as defined by the University) and have scholarship standing. First preference will be given to candidates who are sons, daughters, grandchildren, great-grandchildren or wards of the Newfoundland/CN Railway Trainmen. When an eligible student meeting these criteria cannot be identified, second preference will be given to students enrolled in the Newfoundland Studies program. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. A special application is required to identify students in the first category and may be obtained from the Scholarships and Awards Office, Room 4018, University Centre or by calling (709) 864-3956.

**Michael Cook Scholarship**

The Michael Cook Scholarship will be awarded annually to a student who has completed English 3350 (Theatre) and English 3351 (The Physical Stage) and who shows definite promise and purpose in pursuing the study of theatre and drama at Memorial University of Newfoundland. The value of the scholarship is $1,000.00. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head of the Department of English Language and Literature.

**The John and Jane Crosbie Scholarship**

This scholarship is the result of an endowment to the University started by the Honourable John C. Crosbie, P.C., O.C., Q.C., in 1998 while he was Chancellor and Campaign Chair and further funded by volunteers of The Opportunity Fund in honour of Mr. Crosbie's commitment to Memorial University of Newfoundland. Valued at a portion of the annual income on the initial endowment, the scholarship(s) (each valued at a minimum of $1,000.00) will be awarded to one or more undergraduate student(s) beyond first year in the Faculty of Arts. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Arts.

**The John and Anna Daley Scholarship**

This scholarship, valued at a minimum of $1,000.00 annually, has been established by the Daley family in honour of their parents John and Anna. It will be awarded on the basis of scholarship standing to an undergraduate student beyond first year in the Faculty of Arts. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Arts.

**The Dr. Madeleine Darte Scholarships in English**

These scholarships, up to four each year and having a value of not less than $250.00 each, have been established by Mrs. J.M. Darte and Francis Darte McCabe in memory of Dr. Madeleine Darte, Lecturer and Assistant Professor of English at this University from 1971-75. In awarding these scholarships, preference will be given to students in the Honours program in English, but students in good standing in the General Degree program in English will also be considered. In addition to the student’s academic record, financial need may also be taken into account. Applications for these scholarships should be sent to the Head of the Department of English. Awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Department of English.

**The Sally Davis Scholarship**

The Sally Davis Scholarship has been established to celebrate the memory and life work of Sally Davis. Contributions to the scholarship fund have come from family and friends who were so lovingly and generously influenced by Sally during her long life. The scholarship, valued at $1000.00, will be awarded annually in the Spring Semester. Eligible candidates must be full-time students in the Master of Women's Studies program. Preference will be given to a candidate studying in one of the following areas: peace and international understanding, literacy, children, labour movement, gun control, or environment. If there is no qualified graduate applicant in a particular year, the award may be offered to an undergraduate (who is registered in a minor in Women's Studies) who is in financial need. An individual may receive the award twice but no more. In the case of graduates it is awarded by the Dean of Graduate Studies upon recommendation of the Head, Department of Women's Studies Program. In the case of undergraduates, the scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Department of Women's Studies Program.

**The Dominion of Canada General Insurance Company Scholarship**

This scholarship is the result of a donation to Memorial University of Newfoundland by the Dominion Group Foundation. The scholarship, valued at the annual interest, will be awarded to a student in the Faculty of Arts. It will be awarded on the basis of scholarship standing and financial need.

**The Ernest Joseph Ennis Scholarship**

This scholarship was established by Ernest Joseph Ennis of Merasheen, Placentia Bay, retired School Supervisor, in memory of Dr. Hatcher, Ms. Monnie Mansfield, and Professors Fraser, Gillingham, and Andrews of the Memorial University College. This scholarship, valued at the accrued interest, shall be awarded to an entrance student of scholarship standing with preference to a student planning to study Economics or Political Science.

**The Faculty of Arts Dean’s List Scholarship**

This scholarship, established by donors to the Opportunity Fund who have directed that their donations be used for scholarships within the Faculty of Arts, is valued at approximately $1,000.00 annually. It is awarded to a student who achieves high ranking on the Dean's List of the Faculty of Arts and who meets the requirements for scholarship standing, but who is not in receipt of other significant scholarship funding. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Dean, Faculty of Arts.

**The Leida Finlayson Memorial Scholarship**

This fund has been established by relatives and friends of Leida Finlayson, former General Manager of the Newfoundland Historic Trust. The scholarship, valued at a portion of the accrued interest, is to be awarded annually to a Memorial University of Newfoundland undergraduate student, beyond second year, studying political science and/or history. Based on scholarship standing and financial need the scholarship will be awarded to a resident of Newfoundland and Labrador (a person who has maintained permanent residence in the province for a minimum of twelve months immediately prior to entering the University). The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Dean, Faculty of Arts.

**The E.B. Foran Memorial Scholarship**

This scholarship, awarded in memory of the late Mr. E.B. Foran, longtime associate of municipal government in St. John's, is valued at $500.00 and is sponsored by the Newfoundland and Labrador Federation of Municipalities. It is open to students beyond first year at Memorial University of Newfoundland who demonstrate scholarship standing and who are majoring in Political Science with an emphasis on municipal government. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Head, Political Science Department.

**The Senator Eugene Forsey Scholarship**

Established by the Government of Newfoundland and Labrador, this scholarship honours a native Newfoundlander, Senator Eugene Forsey, as one of Canada's foremost authorities on the Canadian Constitution, and recognizes his great commitment to Canada and this province. The scholarship, tenable at Memorial University of Newfoundland, and valued at $2,000.00, shall be awarded to a student in...
third year, or beyond, who has shown excellence in Canadian Policy Analysis or Canadian Governmental Studies.

The G. Alain Frecker and Helena M. Frecker Memorial Scholarship
This scholarship has been established by the family of G. Alain Frecker and Helena M. Frecker to honour their parents' life-long commitment to Memorial University of Newfoundland and to the pursuit of excellence in education. Helena M. Frecker was the first graduate of Memorial College and a long-time faculty member in the Department of English at Memorial University of Newfoundland. Dr. G. Alain Frecker was the first faculty member in the department of Engineering at Memorial College. He maintained a close relationship with Memorial University of Newfoundland as a senior public servant, as a member of the Provincial Cabinet, and as University Chancellor from 1971 to 1979. This scholarship, tenable at Memorial Univ 1971 to 1979, valued at a portion of the accrued interest on the endowment, will be awarded to an undergraduate student beyond second year in the Faculty of Arts and majoring in the Humanities or any Social Science. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Arts.

Daniel Freeman Memorial Scholarship
This scholarship was established from the contributions of many family members, friends, and fellow students in memory of Danny Freeman, a former Engineering student at Memorial University of Newfoundland. The scholarship, valued at a portion of the accrued interest, will be awarded annually, on a rotating basis, to students enrolled in either Engineering or Mathematics. Preference will be given to students with disabilities with consideration given to quality of character and overall perseverance. If a successful candidate is not recommended by the discipline on rotation in a given year an eligible student from the other discipline may be awarded the scholarship for that year. If no candidates are available from the first group any student enrolled in either Engineering or Mathematics (discipline to be determined by the rotation schedule in a given year) will be considered. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering or the Head, Department of Mathematics and Statistics.

The Allan and Clara Gillingham Scholarship in Russian Studies
On the occasion of their fiftieth wedding anniversary, this scholarship has been established by Mr. and Mrs. Gillingham, who both hold honours degrees in Russian Studies. This scholarship will be awarded annually to a student who is pursuing a program of Russian Studies at Memorial University of Newfoundland. Candidates will be selected on the basis of academic excellence. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Head, Department of German and Russian.

James A. Good Scholarship in Philosophy
This scholarship has been established by friends and colleagues in Memory of James A. Good. Mr. Good was a successful investment banker and Partner at Capital Canada Limited in Toronto. He earned his B.A. in Philosophy and Political Science from Memorial University of Newfoundland, an M.A. in Philosophy from Dalhousie University, and undertook doctoral studies in Philosophy at the University of Toronto where he was also a lecturer. He was Chief of Staff to the Honourable John C. Crosbie, a position he maintained across the portfolios of Justice, Transport, Finance, International Trade and Fisheries. Valued at a portion of the income on the investment, the scholarship will be awarded to an undergraduate student majoring in Philosophy on the basis of scholarship standing and financial need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Philosophy.

The Graham Family Scholarship
This scholarship, established by Mrs. Kathleen Birchall and Dr. David Graham, is valued at a portion of the income on the investment. It will be tenable at Memorial University of Newfoundland and will be awarded to an outstanding student majoring in French with preference given to students enrolled in the Honours program. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of French and Spanish.

The R. Bertram Green Class Scholarship
This scholarship has been established by the University of Toronto. This scholarship, valued at a portion of the income on the investment, will be awarded to an undergraduate student in second or third year in the Faculty of Arts, majoring in either Classical or Modern Languages, Economics, English, History, Philosophy, or Political Science. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Arts.

Greystone Managed Investments Scholarship
This scholarship, valued at a portion of the income on the investment, is made possible by a generous contribution from Greystone Managed Investments. This scholarship will be awarded to an undergraduate student beyond first year, on a rotating basis between the Faculty of Science and the Faculty of Arts. Based on scholarship standing it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Chemistry.

The Mary A. Griffiths Memorial Bursary Fund for Folklore Field Research (Undergraduate)
This fund has been established by the Memorial University of Newfoundland Folklore Society in memory of Mary A. Griffiths, B.A. (Folklore). One or more bursaries valued at a minimum of $250.00 each will be awarded annually to undergraduate folklore students who wish to pursue field research. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head of the Department of Folklore. Selection will be made on the basis of a submitted research proposal as well as demonstrated financial need. Application forms and guidelines are available from and should be submitted to the Folklore Department. The deadline date for submission of applications is January 31. If there are no suitable candidates in a given year the bursaries will not be awarded.

The Alan D. Hall Award
This award has been established in memory of Alan D. Hall by his friends and family. A longtime faculty member in the Department of English at Memorial University of Newfoundland, he was deeply engaged in Music and Theatre throughout his life. The award, valued at a portion of the income on the investment, will alternate between the School of Music and the Faculty of Arts on a yearly basis. For the School of Music the award will go to a Music student beyond first year who demonstrates a high level of achievement on their instrument of applied study as well as involvement in and commitment to the music community. For the Faculty of Arts the award will go to a student beyond first year enrolled in the program leading to a Diploma in Performance and Communications Media or to a student enrolled in the program leading to a Bachelor of Arts degree with a major in Drama and Music. The eligible student must demonstrate a high level of achievement in theatre, as well as involvement in and commitment to the theatre community. To qualify for this award, students must meet the academic requirements for an award as outlined by the University. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music or the Dean, Faculty of Arts.

The Professor Peter Hart Memorial Scholarship
This scholarship has been established in memory of Canada Research Chair in Irish Studies and Department of History Professor, Dr. Peter Hart. His work was marked by a commitment to writing well and accessibly, and by his innovative approach to research and analysis – in particular for opening up new questions through his application of social science methods and concepts to problems of Irish
This scholarship was established upon the retirement of Dr. Herbert H. Jackson, Professor Emeritus and first Head of the Department of German. The H.H. Jackson Travel Scholarship in German, has a minimum value of $1,000.00, and is normally awarded to a German major who has completed at least the second year of study at Memorial University of Newfoundland and who has demonstrated a high level of academic performance in German. The scholarship shall be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Political Science.

The Michael Harrington Research Prize in Newfoundland History
This award was established by the family of Michael Francis Harrington Sr., journalist, author and Newfoundland historian. The prize is valued at a minimum of $500.00 and will be awarded annually to an undergraduate or graduate student doing research in Newfoundland history. To be considered, undergraduate students must be history majors planning to do research for a course in Newfoundland history or towards an honours thesis. Graduate students must be writing a thesis on some aspect of Newfoundland history. In some instances it may be awarded as a travel grant which will assist students with travel expenses incurred while undertaking their research. In the case of undergraduates it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of History. In the case of graduates it will be awarded by the Dean, School of Graduate Studies, also upon recommendation of the Head, Department of History.

Hearslip Scholarship
This scholarship is made possible by a generous donation from The William and Nona Hearslip Foundation. Two scholarships, valued at $15,000.00 each, will be available to students in their second year of undergraduate studies at Memorial University of Newfoundland. To be eligible students must be registered for full-time studies, must have scholarship standing, must be in financial need, and must have demonstrated outstanding involvement in university and/or community affairs. Preference will be given to students in the Faculty of Arts. This scholarship is renewable for an additional two years providing full-time registration, scholarship standing, financial need and continued outstanding involvement in university and/or community affairs are demonstrated. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships Bursaries and Awards based on a recommendation from the Dean, Faculty of Arts.

The Aidan Hennebury Memorial Scholarship in Classics
This scholarship is the result of an endowment to Memorial University of Newfoundland via the Opportunity Fund Campaign by the law firm of Martin, Whalen, Hennebury & Stamp in memory of former partner Mr. Aidan Hennebury. The donation will fund a scholarship valued at the annual interest on the endowment. The scholarship will be awarded to an undergraduate student beyond second year who is majoring in Classics. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head, Department of Classics.

The Elizabeth C. Hesson Memorial Scholarship in German
This scholarship was established in memory of Dr. Elizabeth C. Hesson, Head of the Department of German and Russian from 1986 to 1989 and a member of that Department from 1969 to 1989, through the generosity of her family, colleagues and friends. The scholarship has a value of $1,000.00, and is normally awarded to a German major who has completed at least the second year of study at Memorial University of Newfoundland and who has demonstrated a high level of academic performance in German. The scholarship shall be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of German and Russian, and is designed to assist the student to undertake a program of German studies in German-speaking Europe. In addition to academic excellence, financial need may be taken into account. This scholarship will not necessarily be awarded every academic year.

The Hollinger English Language and Literature Scholarship
This scholarship, donated by Hollinger Inc., will be awarded to a Memorial University of Newfoundland student who is beyond second year and is majoring in English Language and Literature. It will be valued at the annual interest and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of Scholarship Standing and upon recommendation of the Head, Department of English.

The A.C. Hunter Travel Award in French
This award has a value of not less than $600.00 and is awarded annually. It has been established in memory of Dean A.C. Hunter through the generosity of Mrs. Hunter, the Provincial Government of Newfoundland, the Board of Regents of Memorial University of Newfoundland and Dean Hunter's former students and friends. The award shall take the form of a travel grant to a student, in second year or beyond, majoring or minoring in French who wishes to pursue a program of study of one or more semesters' duration, in French language, literature or culture, at a recognized institution in metropolitan France. Eligibility for this award requires a minimum of clear academic standing (as defined by the University) in the previous scholarship year. The award shall be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Department of French and Spanish.

The Muriel H. Hunter Award in Spanish
This award, valued at $600.00, is awarded out of income derived from a bequest to the University by the late Mrs. Muriel Hunter, wife of the late Dr. A.C. Hunter and former Lecturer in Spanish at the Memorial University College. The award shall take the form of a travel grant to a student, in second year or beyond, majoring or minoring in Spanish who wishes to pursue a program of study of one or more semesters' duration, in Spanish, Spanish-American language, literature or culture, at a recognized institution in metropolitan Spain or Latin America. Eligibility for this award requires a minimum of clear academic standing (as defined by the University) in the previous scholarship year. The award shall be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Department of French and Spanish.

The Imperial Tobacco Canada Scholarship in Archaeology
This scholarship, established by Imperial Tobacco Canada in support of the Opportunity Fund Campaign, has a minimum value of $2,000.00 annually. It will be awarded to a senior student in archaeology who is registered in (or is planning to enter) the honours program, specializing in historic archaeology. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Archaeology.

The H.H. Jackson Travel Scholarship in German
This scholarship was established upon the retirement of Dr. Herbert H. Jackson, Professor Emeritus and first Head of the Department of German and Russian from 1967 to 1980, through the generosity of his colleagues and students. The scholarship has a minimum value of $600.00 annually. It will be awarded to a student majoring in German or Russian history or politics, or International Relations, International Organization, or International Law and who has demonstrated outstanding involvement in university and/or community affairs. Preference will be given to students in the Faculty of Arts. This scholarship is renewable for an additional two years providing full-time registration, scholarship standing, financial need and continued outstanding involvement in university and/or community affairs are demonstrated. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of History. In the case of graduates it will be awarded by the Dean, School of Graduate Studies, also upon recommendation of the Head, Department of History.
of $500.00 and is awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon the recommendation of the Department Head, to a candidate who has completed at least the second year of study at Memorial University of Newfoundland, has demonstrated a high level of academic performance in German, and is planning to undertake a program of studies and/or work assignment in a German-speaking country.

The Jeroboam Poetry Prize in English
The proceeds from a sum of money donated to the University in 2001 by the editors of Jeroboam Books will be awarded in an annual poetry competition administered by the Department of English, Memorial University of Newfoundland. The competition will be open to full-time or part-time students in any year of study at the University upon submission of original, unpublished work. In keeping with the tradition of Jeroboam, the work should reflect some aspect of traditional or contemporary Newfoundland. Entry forms and further information may be obtained by contacting the Department of English. The selection of winners will be the responsibility of a special committee composed of the Department of English faculty members. The prize will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of English Language and Literature.

The Barend Kiefte Memorial Award
This award was established by friends of Dr. Barend Kiefte, in his memory. It is a book prize to be given annually to a student in Philosophy. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Philosophy.

The Dr. B.K. Kim Scholarship in Statistics
This scholarship will be awarded annually to an undergraduate student whose major subject of study is Statistics. The award honours the memory of the late Dr. B.K. Kim who taught in the Department of Mathematics and Statistics from 1976-84. The scholarship, with a value of at least $500.00, will normally be based on academic achievement in third year and/or fourth year courses and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Mathematics and Statistics.

The Cornelia Learning/Annie Butler Moores Scholarship
In memory of her maternal and paternal grandparents, Mrs. Dorothy Young of Pasadena, California, has established the Cornelia Learning and Annie Butler Moores Scholarship in the Faculty of Arts. This perpetual scholarship, valued at approximately $500.00, is open to Arts students of scholarship standing with demonstrated financial need.

The John and Lucy Lee and Family Memorial Bursary
This bursary has been established by family members to honour the memory of John and Lucy Lee of Petty Harbour and their deceased children. It is valued at a portion of the interest on the endowment and will be awarded to a full-time student in Religious Studies. The recipient of this bursary will have demonstrated scholarship standing and financial need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Religious Studies.

The Mrs. E.D. Matthews Memorial Scholarship in Mathematics and Statistics
This scholarship honours the memory of the late Mrs. Evelyn Matthews who taught in the Department of Mathematics and Statistics, Memorial University of Newfoundland, from 1959-78. It has a value of at least $500.00, and will be awarded on an annual basis to an undergraduate student whose major subject of study is Mathematics or Statistics. The scholarship will be based on academic merit and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Mathematics and Statistics.

The Susan McCorquodale Memorial Scholarship
This scholarship has been endowed by family members to honour the memory of Susan McCorquodale, former member of the Political Science department at Memorial University of Newfoundland. The scholarship will be awarded to a senior student majoring in Political Science who is concentrating in one of the areas to which Susan was committed - Newfoundland Politics, Public Policy or Public Administration. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Head, Department of Political Science.

The Reverend G. Lloyd Morgan Memorial Scholarship
This scholarship, awarded annually, has been donated by Mr. Baxter Morgan and his wife Lorraine to the Religious Studies Department of the University in memory of Mr. Morgan’s brother, The Reverend G. Lloyd Morgan, B.A., B.D., who served with the United Church Ministry in Newfoundland for over twenty-five years.

It has a value of $500.00 and is awarded for academic excellence to a student who has completed two years of study in the Religious Studies Department of the University. Preference will be given to a student who has a major interest in the comparative study of religion. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Religious Studies Department.

The John M. and Elsa S. Morgan Scholarships
These scholarships have been bequeathed to the University by the late Dr. John M. Morgan, B.Sc., M.D., and have been named to commemorate Dr. Morgan and his wife Elsa. Up to twenty-five scholarships will be made available annually to undergraduate students who have completed at least one year of studies at Memorial University of Newfoundland within the areas specified below and who will be continuing in these programs. The scholarships, valued at a minimum of $1,000.00 each, will be disbursed as follows:

- up to five to the Faculty of Medicine
- up to four to the School of Nursing
- up to four to the Faculty of Education
- up to four to the Department of Philosophy
- up to two to the Department of Anthropology
- up to two to the Department of Archaeology
- up to two to the Department of Religious Studies (with preference to students of comparative religions)
- up to two to students in Newfoundland Studies

The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the appropriate Dean/Director/Department Head. Preference will be given, where possible, to students from the Port-de-Grave District.

The Mary Florence Mugford (Lane) Memorial Award for Social Work
This travel award was established by the family of Mary Florence Mugford (Lane) to honour their mother as a woman who persevered in life. This award is valued at a portion of the income from the endowment and will be awarded annually. The recipient will be a student in the School of Social Work who is traveling to a rural placement in the field of mental health and/or addictions. Preference will be given to a student who graduated from a high school outside of the St. John's metropolitan area. The recipient must meet the minimum academic requirements for an award as defined by the University. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Director, School of Social Work.
The MUN Classics Society Prize in Latin
This prize has been established by the MUN Classics Society of 2001-2002 to reward students achieving academic excellence. This prize will be valued at approximately $150.00 annually. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of the recommendation from the History department and the Co-ordinator of the Masters of Philosophy program in Humanities. Eligible students will be enrolled full time, in either the Masters of Philosophy Humanities program, or in the M.A. or B.A.(Hons.) programs in History. Preference will be given to students who show particular promise in the history of ideas, historiography, or the history of science. In the case of undergraduate students, the scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduate students, it will be awarded by the Dean, School of Graduate Studies. In both cases it will be awarded on the basis of a recommendation from the Dean, Faculty of Arts.

Mary Pittman-Robbins Scholarship in Archaeology
This scholarship, valued at a portion of the income on the investment, has been established by students and colleagues of Mary Pittman-Robbins. The scholarship is to be awarded to a senior student in Archaeology who has completed the honours program specializing in Prehistoric Archaeology or Physical Anthropology. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Department Head in consultation with the Archaeology faculty.

The Dr. Clarence W. Powell Memorial Scholarship
This scholarship was established in memory of honorable graduate of Memorial University of Newfoundland, Dr. Clarence W. Powell. It is valued at a minimum of $1,000.00 annually and will be awarded to a student entering the third year of the Political Science Program who has scholarship standing, has shown leadership in university and/or community activities and who has not received another scholarship.
administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Political Science.

The Psychology Society Award
The Psychology Society Award has been established by the students of the Psychology Society to encourage and support their fellow students. This award will be given to an undergraduate student majoring in Psychology or Behavioural Neuroscience who is beyond their second year of study and meets the minimum academic requirements for an award. It will be based on academic achievement in Psychology or Behavioural Neuroscience courses as well as involvement in the internal and external Psychology or Behavioural Neuroscience community. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Psychology.

The Bobbie Robertson Scholarship in History
This scholarship was established by friends, family and colleagues of the late Bobbie Robertson. It will be valued at the annual accrued interest on the initial endowment and will be awarded on the basis of scholarship standing to a history major with preference given to students in Newfoundland and Labrador history. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of History.

The Dr. Grenville R. Robinson Award in French
This award was established in memory of the late Dr. Grenville Robinson, a former professor of the Department of French at Memorial University of Newfoundland. Valued at $1,000.00 annually and will be awarded to a full-time student beyond first year, pursuing a Bachelor of Arts or a Bachelor of Science with a major in one of the Social Sciences, who has demonstrated a commendable record of community service. The recipient of this scholarship will be a long-term resident of Newfoundland and Labrador who has completed high school in this province and will have demonstrated scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean of Arts and the Dean of Science. This scholarship will be presented at one of the regular meetings of the Rotary Club of St. John's Northwest and the recipient will be asked to speak about their goals and community service work.

Dr. Edward ("Ted") Russell Scholarships in English
In memory of Dr. Edward ("Ted") Russell, author and teacher, who was a Lecturer and Assistant Professor of English at this University from 1965-73, a fund has been established to provide one or more scholarships for students majoring in English. These scholarships will be awarded to students who have completed their first year of University studies and are entering the second year of a degree program with English as their major subject. In addition to the student's academic records, financial need may also be taken into account. Applications should be sent to the Head of the Department of English. Awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Department of English.

The Russian Ambassador's Award for Excellence in Russian Language and Literature
This award was established in 1999 to commemorate the 200th Anniversary of the birth of the Russian poet Alexander Pushkin. It is a book prize to be given annually for outstanding achievements in studying the Russian Language and Literature. It will be awarded to an honours student in the Russian Language and Literature program at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Co-ordinator, Russian Programs.

The Scotiabank Bursaries for International Study
These bursaries, funded by a generous donation from Scotiabank to The Opportunity Fund, are intended to help students broaden their educational experience and cultivate an international perspective through study abroad while pursuing studies in the Faculty of Arts at Memorial University of Newfoundland. Fifteen or more bursaries will be available with approximately ten at the undergraduate level valued at $1,000.00 each and five at the graduate level valued at $2,000.00 each. The undergraduate bursaries will be awarded on the basis of scholarship standing to full-time students who are participating in one of the overseas Field Schools or study abroad opportunities sponsored by the Faculty of Arts. These include the Arts semester in Harlow (every Fall) as well as Summer programs at Harlow and in other countries such as Ireland, Malta, Russia, etc. In addition, students wishing to participate in formal exchange programs through the Faculty of Arts, such as those with the University of Keele, will also qualify. The graduate bursaries will be based on academic achievement and will assist full-time Faculty of Arts master's and doctoral students (including those in interdisciplinary programs) to travel to other countries for the purpose of thesis research and thesis-related study. In both cases financial need may be taken into consideration. In the case of undergraduates the bursaries will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates they will be awarded by the Dean, School of Graduate Studies. In both cases the bursaries will be awarded on the basis of a recommendation from the Dean, Faculty of Arts.

Ron and Gwen Seary Memorial Scholarship
Two scholarships from the interest on a fund established by the family, colleagues and students of Ron and Gwen Seary shall be awarded. One scholarship shall be given to a student beyond second year who is majoring in English Language and Literature and who is recommended by the Head of the Department. One scholarship shall be awarded to a student in Primary/Elementary Education who shows promise in Art Education and who is recommended by the Dean, Faculty of Education.

The Roberta H. Sellers Scholarship
This scholarship is the result of an endowment by the Rev. Walter C. Sellers in recognition of his wife Roberta for her loyal and loving support, particularly while he was struggling through university. The scholarship will be awarded annually to a full-time student in any year in either the Faculty of Arts or Science on a rotating basis. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on scholarship standing and financial need and upon the recommendation of the appropriate Dean.

Tracey Sloane Memorial Scholarship in Political Science
This scholarship, valued at $500.00 annually is the result of contributions by Tracey Sloane’s coworkers at Aliant. The scholarship is established in memory of Tracey, who was pursuing a Master’s degree in Political Science, as a tribute to her love of learning. The scholarship recipient will be a full-time undergraduate student majoring in Political Science. The student must demonstrate scholarship standing and may be enrolled in any academic year. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation of the Head, Department of Political Science.
Spurrell-Bartlett Bursary
This bursary was endowed by Morris and Janet Bartlett to honour their parents, Willis and Marjorie Spurrell and Francis and Jane Bartlett, who were devoted to the promotion of education in Newfoundland. It is valued at the annual accrued interest and is available to students in the Faculty of Arts, preferably from rural Newfoundland and Labrador. The bursary shall be awarded based on scholarship standing and need.

The St. Aiden’s Presbyterian Church Memorial Scholarship
This scholarship, valued at approximately $1,000.00 will be awarded annually to a student who has completed at least two years of study in the Department of Religious Studies at Memorial University of Newfoundland. It will be awarded annually on the basis of scholarship standing and need. This scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Religious Studies.

Statistical Society of Canada Scholarship
This scholarship has been established by a generous donation from the Statistical Society of Canada. It is based on scholarship standing and is awarded to an undergraduate student in any year of study who is majoring in Statistics and meets the minimum academic requirement for a scholarship. The scholarship will be valued at $750. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head of the Department of Mathematics and Statistics.

Dr. Siegfried Thomeier Memorial Prize in Pure Mathematics
The prize, the interest from a donation by an anonymous donor, is awarded to a fourth or fifth year student majoring in Mathematics with a concentration in Pure Mathematics. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Mathematics and Statistics.

The Robert Westcott Memorial Scholarship
This scholarship was established by Mrs. Mary Westcott in memory of her late husband, Mr. Robert Westcott. It is valued at a portion of the annual interest on an endowment and will be awarded on a rotating basis to students beyond first year who have a strong commitment to post-secondary education and who are majoring in Business Administration and/or Economics. The award is based on scholarship standing and financial need and will be awarded to a student who was born in Newfoundland and Labrador. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean/Department Head of the appropriate discipline.

The Dr. Louise Whiteway Prize in Newfoundland History
This prize is in memory of Dr. John Whittaker, former professor of Classics at the University. The prize will be awarded annually to a Memorial University of Newfoundland student who is considered to be the most promising student in Newfoundland history. The prize will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Head, Department of History.

The Jacques Whitford Newfoundland Geoscience Scholarship
This scholarship, valued at the annual interest on their endowment, has been established by Jacques Whitford Environment Limited and Newfoundland Geosciences Limited as a contribution to the Opportunity Fund Campaign. It will be awarded on an annually rotating basis to students in the Faculty of Engineering and Applied Science (particularly Civil Engineering), the Faculty of Science (particularly Biological Sciences) and Archaeology. Successful candidates are to be of scholarship standing and preferably show an interest in environmental issues. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean/Director/Department Head of the appropriate discipline.

The Dr. John Whitaker Memorial Prize in Greek
This prize is in memory of Dr. John Whittaker, former professor of Classics at the University. The prize will be awarded annually to a Memorial University of Newfoundland student who is working toward an undergraduate degree in classics and receives the top mark in the Classics 1130 and 1131 (Introduction to Greek) courses on the St. John’s campus.

The Honourable Gordon A. Winter, O.C. Scholarship
This scholarship, donated by The Standard Manufacturing Company in recognition of the contribution of the Honourable Gordon A. Winter to the public life of Newfoundland and Labrador, is awarded annually for academic excellence to a student entering fourth-year political science. The award, valued up to $500.00, will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Head, Department of Political Science. The value of the award will be determined by the interest accruing on the fund.

The Walker Wood Foundation Bursary in the Faculty of Arts
Valued at $4,000 annually, this bursary is established as a result of a generous contribution from Sue and Neil Wood, friends of Memorial University of Newfoundland. The bursary is available to full-time undergraduate students who are Canadian citizens, graduated from a high school in rural Newfoundland and Labrador, and who are entering into their first year of study at Memorial University of Newfoundland with the intention to pursue a program of studies in the Faculty of Arts (with a preference for those doing a minor in Newfoundland Studies if possible). Eligible students must have demonstrated financial need and preference will be given to candidates who also demonstrate that they are active in the community. The bursary is renewable for three additional years as long as the recipient takes courses reflective of a major in the Faculty of Arts, maintains a 70% average, clear academic standing and full-time status. In the event that the recipient does not meet the criteria for renewal, the bursary will be transferred to a selected candidate in the corresponding year who most closely fits the criteria. The bursary is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean, Faculty of Arts.

Xwave Jamie Morry Memorial Scholarship
This scholarship has been established by xwave in memory of Jamie Morry, a valued employee. One or more scholarships (for a total value of $2,000.00) will be awarded annually to students of scholarship standing and financial need enrolled in the Faculty of Arts who are doing a program in either Newfoundland Studies or Folklore. If no student meeting the above criteria is eligible, the scholarship will be open to any undergraduate student in the Faculty of Arts. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation by the Dean, Faculty of Arts.

4.3 Faculty of Business Administration
The following are available to students in the Faculty of Business Administration based on a recommendation from the Dean. For definition of scholarship standing for co-op students, see Scholarships, Bursaries and Awards, General Information.

The AMC Brokerage Limited Scholarship
This non-renewable scholarship, valued at $1,000, was established by AMC Brokerage Ltd. Eligible candidates must be full-time undergraduate students in the Faculty of Business Administration, with either a finance or marketing specialty, and have scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean, Faculty of Arts.
The Baine Johnston Corporation Scholarship for International Study
This scholarship was established by contributions to the University’s Opportunity Fund Campaign by Baine Johnston Corporation. Valued at the annual interest on the endowment, the scholarship will be awarded to an undergraduate Business student who is on an academic international exchange or on a Harlow term. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon a recommendation from the Dean, Faculty of Business Administration.

The Lawrence S. Bloomberg Scholarship in Business Administration
This scholarship was established by a donation from First Marathon Securities to Memorial University of Newfoundland’s Opportunity Fund Campaign. The scholarship, valued at the annual accrued interest, will be awarded to an undergraduate student in the Faculty of Business Administration. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration.

The Ernest C. Boone Award
The Ernest C. Boone Award was established by a donation from Mrs. Audrey Boone through the Tangiers Group of the St. John’s Rotary Club to commemorate the late Ernest Boone, prominent Newfoundland entrepreneur and founder of E.C. Boone Limited. The award valued at $500.00 will be granted to a student with a minimum of clear standing, as defined by the University, who is completing the Advertising Management course and who best demonstrates motivation, enthusiasm and perseverance. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon a recommendation from the Dean, Faculty of Business Administration in consultation with the course instructor.

The Eric Briffett Small Business Scholarship
This scholarship valued at $1,000.00, was established in honour of Eric Briffett by his four children. Mr. Briffett was born in Rosedale, Newfoundland in 1916. He, along with his brothers, formed and operated Louis Briffett and Sons Ltd. a successful logging, sawmilling, lumber, and building supply business in Central and Eastern Newfoundland, with retail outlets in Glovertown and Pound Cove, Bonavista Bay. He retired in 1988 at the age of 71. The scholarship will be awarded to a second or third year undergraduate Business student who was born in Newfoundland and Labrador or whose parents were born in Newfoundland and Labrador. Preference will be given to students involved in the Small Business Order for Entrepreneurs on the basis of financial need, personal values and scholarship standing. The qualifying student must demonstrate strong personal values including a strong work ethic and high personal integrity. The student must have maintained a minimum of a B average in the prior semester. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Business Administration.

The Bristol Group Scholarship for International Study
This scholarship, valued at a portion of the annual interest, is available to undergraduate students in the Faculty of Business Administration. It was established with contributions from The Bristol Group. It is awarded to recognize students of scholarship standing who are participating either on an exchange term or Harlow term and who have a demonstrated interest in international studies. Students who are considered for this scholarship are expected to be completing courses which fulfill a concentration in Marketing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Business Administration.

The Baine Johnston Corporation Scholarship for International Study
This scholarship was established by contributions to the University’s Opportunity Fund Campaign by Baine Johnston Corporation. Valued at the annual interest on the endowment, the scholarship will be awarded to an undergraduate Business student who is on an academic international exchange or on a Harlow term. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon a recommendation from the Dean, Faculty of Business Administration.

The Judy Caul Memorial Bursary
The Judy Caul Memorial Bursary has been established by Production Services Network in memory of Judy Caul who worked with their company for over 10 years and was a valued employee and dedicated Human Resources Professional. Valued at $1,000 annually, this Bursary will be awarded to a full-time undergraduate student in the Bachelor of Commerce Program, Faculty of Business Administration, who has chosen Human Resources as their discipline. The bursary will be awarded to a student who meets the minimum academic requirements of a bursary and displays leadership ability and who demonstrates financial need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration.
The Certified General Accountants Association of Newfoundland Scholarship
The C.G.A. Association of Newfoundland offers a $1,000.00 scholarship to a student majoring in Accounting who is entering the final year of studies. In addition to the cash award, $1,500.00 will be applied to the student's tuition costs through enrolment in the C.G.A. program within three years of their undergraduate University graduation date.

The Certified Management Accountants of Newfoundland & Labrador Scholarship
The Society of Management Accountants of Newfoundland and Labrador offers annual scholarships with a value of $1000 each to full-time students concentrating in accounting who have completed or are presently completing Business 7160 Advanced Topics in Management Accounting. Candidates must be pursuing a career in management accounting as evidenced by writing or being exempted from the first CMA national entrance exam and registering for the CMA program with the Society of Management Accountants of Newfoundland & Labrador. Selection will be based on the students' character, financial need and scholarship standing. These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon a recommendation from the Dean, Faculty of Business Administration.

The Chartered Accountants' Education Foundation of Newfoundland, Inc. Scholarship
The CA Education Foundation, formed by the Institute of Chartered Accountants of Newfoundland, offers five scholarships annually to students enrolled in the B.Comm.(Co-op) programs as follows:
- two scholarships of $2000 each to students entering either term six or seven
- two scholarships of $1250 each to students entering term five
- one scholarship of $1250 to a student entering term four
These scholarships will be awarded to students who have expressed a strong interest in pursuing the Chartered Accounting designation. Selection will be based upon academic standing and demonstrated leadership abilities. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Computing and Communications Scholarship
This scholarship has been established by the Department of Computing and Communications (C&C) at Memorial University of Newfoundland in support of the dependants of its staff members. To be eligible the recipient must have scholarship standing, be a full-time undergraduate student and be a dependant of a current, retired, deceased, or former (having worked in the unit for a minimum of 5 years) employee of C&C or be a current student employee of the Department. One or more scholarships may be awarded in any given year. In the absence of a candidate meeting the above criteria, the scholarship will be awarded to a student beyond first year majoring in Computer Science in the Faculty of Science or a student in the Faculty of Business Administration. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, or by telephone to (709) 864-3956. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Rob Crosbie Scholarship for International Study
This fund was established from contributions to the University's Opportunity Fund Campaign by Mr. Rob Crosbie. The scholarship, valued at $1,250.00 annually, will support a Business student (graduate or undergraduate) who is on an academic international exchange and who has shown interest in pursuing a career in the oil and gas industry. In the case of undergraduate students, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Business Administration. In the case of graduate students, it will be awarded by the Dean, School of Graduate Studies upon recommendation of the Faculty Committee on Graduate Studies.

The DaimlerChrysler Scholarship
This scholarship, valued at $5,000.00 annually, is the result of a generous endowment to Memorial University of Newfoundland by DaimlerChrysler Canada Inc. in support of the Opportunity Fund. The scholarship will be available to an undergraduate student in the Faculty of Business Administration who is in second year or beyond. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Business Administration.

Craig Dobbin Memorial Scholarship for Master of Business Studies at the Waterford Institute and Memorial University of Newfoundland
This scholarship has been established by Mr. Pat O'Callaghan, the Ireland Business Partnership, the Ireland Newfoundland Partnership, the Provincial Department of Education, and Craig Dobbin family members in memory of Mr. Craig Dobbin. It will be awarded on an annually rotating basis to students at The Waterford Institute of Technology (WIT) and Memorial University of Newfoundland. In year one, and every alternating year thereafter, the scholarship will be awarded to a recent honors graduate (in the past 2 to 3 years) of one of the undergraduate business programs in the Faculty of Business Administration program or Grenfell Campus, Memorial University of Newfoundland who is accepted into the Master of Business program, at the Waterford Institute of Technology, Waterford, Ireland. In the event that there is no such candidate, the scholarship will be awarded to two Memorial University of Newfoundland exchange students (undergraduate or graduate) to study one academic term at the Waterford Institute of Technology. In year two, and every alternating year thereafter, the scholarship will be awarded to an undergraduate student from the Waterford Institute of Technology who will be selected to attend Memorial University of Newfoundland's Faculty of Business Administration's M.B.A. program. In order for a WIT student to complete the program in one year, they must have an honors undergraduate business degree, or a business degree with significant work experience and be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing. The student may take two years to complete the degree; however, scholarship funding will be available for one year only. In the event that no such student is selected from WIT, then WIT will select a business undergraduate or graduate student to complete a student exchange (one academic term) at the Faculty of Business Administration or Grenfell Campus, Memorial University of Newfoundland. Scholarship recipients will be required to complete and present a report on an aspect of the Ireland Newfoundland Partnership. In the case of Memorial University of Newfoundland undergraduate students, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration or the Vice-President of Grenfell Campus. In the case of Memorial University of Newfoundland graduate students, the scholarship will be awarded by the Dean, School of Graduate Studies on the recommendation of the Dean, Faculty of Business Administration.

Paddy Dobbin Scholarship in the Faculty of Business Administration
The Paddy Dobbin Scholarship is endowed through a gift from the Dobbin family members (children and grandchildren) in memory of Paddy Dobbin, a St. John's native who married Rita Power on March 17, 1929. From his early life Paddy demonstrated a strong entrepreneurial spirit, a man not afraid of hard work or taking risks. He instilled these qualities in his eleven children. Paddy guided with much wisdom and a spirit that anything is possible. Through example, he taught his children never to fear challenges, feeling there was always something to be learned. The scholarship is open to undergraduate students of scholarship standing, enrolled in the Faculty of Business Administration in the International Bachelor of Business Administration (iBBA) program, who have been accepted for, but not yet undertaken, the study abroad component of their program. Preference will be given to students who have been active in extracurricular activities at Memorial University of Newfoundland and/or in the community. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.
Administration.

The Ernst and Young Scholarship in International Business
This fund was established from contributions to the University's Opportunity Fund Campaign by the partners Ernst & Young, St. John's and its predecessor. This scholarship, valued at the accrued interest on the endowment, will be awarded to an undergraduate student in the Faculty of Business Administration entering academic Term 6 in the cooperative education program. In awarding this scholarship, preference will be given to students with scholarship standing and a demonstrated interest pursuing a career in accounting. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration.

The Faculty of Business Administration Aboriginal Scholarship
A scholarship valued at $500 will be awarded to an Aboriginal resident of Newfoundland and Labrador in the Faculty of Business Administration. Eligible students must be in scholarship standing, be enrolled as a full-time undergraduate or graduate student in the Faculty of Business Administration at Memorial University of Newfoundland and provide confirmation of their Aboriginal status. In the case of undergraduate students, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean, Faculty of Business Administration. In the case of graduate students, the scholarship will be awarded by the Dean of Graduate Studies upon the recommendation from the Dean, Faculty of Business Administration.

Faculty of Business Administration Associates' Scholarship Fund
This fund was established through the contributions of members of the Associates' Program of the Faculty of Business Administration. The fund will provide scholarships for undergraduate and graduate students in the Faculty. Awards will be made on the basis of academic standing but such factors as financial need and contribution to the Faculty may be taken into account.

The Fagan Scholarship in the Faculty of Business Administration
This scholarship, valued at $1,000.00 annually, was established by Steve Fagan, B. Comm. (Co-op) '81. To be eligible, candidates must be full-time undergraduate students in the Faculty of Business Administration who have scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Fry Family Foundation (FFF) Doctoral Scholarship in Business Studies
The Fry Family Foundation Doctoral Scholarship in Business Studies, valued at $12,500, will be awarded annually to a full-time student in the Ph.D. Program in Management at Memorial University of Newfoundland. The award will be given on the basis of academic excellence and leadership in the doctoral program, and the preference will be given to residents of Newfoundland and Labrador. The recipient of this scholarship should demonstrate a good interest in, and a strong commitment to, Newfoundland and Labrador. The scholarship will be awarded by the Dean, School of Graduate Studies, upon the recommendation of the Dean, Faculty of Business Administration.

The Fry Family Foundation MBA Leadership Scholarship
The Fry Family Foundation M.B.A. Leadership Scholarship, valued at $5000 will be awarded annually to a full-time student in the M.B.A. program at Memorial University of Newfoundland. The award will be given on the basis of academic excellence and leadership, and preference will be given to residents of Newfoundland and Labrador. The recipient of this scholarship should demonstrate a good interest in, and a strong commitment to, Newfoundland and Labrador. The scholarship will be awarded by the Dean, School of Graduate Studies, upon the recommendation of the Dean, Faculty of Business Administration.

The P. J. Gardiner Award for Small Business and Entrepreneurship
This fund was established from contributions to the University's Anniversary Fund to commemorate the memory of the late Peter Gardiner, a former Director of Memorial University of Newfoundland's School of Business and a local entrepreneur. This award is valued at $5,000.00 annually and will recognize student creativity, innovation and entrepreneurship as evidenced by a student’s genuine interest in small business and entrepreneurship through the establishment or the intention to establish a new venture. Students in any program of study (graduate or undergraduate) are eligible. To apply for the P. J. Gardiner Award, students are to provide a written report or plan describing their venture. Award finalists will then be asked to make an oral presentation to the Award Selection Committee. The Award Selection Committee will consist of faculty members from the Faculty of Business Administration and the business community at large. In the case of undergraduate students, the awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of this panel. In the case of graduate students the awards will be made by the Dean, School of Graduate Studies upon the recommendation of the Committee on Graduate Studies of the Faculty of Business Administration.

The Peter Gardiner Award for International Study
This fund was established from contributions to the University's Anniversary Fund to commemorate the memory of the late Peter Gardiner, a former Director of Memorial University of Newfoundland's School of Business. Interest from the fund will provide or two annual awards of $2,500.00 each to support Business students (graduate and/or undergraduate) to study at Memorial University of Newfoundland's Harlow Campus or at another university outside Canada. In the case of undergraduate students, the awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration. In the case of graduate students, the awards will be made by the Dean of Graduate Studies upon recommendation of the Faculty Committee on Graduate Studies.

The Brian J. Grant Scholarship for International Study
This fund was established through a donation to the University's Opportunity Fund campaign by Mr. Brian J. Grant in 1999. The scholarship, valued at the annual interest on the endowment, will support an undergraduate business student who is on an academic international exchange. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration.

The Great-West Life Scholarship in Business Administration
This scholarship was established by a donation to Memorial University of Newfoundland from Great-West Life. One scholarship, valued at $5,000 annually and will recognize student creativity, innovation and entrepreneurship as evidenced by a student's genuine interest in small business and entrepreneurship through the establishment or the intention to establish a new venture. Students in any program of study (graduate or undergraduate) are eligible. To apply for the P. J. Gardiner Award, students are to provide a written report or plan describing their venture.

The William A. Gruchy Memorial Scholarship
This scholarship, valued at $1000.00, has been donated by Pepsi-Cola Canada Ltd., in memory of Mr. William Gruchy, a long-time associate of Browning Harvey Ltd., Pepsi-Cola's franchised bottling business in St. John's. The award is open to undergraduate students of scholarship standing, enrolled in Business Administration, who have demonstrated leadership ability. Activities within various student
organizations, participation on faculty committees, and/or contribution to the larger community, will be considered in determining appropriate candidates. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the Faculty of Business Administration.

The James B. Hand Memorial Scholarship in Business Administration
This scholarship was established through a contribution to the Opportunity Fund by friends, family and former business associates in memory of Mr. Jim Hand. Interest on the fund will provide one or more scholarships for undergraduate students in the Faculty of Business Administration. The scholarship(s) will be awarded on the basis of scholarship standing, but such factors as financial need and community involvement may be taken into account. The scholarship(s) will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Business Administration.

The Rolf G. Hattenhauer Scholarship Fund
This fund was established by the Labour Management Co-operation Committee to commemorate the late Professor Rolf G. Hattenhauer, a well-known Newfoundland arbitrator who was actively involved in setting up the Committee. Professor Hattenhauer was a member of the Department of Commerce (later the Faculty of Business Administration) at Memorial University of Newfoundland from 1965 until his death in 1983, and during the year 1969-70 served as Head (pro tem) of the Department. The fund will provide scholarships and fellowships on a rotating basis in undergraduate and graduate studies in Business Administration.

In the case of the undergraduate scholarships, preference will be given to students in Terms 6 and 7 of the Bachelor of Commerce program who are majoring in Labour Relations. These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Business Administration.

In the case of the graduate fellowships, preference will be given to those students in the Master of Business Administration program who are concentrating in or conducting research on the area of personnel and industrial relations. The graduate fellowships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Business Administration.

The Kevin Hawco Memorial Scholarship
The Kevin Hawco Memorial Scholarship has been established through a generous commitment made by Mr. Rob Crosbie in memory of a friend and colleague, Kevin Hawco. The scholarship, valued at $1,250.00 annually, will recognize student excellence in the Bachelor of Commerce program at Memorial University of Newfoundland. To be eligible, the student will be in scholarship standing and enrolled full-time within the Faculty of Business Administration. Preference will be given to students enrolled in courses required for the concentration in supply chain management. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Deans, Faculty of Business Administration and Faculty of Engineering and Applied Science.

The Jim Hood Memorial Scholarship
This scholarship was established through the generous bequest of Jim Hood, an alumnus and friend of the Faculty of Business Administration. Valued at a portion of the income on the investment, the scholarship is open to full-time undergraduate and graduate students in the Faculty of Business Administration who meet scholarship standing and who have been active in athletics at Memorial University of Newfoundland and/or in the community. In the case of the undergraduate student, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Business Administration. In the case of the graduate student, the scholarship will be awarded by the Senate Committee on Graduate Studies on the recommendation of the Dean of Business Administration.

The J. Carson Hudson Memorial Scholarship
In memory of local businessman and entrepreneur J. Carson Hudson, this scholarship, valued at a portion of the income on the investment, has been established by LeGrow’s Travel Limited to encourage students’ participation in small business and to assist a student entering the Faculty of Business Administration. This scholarship is renewable for two successive academic years provided that scholarship standing has been maintained. Preference will be given to those students who have enrolled in a full course load at the undergraduate level and have been away from the educational system for a period of two years or longer, working in an area of small business. Financial need may be a consideration. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Scott Hussey and Karen Joseph Memorial Scholarship in Business Administration
This scholarship was established from contributions to Memorial University of Newfoundland by fund raising efforts of the Commerce Class of 1985 and other friends and relatives of Scott and Karen. The scholarship, valued at a portion of the income on the investment, has been established by the Hibernia Management and Development Company Ltd. and enhanced by ExxonMobile Canada, are tenable at Memorial University of Newfoundland and are valued at an amount determined by the annual income on the investment. They are awarded annually as follows:
- 2 to students entering Term 3 of the Faculty of Engineering and Applied Science
- 2 to students entering Term 3 of the Faculty of Business Administration

Each year one scholarship will be awarded to a male and one to a female in each of the above disciplines. Candidates for these awards must be of scholarship standing but consideration may also be given to their financial circumstances. All candidates must be residents of Newfoundland and Labrador (a person who has maintained permanent residence in the province for a period of 12 months immediately prior to enrollment for the term of study). The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Deans, Faculty of Business Administration and Faculty of Engineering and Applied Science.

The Scott Hussey and Karen Joseph Memorial Scholarship
This scholarship was established from contributions to Memorial University of Newfoundland by fund raising efforts of the Commerce Class of 1985 and other friends and relatives of Scott and Karen. The scholarship, valued at a portion of the annual income, will be awarded to an undergraduate student beyond Term 4 in the Co-op program of the Faculty of Business Administration. It is not necessarily intended for the student with the highest academic average but rather a student who combines scholarship standing and leadership ability. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration. While financial need is not to be considered a major criterion, it can be taken as a deciding factor in the selection of students who are otherwise equally qualified in a given year.

International Personnel Management Associations Award
A $250.00 award will be presented annually to an outstanding student in the undergraduate course, Advanced Personnel Management. The recipient will be recommended by the Scholarship Advisory Committee of the Faculty of Business Administration acting upon the advice of the course instructor. Scholaristic abilities, financial need and class participation will be the basis upon which the award will be made. The recipient of the award will also be eligible for one year’s free membership in the local Chapter of IPMA-Canada.

The Ron Joyce Foundation Scholarships
These scholarships are the result of a generous endowment to Memorial University of Newfoundland by the Ron Joyce Foundation. Interest on the fund will provide scholarships to full-time undergraduate students entering Memorial University of Newfoundland’s Faculty of Business Administration who are Canadian citizens with scholarship standing and demonstrated financial need. These scholarships will be valued at two semester’s tuition for five courses (30 credit hours) and are renewable for up to four years (3 years plus original) provided the candidates maintain first class scholarship standing. The scholarships will be awarded by the Senate Committee on...
Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Business Administration.

The Dan Kroecker Award
The Dan Kroecker Award, valued at $500, is made possible through an annual donation from Dan Kroecker. The Award is available to a deserving student enrolled full-time in the Bachelor of Commerce (Co-op) program who is in clear academic standing. Candidates will submit a two to three page essay outlining any financial initiatives/ideas that they have for the improvement/development of Newfoundland and Labrador. The submissions will be judged by a scholarship selection committee in the Faculty of Business Administration. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The A. Bruce LeMessurier Scholarship for Entrepreneurship
This scholarship, valued at a portion of the income on the investment, was established by Sally Lou LeMessurier in memory of her husband A. Bruce LeMessurier. It will be awarded to a student beyond first year in an undergraduate Business program who has demonstrated interest in small business and entrepreneurship through completion of course work, and involvement in volunteer activities in the university and the community related to entrepreneurship. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Business Administration.

Henry and Royce Meinhardt Memorial Bursary
The Henry and Royce Meinhardt Memorial Bursary is endowed through a gift from the Smallwood family (Cathy, Ray, Melissa, Amanda and Matthew) in memory of Henry and Royce Meinhardt, who had two grandchildren choose to study in the Faculty of Business Administration. Though from a modest background, Henry and Royce Meinhardt were entrepreneurially minded and hard workers who founded several businesses in Saint John, New Brunswick. Henry and Royce believed passionately that personal development through formal education as well as the general acquisition of knowledge was critical to the attainment of many personal goals. This bursary will be awarded to a full-time undergraduate student in the Bachelor of Commerce program, who will be participating in an international exchange (Harlow or other university with an exchange agreement in place). The bursary, valued at a portion of the income on the investment, will be awarded to a student who meets the minimum academic requirements of a bursary as defined by Memorial University of Newfoundland, demonstrates financial need and a good work ethic. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean, Faculty of Business Administration.

Molson Breweries Scholarships
Two scholarships, valued at $1000.00 each, will be awarded to Newfoundland students entering the Faculty of Business Administration from first year university. The scholarships will be based on academic merit and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

Molson Breweries Scholarships
Two scholarships of $500.00 each are to be awarded to Newfoundland students commencing Term 5 and Term 6 respectively of the Business Administration program. Scholarship standing as well as financial need will be taken into consideration in selecting candidates. The scholarships are awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

Mr. Sub Scholarship
This scholarship valued at $500.00 annually, will be awarded to a student in the Faculty of Business Administration on the basis of scholarship standing and community involvement. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The John J. Murphy Scholarship in Business Administration
This scholarship, valued at $500.00, is awarded annually to a student who has achieved academic excellence upon completion of the first year (Terms 1 and 2) of the Business Administration program. The award, however, is not necessarily intended for the student who has received the highest average in this category. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration.

The Newfoundland and Labrador Hydro Corporation Scholarships in Business Administration
These scholarships, offered annually by the Newfoundland and Labrador Hydro Corporation, are valued at $1000.00 each. They are tenable in the Faculty of Business Administration at Memorial University of Newfoundland and are distributed as follows:
- One to a student entering Term 5
- Two to students entering Term 6
- Two to students entering Term 7

The scholarships will be awarded on the basis of academic excellence, taking into consideration such factors as financial need and character. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of the Dean, Faculty of Business Administration.

Oil and Gas Week Scholarship
Valued at $1,000 each, these undergraduate scholarships are established by a gift over three years from the organizers of Oil and Gas Week, a program of events held annually in St. John’s, NL for the purpose of promoting the oil and gas industry. Two scholarships will be awarded each year. To be eligible, students must be enrolled full-time beyond the first year of an undergraduate program in the Department of Earth Sciences, the Faculty of Engineering and Applied Science, or the Faculty of Business Administration. Eligible candidates must also have scholarship standing and preference will be given to students who graduated from a high school in Newfoundland and Labrador outside of the metropolitan St. John’s area. Each year the two recipients must be from different faculties, with each identified academic unit to be represented no more than twice in the three year period of the term of the fund. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on a recommendation from the appropriate academic discipline.

The James R. Pearcey Scholarship for Entrepreneurism
This scholarship is the result of a generous donation by the donor, Mr. Wade K. Dawe, Bachelor of Commerce’92. It is valued at $10,000.00 per annum and is established in memory of James R. Pearcey, a Civil Engineering graduate and former president of his 1993 class, at Memorial University of Newfoundland. The scholarship recipient will be a student in the Faculty of Business Administration in any academic year, in good academic standing and who shows clear evidence of a significant propensity toward entrepreneurial activity, as assessed by a two page essay competition. The recipient will be selected by a faculty committee, the composition of which will be determined by the Scholarships Office, but will include representation by both the Faculty of Business Administration and the Faculty of Engineering and Applied Science. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of this committee.

Jude Pearson Memorial Scholarship in the Faculty of Business Administration
This scholarship, valued at $500 annually, was established by the Class of 1999 in memory of classmate, Jude Pearson. Eligible candidates must be full-time undergraduate students in the Commerce program of the Faculty of Business Administration, and have...
The Maureen Penney Class of 1982 Award
This award is available to a deserving student completing Term 3 of the Bachelor of Commerce (Co-op) program. The student selected to receive the award will be academically strong, and an active participant in student life with demonstrated potential for leadership roles. The award, valued at $500 has been made available through the contributions of the graduating class of 1982, in memory of fellow classmate, Maureen Penney. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The St. John's Maple Leafs Legacy Scholarship
This scholarship, valued at $1,000.00 annually, was established by Mark Pinsent, B. Comm (Co-op) '80. To be eligible, candidates must be full-time undergraduate students in the Faculty of Business Administration, doing a concentration in Management Information Systems (MIS) or Management Science who have demonstrated an interest in project management. In order to be considered for this scholarship, students must be nominated by a faculty member in the Faculty of Business Administration. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Dr. Robert W. Sexty Scholarship for Social Responsibility
This scholarship will be awarded annually to an undergraduate business student entering the final year of an academic program in the Faculty of Business Administration. It will be valued at a portion of the income on the endowment. Selection of the successful candidate will be based on academic merit and demonstrated interest in pursuing public accounting as a profession. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Public Accountants Licensing Board Scholarship
This scholarship will be awarded annually to an undergraduate business student enrolled in Business Administration, majoring in the area of Finance. The scholarship, valued at $500 has been made available through contributions to the Memorial University of Newfoundland's Opportunity Fund Campaign by The Scotsburn Dairy Group. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The RBC Investments Scholarship
This scholarship is endowed through a gift from Dr. Lessey Sooklal, who joined the School of Business in 1978 (later renamed the Faculty of Business Administration), and was an active member of the faculty until his death in 2006. A full Professor in the area of Human Resource Management, Dr. Sooklal shared his passion for the subject with his students and colleagues. The fund will provide an annual scholarship, valued at a portion of the income on the investment, to an undergraduate student in Business Administration who is concentrating in Human Resource Management. The scholarship will be awarded to students in Terms 6 or 7 of the Bachelor of Commerce program, or the final year of the Bachelor of Business Administration program. The main criteria in awarding the scholarship are scholarship standing and demonstrated interest in pursuing public accounting as a profession. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The PMI NL Chapter Jamie Morry Memorial Scholarship
This scholarship, valued at $500, was established by the Newfoundland and Labrador Chapter of the Project Management Institute in memory of Jamie Morry to acknowledge his commitment to the discipline of project management. The scholarship is open to undergraduate students of scholarship standing enrolled in Business Administration, doing a concentration in Management Information Systems (MIS) or Management Science who have demonstrated an interest in project management. In order to be considered for this scholarship, students must be nominated by a faculty member in the Faculty of Business Administration. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Gar Pynn Memorial Harlow Scholarship
This scholarship is endowed through a gift from Marg Pynn, family, and friends in memory of Gar Pynn, past director and faculty member of the Faculty of Business Administration. Eligible candidates must be full-time undergraduate students in the Faculty of Business Administration, and have scholarship standing. Preference will be given to students applying to complete an academic term at Memorial University of Newfoundland's Harlow Campus. The scholarship, valued at a portion of the income on the investment, will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Scotsburn Dairy Group Scholarship
This scholarship was established from contributions to the Memorial University of Newfoundland's Opportunity Fund Campaign by The Scotsburn Dairy Group. This scholarship, which will be valued at a portion of the accrued interest on the endowment, is intended to recognize academic excellence and will be awarded to a Newfoundland and Labrador student entering Term 5 of the Business Cooperative Education program. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Business Administration.

The RBC Investments Scholarship
This scholarship, valued at $1,000.00 annually, was established by Mark Pinsent, B. Comm (Co-op) '80. To be eligible, candidates must be full-time undergraduate students in the Faculty of Business Administration, doing a concentration in Management Information Systems (MIS) or Management Science who have demonstrated an interest in project management. In order to be considered for this scholarship, students must be nominated by a faculty member in the Faculty of Business Administration. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Dr. Robert W. Sexty Scholarship for Social Responsibility
This scholarship will be awarded annually to an undergraduate business student entering the final year of an academic program in the Faculty of Business Administration. It will be valued at a portion of the income on the endowment. Selection of the successful candidate will be based on academic merit and the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.
The James P. Steinhauer Memorial Scholarship in Small Business and Entrepreneurship

This scholarship is awarded out of income from a bequest by Mrs. S. Louise Steinhauer made in memory of her husband James and her son James, both prominent St. John's entrepreneurs. The scholarship will be awarded to a student in Term 5 of the commerce program who is completing a concentration in Small Business/Entrepreneurship. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation of the Dean, Faculty of Business Administration.

The Sun Life Financial Scholarship in Applications of Technology

The Sun Life Financial Scholarship in Applications of Technology is consistent with the company's belief that education is key to the future well-being of individuals, business and society. The scholarship, valued at the annual interest on the endowment, will be designated on an annually rotating basis to a student on the Corner Brook campus and the St. John's campus. It will be awarded to a student within the faculties of Science, Engineering and Applied Science and Business Administration who is focussing his/her studies on the application of technology and has demonstrated scholarship standing. In addition, the student will have actively participated in extra-curricular activities and have been active in student life. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation of the Dean, Faculty of Business Administration.

The Robert Westcott Memorial Scholarship

This scholarship is awarded to any student enrolled in the Faculty provided that the student is in good academic standing and demonstrates financial need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Dean, Faculty of Business Administration.

4.4 Faculty of Education

The following are available to students in the Faculty of Education based on a recommendation from the Dean.

The James J. Walsh Memorial Scholarships

Two undergraduate scholarships, established by the Walsh family to commemorate the memory of a dear husband and father, James J. Walsh, are tenable at Memorial University of Newfoundland and are valued at $500.00 each. One scholarship will be tenable in the Faculty of Business Administration to a physically handicapped student. If no physically handicapped student is available, the award will be open to any student enrolled in the Faculty provided that the student is in good academic standing and demonstrates financial need. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of the Dean, Faculty of Business Administration.

The Ralph Vincent Memorial Business Scholarship

The scholarship is valued at $5,000, and is provided via a contribution to Memorial University of Newfoundland by Mr. Darryl Fry. It will be awarded on the basis of scholarship standing to residents of Newfoundland and Labrador enrolled in first year Business Administration at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Dean, Faculty of Business Administration.

The Geoffrey H. Wood Foundation Scholarship

This scholarship, established by the Geoffrey H. Wood Foundation, is currently valued at $2,500.00 and will be awarded annually to an undergraduate student in Term 4 or later in the Faculty of Business Administration who has consistently demonstrated academic excellence. The scholarship is non-renewable and is to be awarded with a maximum of one other concurrent award. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean of Business Administration.

The Wood Gundy Scholarship for Undergraduate Business Students

The Wood Gundy Scholarship for Undergraduate Business Students will be awarded annually to a student of scholarship standing in Business Administration who has demonstrated leadership ability through participation in student, faculty or University activities and/or contribution to the larger community. Preference will be given to students with a demonstrated career interest in the area of finance. The value of this scholarship will be determined by the annual income derived from the initial endowment. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration.

The Wright-Green Undergraduate Award in Business Studies

This scholarship, valued at a portion of the income from a bequest by Mrs. S. Louise Steinhauer made in memory of her husband James and her son James, both prominent St. John's entrepreneurs. The scholarship will be awarded to a student in Term 5 of the commerce program in Business Administration. It will be awarded on the basis of scholarship standing, extracurricular activities, and need. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

4.4 Faculty of Education

The following are available to students in the Faculty of Education based on a recommendation from the Dean.

The Gordon Billard Award in Education

A donation has been made to Memorial University of Newfoundland by Mr. Gordon Billard for the purpose of establishing a fund to provide financial assistance to Education students who live at the University's Harlow campus while undertaking approved studies in Great Britain. The award is intended to enhance the student's educational experience in Britain. Its value will be based on the annual interest on the fund. It will be awarded during the Spring semester by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean of Student Affairs and Services. Academic achievement and financial need will be considered.

The Chesley and Katherine Brown Bursary

This bursary, valued at a portion of the income on the endowment, has been established by the children of the late Lieutenant-Colonel and Mrs. William Chesley Brown. Lt.-Colonel Brown (1899-1962) guided the Salvation Army’s educational program for thirty-five years.
For the final twelve years he served as the Superintendent of Education for the Salvation Army within the Department of Education. Mrs. Lt-Colonel Katherine England Brown (née Cave; 1900-1977) taught at the Salvation Army Training College for Officers and was active in the Home and School Association of the Salvation Army College for a number of years. Candidates must be full-time undergraduate students with demonstrated financial need and clear academic standing. The Bursary will be awarded to students in the Faculty of Education, on the recommendation of the Dean, Faculty of Education.

The Bruton Scholarship Fund
Dr. F.A. Bruton, friend and colleague of J.L. Paton, taught Nature Study to teachers in three successive Memorial University College summer schools, from 1926-28, at Paton's request. At his death in 1930, Dr. Bruton made a bequest to the College from which two Bruton Scholarships are awarded. These scholarships, valued at $500.00 each, are awarded annually to students who have demonstrated interest in Plant Biology. One award will be available to a student majoring in Biology whose special interest is in the field of forestry, and the second award will be available to a student whose area of interest is in the teaching of science, in particular, plant biology. In the absence of a suitable candidate from the one department, two awards may be made by the other department in accordance with the above conditions. Academic ability and financial need will be taken into consideration in making these awards. They will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the advice of the department concerned.

The CFUW Edith Creighton Scholarship
This scholarship has been established by The Canadian Federation of University Women (CFUW) St. John's and is named after Edith Creighton (1892-1994), the first president of CFUW St. John's when it was formed in 1945. One scholarship, valued at $2,000, may be awarded annually, to a woman enrolled full-time in the Masters or Doctoral program in the Faculty of Education. To be eligible, candidates must have scholarship standing. The scholarship will be awarded by the Dean, School of Graduate Studies on the recommendation of the Dean, Faculty of Education.

Alice Cook Education Award
This award was established by Mr. Clayton C. Cook. The award, in honour of his wife Alice Cook, celebrates her love of learning and education. The award will be valued at a portion of the income on the endowment and will be awarded annually to a student who meets the minimum academic requirements for an award as defined by the University. The recipient may be enrolled in any undergraduate education degree programs in the Faculty of Education. The Award will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Education.

The William J. FitzGerald Memorial Bursary
This Bursary was donated by Barbara C. FitzGerald in memory of her father, William J. FitzGerald (1897-1971) who was a St. John's businessman for many years. The award, valued at one quarter of the annual income of an endowment, is directed at a full-time student in the Faculty of Education with first preference to students in the high school program who demonstrate scholarship standing and financial need. In the event that an eligible student in the high school program is not available in a given year, the Bursary will be awarded to a Bachelor of Education student in one of the other programs as deemed appropriate by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Education.

The Carrie E. Hodder Memorial Scholarship
This scholarship, valued at the annual accrued interest on an initial endowment, has been established by the husband of the late Carrie E. Hodder as a tribute to her 36 year contribution to education as a teacher in the province of Newfoundland and Labrador. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Education on the basis of scholarship standing to students enrolled in Elementary Education.

The Dr. Ethel M. Janes Memorial Scholarship in Education (Undergraduate)
From a sum of money endowed to Memorial University of Newfoundland by the late Dr. Ethel M. Janes, one scholarship valued at $2,000.00 will be awarded annually on the basis of scholastic achievement. Dr. Janes, a Professor of Education at Memorial University of Newfoundland for twenty-eight years, devoted most of her professional career to study, research and teaching in primary and elementary education. Her contribution to the development of primary and elementary teacher education program within the faculty was significant, as was her influence on primary and elementary education in the schools. Two generations of prospective teachers were her students. This scholarship will be awarded upon completion of the second year of studies at Memorial University of Newfoundland to a student enrolled in the primary/elementary education program as a first degree. Instalments of $1,000.00 each will be awarded in the second and third years of successful academic terms; and the scholarship is renewable for two years provided first-class standing is maintained. This award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Education.

The Grace Layman Scholarship in Education
The Grace Layman Scholarship in Education has been established through a gift to the University by Professor Grace Layman who devoted her life to the development of educational drama in Newfoundland. Valued at a portion of the income on the investment, one or more scholarships will be given annually to a student from the Faculty of Education at Memorial University of Newfoundland, who meets scholarship standing, and who demonstrates financial need and clear academic standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on a recommendation from the Dean, Faculty of Education.

The Loretta Lynch Education Scholarship
This Scholarship was created by Jackie Lynch, a graduate of the B.Ed and M.Ed. programs at Memorial University of Newfoundland, in memory of her Grandmother, Mrs. Loretta Lynch who was a strong supporter of education and an inspiration for learning. The recipient will be a full-time undergraduate student who graduated from a high school in Newfoundland and Labrador and who is in the professional year as a primary/elementary student teacher (Internship). The recipient will have demonstrated dedication to her/his teaching role and be in scholarship standing. The Scholarship will be valued at $800. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Education.

The Effie and Leander Mercer Scholarship
The scholarship was established by Dr. Jean Mercer in honour of her parents, Effie and Leander Mercer. Valued at the annual interest on an endowment, an award will be made alternately to a third year student in Medicine, Engineering and Post-Secondary Education (formerly Vocational Education). In any given year, if no student is eligible in the designated faculty it may be awarded to a student in one of the other two faculties. The successful student must have done most of his/her studies as a mature student. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation of the respective Dean. Financial need must also be taken into account.

The A. Baxter Morgan Memorial Scholarship
This scholarship has been established by Lorraine, spouse of the late Mr. Morgan. He began his career as a teacher after graduation from Memorial University College. Later, he operated his own business in Newfoundland until his retirement to Clarke’s Beach. It will be valued at $500.00 annually and will be awarded to a full-time student in the second year of the Faculty of Education Program.
scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Education.

The John M. and Elsa S. Morgan Scholarships
These scholarships have been bequeathed to the University by the late Dr. John M. Morgan, B.Sc., M.D., and have been named to commemorate Dr. Morgan and his wife Elsa. Up to twenty-five scholarships will be made available annually to undergraduate students who have completed at least one year of study at Memorial University of Newfoundland within the areas specified below and who will be continuing in these programs. The scholarships, valued at a minimum of $1,000.00 each, will be disbursed as follows:
- up to five to the Faculty of Medicine
- up to four to the School of Nursing
- up to four to the Faculty of Education
- up to four to the Department of Philosophy
- up to four to the Department of Anthropology
- up to two to the Department of Religious Studies (with preference to students of comparative religions)
- up to two to students in Newfoundland Studies

The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the appropriate Dean/Director/Department Head. Preference will be given, where possible, to students from the Port-de-Grave District.

The Dr. M.O. and Grace Morgan Harlow Bursary
This bursary, valued at a portion of the annual accrued interest on an endowment to Memorial University of Newfoundland from the estate of Dr. and Mrs. Morgan, was established to encourage and assist undergraduate students to attend the University’s Harlow Campus. It is open to full-time Memorial University of Newfoundland students attending the Harlow Campus. Up to three bursaries of equal value will be awarded annually to two students in the Faculty of Education (one each in the Spring and Fall semesters) and one to a student in any field of study (in the Winter semester). An application is required to identify those students planning to attend Harlow in the winter semester only and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre. Bursaries in Fall and spring will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards and the recommendation from the Dean, Faculty of Education. These bursaries will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Rick Morris Memorial Bursary
This bursary was established in memory of Rick Morris by his family and friends. Rick was a caring individual who was deeply committed to Newfoundland and worked with a variety of individuals, organizations, and government. He was a mentor to many helping professionals, who regularly sought his counsel on personal and professional issues. He was deeply concerned with violence against individuals, particularly women, children, and the survivors of Mount Cashel. He was involved in the establishment of Unified Family Court’s mediation services and frequently collaborated with the aboriginal and senior’s communities. The bursary, valued at a portion of the income from the endowment, will be awarded annually to a student who is in financial need and meets the minimum academic requirements for a bursary. It will be awarded on a rotating basis to a student enrolled in one of the following academic areas: Year 1- School of Social Work, Year 2- Faculty of Education, Year 3- School of Human Kinetics and Recreation, Year 4- Department of Women’s Studies and Year 5- School of Nursing. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head of the Unit for which the bursary is being awarded.

The Newfoundland & Labrador Teachers’ Association Scholarship
From a sum of money donated to the Anniversary Fund by the Newfoundland & Labrador Teachers’ Association, a $500.00 scholarship has been established at Memorial University of Newfoundland. This scholarship will be awarded annually on the basis of academic excellence and character to a senior student enrolled in the Faculty of Education. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Dean of Education.

The Patti Lynn Noonan Harlow Travel Bursary
This bursary, valued at a portion of the income from the endowment, is established in memory of Patti Lynn Noonan by her family. Patti Lynn’s motto was “Live life to the fullest and appreciate it and always tell the people you love that you love them”. Patti Lynn will always be remembered for her smile, her laughter, her love of life, her devotion to family, friends and the students in her care, her courage and her determination. Patti Lynn’s experience at Harlow was a highlight of her time at Memorial University of Newfoundland. The purpose of the Bursary is to enable the recipient to travel outside of Harlow while studying at Memorial University of Newfoundland’s Harlow campus. To be eligible, students must have demonstrated financial need, be in good academic standing, and be accepted to study at the Harlow campus. Preference will be given to students enrolled in the Faculty of Education. These bursaries will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean of the Faculty of Education.

The Mary O’Keefe Memorial Scholarships
These scholarships were established with a bequest from Mary O’Keefe. Valued at a portion of the annual interest on the endowment, they will be awarded to two full-time students entering the first year of a program in the Faculty of Education. These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Education.

The Dr. Hugh O’Neill Education Scholarship
This scholarship is the result of a generous donation to Memorial University of Newfoundland by The O’Neill Foundation. One scholarship valued at $2,500.00 will be awarded annually to a full-time student enrolled in the Faculty of Education at Memorial University of Newfoundland. In awarding the scholarship, first preference will be given to a student from a third world country but in the event of no such eligible student in a given year the scholarship may be awarded to another education student. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing, financial need and a recommendation from the Dean, Faculty of Education.

The Dr. Herbert Lench Pottle Scholarship
This scholarship has been established by the family of Dr. Pottle who served as a member of the Commission of Government (1947-49) and as the Minister of Public Welfare (1949-55) in the Government of Newfoundland. His career also included educational administration, magistrate, author and member of the first Board of Regents at Memorial University of Newfoundland. Valued at the annual interest of the endowment, this scholarship will be awarded to an undergraduate student in the Faculty of Education with preference given to students who are entering the Faculty. The student must be a native-born Newfoundlander or a graduate of a
Newfoundland High School. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Education.

Scott Memorial Scholarship
This scholarship, established by Winslow and Eileen Scott in memory of their late son Bradford, a former student of Memorial University of Newfoundland, is valued at not less than $500.00. In awarding this scholarship, preference will be given to students in the Bachelor of Education Intermediate/Secondary Program who have completed the Bachelor of Physical Education or Bachelor of Physical Education (Co-operative) degree at Memorial University of Newfoundland. If a suitable candidate cannot be found in this category it will be awarded to a senior student in the Bachelor of Physical Education or Bachelor of Physical Education (Co-operative) program who is doing the teaching option. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and upon a recommendation approved by the Dean, Faculty of Education and/or the Director, School of Human Kinetics and Recreation.

Ron and Gwen Seary Memorial Scholarship
Two scholarships from the interest on a fund established by the family, colleagues and students of Ron and Gwen Seary shall be awarded. One scholarship shall be given to a student entering their second year of undergraduate studies in the Faculty of Education. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing with preference given to students who have demonstrated leadership, determination and dedication.

4.5 Faculty of Engineering and Applied Science

The following are available to students in the Faculty of Engineering and Applied Science based on a recommendation from the Dean. For definition of scholarship standing for co-op students, see Scholarships, Bursaries and Awards, General Information.

The Afshin Assemi Memorial Award
This award has been established in memory of Afshin Assemi (Term 8 Electrical, 1991) and is valued at a portion of the income on the investment. It will be awarded during the Winter semester and is intended for students enrolled in Term 8 of the Faculty of Engineering and Applied Science Program. The criteria for selection will be on the basis of outstanding contribution to the betterment of student life within the Faculty of Engineering and Applied Science over the course of his/her academic career. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. The scholarship will be awarded by the Senate Committee which will accept recommendations from the Engineering Society Executive. The Engineering Society Executive should consult with Term 8 Class representatives before arriving at their decision. If it is decided that two candidates are equally deserving of the Award, then joint awards may be given at equal value.

Amirix Systems Inc. Scholarship for Computer Engineering
This scholarship, valued at $2500 annually, is established by AMIRIX Systems Inc. of Halifax, NS, and is awarded to a Computer Engineering student in Term 5 of the Faculty of Engineering and Applied Science at Memorial University of Newfoundland. The recipient of this scholarship will have demonstrated scholarship standing as well as extracurricular involvement in any of the following areas: athletics, fine arts, student body activities and/or volunteer work. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The American Bureau of Shipping (ABS) Scholarship
The American Bureau of Shipping Scholarship will be awarded to eight full-time undergraduate students who demonstrate scholarship standing and are enrolled in the Faculty of Engineering and Applied Science in any academic terms in the following disciplines: Ocean and Naval Architecture, Civil, Mechanical & Electrical. Preference will be given to students who have strong academics/work experience in the area related to a career in structural, offshore/marine industries. Winners of these scholarships will have preference (upon application) for work term placements with the American Bureau of Shipping in Houston (must be eligible for T-N Visa). Valued at $5000 each, the scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The C.H. Ballam Scholarship
This scholarship was established by the Honourable Charles H. and Mrs. Ballam as a memorial to their son Ulric, a former Engineering student at the University. The scholarship has a value of $250.00. It is awarded annually during the Winter semester of Engineering One on the recommendation of the Dean of Engineering and Applied Science. In making the award, academic achievement, character and financial need are taken into account. An application is required.

The E.F. Barnes Scholarship
This scholarship, valued at $500.00, has been endowed by Stirling Kelloway in honour of the late Mr. E.F. Barnes, founder of E.F. Barnes Machine and Fabricating Shop Limited which built the first all steel vessel in Newfoundland and developed the only marine engine ever built in the Province.

The award will be made each year during the Fall semester to a student in Term 6, on the recommendation of the Dean of Engineering and Applied Science. The selection of the winner will be based on scholastic achievement in Academic Term 5. Financial need will be an additional consideration. This scholarship will not be awarded to a student who is already holding a scholarship during the same academic year.

Paul S. Batstone Memorial Scholarship
This scholarship, valued at a portion of the annual interest, was established in memory of Paul S. Batstone who spent 20 years promoting co-operative education at Memorial University of Newfoundland and was a co-ordinator in the Faculty of Engineering and Applied Science until his death in 2003. Based on scholarship standing, it will be awarded to a senior student completing a spring work term who has demonstrated a high level of commitment to Engineering Co-operative Education and has made a significant contribution to their employer in the past work term. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science with a nomination from the student’s employer and input from the Office of Co-operative Education.

Dr. S.M. Blair Memorial Alumni Awards for Excellence in Engineering
Two scholarships, established by the Memorial University of Newfoundland Alumni Association in memory of Dr. Sidney M. Blair, have a value of $500.00 each and are awarded annually to students entering Term 3 of the Engineering program and Term 5 of the Civil Engineering program who have achieved an appropriate scholarship average in academic courses of the preceding terms. The awards are made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the advice of the Dean of Engineering and Applied Science.
The Ann (Mooney) Bridger/CSCE Newfoundland and Labrador Section Scholarship
This scholarship has been established in memory of Professor W. J. Campbell who helped establish the engineering program at Memorial University of Newfoundland and taught in the program until 1995 when he retired. The scholarship, one or more, is valued at a minimum of $500.00 and will be awarded to a student entering term three who has completed all elements of the program prior to Term 3. Scholarship standing, leadership, and contribution to student life will be considered in making the award. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on recommendation from the Dean, Faculty of Engineering and Applied Science.

The Wally J. Campbell Memorial Scholarship
This scholarship was established from the contributions of many family members, friends, and fellow students in memory of Danny Freeman, a former Engineering student at Memorial University of Newfoundland. The scholarship, valued at $5,000, and is provided via a contribution to Memorial University of Newfoundland by Mr. Darryl Fry. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on recommendation from the Dean, Faculty of Engineering and Applied Science.

The Wilfred and Rose Davis Scholarship in Engineering
This scholarship, a gift from Wilfred J. (Memorial University College 1946) and Rose Davis, is awarded annually to a student entering or engaged in Engineering One. The award is valued at the interest earned annually from the endowed fund, and will be awarded to candidates holding other scholarships of greater value. This scholarship is based on scholarship standing and financial need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean, Faculty of Engineering and Applied Science.

The J.M.C. Facey Engineering Scholarship
This scholarship is one of several established by General Motors of Canada Limited with contributions to the University’s Opportunity Fund Campaign. Interest from the fund will provide a scholarship valued at a minimum of $1,000.00 annually to support and encourage more women to study and work in Engineering, thereby increasing the contributions of women to engineering and scientific endeavours.
This scholarship is tenable at Memorial University of Newfoundland to female students regardless of age, with preference to those who are entering the Faculty of Engineering and Applied Science. However, female students already enrolled in Engineering studies may be eligible if in a given year an eligible entering student is not available. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Engineering and Applied Science.

The General Motors Scholarship in Engineering
This scholarship was established by General Motors of Canada Limited with contributions to the University's Opportunity Fund Campaign. Interest from the fund will provide a scholarship valued at a minimum of $1,000.00 annually to support individuals who are first generation students in a family (immediate family) to enroll in Engineering. It will be awarded to a student in any term of the Bachelor of Engineering program at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Engineering and Applied Science.

The John P. Greene Scholarship
This scholarship is funded by Mrs. Amelia Greene to honour her late husband, John P. Greene, a retired engineering instructor at the Fisheries and Marine Institute. The scholarship is awarded to a full-time undergraduate student in the Ocean and Naval Architectural program in the Faculty of Engineering, to support students who have achieved the highest total marks in offshore oil and gas courses in their third year (Term 8) in the Faculty of Engineering. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Engineering and Applied Science.

The Honeywell Limited-Honeywell Limitée Scholarship
This scholarship, the gift of Honeywell Limited-Honeywell Limitée, is valued at the annual interest on the initial endowment. It will be awarded on the basis of scholarship standing to a student in Term 5 of the Mechanical Engineering Program at Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Integrated Informatics Award of Excellence
This scholarship was established through a generous gift from Jason and Christa Humber, and will provide one award annually, valued at $1,500.00. It will be awarded on the basis of scholarship standing to a student in Term 5 of the Mechanical Engineering Program at Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Halliburton Energy Services Scholarship in Mechanical Engineering
This fund, a gift to Memorial University of Newfoundland by Halliburton Energy Services via The Opportunity Fund campaign, will provide a scholarship valued at approximately $1,500.00 annually. It will be awarded on the basis of scholarship standing to a student in academic terms 5 or 6 of the Mechanical Engineering Program at Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Hibernia/ExxonMobil Scholarships
These scholarships, established by the Hibernia Management and Development Company Ltd. and enhanced by ExxonMobil Canada, are tenable at Memorial University of Newfoundland and are valued at an amount determined by the annual income on the investment. They are awarded annually as follows:
- 2 to students entering Term 3 of the Faculty of Engineering and Applied Science
- 2 to students entering Term 3 of the Faculty of Business Administration

Each year one scholarship will be awarded to a male and one to a female in each of the above disciplines. Candidates for these awards must be of scholarship standing but consideration may also be given to their financial circumstances. All candidates must be residents of Newfoundland and Labrador (a person who has maintained permanent residence in the province for a period of 12 months immediately prior to enrollment for the term of study). The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Deans, Faculty of Business Administration and Faculty of Engineering and Applied Science.

The Honeywell Limited-Honeywell Limitée Scholarship
This scholarship, the gift of Honeywell Limited-Honeywell Limitée, is valued at the annual interest on the initial endowment. It will be awarded on the basis of scholarship standing to a student in Term 5 of the Mechanical Engineering Program at Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The IEEE Newfoundland and Labrador Section Term 4 Scholarship
This scholarship was established by a donation of $7,500 from ITT W&WW. It is valued at $2,500.00 annually and will be provided to a student who has achieved the highest total marks in offshore oil and gas courses in terms 6 and 7. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The IEEE Scholarship
This scholarship was established by the members of the Newfoundland and Labrador section of IEEE (The Institute of Electrical and Electronics Engineers). It is valued at a portion of the annual interest accrued on the initial endowment and awarded annually to a full-time undergraduate student in Term 4 of the Electrical and Computer Engineering Program at Memorial University of Newfoundland. The recipient must be an active student member of IEEE and be of scholarship standing as defined by the University. In addition to the student's academic achievement, contributions to the IEEE student branch will be considered. In this regard, candidates must submit a one page letter describing their involvement, their professional goals and their student activities in the areas of electrical and computer and/or computer engineering. A student may not hold the scholarship more than once. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science, acting on the advice of a special selection committee of the IEEE, Newfoundland and Labrador Section.

The ITT W&WW Scholarship in Engineering
This scholarship is provided by a donation of $7,500 from ITT W&WW. It is valued at $2,500.00 annually and will be provided to a student who has achieved the highest total marks in offshore oil and gas courses in terms 6 and 7. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Integrated Informatics Award of Excellence
This award is established through a generous gift from Jason and Christa Humber, and will provide one award annually, valued at a portion of the income from the endowment. To be eligible, students must be senior engineering students enrolled in their final undergraduate year (Term 8) in the Offshore Oil and Gas option of the Faculty of Engineering & Applied Science. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The IEEE Newfoundland and Labrador Section Term 4 Scholarship
This scholarship was established by a donation of $7,500 from ITT W&WW. It is valued at $2,500.00 annually and will be provided to a student who has achieved the highest total marks in offshore oil and gas courses in terms 6 and 7. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.
scholarship standing and have demonstrated a strong interest to work in the construction industry during their previous work terms, preferably with the Kiewit Group. Factors to be taken into account include character qualities, team spirit, personal initiative, leadership, reliability and mobility. Financial need may also be a consideration. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Engineering and Applied Sciences with the appropriate input from the Chairpersons and Faculty acting on the advice of a special selection committee of the Kiewit Group.

The Peter Kiewit Sons Co. Ltd. Award
These awards, valued at $1000 each for two students are offered annually by Peter Kiewit Sons Co. (PKS). Each award also includes the possibility for the recipient to complete one or more work terms with this well-recognized general contracting company. The eligible candidates should have completed, as a minimum, their Term 4 in Civil, Mechanical or Electrical Engineering with good scholarship standing and have demonstrated a strong interest to work in the construction industry during their previous work terms, preferably with the Kiewit Group. Factors to be taken into account include character qualities, team spirit, personal initiative, leadership, reliability and mobility. Financial need may also be a consideration. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Engineering and Applied Sciences with the appropriate input from the Chairpersons and Faculty acting on the advice of a special selection committee of the Kiewit Group.

The Gene H. Kruger Memorial Scholarship
These scholarships are the result of a generous donation by Joseph Kruger II in memory of his father, Gene H. Kruger. Valued at a portion of the income on the endowment, they will be awarded to two students in the Faculty of Engineering and Applied Science who were born and have lived in Newfoundland all of their life. Particular emphasis should be given to those who are studying Mechanical and Electrical Engineering as well as those studying information technologies. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and financial need on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Wallace Allison MacCallum Memorial Scholarship
This scholarship valued at the annual interest, was established by the MacCallum family in honour of their father, Wallace. It will be awarded to a third or fourth year Engineering student at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Engineering and Applied Science. Factors such as, interest in the humanities and international affairs, marine technology, contribution to his/her engineering class, and athletic involvement may also be taken into consideration.

The John Madvig Bursary
This bursary will be awarded annually to a student in the Faculty of Engineering and Applied Science who is studying in the Naval Architectural Engineering program at Memorial University of Newfoundland. The value of the bursary will be based on the annual interest earned on the initial endowment. It will be awarded to a Canadian citizen on the basis of academic standing and financial need. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean of Engineering and Applied Science.

The Effie and Leander Mercer Scholarship
The scholarship was established by Dr. Jean Mercer in honour of her parents, Effie and Leander Mercer. Valued at the annual interest on the endowment, an award will be made alternately to a third year student in Medicine, Engineering and Post-Secondary Education (formerly Vocational Education). In any given year, if no student is eligible in the designated faculty it may be awarded to a student in one of the other two faculties. The successful student must have done most of his/her studies as a mature student. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation of the respective Dean. Financial need must also be taken into account.

The Professor Bill Milne Memorial Scholarship
This scholarship is established in memory of Professor William (Bill) Milne, the founder of the program now known as Ocean and Naval Architectural Engineering. This scholarship, valued at a portion of the income from the endowment, is the result of contributions by Ruth Milne and Prof. Milne’s former students and colleagues. The scholarship recipients will be full-time undergraduate students enrolled in Term 4 of the Ocean and Naval Architectural Engineering program. Candidates must have maintained scholarship standing in Terms 1 to 3, and have demonstrated involvement in formal professional associations, such as the Society of Naval Architects and Marine Engineers. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean, Faculty of Engineering & Applied Science.

NACE International (Atlantic Canada Section) Prize
This prize has been established by the National Association of Corrosion Engineers and is valued initially at $500.00 annually. It will be awarded to an Electrical or Mechanical Engineering student in Academic Term 5 in the engineering program at Memorial University of Newfoundland. The successful candidate must have demonstrated excellence in Engineering 3911 - Chemistry and Physics of Engineering Materials I. In addition, preference will be given to students who have completed and excelled in at least one work term related to corrosion engineering or has carried out a laboratory experiment or has performed research in corrosion and/or corrosion mitigation. The prize will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Dean, Faculty of Engineering and Applied Science in consultation with the Atlantic Canada Section of NACE International. The successful candidate will be encouraged to join NACE International as a student member to encourage his or her interest in corrosion mitigation.

Nalcor Energy Women in Engineering Scholarship
The Nalcor Energy Women in Engineering Scholarship is endowed through a gift from Nalcor Energy. Valued at a portion of the income on the endowment and based on scholarship standing this scholarship will be awarded to a full-time undergraduate female student who graduated high school in Newfoundland and Labrador and is enrolled in the Engineering and Applied Science Program at the Academic Term 4 level. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon recommendation of the Dean, Faculty of Engineering and Applied Science.

The Newfoundland and Labrador Hydro Corporation Scholarships in Engineering and Applied Science
Five scholarships are offered annually by the Newfoundland and Labrador Hydro Corporation and are valued at $1,000.00 each. They are distributed as follows:

- two to students enrolled in the Fall semester of Engineering One based on previous scholastic achievement
- two to students enrolled in the Winter semester of Engineering One based on that term’s results
- one to a student enrolled in Term 8 based on the cumulative average in Engineering.

The Scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean of Engineering and Applied Science. Need may be considered. The awards will not be made to students who hold other concurrent scholarships of significant value.
The Newfoundland and Labrador Federation of Municipalities Civil Engineering Scholarship

This scholarship, the gift of the Newfoundland and Labrador Federation of Municipalities, is valued at $500.00. It will be awarded annually to a Civil Engineering student at Memorial University of Newfoundland. Financial need and other factors may also be taken into account. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Engineering and Applied Science.

The Newfoundland Design Associates Limited Scholarship in Engineering

This fund donated to Memorial University of Newfoundland via The Opportunity Fund by Newfoundland Design Associates Limited, will provide scholarships for a full time undergraduate student in academic Term 2 of the Engineering Program. The scholarship, valued at the annual interest on the initial endowment, is based on scholarship standing and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science.

The Newfoundland Road Builders/Heavy Civil Association Scholarship

This scholarship has been established by the Newfoundland and Labrador Road Builders/Heavy Civil Association and is valued at $1,000.00 annually. It will be awarded to a Civil Engineering student who has achieved scholarship standing and is in Term 6 of their program. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation from the Dean, Faculty of Engineering and Applied Science.

Professor Calvin Noble Memorial Award

The award, valued at $1,000.00, will be given annually to an undergraduate student in any year of the Faculty of Engineering and Applied Science. The recipient must be in clear academic standing and must have made a significant contribution to the Faculty of Engineering and/or campus life as a whole. It may be given to a student in their last year of studies. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Noranda Scholarship

This scholarship valued at the annual interest, has been established by the Noranda Foundation as part of the Opportunity Fund campaign. It will be awarded on an annually rotating basis between students in Earth Sciences and Engineering and Applied Science. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean/Department Head of the appropriate discipline.

The William O’Reilly Memorial Scholarship

This scholarship established in memory of William O’Reilly (Engineering Class ’78), has a value of $500.00, and is awarded annually to a student in Term 5 or Term 8 of the Engineering program. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on the recommendation of the Dean of Engineering and Applied Science in consultation with the Engineering class before arriving at their decision. If it is decided that two candidates are equally deserving of the award, then joint award winners may be selected. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the appropriate academic discipline.

Fritz Potter Memorial Award

This award has been established in memory of Fritz Potter (Civil Engineering Graduate, 1991) and is valued at $500.00. It will be awarded during the Winter semester and is intended for students enrolled in Term 8 of the Civil Engineering program. The criteria for selection will be on the basis of outstanding contribution to student life and outstanding scholarship. It will be administered by the Engineering Scholarship Committee which will accept recommendations from the Faculty of Engineering and Applied Science. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on a recommendation from the Dean of Engineering.

The Professional Engineers and Geoscientists Newfoundland and Labrador Engineering Scholarships

Two scholarships, the gifts of the Professional Engineers and Geoscientists Newfoundland and Labrador, are awarded annually to students entering the Engineering program. The awards are valued at $1,000.00 each and will not be awarded to candidates holding other scholarships of greater value. One of the scholarships will be awarded on the basis of scholastic achievement and financial need; the other primarily on the basis of scholastic achievement. These scholarships will be awarded by a committee of the Professional Engineers and Geoscientists Newfoundland and Labrador. Further information regarding application forms, etc., is available from the Dean of Engineering and Applied Science.

The Professional Engineers and Geoscientists Newfoundland and Labrador Past President's Engineering Scholarship

This scholarship, valued at a minimum of $1,000.00, was established by the Professional Engineers and Geoscientists Newfoundland and Labrador to mark the centennial year of Engineering as an organized profession in Canada. It is awarded annually on the basis of scholastic achievement to a student entering the Fall semester of Engineering One of the Engineering program at Memorial University of Newfoundland. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, in consultation with the Dean of Engineering and PEGNL.

The Charlie Riggs and Cathy MacDonald Riggs Memorial Award

This award has been established in memory of Charlie Riggs (Bachelor of Engineering- Mechanical, 1988) and Cathy Macdonald Riggs (Bachelor of Science – Psychology, 1984) by AMEC Earth & Environmental (a division of AMEC Americas Limited). The award will be awarded at a portion of the income on the endowment and will be awarded annually on a rotating basis between the Faculty of Engineering and Applied Science and the Department of Psychology. Recipients from Engineering can be enrolled in any year of the undergraduate program. Preference will be given to students involved in environmental organizations such as the Newfoundland Environmental Industry Association (NEIA) or environmental initiatives supported by the Professional Engineers and Geoscientists Newfoundland and Labrador (PEGNL). Recipients from Psychology must be undergraduate students majoring in Behavioural Neuroscience and beyond their second year of study. They may demonstrate an interest in the psychology or physiology of communication. They must meet the minimum academic requirements for an award as defined by the university. The award will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science and the Head of Psychology, Faculty of Science, respectively.
Rutter Engineering and Automation Inc. Scholarship in Engineering

This scholarship, valued at the annual interest on the endowment, will be awarded annually to a student in Term 4 of the Electrical Engineering program at Memorial University of Newfoundland. Candidates for this scholarship must be of scholarship standing but consideration may also be given to their financial circumstances. All candidates must be residents of Newfoundland and Labrador (a person who has maintained permanent residence in the province for a period of 12 months immediately prior to enrollment for the term of study). The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Sandwell Engineering Inc. Scholarship

This scholarship, valued at the annual interest on their initial endowment, was established by Sandwell Engineering Inc. and is awarded annually to a student in the Winter semester of Engineering One of the Bachelor of Engineering program at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Schlumberger Canada Limited Scholarships

These scholarships, 15 valued at $1,000.00 each annually are funded by Schlumberger Canada Limited and are available to the Faculty of Engineering and Applied Science. They will target students in the Bachelor of Engineering program with two scholarships being allocated to Engineering One, two for Term three through Engineering Seven, and three for Term eight. The scholarships will be awarded on the basis of scholarship standing and a cumulative average of 75% or higher, to residents of Newfoundland and Labrador (a person who has maintained permanent residence in the province for a minimum of twelve months immediately prior to entering academic term one of the program). Where possible the scholarships shall be divided proportionally between male and female students based on male and female enrollment and subject to compliance to the above criteria. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Shell Canada Engineering Scholarship

This fund, a gift to Memorial University of Newfoundland by Shell Canada via The Opportunity Fund campaign, will provide three scholarships valued at approximately $1,500.00 each annually. They will be awarded on the basis of scholarship standing to students in academic terms 5, 6, 7 or 8 of the Mechanical Engineering Program at Memorial University of Newfoundland. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Charlie Sheppard Memorial - Hatch Scholarship

The Charlie Sheppard Memorial - Hatch Scholarship, valued at a portion of the income on the endowment, has been established by Hatch, in memory of Charlie Sheppard. The scholarship will be awarded to two full-time undergraduate students in the Faculty of Engineering and Applied Science who are in the Winter semester of Engineering One and have scholarship standing. All other criteria being equal, preference will be given to a student from a rural community in Newfoundland and Labrador. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

Structural Design Inc. Scholarship in Engineering

This scholarship is the result of a commitment to The Opportunity Fund by Structural Design Inc. It will provide one scholarship of $500 to full-time students in Term 7 specializing in Structural Engineering. The scholarship, based on scholarship standing, will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science. In the case of a tie between two students, need may be a determining factor.

The Sun Life Financial Scholarship in Applications of Technology

The Sun Life Financial Scholarship in Applications of Technology is consistent with the company’s belief that education is key to the future well-being of individuals, business and society. The scholarship, valued at the annual interest on the endowment, will be designated on an annually rotating basis to a student on the Corner Brook campus and the St. John’s campus. It will be awarded to a student within the faculties of Science, Engineering and Applied Science and Business Administration who is focussing his/her studies on the application of technology and has demonstrated scholarship standing. In addition, the student will have actively participated in extra-curricular activities and have been active in student life. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the appropriate Dean and/or the Vice-President of Grenfell Campus.

The Sun Microsystems of Canada Scholarship

This fund, donated to Memorial University of Newfoundland via The Opportunity Fund by Sun Microsystems of Canada, will provide a scholarship for a full-time undergraduate student in Academic Term 5 of the Computer Engineering program. The scholarship, valued at the annual interest on the endowment, is based on scholarship standing and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science.

The David S. Templeton Scholarship

This scholarship is a gift of Newfoundland Power Inc. The exact value is reviewed on an annual basis and is currently set at $2,000.00. It is awarded annually to a student entering Term 4 who has completed all components of the program up to Term 4. Academic excellence is a major criterion but should be coupled with exemplary work term results. In addition, the candidate should have strong interpersonal and communications skills as well as good understanding of the needs and aspirations of their fellow citizens and a desire to use engineering as a vehicle to make our world a better place. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean, Faculty of Engineering and Applied Science in consultation with the President of the Company. No application is required.

The Charles O. Thomas Scholarship

This scholarship is a gift of The Thomas Fuller Construction Company (1958) Limited, in memory of Mr. Charles O. Thomas, who was supervisor of construction of the National Research Council Institute for Marine Dynamics on this campus, 1982-85. The value of the award will be based upon the interest accrued on the principal sum donated, up to the amount of $750.00. The award is made to the student in the Faculty of Engineering and Applied Science who obtains the highest overall average in Terms 3, 4, and 5 and who does not already hold a scholarship administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in that same academic year. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Dean of Engineering and Applied Science.

The Bob Thorburn Memorial Scholarship

This scholarship was initially established at Memorial University of Newfoundland during the Opportunity Fund through a gift from Quadract Inc., and recently fully endowed by Quadract Inc. This fund will provide a scholarship for a full-time undergraduate student in Academic Term 4 of the Engineering Program in either the Electrical and Computer or the Mechanical Engineering disciplines. The scholarship, valued at the annual interest on the endowment, is based on scholarship standing. Students demonstrating financial need may also be considered. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science.
Bursaries and Awards upon recommendation of the Dean, Faculty of Engineering and Applied Science.

**The Tiller Engineering Incorporated/CSCE Newfoundland and Labrador Section Scholarship**
The Tiller Engineering Incorporated/CSCE Newfoundland and Labrador Section Scholarship has been established as a result of the 25th anniversary of the Canadian Society for Civil Engineering's Newfoundland and Labrador Section. Tiller Engineering Inc. was founded in 2001 by Faculty of Engineering and Applied Science alumni Richard W. Tiller, M. Eng, P.Eng, P.E. – Class of 1988. The firm is renowned for its commitment to quality and solid record of excellence in the telecommunications, buildings, and energy industries throughout North America. Mr. Tiller is a long-time member of the CSCE and his engineering firm is also an Affiliate Corporate Member of the Society. Valued at $500, this scholarship is to be awarded annually to an undergraduate student in Term 3 of the Civil Engineering discipline. The recipient of this scholarship may be offered a work term at Tiller Engineering Incorporated. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon recommendation of the Dean, Faculty of Engineering and Applied Science.

**The Toromont Scholarship**
This scholarship, valued at the annual interest on the endowment, has been established by Toromont Industries Ltd. as part of the Opportunity Fund Campaign. It will be awarded on an annually rotating basis between students in Business Administration and Engineering and Applied Science. It will be awarded on the basis of scholarship standing, extracurricular activities, and need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean of the appropriate discipline.

**The Jacques Whitford Newfoundland Geoscience Scholarship**
This scholarship, valued at the annual interest on their endowment, has been established by Jacques Whitford Environment Limited and Newfoundland Geosciences Limited as a contribution to the Opportunity Fund Campaign. It will be awarded on an annually rotating basis to students in the Faculty of Engineering and Applied Science (particularly Civil Engineering), the Faculty of Science (particularly Biological Sciences) and Archaeology. Successful candidates are to be of scholarship standing and preferably show an interest in environmental issues. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean/Director/Department Head of the appropriate discipline.

**Women in Engineering Memorial Scholarship**
This scholarship has been established to commemorate the sudden and tragic deaths of fourteen women at L'École Polytechnique on December 6, 1989. Thirteen of the women who died so violently were pursuing studies in engineering, historically a non-traditional field for women. It is hoped this annual $2,500.00 scholarship will encourage more women to study and work in this profession, thereby increasing the contribution of women to engineering and scientific endeavours. Funding support is provided by the Faculty of Engineering & Applied Science, C-CORE, Memorial University of Newfoundland Alumni Association and individual contributions. This award is tenable at Memorial University of Newfoundland to female students regardless of age, who are entering the Faculty of Engineering and Applied Science. To be eligible, applicants must demonstrate a commitment to the advancement of women in engineering fields and an active involvement in wider issues of social concern to women, as well as sound scholastic ability. The committee may also consider applications from female students already enrolled in Engineering studies, provided they meet the eligibility criteria above. A special committee, consisting of representatives from the Faculty of Engineering and Applied Science, C-CORE, Memorial University of Newfoundland's Alumni Association, Women's Studies and Women in Engineering and Science meetings annually to consider applications for this scholarship. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on recommendation of the Dean/Director/Department Head of the appropriate discipline.

**The Howell Zygocki Scholarship for Women in Engineering**
This scholarship was established by Rhonda I. Zygocki in the name of her family. Rhonda graduated from Memorial University of Newfoundland in 1980 with a degree in Civil Engineering and was among the University's early female engineering graduates. This scholarship is valued at a portion of the income from the endowment and will be awarded annually. The recipient will be a second year female student in the Faculty of Engineering and Applied Science. Preference will be given to a student who has demonstrated financial need. The recipient must meet the minimum academic requirements for a scholarship as defined by the University. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon recommendation of the Dean of Engineering and Applied Science.

**4.6 Faculty of Medicine**
The following are available to students in the Faculty of Medicine based on a recommendation from the Dean.

**The Dr. Brian Gerard Adams Memorial Bursary Fund**
This bursary has been established by the friends and family of Dr. Brian Gerard Adams, in his memory. The bursary, valued at $500.00, is available by application on the completion of second year medical studies. The recipient must be in good academic standing and demonstrate financial need. The bursary is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of the Dean of Medicine's Advisory Committee on Awards, Bursaries and Scholarships.

**The Alcohol and Drug Dependency Commission Commemorative Awards**
These awards have been established to commemorate the Alcohol and Drug Dependency Commission (1982-1992). In an effort to promote the pursuit of addictions studies in various disciplines, it is hoped that recipients will pursue careers in addiction-related fields. Up to three awards, valued at $750.00 each, are available annually and open to students who have completed a major or published paper at the undergraduate or graduate level or are completing an Honours Dissertation on addictions issues. It will be awarded on a rotating basis to students in Pharmacy, Nursing, Medicine, and Social Work with a Faculty or School receiving only one award in any given year. These awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon recommendation of the Dean/Director/Head of the respective Faculty or School.

**Ampers Canada Memorial University Family Medicine Scholarship**
These scholarships, five annually, are established through a generous contribution by Ampers Canada Inc and valued at $1,000 each. Ampers Canada Inc established these scholarships to provide support for medical students who are planning a career in Family Medicine. To be eligible, candidates must be full-time medical students in their graduating year who have been accepted into the Faculty of Medicine Residency Program at Memorial University of Newfoundland. The Scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the basis of a recommendation from the Dean, Faculty of Medicine.

**The Dr. Andrew Bagby and Son Zachary Andrew Memorial Bursary**
This endowed bursary was initiated in memory of Dr. Andrew Bagby and his son Zachary by David and Kathleen Bagby, parents of Andrew. The recipient must have an engaging demeanor and must relate with ease to people at all levels, as was a unique characteristic of Dr. Bagby. The bursary will be awarded annually to the Memorial University of Newfoundland medical student who, in addition to demonstrated financial need, best demonstrates the qualities Andrew embodied: a positive, caring attitude, a sense of camaraderie, passion for life, supportive of others with a genuine concern for, and a desire to, impact positively on the lives of his/her classmates. To be eligible students must be in their third year of medical studies or beyond, and in good academic standing. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the basis of a...
recommendation from the Dean, Faculty of Medicine. The Office of Student Affairs, Medicine will assist the Dean in his or her choice of the appropriate candidate.

**The Erika Bartlett Memorial Bursary**

This bursary is the result of an endowment to the University funded by donations from family and friends of the Bartlett family, as well as students, staff and faculty members of the Faculty of Medicine. This bursary is valued at a portion of the annual accrued interest on the endowment and is available to a staff member and a medical student in alternate years. The Erika Bartlett Bursary is administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards and awarded on the basis of a recommendation from the Dean, Faculty of Medicine. Applications are available at the Office of Student Affairs, Faculty of Medicine.

**Selection Criteria Staff Member**

To be eligible a candidate must:

1. Complete the appropriate application form,
2. Be employed full-time with the Faculty of Medicine,
3. Use the bursary to fund study at the undergraduate level,
4. Submit a grade to the selection committee upon completion of the course.

**Selection Criteria Medical Student**

To be eligible a student must:

1. Be registered in the fourth year of medical studies.
2. Be matched to a postgraduate program in Oncology (Medicine/Surgery/Radiology). If a student is not matched to an Oncology program then the recipient will be chosen at the discretion of the selection committee.

**The Donald Cant Studentship**

The annual Donald Cant Studentship, valued at $750.00, is for researching and writing an original essay, suitable for publication, on some aspect of the History of Medicine. The studentship is open to any student enrolled in the M.D. program, Faculty of Medicine, Memorial University of Newfoundland. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the decision of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships on the basis of a proposal to be submitted by January 31 of each year.

**Central Regional Integrated Health Authority and Dr. J.F. Brown Bursary**

Each year an award is made available to students from the former Central West Board. The annual income shall be awarded as a bursary to a student of any year from the former Central West area who demonstrates the greatest need and who, in the opinion of the Dean, has achieved adequate academic performance. Should for any reason a bursary not be awarded, the entire amount is to be returned to the fund, and the award made the following year in the usual manner. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the decision of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships. Applications may be submitted in September of each year.

**Cooze Keinath Scholarship**

This scholarship, valued at $1,000.00 is established by Dr. Derek Cooze, a graduate of the Faculty of Medicine, Class of ’85 and his spouse, Dr. Kim Keinath. It will be awarded annually to a student in the Faculty of Medicine. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and the recommendation of the Dean, Faculty of Medicine.

**The Christopher & Donna Cox Scholarship**

This scholarship, established through a generous contribution by Dr. Donna Hardy Cox and Dr. Christopher Cox, is valued at $500 per annum. Drs. Donna Hardy Cox and Christopher Cox, both alumni of Memorial University of Newfoundland, have established this scholarship in gratitude for their well-rounded student life and academic experiences. To be eligible, candidates must be full-time undergraduate students. The scholarship will be awarded annually on a rotating basis between the School of Social Work and the Faculty of Medicine, beginning with the latter. In Medicine, the Scholarship will be awarded to a graduating M.D. student who has a strong academic record and who has expressed an interest in specializing in Oncology. In the School of Social Work it will be awarded to a graduating B.S.W. student who is in scholarship standing and who has made the greatest contribution to student and community leadership. The Scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on the recommendation of the Dean/Director of the appropriate discipline.

**The Dr. John M. Darte Memorial Fund (Medicine)**

This fund, in memory of the first Professor and Chairman of Pediatrics at Memorial University of Newfoundland's Faculty of Medicine (1968-75), has been established by Mrs. J.M. Darte and Mrs. France Darte McCabe. With the income from this fund, up to four awards will be made annually with a value of $650.00 each. To be considered for an award from this fund, a student must be in good academic standing but other factors, such as financial need, will be considered. The selection will be made in accordance with prevailing policies of the Faculty of Medicine and the University.

**The Walter Davis Award**

This award was established by the Newfoundland Lung Association to honour the work of Mr. Walter Davis in the field of chest diseases particularly, tuberculosis. The recipient will be the student in the Faculty of Medicine who achieves the best performance in the first year respirology course. It will be valued at $500.00 annually and awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean of Medicine's Advisory Committee on Awards, Bursaries and Scholarships.

**The Dr. Ralph John Day Award**

This award is available to a student in the pre-clerkship program who completes the best undergraduate project in bowel or liver cancer, including other metastatic disease. This award is a result of a donation from Mrs. Jean Day in memory of her late husband, Dr. Ralph John Day. The value of the award will be determined by the annual income derived from the initial endowment. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Medicine.

**The Hunter W. Earle Memorial Scholarships in Medicine**

These scholarships have been made possible from the proceeds of a memorial fund established by colleagues of the late Dr. Hunter W. Earle and a generous donation from Mrs. Marilyn Pasternak, widow of Dr. Earle. Two scholarships will be made available annually to students enrolled in the Faculty of Medicine at Memorial University of Newfoundland, who best exemplify the characteristics of leadership, sportsmanship and interest in student activities and who have maintained a good academic standard. The scholarships, valued at a portion of the annual income on the endowment, will be awarded to students who have completed the Clinical Clerkship and will be presented at the Annual Convocation Dinner in May. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.
The Isidor Epstein Memorial Scholarship

This scholarship is awarded out of income derived from a bequest to Memorial University of Newfoundland by the late Mrs. Bella Levkovitz. From this income a scholarship of not less than $700.00 is to be awarded as often as possible to an outstanding second, third, or fourth year student in the Faculty of Medicine. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Dean, Faculty of Medicine.

The Faculty of Medicine Opportunity Fund Scholarship

This scholarship is the result of an endowment created from several general donations to the Opportunity Fund by various alumni and friends of the University and in particular of the medical school. Valued at the annual interest on the endowment, it will be awarded annually to a medical student in the first year of study at Memorial University of Newfoundland on the basis of scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Medicine.

The Frank & Pat Fagan Family Scholarship for Academic Excellence and Community Leadership

This scholarship has been established through a generous donation by Frank and Pat Fagan. Frank, Pat and their two sons, Andrew and Richard are graduates of Memorial University of Newfoundland. Frank and Pat have spent their lives involved in community activities to enhance the lives of the people of the province of Newfoundland and Labrador. As a family, they believe strongly in the importance of education as well as community involvement. The Fagan family wants to express their gratitude for the quality of education they all attained at Memorial University of Newfoundland and the opportunities this has afforded them.

This prestigious scholarship will be awarded annually to an academically outstanding (top 10 in the class) student who has completed the Preclinical component of the M.D. program and who demonstrates a significant record of community leadership, prior to entry or during the medical program. Only residents of the province of Newfoundland and Labrador are eligible to apply. The scholarship will be paid out to the recipient in two installments, one after completion of second year and one during the third year of medical studies. The recipient will be known as the ‘Fagan Family Scholar’. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of the Dean, Faculty of Medicine, and based on an application to be submitted by January 31 of the second year of medical studies. The Office of Student Affairs, Medicine will receive applications and assist the Dean with the selection.

The Dr. Bruce A. Fraser Award for Clerkship Electives

This award is made possible by a bequest from the estate of Dr. Bruce A. Fraser who was a professor of Anatomy in the Faculty of Medicine at Memorial University of Newfoundland from 1979-1992. The award, valued at a portion of the income from the endowment, is available to two or three medical students doing Clerkship electives in the United Kingdom and/or Ireland. If no students are completing electives in the United Kingdom or Ireland in a given year, consideration will be given to providing the award for completion of other International electives. Deadline for submission of applications is June 30th in the given year. Selection will be made on the basis of scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Medicine.

The Dr. Henry Gault Memorial Scholarship

Friends and colleagues of the late Dr. Henry Gault have established this scholarship in his memory. Dr. Gault had an international reputation in nephrology research, and was instrumental in building a strong program of clinical and research nephrology at the General Hospital and the Faculty of Medicine. Valued at a portion of the income on the investment, one or more, scholarships will be awarded at the end of the fourth year of undergraduate medical studies to a student who has demonstrated both interest in clinical research and academic excellence within Internal Medicine. Applications are available from the Office of Student Affairs, Faculty of Medicine. Deadline for submission is January 31st. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

The Dr. Peter Grant Memorial Scholarship

This scholarship, valued at a portion of the income from the endowment, has been established through generous gifts from the classmates, friends and family of Dr. Peter Grant, Medicine class of 1994, to honor his enduring spirit. The scholarship will be awarded annually, based on scholarship standing and financial need, to a second year medical student who has contributed greatly to the class spirit. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries, and Awards, on the basis of a recommendation from the Dean, Faculty of Medicine. The Office of Student Affairs, Medicine will assist the Dean in his or her choice of an appropriate candidate.

The Dr. David G. Greenland Memorial Bursary in Family Medicine

This bursary, established through a generous contribution from Dr. David Greenland in memory of her late husband, Dr. David G. Greenland, is valued at $2,500 per annum. Dr. Greenland loved to mentor new doctors and was heavily involved in continuing medical education in Grand Falls, NL for many years prior to passing away in 2005. The bursary will be awarded to a full-time undergraduate student in the Faculty of Medicine with demonstrated financial need and in good academic standing. To be eligible, students must be in their third year of study or beyond and have demonstrated dedication to the practice of family medicine by indicating the intention to go into Family Medicine residency. Preference will be given to students from central Newfoundland as defined by the University. The bursary is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Medicine.

The Keith Griffiths Memorial Heart and Stroke Foundation Graduate Scholarship

This scholarship, established through a generous contribution by the Griffiths family, in partnership with the Heart and Stroke Foundation of Newfoundland and Labrador, is valued at $1000 per annum. The Griffiths family has established this scholarship in memory of their father, Keith Griffiths, a stroke survivor and dedicated volunteer. The scholarship will be awarded to a full-time graduate level student in the Faculty of Medicine, who is pursuing a research program in stroke or neurological issues related to stroke. Candidates must apply in writing, providing a statement of eligibility, as well as details of their area of research, and progress. The award will be made by the Dean of Graduate Studies on the recommendation of a committee including the Assistant Dean, Graduate Studies (Medicine) and the Graduate Program Coordinators (Medicine).

The Dr. Wulf Grobin Memorial Scholarship in Medicine

This scholarship has been established by Ida Parsons in memory of Dr. Grobin, a compassionate physician and humanitarian. Dr. Grobin was born in Latvia and studied in Switzerland, England and Scotland before moving to Newfoundland. He practised medicine in Brooklyn, Bonavista Bay from 1938-1943 and St. John’s from 1945-1958 when he moved with his family to Toronto. There he continued his medical career in the area of diabetes and the elderly. He had many varied interesting medical and personal experiences as an outdoor doctor, and developed a great warmth and affection for Newfoundland and Newfoundlander, which lasted until his death in March of 2001. Valued at the accrued interest on the initial endowment and based on academics and financial need, the scholarship will be awarded to an outstanding first year student at the end of their first year in the Faculty of Medicine. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.
The Dr. Abdalla M. Hanna Memorial Bursary in Medicine
Named in memory of Dr. Abdalla M. Hanna, a well known surgeon in St. John’s, this bursary is awarded to a student entering first year studies in the Faculty of Medicine who is a resident of Newfoundland and Labrador and who is in financial need. Valued at a portion of the income on the endowment, the bursary is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the basis of a recommendation from the Dean, Faculty of Medicine.

The Heart and Stroke Foundation Graduate Scholarship
This scholarship, established through a generous contribution by the Heart and Stroke Foundation of Newfoundland and Labrador, is valued at $1000 per annum. The scholarship will be awarded to a full-time graduate level student in the Faculty of Medicine, who is pursuing a research program related to heart health or heart disease. Candidates must apply in writing, providing a statement of their research, supported by a reference letter from the applicant’s supervisor verifying the area of research and progress to date. Consideration will also be given to the student’s course work, research and other related accomplishments. Applications shall be submitted to the Faculty of Medicine, Office of Research and Graduate Studies. The scholarship will be awarded by the Dean of Graduate Studies, on the recommendation of a committee including the Assistant Dean, Graduate Studies (Medicine) and the Graduate Program Coordinators (Medicine).

Donald and Elizabeth Hillman Prize in Pediatrics
This Prize is to be awarded to the most outstanding student in Pediatrics in the Clinical Clerkship Year (Third-Year Medical Studies). The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

The Dr. Laura Hiscock Memorial Bursary
This bursary, valued at a portion of the income from the endowment, has been established through generous gifts from the classmaties, friends and family of Dr. Laura Hiscock, Medicine class of 1992, in memory of Laura’s life and to honour her enduring spirit. Laura was passionate about life and had an outstanding ability to maintain balance between work and leisure. She was devoted to family and enjoyed helping and encouraging others; she supported other people and enjoyed celebrating their accomplishments, it seemed, as much as the next person. She excelled at sports but was a believer that doing your best was what really mattered. The bursary will be awarded annually to the Memorial University of Newfoundland medical student who, in addition to demonstrated financial need, best demonstrates the qualities Laura embodied: passion for life, devotion to family, work-life balance, selflessness, support of others, and good sportsmanship. To be eligible students must be in their third year of medical studies or beyond. This bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the basis of a recommendation from the Dean, Faculty of Medicine. The Office of Student Affairs, Medicine will assist the Dean in his or her choice of an appropriate candidate.

The Mary Honeygold Scholarship/Bursary
Established in memory of Mary Honeygold by her family, this scholarship/bursary is to be awarded to a student enrolled in the Faculty of Medicine, Memorial University of Newfoundland, on the basis of academic merit and need. Preference will be given to a student who has stated and/or demonstrated an interest in practising medicine in rural Newfoundland upon graduation. The award is to be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the advice of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

The Marie T. Kennedy Bursary
In her will, Ms. Marie Theresa Kennedy left a bequest to Memorial University of Newfoundland to allow one or more bursaries of at least $5,000.00 to be awarded annually. To be considered, a candidate must be a full-time undergraduate student, in any year of study, majoring in Science or Medicine - it will be awarded on a rotating basis. Students receiving scholarships or bursaries from other individuals or institutions, for the same scholarship year, will not be eligible. The bursary will be awarded on the basis of need and academic effort by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the appropriate Dean.

The Dr. Kevin Keough Medical Entrance Scholarship
This scholarship, valued at a portion of the income on the endowment, has been established through a generous donation by Dr. Ming Jarm Lau, MUNMed Class of 1982. The scholarship is named after Dr. Kevin Keough who was the supervisor of Dr. Ming Jarm Lau for his Master’s Thesis in Biochemistry (1978). Dr. Kevin Keough should be remembered as a Professor who believes in bringing out the best in his students and mentees. He has done this by his own example of forever challenging himself and by taking his mentees’ best interests to heart. This prestigious entrance scholarship will be awarded annually to an academically outstanding (minimum scholarship standing) student upon entry to first year studies in the Faculty of Medicine. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on the recommendation of the Dean, Faculty of Medicine.

The Dr. J.H. King Memorial Scholarship in Medicine
This scholarship, valued at $500.00, has been donated to the University by Mrs. Gertrude King, widow of Dr. J.H. King, Specialist in Ophthalmology, who passed away in 1978. The scholarship is open to students in second year or third year of Medicine at Memorial University of Newfoundland who demonstrate the most promise. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the advice of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

The Nichole Michelle Lane Cancer Research Scholarship
This scholarship is provided through the generosity of the Candlelighters Association of Newfoundland and Labrador in memory of Nichole Michelle Lane. It is awarded annually to a second-year medical student enrolled at Memorial University of Newfoundland who has undertaken the most outstanding summer research project in the area of cancer and particularly in the area of pediatric cancer. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the decision of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

The Dr. Janice E. Lessard Scholarship in Geriatric Medicine
This Scholarship is awarded annually from income derived from an endowment donated by Dr. Janice E. Lessard, an alumna of Memorial University of Newfoundland, Faculty of Medicine and a practising Gerontologist, Toronto. It is to be awarded annually to a student who has completed third year of medical studies. The student will have demonstrated a desire to improve the functional and social well-being of the frail and elderly.

This award, in the amount of $1,000.00, will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the decision of the Dean of Medicine’s Advisory Committee on Scholarships, Awards and Bursaries.

The Medical School Essay Undergraduate Award
The Medical School Essay Award is supported by the K.B. Roberts Scholarship Fund, which was established in appreciation of the contribution made to the Faculty of Medicine by Dr. Kenneth Roberts. The award, valued at a portion of the income on the endowment, will be awarded annually to any undergraduate medical student registered full-time in the current academic year following a competition in the form of an essay or short monograph pertaining to any aspect of medicine or the medical sciences. The essay, not exceeding 5,000 words, should include an interpretative element that indicates the importance and relevance to Medicine, Health and Society.
Should there be two essays of very high caliber but one is obviously the better provision may be made for an honourable mention award of lesser value. Submission deadline is April 30, in any given year, to the Office of Student Affairs HSC Room 2713. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean’s Advisory Committee on Awards, Bursaries and Scholarships. Awards are also available to postgraduate and graduate students in the Faculty of Medicine.

The Medical Practice Associates Scholarship for Academic Achievement
Medical Practice Associates, the business association of all full-time clinical faculty members in the Faculty of Medicine, offers three postgraduate scholarshipships annually. These scholarships are valued at $1,500.00 in Medicine Year 1 and Year 2 and $2,000.00 in Medicine Year 4. They are awarded to the student earning the highest overall grades in each of the 1st, 2nd, and 4th years of undergraduate medical studies. The Medicine Year 4 scholarship will be awarded to the recipient of the University Medal for Academic Excellence in Medicine. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

The Effie and Leander Mercer Scholarship
The scholarship was established by Dr. Jean Mercer in honour of her parents, Effie and Leander Mercer. Valued at the annual interest on the endowment, an award will be made alternately to a third year student in Medicine, Engineering and Post-Secondary Education (formal education). In any given year, if a student is eligible in the designated faculty it may be awarded to a student in one of the other two faculties. The successful student must have done most of his/her studies as a mature student. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation of the respective Dean. Financial need must also be taken into account.

The Gordon Mercer Rural Medicine Bursary
Named for the Founding Officer for Student Affairs in the Faculty of Medicine (1972), this bursary is awarded to a student entering first year studies in the Faculty of Medicine who is from a rural community (as defined by the university) in Newfoundland and Labrador and who is in financial need. The bursary is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the basis of a recommendation from the Dean, Faculty of Medicine.

The John M. and Elsa S. Morgan Scholarships
These scholarships have been bequeathed to the University by the late Dr. John M. Morgan, B.Sc., M.D., and have been named to commemorate Dr. Morgan and his wife Elsa. Up to twenty-five scholarships will be made available annually to undergraduate students who have completed at least one year of studies at Memorial University of Newfoundland within the areas specified below and who will be continuing in these programs. The scholarships, valued at a minimum of $1,000.00 each, will be disbursed as follows:

- up to five to the Faculty of Medicine
- up to four to the School of Nursing
- up to four to the Faculty of Education
- up to four to the Department of Philosophy
- up to four to the Department of Anthropology
- up to two to the Department of Religious Studies (with preference to students of comparative religions)
- up to two to students in Newfoundland Studies

The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the appropriate Dean/Director/Department Head. Preference will be given, where possible, to students from the Port-de-Grave District.

The Dr. Charles Nardini Memorial Award
This award was initiated by the Class of 1986 in memory of a classmate who was tragically killed in a skidoo accident in the Spring of 1986. Valued at approximately $500.00 annually, it will be given to a fourth year medical student who has scholarship standing. He/she should be selected by his/her classmates and judged as follows: The student who best exemplified the characteristics of leadership, friendliness, good humour, care and concern for fellow students and patients.

Selection will take place after completion of fourth year. The student will be nominated by classmates and recommended on the basis of a majority vote. Preference, when possible will be given to students from Labrador. The recommendation must be submitted to the Dean’s Advisory Committee on Awards, Bursaries and Scholarships, Faculty of Medicine. It will then be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Dean, Faculty of Medicine.

The Dr. Francis L. O’Dea Scholarship
This scholarship is established to commemorate the memory and work of Dr. Francis L. O’Dea in the field of Obstetrics and Gynecology, and is valued at a portion of the income on the investment. It is awarded annually to a third-year student in the Faculty of Medicine at Memorial University of Newfoundland, whose special interest lies in the area of Obstetrics and Gynecology. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Dean of Medicine and a Faculty Selection Committee.

Mary E. Pedersen, M.D. Scholarship in Medicine
This scholarship is made possible by a generous donation from Mary E. Pedersen, B.Sc., B.Med.Sc, M.D., CCFP, ABFP, FAAF. Five scholarships, valued at $1,000.00 each, will be awarded annually, based on scholarship standing, to second year undergraduate medical students at Memorial University of Newfoundland. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine’s Advisory Committee on Scholarships, Awards and Bursaries.

The Pathology Prize
This prize is awarded by the Pathology Department to the second-year student in the Faculty of Medicine whose performance in the General and Systems Pathology courses is considered by the members of the Discipline of Pathology to be most distinguished. The prize was established in 1984 by the members of the Discipline in recognition of the distinguished contributions by Dr. S.N. Huang, a previous Chairman of the Discipline, to Pathology and to medical education at Memorial University of Newfoundland. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

The William and Frances Pound Scholarship
This scholarship is the result of a donation to the Opportunity Fund by Alumnus, Dr. Bernard Kai Fai So of Hong Kong. It is in recognition of the kindness and generosity shown to Dr. So by Mr. And Mrs. Pound during his years as a student at Memorial University of Newfoundland. Valued at the annual interest on the endowment, it will be awarded annually to a medical student at Memorial University of Newfoundland on the basis of scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Medicine.
The Dr. Calvin N. Powell Bursary in Medicine
This bursary, which was established by Dr. Powell, is valued at $1,000.00. It will be awarded annually to a student entering the third or fourth year of medical studies at Memorial University of Newfoundland on the basis of scholarship standing and demonstrated financial need. The recipient will hold no other concurrent award. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Awards, Bursaries, and Scholarships.

The Harry Roberts Prize in Pharmacology
In recognition of the contribution made to the community and to the medical profession by Dr. H.D. Roberts, Elizabeth Drugs Limited offers an annual prize of $200.00 to the medical student who has shown academic excellence in the field of Pharmacology. The prize will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Medicine's Advisory Committee on Awards, Bursaries, and Scholarships.

The Dr. J.B. Roberts Memorial Scholarship
Friends and colleagues of the late Dr. J.B. Roberts have established this scholarship in his memory. It will be awarded annually to a medical student for the most outstanding performance in second year clinical skills. The value of this scholarship will be determined by the annual income derived from the initial endowment. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the decision of the Dean of Medicine's Advisory Committee on Awards, Bursaries, and Scholarships.

The Ryan Scholarship
This scholarship, established by Helen Ryan in memory of family members, Mary B.H., Thomas Sr., Thomas Jr. and Mary, is valued at a portion of the accrued interest on an endowment. Based on scholarship standing and financial need it will be awarded annually to a student in the Faculty of Medicine. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Faculty of Medicine.

The Morris and Graham Wilansky Memorial Award
This award has been established through a generous donation by family and friends of Morris and Graham Wilansky, in their memory. The scholarship will be awarded annually to the second-year medical student who has achieved highest academic excellence in the Neurosciences course. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Dean, Faculty of Medicine.

4.7 Faculty of Science
The following are available to Faculty of Science students based on a recommendation from the Dean, Faculty of Science or the appropriate Director or Department Head.

The Dr. H.J. Anderson Departmental Awards in Chemistry
Four awards have been established through the Department of Chemistry to honour retired Faculty member and Professor Emeritus, Dr. H.J. Anderson. The recipients of these awards will have demonstrated academic excellence in Chemistry courses: Best Marks in Chemistry 2400 and 2401, Best Third Year Performance by a Chemistry Major, Second Best Third Year Performance by a Chemistry Major, and Best Fourth Year Performance by a Chemistry Major (not receiving a convocation award). These awards will be presented in May and June of each year based on the most recent year's academic performance. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Chemistry.

The Hugh J. Anderson Chemistry Scholarship
This scholarship is valued at $5,000, and is provided via a contribution to Memorial University of Newfoundland by Mr. Darryl Fry. It will be awarded on the basis of scholarship standing to residents of Newfoundland and Labrador who have completed first year chemistry at Memorial University of Newfoundland and are declared majors in Chemistry. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Head, Department of Chemistry.

The Dr. Cater W. Andrews Scholarship
This scholarship, valued at a minimum of $1,000.00, the gift of former students and colleagues of the late Dr. C.W. Andrews, is awarded to a Memorial University of Newfoundland student graduating with a B.Sc. in Biology who plans to pursue graduate work at Memorial University of Newfoundland in marine and/or freshwater biology. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head of the Biology Department. In making the selection, exceptional industry and interest in the field, together with scholarship standing, will be the main criteria taken into account.

The Astrazeneca Undergraduate Scholarship
This scholarship, valued at $4,000.00 annually, has been established by AstraZeneca Canada Inc. It will be awarded to Bachelor of Science students in their final year of the Honours program. It will be awarded on an annually rotating basis between Biology, Biochemistry and Chemistry respectively. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head of the appropriate department.

The Atlantic Canada Marine Biodiversity Essay Contest Tuition Scholarship
Memorial University of Newfoundland is a participant in the Atlantic Canada Marine Biodiversity Essay Contest which is operated by the Centre for Marine Biodiversity. This contest is open to Grade 12 students from across Atlantic Canada. The first prize winner receives a waiver of tuition fees for two semesters if he or she attends Memorial University of Newfoundland. The two runners up receive partial waiver of tuition fees if they attend Memorial University of Newfoundland. Students are notified of their status in the Essay Contest by the Centre for Marine Biodiversity and the successful candidates are informed of their tuition scholarship by the university, after the Centre for Marine Biodiversity informs the university of the contest winners. Further information can be found on the web site of the Centre at www.marinebiodiversity.ca. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Dean, Faculty of Science.

The Atreyahariitha Scholarship in Mathematics
This scholarship is the result of a generous donation by Dr. K.R. and Nandinin Kothandaraman. Valued at $1000 annually, it will be awarded on the basis of scholarship standing to a full-time student, either a senior level undergraduate or a graduate student in Mathematics and/or Statistics. In the case of an undergraduate student, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Mathematics and Statistics. In the case of a graduate student, it will be awarded by the Dean, School of Graduate Studies, also upon recommendation of the head, Department of Mathematics and Statistics.

The Au Family Scholarship in Biochemistry
This scholarship is valued at the interest accruing annually on an endowment given to Memorial University of Newfoundland by the Au family. It is open to students entering their first year of study in the Biochemistry program who, during their studies, combined a record of high academic achievement and scholarship standing with active involvement in extracurricular activities within the University, including athletic prowess at the varsity level. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries.
and Awards on the recommendation of the Head, Department of Biochemistry.

Donald and Evelyn Barton Chemistry Scholarship
This scholarship is the result of an endowment to Memorial University of Newfoundland in memory of Dr. Donald Barton who was a faculty member with the Department of Chemistry from 1962 to 1992. This scholarship, valued at a portion of the annual income, will be awarded to a student majoring in Chemistry who is beyond their first year of study and who has demonstrated scholarship standing. It will be awarded by the Senate committee on Undergraduate Scholarships, Bursaries and Awards, upon the recommendation of the Head, Department of Chemistry in consultation with the Chemistry Department Scholarships Committee.

The Bennett/Khan Bursary in Biology
This bursary is made possible through a fund established by an anonymous donor in honour of Dr. Gordon Bennett and Rasul Khan. Valued at the interest on the initial endowment, it will be awarded annually to a full-time student beyond second year who is majoring in Biology with particular reference to parasitology or another branch of invertebrate zoology. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Biology.

The E.A. Bishop (1889-1953) Memorial Scholarship
This scholarship, established to honour the memory of E.A. Bishop, a teacher in Newfoundland and Labrador, is the result of a generous donation to Memorial University of Newfoundland by his son, John. Interest on the fund will provide a scholarship to full-time undergraduate students after completion of their first year at Memorial University of Newfoundland who are dependants of teachers in the public school system of Newfoundland and Labrador. Applicants must be students in the Faculties of Arts or Science and be of scholarship standing. The scholarship is valued at approximately two semesters tuition for five courses. If, in any year, there is no eligible candidate, the scholarship will not be awarded; however, a student may be awarded the scholarship more than once. It will be awarded on the basis of a special application which may be obtained from the Scholarships, Bursaries and Awards office, room 4018, University Centre, telephone (709) 864-3956.

W.J. Blundon Scholarship
The W.J. Blundon Scholarship, in memory of Professor W.J. Blundon, Head of the Department of Mathematics and Statistics from 1948 to 1976, will be awarded on the basis of academic excellence to students majoring in Mathematics and/or Statistics. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head of the Department of Mathematics and Statistics.

BP Canada Energy Company Scholarships in Earth Sciences
These Scholarships, the gift of BP Canada Energy Company, are valued at $2,500.00 each annually and are awarded to two students in the Earth Sciences program at Memorial University of Newfoundland. One scholarship will be awarded to a student in Geology and one to a student in Geophysics. Normally students must be registered full-time in the semester for which these scholarships are granted; however, in the case of a student who has met all academic requirements for their Honours degree, except the Honours dissertation, part-time registration will be accepted. Candidates must have demonstrated high academic achievement, and expressed an interest in oil and gas exploration and development through their choice of courses and/or dissertation subjects. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head, Department of Earth Sciences.

The Dr. S. W. Breckon Scholarship in Physics
This scholarship, valued at $1000.00, is the gift of former students and colleagues of Dr. Breckon and is awarded to the full-time honours Physics student who has the best overall academic performance upon completion of the third or fourth year honours Physics program and subsequent enrollment in the following year.

The Murray H. Brooker Scholarship for Excellence in Chemistry
The scholarship is valued at the annual interest on an endowment established in memory of Dr. Murray H. Brooker who was a professor in the Department of Chemistry when he passed away in 2000. It will be awarded to a student who is beyond first year at Memorial University of Newfoundland, who is a declared major in Chemistry and who has been accepted to work in a Chemistry Laboratory for the current/upcoming summer. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head, Department of Chemistry.

The Dr. Werner D. Bruckner Scholarship
This scholarship, valued at $500.00, honours the memory of Werner D. Bruckner, Head of the Department of Geology at this University from 1962 to 1976. J. P. Howley Reitbus, Professor Emeritus, 1978. It is awarded annually to an undergraduate student majoring in Earth Sciences. The award will be based upon scholarship standing but, in recognition of other concerns held as particularly important by Dr. Bruckner, financial need and qualities of character will also be considered. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences.

The Bruton Scholarship Fund
Dr. F.A. Bruton, friend and colleague of J.L. Paton, taught Nature Study to teachers in three successive Memorial University College summer schools, from 1926-28, at Paton’s request. At his death in 1930, Dr. Bruton made a bequest to the College from which two Bruton Scholarships are awarded. These scholarships, valued at $500.00 each, are awarded annually to students who have demonstrated an interest in Plant Biology. One award will be available to a student majoring in Biology whose special interest is in the field of Plant Biology. The second award will be available to an Education student whose main area of interest is in the teaching of science, in particular, plant biology. In the absence of a suitable candidate from the one department, two awards may be made by the other department in accordance with the above conditions. Academic ability and financial need will be taken into consideration in making these awards. They will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the advice of the department concerned.

Buchans Scholarship Fund of ASARCO Incorporated
ASARCO Incorporated has established a scholarship fund, the annual interest on which will provide for students enrolled in the Department of Earth Sciences, Memorial University of Newfoundland, either a scholarship for post-graduate study and research, valued at $5000.00; or two scholarships for undergraduate study, valued at $500.00 each. The latter scholarships will be available only when no suitable candidate can be found for the former. In order to qualify for these awards, students must be native-born Newfoundlanders or graduates of Newfoundland high schools. In the case of the graduate scholarship, the award will be made by the Dean of Graduate Studies on the recommendation of the Head, Department of Earth Sciences; in the case of the undergraduate scholarships, by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences. Should no candidates be available in any year, the awards may be held over.

The Canadian Institute of Mining, Metallurgy and Petroleum (Newfoundland Branch) Silver Jubilee Scholarship
This $1,500.00 annual award is available to students in the final or penultimate year in Earth Sciences at Memorial University of
Newfoundland. Scholastic achievement is the principal requirement governing the award but economic need and character may be taken into account. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Head of the Department of Earth Sciences.

The Canadian Society for Chemistry 1996 Conference and Exhibition Scholarship
This scholarship, valued at the annual interest on the initial endowment, was established in recognition of the efforts of the Organizing Committee and the over 100 volunteers for the 1996 Canadian Society of Chemistry Conference which was hosted by Memorial University of Newfoundland. This scholarship will be awarded annually to a student in Chemistry based on the results of the National CIC Chemistry examinations or its successors. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Chemistry.

The Chevron Canada Resources Scholarship in Geology and Geophysics
This scholarship, valued at a portion of the annual income on an endowment created at Memorial University of Newfoundland by Chevron Canada Resources, will be awarded annually to an undergraduate 3rd or 4th year student studying Geology or Geophysics in the Department of Earth Sciences. It will be awarded on the basis of scholastic standing and financial need to a student who graduated from a high school in Newfoundland and Labrador. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences.

The Churchill Falls (Labrador) Corporation Limited Science Scholarship
These scholarships valued at approximately $2,500.00 each annually, are the result of an endowment to The Opportunity Fund by the Churchill Falls (Labrador) Corporation Limited. They will be awarded to second year students or beyond entering the Faculty of Science. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Science. All else being equal, preference will be given to students from Labrador.

The Computing and Communications Scholarship
This scholarship has been established by the Department of Computing and Communications (C&C) at Memorial University in support of the dependants of its staff members. To be eligible the recipient must have scholarship standing, be a full-time undergraduate student and be a dependant of a current, retired, deceased, or former (having worked in the unit for a minimum of 5 years) employee of C&C or be a current student employee of the Department. One or more scholarships may be awarded in any given year. In the absence of a candidate meeting the above criteria, the scholarship will be awarded to a student beyond first year majoring in Computer Science in the Faculty of Science or a student in the Faculty of Business Administration. A special application will be required and may be obtained from the Scholarships, Bursaries and Awards Office, Room 4018, University Centre, or by telephone to (709) 864-3956. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Captain James Cook Memorial Scholarship
A fund was established in 1979 by members of the Department of Geography to honour the memory of Captain James Cook (1728-79), explorer, navigator and cartographer, whose years of painstaking mapping of the coasts of Newfoundland and Labrador laid the basis for a comprehensive and scientific knowledge of the geography of the province. One or more scholarships, valued at not less than $500.00, will be awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Department of Geography to a student or students demonstrating particular merit in Geography.

The Dr. Douglas L. Cooper Memorial Scholarship
This scholarship fund has been established in honour of Dr. Cooper who was the first department head of Chemistry at Memorial University of Newfoundland. The fund will provide several scholarships valued at a minimum of $1,500.00 each annually. They will be awarded to Chemistry students entering their third year of a Bachelor of Chemistry program (General or Honours). If there are not enough eligible third year students in a given year, it will be open to those in their fourth year. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head, Department of Chemistry.

The Ernst R. Deutsch Memorial Scholarship in Geophysics
This scholarship is named in honour of Dr. Deutsch, a long-time faculty member at Memorial University of Newfoundland who passed away in 2000. Valued at a portion of the income on the investment the scholarship will be awarded annually to a senior undergraduate student in the Faculty of Earth Sciences (or its successor body) whose concentration is Geophysics. If there is no qualified undergraduate student, the scholarship will be awarded to a full-time graduate student in Earth Sciences who has received an undergraduate degree from Memorial University of Newfoundland and whose area of concentration is Geophysics. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head, Department of Earth Sciences in the case of an undergraduate student; in the case of a Graduate Student it will be awarded by the Dean of Graduate Studies on the recommendation of the Head, Department of Earth Sciences.

The Faculty of Science Opportunity Fund Scholarship
This scholarship is the result of an endowment created from several general donations to the Opportunity Fund by various alumni and friends of the University and in particular of the Faculty of Science. Valued at the annual interest on the endowment, it will be awarded annually to a student beyond first year in the Faculty of Science at Memorial University of Newfoundland on the basis of scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Science.

Dr. L.A.W. Feltham Scholarship
This scholarship began with fundraising within the Biochemistry Department during the 1996 Opportunity Fund Campaign. It is named for Dr. Feltham, the founding head of the department. The interest on the endowment will provide a scholarship for a student in the B.Sc. Program in Biochemistry. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards to a student beyond second year on the basis of academic standing and a recommendation from the Head, Department of Biochemistry.

Daniel Freeman Memorial Scholarship
This scholarship was established with the contributions of many family members, friends, and fellow students in memory of Danny Freeman, a former Engineering student at Memorial University of Newfoundland. The scholarship, valued at a portion of the accrued interest, will be awarded annually, on a rotating basis, to students enrolled in either Engineering or Mathematics. Preference will be given to candidates with disabilities with consideration given to quality of character and overall perseverance. If a successful candidate is not recommended by the discipline on rotation in a given year an eligible student from the other discipline may be awarded the scholarship for that year. If no candidates are available from the first group any student enrolled in either Engineering or Mathematics (discipline to be determined by the rotation schedule in a given year) will be considered. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering or the Head, Department of Mathematics and Statistics.
The Dr. Patricia Giovannetti Memorial Bursary
The Newfoundland and Labrador College of Dietitians sponsors this Bursary of $600.00 awarded annually to a student completing the second year of the Dietetics program in the Department of Biochemistry at Memorial University of Newfoundland and who is attending Acadia University the following year. The scholarship will be awarded on the basis of scholastic standing and financial need, to a student who is not enrolled in a dietetic internship program upon graduation. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head of the Biochemistry Department.

The Samuel, Millicent and Thomas Grandy Memorial Scholarship
This scholarship, established in 1998 by the Grandy Family to honour the memory of their parents, will be valued at a portion of the annual accrued interest on the initial endowment. It will be awarded on the basis of scholarship standing and demonstrated aptitude and potential in the science of computing to an undergraduate student beyond first year in full time study of the Computer Science program (declared major for B.Sc.) at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Computer Science.

Greystone Managed Investments Scholarship
This scholarship, valued at a portion of the income on the investment, is made possible by a generous contribution from Greystone Managed Investments. This scholarship will be awarded, to an undergraduate student beyond first year, on a rotating basis between the Faculty of Science and the Faculty of Arts. Based on financial need and academic standing, it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the Faculty on rotation.

The Douglas and Beatrice Hall Biochemistry Bursary
This bursary was established by the employees in the Department of Biochemistry in memory of two dedicated past members of the Department. Valued at a portion of the income on the endowment, it will be awarded annually to a student who is enrolled in the third year (that is, normally enrolled in majors’ courses at the 3000 level) of any Biochemistry undergraduate degree program in the Faculty of Science. The recipient must meet the minimum academic and financial requirements for a bursary as defined by the university and not be in receipt of any other scholarships or bursaries. The Bursary will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean, Department of Biochemistry.

General Rick Hillier Scholarship in Science and Leadership
This scholarship, valued at a portion of the income on the investment, was established through donations and the proceeds of the inaugural Halifax Affinity Dinner, at which General Rick Hillier gave the keynote address. The scholarship is intended to recognize one of Memorial University of Newfoundland’s most celebrated alumni. General Hillier is one of Canada’s most respected and successful military leaders in generations; a leader who has had a profound impact on Canada’s men and women in the military, and an advocate for peace internationally. Upon his retirement in October of 2008, General Hillier took on the position of Chancellor of Memorial University of Newfoundland. To be eligible for this scholarship students must be enrolled full-time in any undergraduate program in the Faculty of Science. Preference will be given to students who demonstrate leadership in their activities, either on or off-campus, and students who have graduated from a high school in rural Newfoundland and Labrador. When possible, preference will also be given to students who are members of military families, or who are past or present members of the military. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarship, Bursaries and Awards based on recommendation of the Dean, Faculty of Science.

The Marie T. Kennedy Bursary
In her will, Ms. Marie Theresa Kennedy left a bequest to Memorial University of Newfoundland to allow one or more bursaries of at least $5,000.00 to be awarded annually. To be considered, a candidate must be a full-time undergraduate student, in any year of study, majoring in Science or Medicine - it will be awarded on a rotating basis. Students receiving scholarships or bursaries from other individuals or institutions, for the same scholarship year, will not be eligible. The bursary will be awarded on the basis of need and academic merit by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the appropriate Dean.

The Dr. B.K. Kim Scholarship in Statistics
This scholarship will be awarded annually to an undergraduate student whose major subject of study is Statistics. The award honours the memory of the late Dr. B.K. Kim who taught in the Department of Mathematics and Statistics from 1976-84. The scholarship, with a value of at least $500.00, will normally be based on academic achievement in third year and/or fourth year courses and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Mathematics and Statistics.

The John Kingston Memorial Scholarship
This scholarship, valued at $600.00, was established in memory of John F. Kingston, a former member of the faculty of the Department of Chemistry at Memorial University of Newfoundland. It will be awarded annually to a student majoring in Chemistry, who has completed at least 18 credit hours in Chemistry courses, on the basis of academic merit and financial need. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Chemistry.

The Dr. Chu-in Charles Lee Scholarship
This scholarship is established through generous contributions by family, friends, students, professors and the academic community in memory of Dr. Chu-in Charles Lee, who served as Deputy Head of the Department of Mathematics and Statistics for many years. Valued at a portion of the income on the endowment, the scholarship will be awarded on the basis of scholarship standing to senior full-time undergraduate students in their senior year, majoring in Mathematics and/or Statistics. To be considered, candidates must take a minimum of four (4) senior Mathematics and /or Statistics courses in a given year with preference given to the student who achieves the highest average on these courses. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Head of the Department of Mathematics and Statistics.

The Julius and Bella Levkovitz Memorial Scholarship
This scholarship is awarded out of income derived from a bequest to Memorial University of Newfoundland by the late Mrs. Bella Levkovitz. From this income a scholarship of not less than $700.00 is to be awarded as often as possible to an outstanding student in second, third or fourth year, or graduate studies in Pure or Applied Science at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Dean, Faculty of Science.

The LGL Limited Scholarship in Marine Science
This scholarship, valued at $3,000.00, was established by LGL Limited. It will be awarded annually to a student in the Faculty of Science who is following a program of studies related to Marine Science. The successful candidate will be either a four year undergraduate student doing an honours program or a graduate student. Wherever possible, preference will be given to a student from a fishing family, but other students will be considered. In the case of undergraduate students the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing. In the case of graduate students the scholarship will be awarded by the Dean, School of Graduate Studies. In both cases it will be based upon a recommendation from the
Scholarships, Bursaries and Awards 2011-2012

Dean, Faculty of Science.

The Hugh Lilly Memorial Scholarship
This scholarship, presently valued at a minimum of $3000.00 per annum, will be awarded to the most promising graduate in the Geosciences at Memorial University of Newfoundland who is continuing studies at the post-graduate level, here or elsewhere. The award honours the memory of the late Hugh Lilly, an instructor in the Earth Sciences Department. Selection of the winning candidate will rest with the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in consultation with the Earth Sciences Department.

The Hugh Lilly Undergraduate Scholarship
This scholarship, valued at $300.00 per annum, will be awarded to an undergraduate student entering the third year of studies in a Geology major program. The award honours the memory of the late Hugh Lilly, an instructor in the Earth Sciences Department. In making the award, academic achievement, character and financial need may be taken into consideration. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Earth Sciences Department.

The Loughney-Brosnan Scholarship in Biochemistry
This scholarship is valued at the interest accruing on an endowment given to Memorial University of Newfoundland by the Loughney family. It is open to an undergraduate student studying the honours program in Biochemistry at Memorial University of Newfoundland and will be awarded on the basis of scholarship standing. Preference will be given to a student entering the final year of the Biochemistry (Honours) Program. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Biochemistry.

The William Kenneth MacLeod Scholarship
This scholarship is the result of a donation to Memorial University of Newfoundland in 2002, in memory of Mr. MacLeod. Mr. MacLeod was a recipient of the Provincial Government Senior Jubilee Scholarship in the early 1930’s. The scholarship will be valued at the annual interest on the endowment and will be awarded to a Newfoundland and Labrador undergraduate student who has a recognized disability (physical or learning). The scholarship will be awarded on the basis of scholarship standing to a student in the Faculty of Science. Where possible, preference will be given to financially needy students as determined by the University. In a year when a student meeting the above criteria cannot be identified, the scholarship may be awarded to any undergraduate student who demonstrates need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of an application.

The Mrs. E.D. Matthews Memorial Scholarship in Mathematics and Statistics
This scholarship honours the memory of the late Mrs. Evelyn Matthews who taught in the Department of Mathematics and Statistics, Memorial University of Newfoundland, from 1959-78. It has a value of at least $500.00, and will be awarded on an annual basis to an undergraduate student whose major subject of study is Mathematics or Statistics. The scholarship will be based on academic merit and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Mathematics and Statistics.

The Carmen and Olive Mews Chemistry Scholarship
This scholarship is the result of an endowment to Memorial University of Newfoundland from the estates of Carmen and Olive Mews. Carmen Mews enjoyed a long career with the Department of Chemistry. He and his wife Olive, both of whom were keenly interested in the welfare of undergraduate students, wished to endow a scholarship to support a student majoring in Chemistry. This scholarship, valued at a portion of the annual interest, will be awarded to a student beyond their first year of study who has demonstrated scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Chemistry.

The Mrs. E.D. Matthews Memorial Scholarship in Mathematics and Statistics
This scholarship is valued at the interest accruing on an endowment given to Memorial University of Newfoundland by Mrs. Grace Morgan. It is open to an undergraduate student studying nutrition at Memorial University of Newfoundland and will be awarded on the basis of scholarship standing. Preference will be given to a student entering the final year of the nutrition program. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Biochemistry.

The Dr. George Moskovits Award
This award is made possible through a fund established by former students and colleagues of Dr. George Moskovits to honour his retirement from the Department of Biology in 1984. The award is valued at $200.00 and will be made annually to a full-time senior student who has shown outstanding performance in the field of cell biology/microbiology. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Biology.

The E.R.W. Neale Undergraduate Scholarship of the G.A.C. (Newfoundland Section)
The E. R. W. Neale Undergraduate Scholarship is offered annually by the Newfoundland Section of the Geological Association of Canada. The scholarship is open to declared majors in Earth Sciences at Memorial University of Newfoundland. One scholarship valued at $1000 will be offered annually, on the basis of academic achievement, financial need and character. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences.

The Newfoundland Gardening Scholarship
This scholarship is the result of proceeds from the sale of a book by Dr. Peter J. Scott entitled Newfoundland Gardening. It will be awarded annually to a Biology student who is graduating and intends to pursue a career in plant biology. In the event that such a candidate is not available, it will be awarded to a second year Biology student from Memorial University of Newfoundland going on to study horticulture. The scholarship will be valued at the interest accruing on the initial endowment and will be awarded on the basis of scholarship standing by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Biology.

The Newfoundland Home Economics Association Scholarship
This scholarship, valued at $800.00, will be awarded annually to a student enrolled in the Dietetics Program at Memorial University of Newfoundland, preferably in the second year of the program. Where possible it will be given to an Honours candidate. This scholarship is tenable for one year and will be awarded on the basis of scholarship standing and financial need. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Biochemistry.

The Newfoundland Margarine - Unilever Canada Scholarship
This scholarship, valued at the annual interest on an initial endowment, will be awarded annually to a student enrolled in the Nutrition major in the Department of Biochemistry at Memorial University of Newfoundland. The award will normally be given to an honours student in his/her final year. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Head, Department of Biochemistry.
The Newfoundland and Labrador Outfitter’s Association Scholarship

This scholarship, valued at $500.00, will be awarded annually to a student in a science program at Memorial University of Newfoundland who is registered in at least his or her third year of studies. The scholarship recipient must declare an interest in a career in Inland Fisheries, Wildlife Management, or a related field of study. The scholarship will be awarded on the basis of academic excellence. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the appropriate department head.

Thomas Corbin Noel Scholarship Fund

This scholarship, in memory of Thomas Corbin Noel Senior and Junior, was established through a bequest by Elia Noel as a tribute to her late husband and son. Corbin Noel Senior was a retired professor of Physics and former assistant vice-president (administration/physical operations) at Memorial University of Newfoundland. Tommy Noel was a student at Memorial University of Newfoundland when a tragic accident took his life. Valued at a portion of the income on the investment, the scholarship will be given to a student majoring in Physics on the basis of scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Physics.

The Noranda Scholarship

This scholarship valued at the annual interest, has been established by the Noranda Foundation as part of the Opportunity Fund campaign. It will be awarded on an annually rotating basis between students in Earth Sciences and Engineering and Applied Science. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean/Department Head of the appropriate discipline.

Oil and Gas Week Scholarship

Valued at $1,000 each, these undergraduate scholarships are established by a gift over three years from the organizers of Oil and Gas Week, a program of events held annually in St. John’s, NL for the purpose of promoting the oil and gas industry. Two scholarships will be awarded each year. To be eligible, students must be enrolled full-time beyond the first year of an undergraduate program in the Department of Earth Sciences, the Faculty of Engineering and Applied Science, or the Faculty of Business Administration. Eligible candidates may also have scholarship standing and preference will be given to students who graduated from a high school in Newfoundland and Labrador outside of the metropolitan St. John’s area. Each year the two recipients must be from different faculties, with each identified academic unit to be represented no more than twice in the three year period of the term of the fund. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on a recommendation from the appropriate academic discipline.

The Dr. V. Stephen Papezik Scholarship

This scholarship, valued at a minimum of $1000.00, honours the memory of Dr. V. Stephen Papezik, Professor of Geology at Memorial University of Newfoundland from 1961 to 1984. It is awarded annually to an undergraduate student majoring in Earth Sciences whose specialization is closest to mineralogy. The award will be based upon scholarship standing but in deciding on candidates of equal scholastic attainment, need may be the deciding factor. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences.

The Bruce Pardy Family Scholarship

This scholarship, valued at the annual interest on an endowment, has been established by the Pardy Family. It will be awarded annually to an undergraduate student in the Faculty of Science. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Dean, Faculty of Science.

The Maureen Penney Memorial Scholarship

This $400.00 scholarship, donated by the Geological Association of Canada, honours the memory of Maureen Penney, B.Comm.(MUN), who was Associate Secretary-Treasurer of the Geological Association of Canada from 1983 to 1988. It is awarded annually to a second- or third-year undergraduate student majoring in Earth Sciences. In making the award, academic achievement will be the primary consideration, but other factors, such as involvement in student activities, will be taken into account. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences.

The Dennis R. Prince Memorial Scholarship

The Dennis R. Prince Memorial Scholarship has been made available by the Prospectors and Developers Association of Canada, Falconbridge Ltd., the Porcupine Prospectors and Developers Association, the mining community, colleagues, friends and family of the late Dennis Prince. Dennis graduated from Memorial University of Newfoundland in 1970 with a B.Sc. Honours degree. He led a distinguished career as a geologist with twenty-nine years at Falconbridge Ltd. The annual scholarship, valued at $2,000.00 and an engraved Brunton compass, will be awarded to a final year student specializing in mineral exploration and development in the honors program of the undergraduate degree in Earth Sciences at Memorial University of Newfoundland. If there is no qualified undergraduate student a graduate student who has been accepted for post-graduate studies in mineral exploration and development at Memorial University of Newfoundland and who intends to pursue a career in the mineral industry, will be considered. The qualifying student must demonstrate scholarship standing, strong personal values including a strong work ethic and high personal integrity. Active participation and leadership in geological associations and activities such as The Alexander Murray Geology Club and the Geological Association of Canada may be taken into consideration as well as financial need. In the case of undergraduates the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates it will be awarded by the Dean, School of Graduate Studies. In both cases it will be based on a recommendation from the Head, Department of Earth Sciences in consultation with the PDAC and the Prince family.

Professional Engineers and Geoscientists Newfoundland and Labrador Past Presidents’ Geoscience Scholarship

This scholarship valued at a minimum of $1,000.00 was established by the Professional Engineers and Geoscientists Newfoundland and Labrador. It is awarded annually on the basis of scholarship standing to a Geoscience student at Memorial University of Newfoundland.

It is open to either graduate or undergraduate students in any given year and will be allocated as such at the discretion of the Head. In the case of undergraduates, the scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Earth Sciences in consultation with PEGNLT. In the case of graduates it is awarded by the Dean of Graduate Studies upon recommendation of the Head, Department of Earth Sciences, in consultation with PEGNLT.

Rees Scholarship

This scholarship, funded by Memorial University of Newfoundland alumnus Michael Rees (B.Sc. ’99), is awarded annually to a student entering their second year of full-time undergraduate studies majoring in Earth Sciences at Memorial University of Newfoundland. The scholarship is valued at $1,000 and will be awarded to a Newfoundland and Labrador high school graduate solely on the basis of scholastic achievement (minimum of scholarship standing). It will be awarded by the Senate Committee on Undergraduate Scholarships,
Bursaries and Awards based on the recommendation of the Head of the Department of Earth Sciences.

The Rotary Club (St. John’s Northwest) Scholarship
This scholarship has been established by the Rotary Club of St. John's Northwest. It is valued at $1,000.00 annually and will be awarded to a full-time student beyond first year, pursuing a Bachelor of Arts or a Bachelor of Science with a major in one of the Social Sciences, who has demonstrated a commitment to community service. The recipient of this scholarship will be a long-term resident of Newfoundland and Labrador who completed high school in this province and will have demonstrated scholarship standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the joint recommendation of the Dean of Arts and the Dean of Science. The scholarship will be presented at one of the regular meetings of the Rotary Club of St. John's Northwest and the recipient will be asked to speak about their goals and community service work.

The Roberta H. Sellars Scholarship
This scholarship is the result of an endowment by the Rev. Walter C. Sellars in recognition of his wife Roberta for her loyal and loving support, particularly while he was struggling through university. The scholarship will be awarded annually to a full-time student in any year in either the Faculty of Arts or Science on a rotating basis. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on scholarship standing and financial need and upon the recommendation of the appropriate Dean.

The Rick Sheppard Memorial Scholarship
This scholarship, valued at $500.00 has been established by the friends and colleagues of Rick Sheppard, a graduate of Memorial University (Geology-Class of '81), who died in the Ocean Ranger Disaster. The award is open to undergraduate students majoring in Geology. Academic standing, financial need and active participation in the Alexander Murray Geological Club will be taken into consideration in selecting candidates. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of the Head, Department of Earth Sciences.

The James (Jay) Stackhouse Memorial Scholarship
From a sum of money donated to the University by the friends of the late James (Jay) Stackhouse, a geologist who graduated from this University in 1976, a scholarship has been established for students majoring in the Earth Sciences at Memorial University of Newfoundland. Undergraduate students in their penultimate year of the program may apply. The value of the award will be determined by the annual interest earned on the fund. The scholarship will be awarded at the end of the fall semester by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Earth Sciences.

Statistical Society of Canada Scholarship
This scholarship has been established by a generous donation from the Statistical Society of Canada. It is based on scholarship standing and is awarded to an undergraduate student in any year of study who is majoring in Statistics and meets the minimum academic requirement for a scholarship. The scholarship will be valued at $750. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Mathematics and Statistics.

The Sun Life Financial Scholarship in Applications of Technology
The Sun Life Financial Scholarship in Applications of Technology is consistent with the company’s belief that education is key to the future well-being of individuals, business and society. The scholarship, valued at the annual interest on the endowment, will be designated on an annually rotating basis to a student on the Corner Brook campus and the St. John’s campus. It will be awarded to a student in the Faculties of Science, Engineering and Applied Science and Business Administration who is focussing his/her studies on the application of technology and has demonstrated scholarship standing. In addition, the student will have actively participated in extra-curricular activities and have been active in student life. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the appropriate Dean and/or the Vice-President of Grenfell Campus.

The Eric A. Swanson Scholarship in Earth Sciences
This scholarship, valued at $3,000.00, is established by Eleanor Swanson in honour of her father, Eric. It will be awarded annually to a student in the Faculty of Science, who is following a program of studies in Earth Sciences. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the basis of scholarship standing and a recommendation from the Head, Department of Earth Sciences.

Teck Scholarships in Earth Sciences
These scholarships are made possible by a generous contribution by Teck Resources Limited, a Canadian mining company. Two scholarships are available annually to full-time undergraduate students majoring in Earth Sciences: one for a student in the third year of the program and the other for a student in fourth year. To be eligible, candidates must have scholarship standing and must demonstrate strong leadership skills, superior communication skills and a commitment to community and citizenship. Interested applicants should provide to the Head, Department of Earth Sciences one academic and one non-academic letter of reference attesting to their strengths in these areas, along with a cover letter indicating their desire to be considered for the scholarship. Applications will be due by the end of September each year with recipients selected by November and scholarships awarded shortly thereafter. Applicants should contact the Department of Earth Sciences Main Office for specific deadlines. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Head, Department of Earth Sciences.

Dr. Siegfried Thomeier Memorial Prize in Pure Mathematics
The prize, the interest from a donation by an anonymous donor, is awarded to a fourth or fifth year student majoring in Mathematics with a concentration in Pure Mathematics. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Mathematics and Statistics.

The Eugene Vincent Memorial Scholarship
This undergraduate scholarship has been established by the Baie Verte-Springdale Branch of the Canadian Institute of Mining and Metallurgy, in memory of the late Eugene Vincent, a former President and active member of the Branch. The award, which has a value of at least $300.00, will be restricted to residents of Newfoundland and Labrador who are enrolled beyond the first-year level of the Earth Sciences program at Memorial University of Newfoundland and who are intending to pursue careers in the mining field. Selection of a candidate will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences.

The Robert Westcott Memorial Scholarship
This scholarship was established by Mrs. Mary Westcott in memory of her late husband, Mr. Robert Westcott. It is valued at a portion of the annual interest on an endowment and will be awarded on a rotating basis to students beyond first year who have a strong commitment to post-secondary education and who are majoring in Business Administration and/or Economics. It will be based on scholarship standing and financial need and will be awarded to a student who was born in Newfoundland and Labrador. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean/Department Head of the appropriate discipline.
The Dr. Howard Louis White Memorial Award in Chemistry
This award is the result of a donation to Memorial University of Newfoundland from family members of the late Dr. White, class of 1941. It is awarded to a student majoring in Chemistry who is in 2nd year or beyond. Valued at the annual accrued interest on an initial endowment and based on academic standing, it is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting upon a recommendation from the Head, Department of Chemistry.

The Jacques Whitford Newfoundland Geoscience Scholarship
This scholarship, valued at the annual interest on their endowment, has been established by Jacques Whitford Environment Limited and Newfoundland Geosciences Limited as a contribution to the Opportunity Fund Campaign. It will be awarded on an annually rotating basis to students in the Department of Earth Sciences and Applied Science (particularly Civil Engineering), the Faculty of Science (particularly Biological Sciences) and Archaeology. Successful candidates are to be of scholarship standing and preferably show an interest in environmental issues. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Dean/Director/Department Head of the appropriate discipline.

The Williams Science Scholarships
These scholarships valued at $1,000 each are the result of an endowment started by Dr. Hank Williams. One scholarship from the fund shall be awarded to the most promising second year student entering the Earth Science Program and others, as the fund will allow, will be awarded to second year students entering the Faculty of Science. These second year scholarships shall be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on recommendations from the Head, Department of Earth Sciences and the Dean, Faculty of Science respectively. In the event that there is no acceptable candidate in Earth Sciences Department in a given year, all scholarships for that year shall be awarded to students in the Faculty of Science after recommendation of the Dean.

The Dr. June G. Winter Memorial Scholarship
This scholarship valued at the interest on the endowment was established in memory of Dr. June G. Winter, a former member of faculty in the Department of Chemistry. The scholarship will be awarded annually to a female student in her first year of chemistry studies and will be based on the results of the Canadian Institute of Chemistry (CIC) National Chemistry Examination. The scholarship is tenable only by students who attended school and wrote the CIC examination in Newfoundland and Labrador. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Chemistry.

The Walker Wood Foundation Bursary in Science
Valued at $4,000 annually, this bursary is established as a result of a generous contribution from Sue and Neil Wood, friends of Memorial University of Newfoundland. The bursary is available to full-time undergraduate students who graduated from a high school in rural Newfoundland and Labrador and who are entering into their first year of study at Memorial University of Newfoundland with the intention to complete a Bachelor of Science degree. Eligible students must have demonstrated a personal and academic commitment to_none of the sciences. The bursary is renewable for three additional years as long as the recipient formally majors in an area within the Faculty of Science, maintains a 70% average, good academic standing and full-time status. In the event that the recipient does not meet the criteria for renewal, the bursary will be transferred to a selected candidate in the corresponding year of study in the Faculty of Science. The bursary is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean of the Faculty of Science.

Dr. James A. Wright Memorial Scholarship
One annually funded scholarship is established by a gift from Leprechaun Resources Ltd. in memory of Dr. James A. Wright, former professor in the Department of Earth Sciences. The scholarship, valued at $1,000, is available to full time undergraduate students in their second year of study at Memorial University of Newfoundland with a preference for students enrolling at Grenfell Campus. To be eligible, students must meet the minimum academic requirements for a scholarship and must have graduated from a high school on the West Coast of Newfoundland, as defined by the University. Preference will be given to students pursuing any area of study within the Faculty of Science or the Faculty of Engineering and Applied Science. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Lee Wulff Scholarship
A fund was established in 1991 to honour the memory of Lee Wulff (1905-1991), a renowned American sportsman, author, conservationist and environmentalist, who spent a considerable amount of time exploring the waters, barrens and woodlands of Newfoundland, promoting its abundant wildlife resources and supporting conservation. A single scholarship, valued at no less than $1,500.00, will be awarded annually from this fund, to a third year Biology major wishing to pursue further studies in biological sciences, with emphasis on conservation and environment. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries, and Awards on the recommendation of the Head of Biology and the Dean of Science and will be based on academic excellence in biological sciences and a demonstrated interest in conservation and the environment.

4.8 School of Human Kinetics and Recreation
The following are available to students in the School of Human Kinetics and Recreation based on the recommendation of the Director.

The Edward Patrick Browne Memorial Scholarships
In his will, Edward Browne, a distinguished and beloved member of the University community, and a life-long supporter of the growth and development of the sport of basketball at provincial and national levels, left a bequest to Memorial University of Newfoundland for the awarding of scholarships to students. These scholarships are awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Bruce J. Butler Memorial Scholarship
This award has been established in memory of Bruce J. Butler by his family and friends. Bruce was a graduate of Memorial University of Newfoundland’s School of Physical Education and Athletics and a talented varsity athlete who represented Memorial University of Newfoundland in both soccer and hockey from 1964-68. He was known as a great teammate and a genuine team player who possessed a great sense of humor. Valued at a portion of the interest on the endowment, it will be awarded annually to an undergraduate varsity athlete studying in one of the programs of the School of Human Kinetics and Recreation. In determining this award, preference will be given to student-athletes who have demonstrated leadership, athletic ability and overall commitment to their teammates. The recipient must meet the minimum academic requirements for a scholarship as awarded by the University. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Frank T. Butler Memorial Scholarship
This scholarship was established in memory of Frank T. Butler, a committed and successful athlete, coach and sport administrator at Memorial University of Newfoundland. Frank Butler was the backbone of Memorial University of Newfoundland Athletics for close to 30 years and his contribution to sport at this University and in the province of Newfoundland and Labrador, has been felt at many levels. This scholarship will be awarded to support student-athletes in their pursuit of post-secondary study. Currently valued at $1,000, the
scholarship will be awarded to student-athletes who meet the requirements for scholarship standing and who best combine the values that Frank admired most: athletic commitment, academic success and contribution as an ambassador in the community. The scholarship will be open to all student-athletes who are current members of a varsity team at Memorial University of Newfoundland. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director of Athletics.

The Olivia and Ethan Button Award
The Olivia and Ethan Button Award, established by Dr. Duane Button, is valued at $500. It will be awarded annually to a full-time undergraduate student enrolled in the Bachelor of Kinesiology or Bachelor of Physical Education program at Memorial University of Newfoundland and will be given to the student with the highest average in Exercise Physiology 3310. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Human Kinetics and Recreation. It will be presented at the School of Human Kinetics and Recreation Awards Ceremony in November.

The Nita Chambers (Sutton) Award
Nita Chambers (Sutton), a graduate of Stella Maris High School in Trepassey and Memorial University of Newfoundland in St. John's, was a spirited and talented participant in basketball at both the scholastic and intercollegiate levels. This award fund has been established in Nita's memory through the fund-raising efforts of her family, friends, colleagues, team-mates, and former instructors. Valued at a minimum of $500 annually, the award will be awarded to a male and female student-athlete who have graduated from high schools in Newfoundland and Labrador and who compete for the Memorial University of Newfoundland Sea-Hawks in the sport of basketball. To be eligible for this fund students will be required to maintain a minimum cumulative average of 65% within the previous academic year of study at Memorial University of Newfoundland. Funds will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Human Kinetics and Recreation in consultation with the coaches of the varsity basketball teams.

The Olivia and Ethan Button Award
The Olivia and Ethan Button Award, established by Dr. Duane Button, is valued at $500. It will be awarded annually to a full-time undergraduate student enrolled in the Bachelor of Kinesiology or Bachelor of Physical Education program at Memorial University of Newfoundland and will be given to the student with the highest average in Exercise Physiology 3310. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Human Kinetics and Recreation. It will be presented at the School of Human Kinetics and Recreation Awards Ceremony in November.

The Nita Chambers (Sutton) Award
Nita Chambers (Sutton), a graduate of Stella Maris High School in Trepassey and Memorial University of Newfoundland in St. John's, was a spirited and talented participant in basketball at both the scholastic and intercollegiate levels. This award fund has been established in Nita's memory through the fund-raising efforts of her family, friends, colleagues, team-mates, and former instructors. Valued at a minimum of $500 annually, the award will be awarded to a male and female student-athlete who have graduated from high schools in Newfoundland and Labrador and who compete for the Memorial University of Newfoundland Sea-Hawks in the sport of basketball. To be eligible for this fund students will be required to maintain a minimum cumulative average of 65% within the previous academic year of study at Memorial University of Newfoundland. Funds will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Human Kinetics and Recreation in consultation with the coaches of the varsity basketball teams.

The CSEP/SCPE (Canadian Society for Exercise Physiology) Undergraduate Student Award
The CSEP/SCPE Undergraduate Award recognizes excellence in academic achievement among undergraduate students. It is offered in Canada to those students who offer strong undergraduate degrees in physical education, human kinetics, or related disciplines. It will be awarded to graduating students who achieve the highest academic standing in their undergraduate class in the scientific portion of their curriculum. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Human Kinetics and Recreation. One award, in the form of an engraved medallion and a certificate, is granted annually at each university.

Elizabeth Dale NLVA Scholarship
This scholarship has been established by the Newfoundland and Labrador Volleyball Association (NLVA) and will be awarded annually, on the basis of scholarship standing, to a new recruit to the female volleyball program. This scholarship is renewable, for a second year, providing the recipient maintains scholarship standing and is a member of the female varsity volleyball team for both years. If an athlete receives a scholarship in her first year and does not return to the team in the following year, it is at the discretion of the coach to award the scholarship to another returning athlete. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Director, School of Human Kinetics and Recreation acting on the advice of the team coach and the NLVA Executive.

The Margaret (Mag) Davis Memorial Scholarship
This scholarship has been established in memory of Margaret (Mag) Davis, former graduate of Memorial University of Newfoundland, dedicated physical education teacher and well-known athlete who excelled in the sports of softball, field hockey, ice hockey, soccer, ball hockey, curling, squash and golf. Valued at a minimum of $500 annually, it will be awarded to a female undergraduate student studying in the programs of the School of Human Kinetics and Recreation. In awarding this scholarship, preference will be given to students who have demonstrated athletic ability and scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation from the Director, School of Human Kinetics and Recreation. The scholarship will be awarded to the student who attains the highest academic standing in the third year of the Bachelor of Physical Education, Bachelor of Recreation or Bachelor of Kinesiology. Recipients must also demonstrate commitment and service in activities related to their intended profession. The value of the scholarship will be determined by the interest accruing from the initial endowment. The scholarship shall be awarded to a student who attains the highest academic standing in the third year of the Bachelor of Physical Education, Bachelor of Recreation or Bachelor of Kinesiology. Recipients must also demonstrate commitment and service in activities related to their intended profession. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation from the Director, School of Human Kinetics and Recreation.

The Matthew J. Foster Alumni Scholarship
This scholarship, established by the School of Human Kinetics and Recreation, Memorial University of Newfoundland, commemorates the 30th Anniversary of degree programs in the School of Human Kinetics and Recreation and to honour Dr. Eaton a former department head. The value of the scholarship will be determined by the interest accruing from the initial endowment. The scholarship shall be awarded to the student who attains the highest academic standing in the third year of the Bachelor of Physical Education, Bachelor of Recreation or Bachelor of Kinesiology. Recipients must also demonstrate commitment and service in activities related to their intended profession. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation from the Director, School of Human Kinetics, in consultation with the School’s Cooperative Education Coordinators. The award is presented annually at the Fall HKR Awards Celebration.

The J. Douglas Eaton Alumni Scholarship
This scholarship was established by the Alumni Association of Memorial University of Newfoundland to commemorate the 30th Anniversary of degree programs in the School of Human Kinetics and Recreation and to honour Dr. Eaton a former department head. The value of the scholarship will be determined by the interest accruing from the initial endowment. The scholarship shall be awarded to the student who attains the highest academic standing in the third year of the Bachelor of Physical Education, Bachelor of Recreation or Bachelor of Kinesiology. Recipients must also demonstrate commitment and service in activities related to their intended profession. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation from the Director, School of Human Kinetics, in consultation with the School’s Cooperative Education Coordinators. The award is presented annually at the Fall HKR Awards Celebration.

The Margaret (Mag) Davis Memorial Scholarship
This scholarship has been established in memory of Margaret (Mag) Davis, former graduate of Memorial University of Newfoundland, dedicated physical education teacher and well-known athlete who excelled in the sports of softball, field hockey, ice hockey, soccer, ball hockey, curling, squash and golf. Valued at a minimum of $500 annually, it will be awarded to a female undergraduate student studying in the programs of the School of Human Kinetics and Recreation. In awarding this scholarship, preference will be given to students who have demonstrated athletic ability and scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation from the Director, School of Human Kinetics and Recreation.

The Dr. M.O. and Grace Morgan Scholarship in Physical Education

This fund is the result of an endowment to Memorial University of Newfoundland from the estate of Dr. and Mrs. Morgan. One or more scholarships, valued at a portion of the annual accrued interest, will be awarded to a Physical Education student in the first year of the Bachelor of Physical Education degree program. The recipients will have demonstrated scholarship standing as well as leadership in the profession of education and/or service in the program of the School of Human Kinetics and Recreation. These Scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Human Kinetics and Recreation.

Rick Morris Memorial Bursary

This bursary was established in memory of Rick Morris by his family and friends. Rick was a caring individual who was deeply committed to Newfoundland and worked with a variety of individuals, organizations, and government. He was a mentor to many helping professionals, who regularly sought his counsel on personal and professional issues. He was deeply concerned with violence against individuals, particularly women, children, and the survivors of Mount Cashel. He was involved in the establishment of United Family Counselling Services and frequently collaborated with other organizations and communities. The bursary, valued at a portion of the income from the endowment, will be awarded annually to a student who is in financial need and meets the minimum academic requirements for a bursary. It will be awarded on a rotating basis to a student enrolled in one of the following academic areas: Year 1- School of Social Work, Year 2- Faculty of Education, Year 3- School of Human Kinetics and Recreation, Year 4- Department of Women’s Studies and Year 5- School of Nursing. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head of the Unit for which the bursary is being awarded.

The Newfoundland and Labrador Basketball Association Merit Awards

These awards, of varying amounts, have been established by the Newfoundland and Labrador Basketball Association. They shall be awarded to Memorial University of Newfoundland students who are members of one of the University’s basketball teams and in good academic standing. These awards shall be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in conjunction with the Director, School of Human Kinetics and Recreation.

The Newfoundland and Labrador Volleyball Association Awards

These awards, valued at the interest accruing from the principal amount, have been established by the Newfoundland and Labrador Volleyball Association from monies contributed by supporters of volleyball including coaches and players. They shall be awarded to Memorial University of Newfoundland students, male and/or female, who are in good academic standing, displaying commitment and leadership in the game of volleyball and who are members of one of the University’s varsity volleyball teams. The awards shall be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Human Kinetics and Recreation.

The Newfoundland & Labrador Soccer Association Awards

These awards, valued at $500.00 each have been established by the Newfoundland Soccer Association and shall be awarded to two or more Memorial University of Newfoundland students, one male and one female, who are in good academic standing, displaying commitment and leadership in the game of soccer and who are members of one of the University’s soccer teams. The awards shall be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Human Kinetics and Recreation.

The Proactive Physiotherapy Award in Human Anatomy

This annually funded award, valued at $250, is the result of a contribution from Proactive Physiotherapy, a company owned and operated by two alumni of Memorial University’s School of Human Kinetics and Recreation; Chris Cluett and Justin Whittle. This award is available to the candidate who receives the highest mark in the on-campus offering of HKR 2310, Human Anatomy each year. To be eligible, students must be enrolled full-time as undergraduates in the School of Human Kinetics and Recreation and be in clear academic standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Director, School of Human Kinetics and Recreation. The award is presented annually at the Fall HKR Awards Celebration.

The School of Human Kinetics and Recreation 30th/25th Anniversary Scholarship

In the calendar year 1994 the School commemorated 30 years of professional preparation in physical education/recreation and 25 years of Atlantic University Sport (AUS) competition at Memorial University of Newfoundland by hosting Anniversary Celebrations. The Steering Committee of these Anniversary Celebrations in co-operation with the two major organizing committees of these events established a $500.00 Scholarship to be awarded annually to the undergraduate student who combines academic achievement and athletic prowess at the varsity level. In awarding this scholarship, preference will be given to candidates who have demonstrated ability and desire to coach, and to children of either graduates of the School or of former varsity athletes. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Human Kinetics and Recreation.

Scott Memorial Scholarship

This scholarship, established by Winslow and Eileen Scott in memory of their late son Bradford, a former student of Memorial University of Newfoundland, is valued at not less than $500.00. In awarding this scholarship, preference will be given to students in the Bachelor of Education Intermediate/Secondary Program who have completed the Bachelor of Physical Education or Bachelor of Physical Education (Co-operative) degree at Memorial University of Newfoundland. If a suitable candidate cannot be found in this category it will be awarded to a senior student in the Bachelor of Physical Education or Bachelor of Physical Education (Co-operative) program who is doing the teaching option. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and upon a recommendation approved by the Dean, Faculty of Education and/or the Director, School of Human Kinetics and Recreation.

Sea-Hawks Athletics Awards

A limited number of athletic awards are available annually to first year and returning student-athletes who exhibit leadership, achievement and athletic success. The annual number and value of awards will vary. To be eligible for these awards, returning athletes must be a current member of a Memorial University of Newfoundland Sea-Hawks Athletic team and have achieved a minimum average of 65% based on the previous academic year of study at Memorial University of Newfoundland. First-year athletes will also be eligible to receive provided they have an 80% final admission average. The School of Human Kinetics and Recreation Selection Committee may consider other criteria including financial need, service to the University and the community. These awards will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Human Kinetics and Recreation in consultation with the coaches of varsity teams.

The Michael ‘Beecher’ Smith Heart Award

The Michael ‘Beecher’ Smith Heart Award will be awarded to a student-athlete who demonstrates outstanding leadership, dedication and commitment, while bringing a positive attitude to their team. This award is presented in honour of the characteristics that Michael ‘Beecher’ Smith, a former Memorial University of Newfoundland wrestler, exemplified. The recipient must be a current member of a varsity team and have met the minimum academic requirements for an award. It will be granted by the Senate Committee on
Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director of Athletics.

The Harold Squires Scholarship
This scholarship, valued at a portion of the annual interest, was established by Memorial University of Newfoundland Alumnus and long-time employee Harold Squires. In awarding this scholarship preference will be given to a student who competes for the Memorial University of Newfoundland Sea-Hawks in the sport of basketball. Based on scholarship standing it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Human Kinetics and Recreation in consultation with the coaches of the varsity basketball teams.

The St. John's Association of Basketball Officials Award
From a sum of money donated by the St. John's Association of Basketball Officials an award valued at a portion of the annual income on the fund is to be provided annually to a full-time or part-time Memorial University of Newfoundland student, either graduate or undergraduate, who is an active member of the University basketball community. The candidate must meet the University's definition of Clear Standing. In the case of graduate students the award will be made by the Dean, School of Graduate Studies. In the case of undergraduate students the award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In both cases the award is based on the recommendation of the executive of the St. John's Association of Basketball Officials.

The Swimming Newfoundland and Labrador Bursary
This bursary, valued at $1,000.00 annually, is available to a student continuing beyond their first year of studies at Memorial University of Newfoundland. The bursary recipient will be a swimmer in good standing with Swimming Newfoundland and Labrador and will be a returning member to the Memorial University of Newfoundland Seabears Varsity Swim Team. Awarding of this bursary will be based on swimming performance at the varsity level. It will be awarded to a student in good academic standing at the University. Applications may be obtained in writing to the Swimming Newfoundland and Labrador Office, RPO MacDonald Drive, Box 21248, St. John's, NL, A1A 5B2 or by telephone to (709) 576-7946 or fax: to (709) 576-7493.

Lorne Woolridge NLVA Scholarship
This scholarship has been established by the Newfoundland and Labrador Volleyball Association (NLVA) and will be awarded annually, on the basis of scholarship standing, to a new recruit to the men's volleyball program. This scholarship is renewable, for a second year, providing the recipient maintains scholarship standing and is a member of the men's varsity volleyball team for both years. If an athlete receives a scholarship in his first year and does not return to the team in the following year, it is at the discretion of the coach to award the scholarship to another returning athlete. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Director, School of Human Kinetics and Recreation acting on the advice of the team coach and the NLVA Executive.

4.9 School of Music
The following are available to students in the School of Music based on a recommendation from the Director.

The James E. Austin Memorial Scholarship
From a sum of money donated by the firm of Dicks & Co. Limited, a scholarship has been established in honour of the late James E. Austin, former Chairman of the Board of the Company. The scholarship, valued at $500.00, is to be awarded annually on the basis of academic excellence to a full-time student enrolled in the School of Music at Memorial University of Newfoundland who is entering the fifth semester of the Conjoint Degree program. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of the Director, School of Music.

Dr. Andreas Barban Memorial Scholarship
This Scholarship was established in memory of Dr. Andreas Barban, distinguished musician and scholar, and former instructor in the School of Music. The scholarship, valued at not less than $1,000.00 will be awarded to full-time Bachelor of Music student beyond the first year whose principal applied study is piano, and who has demonstrated musical potential and academic excellence. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Jonas (Joe) Barter Scholarship in Music
This scholarship, valued at $500.00, is awarded annually from the income derived from a trust fund given to the University by the family and friends of the late Jonas (Joe) Barter. It is to be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of academic excellence, based on the advice of the Director, School of Music. Preference will be given to a student who has completed three years of study in the area of Music Composition.

The Yvonne Belanger Memorial Bursary
This fund was established by her family to cherish the memory of musician, teacher and mother, Yvonne Belanger. The bursary will be awarded annually to full-time Bachelor of Music students beyond first year from the interest accrued on this endowment. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music with the criteria for eligibility being musically, musical achievement, financial need, and scholarship standing.

The Amanda Bishop Memorial Scholarship
This fund was established by the family of Amanda Bishop to cherish the memory of a loving and caring daughter and sister whose life-long ambition was to study voice in preparation for a career in the performing arts. With a value of at least $500.00, this scholarship will be awarded annually to a student beyond the first year of the music degree program in good academic standing, whose performance medium is voice and who has demonstrated dedicated commitment to the betterment of the music community. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Charles J. Bown Memorial Entrance Scholarship in Music
This scholarship was established in 2001 in memory of Charles J. Bown (1963-2000) who graduated from Memorial University of Newfoundland in 1985 with a Bachelor of Music and Music Education. He went on to obtain his Master's degree in vocal performance from the University of Ottawa in 1994. He was actively involved in music as an educator, choir director, soloist and organist until his death on October 24, 2000. Valued at the annual interest on the endowment, the scholarship will be awarded to a student entering the Bachelor of Music program at Memorial University of Newfoundland who has demonstrated musical potential, academic ability and financial need. Preference will be given to a student whose major applied study is in voice. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Dennis G. Browne Memorial Scholarship
This scholarship, valued at the accrued interest on an endowment, established by the firm of Patterson Palmer Hunt Murphy, in memory of the late Dennis G. Browne, who was a member of their law firm; will be awarded to a student enrolled beyond first year in the Bachelor of Music program. The scholarship will be awarded on the basis of scholarship standing and demonstrated musical potential.

The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the
The Buell-Olson Scholarship
This scholarship, valued at a portion of the income on the investment, was established by Dr. Gerry B. Olson, who was a Henrietta Harvey Visiting Professor in the School of Music in 1983-84 and a long time contributor to the vitality of instrumental music in Newfoundland and Labrador. It was renamed in 2006 on the occasion of the retirement of Dr. Donald Buell in recognition of his seminal role in instrumental music and music education in Newfoundland and Labrador. It is to be given to a student entering the first year of the Bachelor of Music program. Preference will be given to a student from Newfoundland and Labrador whose principal applied study is in woodwind, brass, or percussion. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director of the School of Music.

The Canadian Broadcasting Corporation (Newfoundland & Labrador Region) Entrance Scholarship in Music
This scholarship, valued at not less than $500.00, is to be awarded annually from a sum of money donated by the Canadian Broadcasting Corporation (Newfoundland & Labrador Region). The scholarship will be awarded on the basis of academic standing and demonstrated music potential, to a student from Newfoundland and Labrador entering the first semester of full-time study toward the Bachelor of Music degree. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Dr. G. Albert Cooper Bursary
This bursary, valued at the accrued interest on an initial endowment, is awarded annually to a full-time Bachelor of Music student beyond second year who has demonstrated academic excellence, musical potential and need. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Director, School of Music.

Olga Davis Scholarship in Music
This scholarship was established in honor of Mrs. Olga Davis, for whom music constitutes an essential part of life. It is derived from a generous gift by Dr. John Guy and Ms. Jennifer Guy (Davis) to the School of Music. The scholarship, valued at $1000 will be awarded annually to a Music student beyond first year who is a resident of Newfoundland and Labrador. The recipient must demonstrate both musical excellence in his or her applied study as well as financial need. The scholarship will be awarded by the Senate Committee of Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

Karl Diemer Memorial Bursary
This fund has been established by Mme Roberte Diemer in memory of her husband, Corner Brook businessman, Karl Diemer. Trained as a professional singer, Mr. Diemer had a great love for music and encouraged young musicians. The bursary, valued at a portion of the income on the investment, will be awarded annually to a voice student beyond first year who demonstrates musical potential and scholarship standing, as well as financial need. If there are no voice candidates in a given year, the award will be made to a student whose performance medium is strings. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Frederick and Isabel Emerson Memorial Scholarship
This scholarship has been established in memory of Frederick and Isabel Emerson by their children. Mr. Emerson, lawyer, musician, and a former lecturer and member of the Board of Regents, was involved in setting up and teaching music classes in the early days of the Memorial University College. The scholarship, valued at not less than $500.00, is awarded annually to a Music student beyond the second semester. Selection of candidates will be made on the basis of academic standing, financial need and character. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Ed Goff Memorial Scholarship
This scholarship valued at a minimum of $2,500.00 is to be awarded to a student in any year of the Music program who demonstrates scholarship standing. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Gower Youth Band Entrance Scholarship in Music
This scholarship, in the value of at least $1,000.00, is sponsored by The Gower Youth Band in honour of former members who have become professional musicians and music educators. The scholarship is open to all students in brass, woodwind or percussion entering the first year of full-time study in the School of Music, and is awarded on the basis of musical excellence and potential as demonstrated at the entrance audition. This award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Buell-Olson Scholarship
This award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Dr. G. Albert Cooper Bursary
This bursary, valued at the accrued interest on an initial endowment, is awarded annually to a full-time Bachelor of Music student beyond second year who has demonstrated academic excellence, musical potential and need. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Director, School of Music.

Olga Davis Scholarship in Music
This scholarship was established in honor of Mrs. Olga Davis, for whom music constitutes an essential part of life. It is derived from a generous gift by Dr. John Guy and Ms. Jennifer Guy (Davis) to the School of Music. The scholarship, valued at $1000 will be awarded annually to a Music student beyond first year who is a resident of Newfoundland and Labrador. The recipient must demonstrate both musical excellence in his or her applied study as well as financial need. The scholarship will be awarded by the Senate Committee of Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

Karl Diemer Memorial Bursary
This fund has been established by Mme Roberte Diemer in memory of her husband, Corner Brook businessman, Karl Diemer. Trained as a professional singer, Mr. Diemer had a great love for music and encouraged young musicians. The bursary, valued at a portion of the income on the investment, will be awarded annually to a voice student beyond first year who demonstrates musical potential and scholarship standing, as well as financial need. If there are no voice candidates in a given year, the award will be made to a student whose performance medium is strings. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Frederick and Isabel Emerson Memorial Scholarship
This scholarship has been established in memory of Frederick and Isabel Emerson by their children. Mr. Emerson, lawyer, musician, and a former lecturer and member of the Board of Regents, was involved in setting up and teaching music classes in the early days of the Memorial University College. The scholarship, valued at not less than $500.00, is awarded annually to a Music student beyond the second semester. Selection of candidates will be made on the basis of academic standing, financial need and character. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Dr. G. Albert Cooper Bursary
This bursary, valued at the accrued interest on an initial endowment, is awarded annually to a full-time Bachelor of Music student beyond second year who has demonstrated academic excellence, musical potential and need. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Director, School of Music.

The Frederick and Isabel Emerson Memorial Scholarship
This scholarship has been established in memory of Frederick and Isabel Emerson by their children. Mr. Emerson, lawyer, musician, and a former lecturer and member of the Board of Regents, was involved in setting up and teaching music classes in the early days of the Memorial University College. The scholarship, valued at not less than $500.00, is awarded annually to a Music student beyond the second semester. Selection of candidates will be made on the basis of academic standing, financial need and character. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Ed Goff Memorial Scholarship
This scholarship valued at a minimum of $2,500.00 is to be awarded to a student in any year in the Bachelor of Music degree program who shows musical potential and has scholarship standing. Preference will be given to a student whose principle applied study is saxophone. It may be renewed for the duration of the student’s program, up to a maximum of four years, if he or she continues to excel musically and maintain scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Gower Youth Band Entrance Scholarship in Music
This scholarship, in the value of at least $1,000.00, is sponsored by The Gower Youth Band in honour of former members who have become professional musicians and music educators. The scholarship is open to all students in brass, woodwind or percussion entering the first year of full-time study in the School of Music, and is awarded on the basis of musical excellence and potential as demonstrated at the entrance audition. This award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Alan D. Hall Award
This award has been established in memory of Alan D. Hall by his friends and family. A longtime faculty member in the Department of English at Memorial University of Newfoundland, he was deeply engaged in Music and Theatre throughout his life. The award, valued at a portion of the income on the investment, will alternate between the School of Music and the Faculty of Arts on a yearly basis. For the School of Music the award will go to a Music student beyond first year who demonstrates a high level of achievement on their instrument of applied study as well as involvement and commitment to the music community. For the Faculty of Arts the award will go to a student beyond first year enrolled in the program leading to a Diploma in Performance and Communications Media or a student enrolled in the program leading to a Bachelor of Arts degree with a major in Drama and Music. The eligible student must demonstrate a high level of achievement in their performance medium, as well as involvement in and commitment to the theatre community. To qualify for this award, students must meet the academic requirements for an award as outlined by the University. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music or the Dean, Faculty of Arts.

The Norah and Leo Healey Memorial Award in Music
This Award has been established in memory of Norah and Leo Healey by their granddaughter Noreen Greene-Fraize and her spouse Thomas W. Fraize Q.C. The award will go to a School of Music student in any year of study seeking support for a community engagement project. To qualify for this award, students must meet the academic requirements for an award as outlined by the University and submit a proposal – including a timeline and an approximate budget - to the Director, School of Music by October 15. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.
Scholarships, Bursaries and Awards 2011-2012

The Ben Heppner 25th Anniversary Scholarship in Music
This scholarship was established through the generosity of Canadian tenor, Ben Heppner, who donated his fee for a recital given on the occasion of the 25th anniversary of the founding of the School of Music. Proceeds from the concert were matched by the Opportunity Fund to endow the scholarship. Valued at a portion of the annual interest on the endowment, it will be awarded annually to a student in the Bachelor of Music degree program on the basis of musical and academic excellence. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Winnifred Holloway Memorial Scholarship
This scholarship is the result of a bequest left to the University by Mrs. Velda Richards of St. John's. The scholarship, valued at approximately $1,000.00, will be awarded annually to a female student who is full-time in the Bachelor of Music program and who is beyond first year. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music on the basis of musical talent, financial need, and scholarship standing.

The William J. House Memorial Scholarship
This scholarship, valued at a portion of the income on the investment, has been established in memory of William J. House by his widow, Mrs. Daphne L. House. The scholarship is to be awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director of the School of Music, to a full-time organ student from Newfoundland and Labrador who shows promise and purpose of continuing in that field.

The Houwe of Flowers Music Scholarship
This scholarship, valued at not less than $500.00, is awarded annually to a full-time music degree student beyond the second semester who has demonstrated academic excellence and musical potential. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of the Director, School of Music.

The Imperial Tobacco Canada Entrance Scholarship in Music
This scholarship, established in 1998 by Imperial Tobacco Canada in support of the Opportunity Fund Campaign, has a minimum value of $2,000.00 annually. It will be awarded on the basis of scholarship standing and demonstrated musical potential, to a student entering the first semester of full-time study toward the Bachelor of Music degree at Memorial University of Newfoundland. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Music.

The Kiwanis Club of St. John's Music Scholarship/Bursary
This scholarship/bursary, valued at $750.00, is awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music, to a promising student who is continuing studies in music at this University. The recipients of this scholarship will be made on the basis of financial need, academic standing and character. The scholarship/bursary is not restricted to any particular year of study.

The Margaret Krause Scholarship in Music
This scholarship has been established in memory of Mrs. Margaret Krause, a pianist and cellist, who lived in St. John's during the years 1955-58 with her husband, Dr. Lucjan Krause, a professor of physics at Memorial University of Newfoundland's Parade Street location. During this time Margaret played much chamber music with local musicians and their children Janet and Catherine were born. Catherine (also a cellist) subsequently became Director of the Health Sciences Library at Memorial University of Newfoundland. One scholarship valued at a portion of the income on the investment, will be awarded annually to a full-time undergraduate student in scholarship standing whose principal instrument of applied study is a bowed string instrument. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Music.

The Dame Vera Lynn Scholarship in Music
This scholarship, valued at a maximum of $2500.00 over five years ($500.00 per year), was established to honour Dr. Vera Lynn, the distinguished musician and honorary graduate of Memorial University of Newfoundland. It is open to all students entering the first year of full-time study in the School of Music and is awarded on the basis of academic standing and musical potential as demonstrated at the entrance audition. The recipient must maintain scholarship standing to retain the scholarship. A relinquished scholarship may be re-awarded at the discretion of the Director, School of Music. This award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music. Application forms may be obtained from the School.

The R.F. (Bob) MacLeod Memorial Entrance Scholarship in Music
This scholarship, with a value of at least $300.00, has been established in memory of Mr. R.F. (Bob) MacLeod, pianist, organist, and entertainer. The scholarship is awarded annually to a student entering the first year of full-time study toward the Bachelor of Music degree. In making the award preference will be given to a student from rural Newfoundland and Labrador. Academic standing, character and financial need will be considered. The award is to be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the advice of the Director, School of Music.

The Pat and Margaret Maloney Scholarship in Music
This scholarship was established by Dr. Aidan Maloney in honor of the lasting contributions of Margaret Maloney and her late husband Patrick to the musical life of our community. With Margaret's indelible passion for singing and Patrick's innate talent as a "kitchen" musician, music and life were synonymous to them. Individually gifted and together dynamic, they shaped a legacy shared by not only family, but our community at large. The scholarship, valued at a portion of the income on the investment, will be awarded annually to a Music student beyond first year who demonstrates musical excellence in her or his applied study. The scholarship will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Marquis Limited (Colonel Sanders) Bursary in Music
This bursary is not restricted to any particular year of study. The value of each award shall be determined by the Director, School of Music. The award(s) is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The David McCurdy Memorial Bursary
This bursary, established by the family and friends of the late David McCurdy, a former student of this University, is valued at $300.00 and is awarded annually to a student enrolled in the School of Music. In making the award, interest and ability in Music, as well as financial need, will be considered. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Joan McNamara Furlong Award
This scholarship, awarded annually in memory of Mrs. Joan McNamara Furlong, is provided from the interest accumulated on a continuing endowment given for this purpose by her family. At the request of the sponsors it will be awarded to a second- or third-year student in voice who shows definite promise and purpose of continuing in that field, and of making a cultural contribution to the community. The scholarship will be utilized by the successful candidate to further studies in voice at Memorial University of Newfoundland.
Scholarships, Bursaries and Awards 2011-2012

The Karen Keirstead Mills Memorial Scholarship in Music
This scholarship was established in 1991 in memory of Karen Keirstead Mills, a former organ student and voice instructor in the School of Music. The scholarship, valued at not less than $1,000.00, will be awarded to a full-time Bachelor of Music student who is normally beyond the first year and who has demonstrated musical potential and academic ability. Preference will be given to a student whose major applied study is in voice or organ. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Dorothy Duff Moores Memorial Entrance Scholarship in Music
This scholarship in memory of Dorothy Duff Moores, a lover and supporter of music, is provided from the interest accumulating on an endowment given for this purpose by her son Frank D. Moores and family friends. Valued at a portion of the income on the fund, two scholarships will be awarded to students entering the first semester of full-time study toward the Bachelor of Music degree, and two Scholarships will be awarded to students beyond the first year of the music degree program. In making the awards, academic standing and musical potential will be considered. Whenever possible, at least one of the awards will be given to a student in piano and at least one of the awards will be given to a student in organ. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

Carl Morrissey Bursary in Music
This bursary is established in memory of Mr. Carl Morrissey by his family and friends. Through this bursary they hope his love of and involvement in music will continue to encourage young musicians, as he did so often. The bursary, valued at a portion of the income on the fund, will be awarded annually to a full-time undergraduate student in the School of Music who majored in piano and demonstrated musical potential. The recipient must meet the minimum academic requirements for a bursary. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Arthur and Dorothy Noseworthy Entrance Scholarship in Music
This scholarship, valued at not less than $1,000.00, is to be awarded annually from the interest accruing from an endowment fund established by the Noseworthy family in honour of their parents. The scholarship will be awarded on the basis of academic excellence and demonstrated musical potential to a student entering the first semester of full-time study toward the Bachelor of Music degree. Preference will be given to a student whose principal instrument is organ. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Dr. Hugh O’Neill Prize in Piano
This prize is the result of a generous donation to Memorial University of Newfoundland by The O’Neill Foundation. One prize valued at $500.00 will be awarded annually to the top graduating undergraduate student in the School of Music, who majored in piano. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Music.

The Dr. Hugh O’Neill Prize in Violin
This prize is the result of a generous donation to Memorial University of Newfoundland by The O’Neill Foundation. One prize valued at $500.00 will be awarded annually to the top graduating undergraduate student in the School of Music, who majored in violin. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Music.

The G. Calvin Powell Memorial Scholarship
This scholarship, valued at $500 has been established by Rebecca Eleanor Powell in memory of her grandfather G. Calvin Powell whose love of the arts and encouragement towards Ms. Powell were instrumental in her desire to study music. It will be awarded annually to a student beyond first year in the School of Music on the basis of scholarship standing and excellence on his or her instrument of applied study. The Scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Music.

Rex E. Rood Memorial Scholarship
This scholarship has been established in memory of Rex E. Rood by his wife and daughter. Although not a musician or performer, Mr. Rood had a deep love and knowledge of classical music which he shared with his family and which formed an integral part of his life. He enjoyed orchestral arrangements, choral works and solo voices, but was particular fond of operatic tenors.
This scholarship, valued at $2000.00 per year, is to be awarded to a student in any year of the Bachelor of Music degree program who demonstrates musical potential and academic excellence. Preference will be given to a student whose principal applied study is voice, in particular a tenor, bass or baritone. The award may be renewed for the duration of the student’s program, up to a maximum of five years, if the recipient continues to excel musically and maintains scholarship standing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director, School of Music.

The Dr. Ignatius A. Rumbolt Scholarship in Music
This scholarship, valued at a portion of the income on the investment, was established in memory of Dr. Ignatius A. Rumbolt, distinguished musician, music educator, builder of the choral tradition in Newfoundland and Labrador, and honorary graduate of Memorial University of Newfoundland. The scholarship is awarded to a student beyond first year in the Bachelor of Music degree program who has demonstrated academic excellence and musical potential. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

School of Music Faculty Scholarship/Bursary Fund
This investment provides bursaries of the value of at least $300.00 each are awarded out of income derived from a fund established in 1976 by the faculty members of the School of Music. The awards are made annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music, to promising students who are continuing their studies in Music at this University. Selection of candidates will be on the basis of musicianship, academic standing, financial need and participation in School of Music activities.
The Sergeants Mess of Newfoundland Memorial Entrance Scholarship in Music
From the revenue accruing from War Savings Bonds purchased in 1940 by the Sergeants Mess of Newfoundland, a fund was established in 1990 to provide an annual scholarship of not less than $500.00 to a student entering the first semester of full-time study in the School of Music. Academic excellence and musical potential demonstrated at the entrance audition will be considered. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Grace M. Sparkes Alumni Entrance Scholarship/Bursary in Music
The Memorial University of Newfoundland Alumni Association has established, from its Alumni Annual Fund, an entrance scholarship/bursary in Music. The award, valued at not less than $500.00, will be given annually to a student entering the first semester of full-time study towards the Bachelor of Music degree. Academic standing, musical potential and financial need will be the main considerations in awarding this scholarship. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Grace M. Sparkes Scholarship in Music
This scholarship was established by Mrs. Sparkes, former Alumni of the year and devoted friend of Memorial University of Newfoundland. Valued at approximately $500.00, it will be given annually to an undergraduate student in full-time study towards the Bachelor of Music degree. Scholarship standing and musical potential will be the main considerations in awarding this scholarship. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Harold and Maxine Stanley Award
The award is established in memory of Mr. Harold Stanley by his family and friends. The award valued at a portion of the income on the investment, will be awarded annually to a full-time undergraduate student beyond first year in the School of Music. The recipient must meet the minimum academic requirements for an award. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Gordon M. Stirling Memorial Scholarship/Bursary
This fund was established by the Stirling Ryan law firm in memory of their late senior partner Gordon M. Stirling. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based upon the recommendation of the Director, School of Music. The award will be available to an exceptional student(s) enrolled in the School of Music to assist with travel and other expenses to enable such student(s) to perform at events of major musical importance outside the province. Scholarship standing, musical ability, financial need, and the benefits such exposure would confer on the student(s) will be taken into consideration by the Committee. The value of the award will be based on the interest income accruing on the capital sum in the fund.

Wesley Male Choir Bursary
This bursary was established in memory of William Collins and his two sons, John and Calvin ‘Robert’ Collins, who were all members of the Wesley Male Choir. It is derived from a generous gift by the late Mr. Calvin ‘Robert’ Collins to the Choir. The bursary valued at a portion of the income on the investment, will be awarded annually to a voice student beyond first year who demonstrates musical excellence in their applied study as well as financial need and meets the minimum academic requirements for a bursary. If there are no voice candidates in a given year, the award will be made to a student in another performance medium. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Mary C. Whiteley Entrance Scholarship in Music
This scholarship is awarded annually to a student entering first year in the School of Music at Memorial University of Newfoundland. It is awarded on the basis of scholarship standing and musical potential as demonstrated in the entrance audition. The value of this scholarship is determined by the amount of interest accrued on the principle sum. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

The Mrs. H.B. Young Memorial Scholarship
This scholarship has been established by Mrs. Helen Marquis in memory of her mother, Mrs. H.B. Young, and is awarded annually to a full-time student at the School of Music. The value of the award will be based on the income accruing from the fund during the period of ten years of the scholarship. In selecting candidates, academic achievement, financial need and character will be taken into consideration. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Music.

4.10 School of Nursing
The following are available to students in the School of Nursing based on a recommendation from the Director.

The Alcohol and Drug Dependency Commission Commemorative Awards
These awards have been established to commemorate the Alcohol and Drug Dependency Commission (1982-1992). In an effort to promote the pursuit of addictions studies in various disciplines, it is hoped that recipients will pursue careers in addiction-related fields. Up to three awards, valued at $750.00 each, are available annually and open to students who have completed a major or published paper at the undergraduate or graduate level or are completing an Honours Dissertation on addictions issues. It will be awarded on a rotating basis to students in Pharmacy, Nursing, Medicine, and Social Work with a Faculty or School receiving only one award in any given scholarship year. These awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Dean/Director/Head of the respective Faculty or School.

The Kathleen M. Baird Memorial Scholarship
This scholarship is made possible through a fund established by Mrs. Edna Baird-Stephenson in memory of her sister Kathleen M. Baird (1903-1985). The scholarship will be awarded at the annual accrued interest on the endowment and awarded annually to a student in the second year of the Bachelor of Nursing (Collaborative) Program on the basis of scholarship standing and financial need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Nursing.

The Eleanor and Norval Blair Travel Scholarship in Nursing
This scholarship is made possible through a donation to the Opportunity Fund Campaign in 1998 by Mr. and Mrs. Blair. The scholarship, valued at the annual accrued interest on the endowment, shall take the form of a travel grant to a student in the Bachelor of Nursing (Collaborative) Program at the Memorial University of Newfoundland School of Nursing site who has demonstrated excellence in nursing practice. The recipient will be a student in the third or fourth year of the program who will pursue each of the clinical practicum courses in the given semester. First preference will be given to those students going outside the province of Newfoundland and Labrador to complete their clinical. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Director, School of Nursing.
The Barbara Fowlow Memorial Scholarship
This scholarship is made possible by a fund established by friends and colleagues in memory of Barbara Fowlow, a graduate of Memorial University of Newfoundland's School of Nursing. Valued at the annual interest on the initial endowment, it is awarded annually to a student who is entering the final year of the Bachelor of Nursing (Collaborative) Program. Preference in awarding the scholarship will go to a student who has demonstrated clinical excellence and a commitment to continuing in the school of nursing. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Director, School of Nursing.

Glendinning and Miller Family Scholarship in Nursing
This scholarship was established by Jane Carol Glendinning-Johnson, Andrea (Glendinning) Sumsion, and Barbara (Glendinning) Smith in memory of Andrew and Jane (Bethune) Glendinning and Hugh and Barbara (Green) Miller, their respective offspring and other family members, and to recognize their belief in the value of education which has carried down to the present generation. It is awarded annually to a student who is entering the first year of the Bachelor of Nursing (Collaborative) Program at the Western Regional School of Nursing. It is in the wish of Mrs. Kajaks that the recipient plans to practice in Newfoundland and Labrador upon completion of studies. Preference in awarding the scholarship will go to a student who is entering the first year of the Bachelor of Nursing (Collaborative) Program at the Western Regional School of Nursing who has completed at least one year of studies at Memorial University of Newfoundland within the areas specified below and who will continue to study at Memorial University of Newfoundland.
The Alcohol and Drug Dependency Commission Commemorative Awards

The Alcohol and Drug Dependency Commission Commemorative Awards have been established to commemorate the Alcohol and Drug Dependency Commission (1982-1992). In an effort to promote the pursuit of addictions studies in various disciplines, it is hoped that recipients will pursue careers in addiction-related fields. Up to three awards, valued at $750.00 each, are available annually and open to students who have completed a major or published paper at the undergraduate or graduate level or are completing an Honours Dissertation on addictions issues. It will be awarded on a rotating basis to students in Pharmacy, Nursing, Medicine, and Social Work with a Faculty or School receiving only one award in any given scholarship year. These awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Nursing.

The Katharine Roberts Memorial Scholarship

This Katharine Roberts Memorial Scholarship has been endowed by Edward and Douglas Roberts in memory of their mother Katharine. The scholarship is valued at a percentage of the income on the endowment and will be awarded annually to a student in any year of the Bachelor of Nursing (Collaborative) Program. The scholarship will be awarded on the basis of scholarship standing, financial need, and nursing professional practice. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Nursing.

The School of Nursing Class of 1976 Bursary

The School of Nursing Class of 1976 Bursary is awarded an annual prize consisting of $250. This prize is awarded to a student of high academic merit. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Nursing.

The Katharine Roberts Memorial Scholarship

This Katharine Roberts Memorial Scholarship has been endowed by Edward and Douglas Roberts in memory of their mother Katharine. The scholarship is valued at a percentage of the income on the endowment and will be awarded annually to a student in any year of the Bachelor of Nursing (Collaborative) Program. The scholarship will be awarded on the basis of scholarship standing, financial need, and nursing professional practice. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Nursing.

The School of Nursing Faculty Memorial Award

The School of Nursing Faculty Memorial Award pays tribute to our respected faculty members who have passed on. The School of Nursing Faculty Memorial Award honours the following faculty members: Ruby Dewling, Grace Gould, Neil Joiner, Maureen Laryea, Margaret McLean, Joyce Nevitt, Beverly Rockwell, and Elizabeth ‘Betty’ Summers. The award is valued at a portion of the income from the endowment and will be awarded to a student beyond their first year of the Bachelor of Nursing program at the School of Nursing. The recipient must emulate the best qualities of a nursing faculty member; including a passion for nursing education, a spirit of caring and a commitment to nursing and a compassion for patients. The award will be presented by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director of the School of Nursing.

The St. John’s Home Care Scholarship for Excellence in Community Health Nursing

This scholarship valued at the annual accrued interest on the initial endowment will be awarded to a full-time or part-time student enrolled in the Bachelor of Nursing (Post RN) or Master of Nursing Program at Memorial University of Newfoundland with preference given to candidates enrolled in the Bachelor of Nursing (Post-RN) Program. Candidates must also have employment experience in community health nursing and demonstrated recent voluntary involvement in a community organization(s). Minimum academic requirements are a 75% overall average in the completed diploma program in nursing or completed courses in either the B.N. (Post-RN) or Masters Program. In the case of undergraduates, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of Graduates the scholarship will be awarded by the Dean of Graduate Studies. In both instances the award will be based upon a recommendation from the Director, School of Nursing.

The Sybil Gertrude Rusted Toy Memorial Bursary

This bursary, established by Dr. Nigel Rusted in memory of his sister Sybil, is valued at a portion of the accrued interest on an endowment. Sybil, the daughter of Rev. Canon Ernest and Faith (Hollands) Rusted, was born in Upper Island Cove April 2, 1911. She was educated at schools in Upper Island Cove, Carbonear, Girls’ College in New York and the Royal Victoria Hospital in Montreal. The bursary will be awarded annually to a student entering the first year of the Bachelor of Nursing (Collaborative) Program with first preference given to students from the Conception Bay North area, who have demonstrated ability and financial need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Nursing.

The Janet P. Winsor Bursary

This bursary, valued at a portion of the accrued interest on the initial endowment, is awarded annually to second year students in the B.N.(Collaborative) Program who demonstrate financial need over and above academic excellence. The candidates must have scholarship standing as well as demonstrate financial need. At least one bursary will be awarded in each of the three sites. The criteria for this award includes excellence in Year 3 clinical courses (Nursing 3501 and 3511) supported by a letter of recommendation from clinical instructors. The student’s file may also be used to determine examples of clinical excellence. Each Committee on Undergraduate Studies will select the student at their site. This bursary will be awarded at the Graduation and Awards Ceremony in the Spring, but not necessarily to the highest academic student. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Director, School of Nursing.

4.11 School of Pharmacy

The following are available to students in the School of Pharmacy based on a recommendation from the Director.

The Abbott Prize

Abbott Laboratories Limited awards an annual prize consisting of $250. This prize is awarded to a student of high academic merit. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the Recommendation of the Director, School of Pharmacy.

The Alcohol and Drug Dependency Commission Commemorative Awards

These awards have been established to commemorate the Alcohol and Drug Dependency Commission (1982-1992). In an effort to promote the pursuit of addictions studies in various disciplines, it is hoped that recipients will pursue careers in addiction-related fields. Up to three awards, valued at $750.00 each, are available annually and open to students who have completed a major or published paper at the undergraduate or graduate level or are completing an Honours Dissertation on addictions issues. It will be awarded on a rotating basis to students in Pharmacy, Nursing, Medicine, and Social Work with a Faculty or School receiving only one award in any given scholarship year. These awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Director, School of Nursing.
on the recommendation of the Dean/Director/Head of the respective Faculty or School.

**Amerisource-Bergen Canada Scholarship/Bursary**
This award of $500.00 is provided to a student who has successfully completed the first year of the Pharmacy program. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director, School of Pharmacy.

**The James and Betty Batt Family Award in Pharmacy**
The James and Betty Batt Family Award in Pharmacy was generously established by Mr. Michael Batt, School of Pharmacy, Class of 1991, in loving memory of his grandparents James and Betty Batt. The award is valued at a portion of the income from the endowment and will be presented annually to an undergraduate student in any year of the Bachelor of Science (Pharmacy) program. The award is available to a student who is in financial need and who is actively engaged in community service, either within the School of Pharmacy or the external community and who meets the minimum academic requirements for an award. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director of the School of Pharmacy.

**The Kristine Cadigan Memorial Award**
This award is valued at a portion of the income from the endowment and will be presented annually to any student in the Bachelor of Science (Pharmacy) program. The award recognizes a well-rounded and deserving student who is never afraid to help out when needed, dedicated to what he/she does, interested in a variety of different activities, involved in activities both inside and outside the School of Pharmacy, committed to the profession and shows significant academic accomplishment. The student must also meet the minimum academic requirements for an award. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director of the School of Pharmacy.

**Canadian Pharmacists Association (CPhA) Centennial Award**
This award offered by the Canadian Pharmacists Association consists of a $300.00 cash prize and a travel tour of approximately one week to visit manufacturing laboratories and health facilities in Toronto, Montreal or Ottawa and to attend the annual conference of the Association. It is made to a student who is completing the third year of the Pharmacy program. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Pharmacy.

**The Hapgood and Vey Family Award**
This award of $1,000.00 and a Merck Manual is presented by Merck Frosst Canada Inc. to the top first-year student of the Pharmacy program. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Director, School of Pharmacy.

**The J. Joseph Dicks Memorial Bursary in Pharmacy**
This bursary, valued at a portion of the income from the endowment, is the result of a generous donation by the family in memory of Mr. J. Joseph Dicks, a prominent pharmacist who achieved great success in his profession and community. The bursary will be awarded to a full-time Pharmacy student in any year of the program who demonstrates financial need and has a minimum GPA of 2 out of a possible 4. The recipient will also exemplify similar character as Mr. Dicks, who overcame personal challenge to achieve success. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the Director, School of Pharmacy.

**The G.R. Duncan Prize in Pharmacy**
This award of $100.00 is to be given annually to a student in any year of the pharmacy program who displays school spirit, is involved in school-related extra curricular activities, and promotes the profession of pharmacy. The recipient shall be chosen by student ballot. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director, School of Pharmacy.

**The Excellence in Compounding Award**
This award is given to a student completing the first year of the Pharmacy program who obtains the highest mark in the compounding laboratory portion of the first year pharmaceutics courses. The award is valued at $250.00. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Pharmacy.

**The Charles E. Frosst Scholarship in Pharmacy**
This award of $250.00 is provided to a student who has successfully completed the first year of the Pharmacy program. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director, School of Pharmacy.

**The J. Joseph Dicks Memorial Bursary in Pharmacy**
This bursary honours the memory of Edward D. Freeman, a prominent Harbour Grace pharmacist who was a founding member of the Newfoundland Pharmaceutical Association (now the Newfoundland and Labrador Pharmacy Board). Valued at a portion of the income from the endowment it shall be awarded to a deserving student of good academic standing in the School of Pharmacy on successful completion of the Pharmacy Year III to enable the student to complete his/her studies with financial assistance. This bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Director, School of Pharmacy.

**The Charles E. Frosst Scholarship in Pharmacy**
This award of $1,000.00 and a Merck Manual is presented by Merck Frosst Canada Inc. to the top first-year student of the Pharmacy program. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director, School of Pharmacy.

**The Hapgood and Vey Family Award**
This award has been generously provided by Ms. Beverly Vey and is valued at $2000. It will be presented annually to a student in any year of the Bachelor of Science (Pharmacy) program who is the descendant or spouse of a member of the Canadian Armed Forces or the Royal Newfoundland Regiment and who meets the minimum academic requirements for an award. A student may be the recipient of the award for a maximum of two years. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director of the School of Pharmacy.
The Robert Heale Memorial Bursary
This bursary, valued at $250.00 annually, honours the memory of Robert Heale, an honorary life member of the Newfoundland Pharmaceutical Association (now the Newfoundland and Labrador Pharmacy Board) who practised for over 50 years as a community pharmacist; and trained many pharmacists before pharmacy training programs were in place in Newfoundland. It is awarded to a student in any year of the pharmacy program who demonstrates scholarship standing and financial need. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of a recommendation from the Director, School of Pharmacy.

The Dr. L.R. Hensman Prize
This prize is awarded to the Pharmacy student who places first in the CAPSII sponsored patient interview competition. A $100.00 cash prize will be awarded. This prize is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director, School of Pharmacy.

The J. Keith Lawton Memorial Bursary
This bursary has been established by the Board of Directors and employees of Lawton Drug Stores with the support of the Sobey's Foundation, to honour the memory of J. Keith Lawton. The value of the award will represent the interest generated from the endowment each year. It will be awarded to a deserving student selected from all students enrolled in the Pharmacy program. This award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Pharmacy.

The L.J. Lawton Memorial Award
A plaque, donated by the Canadian Pharmacists Association in memory of Louis J. Lawton, a founder of the Newfoundland Pharmaceutical Association (now the Newfoundland and Labrador Pharmacy Board), is presented each year as an Honour Award to a student entering the final year of the Pharmacy program. The recipient shall be chosen by the students and faculty by ballot in recognition of a commitment to the School of Pharmacy as well as a high degree of academic ability and showing of promise in making significant contributions to the profession of Pharmacy. In addition, this shall be accompanied by a miniature award and monetary award valued at the income from the endowment each year. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director, School of Pharmacy.

The McKesson Scholarship/Bursary
McKesson provides two awards valued at $250 each. These awards will be open to all students enrolled in the School of Pharmacy and will be awarded on the basis of academic merit and financial need. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Pharmacy.

The Memorial University Pharmacy Society Spirit Award
The Memorial University Pharmacy Society Spirit Awards have been generously provided by the Memorial University Pharmacy Society (MUPS) and are valued at $200. Two awards will be presented annually to the two students in any year of the Bachelor of Science (Pharmacy) program who are ranked first and second in their accumulation of Memorial University Pharmacy Society points and who meet the minimum academic requirements for an award. The award will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director of the School of Pharmacy.

The Merck Scholarship
This award of $1,000.00 and a Merck Manual is presented by Merck Frosst Canada Inc. to the top second-year student of the Pharmacy program. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director, School of Pharmacy.

The Novopharm Scholarship/Bursary
Novopharm Limited provides two awards in the amount of $500 to be granted annually to students achieving excellence in one of pharmaceutical manufacturing, biopharmaceutics, or medicinal chemistry. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Pharmacy.

The James J. O’Mara Awards
The James J. O’Mara Awards were created to honour the memory of James O’Mara, a prominent Newfoundland pharmacist who tirelessly worked as an advocate for a university based School of Pharmacy. He served as the President of the NPhA from 1970-72 and was Secretary/Registrar of what is now the Newfoundland and Labrador Pharmacy Board from 1981-1990. An award will be given to one student in each year of the pharmacy program. The students will be selected based on top performance in the Pharmacy Skills courses and a letter of study, as recommended by the course coordinators. Each award is valued at a portion of the income from the endowment. The awards are conferred by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director of the School of Pharmacy.

The Ottawa Pharmacy Alumni Scholarship
The Ottawa Pharmacy Alumni Scholarship has been generously provided by Dr. Co Pham, Dr. Roland Halil and Ms. Hao Nyugen. The scholarship is valued at $1000 and will be presented annually to a student in their third or final year of the Bachelor of Science (Pharmacy) program. The scholarship recognizes a student who demonstrates a strong commitment to extra-curricular activities within Memorial University of Newfoundland and the external community and meets the minimum academic requirements for a scholarship. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director of the School of Pharmacy.

The Panta Pharmaceutical Passion for Compounding Award
The Panta Pharmaceutical Passion for Compounding Award has been generously provided by Panta Pharmaceutical. The award is valued at $250.00 and will be presented annually to a student in the Bachelor of Science (Pharmacy) program. The award recognizes excellence in pharmacy compounding. The successful candidate must have demonstrated a passion for the art of compounding, have been recommended by their clinical skills coordinator and meet the minimum academic requirements for an award. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Pharmacy.

The Pfizer Award of Excellence
Pfizer Canada Inc. presents an annual award consisting of a certificate mounted on a plaque and a $200 cash prize. The award is presented for excellence in Clinical Pharmacy by a graduating pharmacy student. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Director, School of Pharmacy.

The PharmaChoice Award
The PharmaChoice Award, valued at $500 annually, is given to a student in the School of Pharmacy. Candidates must demonstrate satisfactory performance in the Pharmacy Administration course and be in clear academic standing as defined by the University. Candidates must also have displayed interest in retail pharmacy as evidenced by past work experience as well as having expressed an interest in working in the field after graduation. The Award will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Director, School of Pharmacy.
Pharmasave Community Service Award
Pharmasave provides one award in the amount of $1250. This award is provided to a student entering the 2nd year of the pharmacy program who has made outstanding contributions to his or her community through volunteer service. Students must be in clear academic standing and be actively involved in volunteer work which has an impact on community life. Students will be eligible to win this award only once during his/her tenure at the School. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Director, School of Pharmacy.

Pharmasave Pharmacy Innovation in Patient Care Award
Pharmasave provides two awards in the amount of $1250 each. These awards are provided to students in clear academic standing who are entering the 3rd or 4th year of the pharmacy program who show leadership in the development and implementation of a “non-dispensing” patient care program/service offered by a community pharmacy. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Director, School of Pharmacy.

The Jaclyn Rogerson Memorial Bursary in Pharmacy
The Jaclyn Rogerson Memorial Bursary in Pharmacy, valued at a portion of the income from the endowment, is established in loving memory of Jaclyn Rogerson, a well respected graduate from the School of Pharmacy’s Class of 2004. The bursary is a result of gifts to Memorial University of Newfoundland by Jaclyn’s family and friends to honour her commitment to the pharmacy profession and her compassion, drive, and gift of communicating and empathetic pharmacist. Jaclyn succeeded in providing caring support to her patients and community. The bursary will be awarded to a student entering their final year in the Bachelor of Science (Pharmacy) program at Memorial University of Newfoundland. Based on financial need and a minimum GPA of 2 (out of a possible 4), preference will be given to a student who also demonstrates a combination of a strong ability to communicate and empathize with patients, school spirit or who actively engages in community service. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Director of the School of Pharmacy.

Sandoz Canada Inc. Scholarship/Bursary
Sandoz Canada Inc. offers annually three awards of $500.00 each which are open to all students enrolled in the School of Pharmacy. They are to be awarded to students of good academic standing with an aptitude for Pharmacy. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Pharmacy.

The Jackie Brown Memorial Scholarship
This scholarship is presented to honour a founding member of the Newfoundland Pharmaceutical Association (now the Newfoundland and Labrador Pharmacy Board), the late Augustus Stafford of St. John’s. The award, consisting of $300, is given to the student achieving the highest academic standing in the first year of the Pharmacy program. The award will be made by the School of Pharmacy Entrance Scholarships.

The Lyndsey Anne Antle Scholarship/Bursary
Pharmasave provides two awards annually in the amount of $1,000.00 each to students entering the first year of the program. Recipients will be selected on the basis of academic achievement and admission requirements. These awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Director, School of Pharmacy.

The Augustus Stafford Memorial Scholarship
This award is presented to honour a founding member of the Newfoundland Pharmaceutical Association (now the Newfoundland and Labrador Pharmacy Board), the late Augustus Stafford of St. John’s. The award, consisting of $300, is given to the student achieving the highest academic standing in the first year of the Pharmacy program. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Pharmacy.

4.12 School of Social Work
The following are available to students in the School of Social Work based on the recommendation of the Director.

The Alcohol and Drug Dependency Commission Commemorative Awards
These awards have been established to commemorate the Alcohol and Drug Dependency Commission (1982-1992). In an effort to promote the pursuit of addictions studies in various disciplines, it is hoped that recipients will pursue careers in addiction-related fields. Up to three awards, valued at $750.00 each, are available annually and open to students who have completed a major or published paper at the undergraduate or graduate level or are completing an Honors Dissertation on addictions issues. It will be awarded on a rotating basis to students in Pharmacy, Nursing, Medicine, and Social Work with a Faculty or School receiving only one award in any given scholarship year. These awards will be granted by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean/Director/Head of the respective Faculty or School.

The Lyndsey Anne Antle Award in Social Work
This award is being established by the family of Lyndsey Anne Antle who was a student in the School of Social Work at Memorial University of Newfoundland and would have graduated on May 26, 2006. Unfortunately this did not happen. She was struck by a vehicle on June 19, 2005 and passed away as a result of severe injuries on June 22, 2005. Lyndsey strived for excellence in everything she did and truly believed in giving her all to work, family, friends and anyone who needed a helping hand. Her natural wisdom, warmth and strong conviction to helping others made her a great human being and she would have made a wonderful social worker. This award is valued at $300.00 and will be awarded annually to the student in the graduating class who has the highest average for years four and five of the Social Work program combined. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Social Work.

The Jackie Brown Memorial Social Work Scholarship
This scholarship has been established in the memory of Jackie Brown, a dedicated social worker who was an activist for social justice. Valued at $500.00 annually, it will be awarded to a full time undergraduate social work student who best epitomizes Jackie's commitment and energy to creating positive change related to a social justice issue in his/her community. The award, however, is not necessarily intended for the student with the highest academic standing. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Social Work.

The Christopher & Donna Cox Scholarship
This scholarship, established through a generous contribution by Dr. Donna Hardy Cox and Dr. Christopher Cox, is valued at $500 per annum. Drs. Donna Hardy Cox and Christopher Cox, both alumni of Memorial University of Newfoundland, have established this scholarship in gratitude for their well-rounded student life and academic experiences. To be eligible, candidates must be full-time
undergraduate students. The scholarship will be awarded annually on a rotating basis between the School of Social Work and the Faculty of Medicine, beginning with the latter. In Medicine, the Scholarship will be awarded to a graduating M.D. student who has a strong academic record and who has expressed an interest in specializing in Oncology. In the School of Social Work it will be awarded to a graduating B.S.W. student who is in scholarship standing and who has made the greatest contribution to student and community leadership. The Scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based on the recommendation of the Dean/Director of the appropriate discipline.

The Memorial University of Newfoundland Social Work Scholarship
This scholarship, at a value of at least $350.00, is awarded annually to a Social Work major enrolled in full-time study at Memorial University of Newfoundland. In the awarding of this scholarship, academic standing and financial need will be taken into account. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director of Social Work and may be renewed in a subsequent year.

The Professor John S. Morgan Scholarship
This scholarship has been named to honour the late Dr. John S. Morgan, an honorary graduate of the University who served as Visiting Professor of Social Work during the 1976-77 academic year. It is valued at $500.00 per annum and will be awarded on the basis of academic merit to an undergraduate student enrolled in the School of Social Work. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director of the School.

Rick Morris Memorial Bursary
This bursary was established in memory of Rick Morris by his family and friends. Rick was a caring individual who was deeply committed to Newfoundland and worked with a variety of individuals, organizations, and government. He was a mentor to many helping professionals, who regularly sought his counsel on personal and professional issues. He was deeply concerned with violence against individuals, particularly women, children, and the survivors of Mount Cashel. He was involved in the establishment of Unified Family Court’s mediation services and frequently collaborated with the aboriginal and senior’s communities. The bursary, valued at a portion of the income from the endowment, will be awarded annually to a student who in financial need and meets the academic requirements for Rick Morris Bursary. It will be awarded on a rotating basis to a student enrolled in one of the following academic areas: Year 1- School of Social Work, Year 2- Faculty of Education, Year 3- School of Human Kinetics and Recreation, Year 4- Department of Women’s Studies and Year 5- School of Nursing. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head of the Unit for which the bursary is being awarded.

The John J. Murphy Scholarship in Social Work
This scholarship, valued at $500.00, is awarded annually to a student who has achieved academic excellence upon completion of the first year of the Social Work program. The award, however, is not necessarily intended for the student who has received the highest average in this category. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director, School of Social Work.

The Elizabeth A. Newlands Memorial Scholarship in Social Work
This scholarship has been named to honour the late Mrs. Elizabeth Newlands, one of the first graduates of the B.S.W. Program as Memorial University of Newfoundland. Valued at a minimum of $1,000.00 annually, it will be awarded on the basis of academic merit to either a graduate or undergraduate student enrolled in the School of Social Work. It is granted to an undergraduate student who is in financial need and meets the academic requirements of the scholarship. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. If awarded to a Graduate Student, it will be awarded by the Dean, School of Graduate Studies. In either case the scholarship will be awarded on the basis of an appropriate recommendation from the Director, School of Social Work.

The Dr. J. Victor Thompson Scholarship in Social Work
This scholarship, valued at not less than $650.00 is awarded annually to a full-time Social Work student upon completion of at least 90 credit hours in Social Work and other courses at Memorial University of Newfoundland. The award will be made on the basis of academic excellence by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of the Director, School of Social Work.

5 Scholarships, Bursaries, and Awards Administered By the Senate Committee on Undergraduate Scholarships, Bursaries and Awards for Which Undergraduate Students Attending the Grenfell Campus at Corner Brook May Qualify

Although students on the Corner Brook campus are eligible for other awards listed in this Calendar, the following awards are tenable specifically at Grenfell Campus.

The Fred Aldrich Science Scholarship
This scholarship, established by the Corner Brook and Area Branch of the Alumni Association of Memorial University of Newfoundland, is awarded annually to a student at Grenfell Campus who is in the fourth semester of full-time study, who has accumulated at least 45 credit hours, and who is registered in a science program at Memorial University of Newfoundland. The scholarship may be held at either Corner Brook or St. John’s. Valued at $1,000.00, the scholarship is awarded on the basis of outstanding academic performance. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Senate Committee at Grenfell Campus and the Head of Science at the Campus.

Belize Travel Award
This award, valued at $1000 for study in Belize, has been established by Dr. Michael Newton. This award is open to students enrolled at the Grenfell Campus of Memorial University who wish to gain international experience by doing university or field courses in Belize. Students should be beyond their 1st year of study, meet the minimum academic requirements of clear standing and be recommended by the faculty in their area of study. This award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the scholarship committee at Grenfell Campus in consultation with faculty.

Marcella M. Besaw Memorial Award for International Students
This award has been established by the family of Marcella M. Besaw. Mrs. Marcella Besaw (1953-2010) often opened her home to international students at Grenfell Campus where her son attended, and treated them as extended family. It is valued at $200.00 annually and will be awarded to a full-time international student beyond their first year of studies at Grenfell Campus. The recipient would have demonstrated an involvement in student life, both within the international student community and with the overall student body. The students must meet the minimum academic requirements for an award as defined by the University. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the scholarship committee at Grenfell Campus.
The Katy Bindon Scholarship
This scholarship, one or more valued at $1,000.00 each annually, was created by friends of Dr. Katy Bindon with the assistance of the local branch of the Memorial University of Newfoundland Alumni Association and colleagues at Grenfell Campus. It was created to mark the contribution that Dr. Bindon made at the college during her tenure as its Principal from 1991-1997. The scholarship is to be awarded to a student entering his or her fourth year in any degree program offered at Grenfell Campus. The recipient should have combined academic excellence with an outstanding contribution to student life at Grenfell Campus. The scholarship is to be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at Grenfell Campus.

The Breakwater Folklore/Folklife Series Award
The Breakwater Books Folklore Prize is awarded annually for outstanding student performance in undergraduate folklore courses at Grenfell Campus. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head of Social Science at the Campus in consultation with Folklore Faculty.

Edward P. Browne Scholarship
This scholarship was established by individual members of faculty, staff and student body of Grenfell Campus in memory of the late Edward P. Browne. Professor Browne was Co-coordinator of Physical Education and Recreation at Grenfell Campus from its opening until his death in 1982. The scholarship is open to all full-time students who have spent at least two semesters at Grenfell Campus. It is awarded on the basis of academic standing, participation in college life and may include financial need. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on recommendation from the Grenfell Campus. The value of the award will be determined from the interest accrued on the principal sum donated.

The CA Western Newfoundland Scholarship
This scholarship, valued at $500 annually, has been established by the CA Western Club of Western Newfoundland. The recipient will be the student with the highest grade point average who has completed the first year of studies in any program at Grenfell Campus, Memorial University of Newfoundland and is accepted into either the Bachelor of Commerce program in St. John's or a B.B.A. program in St. John's or Corner Brook. The student must also meet the minimum academic requirement for a scholarship as defined by the University. The scholarship will be administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the scholarship selection committee at Grenfell Campus.

Canadian Coast Guard Newfoundland Region Alumni Association Bursary
This Bursary is made possible by the Canadian Coast Guard Alumni. Valued at $500.00 annually, it will be awarded to a 2nd year Visual Arts student who excels in drawing and painting. Financial need will also be taken into consideration. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee of Grenfell Campus in consultation with the Head, Division of Fine Arts.

Canadian Society for Chemistry Silver Medal
This medal is presented annually to the student at Grenfell Campus with the highest average in third-year Environmental Chemistry courses. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head of Science at the Grenfell Campus.

The Nicola Carlson Memorial Award
The Nicola Carlson Memorial Award is presented in honour of Mrs. Nicola Carlson, a Memorial University of Newfoundland alumnus and Grenfell Campus employee. The award will be presented annually to a Western Regional School of Nursing student who has demonstrated skills in or has expressed a desire for future education in the fields of oncology nursing or palliative care nursing. The student must meet the minimum academic requirements for an award. The award is presented by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Director of the Western Regional School of Nursing.

The City of Corner Brook J.R. Smallwood Scholarship
This scholarship was established in 1991 by the City of Corner Brook to honour the Honourable Joseph R. Smallwood, first Premier of Newfoundland, who contributed significantly to the educational and cultural development of Newfoundlanders. This fund, donated by the City is a tangible mark of the support given by the City to Grenfell Campus since the Campus opened in Corner Brook. The scholarship valued at $1,000.00 will be awarded to a student of the City of Corner Brook in the final year of high school who is proceeding to Grenfell Campus. The award will be made, upon application, to a student of outstanding academic merit and promise who has demonstrated active participation in school and community life. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, acting on the recommendation of a special selection committee appointed by the Principal, with a representative from City Council.

Corner Brook Pulp and Paper Limited Scholarships
From funds donated annually by Corner Brook Pulp and Paper Limited, a number of scholarships are available to students attending Grenfell Campus, valued from $250.00-$500.00 each, available to students in any faculty or year of study. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at the College.

The Cottage Crafts Association Scholarship
This scholarship is supported by the interest on $5000.00 donated by Cottage Crafts Association, Corner Brook. It is awarded to a student in Fine Arts at Grenfell Campus. Preference will be given to a student with an interest in fibre arts, including costume design, textile design or textile manufacturing. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Grenfell Campus.

Decker Family Environmental Scholarship
This scholarship was established by the Decker Family. The scholarship, valued at $1,000 will be awarded annually to a student enrolled at Grenfell Campus either in the Bachelor of Science program in Environmental Science, the Bachelor of Arts program in Environmental Studies, or the Bachelor of Resource Management program in Sustainable Resource Management. Students must meet the minimum academic requirement for a scholarship. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Grenfell Campus Scholarship Committee.

The James Alexander Doull Memorial Scholarship in Humanities
This scholarship was established by Professor Floy Andrews Doull, to honour the memory of James Alexander Doull, teacher, colleague and friend. This scholarship, valued at a portion of the annual accrued interest, will be awarded annually to a student registered full-time in the Humanities Program at Grenfell Campus. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Chair of Humanities, Grenfell Campus.

Craig Dobbin Memorial Scholarship for Master of Business Studies at the Waterford Institute and Memorial University of Newfoundland
This scholarship has been established by Mr. Pat O'Callaghan, the Ireland Business Partnership, the Ireland Newfoundland Partnership, the Provincial Department of Education, and Craig Dobbin family members in memory of Mr. Craig Dobbin. It will be awarded on an
annually rotating basis to students at The Waterford Institute of Technology (WIT) and Memorial University of Newfoundland. In year one, and every alternating year thereafter, the scholarship will be awarded to a recent honors graduate (in the past 2 to 3 years) of one of the undergraduate business programs in the Faculty of Business Administration program at Grenfell Campus, Memorial University of Newfoundland who is accepted into the Master of Business program, at the Waterford Institute of Technology, Waterford, Ireland. In the event that there is no such candidate, the scholarship will be awarded to two Memorial University of Newfoundland exchange students (undergraduate or graduate) to study (one academic term) at the Waterford Institute of Technology. In year two, and every alternating year thereafter, the scholarship will be awarded to an undergraduate student from the Waterford Institute of Technology who will be selected to attend Memorial University of Newfoundland’s Faculty of Business Administration's M.B.A. program. In order for a WIT student to complete the program in one year, they must have an honors undergraduate business degree, or a business degree with significant academic standing. The student must meet Memorial University of Newfoundland’s M.B.A. admission requirements. The student may take two years to complete the degree; however, scholarship funding will be available for one year only. In the event that no such student is selected from the Waterford Institute, then WIT will select a business undergraduate or graduate student to complete a student exchange (one academic term) at the Faculty of Business Administration or Grenfell Campus, Memorial University of Newfoundland. Scholarship recipients will be required to complete and present a report on an aspect of the Ireland Newfoundland Partnership. In the case of Memorial University of Newfoundland undergraduate students, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration or the Vice-President of Grenfell Campus. In the case of Memorial University of Newfoundland graduate students, the scholarship will be awarded by the Dean, School of Graduate Studies on the recommendation of the Dean, Faculty of Business Administration.

Dr. Wynanne Downer Bursary for Women
This bursary was established by the Canadian Federation of University Women, Corner Brook Club, in memory of Dr. Wynanne Downer who was a founding member. The bursary, valued at a portion of the income from the endowment, will be made to a female student who graduated from a high school in Newfoundland and Labrador and who is pursuing a degree at Grenfell Campus. Preference will be given to a female student who entered university as a mature student (twenty-one years or older), who is beyond her first year of studies, is in financial need, and meets the minimum academic standards established by the Scholarship Committee. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at Grenfell Campus. Applications will be available at Student Services, AS232, Grenfell Campus and/or may be downloaded from the CFUW Corner Brook website.

The Environmental Science Merit Scholarship
One Merit Scholarship, valued at $2,500.00 annually will be awarded to an outstanding student entering the fourth year of the Environmental Science program at Grenfell Campus. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Chair of Environmental Science, Grenfell Campus.

Duncan A. Ferguson Prize in Psychology
This prize was established by family, friends and colleagues in memory of Dr. Duncan A. Ferguson. It will be awarded annually to a student in his/her senior year of a Psychology program at Grenfell Campus. The chosen student will have demonstrated strong academic performance and have contributed to the spirit of student life within the Psychology program. This prize, valued at $500, will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Chair, Psychology program, Grenfell Campus, in consultation with the Psychology faculty and the Ferguson family.

The Madeline Fowler Prize in English
This prize, valued at $200.00, is in memory of Madeline Fowler. The prize is normally awarded to a senior student in the B.A. Specialization in English engaged in full-time studies at Grenfell Campus. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Program Chair of English at the Grenfell Campus.

The Dr. G.A. Frecker Memorial Alumni Bursaries
The Memorial University of Newfoundland Alumni Association has established, from its Annual Fund, five bursaries named in honour of the late Dr. G.A. Frecker, Chancellor of Newfoundland Memorial University, 1971-79, and, valued at $500.00 each. Four of the bursaries are tenable at the St. John's campus and one at the Grenfell Campus at Corner Brook. The bursaries will be awarded annually to full-time students in any faculty or year on the basis of academic standing and financial need.

The Joanne Swan Greenlee Prize in Historical Studies
This prize, valued at $500.00, will be awarded in memory of Joanne (Swan) Greenlee, who, for two decades, delighted in the hearty appetites and lively conversation of Grenfell Campus students who gathered to discuss history at her home. It will normally be awarded to a full-time senior student, at Grenfell Campus, majoring in Historical Studies who displays outstanding cumulative merit in four History courses during the academic year. This prize will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Chair of Historical Studies.

Grenfell Campus, Memorial University of Newfoundland and Labrador Residence Scholarship
This scholarship, valued at $500.00, is available to a student who has spent at least two semesters in residence at the Grenfell Campus, Academic performance and contribution to college life will be the main criteria for choosing the recipient. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation from the Scholarship Committee at Grenfell Campus.

Grenfell Campus, Memorial University of Newfoundland and Labrador Scholarship Fund
Funds are available for the purpose of providing scholarships to students at Grenfell Campus. The scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Scholarship Committee at the Grenfell Campus. Financial need may be taken into account when making the awards.

The Rufus Guinchard Entrance Scholarship
This scholarship has been established by the Newfoundland government in honour of the late Rufus Guinchard. The award, valued at $2,000.00, is presented annually to a student entering Grenfell Campus, who has demonstrated a commitment to the preservation of Newfoundland heritage and culture. This commitment may be reflected in Newfoundland music, folklore, art or writing. Applicants for the Rufus Guinchard Scholarship should submit, with their application, either a statement of their interests relevant to this scholarship, or a completed piece of work. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, based upon the recommendation of the Scholarship Committee at Grenfell Campus.

The Ida Harvey Scholarship
This scholarship, in memory of Ida Harvey, is supported by a fund established in 1988 on the occasion of the opening of the Fine Arts Building. It is awarded on merit to any student in a Bachelor of Fine Arts program by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at Grenfell Campus.
**Scholarships, Bursaries and Awards 2011-2012**

**Historical Studies Merit Award**

This book prize is awarded to a student who has made an outstanding contribution to the life of the Historical Studies Program at Grenfell Campus. The faculty of that program will fund the prize. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Historical Studies Faculty.

**The E.J.F. Hodgett Scholarship in Science**

This scholarship was established by friends and colleagues of Professor Ferriss Hodgett on the occasion of his retirement, in celebration of his outstanding contributions and service to Memorial University of Newfoundland, and in particular Grenfell Campus. Professor Hodgett, a native of Belfast, in the north of Ireland, served as Vice-Principal of Grenfell College from 1973-1992. This scholarship, valued up to two semesters’ tuition, will be awarded to the student entering second year at Grenfell Campus who has attained scholarship standing and has received the second highest overall average in his/her first year having completed at least four courses in the Natural Sciences. The award shall be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on recommendation of the Scholarship Committee of Grenfell Campus.

**The Gervase C. Hollander Prize in Biology**

This prize was established in 1982 by Mrs. Hollander in memory of her husband, a former teacher and school supervisor with the Humber-Bay St. George Roman Catholic School Board. Valued at approximately $100.00, it is awarded annually to a second-year student who has completed three or more courses in Biology beyond the first year and who has demonstrated excellence and initiative in both the theoretical and practical aspects of Biology. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Scholarship Committee at Grenfell Campus.

**Husky Energy SeaRose Bursary**

The bursary is made possible through a generous donation from Husky Energy, as operator of the White Rose Project, in recognition of the donation of art work by Grenfell Campus’s Fine Arts students. The art work is displayed on the FPSO (Floating Production Storage and Offloading) vessel the SeaRose. The bursary is being established to provide travel funding to students who, for financial reasons, would not otherwise have the opportunity to travel. Valued at $2,000.00 annually, it will be awarded on a rotating basis between Visual Arts and Fine Arts students attending Harlow Campus. To be eligible to receive the bursary students must have clear standing and demonstrate artistic merit and financial need. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at Grenfell Campus in consultation with the Head, Division of Fine Arts.

**The Imperial Tobacco Canada Fine Arts Scholarship**

This scholarship, established in 1998 by Imperial Tobacco Canada in support of the Opportunity Fund Campaign, has a minimum value of $2,000.00 annually. It will be awarded on the basis of scholarship standing to a full-time student in the Bachelor of Fine Arts who shows promise and plans to continue in the field. It will rotate annually between the disciplines of Visual and Theatre Arts. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Scholarship Committee at Grenfell Campus in consultation with the Head, Division of Fine Arts.

**The F.L. Jackson Award in Philosophy**

F.L. Jackson taught Philosophy at Memorial University of Newfoundland for twenty-nine years, for nine years serving as Head of the Department. Professor Jackson conceived the Department of Philosophy as a window on the grand tradition of philosophy, especially for Newfoundlanders, and it is this spirit which animates philosophy at Grenfell Campus. The F.L. Jackson Award will be given to students whose written work is distinguished by its appreciation of the history of philosophy. Generally there will be one award granted per academic year. It will be valued at a minimum of $100 and will be awarded to a student in any year of study. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Scholarship Committee at Grenfell Campus and in consultation with the Philosophy faculty.

**The Olof Lindgren Scholarship**

The Olof Lindgren Scholarship is based upon academic excellence. This scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Scholarship Committee at Grenfell Campus and in consultation with the Philosophy faculty.

**The William and Naomi Lundrigan Scholarship**

The William and Naomi Lundrigan Scholarship shall be awarded to an entrance student attending Grenfell Campus, Corner Brook. One scholarship, valued at not less than $2,000.00 will be awarded annually. The recipient must spend at least one semester at Grenfell Campus. The Lundrigan Scholarship will not be awarded to a student receiving another scholarship of equal or greater value administered by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. It will be paid in two equal installments (September and January) with the second installment being conditional on the student maintaining a 70% average in the courses which comprise the 15 credit hours completed during the previous semester. This scholarship will be awarded on the basis of scholarship standing, however, character, economic need, and any other relevant factors may be considered. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Selection Committee at the College.

**The Kathleen Wagstaff MacCallum Memorial Scholarship**

This scholarship, was established by the MacCallum family in honour of their mother, Kathleen. Valued at the annual interest, it will be awarded to a Fine Arts student beyond first year at Grenfell Campus who is specialising in Visual Arts. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Scholarship Committee at Grenfell Campus in consultation with the Head, Division of Fine Arts. Factors such as financial need, family and community involvement, and contribution to the class may also be taken into account.

**Colin Macnee Award for Drawing**

This Award, in memory of Colin Macnee (1959-1989) was established by his family as a tribute to his life and work. He is remembered by teachers and fellow artists for the unique and positive way he reached out to people as both an individual and an artist. Educated in Britain and Newfoundland, he worked in St. John’s up until the time of his death. Examples of his art can be found in private and public collections, including those of Memorial University of Newfoundland (through MUN Art Gallery) and the Government of Newfoundland and Labrador’s Art Bank. It will be awarded to a student who has completed their first year of the BFA (Visual Arts) program at Grenfell Campus and, in the opinion of the awards committee for visual arts (where possible including a visiting artist), has demonstrated achievement in self-expression through the medium of drawing. The Award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at Grenfell campus.

**The Maxim Mazumdar Memorial Scholarship in Theatre**

This scholarship is supported by a fund established by Theatre Newfoundland and Labrador in memory of Maxim Mazumdar, founding
Artistic Director of T.N.L. It is awarded to a Grenfell Campus student who has completed the first year in the Theatre Degree Program and who has shown the most promise in any area of the Program. This scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at Grenfell Campus.

The Dr. M.O. and Grace Morgan Scholarship in Fine Arts
This scholarship is the result of an endowment to Memorial University of Newfoundland from the estate of Dr. and Mrs. Morgan. Valued at a portion of the annual accrued interest, it will be awarded to a Fine Arts student beyond first year at Grenfell Campus. It will rotate annually between Visual Arts and Theatre Arts. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Scholarship Committee at Grenfell Campus in consultation with the Head, Division of Fine Arts.

The Maxwell and Emily Mullett Scholarship
This scholarship is supported by the interest on monies donated by Maxwell and Emily (Wicks) Mullett. It is awarded to a student in the final year of studies in Visual Arts at Grenfell Campus on the basis of achievement and promise. Preference is given to Newfoundland and Labrador students. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at Grenfell Campus.

The Orvl Olsen Biology Prize
This prize was established to commemorate the tenth anniversary of the opening of Grenfell Campus. It is valued at approximately $100.00 annually. Dr. Olsen taught Biology at the College from its opening until his retirement in 1980. The prize will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head of Science at Grenfell Campus to an outstanding student of first year Biology.

The Florence O'Neill Scholarships
An endowment donated to the University by Florence O'Neill, Ed.D., C.M., LL.D., honorary graduate of Memorial University of Newfoundland, distinguished for her contribution to the fields of adult education and community development, will fund annual scholarships valued up to $1,000.00 each. These awards will be made available to full-time undergraduate students, preferably to those from rural Newfoundland and Labrador, on the basis of scholarship standing. One shall be given annually to a student attending the Grenfell Campus in Corner Brook.

The Raymond J.G. Pafford (1937-1997) Memorial Scholarship
This scholarship, established in 2000 by Mrs. Roberta Pafford, in memory of her husband Raymond, is valued at the annual interest on an endowment. It will be awarded on the basis of scholarship standing to a full-time student in any year of study of the Bachelor of Fine Arts program who shows promise and plans to continue in the field. It will rotate annually between the disciplines of Theatre Arts and Visual Arts. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Scholarship Committee at Grenfell Campus in consultation with the Head, Division of Fine Arts.

The Palliser Prize in History
This prize is in honour of Captain Hugh Palliser, RN, Governor and Commander-in-Chief at Newfoundland from 1764 until 1768; in 1764 he became the first governor to visit western Newfoundland. It is awarded annually to a full-time student beyond first year who has earned no more than 90 credit hours and has earned the highest cumulative average in at least five History courses. This student would normally be studying towards a degree or minor in Historical Studies. The prize is valued at $250.00 and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at Grenfell Campus in consultation with the Head, Division of Fine Arts.

The Pausanias Award in Classics for Study Abroad
Named for the second century traveller and geographer, this award is available to students at Grenfell Campus who enroll in field study courses in the culture, history and/or civilization of ancient Greece or Rome. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Scholarship Committee at Grenfell Campus in consultation with the Head, Division of Arts at the Campus.

Al Pittman Harlow Travel Award
The Al Pittman Harlow Travel Award has been established in his memory by Al Pittman's friends and family. Mr. Pittman was one of Newfoundland's most esteemed poets and playwrights and he believed that observing the different helps us to see the familiar in a new light. Therefore, travel, in enabling us to experience a different place, culture and context, has the power to heighten and enhance our perspective of home. The award will go to a student in the fourth year of study in the Theatre Program at Grenfell Campus who best exhibits a passion for and commitment to theatre, as well as an appreciation of place and how physical and cultural landscape can impact perspective, and who meets the minimum academic requirements for an award. The Award will be made at the beginning of the semester in which the student is scheduled to depart for England (for approved study at the Harlow campus) and will be valued at a portion of the income on the endowment. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Program Chair, Theatre and the Scholarship Committee at Grenfell Campus.

The C.F. Poole Scholarship
This scholarship was established from funds donated by friends of Dr. Cyril F. Poole on the occasion of his retirement as Principal of Sir Wilfred Grenfell College. Dr. Poole, a native of Pilley's Island, Notre Dame Bay, was committed to excellence throughout his distinguished career as a university teacher and administrator in several Canadian universities including Sir Wilfred Grenfell College, where he served as Principal from 1977 to 1990. The scholarship honouring his contribution to excellence in education will be awarded annually to a Sir Wilfred Grenfell College student of outstanding academic merit and promise. Valued at approximately $1,000.00, it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on recommendation from Grenfell Campus.

The James C. Pratt Memorial Scholarship
This scholarship, valued at a minimum of $1000.00, has been established in memory of James C. Pratt by his daughter, Mrs. Daphne L. House. The scholarship is to be awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Program Chair of Visual Arts at Grenfell Campus, to a full-time student in the discipline of Bachelor of Fine Arts (Visual Arts) who shows promise and purpose of continuing in that field.

The Refreshments Canada Scholarship
This scholarship, donated by the soft drink industry of Newfoundland and Labrador, is valued at $2,000.00 and will be awarded annually to an outstanding full-time student beyond first year of the Environmental Science Program at Grenfell Campus. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Scholarship Committee at Grenfell Campus in consultation with the Chair of Environmental Science.

The Francis J. Ryan Memorial Scholarship
This fund was established by the Stewart McKelvey Stirling Scales law firm in memory of their late senior partner Francis J. Ryan. Valued at the annual interest on the endowment, the award will be made to a Fine Arts student specializing in Visual Arts at Grenfell
Campus. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and a recommendation from the Scholarship Committee at Grenfell Campus in consultation with the Head, Division of Fine Arts. Financial need may be taken into account.

The Sisters of Mercy Anniversary Scholarship
This scholarship was established by the Sisters of Mercy to commemorate the 100th anniversary of the arrival of the sisters on the west coast of Newfoundland in 1893. The Sisters of Mercy, educators in Newfoundland since 1842, have been associated with Memorial University of Newfoundland since the University was established. The scholarship valued at a minimum of $1,000.00 will be awarded annually to a student from Western/Northern Newfoundland or Labrador entering Grenfell Campus with full-time status. Academic standing and promise will be the main criteria. Consideration may be given to candidates’ financial circumstances. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Scholarship Committee at Grenfell Campus.

John A. Snow Prize in Mathematics
This prize, in memory of John A. Snow, will be awarded to a student attending Grenfell Campus beyond their third year of studies, who has excelled in a number of Mathematics courses. The prize of $200.00 will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards in consultation with the Mathematics professors of Grenfell Campus.

The Honourable P. Lloyd and Elizabeth Soper Scholarship
This scholarship is provided from a fund established by the Honourable P. Lloyd and Elizabeth Soper. It will be awarded to a student at Grenfell Campus who has completed his or her first year of studies and is continuing as a full-time student at the Campus for the second year. The scholarship, valued at a minimum of $1000.00, will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and upon the recommendation of the Scholarship Committee at Grenfell Campus.

The Sun Life Financial Scholarship in Applications of Technology
The Sun Life Financial Scholarship in Applications of Technology is consistent with the company’s belief that education is key to the future well-being of individuals, business and society. The scholarship, valued at the annual interest on the endowment, will be designated on an annually rotating basis to a student on the Corner Brook campus and the St. John’s campus. It will be awarded to a student within the faculties of Science, Engineering and Applied Science and Business Administration who is focusing his/her studies on applications of technology and has demonstrated academic standing. In addition, the student will have actively participated in extra-curricular activities and have been active in student life. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the appropriate Dean and/or the Vice-President of Grenfell Campus.

The Visual Arts Entrance Scholarship
This scholarship, established by the Corner Brook and Area Branch of the Alumni Association of Memorial University of Newfoundland, is awarded annually to a student commencing first-year studies in the Visual Arts Program of the Bachelor of Fine Arts at Grenfell Campus. Valued at $500.00, the award is made on the basis of previous academic performance and the quality of the portfolio submission. This scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Scholarship Committee at Grenfell Campus.

The Wabush Mines Fine Arts Travel Bursary
These bursaries are the result of an endowment to Memorial University of Newfoundland from Wabush Mines as part of their contribution to The Opportunity Fund. Valued at the annual interest on the endowment, they will support Fine Arts students at Grenfell Campus wishing to travel and gain exposure to Visual and Performing Arts. They will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of academics, financial need and a recommendation from the Scholarship Committee at Grenfell Campus in consultation with the Head, Division of Fine Arts.

The Dr. Harriet Ware Memorial Scholarship in Fine Arts
This scholarship, valued at the annual interest on the initial endowment, is supported by a fund established by Martin Ware in memory of his mother, Dr. Harriet Ware. It will be awarded to a Grenfell Campus student who has completed the third year of a Bachelor of Fine Arts program in Theatre and is continuing in that program. The scholarship will be awarded to a student with scholarship standing who has also maintained at least a 70% average in non-theatre courses in their overall academic performance. Preference may be given to a single parent. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Scholarship Committee at Grenfell Campus.

The Alan and Patricia Wright Psychology Conference Travel Bursary
This award was established by Dr. Sandra Wright in memory of her parents, Alan and Patricia Wright, both former educators who believed strongly in the importance of education. Applications will be available through Psychology Faculty members in January of each year. It will be given annually to a fourth year Psychology major engaged in full-time studies at Grenfell Campus. The purpose of the award is to offset the cost of travel to a Psychology conference (for example APICS, CPA or CSBBS). Funds must be used for travel to, and from a conference in the year it is awarded. Valued at $700, one award is available each academic year. Applications will be read and the recipient chosen by Psychology faculty at Grenfell Campus based on academic performance in Psychology courses and the merit of the proposal. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Program Chair, Psychology and the Scholarships Committee at Grenfell Campus.

Dr. James A. Wright Memorial Scholarship
One annually funded scholarship is established by a gift from Leprechaun Resources Ltd. in memory of Dr. James A. Wright, former professor in the Department of Earth Sciences. The scholarship, valued at $1,000, is available to full time undergraduate students in their second year of study at Memorial University of Newfoundland with a preference for students enrolling at Grenfell Campus. To be eligible, students must meet the minimum academic requirements for a scholarship and must have graduated from a high school on the West Coast of Newfoundland, as defined by the University. Preference will be given to students pursuing any area of study within the Faculty of Science or the Faculty of Engineering and Applied Science. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

6 Convocation Awards
Convocation Medals and Awards are given at the Spring Convocation each year however, students who graduated at the previous Fall Convocation will also be considered for these awards. The “scholarship year” shall be defined as “May 1-April 30”.

Governor-General’s Medals
Two Governor-General’s Medals are awarded at Convocation: the Gold Medal to the graduate student who achieves the highest academic standing in his/her Graduate degree program; and the Silver to the undergraduate student obtaining a first degree who stands highest in the graduating class and has an average of first-class standing.

The medal is awarded by the Dean of Graduate Studies to a student graduating at the Master's level who has demonstrated academic excellence in course work throughout his/her graduate program. One medal may be awarded in each academic year.

The University Medal for Excellence in a Thesis Based Master's Program
The medal is awarded by the Dean of Graduate Studies to a Master's candidate who has demonstrated excellence in the production of a thesis. One medal may be awarded in each academic year.

The Advisory Board Chair's Leadership Award
This award, established by the Advisory Board of the Faculty of Business Administration, is to be presented annually to the graduating business student (undergraduate) who has demonstrated the most chairperson-like characteristics through leadership in student affairs and service to the community during his or her university years. The award will be made by the Dean of the Faculty, on the advice of his colleagues, and in consultation with the Chair of the Advisory Board.

Association of Registered Nurses of Newfoundland and Labrador Award for Excellence in M.N. Program
The Association of Registered Nurses of Newfoundland and Labrador offers an annual award to three graduating students who have demonstrated excellence in nursing practice. One award will be given for the practicum route, one for the thesis route and one for the Nurse Practitioner route. For the practicum award, it will be based on a high quality practicum project as evaluated by the supervisor/co-supervisors. For the thesis award, it will be based on a high quality thesis as determined by review of both internal and external examiners. For the NP award, it will be based on recommendation of the program coordinator. In all cases the successful student must have achieved a minimum average of 75% in courses required for the program as well as hold an ARNNL license to practice. These awards are made at the annual Convocation. They will be awarded by the Dean, School of Graduate Studies based on a recommendation from the Director, School of Nursing.

The Association of Registered Nurses of Newfoundland and Labrador Award of Excellence in the Bachelor of Nursing (Collaborative) and Bachelor of Nursing (Post-RN) Programs
The Association of Registered Nurses of Newfoundland and Labrador offers a $200.00 Award of Excellence to two graduating students who have demonstrated excellence in nursing practice. One award will be given to a graduating student in the Bachelor of Nursing (Collaborative) program, and one to a graduating student in the Bachelor of Nursing (Post-RN) program.

The Austrian Ambassador's Prize
This prize, a book award, is to be awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of German and Russian, to a graduating student who has majored in German Language and Literature and has a consistently good academic record at the University.

The Captain Robert A. Bartlett Science Award
As a spontaneous expression of their admiration and affection for a man who has a lasting place in the history of polar exploration, the Explorers' Club of New York and two kindred organizations - the Wilderness Club of Philadelphia and the Harvard Travellers' Club of Massachusetts - donated a sum of money to this University, as a memorial to Captain Bartlett. The University has placed this money in a trust fund, the interest on which is the value of the award. It will be based primarily on academic excellence. Consideration may also be given to the demonstration of the spirit of scientific exploration. The award is made annually to a student graduating in Science, on the recommendation of the President.

The Brepsols Book Prize in Medieval Studies
Brepols Publishing, Turnhout, Belgium, an international academic publisher with a very strong interest in medieval studies, has agreed to donate a prize consisting of a book to be selected from their current catalogue, to be awarded each year to an outstanding student graduating with Medieval Studies as a second major. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Co-ordinator of Medieval Studies. If in any year there is an outstanding candidate in the opinion of the Co-ordinator, it will not be awarded.

The Reginald H. Brown Q.C. Memorial Scholarship
The Reginald H. Brown Q.C. Memorial Scholarship is established at Memorial University of Newfoundland in memory of Reginald H. Brown Q.C., through generous lead donations by Pamela Brown and Reg's colleagues at Cox & Palmer. Described as "a lawyer's lawyer", Reg Brown was a loyal friend and colleague who combined a very challenging and successful litigation practice with the leadership of his law firm as managing partner of Cox & Palmer, an Atlantic Canadian law firm established only two weeks before his death in early 2007. Reg balanced his demanding professional life and leadership in service of his profession and the community with the philosophy that family came first. The Reginald H. Brown Q.C. Memorial Scholarship is to be awarded at convocation to a student graduating from any area of study and accepted at law school. Selection will be made on the basis of academic excellence (with a minimum of scholarship standing) and demonstrated leadership qualities as epitomized by Reg in charitable, athletic, artistic or political endeavours, whether in student life or in the community at large. The scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

Dick Buehler Award in Theatre
This award is given to a student, at Spring Convocation, who has successfully completed all the Theatre courses or the requirements for the Diploma in Performance and Communications Media who will continue their training at an institution of higher learning or as an apprentice to an approved professional theatre or film company. Preference will be given to a student whose primary interest is in technical theatre. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Co-ordinator, Diploma in Performance and Communications Media.

The Faculty of Business Administration Advisory Board B.B.A. Award for Excellence
This award, established by the Advisory Board of the Faculty of Business Administration, is to be presented annually to an outstanding
student in the graduating class of the Bachelor of Business Administration program. The recipient will be selected based on a combination of academic performance, demonstrated leadership and general contribution within the program, the University, or the community. This award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean of the Faculty of Business Administration.

The Faculty of Business Administration Advisory Board B.Comm. (Co-op) Award for Excellence
This award, established by the Advisory Board of the Faculty of Business Administration, is to be presented annually to an outstanding student in the graduating class of the Bachelor of Commerce (Co-op) program. The recipient will be selected based on a combination of academic performance, demonstrated leadership and general contribution within the program. This award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean of the Faculty of Business Administration.

The Faculty of Business Administration Advisory Board M.B.A. Award for Excellence
This award, established by the Advisory Board of the Faculty of Business Administration, is to be presented annually to the outstanding student in the graduating class of the M.B.A. program. The recipient will be selected based on academic performance, demonstrated leadership and general contribution within the program. Selection will be made by the Scholarship Advisory Committee of the Faculty of Business Administration, acting on the advice of the Dean of the Faculty.

Faculty of Business Administration Dean's Award
These awards are made by the Dean of the Faculty, on the advice of his colleagues, to graduating students who have demonstrated academic excellence together with leadership qualities within the Faculty of Business Administration and/or the University.

Faculty of Business Administration Dean's MBA Award
This award is made by the Dean of the Faculty, on the advice of colleagues, to a graduating MBA student in recognition of academic excellence together with demonstrated leadership qualities in graduate student activities and service to the Faculty and/or the University.

The Canadian Association of Geographers (CAG) Award
The Canadian Association of Geographers (CAG) Award is given to the top student graduating with an Honours or General degree majoring in Geography in each university in Canada. The award at Memorial University of Newfoundland is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon a recommendation from the head of the Geography Department. Recipients receive a one-year membership in the association which includes a Subscription of The Canadian Geographer, a professional journal.

Canadian Society for Civil Engineering, CSCE, Newfoundland Section Convocation Award
Each year the local section of the Canadian Society for Civil Engineering awards a prize which consists of a certificate and $200.00 cash to the top student graduating with a Bachelor of Engineering - Civil, from Memorial University of Newfoundland. The successful candidate will have demonstrated commitment, dedication and consistent performance in academic as well as work terms. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Canadian Society of Mechanical Engineering Medal for Academic Excellence
Each year the Canadian Society of Mechanical Engineering awards a medal and certificate for outstanding achievement to a graduating student in the baccalaureate program in Mechanical Engineering who also demonstrates commitment, dedication and consistent performance in academic as well as work terms. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Chancellor's Graduate Award
The Chancellor's Graduate Award is given at Convocation to the student of the graduating class who has demonstrated the greatest leadership contribution to graduate student life and other areas of the community during his or her university years. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the President in consultation with the Dean, Student Affairs and Services and the Dean, School of Graduate Studies.

The Chancellor's Undergraduate Award
The Chancellor's Undergraduate Award is given at Convocation to the student of the graduating class who has demonstrated the greatest leadership contribution to undergraduate student life and other areas of the community during his or her university years. It is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on a recommendation from the President in consultation with the Dean, Student Affairs and Services.

The Senator Joan Cook Convocation Award in Canadian Politics
The Senator Joan Cook Convocation Award in Canadian Politics was established through generous donations from Senator Cook's friends and colleagues upon the occasion of her retirement from the Senate and in celebration of her long career in Canadian politics. This award will be given to an undergraduate student at convocation who has the highest average in their Canadian Politics Course during the last two years of their program. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Department Head, Political Science.

The Cox and Palmer Prize in Law and Society
This prize is for the student graduating from the Law and Society major or minor program with the highest academic average. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Dean's Honour Award in Engineering
This award is in recognition of outstanding contribution made to the Faculty of Engineering and Applied Science through leadership in student affairs and service to the community while maintaining high academic standing.

The David Dunsiger Award for Excellence
This award is for excellence in graduate studies in the Faculty of Engineering and Applied Science, and commemorates the contribution of Dr. A. David Dunsiger, a member of the Faculty of Engineering and Applied Science from 1974-79. It is awarded at the Spring Convocation to a graduate in the preceding year who produces work of outstanding quality. The recipient will be selected by the Faculty of Engineering Scholarship Advisory Committee, on the advice of the Dean of Engineering and Applied Science and the Dean of Graduate Studies.

The French Ambassador's Prize
This prize, the gift of the Ambassador of France to Canada, is a book award made at Convocation to an outstanding graduate whose major was French. The award is made on the recommendation of the Head of the Department of French and Spanish.

The Fry Family Foundation Leadership Award is presented to a graduate student who has been selected as Memorial University of...
Newfoundland’s most outstanding graduate student leader. It provides an award of $5,000.00 to the student who has contributed significantly to student life at Memorial University of Newfoundland, has assumed a variety of leadership responsibilities in various positions and has made a significant contribution to the betterment of their community. This award is given at Convocation to the student who has been selected to receive the Chancellor Award which is the most prestigious leadership recognition awarded by Memorial University of Newfoundland. This award will be made by the Dean, School of Graduate Studies.

Fry Family Foundation Undergraduate Leadership Award

The Fry Family Foundation Leadership Award is presented to an undergraduate student who has been selected as Memorial University of Newfoundland’s most outstanding student leader. It provides an award of $2,500.00 to the student who has contributed significantly to student life at Memorial University of Newfoundland, has assumed a variety of leadership responsibilities in various positions and has made a significant contribution to the betterment of their community. This award is given at Convocation to the student who has been selected to receive the scholarship, which is the most prestigious leadership recognition awarded by Memorial University of Newfoundland. This Award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards.

The Holy Heart of Mary Legacy Convocation Award

The Holy Heart of Mary Legacy Convocation Award was established in celebration of the 50th anniversary of the opening of Holy Heart of Mary High School in 1958. The fund was created with the generous support of the Alumni of that school to celebrate the legacy of excellence established by the school's founders the Sisters of Mercy and the Presentation Sisters. Valued at a portion of the income from the endowment it will be awarded at the Fall Convocation to a student graduating with a bachelor of Education (Intermediate/Secondary) who excelled academically as well as in the internship. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Education.

The A.C. Hunter Prize in English

The A.C. Hunter Prize in English, established by the late Mrs. A.C. Hunter in memory of her husband, formerly Head of the Departments of English and French, and Dean of Arts and Science at this University, has a value of $100.00 and is awarded annually at the Spring Convocation to the graduating student majoring in English who stands highest in the General Degree program. The prize is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The IEEE Newfoundland and Labrador Section Award

This award, which consists of a certificate and cash prize, is presented at the Spring Convocation to a graduating student in the Faculty of Engineering and Applied Science (Electrical and Computer Engineering Program) who has had a consistently good academic record in the professional courses required for the degree and who has made a significant contribution to the Faculty and to the IEEE student branch. It is awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

The Helen Jones Convocation Award for Excellence in English

This convocation award was established by her loving husband and colleague in memory of Professor Helen Jones, an inspiring and supportive teacher in the Department of English Language and Literature. Valued at a portion of the income from the endowment, it will be awarded annually to a student who is graduating with a Bachelor of Arts, honours or general degree, with a major in English, who has achieved the highest average mark in their English courses. In the event of more than one student sharing the highest mark, the award will be made to the student who has completed the largest number of English courses. The award will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of English Language and Literature.

Margaret Waterman Kelly Teaching Prize

This prize, valued at $500, is named in memory of Margaret Waterman Kelly, a teacher in pre-Confederation Newfoundland whose life exemplified the highest ideals of education and volunteerism. This prize was established by her daughter, Ursula Kelly, to commemorate this legacy. The prize will be awarded to a female student from Newfoundland and Labrador, enrolled in the Faculty of Education who, upon graduation with a Bachelor’s degree in Education (Primary, Elementary or Secondary) has demonstrated excellence in teaching combined with commitment to community service. The prize will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean, Faculty of Education.

The William J. May Prize in Post-Secondary Studies (Undergraduate)

This prize, valued at a portion of the annual income on the endowment, was established by friends and family of the late Mr. William J. May. Mr. May was Director of Technical and Vocational Education for the province for a number of years and received an Honorary Doctorate from Memorial University of Newfoundland for his contributions to that field. The prize will also consist of a small certificate suitable for framing and will be awarded to the graduating student of the graduating class who receives the Medal of Excellence for Post-Secondary Studies (formerly Vocational Education) in his/her graduating year. In a year when there is no suitable candidate it will not be awarded. The prize will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Education.

The MBA Award for Academic Excellence

This award is to be presented annually to the student in the graduating class of the MBA program who achieves the highest academic standing.

The Memorial University of Newfoundland English Student Society (MESS) Award

This award was established in 2000 as a result of funds raised by the Memorial University English Students’ Society (MESS) and the Faculty of English Language and Literature. The MESS Award recognizes the outstanding contribution to student life at Memorial University of Newfoundland made by the Memorial English Students’ Society. It will be awarded annually at the Spring Convocation to one or more graduating English Honours or Major students who have consistently good academic records and who have made outstanding contributions to student life. The award will be valued at the annual interest on the endowment and will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Department of English Language and Literature.

The Grace Morgan Prize in Biochemistry (Nutrition)

This prize is for the student graduating in honors Biochemistry (Nutrition) with the highest standing. The recipient must have obtained an overall average of at least 75%, completed the course program in the normal number of years and be recommended to the Senate Committee on Undergraduate Scholarships, Bursaries and Awards by the Head, Department of Biochemistry.

The Margaret Fitzpatrick Morgan Medal in Nursing

This award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Director, School of Nursing, Memorial University of Newfoundland.

The Harvey and Doris Murcell Scholarship in Religious Studies

This scholarship, donated to the University by Doris and the late Harvey Murcell of Harbour Grace, and valued at $500.00, is awarded to a graduating student majoring in Religious Studies. To be eligible for the award, a student must have scholarship standing. Financial
need, and the student's contribution to the Department of Religious Studies, may be considered. The award is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Religious Studies.

Newfoundland & Labrador Association of Social Workers’ Student Award
The Newfoundland and Labrador Branch of the Canadian Association of Social Workers makes this award annually to a graduating B.S.W. student selected by the Association in consultation with the School of Social Work.

Rick Morris Memorial Bursary
This bursary was established in memory of Rick Morris by his family and friends. Rick was a caring individual who was deeply committed to Newfoundland and worked with a variety of individuals, organizations, and government. He was a mentor to many helping professionals who regularly sought his counsel on personal and professional issues. He was deeply concerned with violence against individuals, particularly women, children, and the survivors of Mount Cashel. He was involved in the establishment of Unified Family Court's mediation services and frequently collaborated with the aboriginal and senior's communities. The bursary, valued at a portion of the income from the endowment, will be awarded annually to a student who is in financial need and meets the minimum academic requirements for a bursary. It will be awarded on a rotating basis to a student enrolled in one of the following academic areas: Year 1: School of Social Work, Year 2: Faculty of Education, Year 3: School of Human Kinetics and Recreation, Year 4: Department of Women's Studies, and Year 5: School of Nursing. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head of the Unit for which the bursary is being awarded.

The Newfoundland & Labrador Teachers’ Association Medal
This medal is awarded to a graduating student in Education who has had a consistently good academic record in the professional courses required for the degree and who has made an outstanding contribution to the Faculty of Education and to the University.

Professional Engineers and Geoscientists Newfoundland and Labrador Anniversary Award
The Professional Engineers and Geoscientists Newfoundland and Labrador offers an Award in the Faculty of Engineering and Applied Science to mark the occasion of fifty years of Engineering education at Memorial University of Newfoundland. The award, to be tenable by a student in each year's graduating class, is to be awarded on the following conditions:

a. high academic standing;

b. outstanding leadership qualities;

c. involvement in extracurricular activities;

d. all-round contribution.

The selection of the winner is to be based on the recommendation of a Selection Committee within the Faculty.

Professional Engineers and Geoscientists Newfoundland and Labrador Award for Excellence
The Professional Engineers and Geoscientists Newfoundland and Labrador has established an “Award for Excellence”, which may be made to a student at Memorial University of Newfoundland who obtains an Engineering degree in not more than eight consecutive academic terms and who has completed the prescribed courses with the highest average mark in all the courses. This award takes the form of a framed "Award for Excellence", suitably engraved, and presented by PEGNL at or about the time of Convocation.

Professional Engineers and Geoscientists Newfoundland and Labrador Award for Excellence in Geoscience
The Professional Engineers and Geoscientists Newfoundland and Labrador have established an award for excellence in Geoscience which shall be awarded to the graduating student at Memorial University of Newfoundland who has shown the highest degree of academic excellence during his/her geoscience education. It takes the form of a framed "Award for Excellence" which is engraved and presented by PEGNL on or about the time of convocation. The award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Earth Sciences.

The Prize of the Ambassador of the Federal Republic of Germany
This prize, a book award, the gift of the Ambassador of the Federal Republic of Germany in Canada, is to be awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of German and Russian, to a graduating student who has majored in German Language and Literature and has a consistently good academic record at the University.

Drs. James and Leslie Rourke Dean’s Convocation Award in Medicine
This award has been established by a generous donation from Dr. James Rourke, who started as Dean of Medicine in 2004, and Dr. Leslie Rourke. The award recipient will be the graduating medical student who has made an outstanding contribution to bettering the lives of others through volunteer work and humanitarian acts while maintaining high academic standing. Consideration will be given to students who have exhibited the following characteristics: altruism, kindness and compassion. The award, valued at a portion of the income from the endowment, is made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the basis of a recommendation from the Dean, Faculty of Medicine. The Office of Student Affairs of the Faculty of Medicine will assist the Dean in his or her choice of an appropriate candidate.

The Society of Chemical Industry Merit Award
The student graduating in Honours Chemistry and Biochemistry with the highest standing will receive a suitably engraved gold key and a year's Subscription to Chemistry and Industry. The recipient must have obtained an overall average of at least 75%, completed the course program in the normal number of years, and be recommended to the Senate Committee on Undergraduate Scholarships, Bursaries and Awards by the Heads, Department of Chemistry and Biochemistry.

The Spanish Ambassador’s Prize
This Prize, the gift of the Ambassador of Spain to Canada, is a book award made at Convocation to an outstanding graduate whose major or minor was Spanish. The award is made on the recommendation of the Head of the Department of French and Spanish.

The George M. Story Convocation Medal in Arts
This award was established in memory of Dr. George M. Story, Professor Emeritus of Memorial University of Newfoundland. The medal and the $100.00 prize are awarded to a student graduating with a Bachelor of Arts who has demonstrated, as did Dr. Story, both academic excellence and a strong commitment to serving the University and the community. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean of Arts.

The Swiss Ambassador’s Prize
One prize in French and one in German are awarded annually to graduating students who have majored in these languages. The prize in French is awarded on the recommendation of the Head, Department of French and Spanish, and the prize in German on the recommendation of the Head, Department of German and Russian.

The Leslie Thoms Convocation Award
This award, valued at the interest on an endowment, was provided by friends and family of the late Mr. Thoms. It will be awarded at
convocation to the undergraduate student of the graduating class who has shown positive, outstanding leadership in student affairs and activities during his or her university career while carrying a full-time course load for the majority of their undergraduate studies and maintaining good academic standing. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Student Affairs and Services.

**The Moire A. Wadleigh Graduate Award for Excellence in Environmental Science**
This award for graduate students in the Environmental Science Program was established in memory of Dr. Moire A. Wadleigh, friend and colleague, caring teacher, dedicated scientist and beacon of excellence in Environmental Science and Geoscience. Two awards will be presented annually: one to the student completing the best Master of Science thesis in Environmental Science within the previous 12 months, the second to the student in the Master of Environmental Science program with the best project and report completed in that year. Successful students must have achieved an average of at least 80% in courses required for the program. Awards will be made by the Dean of Graduate Studies upon recommendation of the Board of Studies of the Graduate Program in Environmental Science.

**The Dr. James L. Walker Convocation Award**
This award was established in memory of Dr. James L. Walker, a Brandon University department head, psychology professor and research consultant whose innovative teaching, socially relevant research and integration of research into treatment programs for Alzheimer’s patients transformed the lives of students, colleagues and patients. Valued at $1,000, it will be awarded at convocation to a graduate student in the program who has demonstrated both academic excellence (a minimum of clear standing) and leadership within their community. The award will be conferred by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Psychology.

**The Captain George C. Whiteley English Prize**
This prize is the gift of Mr. George C. Whiteley, Jr., a student of Memorial University College, 1926-27, in memory of his father, the late Captain George C. Whiteley. The prize, of the value of $100.00, is awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of English Language and Literature, to the student who graduates with B.A.(Hons.) in English with the highest standing. In the event that at any convocation there is no Honours graduate, the prize may be awarded to a graduating student of outstanding academic merit and promise in the General Degree program who is selected and recommended for the award by the Department of English. Other things being equal, the prize will be awarded to a student who has produced original work of literary merit.

### 7 Scholarships, Bursaries, and Awards Available for Undergraduate Students for Study Outside Newfoundland and Labrador

**The Gordon Billard Award in Education**
A donation has been made to Memorial University of Newfoundland by Mr. Gordon Billard for the purpose of establishing a fund to provide financial assistance to Education students who live at the University’s Harlow campus while undertaking approved studies in Great Britain. The award is intended to enhance the student’s educational experience in Britain. Its value will be based on the annual interest on the fund. It will be awarded during the Spring Semester by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Student Affairs and Services. Academic achievement and financial need will be considered.

**The Coca-Cola Scholarship for International Studies**
This scholarship, valued at the annual interest on its endowment, has been established from contributions to the University’s Opportunity Fund Campaign by The Coca-Cola Foundation. It will be awarded to a student who has completed at least two years of a degree program at Memorial University of Newfoundland and has been accepted to attend a recognized university outside Canada for one or two semesters of study for transfer credit to Memorial University of Newfoundland towards completion of his/her undergraduate degree.

**Paddy Dobbin Scholarship in the Faculty of Business Administration**
The Paddy Dobbin Scholarship is endowed through a gift from the Dobbin family members (children and grandchildren) in memory of Paddy Dobbin, a St. John’s native who married Rita Power on March 17, 1929. From his early life Paddy demonstrated a strong entrepreneurial spirit, a man not afraid of hard work or taking risks. He instilled these qualities in his eleven children. Paddy guided with much love and a spirit that anything was possible. Through example, he taught his children to never fear challenges, feeling there was always something to be learned. The scholarship is open to undergraduate students of scholarship standing, enrolled in the Faculty of Business Administration in the International Bachelor of Business Administration (iBBA) program, who have been accepted for, but not yet undertaken, the study abroad component of their program. Preference will be given to students who have been active in extracurricular activities at Memorial University of Newfoundland and/or in the community. The scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

**The Harlow Development Corporation Scholarship Trust**
The Harlow Development Corporation, Harlow, England, has made a grant to establish a scholarship fund to financially assist students from Memorial University of Newfoundland who wish to live at the University’s Harlow campus while undertaking approved studies in Great Britain. The fund will also provide scholarships to students who are residents of Harlow and who wish to study at Memorial University of Newfoundland, or some other institute of learning, in Newfoundland. It is hoped that interest on the fund will finance five or six annual scholarships at £250 each. The online application can be found at www.mun.ca/scholarships/harlow.

**Harlow Travel Awards**
A number of travel awards, each valued to a maximum of £250 will be awarded to full-time undergraduate students registered at the Harlow Campus in a Memorial University of Newfoundland approved program. Preference will be given to students who are permanent residents of the Province of Newfoundland and Labrador and are attending the Harlow Campus for a minimum of six consecutive weeks residing on the campus for the duration of the award. Eligibility for these awards requires a minimum of clear academic standing in the previous scholarship year. The awards will be made by the Senate Committee on Undergraduate Scholarships and Financial Aid upon the recommendation of the Harlow Scholarship Trustees. The online application can be found at www.mun.ca/scholarships/harlow.

**The Ann Elizabeth Crosbie (Perlin) Harvey Memorial Scholarship**
This scholarship, valued at the interest on an endowment, was established by The Perlin Family Trust to assist undergraduate students from Memorial University of Newfoundland who wish to pursue their studies at the Harlow Campus in Harlow, England. It will be awarded on the basis of scholarship standing with preference being given to students studying Theatre, and/or Drama Studies. The online application can be found at www.mun.ca/scholarships/harlow.

**The Elizabeth C. Hesson Memorial Scholarship in German**
This scholarship was established in memory of Dr. Elizabeth C. Hesson, Head of the Department of German and Russian from 1986 to 1989 and a member of that Department from 1969 to 1989, through the generosity of her family, colleagues and friends. The scholarship...
A Rhodes Scholarship is tenable at the University of Oxford and may be held for three years. Since, however, the majority of Rhodes Scholars have been women, in addition to academic excellence, financial need may be taken into account. This scholarship will not necessarily be awarded every academic year.

The A.C. Hunter Travel Award in French
This award has a value of not less than $600.00 and is awarded annually. It has been established in memory of Dean A.C. Hunter through the generosity of Mrs. Hunter, the Provincial Government of Newfoundland, the Board of Regents of Memorial University of Newfoundland and Dean Hunter's former students and friends. The award shall take the form of a travel grant to a student, in second year or beyond, majoring or minoring in French who wishes to pursue a program of study of one or more semesters' duration, in French language, literature or culture, at a recognized institution in metropolitan France. Eligibility for this award requires a minimum of clear academic standing (as defined by the University) in the previous scholarship year. The award shall be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Department of French and Spanish.

The Muriel H. Hunter Award in Spanish
This award, valued at $600.00, is awarded out of income derived from a bequest to the University by the late Mrs. Muriel H. Hunter, wife of the late Dr. A.C. Hunter and former Lecturer in Spanish at the Memorial University College. The award shall take the form of a travel grant to a student, in second year or beyond, majoring or minoring in Spanish who wishes to pursue a program of study of one or more semesters' duration, in Spanish or Spanish-American language, literature or culture, at a recognized institution in metropolitan Spanish or Latin America. Eligibility for this award requires a minimum of clear academic standing (as defined by the University) in the previous scholarship year. The award shall be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, on the recommendation of the Department of French and Spanish.

The H.H. Jackson Travel Scholarship in German
This scholarship was established upon the retirement of Dr. Herbert H. Jackson, Professor Emeritus and first Head of the Department of German and Russian from 1967 to 1989, through the generosity of his colleagues and students. The scholarship has a minimum value of $500.00 and is awarded annually by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards, upon the recommendation of the Department Head, to a candidate who has completed at least the second year of study at Memorial University of Newfoundland, has demonstrated a high level of academic performance in German, and is planning to undertake a program of studies and/or work assignment in a German-speaking country.

The Arthur and Sonia May Scholarship
The scholarship, which is expected to be between $4,000 and $5,000 (based on the annual interest on its endowment), has been established by Arthur and Sonia May on the occasion of the University’s 50th Anniversary as a degree granting institution, and in gratitude for the outstanding experience they enjoyed as students. It will be awarded to a student who has completed at least two years of a degree program at Memorial University of Newfoundland and who has been accepted to attend a recognized university outside Canada for one or two semesters of study for transfer credit to Memorial University of Newfoundland towards completion of his/her undergraduate degree. Applications may be made to the Scholarships, Bursaries and Awards Office, Room 4018, University Centre on or before March 31.

The Dr. M.O. and Grace Morgan Harlow Bursary
This bursary, valued at a portion of the annual accrued interest on an endowment to Memorial University of Newfoundland from the estate of Dr. and Mrs. Morgan, was established to encourage and assist undergraduate students to attend the University’s Harlow Campus. It is open to full-time Memorial University of Newfoundland students attending the Harlow Campus. Up to three bursaries of equal value will be awarded annually to two students in the Faculty of Education (one each in the Spring and Fall semesters) and one to a student in any field of study (in the Winter semester). Bursaries awarded in Fall and Spring will be based on a recommendation from the Dean, Faculty of Education. These bursaries will be awarded by the Senate Committee on Undergraduate Scholarships and Financial Aid. An application is required to identify those students planning to attend Harlow in the winter semester only and may be obtained online at www.mun.ca/scholarships/harlow.

The Patti Lynn Noonan Memorial Harlow Travel Bursary
This Bursary, valued at a portion of the income from the endowment, is established in memory of Patti Lynn Noonan by her family. Patti-Lynn’s motto was “Live life to the fullest and appreciate it and always tell the people you love that you love them”. Patti Lynn will always be remembered for her smile, her laughter, her love of life, her devotion to family, friends and the students in her care, her courage and her determination. Patti Lynn’s experience at Harlow was a highlight of her time at Memorial University of Newfoundland. The purpose of the Bursary is to enable the recipient to travel outside of Harlow while studying at Memorial University of Newfoundland's Harlow campus. To be eligible, students must have demonstrated financial need, be in good academic standing, and be accepted to study at the Harlow campus. Preference will be given to students enrolled in the Faculty of Education. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards based on the recommendation of the Dean of the Faculty of Education.

A Pittman Harlow Travel Award
The A Pittman Harlow Travel Award has been established in his memory by Al Pittman’s friends and family. Mr. Pittman was one of Newfoundland’s most esteemed poets and playwrights and he believed that observing the different helps us to see the familiar in a new light. Therefore, travel, in enabling us to experience a different place, culture and context, has the power to heighten and enhance our perspective of home. The award will go to a student in the fourth year of study in the Theatre Program at Grenfell Campus who best exhibits a passion for and commitment to theatre, as well as an appreciation of place and how physical and cultural landscape can impact the way we experience the world and who meets the minimum academic requirements for an award. The Award will be made at the beginning of the semester in which the student is scheduled to depart for England (for approved study at the Harlow campus) and will be valued at a portion of the income on the endowment. This scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards and the recommendation of the Program Chair, Theatre and the Scholarship Committee at Grenfell Campus.

The Gar Pynn Memorial Harlow Scholarship
This scholarship is endowed through a gift from Marg Pynn, family, and friends in memory of Gar Pynn, past director and faculty member of the Faculty of Business Administration. Eligible candidates must be full-time undergraduate students in the Faculty of Business Administration, and have scholarship standing. Preference will be given to students applying to complete an academic term at Memorial University of Newfoundland's Harlow Campus. The scholarship, valued at a portion of the income on the investment, will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration.

The Rhodes Scholarship
A Rhodes Scholarship is tenable at the University of Oxford and may be held for three years. Since, however, the majority of Rhodes Scholars obtain standing which enables them to take a degree in two years, appointments are made for two years in the first instance.
Scholars may, however, hold the Scholarship for only 1 year. Those Scholars who elect to read for a D.Phil. at the time of admission may apply for a third year on stipend. The Rhodes Scholar must present a definite plan of study for that period satisfactory to his/her College and to the Rhodes Trustees. A Rhodes Scholar may apply to any one of the courses of study available at the University of Oxford, subject to the consent of the college or, in the case of graduate study, the relevant faculty or department.

The stipend of a Rhodes Scholarship consists of a direct payment to the University and to the Scholar's College of approved fees (such as matriculation, tuition, laboratory fees, and certain other set charges), plus a maintenance allowance, which is paid directly to the Scholar at the rate of at least £3,469 per annum to cover board, lodging and other expenses. The sum provided should be sufficient to enable a Scholar to meet the necessary expenses for term-time and vacations, but those who can afford to supplement it to a modest extent from their own resources are advised to do so. Reasonable travel expenses to and from Oxford will be paid by the Trust. Application forms containing full particulars can be obtained from the Secretary of the Selection Committee for the Province of Newfoundland or from the Scholarships, Bursaries and Awards Office at Memorial University of Newfoundland. Inquiries may be directed in writing to the Secretary of the Selection Committee to Dr. S. Ann Colbourne, 88 Hugh's Pond Road, Portugal Cove-St. Philips, N.L. A1M 2C6, by telephone to (709) 777-5219, by fax to (709) 777-5849, or email to acolbourne@nl.rogers.com.

The Rothermere Harlow Travel Bursary

The Rothermere Harlow Travel Bursary was established in 2006 by the Rothermere Foundation to enable full-time undergraduate students to attend a complete semester of study at the Harlow Campus of Memorial University of Newfoundland. Four bursaries, valued at £2,500 each, are awarded annually to students in financial need who have a minimum GPA of 2 (out of a possible 4). The first preference in awarding this bursary will be to students from communities in Central Newfoundland. If there are not enough eligible candidates from Central Newfoundland in a given year then students from other regions of Newfoundland and Labrador may be considered. The bursaries will be awarded by the Senate Committee on Undergraduate Scholarships and Financial Aid based on a recommendation from the Scholarship Committee of the Harlow Campus Trust. The online application can be found at www.mun.ca/scholarships/harlow.

Dr. Edmund de Rothschild Harlow Travel Bursary

This bursary was established to enhance the student's educational experience while studying at Memorial University of Newfoundland's Harlow Campus, by providing funds to defray cost of travel and field work. Travel bursaries valued at a portion of the accrued interest on the endowed fund to a maximum of £250.00 will be awarded to full-time, undergraduate students registered at the Harlow Campus in a program approved by Memorial University of Newfoundland. The bursary will be awarded by the Senate Committee on Undergraduate Scholarships and Financial Aid and will be based on need. Eligibility for a bursary requires a minimum overall cumulative GPA of 2. Applicants will be asked to provide a letter of recommendation from a faculty member, including confirmation that the travel is in support of the approved program. If required, the Scholarships and Awards Office will follow-up with applicants as needed.

The Scotiabank Bursaries for International Study

These bursaries, funded by a generous donation from Scotiabank to The Opportunity Fund, are intended to help students broaden their educational experience and cultivate an international perspective through study abroad while pursuing studies in the Faculty of Arts at Memorial University of Newfoundland. Fifteen or more bursaries will be available, with approximately ten at the undergraduate level valued at $1,000.00 each and five at the graduate level valued at $2,000.00 each. The undergraduate bursaries will be awarded on the basis of scholarship standing to full-time students who are participating in one of the overseas Field Schools or study abroad opportunities sponsored by the Faculty of Arts. These programs include the Arts semester in Harlow (every Fall) as well as Summer programs at Harlow and in other countries such as Ireland, Malta, Russia, etc. In addition, students wishing to participate in formal exchange programs through the faculty of Arts, such as those with the University of Keele, will also qualify. The graduate bursaries will be based on academics as well and will assist full-time Faculty of Arts master's and doctoral students (including those in interdisciplinary programs) to travel to other countries for the purpose of thesis research and thesis-related study. In both cases financial need may be taken into consideration. In the case of undergraduates the bursaries will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates they will be awarded by the Dean, School of Graduate Studies. In both cases the bursaries will be awarded on the basis of a recommendation from the Dean, Faculty of Arts.

8 Government of Newfoundland and Labrador Scholarships

8.1 For Students Graduating From High School

The following scholarships are made available by the Government of Newfoundland and Labrador and are awarded by the Minister of Education to high school students in the province. They are based on the Department of Education scholarship score which is derived from the results of public exams. In excess of 200 scholarships are awarded each year.

a. The Junior Jubilee Scholarship

This scholarship has a value of $2,500.00. It is awarded annually to the high school graduate who achieves the highest Department of Education scholarship score.

b. The Electoral District Scholarships

These scholarships, valued at $1,000.00 each, are awarded annually to the three high school graduates in each electoral district who achieve the highest Department of Education scholarship score.

c. The Centenary of Responsible Government Scholarships

Fifty-five scholarships, valued at $1,000.00 each, are awarded to high school graduates based on the Department of Education scholarship score provided they have not already been awarded another government scholarship.

d. Constable W.C. Moss Scholarship

This scholarship has a value of $1,000.00. It is awarded annually to a son or daughter of a member of the Royal Newfoundland Constabulary, or of the Royal Canadian Mounted Police (active, retired or deceased), who achieves the highest Department of Education scholarship score. The Constable W.C. Moss Scholarship requires an application which is available from high school principals.

8.2 For Undergraduate Students in Attendance at Memorial University of Newfoundland

a. The Centenary of Responsible Government Scholarships

The Government of Newfoundland and Labrador provides these scholarships, valued at $1,000.00 each, to students pursuing an undergraduate program of study. These scholarships are awarded by the Minister of Education on the recommendation of the Senate Committee on Undergraduate Scholarships, Bursaries and Awards at Memorial University of Newfoundland. They are awarded on the basis of scholarship standing and no application is necessary.
b. The Senior Jubilee Scholarship
The Senior Jubilee Scholarship, valued at $3,000.00, is provided by the Government of Newfoundland and Labrador. It is awarded annually by the Minister of Education on the recommendation of the Senate Committee on Undergraduate Scholarships, Bursaries and Awards at Memorial University of Newfoundland, to the student at the University who attains the highest average in the courses completed during the first two semesters of their second academic year. No application is necessary.

c. The Doctor Arthur Barnes Scholarship
The Doctor William W. Blackall Scholarship
The Doctor Vincent P. Burke Scholarship
The Reverend Doctor Levi Curtis Scholarship
The Ronald K. Kennedy Scholarship

These scholarships, valued at $1,200.00 each, are provided by the Government of Newfoundland and Labrador. They are awarded annually by the Minister of Education on the recommendation of the Senate Committee on Undergraduate Scholarships, Bursaries and Awards at Memorial University of Newfoundland, to students who have completed two years of a degree program at the University. They are awarded on the basis of scholarship standing and no application is necessary. Normally these scholarships are tenable at Memorial University of Newfoundland but in special circumstances may be held elsewhere.

The values of the above awards are subject to change.

9 Scholarships, Bursaries, and Awards Administered By Other Authorities

Association of Registered Nurses of Newfoundland and Labrador Education and Research Trust
The AARNL Education and Research Trust has established a scholarship and bursary program for students enrolled in a Bachelor of Nursing (BN) program at Newfoundland and Labrador School of Nursing, and for Registered Nurses pursuing continuing education at the baccalaureate, master and doctorate levels. The awards range in value from $500 to $2000. Information and application forms may be obtained from the Education and Research Trust website www.armnl.ca/trust or by contacting the Trust at trust@armnl.ca. Deadline for application is October 15.

The Baxter Corporation - Jean Goodwill Scholarship
Two $5,000 scholarships sponsored by Baxter Corporation, are awarded annually, and are administered by the Association of Indian and Inuit Nurses of Canada. The aim of the scholarships is to encourage nurses of Indian and Inuit ancestry who intend to serve in the Northwest Territories or Yukon, by helping them obtain the specialized knowledge they will require.

Consideration will be given to applicants of Indian and Inuit ancestry who intend to serve in the North, including:

a. Students who are graduating from a registered nurses' course and are accepted into one of the following specialized training programs:
   i. community health nursing,
   ii. outpost nursing,
   iii. midwifery;

b. Graduate nurses already serving in isolated communities, who are accepted into one of the specialized training programs listed above;

c. Those who are or will be enrolled in a Bachelor level nursing program.

The successful applicant must provide documentation of his/her efforts to secure employment in isolated norther native communities. Completed applications must be received by the President of the Indian and Inuit Nursing of Canada by July 1 each year. Successful candidates will be notified by August 1. Further information may be obtained by writing to Aboriginal Nurses Association of Canada, 55 Murray Street, 3rd Floor, Ottawa, Ontario K1N 5M3 or by telephone to (613)230-1864 or by fax: to (613)230-1542.

The Patricia Blackburn Memorial Bursary Fund
This fund has been established at Grenfell Campus, Memorial University of Newfoundland, in memory of Patricia Blackburn and her grandson Erik Blackburn. The annual income is to be used at the discretion of the Principal to facilitate or improve the educational opportunities of deserving young people from rural Newfoundland & Labrador. The fund will assist one or more promising students who would otherwise be unable to attend or continue university.

The Bristol Laboratories of Canada Prize
This prize of $200.00 is to be used for the purchase of Medical books. It is to be awarded to a first-year medical student on the basis of academic performance as well as the interests and the needs of the student. Works on Pharmacology and Therapeutics will ordinarily be included in the books selected. The award is made by the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

Calder Scholarship
The Calder Scholarship, valued at $500.00 has been created by the Town of Burgeo to honour Drs. Mike and Ann Calder for their combined sixty years of service to the town. It will be awarded annually to a student who has graduated from a school in Burgeo, who is enrolled in a post-secondary program of studies which leads to a career in the health care field. Students must apply, prior to November 30, on an application form provided by the Town of Burgeo. Students in any year of their programs may apply.

Cal Callahan Memorial Bursary
Each year this Association offers a bursary, or bursaries, totalling six thousand dollars ($6,000.00) to sons, daughters, or legal wards of persons who derive their principal income from the Pipeline Industry and whose employers are Members of this Association. The purpose of these bursaries is to give financial assistance to students who are beginning undergraduate studies in a full program leading to a Degree or Certificate in any field, at a recognized University or College in Canada. Selection will be made by the Executive Committee, based upon scholastic record and financial need, provided the applicant otherwise qualifies. Applications may be obtained from the Pipe Line Contractors Association of Canada, Suite 720, 5915 Airport Road, Mississauga, Ontario, L4V 1T1, and must be returned by not later than September 30th accompanied by a receipt or other proof of enrollment.

Canadian Armed Forces University Training Plans
Selected students may qualify for financial assistance through these Canadian Armed Forces University Training Plans: the Regular Officer Training Plan (ROTP); the Regular Officer Training Plan (ROTP-Coop, M.U.N. only); the Dental Officer Training Plan (DOTP); the Medical Officer Training Plan (MOTP); and the Reserve Entry Scheme Officers (RESOP). Full details may be obtained in writing from The Canadian Forces Recruiting Centre, Government of Canada Building, 354 Water Street, St. John’s, NL, A1C 1C4 or The Canadian
**Scholarships, Bursaries and Awards 2011-2012**

**Canadian Federation of University Women (Saint John, NB) Jean Flemming Memorial Scholarship for Mature Students - $1,500**

The Canadian Federation of University Women – Saint John offers this scholarship to a mature female student pursuing degree studies at a Canadian university. Eligible candidates must be over 24 years of age, a resident of the greater Saint John area, and have completed a minimum of 30 credit hours – equivalent of one full year of study. The priority considerations in awarding the scholarship are academic merit and financial need. Preference will be given to those pursuing a degree on a full-time basis or who agree to register on a full-time basis on receipt of the scholarship.

**The Canadian Gerontological Nursing Association**

Sancella/CGNA Nursing Scholarship - 2 awards of $1000.00. The purpose is to provide support to outstanding Registered Nurses undergoing further education in either an undergraduate nursing degree program, or a post graduate degree program that is relevant to career development in the field of Gerontological Nursing.

The candidate must:
- Be a member of the Canadian Gerontological Nursing Association.
- Be registered to practice nursing in a Canadian Province.
- Have gained acceptance to a suitable full-time program in a recognized educational institution at the time of taking up the award.
- Exhibit interest in and potential for, a career in Gerontological nursing in Canada.
- Be a Canadian citizen or permanent resident at the time of taking up the award.

The scholarship is administered by the CGNA and further information regarding criteria can be obtained by writing to CGNA, c/o Nancy Bol, Parkwood Hospital, 801 Commissioners Rd. E., London, Ontario N6C 5J1.

**Canadian Hydrographic Association Awards**

A sum of two thousand dollars ($2,000.00) will be awarded to a full-time student in second year of a science or survey program at a bona fide university or a technological college in Canada. The award is intended to assist a deserving student in financing his/her education in a field related to survey sciences. The award will be made annually to the student judged the most deserving based on the information contained in the applications received. The applications are available from the Canadian Hydrographic Association, Institute of Ocean Sciences, 9860 West Saanich Road, Sidney, B.C. B8L 4B2, Attention: Barry M. Lusk. C.L.S.

**Canadian Lung Association Fellowship/Research Grant Program**

From funds provided by the Christmas Seal Campaign, fellowships and research grants are awarded by the Canadian Lung Association on recommendations from the Canadian Thoracic Society, Canadian Nurses’ Respiratory Society, and Physiotherapy Section.

Through the Canadian Thoracic Society, fellowships are awarded to physicians or to those holding doctorate degrees in the health sciences for periods of research training in the area of respiratory disease.

Through the Canadian Nurses’ Respiratory Society, fellowships and research grants are awarded in the area of respiratory nursing at the Master’s or post-Master’s level.

The Physiotherapy Section of the Canadian Lung Association offers fellowships to physiotherapists pursuing post-graduate training, with respiratory research as the major component.

Information and application forms may be obtained in writing to Canadian Lung Association, 75 Albert Street, Suite 908, Ottawa, Ontario, K1P 5E7.

**Canadian Nurses Foundation Scholarships & Fellowships Competition**

Scholarships and fellowships are awarded to nurses pursuing education at the baccalaureate, master and doctoral levels. In addition to non-specific studies, awards are available for specific area of practice such as northern nursing, occupational health, dialysis nursing, neurological nursing, oncology nursing, community health, gerontology nursing, pediatric nursing and nursing administration. Applications must be members of CNA and CNF, be Canadian citizens and agree to work in Canada for a period of one year for each year of financial assistance. Application forms are available from their website www.canadiannursesfoundation.com or in writing to Canadian Nurses Foundation, 50 Onondaga Dr., Ottawa, Ontario K2P 1E2 or by telephone to (613)237-2133 or by fax to (613)237-3520.

**Canadian Soroptimist Grants for Women - $5,000.00**

This grant is available to female students pursuing a course of studies leading to a career of service to people who are in their final year of a four year undergraduate program. Further information may be obtained in writing to Soroptimist Foundation of Canada, c/o Doreen Dodd, St. Paul’s College, Westminster Rd., N., Waterloo, Ontario N2L 3G5.

**The Canadian Union of Public Employees, Local 1516, Scholarships**

CUPE Local 1615 offers five scholarships annually valued at $500 each. The scholarships are available to students entering or already in a program of study at Memorial University of Newfoundland or a two-year program at any other recognized institution in St. John’s or Corner Brook, who are children of CUPE Local 1615 members. The scholarships are awarded by the CUPE Scholarship Committee on the basis of academic ability only. Application forms are available from the CUPE Local 1615 Scholarship Committee.

**The CANQUA ‘95 Undergraduate Research Awards**

The national meeting of the Canadian Quaternary Association (CANQUA) was hosted by Memorial University of Newfoundland in 1995. As part of the legacy of that meeting, CANQUA is pleased to announce the creation of an undergraduate research award in Quaternary studies at Memorial University of Newfoundland. The award, valued at $200, is intended to support honours thesis research in any discipline related to the Quaternary Period. Two additional awards of one-year membership in CANQUA (including journal Subscription) will be granted in the same competition. Candidates will be selected on the basis of a submitted research proposal and academic excellence. Application forms and guidelines are available from, and should be submitted to, the Geography Department. Deadline date for submission of applications is March 31.

**Children of War Dead (Education Assistance) Act**

This Act provides fees and monthly allowances for children of veterans whose death was attributable to military service. Inquiries should be directed to the nearest District Office of the Department of Veterans Affairs.

**CIBA Student Award**

The CIBA collection of medical illustrations provided by CIBA Pharmaceuticals is presented annually to the first-year student showing the most promise in the field of Anatomy. The award is made by the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

**The Co-op Atlantic McEwen Scholarship**

To honour the memory of Wesley H. McEwen, Co-op Atlantic annually offers two university entrance scholarships of $1000.00 each per year, available to a student for up to four years. The awards help deserving students reach their educational goals and are designed to improve understanding and knowledge of co-operation and co-operatives. Applicants must be (a) a full-time employee, or the dependent of a full-time employee, of Co-op Atlantic or one of its member co-operatives; or (b) dependents of members or members of member co-operatives of Co-op Atlantic. Further information may be obtained in writing to The Manager, Corporate Administrative Services, Co-op
Atlantic, P.O. Box 750, Moncton, New Brunswick E1C 8N5.

The Donald E. Curren Scholarships

These scholarships (four of $1000.00 each and four of $500.00 each) are open to mobility impaired students who have been accepted by a university in the Atlantic Provinces, with preference to paraplegics and quadriplegics. The scholarships will be awarded on merit, and on such other criteria as the Selection Committee may determine. Recipients must be Canadian citizens or permanent residents, and residents of the Atlantic Provinces. Application deadline is July 15. Application forms may be obtained in writing to Donald E. Curren Scholarship Fund, c/o Canadian Paraplegic Association, Nova Scotia Division, 5599 Fenwick Street, Halifax, Nova Scotia B3H 1R2.

Dr. Wynanne Downer Award for Women

This award was established by the Canadian Federation of University Women, Corner Brook Club, in memory of Dr. Wynanne Downer who was a founding member. The award, valued at a minimum of $500.00 will be made to a female student from Newfoundland and Labrador who is pursuing a degree at Grenfell Campus. The award will be made annually by the members of the CFUW, Corner Brook. Preferences for this award will be given to a mature female student (twenty-one years or older), who is in good academic standing and beyond her first year of studies. Financial need will be considered. Applications for this award are available from the Scholarships and Awards Office, Memorial University of Newfoundland, Room 4018, University Centre, St. John’s, NL, A1C 5S7, or the Student Affairs Office, Grenfell Campus, Room AS233, Corner Brook, NL A2H 6P9.

Epilepsy Newfoundland and Labrador

a. The Jim Hierlihy Memorial Scholarship

This scholarship, valued at $1000, will be awarded annually to an undergraduate student at any post-secondary institution in Canada or the United States, who have diagnosed epilepsy and are a member in good standing of Epilepsy Newfoundland and Labrador, at the time of scholarship application. Evaluations will be based on a combination of the applicant’s grades, extracurricular activities, and financial aid.

b. The Mature Student Scholarship

This scholarship, valued at $1000, will be awarded annually to an undergraduate student at any post-secondary institution in Canada or the United States, who is at least 21 years of age, who has diagnosed epilepsy and is a member in good standing of Epilepsy Newfoundland and Labrador, at the time of scholarship application. Current board or staff members are not eligible to apply for these scholarships. Former board or staff members and/or their family members can apply, if they have been out of the service of Epilepsy Newfoundland and Labrador for two years. This two year period will be calculated as two years prior to the scholarship award date.

Award holders must be prepared to enter or be currently entered in a post-secondary training institution in the academic year of application. Scholarship applications must be received by Epilepsy Newfoundland and Labrador no later than November 1st of the academic year. Notification of award will be made no later than November 15th. The award holder must submit to Epilepsy Newfoundland and Labrador confirmation of admission or enrollment as soon as possible after selection; But not later than January 15th of the academic year. The successful applicant should be available, in person, to receive their award at a formal presentation. Further information, memberships or applications may be obtained in writing to Epilepsy Newfoundland and Labrador, 261 Kenmount Road, St. John’s, NL, A1B 3P9 or by telephone to (709) 722-0502, or by fax to (709) 722-0999, or by e-mail: epilepsy@nt.aibn.com, or through the website at www.epilepsynl.com.

Terry Fox Humanitarian Award Program

This program is intended to encourage Canadian youth to seek the high ideals represented by Terry Fox, by the granting of commemorative scholarships for the pursuit of higher education. The value of each award is $3000.00 annually for a maximum of four years or until a first degree is obtained. Selection criteria for recipients will be based on demonstration of the highest ideals and qualities of citizenship and humanitarian service while in pursuit of excellence in their academic, amateur sport, fitness, health, community service and related endeavours. Deadline for the submission of applications is February 1st. Applications are available in writing to Terry Fox Humanitarian Award Program, Simon Fraser University, 8888 University Drive, Burnaby, BC V5A 1S6 or by fax to (604) 291-3311.

Charles E. Frosst Medical Scholarship

This scholarship, valued at $1,000.00, will be awarded at the end of the fourth year to the student who, in the opinion of the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships, has shown the most promise in the field of Therapeutics. A suitably inscribed bronze medal is also presented to each year’s winner.

Glaxo/Harlow Award in Clinical Pharmacy

Glaxo Canada Inc. offers $2,500.00 annually which provides travel expenses allowing two students in the final year of the pharmacy program to undergo the last rotation of their clinical structured practice experience in London, England. Students reside at Harlow Campus. Students must apply for this award. Recipients are selected on the basis of academic achievement as well as their performance on a required assignment. The award is not given to an applicant if all criteria for the award are not met. The selection will be made by clinical faculty, School of Pharmacy.

Glory of Mozart Chamber Music Travel Bursary

This award was established by the 1991 St. John’s International Mozart Chamber Music Competition Committee. The award will be available to students enrolled in the Bachelor of Music degree program who are participating as members of a chamber ensemble at an event of major musical importance outside the province. The bursary will be used to assist with travel and other expenses involved in attending the event. Musical ability, academic standing, financial need and the benefits to the students from attending the event may be taken into account in making the award. The value of the award will be based on the interest income accruing on the capital sum in the fund. Applications for this award should be submitted in writing to the Director of the School of Music.

The Ford Hewlett Memorial Oncology Scholarship

A scholarship, valued at $1000, has been established by the Canadian Cancer Society, in memory of Mr. Ford Hewlett of Springdale, Newfoundland, who was a very dedicated volunteer of the Society. The scholarship is awarded annually to a third year medical student who has demonstrated interest in the field of research or clinical oncology.

S.R. Hussey Memorial Scholarship Fund

This fund was established some years ago by the Canadian Council of the Blind Clubs of the Atlantic region for the purpose of assisting registered blind students in continuing their education. The fund is available to registered blind students in the Atlantic region who are attending a recognized university. The fund is also available to assist the children of registered blind persons. Blind students interested in making application for assistance from this fund should contact the nearest office of the Canadian National Institute for the Blind for further information.

Imperial Tobacco Canada Scholarship Fund for Disabled Students

Purpose: To encourage young Canadian disabled students to pursue university studies with the ultimate objective of obtaining a university degree.

Field of study: Undergraduate program in any field of study.
Value: Each scholarship is valued at $1500.00 annually.
Number: Minimum 5.
Duration: One academic year - may be renewable upon application.

Conditions: Candidates must be disabled according to the following 1975 United Nations Declaration: A disabled person is "any person unable to ensure himself or herself wholly or partly the necessities of a normal individual and/or social life, as a result of a deficiency, either congenital or not, in his or her physical or mental capabilities."

Candidates must be Canadian citizens. Candidates must have successfully completed the schooling requirements or equivalent for admission to an undergraduate program of study, or be presently registered as a full-time undergraduate student as defined by the University, and have successfully completed the last academic year. Candidates must not be employees or franchisees, or dependents of employees or franchisees of Imasco or any of its subsidiaries. Where tenable: At any Canadian University which is a member of, or affiliated to a member of the AUCC. Further information: Additional information and application forms may be obtained in writing to The Awards Officer, Canadian Awards Section, Association of Universities and Colleges of Canada, 151 Slater Street, Ottawa, Ontario K1P 5N1. Completed applications in duplicate are to be returned to AUCC not later than June 1st.

**Imperial Oil Ltd. Higher Education Awards (for Sons and Daughters of Employees and Annuitants)**

The Higher Education Awards program provides full tuition and compulsory fees for sons and daughters of Imperial Oil Ltd. employees, annuitants, or deceased employees. Students must be accepted at any approved Canadian University or Community College. The student must begin their education within six years of starting secondary school (grade 9), and must have an average of at least 70% in the subjects required for admission by the institution. Students who do not qualify upon graduation from secondary school may be eligible should they achieve the equivalent of a 70% average while in post secondary education.

Once an award is granted, the student must pass all subjects and complete a “full workload” each year. A student may qualify for up to four awards in a five year period, which begins when the student first starts post secondary education. Application forms and brochures explaining the program in more detail are available in writing to Administrative Management Services, Awards Division, P.O. Box 414, Pickering, Ontario L1V 2R6 or by telephone to (416)420-0642 or by fax: to (416)420-2516 or through the website at www.uregina.ca/awards/scholarships/.

**Indian and Inuit Health Careers Program**

Medical Services Branch of Health and Welfare Canada provides Bursary and Scholarship Awards for Indian and Inuit Health Careers. This program encourages and assists students of Indian and Inuit ancestry to pursue educational opportunities leading to professional health careers.

Application forms and further information are available at the Scholarship and Awards Office, Room 4018 (University Centre) or by calling (709) 864-3956.

**The International Grenfell Association Scholarship Program**

A number of scholarships and awards are available to students resident in the region served by the Grenfell Regional Health Services:

a. **The IGA Scholarships (three at $3000.00 per semester for up to four years)**

Two of these awards are available to high school graduates upon entrance to a degree-granting institution; application deadline date January 31. One award is reserved for undergraduate students already in attendance at a university; application deadline date May 15. These awards may be renewed if scholarship standing is maintained (at 70% or better).

b. **The IGA Bursary Fund Awards**

Discriontary awards of not more than $2000.00 each are available for study at community colleges, technical institutes and universities to students qualifying on the basis of academic achievement, industry, potential and financial need. Applications may be submitted prior to May 15. A special bursary of $3000.00 to a mature student, out of high school five years or more, is also available.

Application forms and further information are available in writing to Mr. Paul Canning, General Business and Grant Programs, International Grenfell Association, 66 Birmingham Street, St. John’s, NL A1E 5M8, or by telephone to (709) 745-6163 or by fax to (709) 745-6163, or by email to iga@nfld.net.

**Dr. Jerzy Jarmasz Memorial Scholarship ($500)**

This award was endowed in 2003 by the co-donors, Mrs. Mercedes Jarmasz and the Polish Heritage Foundation of Canada. It is available to any student of Polish origin. One scholarship is awarded each year. In order to be eligible, applicants must have completed two years of studies. The application deadline is June 30. Application forms are available at www.polishheritagefoundation.org/.

**Kin Canada Bursaries**

Applicants to the Kin Canada Bursaries must be Canadian citizens or permanent residents and must be full-time students in the process of graduating from high school, or currently studying or registered at a post-secondary institution. Anyone interested in applying for these bursaries may use the standard application form available at www.bursary.ca and submit it to the Kinsmen, Kinette or Kin Club nearest your permanent residence by February 1st. Disbursements take place in May.

**The Leonard Foundation Scholarships**

Additional Application Forms are available in writing to Grace Singh, Secretary, The Leonard Foundation, c/o The Canada Trust Company, 20 Eglington Avenue West, Toronto, Ontario M4R 2E2, or by telephone to (416) 361-8745, or by fax to (416) 361-8753, or Scholarships, Bursaries and Awards Office, Room 4018, University Centre, Memorial University of Newfoundland, or by telephone to (709) 864-3956, or by fax to (709) 864-2347.

**Gerry Lynch Memorial Scholarship**

This scholarship, valued at $3,000.00, is awarded annually at the NLMA annual meeting to a graduating Memorial University of Newfoundland Medical student in good standing. Applicants are required to write a research paper of 1500-2000 words on a topic selected each Fall by the NLMA Board of Directors. The scholarship is administered by the Canadian Medical Foundation and will be available in perpetuity.

**The Merck Frosst Award**

Merck Sharp & Dohme Canada Limited provides an annual award of $1,000.00 (or, when necessary, two awards of $500.00 each) to a third-year student of each Canadian medical school. This award is intended to recognize the efforts of the medical student who has shown the most promise in the field of Therapeutics. A copy of the current edition of the Merck Manual will be offered together with the monetary prize. The awards are made by the Dean of Medicine’s Advisory Committee on Awards, Bursaries and Scholarships.

**The Dr. Leonard A. Miller Award**

This award, in memory of Dr. Leonard A. Miller, is given annually to the most outstanding student in the study of Community Medicine. The award, in the amount of $500.00, is funded jointly by the Faculty of Medicine and the General Hospital. The selection of the recipient for the award will be made at the completion of first year medical studies. The award is made by the Dean of Medicine’s Advisory Committee on Scholarships, Awards and Bursaries.

**The National Sea Products Limited Scholarships**

Five university entrance scholarships valued at $1500.00 each are made available annually by National Sea Products Limited. The awards are open to children of permanent employees of the company or its wholly-owned subsidiaries, and to children of crew members.
of the company's offshore trawlers who have been employed with the company for at least twelve months. Further information and application forms are available in writing to The Awards Officer, National Programs Division, Association of Universities and Colleges of Canada, 151 Slater Street, Ottawa, Ontario K1P 5N1.

The Natural Medicines Comprehensive Database Recognition Award
This award is presented to an outstanding graduating pharmacy student who has shown an interest in evidence-based approach to patient care, in particular when considering natural medicines. The winner receives the current edition of the Natural Medicines Comprehensive Database Book, assess the Database online, complimentary enrollment in the Natural Medicines Comprehensive Database continuing education series, and an award certificate.

Newfoundland Light & Power Co. Limited Employees' Association Scholarships
Sons and daughters of Newfoundland Light & Power Co. Limited employees and certain other relatives of single employees, may apply for the above scholarships if they intend to pursue post-secondary study. In applying, applicants should note that employees must be members of the Newfoundland Light & Power Co. Limited Employees’ Association and regular contributors to its Scholarship Fund. Applications and information are available in writing to Employees’ Association, Newfoundland Light & Power Co. Limited, P.O. Box 8910, Kenmount Road, St. John’s, NL, A1B 3P6.

Newfoundland Medical Association Awards
The Newfoundland Medical Association will make two awards of $1,000.00 available to students at the end of second year of medical studies. These awards are intended to recognize potential interest in the organizational aspects of the profession of medicine as judged by the contribution made by the student to the governance of the medical school. While academic excellence is not the main criterion, recipients should be in good academic standing. The recipient should be identified to the Executive of the Association for approval upon recommendation by the Dean of Medicine's Advisory Committee on Awards, Bursaries and Scholarships.

The Ocean Ranger Scholarships and Bursaries
To commemorate the tragic loss of the 84 crew members of the Ocean Ranger on February 15, 1982, a scholarship and bursary program has been established by the Ocean Ranger Disaster Fund. These awards, valued at $500.00 per year, are tenable at Memorial University of Newfoundland, the Fisheries and Marine Institute, and the College of the North Atlantic to students who are entering or pursuing a post-secondary program of studies at one of these three institutions. In selecting candidates, preference will be given to the daughters, sons and/or widows of those who were lost. In the absence of eligible candidates from this group, the scholarships and bursaries will be awarded to other students at the discretion of the Ocean Ranger Scholarship Committee. Information and application forms may be obtained from the Office of Student Affairs at any of the institutions noted above.

The Gregory J. Power Poetry Awards
The proceeds from a sum of money donated to the University by Mr. Gregory J. Power will (depending on the merit of submissions) be awarded as first, second, and third-place prizes in an annual poetry competition administered by the Department of English, Memorial University of Newfoundland. The competition will be open to full or part-time students at the University upon submission of original, unpublished work. The selection of winners will be the responsibility of the Head, Department of English, acting on the advice of a special committee. Entry forms and further information may be obtained by contacting the Department of English.

Prize in Psychiatry
To be awarded by the Psychiatry Department to the most outstanding student in Psychiatry in the Clinical Clerkship Year (Third-Year Medical Studies).

The Pro Vice-Chancellor's Prize
The Strategic Framework for Memorial University of Newfoundland states that Memorial will enrich undergraduate education by helping students to experience the excitement of intellectual discovery, introducing undergraduates more effectively to the wider academic enterprise. In encouragement of this objective and in recognition of superior writing and scholarship by undergraduate students that deserves a wider audience, the Vice-President (Academic) and Pro Vice-Chancellor has established a series of prizes for the best undergraduate scholarship done each year at the University.

Instructors are invited to nominate examples of their undergraduate students’ course work for the Pro Vice-Chancellor's Prize. The professor will certify that the work is original and the student's own work, and submit it to his/her head/director who will transmit it to the committee. Students may also submit their own course work for consideration. Instructors’ comments should not appear. In accepting nomination or making application, students agree to publication.

Nominations and applications will be assessed by a selection committee consisting of five academic staff members and chaired by the Associate Vice-President (Academic). The committee will adjudicate entries for their intellectual originality, cogency, facility of expression, and adherence to principles of scientific inquiry and critical thinking.

The value of the prize is $500 cash or a $1000 scholarship tenable in a graduate program at Memorial University of Newfoundland. Up to five prizes will be awarded each year. At the discretion of the selection committee, honourable mention may be accorded to entries beyond the available number of prizes.

Rixon Rafter Scholarship Fund
This fund was established in memory of Rixon Rafter, a former student of the Ontario School for the Blind, who became a successful newspaper owner in Ontario. Awards from this fund are intended to supplement, but not replace assistance available to students from existing sources. The amount granted to students from this fund is determined by the Rixon Rafter Scholarship Committee and financial need is taken into consideration. Registered blind students may request assistance from the fund by contacting the nearest Canadian National Institute for the Blind office in their area.

The Rhodes Scholarship
A Rhodes Scholarship is tenable at the University of Oxford and may be held for three years. Since, however, the majority of Rhodes Scholars obtain standing which enables them to take a degree in two years, appointments are made for two years in the first instance. Scholars may, however, hold the Scholarship for only 1 year. Those Scholars who elect to read for a D.Phil. at the time of admission may apply for a third year on stipend. The Rhodes Scholar must present a definite plan of study for that period satisfactory to his/her College and to the Rhodes Trustees. A Rhodes Scholar may apply to any one of the courses of study available at the University of Oxford, subject to the consent of the college or, in the case of graduate study, the relevant faculty or department.

The stipend of a Rhodes Scholarship consists of a direct payment to the University and to the Scholar's College of approved fees (such as matriculation, tuition, laboratory fees, and certain other set charges), plus a maintenance allowance, which is paid directly to the Scholar at the rate of at least 33.480 Canadian dollars per annum to cover board, lodging and other expenses. The sum provided should be sufficient to enable a Scholar to meet the necessary expenses for term-time and vacations, but those who can afford to supplement it to a modest extent from their own resources are advised to do so. Reasonable travel expenses to and from Oxford will be paid by the Trust. Application forms containing full particulars can be obtained from the Secretary of the Selection Committee for the Province of Newfoundland or from the Scholarships, Bursaries and Awards Office at Memorial University of Newfoundland. Inquiries may be directed to the Secretary of the Selection Committee in writing to Dr. S. Ann Colbourne, 88 Hugh's Pond Road, Portugal Cove-St. Philips, NL, A1M 2C6, or by telephone to (709) 777-5219, or by fax to (709) 777-5849, or by email to acolbourne@nl.rogers.com
Robin Hood Multifoods Scholarship
One scholarship, valued at $1000.00 for a two-year period, is made available by Robin Hood Multifoods to a student entering first-year university. For students entering Memorial University of Newfoundland, priority will be given to those enrolled in a Nutrition or Biology program. The award will be made on the basis of a candidate's participation in youth activities and priority is given to 4-H members, providing that the candidate meets the necessary academic and financial need requirements. Information and applications are available in writing to The Co-ordinator, Youth Services Division, Confederation Building, St. John's, NL, H3C 1E3.

The G. Allan Roeher Institute Awards
The G. Allan Roeher Institute offers bursaries to graduate students and research grants (up to $8000 each) to postgraduate students and faculty members or associates, who are interested in the field of mental handicap or related fields. These awards are made possible through the support of the Scottish Rite Charitable Foundation of Canada. Further information and application forms may be obtained in writing to The Secretary, Bursaries and Grants Adjudicating Committee, G. Allan Roeher Institute, Kinsmen Building, York University, 4700 Keele Street, Downsview, Ontario M3J 1P3.

Wojciech Rogozinski Memorial Scholarship ($1000)
This award was endowed in 2007 by the donors, Mr. George Tymowski and Mrs. Danuta Tymowski. It is available to any student of Polish origin who demonstrates financial need. One scholarship is awarded each year. In order to be eligible, applicants must have completed two years of studies. The application deadline is December 31. Application forms are available at www.polishheritagefoundation.org.

Royal Canadian Legion Scholarships
a. Provincial Command Scholarships
Two scholarships, valued at $750.00 each, are awarded annually to students entering University for the first time who are children of ex-service personnel, or of Life, Ordinary or Associate Voting Members of the Legion. Actual financial need is taken into account in addition to scholastic standing when awards are made.
b. Dominion Command Scholarships
Two scholarships, valued at $750.00 each, are awarded annually to students in their second, third, or fourth-year of university, who are the children of ex-service personnel, or of Life, Ordinary or Associate Voting members of the Legion. Actual financial need is taken into account in addition to scholastic standing when awards are made. Application forms are available in writing to The Newfoundland & Labrador Command, The Royal Canadian Legion, P.O. Box 5745, St. John’s, N.L., A1C 5X3.

The Robert B. Salter Scholarship in Medicine
This scholarship is awarded annually from income derived from an endowment by Dr. Robert B. Salter, Professor and Head of Orthopedic Surgery at the University of Toronto, who has had a long association with the Grenfell Mission. This scholarship is to be awarded to the third-year undergraduate medical student who best exemplifies the qualities of compassionate and competent patient care. Preference will be given to students born in Newfoundland and Labrador. The award is made by the Dean of Medicine's Advisory Committee on Awards, Bursaries and Scholarships.

Diana Lemire Savident Memorial Bursary
Diana Lemire Savident (1943-1994) was born and raised in Rouyn, Quebec and moved to Prince Edward Island in 1973. Always an avid student, she also gained respect as an art teacher. Applications for the scholarship will be accepted from female residents of Prince Edward Island 18 years of age and older. The award will be given to the applicant who displays the most potential for development and that sense of exploration in the visual arts epitomized by Diana Lemire Savident's own career. Financial need will be an important factor in determining the recipient but not necessarily the only one. Applicants are expected to be pursuing the arts as a career option or serious avocation. Eligible programs include study in the visual arts at recognized post-secondary institutions; summer schools or professional level courses and advanced workshops and seminars, minimum duration of five days.

The bursary will be awarded in June of each year commencing in 1996 and the amount of the bursary will be determined each year based on the return on the capital fund invested. The award will be presented in the form of a cheque or bank draft payable jointly to the successful applicant and the educational institution. The Awards Committee may vary this rule if it is not applicable. No award will be made with respect to expenses already incurred. Should the program applied for be cancelled or the recipient withdraw or fail to enroll, the funds must be returned to the East Prince Women's Information Centre.

Applicants will be invited in March of each year through public announcements and other means with an application deadline of May 15. All applications must be accompanied by a resume and a full description of the program being pursued. The applicant should include a one-page essay of personal background in art achievement and what goals are being pursued by following the study program for which support is being requested. Applicants selected for a finalist interview must be prepared to display a small portfolio of work, preferably in more than one medium. Where the program is more than one year in duration applicants are eligible to re-apply. Applications will be received until May 15 and may be obtained in writing to East Prince Women's Information Centre, 75 Central Street, Summerside, PE C1N 3L2 or by telephone to (902) 436-9856.

The Society of United Fishermen Memorial Scholarships
There shall be awarded annually by this Society two scholarships of a combined value of $600.00. These scholarships are awarded to children of members or deceased members of the Society. The scholarships are tenable at Memorial University of Newfoundland or any other institution of learning at which the student might wish to continue his or her studies in the year following graduation from high school. Further information and application forms may be obtained in writing to The Grand Secretary, Society of United Fishermen, P.O. Box 1434, St. John's, N.L. The deadline date for application is July 1st.

The St. John Ambulance Bursary
This bursary of $1,000.00 is awarded to a student who is eligible for admission to a Bachelor's Program at a recognized University or Community College. Post-basic nurse applicants are required to be members of their Provincial/Territorial Nurses’ Association and hold current registration or a Certificate of Competence. All applicants must have a St. John Ambulance Affiliation and must demonstrate financial need. The application deadline is March 15. Further information and applications forms is available in writing to St. John Ambulance Provincial Council or in writing to St. John Ambulance National Headquarters, 312 Laurier Ave. E., Ottawa, Ontario K1N 6P6 or by contacting Jean Wills, Deputy Director of Training Health Care by telephone to (613) 236-7461 or by fax to (613) 236-2425.

The Surgery Prize in Anatomy
This prize, valued at $500.00, is awarded annually to a first-year student who has demonstrated a high proficiency in Anatomy, particularly in the practical field. Nomination of a candidate is made by the Professors of Anatomy and the Professor & Chairman of Surgery. The award is made by the Dean of Medicine's Advisory Committee on Scholarships, Awards and Bursaries.

The Patrick Tasker Masonic Educational Fund
This fund was established to provide financial assistance for the education of children of deceased, incapacitated and/or needy Masons who were or are members of participating Masonic Lodges in Newfoundland. The fund provides a limited number of scholarships (up to a value of $800.00), payment of tuition fees for first-year students, and interest-free loans. In addition to the above, four entrance scholarships of $500.00 each are available to the dependants of any eligible member of the Masonic Fraternity within the province of New Brunswick.
Newfoundland and Labrador. These scholarships are awarded on the basis of academic achievement in Grade XII and are tenable at Memorial University of Newfoundland or at any other approved post-secondary institution in the province. Further information and applications forms is available in writing from The Patrick Tasker Masonic Education Fund, P.O. Box 5481, St. John’s, NL, A1C 5W4, ATTN: The Secretary.

Waterford Hospital Board of Management Scholarships
The Waterford Hospital Board of Management annually awards two scholarships, valued at $500.00 each and tenable at Memorial University of Newfoundland, to children of employees of the Hospital. The awards are made on the recommendation of a Selection Committee, usually appointed by the Board for that purpose. One of the scholarships is to be awarded to a female and the other to a male. Generally they are to be awarded to students who are entering the University for the first time. In the absence of suitable entrance applicants, the scholarships may be re-awarded or awarded to other children of employees who are beyond first year. In selecting suitable applicants academic standing as well as financial need will be taken into account. Applications for the scholarships may be obtained from the Administrator of the Hospital and must be completed and returned to that office by May 1st of any year.

The Western Memorial Regional Hospital Scholarship
This scholarship of $500 is derived from interest on funds invested by the Medical Staff of the Western Memorial Regional Hospital and is awarded annually to a student who is entering the third year of medical studies at Memorial University of Newfoundland. The recipient shall be a bona fide resident of that area served by the Western Memorial Regional Hospital and shall have high academic standing. The scholarship is awarded by the Medical Staff of Western Memorial Regional Hospital in consultation with the Dean of Medicine. Applications should be made in July of each year to The Chief of Staff, Western Memorial Regional Hospital, P.O. Box 2005, Corner Brook, NL, A2H 6J7.

The Jacques Whitford Student Incentive Program
The student incentive program will provide a four month paid position with a $2,000 award at the end of the work period. Both co-op work terms and summer positions will be considered. To be eligible candidates must be: full-time students with at least 50% of their credits achieved, have an 80% average, be fluent in English for all offices and fluent in French for the Montreal office, be legally entitled to work in the country to which they are making application and have excellent communication skills. Application forms for Memorial University of Newfoundland students are available from and should be returned to the office of the Associate Dean, Faculty of Engineering and Applied Science or the Faculty of Science. Applications must include: resume, official university transcript and a one page letter outlining candidate’s aspirations. Deadline for application is January 31.

The Margaret Williams Trust Fund
This fund was established to promote the development of librarianship in Newfoundland and Labrador by providing funds for scholarships, research, special projects and work exchange opportunities. The value of awards will depend upon the annual interest earned on the fund. Further information and applications forms is available in writing from Chairman, Board of Trustees, Margaret Williams Trust Fund, Queen Elizabeth II Library, Memorial University of Newfoundland, St. John's, NL, A1B 3Y1.

Work Term Scholarships & Awards in Engineering
1. W.W. Cossett - This award is intended for the Senior Engineering Student (Work Term 4, 5, & 6) who has made the most important contribution to an employer and therefore to the Co-operative Engineering Program. The award is made available by the Professional Engineers and Geoscientists of Newfoundland and Labrador (PEGNL) once per semester and has a monetary value of $500. PEGNL issues the final award on the recommendation by the Dean, Faculty of Engineering and Applied Science and the Division of Co-operative Education. The Division's recommendation is based upon: a) Supervisor nomination; b)Student work performance; c) Student work report; d) Student academic standing (must be scholarship standing).

2. PEGNL Eastern Chapter - This award is intended for the Junior Engineering Student (Work Term 1, 2, & 3) who has made the most important contribution to an employer and therefore to the Co-operative Engineering Program. The award is made available by the Professional Engineers and Geoscientists of Newfoundland and Labrador (PEGNL) Eastern Chapter once per semester and has a monetary value of $200. PEGNL Eastern Chapter issues the final award on the recommendation by the Dean, Faculty of Engineering and Applied Science and the Division of Co-operative Education. The Division's recommendation is based upon: a) Supervisor nomination; b)Student work performance; c) Student work report; d) Student academic standing (must be scholarship standing).

10 Loan Funds

Maude Abbott Memorial Scholarship Loan Fund
This fund was established by the Federation of Medical Women of Canada. Small loans are available to any woman medical student or first-year intern. In special cases a loan of up to $1000.00 may be granted to a medical woman for recognized postgraduate training. Loans are repayable within five years of date of issue, after which time interest will be charged at the rate of 5% compounded annually. Information regarding these loans may be obtained in writing to Secretariat, Federation of Medical Women of Canada, P.O. Box 8244, Ottawa, Ontario K1G 3H7.

The Association of Professional Engineers of Newfoundland Loan Fund
Established by the Association of Professional Engineers of Newfoundland for Engineering students during their time at this University. Apply to the Dean of Engineering and Applied Science, Memorial University of Newfoundland.

The Breezeway Emergency Trust Fund
In May, 1994, the Board of Directors of the Breezeway Bar gave to the University a sum of money, to be used as an emergency loan/ bursary fund for needy undergraduate students. The Fund is administered by the Director, Student Support Programs through the Manager, Scholarships, Bursaries and Awards, and within guidelines already developed by the office for awards to financially needy students. These awards will not normally exceed $300.00.

Canada Student Loans Program Newfoundland and Labrador Student Loans Program
The Canada and Newfoundland and Labrador Student Loans Programs have been instituted by the Federal and Provincial Governments to provide assistance for students at universities and other institutions of post-secondary education. The authorizing agency for Newfoundland and Labrador may be contacted in writing to Student Financial Services Division, Department of Youth Services and Post-Secondary Education, P.O. Box 8700. St. John’s, NL, A1B 4J6, or by telephone to (709) 729-5849, or by fax to (709) 729-2298, or by e-mail to studentaid@gov.nl.ca, or through the website at www.ed.gov.nl.ca/studentaid/.

The procedure is as follows:

a. Students seeking financial assistance must apply on an official application form for the academic year in which they are requesting assistance. Students may choose to apply on a paper application or via the Internet. It is the students’ responsibility to ensure all required documentation has been submitted to our office.

b. If applications are successful, each student will be given certificates of eligibility for their federal and provincial student loans. In general, to receive a federal student loan, applicants must be enrolled in at least 60% of a full course load. In order to receive a
Scholarships, Bursaries and Awards 2011-2012

provincial student loan, applicants must be enrolled in at least 80% of a full-course load.

c. Having received the certificates of eligibility, students may then approach a designated postal outlet to negotiate the Canada Student Loan and the provincial authorized agency/lender to negotiate the Newfoundland and Labrador Student Loan.

d. A Canada Student Loan up to a maximum of $165 per week of study may be granted. A Newfoundland and Labrador Student Loan up to a maximum of $110 per week of study may be granted (up to $200 per week provincial student loan for Memorial University of Newfoundland Medical Students).

e. As long as students maintain full-time studies the interest on the loan will be paid by the government. Repayment will begin 6 months after a student ceases full-time studies.

Canadian Forces Personnel Assistance Fund

Education Assistance Loan Program

1. The Canadian Forces Personnel Assistance Fund offers an Education Assistance Loan Program to assist serving and former members and their dependants with costs of full-time postsecondary education. This program consists of low interest loans of $1,200 and $1,500, then in $500 increments up to a maximum of $4,000 per student, per year, up to a maximum of $16,000 lifetime per student. It should be noted that a period of 12 months must elapse before a new application can be considered.

2. Serving or former members are eligible to apply; they must have served in the Canadian Army, after 1st October 1946, or in the Canadian Forces, after 31 January 1968, and have a minimum of one year Regular Force military service. Selection may be based on family income, years of service and individual family circumstances.

3. Loans are repaid by the member over a twelve, twenty-four, thirty-six or forty-eight month period.

4. Application forms are available on our website at sisip.com/en/Downloads_e/ealp_e.asp, or from the Canadian Forces Base Financial Counsellors, district offices of Veterans Affairs Canada, and the Provincial Command offices of the Royal Canadian Legion. They may also be obtained by contacting the CFPAF office at 234 Laurier Avenue West, Ottawa, Ontario, K1P 6K6, telephone 6137603447 or toll free 8887539828.

5. For those who wish to obtain their loan in time for the semester beginning in September, your submission should arrive at CFPAF by 30 June. Otherwise, application will be accepted throughout the year until the funds allotted for the EALP are exhausted.

The Gerald S. Doyle Engineering Scholarship Loan Fund

By the generosity of the late G.S. Doyle, Esq., O.B.E., there are a number of scholarship loans available each year to Engineering students. The loans are normally in the amount of $500.00 per year, but may, when circumstances warrant, extend up to $1,000.00 per year. The loans are made by the Dean of Students Affairs and Services on the recommendation of the Dean of Engineering and Applied Science. These loans may be granted for three successive years and are repayable at convenient times before graduation. Applications are available from the Office of the Associate Dean of Engineering and Applied Science.

Helen M. Lodge Loan Fund

The bequest of the late Professor Helen M. Lodge, formerly Professor of Education at this University.

F.W. Rowe Student Loan Fund

Based on royalties from Dr. Rowe's book, The Development of Education in Newfoundland. At the author's suggestion, priority is to be given to the children of active, retired or deceased teachers.

11 Scholarships, Bursaries and Awards Available to Graduate Students

11.1 Awards Administered By the School of Graduate Studies

Information on all graduate awards listed below can be obtained from the Dean of Graduate Studies.

Affinity NL (Ottawa) Scholarship

This scholarship is made possible by the fund raising efforts of the Ottawa Affinity Newfoundland and Labrador group and is valued at a portion of the income on the investment according to Memorial University of Newfoundland's Awards Program Spending Policy. Based on scholarship standing (academic excellence), it will be awarded in an alternating fashion to a first year undergraduate student (entering their second year) and then a first-year graduate student (entering the first year of either a Master's or Ph.D. program). The student must be from a rural community in Newfoundland and Labrador, express an interest in returning to work in rural Newfoundland, and be registered for full-time studies at Memorial University of Newfoundland. Rural is defined as outside St. John’s and Corner Brook, and be registered for full-time studies at Memorial University of Newfoundland. Rural is defined as outside St. John’s and Corner Brook.

The Hira & Kamal Ahuja International Graduate Fellowship

The Hira & Kamal Ahuja International Graduate Fellowship, valued at a portion of the income on the endowment, has been established by Hira Ahuja, a former faculty member in the Faculty of Engineering and Applied Science. The Fellowship will be awarded to three full-time international graduate students enrolled in the thesis-based program in the Faculty of Engineering and Applied Science. The fellowship will be awarded on the basis of academic excellence. Preference will be given to students who have served the East Indian community in Canada, through volunteer work. The Fellowships will be awarded by the Dean of Graduate Studies on the recommendation of the Dean of Engineering and Applied Science.

F.A. Aldrich Graduate Award

The F.A. Aldrich Graduate Award has been established in memory of the first Dean of Graduate Studies at Memorial University of Newfoundland. Up to three annual awards of $2,000.00 may be made. Awards will be made by the Dean of Graduate Studies to alumni of Memorial University of Newfoundland who are in the first year of a full-time graduate program and will be based on academic merit, and need only if all other things are equal. If the application is based on need, please make a case.

The Atreyu-Haritha Scholarship in Mathematics

This scholarship is the result of a generous donation by Dr. K.R. and Nandini Kothandaraman. Valued at $1000 annually, it will be awarded on the basis of scholarship standing to a full-time student, either a senior level undergraduate or a graduate student in Mathematics and/or Statistics. In the case of an undergraduate student, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon recommendation of the Head, Department of Mathematics and Statistics. In the case of a graduate student, it will be awarded by the Dean, School of Graduate Studies, also upon recommendation of the head, Department of Mathematics and Statistics.
Scholarships, Bursaries and Awards 2011-2012 731

The William H. and Bertha Baird Memorial Scholarship
This scholarship, valued at the annual interest on the endowment, has been established by Mrs. Edna Baird-Stephenson in memory of her parents. It will be awarded to a full-time graduate student at either the Master's or doctoral level. Eligible candidates should be residents of the province, or should have been resident in the province for at least three years prior to entering the program, excluding time spent at post secondary institutions. The award, based on academic excellence, will be made by the Dean, School of Graduate Studies on the recommendation of the Awards and Medals Committee.

The Barrowman Biochemistry Graduate Travel Awards
The income from this endowment will be used to provide a number of awards to graduate students registered in the Department of Biochemistry, so that they may attend scientific conferences. Preference will be given to full-time students but part-time students will also be considered. It is anticipated that about three awards will be made each year. The awards will be made by the Dean of Graduate Studies upon the recommendation of the Head, Department of Biochemistry.

The Barrowman Community Health Graduate Travel Awards
The income from this endowment will be used to provide a number of awards to full-time graduate students pursuing a research program in the Division of Community Health, so that they may attend scientific conferences. The awards will be made by the Dean of Graduate Studies on the recommendation of the Assistant Dean, Research and Graduate Studies, Faculty of Medicine.

The Big Ben's Graduate Scholarship in Archaeology
This scholarship is funded through a generous annual contribution by Big Ben’s to honor the amity and patronage of graduate students in Archaeology over the years. This scholarship is awarded annually to a full-time student enrolled in graduate studies in Archaeology. Candidates must be in the first two years of the Master's program or the first four years of the Doctoral program and must have at least scholarship standing. The award will be based on academic merit, with preference given to recipients with demonstrated leadership and public-spirited service to Memorial University of Newfoundland's graduate program in Archaeology. It will be awarded by the Dean, School of Graduate Studies based upon recommendation of the Head, Department of Archaeology.

The Dean M. Ian Bowmer Graduate Travel Award in Medicine
This award is made possible through the generous contribution of funds by Dr. M. Ian Bowmer, former Dean of the Faculty of Medicine at Memorial University of Newfoundland, as well as contributions by faculty and staff, to endow a graduate travel award in his name. This endowment will provide an annual award, valued at a portion of the income from the endowment, to a full-time graduate student pursuing a research program at the Masters or Doctoral level in the Faculty of Medicine, assisting the presentation of the student’s research at a conference. The award will be competitive and based on an abstract or paper to be presented at the meeting. The award will be made by the Dean of Graduate Studies on the recommendation of the Associate Dean, Research and Graduate Studies, Faculty of Medicine. Application forms are available from, and should be submitted to, the Faculty of Medicine, Office of Research and Graduate Studies.

The Dr. Joe Brown Graduate Research Award in Aquatic Ecology and Aquaculture
This award was established to commemorate the life and work of Dr. Joe Brown through initial contributions by his family, friends, colleagues and students. As a Professor (Research) at the Ocean Sciences Centre from 1984 to 2005, Joe established a unique reputation both for his scholarly work in the areas of behavioural ecology of fishes and cold-water aquaculture and for his radiant, passionate sense of humour, humanity and empathy, particularly concerning students. The award in support of research activities will be normally available annually to a full-time graduate student in the second or subsequent year of study in the areas of aquatic ecology or aquaculture, and is valued at a portion of the income from the endowment. Given on the basis of scholarly merit and quality of research, the award will be made by the Dean of the School of Graduate Studies upon recommendation from the Director of the Ocean Sciences Centre.

The David Buchan Graduate Research Award in Folklore
The Research Award is established in memory of Dr. David Buchan, a leading international ballad scholar, faculty member in the Department of Folklore from 1979 to 1994, and the first Memorial University of Newfoundland Research Professor. Administered by the School of Graduate Studies, two awards of $500 each will normally be given each year to fund costs related to national/international travel for the accomplishment of, or the presentation of, folklore research by students in the graduate program in folklore at Memorial University of Newfoundland. The awards, given on the basis of scholarly merit combined with the quality of a research proposal or conference paper abstract, will be made by the Dean of the School of Graduate Studies upon recommendation from the Head of the Department of Folklore, who will be advised by the Department of Folklore’s Scholarships, Bursaries and Awards Committee.

Buchans Scholarship Fund of ASARCO Incorporated
ASARCO Incorporated has established a scholarship fund, the annual interest on which will provide for one student enrolled in the Department of Earth Sciences, Memorial University of Newfoundland, either a scholarship for post-graduate study and research, valued at $5000.00; or two scholarships for undergraduate study, valued at $500.00 each. The latter scholarships will be available only when no suitable candidate can be found for the former. In order to qualify for these awards, students must be native-born Newfoundlanders or graduates of Newfoundland high schools. In the case of the graduate scholarship, the award will be made by the Dean of Graduate Studies on the recommendation of the Head, Department of Earth Sciences; in the case of the undergraduate scholarships, by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Head, Department of Earth Sciences. Should no candidates be available in any year, the awards may be held over.

The Maurice J. Burke Memorial Scholarship
This scholarship, valued at a portion of income on the investment, was established by the family of the late Maurice Burke. Mr. Burke served in the Special Department of Education in the Teacher Certification Division for thirty-five years. He was also a columnist and public-spirited service to Memorial University of Newfoundland’s graduate program in Archaeology. It will be awarded by the Dean, School of Graduate Studies based upon recommendation of the Head, Department of Archaeology.

The Dr. Alfred T.H. Burness Graduate Award in Medicine
This award is established by the generous donations of family and friends of the late Dr. Alf Burness to commemorate the thoughtful and public-spirited service to Memorial University of Newfoundland’s graduate program in Archaeology. It will be awarded by the Dean of Graduate Studies based upon recommendation of the Assistant Dean, Research and Graduate Studies, Faculty of Medicine.

The Maurice J. Burke Memorial Scholarship
This scholarship, valued at a portion of income on the investment, was established by the family of the late Maurice Burke. Mr. Burke served in the Special Department of Education in the Teacher Certification Division for thirty-five years. He was also a columnist and public-spirited service to Memorial University of Newfoundland’s graduate program in Archaeology. It will be awarded by the Dean, School of Graduate Studies based upon recommendation of the Head, Department of Archaeology.

It will be awarded by the Dean, School of Graduate Studies based upon recommendation of the Head, Department of Archaeology.
Research and Graduate Studies (Medicine) and the Graduate Program Coordinators (Medicine).

Faculty of Business Administration Associates Scholarship Fund
This fund was established through the contributions of members of the Associates’ Program of the Faculty of Business Administration. The fund will provide scholarships for undergraduate and graduate students in the Faculty. Awards will be made on the basis of academic standing but such factors as financial need and contribution to the Faculty may be taken into account. In the case of the undergraduate program, scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration. In the case of the graduate program, the scholarships will be awarded by the Dean of Graduate Studies on the recommendation of the Dean of Business Administration.

The Greg Campbell Memorial Business Scholarship
This scholarship is the result of a generous donation by Eleanor Swanson in memory of her late husband, J. Gregory Campbell. Interest on the fund will provide one award to a full-time graduate student in the Faculty of Business Administration who is entering the final year of study. Candidates for this scholarship must have scholarship standing and a demonstrated record of active community involvement, volunteer work and/or service in the faculty/University. If there are no suitable candidates in this category, the scholarship may be awarded to a candidate on the basis of academic standing. The scholarship will be awarded by the Committee on Graduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, School of Graduate Studies.

Canadian College of Teachers Scholarship
This scholarship, valued at $1,000.00, is sponsored by the Cabot Chapter of the Canadian College of Teachers and is awarded annually to a full-time graduate student in the Faculty of Education for outstanding research. The award is made on the basis of application by a student who has been nominated by the student’s supervisor. The application or nomination may take the form of a thesis or project proposal, but preferably be supported by an explanation of why the work involved is particularly meritorious. Applications should be forwarded to the University’s Dean of Graduate Programs and Research, Faculty of Education. The scholarship will be awarded by the Dean, School of Graduate Studies, upon recommendation of the Dean, Faculty of Education.

The CFUW Edith Creighton Scholarship
This scholarship has been established by The Canadian Federation of University Women (CFUW) St. John’s and is named after Edith Creighton (1892-1994); the first president of CFUW St. John’s when it was formed in 1945. One scholarship, valued at $2000, may be awarded annually, to a woman enrolled full-time in the Masters or Doctoral program in the Faculty of Education. To be eligible, candidates must have scholarship standing. The scholarship will be awarded by the Dean, School of Graduate Studies on the recommendation of the Dean, Faculty of Education.

CFUW St. John’s Scholarship for Women’s Studies
This scholarship has been established by The Canadian Federation of University Women (CFUW) St. John’s. One scholarship, valued at $2000, may be awarded annually, to a woman enrolled full-time in the Master’s program in the Department of Women’s Studies. To be eligible, candidates must have scholarship standing. The scholarship will be awarded by the Dean, School of Graduate Studies on the recommendation of the Head, Department of Women’s Studies.

The Rob Crosbie Scholarship for International Study
This fund was established from contributions to the University’s Opportunity Fund Campaign by Mr. Rob Crosbie. The scholarship, valued at $1,250.00 annually, will support a Business student (graduate or undergraduate) who is on an academic international exchange and who has shown interest in pursuing a career in the oil and gas industry. In the case of undergraduate students, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration. In the case of graduate students, it will be awarded by the Dean, School of Graduate Studies upon recommendation of the Faculty Committee on Graduate Studies.

The Sally Davis Scholarship
The Sally Davis Scholarship has been established to celebrate the memory and life work of Sally Davis. Contributions to the scholarship fund have come from family and friends who were so lovingly and generously influenced by Sally during her long life. The scholarship, valued at $1000.00, will be awarded annually in the Spring Semester. Eligible candidates must be full-time students in the Master of Women’s Studies program. Preference will be given to a candidate studying in one of the following areas: peace and international understanding, women, environment, children, and immigration. If there is no qualified graduate applicant in a particular year, the award may be offered to an undergraduate (who is registered in a minor in Women’s Studies) who is in financial need. An individual may receive the award twice but no more. In the case of undergraduates it is awarded by the Dean of Graduate Studies upon recommendation of the Co-ordinator, Women’s Studies Program. In the case of undergraduates, the scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration. In the case of graduate students, it will be awarded by the Dean, School of Graduate Studies upon recommendation of the Faculty Committee on Graduate Studies.

The Department of Archaeology Scholarship
This scholarship, which is made possible by the Newfoundland Marine Archaeology Society, will be awarded annually to a full-time masters student, who is in his/her second year of study in the area of Archaeology. Valued at $1,000.00 this scholarship will be awarded by the Dean of Graduate Studies based on a recommendation from the Head, Department of Archaeology on the basis of academic standing.

The Ernst R. Deutsch Memorial Scholarship in Geophysics
This scholarship is named in honour of Dr. Deutsch, a long-time faculty member at Memorial University of Newfoundland who passed away in 2000. Valued at a portion of the income on the investment the scholarship will be awarded annually to a senior undergraduate student in the Earth Sciences (or related field of Physics) whose concentration is Geophysics. If there is no qualified undergraduate student, the scholarship will be awarded to a full-time graduate student in Earth Sciences who has received an undergraduate degree from Memorial University of Newfoundland and whose area of concentration is Geophysics. It will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the basis of scholarship standing and a recommendation from the Head, Department of Earth Sciences in the case of an undergraduate student; in the case of a Graduate Student it will be awarded by the Dean of Graduate Studies on the recommendation of the Head, Department of Earth Sciences.

Craig Dobbin Memorial Scholarship for Master of Business Studies at the Waterford Institute and Memorial University of Newfoundland
This scholarship has been established by Mr. Pat O’Callaghan, the Ireland Business Partnership, the Ireland Newfoundland Partnership, the Provincial Department of Education, and Craig Dobbin family members in memory of Mr. Craig Dobbin. It will be awarded on an annually rotating basis to students at The Waterford Institute of Technology (WIT) and Memorial University of Newfoundland. In year one, and every alternating year thereafter, the scholarship will be awarded to a recent honors graduate (in the past 2 to 3 years) of one of the undergraduate business programs in the Faculty of Business Administration program or Grenfell Campus, Memorial University of Newfoundland who is accepted into the Master of Business program, at the Waterford Institute of Technology, Waterford, Ireland. In the event that there is no such candidate, the scholarship will be awarded to two Memorial University of Newfoundland exchange students (undergraduate or graduate) to study (one academic term) at the Waterford Institute of Technology. In year two, and every alternating year thereafter, the scholarship will be awarded to an undergraduate student from the Waterford Institute of Technology who will be...
selected to attend Memorial University of Newfoundland’s Faculty of Business Administration’s M.B.A. program. In order for a WIT student to complete the program in one year, they must have an honors undergraduate business degree, or a business degree with significant academic standing. The student must meet Memorial University of Newfoundland’s M.B.A. admission requirements. The student may take two years to complete the degree; however, scholarship funding will be available for one year only. In the event that no such student is selected from the Waterford Institute, then WIT will select a business undergraduate or graduate student to complete a student exchange (one academic term) at the Faculty of Business Administration or Grenfell Campus, Memorial University of Newfoundland. Scholarship recipients will be required to complete and present a report on an aspect of the Ireland Newfoundland Partnership. In the case of Memorial University of Newfoundland undergraduate students, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Business Administration or the Principal of Grenfell Campus. In the case of Memorial University of Newfoundland graduate students, the scholarship will be awarded by the Dean, School of Graduate Studies on the recommendation of the Dean, Faculty of Business Administration.

**Eaton Foundation Scholarship**

This scholarship, valued at $1,500.00, is to be awarded to a student who has left full-time employment of five years or more to enter full-time studies in the MBA program, for completion or near completion of the degree. Selection of the candidate for the scholarship will be made on the basis of academic merit and financial need. Awards will be made on the recommendation of the Dean, Faculty of Business Administration, and the Dean of Graduate Studies. Preference will be given to Canadian citizens and permanent residents.

**The Echos du Monde Classique/Classical Views Internship Fund**

This fund jointly sponsored by the journal *Echos du Monde Classique/Classical Views* and the School of Graduate Studies, was established to support a full-time graduate student in Classics to train as an editorial intern with EMVC. It is awarded on the basis of a Selection Committee, Faculty of Business Administration, and a dedication to learning. This fellowship has a value of $1,000.00 annually, and will recognize a full-time student who, in the opinion of the Selection Committee, Faculty of Business Administration, has demonstrated these same qualities. The award will be made by the Dean of Graduate Studies on the recommendation of the Dean, Faculty of Business Administration.

**The Dr. Alex Faseruk MBA Scholarship for Excellence in Service**

This scholarship, valued at $5,000.00, is awarded annually to a full-time MBA student who has demonstrated outstanding service through participation in student, faculty or university activities and/or contribution to the larger community. This award is in recognition of Dr. Faseruk’s contribution to the Faculty of Business Administration as Professor of Finance and Coach of MBA case competition teams. The value of this scholarship will be determined by the annual income derived from the endowment. It will be awarded by the Dean of Graduate Studies upon the recommendation of the Associate Dean, Academic Programs, Faculty of Business Administration.

**The J. Bruce and Helen H. French Graduate Scholarship in Physics**

This scholarship valued at the annual accrued interest on an initial endowment, will be awarded to a female student at any level of a graduate program in physics on the basis of excellence in both course work and research. If, in a particular year, a qualified female student is not available, the scholarship may be awarded to a male student who meets the other conditions. The scholarship will be awarded by the Dean of Graduate Studies upon the recommendation of the Dean, Faculty of Business Administration.

**The Fry Family Foundation FFF Doctoral Scholarship in Business Studies**

This fund established from contributions to the University’s Anniversary Fund to commemorate the memory of the late Peter Gardiner, a former Director of Memorial University of Newfoundland’s School of Business and a local entrepreneur. This award is valued at $5,000.00 annually, and will recognize student creativity, innovation and entrepreneurship as evidenced by a student’s genuine interest in small business and entrepreneurship through the establishment or the intention to establish a new venture. Students in any program of study (graduate or undergraduate) are eligible. To apply for the P. J. Gardiner Award, students are to provide a written report or plan describing their venture. Award finalists will then be asked to make an oral presentation to the Award Selection Committee. The Award Selection Committee will consist of faculty members from the Faculty of Business Administration and the business community at large. In the case of undergraduate students, the awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards acting on the recommendation of this panel. In the case of graduate students the awards will be made by the Dean, School of Graduate Studies upon the recommendation of the Committee on Graduate Studies of the Faculty of Business Administration.
The Peter Gardiner Award for International Study
This fund was established from contributions to the University’s Anniversary Fund to commemorate the memory of the late Peter Gardiner, a former Director of Memorial’s School of Business. Interest from the fund will provide two annual awards of $2,500.00 each to support Business students (graduate and/or undergraduate) to study at Memorial University of Newfoundland’s Harlow Campus or at another university outside Canada. The awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Dean, Faculty of Business Administration. In the case of graduate students, the awards will be made by the Dean of Graduate Studies upon recommendation of the Faculty Committee on Graduate Studies.

Graduate Students’ Union Award for Academic Excellence
The award, valued at a portion of the income from the endowment, has been established by the Graduate Students’ Union (GSU) of Memorial University of Newfoundland to provide financial assistance and recognize outstanding contributions by graduate students. The GSU Award for Academic Excellence will be awarded annually to a full-time graduate student in any discipline at either the masters or doctoral level. Applicants must have demonstrated leadership ability, either through participation in student and university activities, and/or contribution to the larger community. The Award, based on financial need and outstanding leadership, will be made by the Dean of the School of Graduate Studies on the recommendation of the Awards and Medals Committee.

The Keith Griffths Memorial Heart and Stroke Foundation Graduate Scholarship
This fund, established through a generous contribution by the Griffths family, in partnership with the Heart and Stroke Foundation of Newfoundland and Labrador, is valued at $1000 per annum. The Griffths family has established this scholarship in memory of their father, Keith Griffths, a stroke survivor and dedicated volunteer. The scholarship will be awarded to a full-time graduate student in the Faculty of Medicine, who is pursuing a research program in stroke and neurological issues related to stroke. Candidates must apply in writing, providing a statement of eligibility, as well as details of their area of research, and progress. The award will be made by the Dean of Graduate Studies on the recommendation of a committee including the Assistant Dean, Graduate Studies (Medical) and the Graduate Program Coordinators (Medical).

The Mary A. Griffths Memorial Bursary Fund for Folklore Field Research (Graduate)
This fund, established by the Folklore Society of Memorial University of Newfoundland, is valued at a minimum of $500.00 each and will be awarded annually to graduate students in the Faculty of Arts. Candidates must meet the minimum academic requirements for the scholarship as defined by the University and applications must include academic transcripts, a research statement of no more than 500 words, a writing sample, two letters of recommendation, and a brief statement of need. The Mary A. Griffths Memorial Bursary Fund for Folklore Field Research (Graduate) will be awarded by the Dean of Graduate Studies based upon the recommendations of the Head, Department of Archaeology.

The Michael Harrington Research Prize in Newfoundland History
This award was established by the family of Michael Francis Harrington Sr., journalist, author and Newfoundland historian. The prize is valued at a minimum of $250.00 and will be awarded annually to an undergraduate or graduate student doing research in Newfoundland history. To be considered, undergraduate students must be history majors planning to do research for a course in Newfoundland history or towards an honours thesis. Graduate students must be writing a thesis on some aspect of Newfoundland history. In some instances it may be awarded as a travel grant which will assist students with travel expenses incurred while undertaking their research. The awards will be made by the Dean of Graduate Studies, Bursaries and Awards upon recommendation of the Head, Department of History. In the case of graduates it will be awarded by the Dean, School of Graduate Studies, also upon recommendation of the Head, Department of History.

The Professor Peter Hart Memorial Scholarship
This scholarship has been established in memory of Canada Research Chair in Irish Studies and Department of History Professor, Dr. Peter Hart. His work was marked by a commitment to writing well and accessibly, and by his innovative approach to research and analysis – in particular for opening up new questions through his application of social science methods and concepts to problems of Irish history. The award, valued at a portion of the income from the endowment, will be awarded annually to a full-time doctoral student in the Faculty of Arts. Candidates must meet the minimum academic requirements for the scholarship as defined by the University and applications must include academic transcripts, a research statement of no more than 500 words, a writing sample, two letters of reference and an academic CV. In the event of more than one eligible candidate, preference will be given to a student whose research focuses on one of the following areas: Irish history or politics; Newfoundland and Labrador history or politics; political violence; or revolution. The Scholarship will be awarded by the Dean, School of Graduate Studies, on the recommendation of the Awards and Medals Committee.

The Dr. Austin J. Harte Memorial Scholarship
The Dr. Austin J. Harte Memorial Scholarship commemorates the memory of Austin Harte who was a member of the Faculty of Education, and his contributions to the University of Newfoundland. The scholarship, which is valued at one thousand dollars ($1,000.00), may be awarded annually to a student in a graduate program, in the Faculty of Education. In order to be eligible for consideration, candidates must register full time and satisfy all other conditions as stipulated by the University. The Scholarship will be awarded by the Dean, School of Graduate Studies upon the recommendation from the Dean, Faculty of Education. A special application is required and may be obtained from the Faculty of Education and/or the School of Graduate Studies. Deadline for Application: March 15.

A.G. Hatcher Memorial Scholarship
Normally, up to three A. G. Hatcher Memorial Scholarships are awarded annually commencing in the Fall Semester. The awards are to be made solely on the basis of high academic merit. Typically a minimum of a first class degree is required. One scholarship shall be awarded to an applicant who graduated with an undergraduate degree from Memorial University of Newfoundland, one to an applicant who graduated with an undergraduate degree from a Canadian university, and, one to an applicant who graduated with an undergraduate degree from a foreign university. The value of the scholarship is $15,000, and it may be held for one year only.
The Rolf G. Hattenhauer Scholarship Fund
This fund was established through a generous contribution by the Labour Management Co-operation Committee to commemorate the late Professor Rolf G. Hattenhauer, a well-known Newfoundland arbitrator who was actively involved in setting up the Committee. Professor Hattenhauer was a member of the Department of Commerce (later the Faculty of Business Administration) at Memorial University of Newfoundland from 1965 until his death in 1983, and was department head (pro tem) of the Department during the year 1969-70. The fund will provide scholarships and fellowships on a rotating basis in undergraduate and graduate studies in Business Administration.

In the case of the undergraduate scholarships, preference will be given to students in Terms 6 and 7 of the Bachelor of Commerce program who are majoring in Labour Relations. These scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Business Administration.

In the case of the graduate fellowships, preference will be given to those students in the Master of Business Administration program who are concentrating in or conducting research on the area of personnel and industrial relations. The graduate fellowships will be awarded by the Dean of Graduate Studies on the recommendation of the Dean of Business Administration. If a suitable graduate student is not available in a given year the scholarship for that year may be awarded to an undergraduate student.

The Heart and Stroke Foundation Graduate Scholarship
This scholarship, established through a generous contribution by the Heart and Stroke Foundation of Newfoundland and Labrador, is valued at $1,000 per annum. The scholarship will be awarded to a full-time graduate level student in the Faculty of Medicine, who is pursuing a research program related to heart health or heart disease. Candidates must apply in writing, providing a statement of research, supported by a reference letter from the applicant's supervisor verifying the area of research and progress to date. Consideration will also be given to the student's course work, research and other related accomplishments. Applications shall be submitted to the Faculty of Medicine, Office of Research and Graduate Studies. The scholarship will be awarded by the Dean of Graduate Studies on the recommendation of a committee including the Assistant Dean, Graduate Studies (Medicine) and the Graduate Program Coordinators (Medicine).

The Jim Hood Memorial Scholarship
This scholarship was established through the generous bequest of Jim Hood, an alumnus and friend of the Faculty of Business Administration. Valued at a portion of the income on the investment, the scholarship is open to full-time undergraduate and graduate students in the Faculty of Business Administration who meet scholarship standing and who have been active in athletics at Memorial University of Newfoundland and/or in the community. In the case of the undergraduate student, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of Business Administration. In the case of the graduate student, the scholarship will be awarded by the Dean of Graduate Studies on the recommendation of the Dean of Business Administration.

The Imperial Tobacco Canada Limited Graduate Scholarship in Business Studies
This scholarship valued at the annual accrued interest on an initial endowment was established from a generous donation made by Imperial Tobacco Canada Limited. Two endowments, valued at $3,000.00 each, will be made annually to entering full-time graduate students whose area of specialization is business studies. The scholarship may include, at the discretion of the donor, an invitation to their head office to meet their management team. The award may be renewed for a second year provided that academic standing is maintained. Selection of the candidates will be made on the basis of academic merit. The award will be made by the Dean, School of Graduate Studies, on the recommendation of the Awards and Medals Committee.

The Dr. Ethel M. Janes Memorial Scholarship in Education (Graduate)
From a sum of money endowed to Memorial University of Newfoundland by the late Dr. Ethel M. Janes, one scholarship valued at $2,000.00 will be awarded annually on the basis of scholastic achievement. Dr. Janes, a Professor of Education at Memorial University of Newfoundland for twenty-eight years, devoted her career to study, research, and teaching in primary and elementary education. Her contribution to the development of primary and elementary teacher education programs within the faculty was significant, as was her influence on primary and elementary education in the schools. Two generations of prospective teachers were her students. This scholarship will be awarded on the basis of academic standing in a first Memorial University of Newfoundland Education degree to a graduate student with a specialization in reading or language arts. In the event that in any given year no graduate student qualifies for the award, this scholarship will be awarded to an undergraduate student. Instalments of $1,000.00 each will be awarded in two equal instalments in academic terms; and the scholarship is renewable for two years, provided first-class standing is maintained. This award will be made by the Dean of Graduate Studies upon the recommendation from the Dean, Faculty of Education.

Law Foundation of Newfoundland and Labrador Legal Research Awards for Students of Memorial University
The Law Foundation of Newfoundland and Labrador annually offers up to five Legal Research Awards valued at $500 each to students at Memorial University of Newfoundland. The Awards are for outstanding research papers on one or more legal issues, or topics treated in a legal context, in a senior level course in any discipline at the undergraduate level and in any graduate course for students at the graduate level. The papers submitted by and with endorsement of course professor or lecturer will be judged initially by the Dean, Director, or Department Head who will make a recommendation to a special selection committee comprised of appointees of Memorial University of Newfoundland, the Law Foundation and the Law Foundation's selection committee. In the case of undergraduate students the Awards will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduate students the Awards will be made by the Dean, School of Graduate Studies. In both cases they will act upon the recommendation of the Foundation’s selection committee. Please note that papers, if available on computer, must also be submitted in electronic format. An additional $500 will be provided annually by the Law Foundation to Queen Elizabeth II Library for the purchase of research materials and resources. Total Awards $3,000.

The LGL Limited Scholarship in Marine Science
This scholarship, valued at $1,000.00, was established by LGL Limited. It will be awarded annually to a student in the Faculty of Science who is following a program of studies related to Marine Science. The successful candidate will be either a fourth year undergraduate student doing an honors program or a graduate student. Wherever possible, preference will be given to a student from a fishing family, but other students will be considered. In the case of undergraduate students the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing. In the case of graduate students the scholarship will be awarded by the Dean, School of Graduate Studies. In both cases it will be based upon a recommendation from the Dean, Faculty of Science.

The Maritime Awards Society of Canada (MASC) Maritime Studies Scholarship
The Maritime Awards Society of Canada has established an annual scholarship tenable at Memorial University of Newfoundland. The successful candidate will be a Canadian citizen studying in a “maritime based” program at either the Masters or Doctoral level. This scholarship will have a value of at least $5,000.00 a year and in some cases may be renewed for a second year. It will be awarded by
the Dean of Graduate Studies upon the recommendation of the appropriate Academic Unit.

Maritime History Internship
This fund, jointly sponsored by the Canadian Nautical Research Society and the School of Graduate Studies, is designated to support a graduate student in history to train as an editorial intern with the journal *The Northerner Mariner/Le Marin du nord*. It will be awarded on the basis of academic standing to a graduate student pursuing studies in the area of maritime history. The award will normally be made to an entering student, but may be made to a student already enrolled in the graduate program. Valued at $12,000.00 per year, it will be paid over a period of three successive academic semesters and may be renewed. Masters students may be renewed for one additional year, and PhD students may be renewed for up to two additional years. The internship will be awarded by the Dean of Graduate Studies on the recommendation of the editors of *The Northerner Mariner/Le Marin du nord* and the Department of History.

The Edgar Raymond Martin Memorial Scholarship in Music
This scholarship, valued at the annual interest on the endowment, has been established by Mrs. Helen MacLeod in memory of her brother Edgar Martin. Edgar completed a Bachelor of Science at McGill University, Montreal in 1942 and died later that year while returning to St. John's aboard the S.S. Caribou which was torpedoed, causing the loss of 137 lives. Edgar was 19 years old and had a profound love for classical music. In his memory, this scholarship will be awarded to a full time graduate student in the School of Music. It will be awarded by the Dean, School of Graduate Studies based on a recommendation from the Director, School of Music.

James and Muriel Martin Award in Music
The James and Muriel Martin Award was established through a generous gift to the School of Music by Mrs. Helen MacLeod, on behalf of her parents. James and Muriel Martin, lifelong residents of St. John's, Newfoundland, were enthusiastic participants in the local music scene in the early half of the twentieth century. The award, valued at a portion of the income on the investment, will be given annually to a full-time graduate student (MA or PhD) enrolled in the ethnomusicology program, with preference to a student whose focus is on the research, collection or preservation of music in Newfoundland and Labrador. It will be granted by the Dean, School of Graduate Studies on the recommendation of the Director, School of Music.

The Margaret D. McLean Scholarship
The Margaret D. McLean Scholarship, valued at the annual accrued interest on the initial endowment, is awarded to a graduate of the basic Bachelor of Nursing Program of Memorial University of Newfoundland. The successful candidate must be enrolled in a doctoral program of Nursing (or related field). In the event that an appropriate application from a doctoral candidate is not available, students enrolled in B.Sc. Nursing Program in Nursing (or related field) who intend to obtain a doctorate, may be considered. The scholarship will be based on academic excellence in the Bachelor of Nursing Program and in any graduate courses completed. It will be awarded by the Dean of Graduate Studies upon recommendation of the Director, School of Nursing.

Master of Women's Studies Graduate Travel Award
Funded through generous contributions to the Department of Women's Studies, this award is available bi-annually (one time in each of the Fall and Spring semesters) to full-time or part-time students enrolled in the two-year Master of Women's Studies (MWS) program. This award is established to assist with travel to scholarly conferences for the purpose of presenting academic papers and/or posters. Successful applicants must be enrolled in the first two years of the MWS program and must submit the following criteria, with a copy of the Graduate Student Request for Travel Assistance form, to the Department of Women's Studies: acceptance of a paper/poster presentation, written support of co-supervisors, relevance to the students' program of study and the estimated cost of travel. Students must meet the minimum academic requirements for an award and are eligible to receive this award one time only during the enrolment in the two-year MWS program. The deadlines for submission are December 1st and May 1st for the Fall and Spring semesters respectively. Successful applicants are eligible to receive up to $100 for travel within North America and up to $200 for travel outside of North America. It will be awarded by the Dean of Graduate Studies based on the recommendation of the Graduate Coordinator who will be advised by the Graduate Studies Advisory Committee.

The Medical School Essay Graduate Student Award
The Medical School Essay Award is supported by the K.B. Roberts Scholarship Fund, which was established in appreciation of the contribution made to the Faculty of Medicine by Dr. Kenneth Roberts. The award, valued at a portion of the income on the endowment, will be awarded annually to any graduate medical student registered full-time in the current academic year following a competition in the form of an essay or short monograph pertaining to any aspect of medicine or the medical sciences. The essay, not exceeding 5,000 words, should include an interpretative element that indicates the importance and relevance to Medicine, Health and Society. Should there be two essays that are of very high caliber but one is obviously the better provision may be made for an honourable mention award of $250. The submission deadline is 1 April, in August or September of the academic year. The award is renewed for an additional academic year. If a student has not submitted an essay in the first year of eligibility, applications may be submitted in the second year of eligibility. The award of this nature will have their essay printed in the Memorial University Journal of Human Health. The award is made by the Dean of Graduate Studies based on the recommendation of the Dean’s Advisory Committee on Awards, Bursaries and Scholarships in the Faculty of Medicine.

The James and Muriel Martin Award in Music
This fund was established as a memorial for Dr. Gordon Mertz by his family. Dr. Mertz was a Physical Oceanographer at the Northwest Atlantic Fisheries Centre of the Department of Fisheries and Oceans. Interest from the fund will be used to provide a fellowship which will be awarded annually on the basis of academic excellence to a full-time graduate student working in an area of Physical Oceanography with applications in Fisheries Oceanography or Marine Ecology. The fellowship will be awarded by the Dean of Graduate Studies upon recommendation of the Department of Physics and Physical Oceanography.

The Northerner Mariner/Le Marin du nord Internship
This fund was established to train as an editorial intern with the journal *The Northerner Mariner/Le Marin du nord*. The internship will be awarded by the Dean of Graduate Studies based on the recommendation of the appropriate Academic Unit.

The Medical School Essay Graduate Student Award
The Medical School Essay Award is supported by the K.B. Roberts Scholarship Fund, which was established in appreciation of the contribution made to the Faculty of Medicine by Dr. Kenneth Roberts. The award, valued at a portion of the income on the endowment, will be awarded annually to any graduate medical student registered full-time in the current academic year following a competition in the form of an essay or short monograph pertaining to any aspect of medicine or the medical sciences. The essay, not exceeding 5,000 words, should include an interpretative element that indicates the importance and relevance to Medicine, Health and Society. Should there be two essays that are of very high caliber but one is obviously the better provision may be made for an honourable mention award of $250. The submission deadline is 1 April, in August or September of the academic year. The award of this nature will have their essay printed in the Memorial University Journal of Human Health. The award is made by the Dean of Graduate Studies based on the recommendation of the Dean’s Advisory Committee on Awards, Bursaries and Scholarships in the Faculty of Medicine.

The James and Muriel Martin Award in Music
This fund was established as a memorial for Dr. Gordon Mertz by his family. Dr. Mertz was a Physical Oceanographer at the Northwest Atlantic Fisheries Centre of the Department of Fisheries and Oceans. Interest from the fund will be used to provide a fellowship which will be awarded annually on the basis of academic excellence to a full-time graduate student working in an area of Physical Oceanography with applications in Fisheries Oceanography or Marine Ecology. The fellowship will be awarded by the Dean of Graduate Studies upon recommendation of the Head, Department of Physics and Physical Oceanography.

The W.F. Morneau Scholarship
This scholarship, valued at the annual interest on the initial endowment will be awarded by the Dean, School of Graduate Studies upon the recommendation of the Dean, Faculty of Business Administration to a Newfoundland student who has been granted direct entry on a full-time basis to Term 3 of the Master of Business Administration Program and who has exhibited a high level of ambition. Financial need may also be taken into consideration when awarding this scholarship.

The Neil Murray Graduate Research Award in Folklore
The Research Award, sponsored by the Newfoundland and Labrador Arts Council, is established to commemorate the energy of Neil Murray in his encouragement and promotion of our provincial folk music traditions. Open to students currently registered in the graduate program in folklore at Memorial University of Newfoundland, two awards of $250, or one of $500, will normally be given each year. These awards are designed to fund costs related to the accomplishment of, or the presentation of, research on the traditional performing arts in Newfoundland, including song, dance, drama, music and/or the cultural traditions of the Newfoundland fishery. The awards are based on the basis of demonstrated academic merit and a research proposal or conference paper abstract demonstrating original, creative and innovative thought. Members of the editorial board of *The Northerner Mariner/Le Marin du nord* will be consulted in the selection process. The award is made by the Dean, School of Graduate Studies based on the recommendation of the Head, Department of Women's Studies, who will be advised by the Selection Committee. Applications should be directed to the head, Department of Women's Studies. The deadline for application is March 1st each year.

The National Scholarship in Ocean Studies at Memorial University of Newfoundland
The federal Department of Fisheries and Oceans (DFO) has helped to establish The National Scholarship in Ocean Studies to be awarded to an outstanding Ph.D. candidate in an aspect of ocean studies which may include: chemistry, biochemistry, biology, physics, earth sciences, geography, economics or engineering. The award valued at $18,000 per annum for a maximum of three successive
years may be held in conjunction with other major awards. The award is made only on the basis of academic excellence and the successful candidate must exhibit and maintain first-class standing. Guidelines and applications for the scholarship are available from the School of Graduate Studies. Final selection of the candidate will be made by a committee which reports to the Dean of the School of Graduate Studies. A one-time grant of up to $2,000 may be made in support of travel to appropriate conferences where the student is presenting research findings. Deadlines for applications will be July 1 in any one year when the scholarship is available, and application should be made on appropriate forms available from the School of Graduate Studies.

The Newfoundland and Labrador Neurotrauma Initiative Award
This award, valued at a portion of the income on the investment, is made possible by a generous endowment from the Newfoundland and Labrador Neurotrauma Initiative Program, a partnership between the Rick Hansen Man in Motion Foundation, the Canadian Paraplegic Association, the Brain Injury Association and the Government of Newfoundland and Labrador. The award will be available on an annually rotating basis between undergraduate and graduate students, with first preference given to a student who has been identified with a brain or spinal cord injury. For undergraduate students applications are available from the Scholarships, Bursaries and Awards Office and the School of Graduate Studies, Room IIC 2021, Inco Innovation Centre, (709) 864-2600. If no candidate is available with a brain or spinal cord injury, preference will be given to a student who is studying in any field related to neurotrauma. If it is not awarded at the level of study (i.e. graduate/undergraduate) on rotation in a given year, it may be awarded to a student studying at the other level for that year. In the case of undergraduates, the award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates it will be awarded by the Dean, School of Graduate Studies on the recommendation of the Awards and Medals Committee. This award is open to part-time or full-time students with clear academic standing.

The Elizabeth A. Newlands Memorial Scholarship in Social Work
This scholarship has been named to honour the late Mrs. Elizabeth Newlands, one of the first graduates of the B.S.W. Program at Memorial University of Newfoundland and whose topic of research is directly related to Newfoundland and Labrador. These bursaries will be awarded on an annually rotating basis between undergraduate and graduate students who show particular promise in the history of ideas, historiography, or the history of science. In the case of undergraduate students, the award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. If awarded to a Graduate Student, it will be awarded by the Dean, School of Graduate Studies. In either case the scholarship will be awarded on the basis of an appropriate recommendation from the Director, School of Social Work.

The Nopah Consulting Limited Bursaries in Earth Sciences
Three bursaries, valued at $2,500 each, will be awarded annually to full-time graduate students who are enrolled in a masters program in the area of geology and whose topic of research is directly related to Newfoundland and Labrador. These bursaries will be awarded on the basis of demonstrated financial need and academic standing. They are tenable at Memorial University of Newfoundland and may be renewable for a second year. They will be awarded by the Dean of Graduate Studies, on the recommendation of the Head, Department of Earth Sciences.

Dermot O’Reilly Legacy Award
The award, valued at a portion of the income on the investment, is established through funds raised by family, friends and music lovers, in Dermot O’Reilly’s memory after his untimely passing in 2007. Dermot chose to make Newfoundland his home in 1971 where he found here a kinship to the Dublin of his youth in the people, music and songs. Here, his life was music. He delighted in sharing music with others and was a mentor to many aspiring musicians. Dermot’s friends and family carry on his legacy by creating this award to encourage and support the promotion and development of traditional dance in Newfoundland and Labrador. The award will be given annually to a part-time or full-time student at Memorial University of Newfoundland enrolled in any year of any program of study that meets the academic requirements for an award as outlined by the University. Eligibility should be based on established support of traditional music, oral tradition or dance amongst Newfoundlanders and Labradorians. The successful candidate will be determined at the discretion of the Dermot O’Reilly Legacy Award Selection Committee and will have made evident, either through actions or creative undertakings, contributions to the province by demonstrating leadership and creativity in the tradition-bearer community. To be considered, candidates must apply as a maturity student in second year or beyond who plans to pursue one of the above noted areas of specialization. In the case of graduate students it will be awarded to a full-time student doing the Masters of Arts in one of the disciplines noted. If the successful candidate is an undergraduate, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. At the undergraduate level it will be awarded on the basis of scholarship standing to a student in second year or beyond, with a minimum of $1,000.00 annually, it will be awarded on the basis of academics to either a graduate or undergraduate student enrolled in the School of Social Work. If granted to an undergraduate the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. If awarded to a Graduate Student, it will be awarded by the Dean, School of Graduate Studies. In either case the scholarship will be awarded on the basis of an appropriate recommendation from the Director, School of Social Work.

The Senator Gerald R. Ottenheimer Language Scholarship
This scholarship, valued at the annual interest on the initial endowment, has been established via The Opportunity Fund in memory of Senator Ottenheimer through the generosity of White Ottenheimer & Baker, Barristers & Solicitors. It will be awarded on a rotating basis to students majoring in one of the language programs or the English Language and Literature programs at Memorial University of Newfoundland or the Graduate Program in English. The award will be given annually to a part-time or full-time student at Memorial University of Newfoundland enrolled in any year of any program of study that meets the academic requirements for an award as outlined by the University. Eligibility should be based on appropriate forms available from the School of Graduate Studies and must be accompanied by a resume of all relevant information including but not limited to: publications, research, recordings, projects, performances, etc. It will be awarded by either the Senate Committee on Undergraduate Scholarships, Bursaries and Awards or the Dean, School of Graduate Studies as appropriate based on the recommendation from the Committee.

The Dennis R. Prince Memorial Scholarship
The Dennis R. Prince Memorial Scholarship has been made available by the Prospects and Developers Association of Canada, the Porcupine Prospects and Developers Association, the mining community, colleagues, friends and family of the late Dennis Prince. Dennis graduated from Memorial University of Newfoundland in 1970 with a B.Sc. Honours degree. He led a distinguished career as a geologist with twenty-nine years at Falconbridge Ltd. The annual scholarship, valued at $2,000.00 and an engraved Brunton compass, will be awarded to a final year student specializing in mineral exploration and development in the honours program of the undergraduate degree in Earth Sciences at Memorial University of Newfoundland. If there is no qualified undergraduate student a graduate student who has been accepted for post-graduate studies in mineral exploration and development at Memorial University of Newfoundland and who intends to pursue a career in the mineral industry, will be considered. The qualifying student must demonstrate scholarship standing, strong personal values including a strong work ethic and high personal integrity. Active participation and leadership in geological associations and activities such as The Alexander
Murray Geology Club and the Geological Association of Canada may be taken into consideration as well as financial need. In the case of undergraduates the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduates it will be awarded by the Dean, School of Graduate Studies. In both cases it will be based on a recommendation from the Head, Department of Earth Sciences in consultation with the PDAC and the Prince family.

**Professional Engineers and Geoscientists Newfoundland and Labrador Past Presidents’ Geoscience Scholarship**

This scholarship valued at a minimum of $1,000.00 was established by the Professional Engineers and Geoscientists Newfoundland and Labrador. It is awarded annually on the basis of scholarship standing to a Geoscience student at Memorial University of Newfoundland. It is open to either graduate or undergraduate students in any given year and will be allocated as such as at the discretion of the Department Head. In the case of undergraduates, the scholarship is awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards upon the recommendation of the Head, Department of Earth Sciences in consultation with PEGNLAN. In the case of graduates it is awarded by the Dean of Graduate Studies upon recommendation of the Head, Department of Earth Sciences, in consultation with PEGNLAN.

**The Very Reverend Edward and Marjorie Rusted Harlow Travel Award**

This is an award for graduate students who wish to travel to Harlow either to undertake graduate thesis-related research or who have completed a master’s degree at Memorial University and wish to travel to Harlow to pursue a British higher degree. The award is not renewable but re-applications will be considered.

**The Royal Bank Fellowship in Marine Studies**

This fellowship is provided through the generosity of the Royal Bank of Canada. It is valued at $5,000 and is open to full-time graduate students in any given year. It will be awarded annually to a full-time student at the end of his or her first year of full-time study in the M.B.A. Program. It will be awarded to the student who has best demonstrated a combination of academic excellence, significant contributions to the faculty and leadership in student life within the M.B.A. Program. The scholarship will be awarded by the Dean of Graduate Studies upon recommendation of the Dean, Faculty of Business Administration.

**The Rothermere Foundation Fellowships**

These Fellowships, the gift of the first Chancellor of the University, have been established to aid and encourage students who have taken their first degree at this University to pursue their studies for a British higher degree at a university of their choice in the United Kingdom. It is not intended that students who have obtained most of their education in Britain be eligible for a Fellowship. Awards are made by the Rothermere Fellowships Trust, on the recommendation of the President of Memorial University of Newfoundland.

The conditions of the award are as follows:

1. Candidates shall have completed a bachelor’s degree at Memorial University of Newfoundland and have completed or be about to complete a master’s degree either at Memorial University of Newfoundland or at another university in North America.
2. Fellowships will be awarded only to candidates who are proceeding to the United Kingdom to work for a British higher degree. Fellowships will not be awarded to candidates who wish to extend their stay in Britain to obtain a further British higher degree. Persons who are full-time students of a faculty of Memorial University of Newfoundland are not eligible for a Rothermere Fellowship.
3. The awards will be restricted to a maximum tenure of three years or the period requested in the candidate’s application, whichever is the lesser. Continuation beyond the first year will depend on certification of competence and satisfactory progress.
4. Candidates must accept and complete the term of years for which the Fellowship has been awarded unless the requirements for the qualifications for which the Fellowship was awarded have been completed before the term expires. No interruption of tenure or postponement of the date of commencement of the Fellowship will be allowed.
5. One Fellowship is usually awarded each year.
6. The value of the stipend is currently £14,514 per annum, plus tuition fees. The fees will be paid direct to the university concerned upon receipt of an invoice. The stipend will be credited to the Fellow’s banking account in quarterly installments.
7. The Trust will pay for a return airfare, economy class, for Fellows from Newfoundland to England, and back to Newfoundland in each year of their Fellowship (a year being twelve months from the start of the Fellowship and every twelve months of the Fellowship thereafter). Flights must be economy return. The Trust will reimburse the airfare in the final year of award, on the proviso that the Fellow must use the return portion to travel back to Newfoundland within one month of completing the Fellowship.
8. Completed applications must be submitted in duplicate to this office before the 30th of November and must be accompanied by the following documentation, also in duplicate:
   a. an official transcript of marks from Memorial University of Newfoundland and from any other university attended;
   b. a letter of recommendation from the dean of the faculty or school in which the applicant was registered as an undergraduate at Memorial University of Newfoundland;
   c. a letter of recommendation from the head of the department in which applicant majored as an undergraduate at Memorial University of Newfoundland;
   d. a letter of recommendation from the applicant’s present master’s level supervisor;
   e. as indicated in Section 15 of the application, applicants must submit a personal statement on how their research will contribute or be of value to Newfoundland and Labrador. The statement must also contain a section on the candidate’s commitment to Newfoundland and Labrador.

Note that additional letters of recommendation and other information in support of the application may be submitted at the applicant’s discretion.

Applicants are encouraged to begin the process of applying to universities in the United Kingdom before submitting the Rothermere Fellowship application.

Further information may be obtained by writing Margot Brown, Executive Director/Assistant to the President, Room AA2028, Arts and Administration Building, Memorial University of Newfoundland, St. John’s, N.L. A1C 5S7, or by telephone to (709) 864-8216, or by fax to (709) 864-2059, or by e-mail to mbrown@mun.ca.

**Royal Bank Fellowship in Marine Studies**

This fellowship is provided through the generosity of the Royal Bank of Canada. It is valued at $5,000 and is open to full-time graduate students in fields related to marine studies including, but not limited to, marine biology, aquaculture, biopsychology, fisheries resource management, maritime history, cold ocean engineering, folklore and naval architecture. The award, given on the basis of academic merit, will be made by the Dean of the School of Graduate Studies upon recommendation from the Head of the appropriate academic units in the above noted areas. The award is not renewable but re-applications will be considered.

**The Very Reverend Edward and Marjorie Rusted Harlow Travel Award**

This is an award for graduate students who wish to travel to Harlow either to undertake graduate thesis-related research or who have enrolled in a graduate course that is offered at the Harlow Campus. One award of $2,000.00 will be made annually to help defray the expenses for airfare and accommodation. Applications are to be made to the Dean of Graduate Studies and must be received by April 30th. Details of application are available from the School of Graduate Studies. The award will be made upon the recommendation of the Dean's Advisory Committee on Medals and Awards.

**The Gar Pynn Scholarship in Business**

This endowed scholarship is made possible through a very kind donation to Memorial University of Newfoundland by an anonymous donor in recognition of Professor Pynn's contribution to the Faculty of Business Administration over his 27 years of service. A scholarship valued at approximately $2,000.00 will be awarded annually to a full-time student at the end of his or her first year of full-time study in the M.B.A. Program. It will be awarded to the student who has best demonstrated a combination of academic excellence, significant contributions to the faculty and leadership in student life within the M.B.A. Program. The scholarship will be awarded by the Dean of Graduate Studies upon recommendation of the Dean, Faculty of Business Administration.

**The Rothermere Foundation Fellowships**

These Fellowships, the gift of the first Chancellor of the University, have been established to aid and encourage students who have taken their first degree at this University to pursue their studies for a British higher degree at a university of their choice in the United Kingdom. It is not intended that students who have obtained most of their education in Britain be eligible for a Fellowship. Awards are made by the Rothermere Fellowships Trust, on the recommendation of the President of Memorial University of Newfoundland.

The conditions of the award are as follows:

1. Candidates shall have completed a bachelor’s degree at Memorial University of Newfoundland and have completed or be about to complete a master’s degree either at Memorial University of Newfoundland or at another university in North America.
2. Fellowships will be awarded only to candidates who are proceeding to the United Kingdom to work for a British higher degree. Fellowships will not be awarded to candidates who wish to extend their stay in Britain to obtain a further British higher degree. Persons who are full-time students of a faculty of Memorial University of Newfoundland are not eligible for a Rothermere Fellowship.
3. The awards will be restricted to a maximum tenure of three years or the period requested in the candidate's application, whichever is the lesser. Continuation beyond the first year will depend on certification of competence and satisfactory progress.
4. Candidates must accept and complete the term of years for which the Fellowship has been awarded unless the requirements for the qualifications for which the Fellowship was awarded have been completed before the term expires. No interruption of tenure or postponement of the date of commencement of the Fellowship will be allowed.
5. One Fellowship is usually awarded each year.
6. The value of the stipend is currently £14,514 per annum, plus tuition fees. The fees will be paid direct to the university concerned upon receipt of an invoice. The stipend will be credited to the Fellow's banking account in quarterly installments.
7. The Trust will pay for a return airfare, economy class, for Fellows from Newfoundland to England, and back to Newfoundland in each year of their Fellowship (a year being twelve months from the start of the Fellowship and every twelve months of the Fellowship thereafter). Flights must be economy return. The Trust will reimburse the airfare in the final year of award, on the proviso that the Fellow must use the return portion to travel back to Newfoundland within one month of completing the Fellowship.
8. Completed applications must be submitted in duplicate to this office before the 30th of November and must be accompanied by the following documentation, also in duplicate:
   a. an official transcript of marks from Memorial University of Newfoundland and from any other university attended;
   b. a letter of recommendation from the dean of the faculty or school in which the applicant was registered as an undergraduate at Memorial University of Newfoundland;
   c. a letter of recommendation from the head of the department in which applicant majored as an undergraduate at Memorial University of Newfoundland;
   d. a letter of recommendation from the applicant’s present master’s level supervisor;
   e. as indicated in Section 15 of the application, applicants must submit a personal statement on how their research will contribute or be of value to Newfoundland and Labrador. The statement must also contain a section on the candidate's commitment to Newfoundland and Labrador.

Note that additional letters of recommendation and other information in support of the application may be submitted at the applicant’s discretion.

Applicants are encouraged to begin the process of applying to universities in the United Kingdom before submitting the Rothermere Fellowship application.

Further information may be obtained by writing Margot Brown, Executive Director/Assistant to the President, Room AA2028, Arts and Administration Building, Memorial University of Newfoundland, St. John’s, N.L. A1C 5S7, or by telephone to (709) 864-8216, or by fax to (709) 864-2059, or by e-mail to mbrown@mun.ca.

**Royal Bank Fellowship in Marine Studies**

**The Very Reverend Edward and Marjorie Rusted Harlow Travel Award**

This is an award for graduate students who wish to travel to Harlow either to undertake graduate thesis-related research or who have enrolled in a graduate course that is offered at the Harlow Campus. One award of $2,000.00 will be made annually to help defray the expenses for airfare and accommodation. Applications are to be made to the Dean of Graduate Studies and must be received by April 30th. Details of application are available from the School of Graduate Studies. The award will be made upon the recommendation of the Dean's Advisory Committee on Medals and Awards.
Sceptre Investment Counsel Limited Bursary

Sceptre Investment Counsel, one of Canada's leading pension and mutual fund managers and an important partner to Memorial University of Newfoundland for several years, has established this bursary as a demonstration of its commitment to community support.

Valued at the accrued interest on their endowment, one or more bursaries will be awarded annually on a rotating basis between undergraduate and graduate students in any field of study. Successful candidate(s) must be Newfoundland residents demonstrating financial need and displaying qualities of leadership. In the case of undergraduates, it will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards using scholarship standing as the primary determinant. Graduate students can make application in writing to the Dean of Graduate Studies. The award will be made by the Dean on the recommendation of the Awards and Medals Committee.

School of Graduate Studies F.A. Aldrich Fellowships

Six to eight fellowships valued at $20,000 per annum on the doctoral level and $15,000 on the masters level will be awarded to incoming full-time Canadian students. Renewal for one year at the doctoral level will be possible. These fellowships were established in 1999 from a portion of the proceeds of the Opportunity Fund and in honour of Memorial University of Newfoundland's first Dean of the School of Graduate Studies, Dr. F.A. Aldrich (1970-1987). Recipients will be selected by the Dean of the School of Graduate Studies, on the recommendation of the Awards and Medals Committee, on the basis of exceptional academic achievement.

School of Pharmacy Millennium Graduate Fellowship

The school, valued at the annual accrued interest on an initial endowment from the School of Pharmacy, is to be awarded to a full-time graduate student in Pharmacy and will be in addition to any other graduate student support held. The award is made on the basis of academic excellence in both course work and research (equally). This fellowship is not renewable for students in the master’s program, but is renewable once for students in the Doctoral program. All full-time graduate students at the School of Pharmacy are eligible to apply for this award. In case of candidates with equal qualifications, preference will be given to Canadian citizens and permanent residents. The award will be made by the Dean of Graduate Studies on the recommendation of the Director of the School of Pharmacy.

The Scotiabank Bursaries for International Study

These bursaries, funded by a generous donation from Scotiabank to The Opportunity Fund, are intended to help students broaden their educational experience and cultivate an international perspective through study abroad while pursuing studies in the Faculty of Arts at Memorial University of Newfoundland. Fifteen or more bursaries will be available with approximately ten at the undergraduate level valued at $1,000.00 each and five at the graduate level valued at $2,000.00 each. The undergraduate bursaries will be awarded on the basis of scholarship standing to full-time students who are participating in one of the overseas Field Schools or study abroad programs sponsored by the Faculty of Arts. These include the Arts semester in Harlow (every Fall) as well as Summer programs at Harlow and in other countries such as Ireland, Malta, Russia, etc. In addition, students wishing to participate in formal exchange programs through the faculty of Arts, such as those with the University of Keele, will also qualify. The graduate bursaries will be based on academics as well and will assist full-time Faculty of Arts master’s and doctoral students (including those in interdisciplinary programs) to travel to other countries for the purpose of thesis research and thesis-related study. In both cases financial need may be taken into consideration. In the case of undergraduates the bursaries will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In the case of graduate students they will be awarded by the Dean of the School of Graduate Studies. In both cases the bursaries will be awarded on the basis of a recommendation from the Dean, Faculty of Arts.

The Dr. Jorge Segovia Scholarship in Health Services Research

This scholarship has been established in honour of Dr. Jorge Segovia (former Associate Dean of Community Health and Professor Emeritus of Social Medicine). It is valued at $500.00 annually and will be awarded to any full-time graduate student doing Health Service Research at Memorial University of Newfoundland. The recipient of this scholarship will be selected on scholarship standing through such accomplishments as best paper, best thesis, or best research project. The scholarship will be awarded by the Dean, School of Graduate Studies, on the recommendation of the Dean, Faculty of Medicine, in consultation with the Associate Dean Community Health.

The Dr. Robert W. Sexty Scholarship for Social Responsibility

The scholarship, valued at a portion of the income on the investment, will be awarded annually to a full-time or part-time student enrolled in a graduate or undergraduate business program. The scholarship will be awarded to a student who has demonstrated commitment to social responsibility through academic achievement, community service or ethics in business related courses, or successful completion of an M.B.A. research project relating to social responsibility, or involvement in social responsibility as exemplified through service in the community. In the case of undergraduate students, the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing and the recommendation of the Dean, Faculty of Business Administration. In the case of graduate students the scholarship will be awarded by the Dean, School of Graduate Studies on the recommendation of the Dean, Faculty of Business Administration.

Dr. Alfred K. Sneigrove Graduate Scholarship in Earth Sciences

A bequest from Dr. Alfred K. Sneigrove makes possible up to two scholarships, valued at $5,000.00 per annum, for students applying for or enrolled in a graduate program in the Department of Earth Sciences. These scholarships are intended primarily for Canadian citizens or permanent residents, and are awarded by the Dean of Graduate Studies on the recommendation of the Head of the Department of Earth Sciences. The scholarships are tenable for one year, and may be renewed. They may be held in addition to other scholarships and fellowships, and will be awarded only to applicants whose academic excellence and research potential can be clearly demonstrated.

Special Scholarships for Students to Pursue Graduate Studies Related to Resource Development

The "Special Scholarships for Students in the Sciences Related to Resource Development" will be in the amount of $7500.00 annually for students registered in full-time post-graduate studies at Memorial University of Newfoundland, in programs leading to the Master's and/or Doctorate degrees in the Sciences related to Resource Development. A scholarship may be renewed and awarded for one additional year only.

The scholarships are to be tenable at Memorial University of Newfoundland, but under special circumstances may include approved studies abroad. Eligible candidates normally should be residents of the province, or should have been resident in the province for at least three years prior to entering the program, excluding time spent at post-secondary institutions.

Candidates will normally have a First-Class Undergraduate Degree, or a Second-Class Degree with First-Class standing in courses in their major field of study. Candidates should apply for the scholarships to the Office of the Dean of Graduate Studies, Memorial University of Newfoundland.

The St. John's Maple Leafs Legacy Scholarship

This scholarship was established by the Leafs Foundation Inc. and the St. John's Maple Leafs Booster Club to recognize the contribution of the St. John's Maple Leafs hockey team to youth and community in the Province. Valued at a portion of the income on the investment, the scholarship is open to full-time undergraduate or graduate students in the Faculty of Business Administration who meet scholarship standing and who have been active in athletic or extracurricular activities at Memorial University of Newfoundland and/or in the community. In the case of undergraduate students the scholarships will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean of the Faculty of Business Administration. In the case of
graduate students, the scholarship will be awarded by the Dean of Graduate Studies on the recommendation of the Dean of the Faculty of Business Administration.

The Dr. Anna C. Templeton Memorial Graduate Scholarship
This fund was established from a bequest to the University by Dr. Anna C. Templeton. Awarded annually and valued at approximately 75% of the earned interest, the scholarship is open to full-time graduate students in any year of their program who are residents of Newfoundland and Labrador. Preference will be given to students who have demonstrated leadership in teaching, promotion or development of craft or home economics in the province of Newfoundland and Labrador. Normally the award will be made to a student in the Faculty of Arts, the Faculty of Nursing, the School of Social Work or at Grenfell Campus, or the Fisheries and Marine Institute. The scholarship will be awarded by the Dean, School of Graduate Studies upon recommendation from the head of appropriate academic units in the above-noted areas. The award is not renewable, but reapplications will be considered.

The Dr. Wilfred Templeman Memorial Scholarship
In commemoration of the 15th Anniversary of the cod moratorium, the Provincial Government has created this award in honour of Dr. Wilfred Templeman, a pioneer of fisheries research in Newfoundland and Labrador. This scholarship will be available to full-time students pursuing a graduate program in which groundfish research is the primary focus. Successful applicants will receive $2,500 per year for a maximum of two years for work towards a graduate degree in a program appropriately related to the stated goals of the scholarship. The application should contain a brief description of the research being undertaken towards the graduate degree and a statement of how the research is consistent with the goals of the scholarship donor. Candidates should apply for the scholarship to the Office of the Dean of Science no later than the last day of December of the first academic year of their graduate program. Awards will be made by the Dean of Graduate Studies on the recommendation of the Dean of Science.

The J. Beryl Truscott Graduate Scholarship
This fund is established in memorial to J. Beryl Truscott, a long-time employee of the Marine Sciences Research Laboratory, and is administered by the School of Graduate Studies. It is valued at $2,000.00 and is normally awarded annually to a full-time student pursuing a graduate program in either Chemistry or Biochemistry. Awards will be made by the Dean of Graduate Studies based upon recommendations from the Head, Department of Biochemistry and the Head, Department of Chemistry.

The Leslie Tuck-Avian Ecology Award
This endowed scholarship is named in honour of the late Dr. Leslie Mills Tuck, the first Dominion Wildlife Officer and Canadian Wildlife Service Officer in Newfoundland and Labrador. Author of two definitive and award-winning books on Newfoundland birds, *The Mures* (1961) and *The Snipes* (1972), Leslie Tuck was a J.L. Paton Research Chair in the Department of Psychology following his retirement from the Canadian Wildlife Service, and a member of the Natural History Society of Newfoundland and Labrador which he was instrumental in sustaining. The award, valued at $1,000 annually, will be made by the Dean of Graduate Studies on the recommendation of the Dean of Science. A committee appointed by the Dean of Science shall select a nominee on the basis of a 500 word essay on the student’s research and its relevance to the avian ecology and ecosystem preservation in Newfoundland and Labrador. Eligible candidates must be full-time graduate students in biopsychology, biology or psychology. The winning essay will be published in *The Osprey*, the quarterly publication of the Natural History Society of Newfoundland and Labrador.

University Support
A limited amount of University Support may be awarded to full-time students working toward graduate degrees at this University. Awards will be made by the Dean of Graduate Studies on the recommendations of Departments. These awards may be supplemented by remuneration for extra duties performed in the Departments at the discretion of Department Heads.

The George Weston Graduate Scholarships
Two scholarships valued at a minimum of $2,000.00 each, will be awarded annually to full-time graduate students, one in the field of Marine Biology and one in the field of Marine Engineering. These students must have been born in one of the Atlantic Provinces. Tenable at Memorial University of Newfoundland, these scholarships will be awarded by the Dean of Graduate Studies upon recommendation from the Deans of Science and Engineering.

Women’s Association of Memorial University of Newfoundland Graduate Student Scholarship
Two Master’s level and two Ph.D. level scholarships valued at $1,200.00 each are awarded annually to full-time students entering a program in the School of Graduate Studies. Of the Master’s level awards, one shall be for a thesis program, and one for a non-thesis program. Financial need as well as scholarship standing will be taken into consideration. The awards will be made upon the recommendation of the Dean of Graduate Studies.

The Wood Gundy Scholarship for Graduate Business Students
The Wood Gundy Scholarship for Graduate Business Students will be awarded annually to an MBA student of scholarship standing who has demonstrated leadership ability through participation in student, faculty or University activities and/or contribution to the larger community. Preference will be given to students with a demonstrated career interest in the area of finance. The value of this scholarship will be determined by the annual income derived from the initial endowment. It will be awarded by the Dean of Graduate Studies upon the recommendation of the Dean, Faculty of Business Administration.

Dr. Lynda Younghusband Counselling Award
The Dr. Lynda Younghusband Counseling Award has been established by Dr. Younghusband to promote the counseling profession and to improve access to the national conference for students. This award will be given to either a full-time or part-time graduate student enrolled in the Master of Education (Counselling Psychology) program and who is attending the national conference of the Canadian Counselling Association to present a scholarly paper or poster. The recipient must meet the academic requirements for an award. It will be awarded by the Dean of Graduate Studies upon the recommendation of the Dean, Faculty of Education.

11.2 Graduate Awards Administered By Other Authorities

The Association of Registered Nurses of Newfoundland Education and Research Trust Scholarship
A $1000.00 scholarship is available from the A.R.N.N. for students pursuing graduate studies in Nursing. The application form is available in writing from The Association of Registered Nurses of Newfoundland, P.O. Box 6116, St. John’s, NL, A1C 5X8 or by telephone to (709) 753-6040.

The Bowring/Harlow Scholarship
The Board of C.T. Bowring & Co. Ltd., London, England, together with Mr. Edgar Bowring and Mr. Peter Bowring, former Chairmen of that Company, have made available to Memorial University of Newfoundland, through the Harlow Campus Trust, a grant to establish a scholarship fund for students at the post-baccalaureate level who wish to live at the University’s Harlow Campus while undertaking approved studies in Great Britain. It is hoped that interest on the fund will finance up to two annual scholarships of £600 each. In special circumstances the interest may be applied to a single award. In making the award, scholastic achievement and financial need will be considered. The scholarships are awarded by the Trustees of the Harlow Campus Trust on submissions of the Dean of Graduate Studies and the Co-ordinator of Harlow following recommendations from the Faculties/Schools responsible for the applicants’ academic programs.
Canadian Federation of University Women (Saint John, NB) Lillian D. & Charles R. Bone Memorial Scholarship for Post-Graduate Study - $1,500
The Canadian Federation of University Women - Saint John offers this scholarship to a female student who is entering a Post-Graduate Degree Program. Eligible candidates must have graduated from a New Brunswick School District 8 High School or be a resident in the greater Saint John area.

The Canadian Gerontological Nursing Association
Sancella/CGNA Nursing Scholarship - 2 awards of $1000.00. The purpose is to provide support to outstanding Registered Nurses undergoing further education in either an undergraduate nursing degree program, or a post graduate degree program that is relevant to career development in the field of Gerontological Nursing.
The candidate must:
- Be a member of the Canadian Gerontological Nursing Association.
- Be registered to practise nursing in a Canadian Province.
- Have gained acceptance to a suitable full-time program in a recognized educational institution at the time of taking up the award.
- Exhibit interest in and potential for, a career in Gerontological nursing in Canada.
- Be a Canadian citizen or permanent resident at the time of taking up the award.
The scholarship is administered by the CGNA and further information regarding criteria can be obtained in writing to CGNA, c/o Nancy Bol, Parkwood Hospital, 801 Commissioners Rd. E., London, Ontario N6C 5J1

Canadian Institutes of Health Research (CIHR)
The Council awards each year a number of awards, grants, fellowships, and scholarships in the area of health related fields to those undertaking graduate study and research leading to advanced degrees. Further information and applications are available from their website at www.cihr-irsc.gc.ca.

Canadian Nurses Foundation Scholarships & Fellowships Competition
Scholarships and fellowships are awarded to nurses pursuing education at the baccalaureate, master and doctoral levels. In addition to non-specific studies, awards are available for specific area of practice such as northern nursing, occupational health, dialysis nursing, neurological nursing, oncology nursing, community health nursing, gerontology nursing, psychiatric nursing and nursing administration. Applications must be members of CNA and CNF, be Canadian citizens and agree to work in Canada for a period of one year for each year of financial assistance. Application forms are available from their website www.canadiannursesfoundation.com or in writing to Canadian Nurses Foundation, 50 Driveway, Ottawa, Ontario K2P 1E2 or by telephone to (613)237-2133 or by fax to (613)237-3520.

Graduate Students' Union (GSU) Award for Excellence in Community Service
Two awards of $250 each are awarded annually to graduate students of any program at Memorial University of Newfoundland. A selection committee will determine award recipients based on community service endeavours. Nomination forms and further information are available at the GSU website www.mun.ca/gsu.

Graduate Students' Union (GSU) Award for Excellence in Research
Two awards of $250 each are awarded annually to graduate students of any program at Memorial University of Newfoundland. A selection committee will determine award recipients based on research the student has accomplished at Memorial relative to the field in which they study. Nomination forms and further information are available at the GSU website www.mun.ca/gsu.

Graduate Students' Union (GSU) Award for Excellence in Teaching
Two awards of $250 each are awarded annually to graduate students of any program at Memorial University of Newfoundland. A selection committee will determine award recipients based on excellence in teaching-related activities, as demonstrated by student comments, innovative teaching methods, and evidence of exceeding normal teaching requirements. Nomination forms and further information are available at the GSU website www.mun.ca/gsu. Two awards of $250 each are awarded annually to graduate students of any program at Memorial. A selection committee will determine award recipients based on research the student has accomplished at Memorial relative to the field in which they study. Nomination forms and further information are available at the GSU website www.mun.ca/gsu.

I.O.D.E. Scholarships for Graduate Study in Canada or Overseas Within the Commonwealth
To honour the memory of the men and women who gave their lives for Canada in World Wars I and II, these memorials were established to provide scholarships for graduate study. Candidates must be Canadian citizens and must hold a first degree from a recognized university in Canada. At the time of applying, a candidate must hold a Master's degree or be in the final year of studies leading to a Master's degree. Further Information is available in writing to The Head Office, I.O.D.E., 40 Orchard View Boulevard, Suite 254, Toronto, Ontario M4R 1B9.

The Medical School Essay Postgraduate Student Award
The Medical School Essay Award is supported by the K.B. Roberts Scholarship Fund, which was established in appreciation of the contribution made to the Faculty of Medicine by Dr. Kenneth Roberts. This award, valued at a portion of the income on the endowment, will be awarded annually to any postgraduate medical student registered full-time in the current academic year following a competition in the form of an essay or short monograph pertaining to any aspect of medicine or the medical sciences. The essay, not exceeding 5,000 words, should include an interpretative element that indicates the importance and relevance to Medicine, Health and Society. Should there be two essays of very high caliber but one is obviously the better provision may be made for an honourable mention award of lesser value. Submission deadline is April 30, in any given year, to the Office of Student Affairs HSC Room 2713. The recipient of this award will have their essay printed in the Memorial University Journal of Health. The award is made on the recommendation of the Dean's Advisory Committee on Awards, Bursaries and Scholarships in the Faculty of Medicine.

Natural Sciences and Engineering Research Council of Canada (NSERC)
The Council awards each year, in open competition, a number of post-graduate scholarships in Science and Engineering to assist students in undertaking graduate study and research leading to advanced degrees. These scholarships and fellowships are tenable at both Canadian universities and institutions outside Canada. Further information and applications are available from their website www.nserc-crsng.gc.ca.

The Newfoundland St. Andrew's Society Scholarship
This scholarship is the result of a gift from the Newfoundland St. Andrew’s Society to Memorial University of Newfoundland. Valued at a portion of the interest on an endowment, the scholarship will be awarded to a student from the Faculty of Arts whose studies and accomplishments most closely support the aims of the Newfoundland St. Andrew's Society; To foster and encourage the love of Scotia and its history, literature, music and national games in a Newfoundland and national context. In the case of undergraduate students the scholarship will be awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the basis of scholarship standing. In the case of graduate students the scholarship will be awarded by the Dean, School of Graduate Studies. In both cases it will be awarded on the basis of a recommendation from the Dean, Faculty of Arts.
The J.W. Pickersgill Fellowship
The J.W. Pickersgill Fellowship Act provides for the award of a fellowship valued at $7,500.00 per annum to a graduate of Memorial University of Newfoundland for the pursuit of doctoral studies in History or Political Science at any university. Application forms and regulations are available from the Office of the Dean of Arts, to whom applications must be submitted by February 15.

Rotary Awards
The Rotary Foundation of Rotary International offers Graduate Fellowships for those who will have received a bachelor's degree or equivalent. Further information and applications are available from their website www.rotary.org or in writing to The Rotary Foundation of Rotary International, One Rotary Centre, 1560 Sherman Avenue, Evanston, IL 60201 USA.

The St. John's Association of Basketball Officials Award
From a sum of money donated by the St. John's Association of Basketball Officials an award valued at a portion of the annual income on the investment is to be provided annually to a full-time or part-time Memorial University of Newfoundland student, either graduate or undergraduate, who is an active member of the University basketball community. The candidate must meet the University's definition of Clear Standing. In the case of graduate students the award will be made by the Dean, School of Graduate Studies. In the case of undergraduate students the award will be made by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards. In both cases the award is based on the recommendation of the executive of the St. John's Association of Basketball Officials.

The Schulich Scholarship for Entrepreneurship
This scholarship, sponsored by Nevada Capital Corporation Ltd. is open to students completing the first year of the M.B.A. program of the Faculty of Business Administration at Memorial University of Newfoundland. The scholarship will be awarded to the student who, in the opinion of a Selection Committee, Faculty of Business Administration, has best demonstrated an entrepreneurial orientation in first-year M.B.A. studies and in other related activities. Students must make special application for the award to the Dean, Faculty of Business Administration.

Social Sciences and Humanities Research Council of Canada (SSHRC)
The Council offers fellowships and grants in the Social Sciences and Humanities. Among Council programs of aid are research grants and short-term grants, and the following awards that are based upon annual competitions: doctoral fellowships and postdoctoral fellowships. Further information and applications are available from their website www.sshrc-crsh.gc.ca.

11.3 Other Awards
Fellowships and research grants for advanced study are available, in open competition, from many other organizations and foundations. Information about these awards is available from the Office of the Dean of Graduate Studies.
For an explanation of terms used in this Calendar, see the Glossary of Terms Used in This Calendar. When the designations Grenfell and Marine are used, they indicate references specific to Grenfell Campus and the Fisheries and Marine Institute respectively.
